Rupert's sole tally came when Davis walked, stole second, went to third on a wild pitch and came home on a passed ball.

CANADIAN CITIZENSHIP

CANADA has come a long way since the days of the pioneer, when the main interest in life was to hack out a livelihood from the wilderness of an untamed country, and to ensure the safety of the family. Confederation forged a strong link of common responsibilities which grew into the now mature Canadian citizenship. Now the interest of Canadians extends farther than their own backyards.

For the second time in the twentieth century, the peoples of the world have come together in an organization for peace. Among the great nations stands Canada, her 12,000,000 people represented by the Canadian delegate. Through him, each one of those millions speaks and acts.

Essentials of democracy found in Canada, for which Canadians may be justly proud are the freedom to hold any political beliefs the individual desires, freedom of speech and of thought, and the combined freedom and real duty of choosing government. By choosing his government, the average citizen is directly responsible for its actions.

Each year, hundreds of new Canadians arrive at the Immigration Office to take on the duties and rights of Canadians, and mingle with compatriots of varied racial stock and religious beliefs. Few realize the great variety of races

and religions which go to make up the Canadian nation. One of the most important parts of citizenship is respect for the law. Laws and traditions and customs cannot prevail unless they have support and the constant vigilance of every citizen.

ALCOHOLISM SICKNESS

ONE IN EVERY TWO ADULTS indulges in some form of alcoholic beverage, according to a pamphlet which has come to hand, and three per cent of the population are chronic excessive drinkers.

Drinking during the war years has been on the increase. In the post-war period, contends the author, when most of us are adjusting to new economic conditions, the temptation to solve our problems through alcoholic anaesthesia may have more than its usual appeal.

Beginning as a congenial stimulant to sociability and good fellowship, drinking can develop into an insidious habit of substituting reverie for reality. Excessive drinking affects the vital organs of the body and leads to a lower life expectancy.

Alcoholism is caused by "the patient's inability to adjust himself to life as he finds it." Treatment, says the author, must fill two requirements, both dependent on the patient—his will to recover and his belief that he can be cured.

A new community approach to the problem has been established. Physicians and psychiatrists have established an integrated method of curing alcoholics. The author points out that the cure for excessive drinking is part of a wider problem—the building of a society in which the individual is better fed and housed, has better medical care, has better facilities for mental hygiene, has fewer money worries, and has the facilities and the encouragement to engage in recreational activities besides drinking."

NEW HEAD OF SALVATION ARMY—General Albert W. T. Orsborn, C.B.E., recently elected as head of the Salvation Army. Born in September 1886, eldest son of late Reverend Albert Orsborn, of Toronto, Mr. Orsborn became a Salvation Army officer in 1906. He served for some time in New Zealand as chief secretary of Salvation Army work there. He has published a number of poems and songs in Salvation Army periodicals.

AIR LINES EXECUTIVES

Three Functional Directors For Trans-Canada Appointed

WINNIPEG—In a move to segregate executive responsibilities as a result of rapidly expanding operations Trans-Canada Air Lines has created three functional directors in the persons of H. C. Cotterell, E. H. Moncrieff and F. T. Wood who have previously been assistants to W. F. English, vice president.

Cotterell becomes director of research and economic control. Moncrieff is made director of personnel and organization control. Wood becomes director of facilities and supply control.

Mr. Cotterell joined T.C.A. in its formative year 1938 and became district traffic manager at Winnipeg the following year. He saw service with the R.C.A.F. overseas and in Canada from 1939 to 1945 when he retired as a squadron leader and rejoined the company as research and development assistant in the vice president's office.

Following a brilliant war record overseas where he commanded an army co-operation squadron and later a fighter reconnaissance squadron, Mr. Moncrieff returned to Canada last year and retired as a group captain to join T.C.A. on the vice-president's staff dealing particularly with administrative problems.

Mr. Wood has seen continuous service with the air line since its inception. He was secretary to its initial vice president, the late Philip G. Johnson, who became president of the Boeing Aircraft Company subsequent to organizing T.C.A. He became chief clerk in 1940 office manager in 1941, then office assistant and finally assistant to the vice president in 1944.

Then Hirohito commanded surrender, on the sole condition that the Imperial household be retained.

Kido said that, although the Emperor was not in personal danger, the militarists on the

night of Aug. 14 tried to get into the palace and recording. Soldiers assassinate him. He hid in the ground passage in the until the danger passed. "Our fight with the Allies," he remarked, "has been a long and hard fight with the United States."

THE REAL THING

Don't be "taken in" by a toupee-type asphalt roof that won't stay put. Insist upon a Genuine Duroid Roof... that's STILL made with a base of the best rag-felt, in spite of acute material shortages. It will stay put for an exceptionally long time.

The demand for Genuine Duroid Roofs is tremendous. So even though more Duroid Roofs are being made NOW than ever before, there may be temporary shortages. That does not mean you must take second best. But simply, that you may have to wait a little longer for the Real Thing, a Genuine Duroid Roof.

The way to tell if you're getting a Genuine Duroid Roof is by the Sidney Seal of Quality stamped on every bundle. Look for it!

NEW RATION BOOKS HERE

Issuance Will Provide Basis For Fair Estimate of City's Population

A fair estimate of the present population will be available next month with the issuance of the new Number Six ration books, 10,000 of which have arrived in the city and are in custody of Mrs. J. A. Teng, local ration officer.

The yellow-covered books will be issued here on September 11, 12 and 13, according to Mrs. Teng who at present is endeavoring to locate a street-level office from which to distribute them. Coupons in the new book become effective September 19.

Just how many of the new ration books will be issued in Prince Rupert is anybody's guess, but it is estimated that the total will be considerably less than the 10,000-odd Number Five books distributed two years ago. At that time the city's wartime population was at its height. Coupons in the new books are prefixed B for butter, M for meat

and S for sugar. The butter and sugar coupons begin at number 26 and the meat coupons at 51. In the present Number Five ration book the "M" coupons expire on August 31 at coupon number 50. During the interval until Number 51 becomes valid, meat can be obtained on the "Q" coupons in the Number Five book.

In addition to the "B," "M" and "S" coupons in the Number Six book, there are three spare sets prefixed "Y," "V" and "X" which presumably are stuck in in case things get really bad. Nobody seems to know what they are destined to ration at present.

Ration coupons R10 to R17 and M40 to M50 expire on August 31.

SHORT SPORT

As a boxer, Lionel Conacher, celebrated former hockey player, won the Canadian light heavy-weight championship and once boxed 4 exhibition rounds with Dempsey—from which Dempsey emerged with a split lip. essional Lacrosse League. In 1926 he played baseball for Toronto Maple Leafs, winners of the Little World Series. A record such as Conacher's inevitably brought its toll of injuries—his nose still bears the mark of eight fractures and he has had more than 600 stitches in his 200-pound, six-foot frame.

After his retirement, The Big Train continued his interest in sports. He was elected to the Ontario Legislature from Toronto-Braconvale in 1937 and became chairman of the Ontario Athletic Commission and director of recreation for the R.C.A.F. during the war. Now a successful businessman, his office overlooks the playground of Toronto's Jesse Ketchum School, where he began a career that exhausted all the superlatives in the vocabularies of sports scribes from coast to coast.

RUPERT WINS FIRST GAME

Smithers Had Comfortable Lead Until Eighth Frame—

SMITHERS — The opening game of the renewed baseball series here on Saturday between Prince Rupert and Smithers was an exciting ten-inning affair in which Prince Rupert won by a score of nine to seven. Regulation nine-innings ended in a count of seven to seven after a battle in which Smithers had carried a comfortable lead until the eighth inning when the local pitcher, Spicer, went to pieces.

Teams were: Prince Rupert—A. Simundsen, cf; Kerr, rf; Johnson, ss; Lindsay, p; Davis, 1b; Bury, c; Pavlikis, lf; B. Simundsen, 3b; Arney, 2b.

Smithers—Aida, 2b; Leach, lf; J. Hetherington, 3b; Sterrett, cf; G. Hetherington, 1b; Fletcher, rf; Delarge, ss and p; Caulis and Watson, c; Spicer, p and ss.

Lindsay, Prince Rupert pitcher, yielded eight hits and his side committed six errors and one balk.

Spicer allowed eight hits in the eighth and one third in the ninth and in the fifth and sixth he hurled for Smithers and the local were guilty of eight errors.

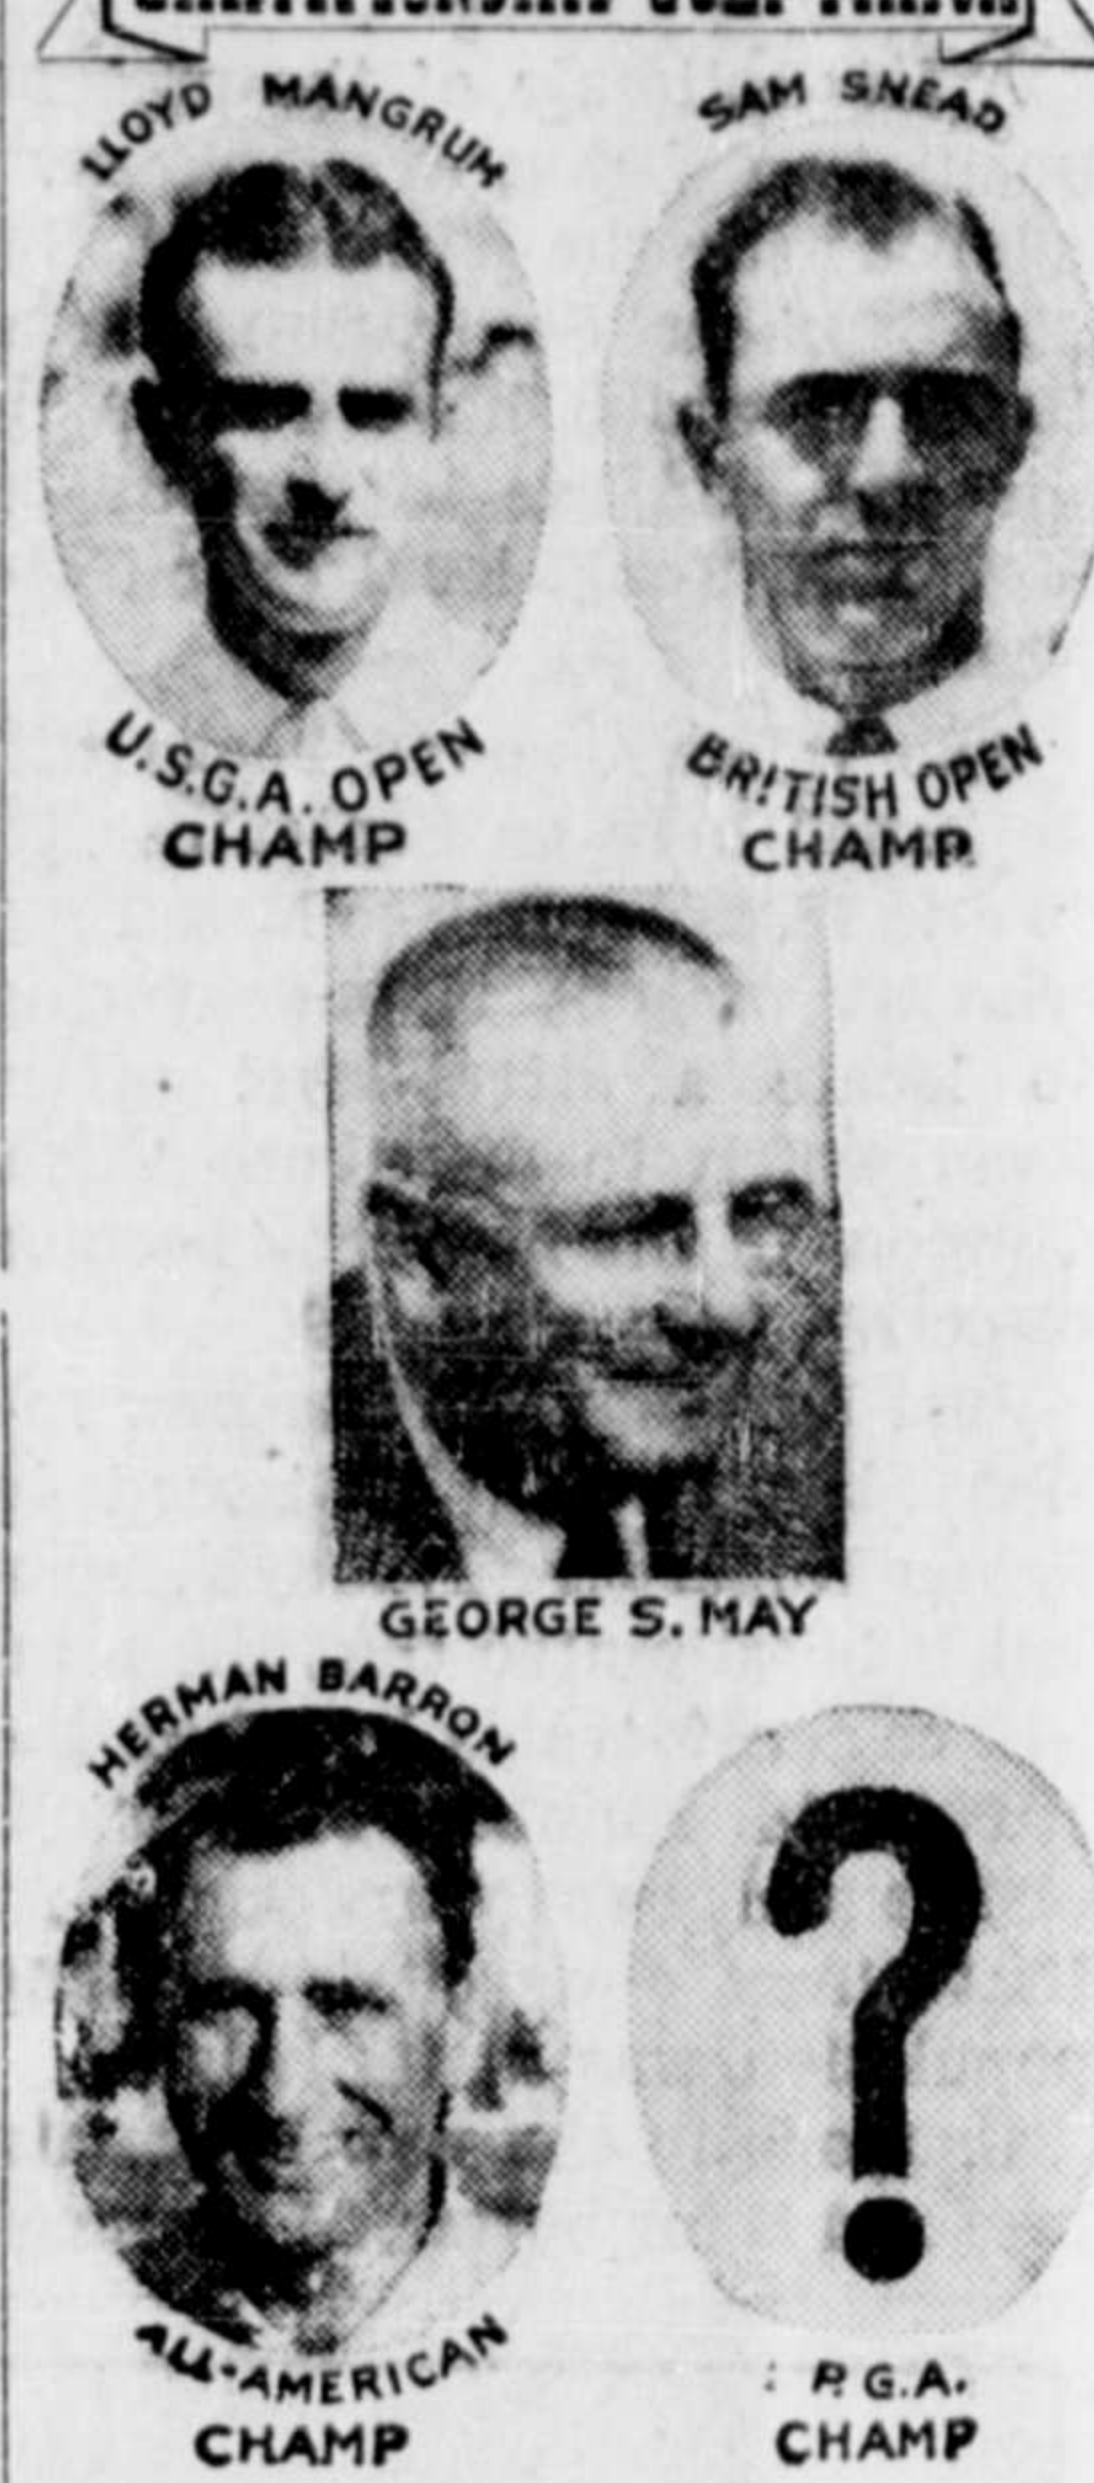

Smithers ran into a bad break when umpire J. Barushi called Pavlikis safe on interference after Pavlikis hit into a double play. Smithers led by seven to four at the end of their half of the ninth but four hits in a row off Spicer by Lindsay, Davis, Bury and Pavlikis drove Spicer out of the box, leaving relief pitcher Delarge in a tough spot. A fielder's choice, another hit by Arney and B. Simundsen, being hit by pitcher, accounted for three runs to tie the score.

In the first of the tenth Johnson hit; Leach baffled Lindsay's fly to left; Davis hit; Aida baffled Bury's easy grounder to let in two runs for Rupert.

In the Smithers half G. Hetherington grounded out to third. Fletcher was hit by pitcher. Watson hit into a double play to retire the side and end the game.

Winning pitcher was Lindsay and losing pitcher, Delarge.

BOWLING DOUBLE NOW IN FINALS

Dave MacPhee and Jimmy Simpson won their match in the men's doubles last evening at the local C.N.R. bowling greens when they beat Jock McCreish and Bert Cameron and so earned the right to meet Jack Frew and Jock Davidson in the next round.

The score was tied 2-2 at the third end but MacPhee counted five on the fifth and three on the eighth to give them an 11-4 lead. They won each of the next five ends but only by one shot, an indication of the keenness of the match. They added four on the fourteenth, and then McCreish and Cameron struck back. They counted one on the fifteenth, one on the sixteenth, three on the seventeenth and four on the eighteenth to run their total up to 13 but they were still seven short when the game ended on the eighteenth end.

MOOSE WIN SUNDAY GAME

Perseverance Pays Off With Victory Over Watts & Nickerson

Perseverance, in the face of a summer-long row of defeats, finally paid off for the Moose baseball squad Sunday afternoon when they administered an emphatic 6-2 turnabout on Watts & Nickerson's at Roosevelt Park. It was a victory which Moose's consistent improvement throughout the season well deserved.

Moose made their break into the lead in the fourth inning, cracking a one-all tie to bring in three runs by Linney, Maundrell and McNeice. Their final two runs were scored by McKinnon in the seventh on a base on balls, and in the eighth by Maundrell. Moose' initial run was scored by Henry in the second inning of a two-base hit.

Watts and Nickerson scored in the first inning off a single by Pierce and in the fifth when Dumas was walked to first after being struck by the ball while at bat.

On the mound, Moose pitcher Hector McKinnon struck out 10 batters, walked two and allowed seven hits. Watts & Nickerson pitcher Forbes struck out seven, walked two and allowed 13 hits.

Fastball Play-offs Are Set For Tonight

Last Evening's Match Called Off

Owing to some players from both teams being out of town, the fastball play-off arranged for last evening between 99 Taxi and Grotto was called off. A large crowd that had gathered was disappointed and although an exhibition game was played it lacked the features that the crowd had been looking forward to enjoying. Tonight 99 Taxi and Grotto will tangle in the third match of the play-offs. Grotto must win tonight to stay in the series. A win for 99 Taxi will give them the right to play General Motors in the final.

VANCOUVER GIRL IS BRIDE HERE

Miss Harriet Rogers Becomes Bride of Harold Anderson

Before a simulated altar in the home of Mr. and Mrs. Charles Anderson, 221 Second Avenue West, Saturday evening, Miss Harriet Alice Rogers, daughter of Frederic Rogers and the late Mrs. Rogers of Vancouver, became the bride of Harold Anderson, second son of Mrs. R. T. Anderson and the late Mr. Anderson of Prince Rupert. Canon W. F. Rushbrook officiated at the double-ring ceremony.

Given in marriage by Charles Anderson, brother of the bridegroom, the bride wore a light blue dressmaker suit with navy and pink accessories with a corsage of yellow roses. Attending her as bridesmaid was Miss Pat Anderson, who wore a light brown dressmaker suit with dark brown accessories, with a corsage of pink carnations.

Groomsman was Harry Robb. The bridegroom is employed at the dry dock here after serving six years with the navy, most of his service being with destroyers on the Atlantic. The bride was formerly a telephone operator at Vancouver.

Their marriage took place before an altar which stood beneath an arch decorated in pink and white and on each side of which stood bouquets of colorful summer flowers.

Following the ceremony, the bride and groom cut a large three-tier wedding cake. A toast to the bride, proposed by the groomsman, was responded to by the bridegroom. The guests were received by Mrs. R. T. Anderson, who wore a dress of pale

NAVAL CUSTOMS AND TRADITIONS No. 5
THE KING: British Naval Officers when afloat treasure the right to drink the King's health while seated. Some say that the privilege of Naval Officers to remain seated during the "Toast to the King" dates back to the reign of Charles II, who on returning to England in 1660 on board the Royal Charles, bumped his head when replying to a toast, and ever afterwards held Naval Officers excused from rising on these occasions.

INDIA'S HUGE HYDRO PLANT
NEW DELHI — For the last nine months engineers units of the Indian Army have been making preliminary investigations on the river-controlled scheme, the Damodar Valley project which it is estimated will cost \$65,000,000. The scheme is modelled to some extent on America's publicly-owned Tennessee Valley Authority, to control devastating floods, provide immense hydro-electric power and irrigate approximately 760,000 acres in the rice-growing province of Bengal. Water supply for industrial and domestic purposes will be increased to 20 times the present supply. Hydro-electric installations will have a capacity of 200,000 kilowatts, supplemented by steam installations of 150,000 kilowatts. Despite the shortage of engineers in India, the assistance of the army has enabled the government to proceed with the planning of the scheme much earlier, as it will probably take eight to ten years to complete it. The work undertaken by the army mainly consists of investigations and preliminary facilities for construction work. The surveys of three dam sites are being done by railway survey companies. A field survey company is doing the reservoir surveys. The project will ultimately include seven dams altogether.

MONGREL "LION"
BRISBANE, Australia — An elusive "lion" which terrorized the Queensland district of Yengarie for several weeks has been shot and proved to be a strange cross between a Dingo, the Australian wild dog, a collie and a fox—at least that's the theory.

First Primate In Hundred Years To Visit Canada
The first occasion in one hundred years a primate of the Church of England, The Archbishop of Canterbury, is visiting Canada.
The Archbishop is making his trip over the Canadian National Railways and, in all, will travel some 2,500 miles on that system.
On leaving, His Grace was accompanied by Mrs. Fisher, Most Reverend Phillip Carrington, Archbishop of Quebec; Right Reverend George F. Kingston, Bishop of Nova Scotia; and Canon J. McLeod Campbell, secretary of the Missionary Council, from London, England.
The Archbishop of Canterbury is due to arrive in Quebec today, Montreal and Ottawa on August 28, Toronto on August 30, and Winnipeg on September 3. At Winnipeg, he will meet the clerical and lay representatives of all the dioceses in the Dominion and, on September 5, His Grace leaves Winnipeg for Philadelphia to attend the synod of the Episcopal Church of the United States.
