ARMY SHAKE-UP

OSCO—A shake-up in the High Command of the Canadian Army has been reported. Marshal Zhukov, hero of the recent war and commander of all Russian ground forces, has been deprived of great power and relegated to the obscure provincial post of commandant of Odessa military district. He was once considered as a possible successor to Marshal Stalin as premier of Russia.

WAGE INCREASED

VICTORIA—The minimum wage for workers in the wholesale trade, raised from \$12.75 to \$15.30 per week July 1, has been further increased to \$17. Starting in August, starting wage rates are \$11 and \$15. For less than 39 hours per week the rate is 45c per hour, no less than four hours per day.

EARTHQUAKE RECORDED

VICTORIA—The seismograph here and at Olympia, Washington, recorded earthquake shocks at 11:11 and 11:12 last night, probably caused under the ocean miles off the California coast or even off the north tip of Vancouver Island. For three minutes from 7:28 this morning, San Diego had an earthquake of "No. 2 intensity."

OFFICERS' CLUB CLOSES

VANCOUVER—After having been in operation for over 25 years, the Allied Officers' Club has been closed final ceremonies taking place last night.

STRIKE IS OFF

VANCOUVER—Strike in the shipyards here was called last night when the union accepted a 15c per hour wage increase with 40-hour week and maintenance of union membership.

150 MEN LAID OFF

VANCOUVER—Because of shortage of work, 150 men are being laid off from the West Coast Shipyards here.

ANOTHER STRIKE

NEW WESTMINSTER—Another strike, involving 300 men, started at Heaps Engineering Works here today.

Embassy Men Are

Back In Russia
OTTAWA—Prime Minister Mackenzie King said Wednesday in Commons that 11 out of 17 Russian embassy employees mentioned in the final report of the Royal Commission on espionage had returned to Russia before the report was made public on Monday. The rest will be leaving.

EXPLOITATION OF SPORT FISHING
ATTRACTS VISITORS TO ALASKA

Local Party Impressed By What Is Being Done Along This Line Around Ketchikan—Shore Markings, Floats, Trails, Cabins, Boats

How fishing streams all around Ketchikan district are made accessible to visiting sportsmen who come from all parts of the country and, as a result, are making the area much more favorable publicity as an angler's paradise impressed Dr. R. G. Large who returned to the city at the first of the week from a cruise around Revilla Gigedo Island on which Ketchikan is located. The trip was made by Dr. Large on his power cruiser and he had as his guests C. Mills, James Parker, Dr. J. C. Mills, Bruce Mills and Dick

Large. The entrances of the fishing streams are clearly marked for visiting boats which find it difficult to moor and well-kept four-foot trails over which anglers get into the lakes or trout streams. More than that there are conveniently located cabins in which to obtain shelter, if necessary, and the lakes are equipped with government policy which recognizes the importance of the fishing industry and endeavours to

\$1,000 Misaid at Cold Storage
Disappears -- Thief is Sought

City police today are seeking a person responsible for the disappearance of a bag containing \$1,000 misaid at the plant of the Canadian Fish and Cold Storage Co. by an employee of B.C. Packers, Port Edward, during a business visit to the cold storage plant at Seal Cove Wednesday afternoon.

CHINESE ARMIES
NEARING CLASH

NANKING—Rival Chinese government and Communist armies were on the march today along the Yangtze River and a clash north of this vital artery of China posed a threat of full-scale civil war.

Information Minister Hsueh-Pei said that the Communists were marching from the north upon the Yangtze, along whose banks lie Nanking and the great port of Shanghai. "If we permit them to advance unopposed, we had better consider moving the capital back to Chungking," he said.

Meteorological
Project Refused

OTTAWA—The Canadian government has rejected as too expensive a request by the United States government that Canada establish a meteorological station on Melville Island on the western side of the Arctic archipelago. Canada has also declined to give the United States permission to erect such a station because of the sovereignty rights involved. The United States took the view that the station would help in plans to develop the continent's Arctic defences.

EXPORT LUMBER
PRICE BOOSTED

NEW YORK—Canadian manufacturers shortly will impose a 10 per cent price increase on lumber products sold to the United States, a spokesman for the lumber industry said today. The increase would compensate for the price differentials caused by the revaluation of the Canadian dollar to parity with the United States dollar.

SIDE VISION

The eyes of a whale are set far back and look in opposite directions. They cannot be moved to look straight ahead or behind.

CHINESE ARMIES
NEARING CLASH

The money, contained in a bank currency bag, disappeared after it had been laid down on a fish box at the Cold Storage plant by the employee during a visit to the Cold Storage plant yesterday shortly before 3 o'clock.

The money was being taken from a local bank to Port Edward when the official stopped in at the Cold Storage Co. on business. He laid the bag aside while he stopped and talked to a workman on the fish floor of the plant. He failed to pick it up when he continued on his way to Port Edward and had driven as far as the incinerator at the city limits when he discovered that he had forgotten the money. He speeded back to the Cold Storage Co. but found that the money had disappeared.

The city police were called and a search of the huge fishing company premises was begun. A number of workmen were searched as they left the plant at the end of the shift at 4:30. A few of the workmen were about and many of them had passed close beside the canvas bag.

Both the police and Cold Storage officials declined to discuss the case for publication this morning.

MUSHROOM CLOUD OF SMOKE—Atomic cloud billows skyward after the fourth atomic bomb dropped over the "guinea-pig fleet" moored in Bikini lagoon. This is the first photo of the awe-inspiring sight which greeted eyes of observers watching "Operation Crossroads" some 5,000 miles west of California.

JUVENILE DELINQUENCY IS GREATEST
PROBLEM; MUST RE-ESTABLISH HOME

Public morale is as great a problem today as the affairs which face the United Nations and the unbridled delinquency of the "bobby-soxers" and "teen-agers," for which a growing disregard of home and parental responsibilities is the primary cause, presents a "frightfully serious" picture for the future of the nation, declared F. Earl Anfield, Indian Agent, in a challenging address before the Prince Rupert Gyro Club at luncheon yesterday on the subject of "Undeclared War—Side-effects on Juvenile Delinquency."

Declaring youth to be the real asset and wealth of the day, Mr. Anfield appealed for preservation of morality and ethical values on the home front, failure of which would mean that the sacrifices of millions of men in war would have been to no avail. All too ready was the inclination to pass over lightly a situation where thousands of returned men had come back to find their homes wrecked, the bonds of marriage broken and the children fallen victim to the evils of the world.

Delinquency Not
Result of War

But, asserted the speaker, juvenile delinquency was not the direct result of war. War had only finalized conditions which had been gradually developing over a quarter of a century whereby there had been a loosening of the responsibility of the home and parenthood. It was an extremely serious situation when in one year (1944) there had been a 32 percent increase in juvenile delinquency among boys and 54 percent among girls. Unrefuted figures showing 40 percent of marriages in England to be of pregnant unmarried girls were shocking indeed.

Too much had youth been allowed to go their own way. Poolrooms, beer parlors, dance halls, movies, purveyors of entertainment designed for adults and not for juveniles, were subject to regulations but the real control must come from the home and was the responsibility of the parents who, too often, were inclined to relegate their duty to the church, the school, social service bodies and even the police.

Nor was a mere diversionary

Uneconomical to Maintain Dry

STEREOTYPERS
STAYING OUT

"Regretfully" Decide They Cannot Return to Work At Vancouver Province

VANCOUVER—The Stereotypers' Union unanimously decided last night not to go back to work at the Vancouver Province as long as there were members of the typographical staff there who were not members of the International Typographic Union. The Stereotypers' Union advised the Province "with regret" of its decision, making it clear that there was no grievance against the Province itself and that some of the workers involved had been there for 40 years.

Picket lines of the A. F. of L. and C. C. L. were again around the Province today but pressmen, who had decided not to continue the strike, were back in the plant.

Trieste Compromise
Endangers Republic

ROME—Premier De Gasperi said today that he feared that the new Italian republic would fall if Trieste were internationalized as recommended by the four-power foreign ministers' council. He said that the compromise was a solution which satisfied neither Italy nor Yugoslavia and that Italy is pinning its hopes on the forthcoming Paris peace conference to veto the internationalization proposal.

WOULD TALK
TO VAUGHAN

Railway President Being Asked to Confer with Local Bodies and Attend Dinner

R. C. Vaughan, president and chairman of the board of directors of the Canadian National Railways, coming to Prince Rupert for a brief visit next Thursday afternoon in the course of a tour of inspection of western lines with party officials, has been invited to attend a conference with representatives of the Prince Rupert Chamber of Commerce and Prince Rupert Industrial Development Committee to be followed by a dinner with the railway chief as the guest.

Mr. Vaughan and his party will be arriving here by rail at approximately 3 o'clock Thursday afternoon and will sail the same night on the steamer Prince Rupert for Vancouver. In the course of his visit, various railway properties at the port will be inspected. The Chamber of Commerce and the Industrial Committee are desirous of discussing with Mr. Vaughan matters concerning the development of the port and railway line and Canadian National policy in respect to this area.

STORM SWEEPS
CHINESE COAST

HONG KONG—Winds reaching a maximum of 102 miles an hour struck today as a typhoon swept the China coast endangering shipping and damaging communications. British and American naval vessels departed for the open sea before the storm hit. The 2,143-ton British steamship Tai-poh-shan, which ran aground near Swatow was reported being battered to pieces.

EXAM RESULTS
ON SATURDAY

VICTORIA—Junior and senior matriculation examination results will probably be released Saturday morning, the Education Department announced today.

Bald Statement In Regard to Local
Shipyards Made By Minister of
Transport In House of Commons

OTTAWA (CP)—Transport Minister Chevrier said Wednesday in Commons that Canadian National Railways has called for tenders from all shipyards in Canada for construction of a new vessel for passenger and freight service to be operated by Canadian National Steamships on the Pacific Coast.

HIGHWAY IN
GOOD SHAPE

Fresh Grading Reported by Auto Association—Eleventh Avenue Bad

The Prince Rupert Highway from end to end between Terrace and Prince Rupert has been freshly graded, it was stated this morning by J. Harry Black, president of the Prince Rupert Automobile Association, and is now in good shape for driving. A power grader from the Terrace end came through to Kwin-itca yesterday while the grader from this end reached Skeena. Repairing of a bridge approach between Telegraph Point and Skeena which had been in bad shape has been nearly completed. A bad spot on the road in the Bulkley Valley east of Telkwa has been restored to good shape.

Reference was made by Mr. Black to bad condition with potholes of the city street on Eleventh Avenue between McBride and Conrad Streets. One tourist car broke a spring on this street and another blew two tires.

FISH WORKER
LOSES FINGERS

Tom Mulhern, an employee of Booth Fisheries waterfront plant, suffered the loss of two fingers and part of a third in an accident on the company fish floor Wednesday afternoon. He was taken to Prince Rupert General Hospital where he is being treated by Dr. W. S. Kergin. Mulhern was reportedly working with a circular saw when the accident occurred. He lost the fifth, fourth and half the third fingers of his left hand.

THE WEATHER

Forecast

Prince Rupert, Queen Charlotte and North Coast—Overcast in northern portion, cloudy in southern portion today and Friday. Widely scattered rain showers in northern portion throughout and over southern portion Friday afternoon. Southerly winds (10 miles per hour), except light variable southern portion. Little change in temperatures. Minimums tonight: Port Hardy, 50; Massett, 54; Prince Rupert, 53. Maximums on Friday: Port Hardy, 64; Massett, 61; Prince Rupert, 63.

Synopsis

Cloudy skies with widely scattered rain showers persist over the Queen Charlottes and North Coast region. Improvement has resulted over the northern interior with near clear weather elsewhere over the province. A low pressure centre in the Gulf of Alaska continues to give an onshore flow of moist air over the north coast which will produce little change in the weather of that area. A high centre developing over interior British Columbia will give clear weather over the remainder of the province. The temperature dropped to 38 degrees at Cranbrook during the night. Elsewhere seasonal temperatures prevailed. Warmer weather is expected for the interior with little change over coastal regions.

HANDY GADGET

A combine has been developed which digs, sacks and loads potatoes.

BRITAIN TO
ASSERT BREAD
RATIONING

LONDON—The government today was reported to have decided to follow through with its plans to ration bread despite a threatened revolt of the nation's bakers. The Master Bakers' Association said it would refuse to collect bread tickets in the rationing scheme which becomes effective Sunday.

After a cabinet session, Food Minister Strachey conferred with the bakers. The bakers' spokesman emerged from the meeting tight-lipped.

London streets and billboards were plastered with placards promising to publish the names of "public enemies and dictators" who vote in parliament to support the government's decision to impose bread rationing Sunday.

Newspapers which have been extremely critical of the government plan to ration bread turned critical eyes on the bakers' threatened revolt.

TUNA FISH
AGREEMENT

Terms Arrived at Between Boat Owners and Fishermen

Agreement has been reached between the owners of Prince Rupert vessels which engage in tuna fishing and the fishermen—members of the Deep Sea Fishermen's Union—on fishing terms. Settlement is on the basis of a 20 per cent take for the vessel on gross stock after which the expenses are paid and the balance equally divided between the members of the crew. This is the same arrangement as exists in halibut fishing. Up to now the boat's share in tuna fishing had ranged anywhere from 20 to 42 per cent, their being no uniformity in the matter.

The Vancouver fishing terms for tuna have not yet been finally settled although there has been agreement that, meantime, 27 per cent of gross stock shall be taken, 20 per cent to go to the boat while the remaining seven per cent goes in a trust fund pending arbitration of its final disposition. The Vancouver tuna boat operators have been asking for a 27 per cent boat's share whereas the fishermen desire it fixed at 20 per cent.

PREMIER KING
OFF TO PARIS

OTTAWA—Prime Minister Mackenzie King left today for the Paris peace conference, accompanied by Norman Robertson, undersecretary for external affairs. Mr. King will sail on the Georgic tomorrow.

An independent daily newspaper devoted to the up-building of Prince Rupert and all the communities comprising northern and central British Columbia.

Published every afternoon except Sunday by Prince Rupert Daily News Limited, Third Avenue, Prince Rupert, British Columbia.

WE KNOW THE WORST

IT LOOKS LIKE A PLOT to sabotage the Prince Rupert dry dock and shipyard by its own policy makers is complete. Some of our more realistic friends whom we might have thought then were a little unduly suspicious expressed the opinion last fall that the intention of the authorities in charge was really to permit the plant to get into a position where it could not or would not be used for peacetime ship construction. The suspicion was confirmed with unequivocal bluntness yesterday when the Minister of Transport, without any attempt to mince matters, coolly informed Parliament that the new Canadian National steamer for this coast would not be built at Prince Rupert as the plant could not economically be maintained on a wartime footing so had been reduced to a peacetime basis. He did not, apparently, go into details as to what process of estimation had actuated this finally admitted policy in regard to the yard.

Nothing, apparently, could be more plain now than that the deliberate intention of the present authorities at least—the transport department and the Canadian National Railways—is not to foster the use of the local dry dock in shipbuilding. Now that they have openly said that it is not economical to build their own ship in their own yard, it is, of course, useless to hope they would attempt to obtain the work of others for the establishment.

We may think we have been betrayed and we may protest as vigorously as we like but at this late date it all seems rather futile. We can be realistic about the situation, however. Assuming the fact that we may have been sold down the river by those who we might well have hoped would be our friends but who it seems now are no friends at all, we must now consider what can be done to rid ourselves of the reactionary antipathy.

What little faith we may still have had in them has been rudely shaken and we can hardly but be pardoned if we sadly feel that we want no further part of it. They have a lot to answer for every citizen of Prince Rupert must feel and, if we mistrust their every word now, we can hardly be blamed. We can still hope, of course, that things may not be as bad as they seem and that government or railway company may still mean well by us.

Even the more persistent of the old friends of the policy makers of the railway company here—be they government or company—can hardly ignore a sense of realism that their confidence and their hopes have been misplaced.

We can only wonder, as we see the sad pass to which things at the dry dock have come now, what more we may have to endure. Now that the dry dock has been sabotaged, what next?

YOUTH RESPONSIBILITY

TRUTH WAS SPOKEN before the Prince Rupert Gyro Club yesterday when F. E. Anfield declared that the youth of the country was the nation's greatest asset and that, if permitted to go misdirected if not undirected, the future of the nation would be a sorry one, all its material advantages notwithstanding. He also spoke truth when he said that on the home and the parents devolved the prime responsibility for the welfare of the youth and, therefore, the future welfare of the nation. It was a responsibility, he said, that could not be relegated to church, school or welfare organizations which, at best, were but ancillary.

There is no doubt of the worthiness of the speaker's admonition that there should be a greater, much greater, modicum of realization of the importance of youth and more definite action on the part of the authorities to its nurturing and development along fitting lines. He suggested a department of youth welfare in government. Such legislative organization might have more extensive mandatory powers in seeing that those who have the direct responsibility for the youth and the children assumed and maintained that responsibility. Of course, the ideal situation would be where there was the voluntary and understood assumption and exercise of that responsibility. It must be agreed that there most certainly has been an inclination on the part of parents to not only relegate but to carelessly ignore it.

OVERDUE ACTION

IT IS ENCOURAGING that the moribund industrial relations committee of federal Parliament should move into action, a move that is long enough overdue. It is a wonder, indeed, that somebody had not thought of it before a crisis, such as that involved in the steel strike, should have arisen. At long last, there is some realization of the fact that industrial relations are a vital thing in the whole fabric of the nation's social and economic existence and as such are worthy of a large measure of attention from government. No one can say that government has been particularly active in the way of assisting in maintaining equilibrium between the factions of industry—starting from management on the one hand and labor on the other. There is a big job to be done and it is satisfactory to see that, overdue as it may be, some action is being taken towards tackling it.

POLAND AGAIN

POLAND, BREEDING PLACE of more than one European conflict and the kindling point of the last and most terrific world war, is again the seat of baffling events and circumstances that might well lead to further international explosion. Intrigue and propaganda are, no doubt, at work there today. Certainly, none of us at this distance can fathom the significance and implications of the events that we hear are transpiring in that troubled buffer territory. It is all very perplexing, something upon which it is difficult to pass judgment. But we know it is only one of the many situations in Europe and Asia which can only be solved by mutual understanding of the great fundamental issues and their determined resolve to take courageous and unselfish international action in the light thereof.

Scene of Canada's Worst Air Disaster Which Brought Death to 24 Canadians

Here is a photo of the wrecked wings of the R.C.A.F. Liberator which crashed in the Laurentians, 10 miles from St. Donat, Que., carrying 24 Canadian airmen to death. The 24 airmen were flying to Montreal on leave following service in Newfoundland. Experts believe the gasoline tanks of the plane

exploded when it crashed into a huge granite boulder. They say the 24 airmen probably never knew what happened. Both Protestant and Roman Catholic padres journeyed to the scene next week for burial services of the airmen.

LIFE SAVING RECORD SET

Pete Shepherd Is Lifeguard At Regina's Wascana Lake

REGINA.—Mile-long Wascana Lake which fronts Saskatchewan's legislature here has taken 22 lives in the last 11 years—but Pete Shepherd has pulled more than 200 drowning people from its grasp in the last 21 years.

Life saving director and bath house attendant at the artificial beach, Mr. Shepherd says people will continue to drown in the tiny lake as long as they fail to realize that one can drown in six feet of water as easily as six fathoms. In the past years he saved an average of 10 persons a year but the figure has dropped recently.

The bath house is equipped with the latest life-saving devices including inhalators and oxygen to emergency use. The newest piece of equipment is a "teeter," similar to those in children's playparks on which the drowning victim is placed face down and the movement of the "teeter" forces air into the lungs and water out of the stomach.

But despite all equipment and vigilant lifeguards, Mr. Shepherd believes that the unpredictable human factor can still make a "sucker" out of science.

BLACK MARKET AFRICAN STYLE

JOHANNESBURG.—A new form of black market was brought to notice recently. A large chain store, which operates a "natives only" counter once a week to help natives obtain goods which they might otherwise have to buy at black market prices in some location shops, discovered recently that natives queuing for a limited quota of tea were selling their places in the queue for 50 cents a time.

To save these at the tail of the queue from a long and fruitless wait the store had issued as many tickets as there were half-pound packets of tea, and the rest of the queue was told that there were no further supplies.

A number of those with tickets had promptly begun to bargain with the less fortunate customers and tickets were changing

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "She doesn't go as often as she used to."

2. What is the correct pronunciation of "lenient"?

3. Which one of these words is misspelled? Granary, grafic, gratuitous.

4. What does the word "deprecate" mean?

5. What is a word beginning with eu that means "eager desire for wealth"?

Answers

1. Say, "She doesn't go as often as she used to go." 2. Pronounce le-ni-ent, or len-yent, first e as in me. 3. Graphic. 4. To lower the value of. "The building has depreciated since he bought it." 5. Cupidity.

hands freely at 50 cents a time. The store now has stopped the ticket system, and customers queue till there are no more goods left.

LOCAL AIRMAN IN HALIFAX

Corporal J. Gibson of Prince Rupert was among 119 British Columbia Royal Canadian Air Force personnel who arrived in Halifax aboard a troop transport on Tuesday, being repatriated after overseas duty.

DECIMAL COINAGE SYSTEM

NEW DELHI.—The government of India has prepared a bill for the introduction of a decimal system of coinage to achieve "speed and simplicity in the methods of computation." The bill, which will amend the Indian Coinage Act of 1906, seeks to make the rupee, half rupee and quarter rupee respectively, equivalent to \$1, 50 cents and 25 cents.

Dr. Alderman of the University of Virginia stated that under the guardianship of a free press: "Liberty is not a heritage but a conquest rather for each generation."

To the Employees of Prince Rupert Fish Plants

HERE ARE THE FACTS:

1. Efforts of the undersigned operators and the United Fishermen and Allied Workers' Union to conclude a uniform wage and hour contract for Prince Rupert fish plants have apparently ended in a deadlock.
2. The higher wage rates and hourly working conditions offered by the operators are identical to those contained in a recent agreement signed by your Union covering its membership in two large Vancouver and Victoria fish plants.
3. The effective date of the new wage rates would be January 15th, 1946 four and one-half months before the same rates were effective elsewhere and in the case of the employees of Edmunds & Walker Limited, six and one-half months before such employees are entitled to any wage revision in their present agreement. Under the operators' proposal all employees will be entitled to back pay for all hours worked from January 15th, 1946, to date.
4. Your Union has repeatedly stressed the desirability of uniformity in British Columbia fresh fish and cold storage agreements. Acceptance of the operators' proposal would institute essentially identical wages and working conditions for approximately 90% of the plants for which the Union is certified to bargain.
5. Government labour legislation provides a Regional Labour Board to which wage disputes must be referred for arbitration. The operators are willing to have this Board arbitrate the present deadlock.

TO THE FISHERMEN OF PRINCE RUPERT

There is a very real danger that the undersigned operators will be unable to continue to provide the services necessary to the Prince Rupert fishing fleet. Our efforts to avert a tie-up are continuing and we have proposed that the issue be referred to the Regional Labour Board for arbitration under the proper legal procedure. To date the United Fishermen and Allied Workers' Union has indicated no willingness to follow this course.

BRITISH WAR BRIDE—CANADA BOUND—Joan Briggs, who just arrived from Rorkshire, Eng., on the Gripsholm, is met at the pier by LAC Peter Hannon, of Camp Borden, Ont., who made the trip from Canada to New York for this special occasion. They will be wed in Canada.

IS HONORED AT KITWANGA

Retiring after 25 years as postmaster at the Skeena River village of Kitwanga, J. A. Sampare was honored before his departure for Prince Rupert recently by a gathering of more than a score of pioneer friends who presented him with a leather club bag as a token of their esteem. Mr. Sampare intends to remain in Prince Rupert for a while and possibly go south later.

The presentation was made by T. E. Moore, pioneer Kitwanga rancher, and speeches were made by W. C. Little of Woodcock and Percy Andrews of Kitwanga. Mr. Sampare spoke in appreciation of the friendships he had made during his life at Kitwanga. The affair was held in the post office residence and was also featured by the welcome given to Mrs. Vernon Rowe who has succeeded Mr. Sampare to the post office position. The evening concluded with community singing and refreshments.

MISS CROSS PRESIDENT

July Meeting of Prince Rupert Business and Professional Women's Club

Sixteen members of the Business and Professional Women's Club drove by car to Prudhomme Lake on Wednesday evening to hold their regular monthly meeting at Diana Lodge, summer camp of Mrs. Arnold, the club's honorary president.

Following a delicious informal supper arranged by Mrs. Arnold and Mrs. Bolton, a brief business meeting was held. Miss Frances Cross was elected to the office of president, vacated by the resignation of Mrs. J. Bolton, who is leaving the city shortly. Miss Audrey Wrathall was elected treasurer succeeding Miss Jean McMillan, and Miss Kay Reid was elected vice-president succeeding Miss Frances Cross.

The balance of the evening was enjoyably spent in boating on the lake and around the campfire which was later built on the beach.

Returning Service Personnel Records Are Being Sought

The Daily News is anxious to completely record the arrival of all service men and women returning home from the war. Accordingly, it is requested that information be made available to this office regarding the date of arrival home, the service with which the veteran has been identified, in what theatres of war, if wounded, ill, etc. If inconvenient to call at the office, the information may be written or telephoned in. Pictures would be particularly welcome. Street and Postal addresses and telephone numbers are also requested.

SMITHERS WINS OVER HAZELTON

Smart Interior Baseball Aggregation Scores Another Victory

SMITHERS—Smithers senior baseball team travelled to Hazelton on Sunday for a win over the Hazelton nine to the tune of 8 to 2. Spicer pitched a near perfect game for Smithers, allowing only one hit in the ninth for a total of two runs. Smithers team hit 13 times for a total of 8 runs.

Smith and Devlin shared the mound honors for the Hazelton team. Smith giving up a total of 11 hits spread over six innings and Devlin allowing two hits in three innings.

Hazelton's two tallies came in the last of the ninth when Parent, the catcher, walked, Marshall reached first on an error at third by J. Hetherington, and Serritt, Hazelton's centrefielder, doubled over the first baseman's head to drive in the two runs.

Line-ups were:
Smithers—Aida 2b, B. Leach lf, Spicer p, G. Hetherington 1b, Delake ss, J. Hetherington 3b, Pauls c, Fowler of, Mayer rf.

Hazelton—Snooner ss, Marshall 3b, Willan 1b, Serritt of, Parent c, S. Smith lf, Wilson 2b, Sargent rf, Smith p, Snares Devlin (relieved Smith in the seventh) Reynolds and Halvorsen.

Two Canadian newspapermen ranked high in the list of 1945 Governor General's awards for Canadian writers.

SHORT SPORT

As suggested on this paper last week there is need for having a city-wide athletic association to handle all sports on a co-operative basis. This idea already has been given a good start by the Canadian Legion in connection with the forthcoming visit of H.M.C.S. Uganda.

The Legion has already written the ship outlining its wish to provide all possible sporting events for the visit. The sports listed are football, fastball, boxing, lawn bowling, tennis and billiards. As soon as a reply is received from the ship it is the intention of the Canadian Legion to call a meeting to which each organized sport in the city would be asked to send a delegate. At this meeting all arrangements could be considered with each organization putting forward its own suggestions for competitions with the ship's teams. Then all the details could be arranged by mutual agreement.

The Canadian Legion is to be congratulated on its initiative in the matter and it is felt that all sporting organizations will give every support to the move.

The Prince Rupert lacrosse players are very busy fixing up the gymnasium on Roosevelt Park for the start of the season. The old handball court is being torn down and they expect to resume practices next week. Soon after the games will start.

In connection with the forthcoming visit of H.M.C.S. Uganda the Canadian Legion is hoping to line up a really representative football team to meet the ship's team for the Hanson trophy. There is a real shortage of football boots and any sportsmen who have pairs to spare are asked to get in touch with the Legion. They plan to play trial games and the city team will be chosen as a result of the trials. There is a great deal of interest being shown in the series and with the lads back from the forces the city has lots of talent available.

WELL-IRRIGATED
India has the largest irrigation system in the world.

FASTBALL IS REALLY FAST

Lindsay's Homer Cinches Game for General Motors

With both teams fighting every inch of the way, the score tied in the seventh and an extra inning needed, the Co-op vs. General Motors provided one of the best fastball games ever played on the Gyro ball park last night. Co-op got two men on in their half of the eighth but a double play ended their hopes. Then Lindsay came to bat for the General Motors. He fouled off the first ball but hit the second one solidly and it ended up on the lawn in front of the Masonic Temple. That was the winning run.

Both teams were right on their toes all through the game. Parlett gave up nine hits, struck out three and gave one walk. Pavlikis caught well. Kellett gave up 11 hits, struck out two and gave one walk. Bellis was catching.

Co-op were held scoreless for five innings but scored two in the sixth and then added one in the seventh to tie the score. An extra inning was played. They got two men on bases but a double play ended their hopes. Astoria hit a three-bagger and Lindsay pulled down two big hits to save the day for the Motors.

The Motormen scored in the first inning and added two in the fifth when they got the bases loaded but lost out in a forced play at home. They went scoreless in the sixth and seventh and then Lindsay came through in the extra inning. Johnson hit a three-bagger in the first inning. Runs were scored for Co-op by Smith, Astoria and Kellett. For the Motormen Arney, Simonson, Parlett and Lindsay scored.

Teams:
Co-op—Bellis, Smith, Astoria, Nordgaard, Ward, Slater, Kellett, Hensick, Mintenko and Peterson.

General Motors—T. Arney, Simonson, Johnson, Lindsay, Pavlikis, Davis, Fitch, Lambie Parlett.

Scores:
Co-op 000 002 10—3
General Motors 100 020 01—4

99 Taxi Beats Bo-me-Hi

The young High School team put up a fair showing against their older opponents, 99 Taxi, in fastball last night, but were out-hit and outplayed. They seemed to expect to be beaten and did not show the fight that they usually do. Forbes, Pierce and Scherk scored for the students for whom Wesch pitched a good game with Sharp catching.

Shroeder, with three runs; Houston and Ratchford, with two each; Bill, Postuk, Windle, Montesano and Dominato, with one each, brought in the runs for the taximen. Gurvich and then Shroeder pitched with Postuk and Gurvich catching.

Teams:
Bo-me-Hi—Forbes, Ciccone, Pierce, Hartwig, Sharp, Scherk.

RESERVE BEATS PORT EDWARD

Although Reserve Army defeated Port Edward by a score of 6 to 2 in a softball game at Port Edward last night, it was a keenly contested match which excited a good-sized crowd of fans. Port Edward scored in the third and sixth innings, a home run in the latter frame seeing noone on bases. For the Reserve Army Pitcher Shier scored in the third inning while Mack and Basso crossed home plate in the fourth. The victory was definitely clinched by the Reserve in the seventh and last inning with Basso, Carlson and Bates scoring.

Balls and Strikes

Kellett and Bellis make a very reliable battery. Cy has lots of speed, variety and control.

Bellis's throwing to second is quick and accurate.

The Co-op team has a grand fighting spirit and good ball-players.

Their new sweaters of red and green look well.

The General Motors "murderers' row" was shackled for most of the game but Lindsay's home run was a "murderous" wallop.

George Murray umpired efficiently and impartially.

Peterson evidently has quite a length of leg between his ankle and knee!

Maurice Brydges was quick on base decisions and his calling out of Walter Johnson who turned to his left after reaching first base was correct.

Hill Rink Wins Woodland Trophy

Has Decisive Victory Over Jack Judge's Aggregation

In the final of the Woodland bowling trophy last evening at the Prince Rupert bowling greens George Hill's rink won from Jack Judge's rink by 18-8.

The winning team, composed of G. Bohn, Mrs. Forbes, Ben Morgan and George Hill as skip, was always in front. Jack Judge played below form and in spite of their best efforts the team could not get on even terms. Alex Finnie, Jack Davidson and W. Rance were the other members of the losing team.

Sports Schedule

Girls' Fastball League—Macey's vs. Moose; Kinnettes vs. Whirlwinds.

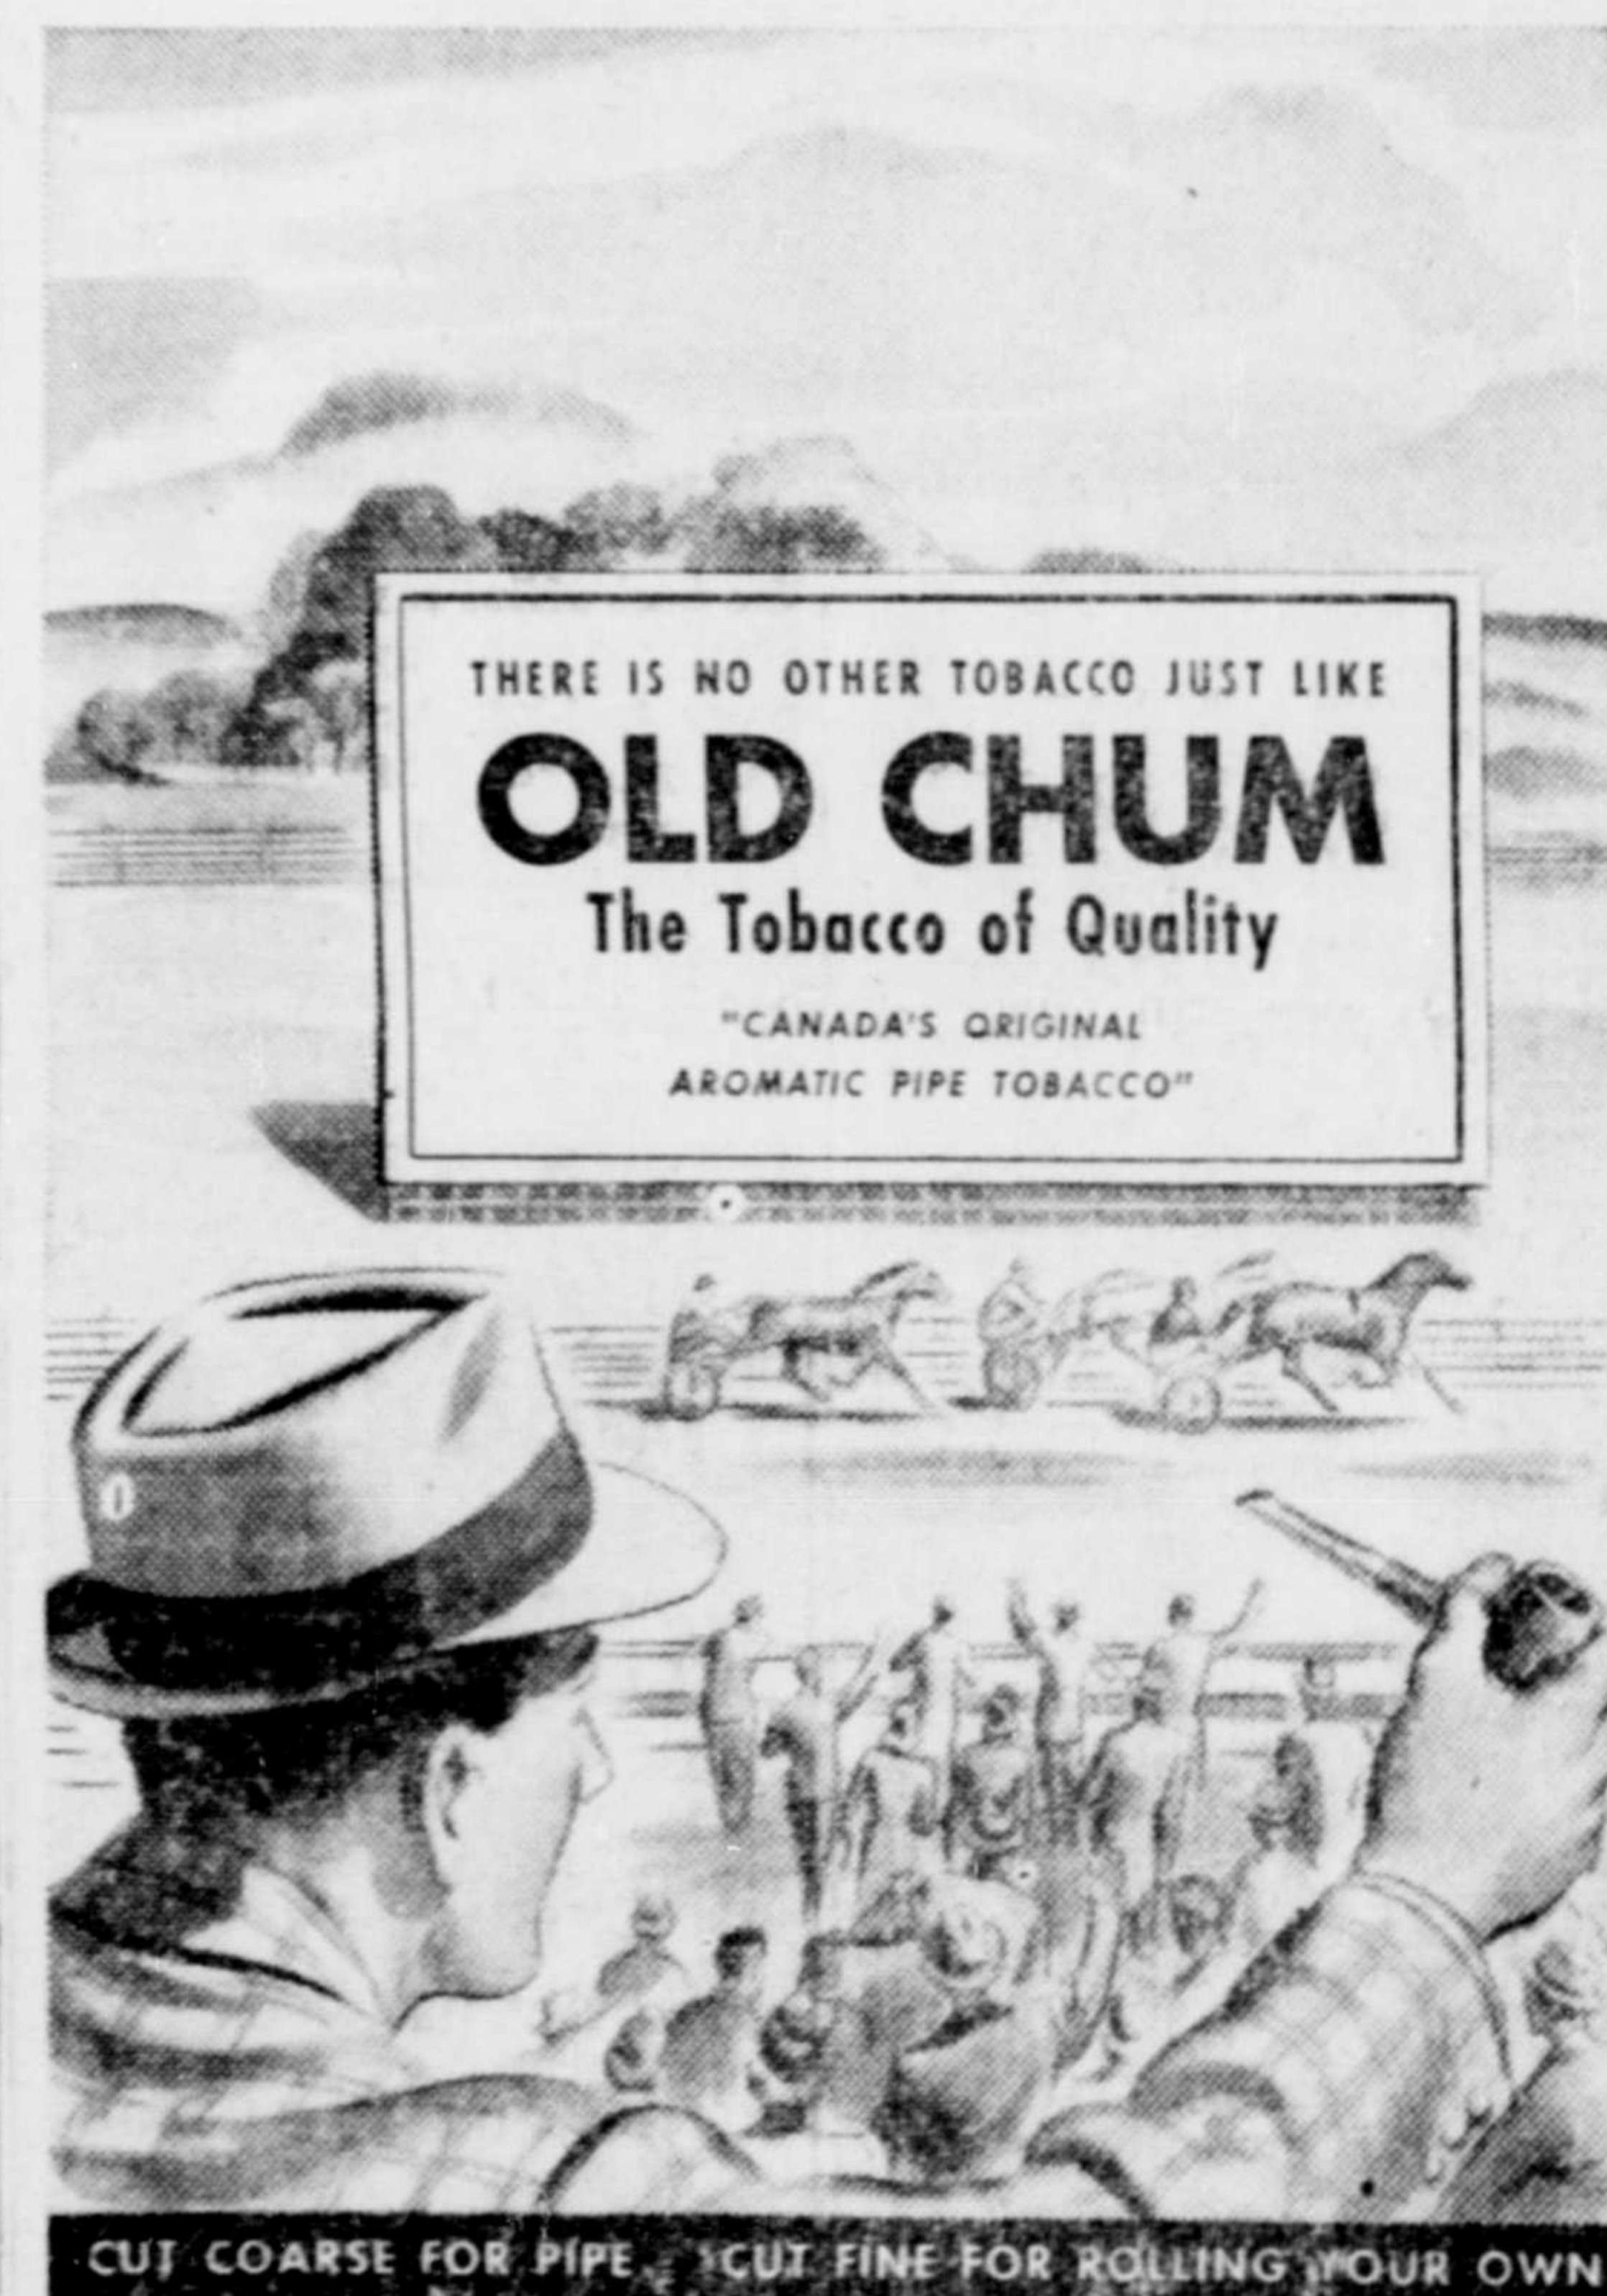

Baseball—Savoys vs. Watts & Nickerson.

MORE GOLF "BIRDIES"

gton, president of

TAX MONEY BY BABY

Burg Clergyman
Campaign Against
Judice

BURG — Rev.
Scott, who is refusing
his taxes here as a pro-
test against what he calls race
discrimination in South Africa, has
another gesture. Recently
sent \$5 (\$22.50) to the In-
passive resistance move-
and at the same time
to J. H. Hofmeyr, minis-
ter of finance, saying that
he could normally have gone
any taxes Mr. Hofmeyr ad-
him "in all friendliness"
his duty as a citizen and
his taxes.

Michael Scott has ear-
his private war with the
bury a step further by "buy-
a native baby which had
adopted by a native woman
already had too many chil-
of her own but could not
to let the little mite go
out a mother's care and at-
tention.

intends to present "John
the baby, to Johannesburg
council in honor of the city's
second jubilee celebrations,
making the city respon-
sible for its upkeep. The ar-
gument with the foster par-
ents is that Mr. Scott will pay
\$12,000, and that the other
\$10,000 will go to the city coun-
cil to help defray the child's
keep in a suitable home.

There has been another
"John" in Mr. Scott's experience
the present "John Q." is
after him. The original
a European child of five
who was thrown into a
bin some years ago. The
child was found covered with
and potato peelings. It had
in the dustbin one night.
a miracle the child survived.

WATERPROOF TEXTILES

the Canadian Federation of Uni-
versity Women. "Many people
eat too much anyway. They could
well dispense with desserts."

Canadian farm women also
are backing the "Save Food"
campaign, increased production
being a feature of their program
rather than special conservation
measures.

"We have no elaborate pro-
gram of food conservation be-
cause conservation comes natu-
rally to farm people," said Mrs.
Cameron Dow, president of the
Federated Women's Institutes of
Canada.

"We feel that we can accom-
plish far more by urging in-
creased production. We are
planting more vegetables, or-
ganizing garden brigades, per-
suading youngsters to garden."

Members of the Women's In-
stitutes also have pledged them-
selves to eat one slice of bread
less each meal.

"Country people are bread
eaters and across Canada that
slice of bread saved means a real
saving," Mrs. Dow stressed.

At the National Council of
Women's annual meeting at
Niagara Falls all members ex-
pressed intention of doing their
share in the conservation of food
so that increased shipments
could be sent overseas to fam-
ine areas.

The Food Information Com-
mittee says:

Buy bread only as needed—
use every crumb.

Get a few extra slices from
each loaf by thinner cutting.

Make open-face sandwiches
instead of double or triple deck.

PEAR MARMALADE — Pear
Marmalade is a pleasant treat
for the family breakfast and re-
quires, for four pints, four
pounds (14 cups) of peeled, cor-
ed, sliced pears; two ounces of
green ginger root or one ounce
of dry ginger root; two lemons
and two pounds of sugar.

Place the pears in a preserving
kettle in layers, sprinkling each
layer with sugar, lemon juice
and grated ciner. If dried root
is used break in pieces and tie
in bag. Let the mixture stand
for two to three hours or over-
night. Cook slowly until clear
and thick. Pour into sterilized
glass.

WATERPROOF TEXTILES

LONDON. — During the Sec-
ond Great War, Britain's textile
industry discovered the manu-
facture of cotton materials
which are completely waterproof.
The new materials made their
first appearance at a fashion
display in Manchester and have
aroused great admiration among
experts from all nations.

MARKS FAMOUS SPOT

A red, white and blue buoy in
Cresapeake Bay marks the ap-
proximate spot where the "Star-
Spangled Banner" was written.

To keep the morale of the citi-
zens high throughout the Cov-
entry blitz despite the severity
of the attack, the daily news-
papers were produced and print-
ed without a break in the con-
tinuity.

LEADER WHEN "BUNDHOOD WAS IN FLOWER"—Fritz Kuhn
was considered top Nazi in the U.S. when he reigned as head of
the German-American bund in the U.S. before the war. His or-
ganization was replete with swastikas, hailing "Jugend" and
goose-stepping storm troops. As a result of investigation of a
bookkeeping inconsistency, he was jailed and then deported to
Germany after the war. He is pictured now at home with his
wife in Munich, Germany. He has been reading want ads lately.
There is little opportunity for known Nazis these days. For a
while during a period of incarceration in Germany, he worked
as a porter, carrying baggage.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I relieve tired
feet?

A. Try inserting in each
stocking under the arch of the
foot a small rubber sponge. It
is surprising what relief and
comfort they afford; and the
sponges are easily washed.

Q. How can I make soap
paste?

A. By saving the small broken
pieces of soap, putting them
in a cup and adding enough
boiling water to stand about an
inch above the soap. The soap
will gradually dissolve.

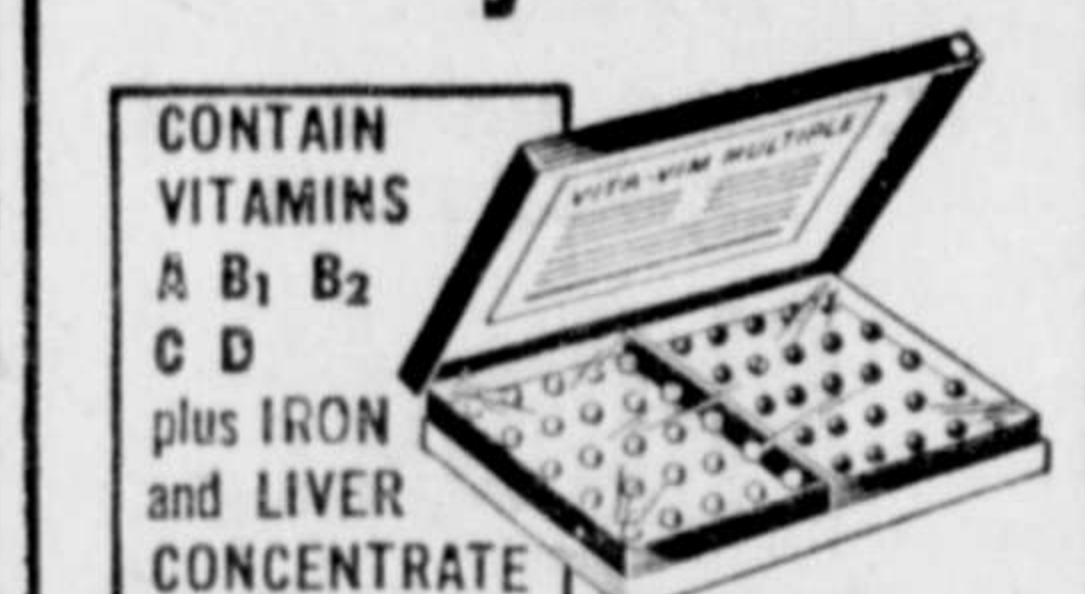

Q. How can I make a good
lemon jelly salad?

A. Add to one package of
lemon jelly, chopped apples, cel-
ery, nuts, and a little finely cut
cabbage. Serve on lettuce leaves
with mayonnaise dressing.

SIGNIFIES FREEDOM

The national bird of, Guate-
ma is the beautifully colored
quetzel. It was chosen because
it is a bird of freedom which dies
in captivity.

QUINTS ARE THREE NOW

Scientific Feeding and
Training Ensures Good
Health for South America's
Famous Five

BUENOS AIRES. —The five
Diligenti, one of the two
sets of quintuplets in the world,
celebrated their third birthday
July 15 quietly.

The father, Franco Diligenti,
said they would have a birthday
party like any other children but
"nothing special."

The quints received one pres-
ent in advance—an autographed
picture of the Dionne quintup-
lets sent them from Canada a
few weeks ago. And some new
toys, but not too many, because
they share them and one new
one amounts to five new ones.

The birthday cake, however,
was a monumental affair. It had
a centre tower three layers high
with five smaller individual
cakes arranged around it in a
sort of scalloped formation.
Each of the individual cakes had
its own three candles and the
name of the owner: Franco Jr.,
Maria, Fernanda, Carlos, Al-
berto, Maria Esther and Maria
Cristina.

This was the design worked out
for their second birthday. It
gives each one his own set of
candles to blow out—not that
they had much success along
that line last year. Diligenti
hopes it will be better this time.

The neighbors don't pay much
attention to the quints, whose
birth was kept secret for eight
months. Only on Sundays do
people stop to look at the chil-
dren playing in their garden,
and Diligenti says they are peo-
ple from outside the neighbor-
hood.

You walk up to the new Diligenti
house along quiet, tree-
shaded streets in a suburb where
many English and North Ameri-
can families live. The clerk in
a corner store, in reply to a ques-
tion about them, hardly looks up
from the counter as he gestures
and says:

"That's where they live—right
across the street. Probably they
are in the yard now."

And so they are—all five of
them clustering around a but-
terfly on the gravelled walk of
their gardens, with two uniform-
ed maids looking on. Three girls
in pink coats and the two boys
in tan ones. All the same size
now, but not looking very much
alike.

A six-foot fence of steel pal-

ings surrounds the acre of flow-
ers and grass in front of the
new house. But there is plenty
of space to look through—not
that many people do. Children
coming home from school don't
glimpse in; an older woman does,
and waves at the quints who
wave back. The gates are un-
locked and one of them is not
even closed.

The children are kept to them-
selves and seldom go away from
the house. They have no friends
in the neighborhood and are not
encouraged to go near the fence
while other children are passing.
As a result of this care and a
rigid regimen of injections—
"calcium and vitamins and
things like that"—so far they
have escaped all children's dis-
eases. "Haven't been sick a day
in two years," the father said
proudly.

There is a special staff of five
servants who do nothing but
care for the quints: a physical
training teacher, a French gov-
erness, a trained nurse and two
maids. The children eat just
about any food they like and,
naturally enough, prefer dessert
to potatoes.

Their day starts around 8 a.m.
when they wake up. They get a
few minutes of scientific exer-
cise "and love it," then break-
fast. Play time is until lunch,
then there is a nap from 1 to 4.
Bedtime comes, reluctantly, at
about 8 or 8:30. Diligenti, who
was planning a trip to the United
States before the quints were
born, has given up the idea now.
"My wife and I are content here
at home," he said proudly.

Beautiful Smiles Depend on Teeth

FINE, SOUND TEETH DEPEND ON FOOD!

THE beauty of a child's teeth depends so much on
proper diet. And Carnation Milk is outstandingly
useful in a diet planned to maintain healthy teeth.
For Carnation, as it pours from the can, contains twice
the calcium and phosphorus found in ordinary milk
... and many times the "sunshine" vitamin D. As
a drinking milk (properly diluted and chilled), used
in cooking, or used undiluted on cereals and fruits,
Carnation can do a lot for the teeth of your youngsters.

For menu help and milk information, write for free

ACTIVITY AND INTEREST IS CAMP KEYNOTE

Plenty of outdoor exercise and proficiency badge training is being experienced by the more than a dozen Prince Rupert Girl Guides who are now in camp at the Blackaby summer home at Lake Kathryn, near Smithers, reports reaching the city indicate. The 10-day camp ends on Saturday, when the girls will return home.

Under the tutelage of Guide Lieutenant Honora Silversides and Mrs. G. R. S. Blackaby, the girls are experiencing a well-rounded summer outing. Although there has been some rain, the weather generally has been good and hiking is taking a big part in the camp activities.

Arriving at the camp last Tuesday, the girls spent their first day on a hike to Hudson Bay glacier on Hudson Bay Mountain. During the rest of the week they hiked to Smithers on Thursday, took a nature hike on Friday during which they learned to recognize various species of native vegetation, and on Saturday tramped through the farming area about Smithers.

In addition to hiking and

Appointed to Board On Vet's Assistance

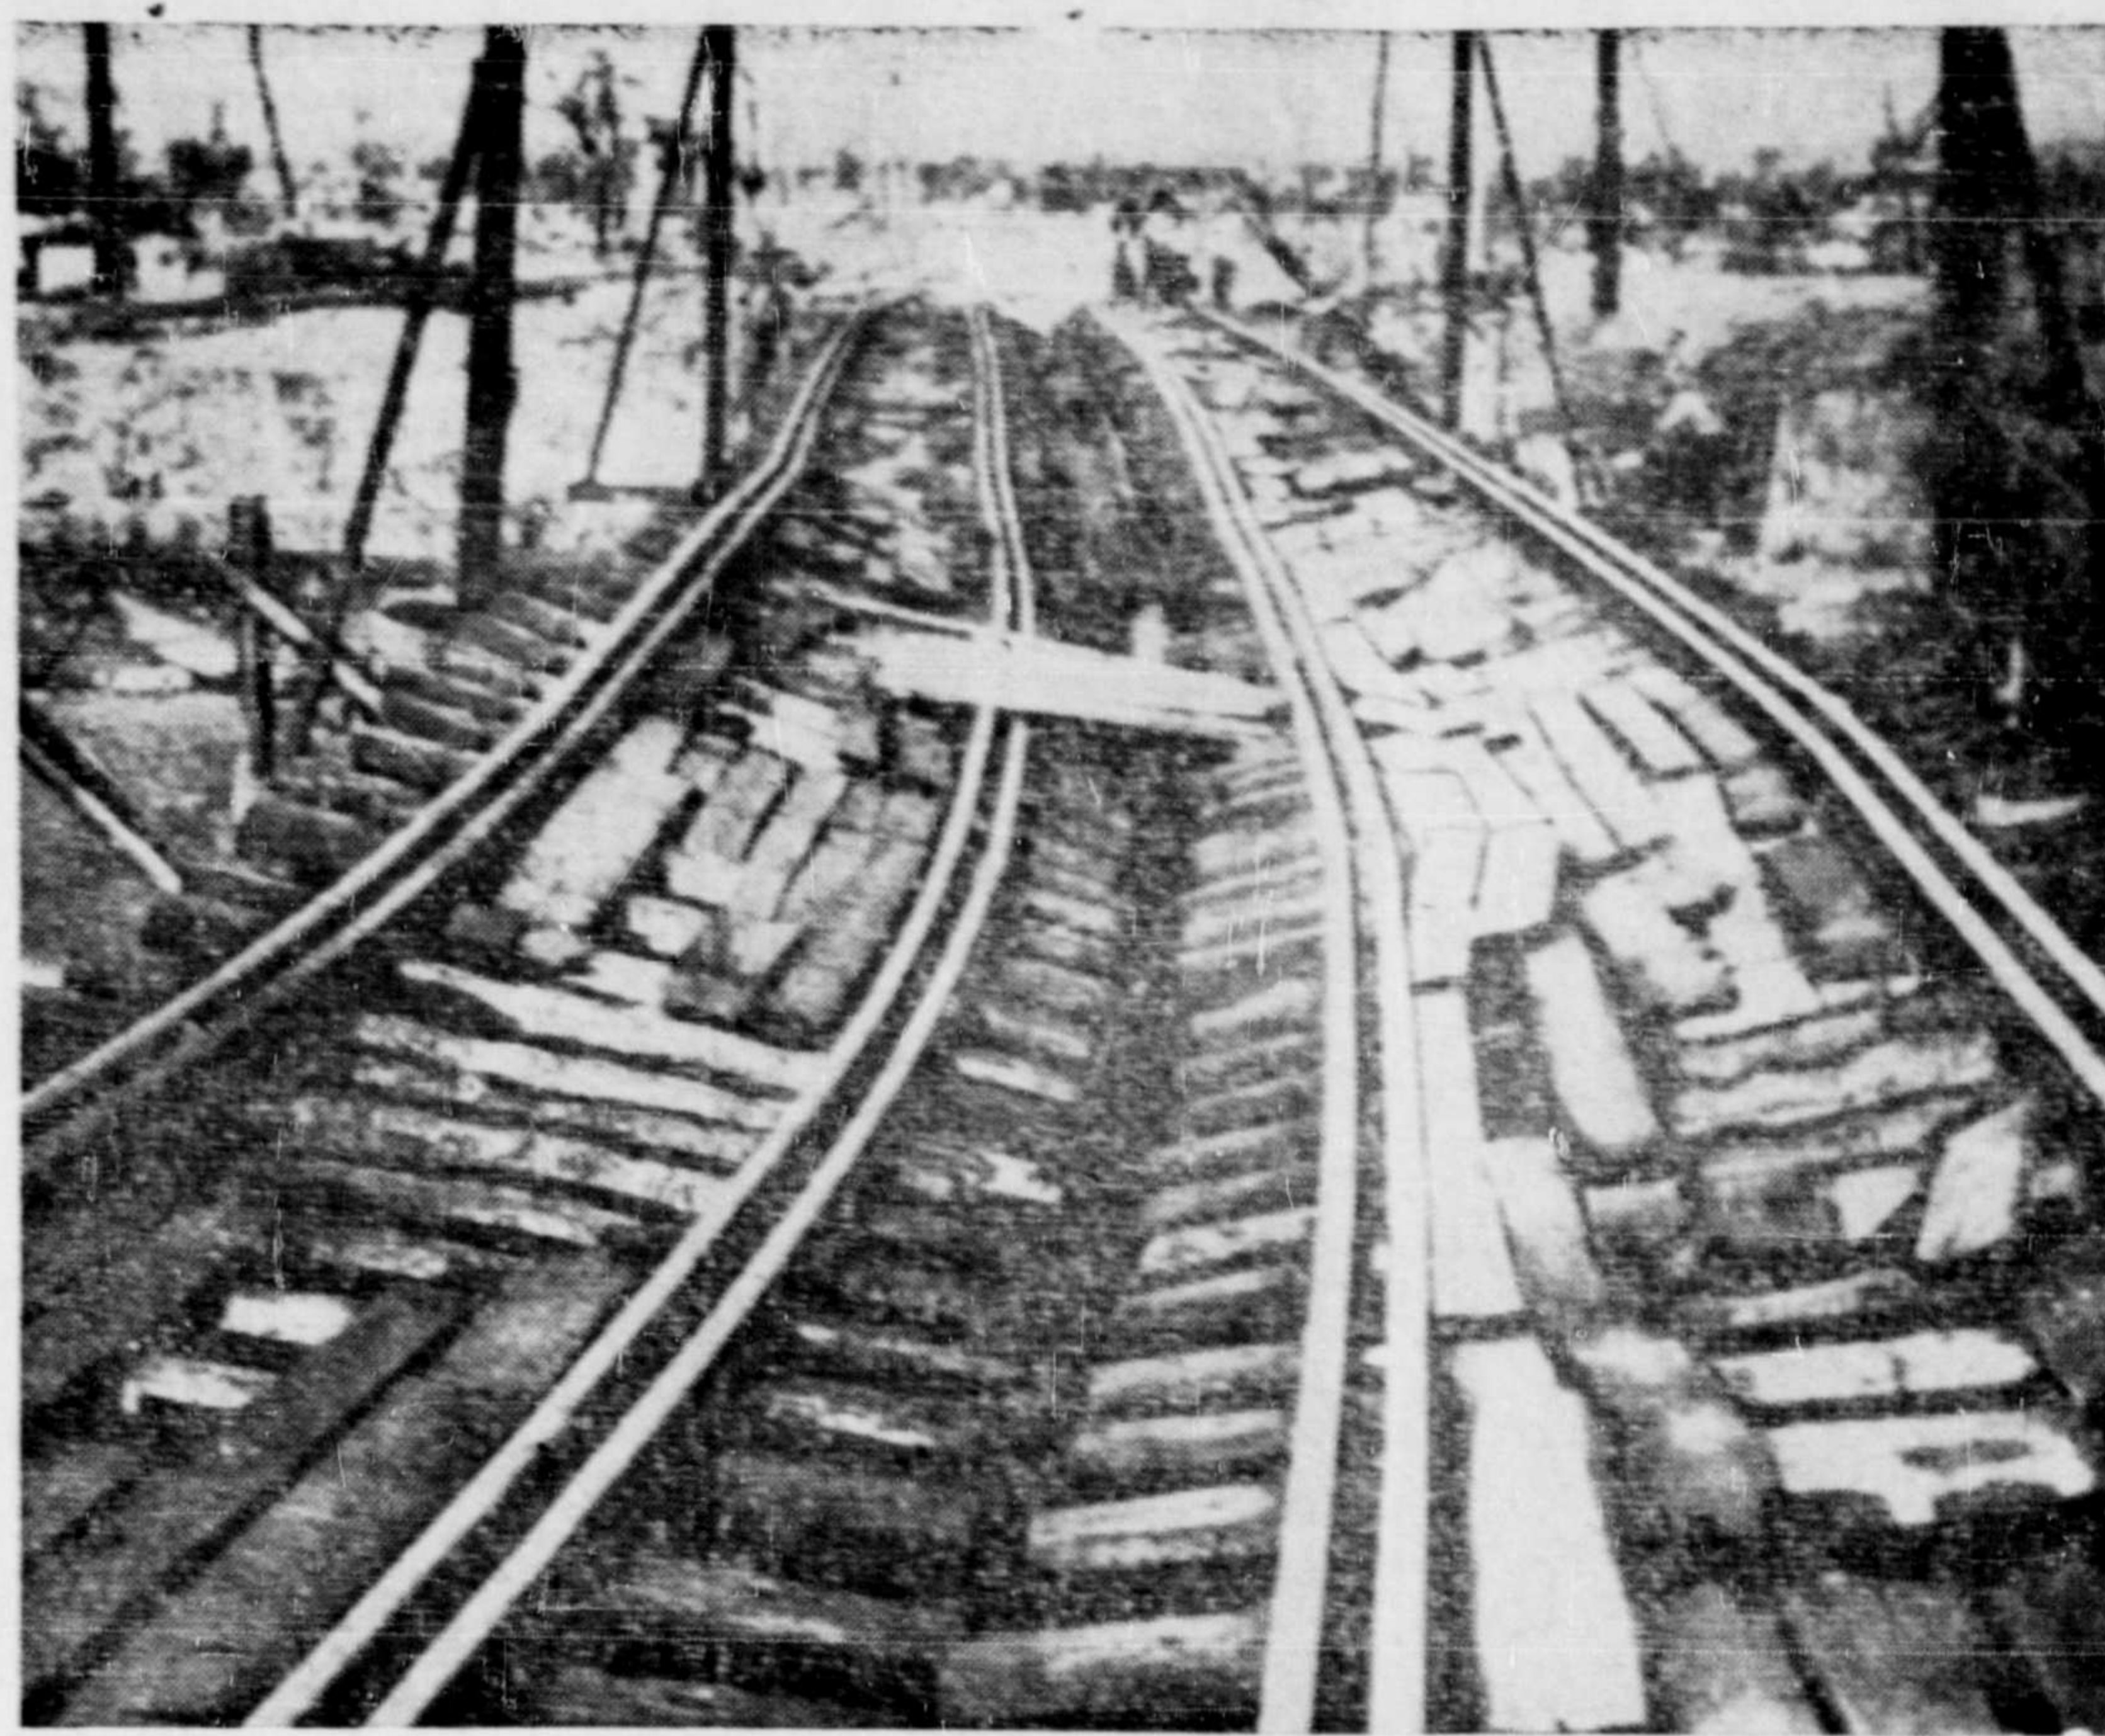

George Anderson, secretary of the Deep Sea Fishermen's Union at Prince Rupert, has been advised of his appointment as a member of the panel of the regional advisory committee for the Kamloops region under the Veterans' Land Act. Mr. Anderson's appointment is in view of a sub-board of fisheries having been set up under the Veterans' Land Act which is designed to assist veterans in reestablishing themselves in civilian life.

RECORD TUNNY CATCH

SIMONSTOWN, South Africa. — Fishing boats put out in an effort to encircle with nets a large shoal of tunny which was seen 200 yards offshore recently, but only one boat was successful. She managed to net and bring ashore 242 fish, claimed to be a world record catch of tunny.

camp duties, the girls have been busy studying for their second-class guide badges. They days are full of activity and interest.

On Sunday, the campers paraded to church in Smithers, where the Anglican rector, a Boy Scout leader, spoke on the significance of the Girl Guide laws. Sunday evening, prior to the church parade, a brief service was held at the camp.

GRIM SECRET REVEALS TERROR OF A-BOMBING ON JAPS.—The revelation of the horrifying effects of radio-activity following the atom bombing of Japan was given the world in Chicago by a man of science who saw it. He is Col. Paul D. Keller, 98th Division surgeon, stationed at Osaka. He asserts Jap scientists knew the "how" of the atom bomb, but could not put it to work. The above picture, furnished by Col. Keller, shows the twisted remains of a railroad right-of-way in the bombed area.

Ancient Ceremony In Ruined Priory

LONDON @ — With ancient ceremony the Archbishop of Canterbury, Dr. F. G. Fisher, was enthroned as prelate of the Order of St. John at the annual festival of the Order held in the ruins of the old Priory Church, Clerkenwell, destroyed by incendiary bombs in 1941.

The enthronement took place in the Norman crypt under the ivy-covered remains of Priory Church. It was consecrated in 1185 by Heraclius patriarch of Jerusalem.

Girls and men in overalls employed in surrounding factories leaned over walls and out of windows to watch the medieval scene.

VARIED VERTEBRAE

Most animals have seven vertebrae but there seems to be no definite standard. Swans have 25, ducks about 16 and the tiny hummingbird 14.

Modern Etiquette By ROBERTA LEE

Q. Is it proper to mail the wedding announcements at the same time as the invitations?

A. No; the invitations are mailed two or three weeks in advance but the announcements should be mailed immediately after the wedding, never before. Some members of the family can attend to this.

Q. What would be the proper way to introduce Miss Smith to Mrs. Brown?

A. Say, "Mrs. Brown, may I present Miss Smith?" Always present the unmarried woman to the married one.

Q. How should one place the knife and fork after finishing a course at the dinner table?

A. Parallel across the plate, with the handles to the right.

LAND REGISTRY ACT

Re: Certificate of Title No. 4941-1 to Lot Five Thousand Four Hundred and Sixty-one (5461), Range Five (5), Coast District, said to contain Ten and Fifty One-Hundredths (10 and 50/100ths) acres, more or less.

WHEREAS satisfactory proof of loss of the above Certificate of Title, issued in the name of Alexander Noble has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first posting hereof, issue a Provisional Certificate of Title, in lieu of said Lost Certificate, unless in the meantime valid objection be made to me in writing.

DATED at the Land Registry Office, Prince Rupert, B.C., this 16th day of July, 1946, A.D.
ANDREW THOMPSON,
Deputy Registrar of Titles.

CARPENTERS SEEK BOOST

Want Their Wages Equalized With Vancouver

Carpenters in the Prince Rupert area are seeking an increase in their wage scale which will place them on an equal wage basis with carpenters in the Vancouver region. A resolution to enter negotiation with local building contractors and employers was approved by a meeting of the Prince Rupert local, United Brotherhood of Carpenters and Joiners in the Carpenters' Hall last night.

They will request that the local wage scale of \$1.10 an hour be increased to \$1.25 an hour, the wage rate paid to carpenters in Vancouver. If approved by the local employers, the increase must be submitted to the western regional War Labor Board for final acceptance before it can become effective.

Last night's meeting was attended by practically the full membership of the Prince Rupert local, August Wallin, union president, was chairman.

20 YEARS AGO

July 18, 1926

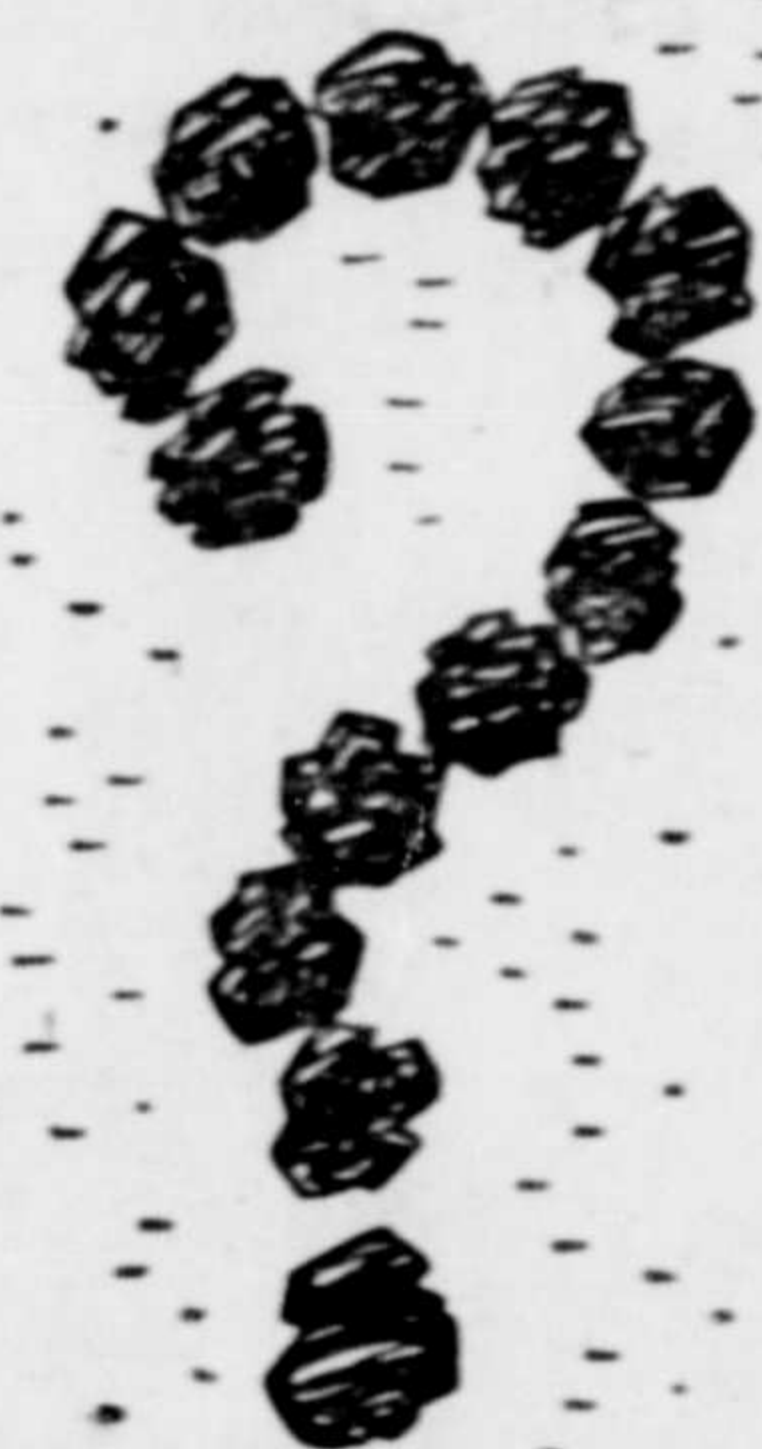

The Vancouver Province carried a story that negotiations were under way for the sale of the Union Steamship Co. to Canadian National Railways and the Canadian Government Merchant Marine. The story was not confirmed.

Joe Etchells, a fisherman, was drowned when he fell from a sailing boat in the Skeena River. With his partner, Etchells had been gillnetting for Inverness cannery.

The Salvation Army young people's camp at Cedarvale opened with 27 people from Prince Rupert in attendance. The camp was scheduled to last two weeks with an additional number going later.
