Fournier Replies To Radio Appeal

A reply to a wire sent by the Prince Rupert Kinsmen Club on October 35 to federal Public Works Minister Hon. Alphonse Fournier urging that commercial network programs be broadcast over station CFFR was received Tuesday afternoon by Kin President R. E. Montador. The brief message read: "Negotiations between my department and the Canadian Broadcasting Corporation regarding the circhits are under way."

CRY IN HUGE DEMONSTRATION This huge demonstration of Greek civil and public employees took place in Athens in front of the U.S. and British embassies. Posters read, "What has become of the promised reparations?" "Greece is mourning and Bulgaria is rejoicing," "You have cheated us, we won't be deceived again." In general the crowd was aroused over the action of the Allies in not supporting Greek claims at the U.N. conference.

TIME TO STOCK UP

CALE of Canada Savings Bonds is J lagging in Prince Rupert. The people of the city are not rising to the occasion. Possibly, they do not realize that these bonds are better than any comparable form of savings, providing a higher return than can be obtained on any investment as safe and cashable. They pay $2^{3}/_{4}$ percent interest each year for ten years. They can be cashed at any time for full face value plus accrued interest. Of course, thrifty people will not cash them unless it is essential to do so but will, instead, maintain them as their good paying savings.

A fine opportunity is being offered for safe, sound and profitable investment. The securities are readily available through bank, investment dealer, stock broker, trust or loan company, employer-for cash or by monthly savings plan.

Stressing the fact that Canada Savings Bonds have many extra features all designed to one's advantage, we can recommend to Prince Rupert people to avail themselves of the remaining few days and stock up on a good investment.

It may be a matter of regret to some that the limit is \$2000 per person.

Miles of Pipe!

This enormous amount of Canadian pipe, which we used last year in our mining, metallurgical and chemical operations at Kimberley and Trail, re-emphasizes a salient fact:

50 Years of Growing and Serving

When Kelly, Douglas & Company Limited first introduced NABOB food products in 1896, Vancouver's business section looked like the picture above. In the intervening years Vancouver has made great strides of progress and Kelly, Douglas & Company have paralleled the growth of the city.

By concentrating our purchasing power in Canada, Canadian workers are kept busy turning out vast amounts of the hundreds of different kinds of products we use throughout the year.

Let's put it another way: By keeping our dollars in Canada, through the purchase of available Canadian goods, we believe that everyone—in the final analysis—benefits. For example, last year we paid out \$27,000,000 to other Canadian industries for supplies and services!

That amount of money spent by us provides, in a large measure, job-insurance for thousands of Canadians!

THE CONSOLIDATED MINING & SMELTING COMPANY OF CANADA LIMITED, TRAIL, B.C.

We who represent the Company today, now mark our 50th Anniversary with a feeling of pride that the name "NABOB" means purity, quality and value to so many Canadian homes. We are gratified that these products continue to make new friends from coast to coast.
