**MOVES OFF IN POLITICAL
CF WARNS AGAINST COMM.**

VANCOUVER (CP)—David Lewis of Ottawa, national executive secretary of the Canadian Commonwealth Federation, told the annual convention today that "chips are being thrown" and that the gloves are off in the political battle for socialism in Canada.

Lewis warned against what he termed "disruptive tactics" of Canadian communists and criticized the Mackenzie King government. He charged that "the major purpose of communists in Canada has always been to hamper the C.C.F. from within, if possible, and from without in any case."

**Knocking Europe's

**EXTENDING
EDUCATION**

VANCOUVER (AP)—New legislation based on the Cameron report will result in increased salaries for teachers in most of British Columbia schools, says P. T. Fairley, provincial superintendent of schools.

Speaking to the British Columbia Teachers' Federation convention, Col. Fairley said the report aimed to provide all educational opportunity for all children and to equalize the financial burden of education.

George M. Weir, minister of education, said the reorganization of school districts into larger administrative units would be conducive to richer and more educational offerings in many communities.

**FALSE RATION
REPORTS BRING
\$1,000 FINE**

A fine of \$1,000 was levied today on Francis Smith, Flora Smith and Kate Smith, proprietors of the Royal Lunch, by Magistrate W. D. Vance in city court Wednesday when he found them guilty of a charge of making false statements and representations to the Wartime Civil Control Administration and the Wartime Civil Control Board in their ration reports.

The infractions were alleged to have taken place between March, 1945, and January of this year. Charges were laid by Charles Rimmer, Prices Board administrator.

The \$1,000 fine carried an alternative of 12 months in jail and was accompanied by \$3.75 court costs.

The trio were found guilty of making false statements in the ration reports and of exceeding quota. Counsel for the prosecution was T. W. Brown. The accused appeared without counsel.

**SPEND MILLION DOLLARS

YEAR**

VANCOUVER (AP)—Canadian Pacific Railway plans on spending \$1,000,000 on improvements on the Kootenay division this year.

**RUSS OPPOSE
COMMISSION**

NEW YORK (AP)—The Russian stand against any investigation of Franco Spain by the United Nations security council commission stalled the proceedings of the council today. Russian delegate Andre Gromyko said that in view of the fact that there is no doubt that the present fascist regime in Spain is a serious danger to international peace and security, it is not necessary to set up a commission to study the question.

**CONCILIATION
BOARD FINDING
EXPECTED SOON**

A decision by the conciliation board which held hearings in Prince Rupert to adjudicate the claim of the Marine Workers' and Boilermakers' Industrial Union for a contract with the Prince Rupert dry dock embodying "union shop" rights is expected to be handed down within the next two weeks.

The hearing concluded with a brief session yesterday in which Malcolm McLeod, president of the Vancouver union, pleaded that failure to provide union shop conditions was "discrimination" against the organized workers whose efforts had provided all of labor's gains.

Position of the company was that the policy in crown-owned plants was to offer equal opportunity to all citizens with no discrimination against those who did not belong to unions.

The conciliation board, consisting of F. M. Clement, chairman; Colin Cameron, union counsel; and Walter Owen, K.C., counsel for the railway, returned last night to Vancouver, where the decision of the board will be announced.

Mr. Clement is Dean of Agriculture at the University of B.C.

**PLANNING
PORT DAY**

At a meeting of the Junior Chamber of Commerce Port Day committee held Thursday evening in the Civic Centre with representatives of various organizations who would be interested in sponsoring the Port Day this year in attendance, it was unanimously decided that there should be a Port Day this year, preferably some time in August.

Port Day will be arranged this year co-incidental to the Civic Centre carnival.

The following were present: Mayor Daggett, Harold Thom of Canadian Fishing Co., George Anderson of the Fishermen's Union, K. Dehlik and J. Storseth of the Sons of Norway, George Vierick of the Fishermen's Co-op, and four members of the Junior Chamber of Commerce—Don Eselmont, William Elkins, Tony Crawley and Stuart Park. Mr. Crawley was appointed chairman and Mr. Park secretary.

Port Day is essentially an exhibition of the skill of the fisherman. There will be contests of skill with prizes, fish boat races, rowing races for children, decoration contests and other water sports, to be climaxed by a Port Day ball in the evening.

A finance committee was formed with Hugo Kraupner as chairman.

The first donation to the Port Day fund was given by the Ideal Cleaners who subscribed \$50.

A meeting will be held again in the near future to decide on a date for the Port Day.

One of Worst U.S. Railway Disasters

Forty-Four Dead In Chicago Crash

**DRIVER OF ONE OF ENGINES
CHARGED WITH MANSLAUGHTER**

NAPERVILLE, Ill. (CP)—Rescue workers are still at work trying to cut their way through the wreckage of two Burlington trains in a search for bodies. One of the worst disasters in American railroad history, the collision occurred yesterday when the Exposition flyer crashed into the rear of the fine's advance flyer standing in the station in this Chicago suburb. The Red Cross says it has accounted for forty-four dead and estimates that 125 were injured.

The engineer stated that he was just unable to

bring the train to a halt in time after coming to the danger signals a mile-and-a-quarter distant from the standing train. His train was travelling at regulation speed of 85 miles per hour when he applied the brakes.

The driver of the Exposition has been charged with manslaughter.

Railroad officials said today that the engineer had adequate warning that the preceding train had stopped.

County officials said the charge was a technicality to make certain the engineer would appear at the inquest as no evidence of laxity had been uncovered.

NO CHANGE IN WAR HOUSING POLICY HERE

Unless there is some major change of the national policy of Wartime Housing Ltd., which apparently is not looked for at present, status of the Crown company's housing project in Prince Rupert will remain the same as it is at the present time.

This statement of policy was made Thursday afternoon to the Prince Rupert Rotary Club by Lionel Scott, director of tenant relations for Wartime Housing, who followed a short speech at the club's weekly luncheon with the showing of films of Wartime Housing community activities throughout the country.

"The company's policy at present is that these houses will be rented to any responsible tenant, unless the house in question is not already spoken for by a serviceman or ex-serviceman," Mr. Scott said.

"I have been authorized to make this statement to clear up the cloud of rumors that have been floating about."

Although about 50 of this city's 521 wartime houses are at present vacant, Mr. Scott does not think that any of the unused units will be demolished.

"In some centres with declining populations houses have been dismantled and removed to other nearby places where population is increasing," he said. "But because of the distance of Prince Rupert from the nearest other Wartime Housing centre—Vancouver—it is doubtful if it would be feasible here."

"There is no indication whatever at the present time that the Prince Rupert project or any

part of it will be discontinued," he declared.

Speaking on his primary interest, community relations, Mr. Scott outlined the social program in Wartime Housing centres across the country which are under his charge. It is a program, he said, in which all human and material elements are thrown into the community effort.

"It is a broad program, containing some 130 types of endeavor ranging from pre-natal care to credit unions. It includes nursing schools, social activities, hobby projects, sports, garden clubs and many other lines. Our program is based on what the people want and what the community has to offer."

Mr. Scott followed his talk with a colored film demonstrating the types of community activities of which he had spoken.

Guests at the meeting, welcomed by President J. H. Thompson, were Bert Simmons, Vancouver; Rev. C. J. Smith, Calgary, and B. Beggs, Prince Rupert.

Outside the courtroom a qualified American informant said that Gisevius had been in the service of the United States office of strategic services in Switzerland and Germany since 1943.

Until today he had been identified only as a veteran conspirator against Hitler and a participant in the bomb plot against the Fuehrer in July, 1944. Today was his third day of testimony.

Heil, Teen Town!

Prince Rupert's Teen Town has completed the preliminary organization formalities. Mayor, aldermen and police chief have been elected and the young folk appear to have made good choices. Anyway, the winners are to be congratulated. Now, like good civic policymakers, their job is to get down to organization of the various activities coming within the purview of a Teen Town.

The Teen Town function, as we understand it, is to promote activities not principally, and certainly not only, for entertainment and recreation but for self-improvement and education, to train the young people in the rudiments of good citizenship. Among these important rudiments are the ability to assign and accept responsibilities and to see they are carried out. In other words every Teen Town when he, or she accepts a job of work, no matter how large or trivial it might seem to be, should see that it is meticulously, expeditiously and thoroughly carried out. Otherwise, it would be better to admit lack of enterprise, ability or energy and leave the job alone. There will be plenty of work in Teen Town and it will not be all glamorous or glorious.

The Daily News is ready to co-operate generously with Teen Town in the way of publicizing its activities. Certainly, publicity will be important to those activities in maintaining interest, enthusiasm and support. But, in a good publicity set-up like anything else, there will have to be co-operation and willingness to do the work. The people of Teen Town will find the Daily News willing and anxious to offer its assistance, advice and space, providing they are ready to do their part.

Patience and Helpfulness

When men and nations are hungry and insecure there is little chance to develop and establish the ideals of goodwill and unselfishness upon which the welfare of the world collectively must be established. So, therefore, as Mr. Goldenberg, barrister and authority on economic matters, suggested in speaking here this week, we must be patient and not expect the re-formation of the world to come suddenly overnight.

After all, in the very nature of human life, there is the necessity of looking after one's self and one's own responsibilities. That applies to nations as well as individuals. When we are hungry, cold and unhappy, our elemental instincts of survival are naturally to the fore.

To bring about the ideals of democracy—among the principal of which is peace founded on security and mutual goodwill—we must, therefore, establish the economic security. First step we must take is to relieve the starvation and dire need and hopelessness among people who have come through five or six years of brutal warfare with all its horrors of death, pillage and destruction and today find themselves in desperate economic straits. They must be made happy in that way. By helping them we will have learned to share and will have appreciated the satisfaction of sharing and assisting. It is in this connection that we people of such blessed lands as Canada can play our part towards the world rebuilding and rehabilitation for which such an organization as the United Nations can provide the mechanics but cannot furnish the spirit.

* * *

The C.N.R. continues its rehabilitation policies by cutting down services and laying off wage-earners and at the same time finding new positions for its high paid officials. We join the Prince Rupert Daily News in asking "Are We Getting a Fair Deal?" and can answer it in the same breath—NO! —Interior News.

Mickleburgh Resolution Is Favored

Local Teacher Would Hold Price Ceilings—Prince Rupert In Limelight

VANCOUVER, (C)—Easing of price ceilings has put the cost of living up 10 per cent in the past few weeks and has cost teachers all their salary gains since 1934, even bringing their financial position below its 1939 level.

Delegates to the annual convention of the British Columbia Teachers' Federation heard this statement from Bruce E. Mickleburgh of Prince Rupert who moved a resolution urging restoration of ceiling prices and labor representation on the War-time Prices and Trade Board.

The convention unanimously endorsed the resolution which urged the government to "restore price ceilings and make no further concessions until supply more nearly approximates demand."

The convention also passed a resolution that the British Columbia Teachers' Federation basic salary schedule, urged as a basis for negotiation with school boards, be revised upwards and appointed a committee to study this question and report back at the present convention.

NEW U.A.W. CHIEFTAIN—Walter P. Reuther is "shouldered" by his supporters at the annual convention of the C.I.O.-United Auto Workers' Union in Atlantic City, N. J. where he was elected to the presidency. His election as chief of the world's largest union marked one of the most tremendous labor upheavals in American history. He defeated R. J. Thomas, president since 1939, who had the backing of both C.I.O. President Philip Murray and U.A.W. Secretary-Treasurer George F. Addes.

DISAGREE WITH PRICES BOARD

1946 is an all-important year FOR CANADA'S TOURIST BUSINESS

MILLIONS OF AMERICAN VISITORS are expected to come to Canada during 1946 for their first post-war vacation.

It won't always be easy to accommodate them. We still have our crowding and shortages. We are still in the aftermath of war. This is the very reason we should all take special care to be courteous and considerate to our guests this summer.

This year, of all years, we must maintain the reputation we have won for true hospitality.

YOU MAY NEVER SEE A TOURIST, BUT... tourist dollars flow to you. The grocer, the garage man, the farmer, the office worker—everybody benefits directly or indirectly from tourist spending, and the extra work and income it creates. Last year, tourists in Canada spent more than one hundred and fifty million dollars. In the years ahead, as our ability to handle tourist traffic grows, who is to say how big this business may become? For Canada is in an enviable position—a natural vacation land next door to the most travel minded nation in the world. This is an all-important year! It may be difficult in many ways yet it holds great promise for the future.

THEY'LL BE TALKING ABOUT US... We want them to come again. We want them to tell their friends: "We had a marvellous time in Canada!" By making them truly welcome, we can win millions of enthusiastic salesmen for Canada—"satisfied customers" who will pass on to many times their number the story of Canadian hospitality and of Canada's unlimited attractions as a vacation land.

BANKING IN ACTION

The Canadian Bank of Commerce has for many years assisted in the development of logging, lumbering and the pulp and paper industry across the Dominion. Its branches, whether in old established communities or in the new town sites, serve the many banking requirements of companies and individuals associated with these industries.

BANKING IN ACTION is manifested in the crash of falling trees; in the rush of logs, as the lumberjacks break the jam and speed the timber on its way; in the scream of saws, as busy mills convert it into planks, beams and scantlings. Logging and lumbering provide work and wages for thousands—in the woods, the mills, the construction industry. The stream of wealth thus flowing across Canada is an example of Banking in Action.

During the war there were no magazines seen in Holland. There is sadness in Holland, says the writer, now that Canadian occupation troops have left Holland where today they start life anew but with difficulty because of the fact that the Huns stole almost everything during their occupation.

NEW CHIEF IS MARRIED

Important Wedding Took Place This Week at Kitimat

At the specific request of the late Chief Edward Gamble before he passed away recently there was no interference with the nuptial plans of his son and successor as chief at Kitkatla so the marriage proceeded on Wednesday afternoon of this week, the day which had been chosen a year ago. Nevertheless, the rites were overshadowed to considerable extent by the fact that the village was still in mourning.

Visitors from various coast villages were present to crowd St. Peter's Church in Kitkatla when Russell Gamble, the new chief and son of the late Chief Edward Gamble and Mrs. Gamble, took as his bride Gloria Morrison, daughter of Mr. and Mrs. William Morrison and niece of Chief Heber Clifton of Hartley Bay. Rev. Basil S. Prockter, rector of St. Andrew's Cathedral at Prince Rupert, went to Kitkatla expressly to conduct the wedding.

Mrs. Elizabeth Clifton of Hartley Bay was matron-of-honor and Medrie Nelson of Prince Rupert was bridesmaid. There were ten bridesmaids and ten other groomsmen. Little girls acted as trainbearers.

With the bride in traditional white the matron-of-honor and bridesmaids were all beautifully garbed.

Following the ceremony the Excelsior Club Hall was the scene of a wedding feast at which the elders of the village and other important personages took a leading part the speakers including Chief and Mrs. Clifton of Hartley Bay, Edward Clifton, James Lewis, Jonathan Hill, Henry Brown and others as well as the officiating clergyman. In all, 200 persons were present.

Guests also included J. A. Findlay of the Indian Office at Prince Rupert and Mrs. Findlay who made the trip with the departmental cruiser on which Rev. B. S. Prockter also travelled. Mr. Findlay, formerly of Hartley, was the bride's school teacher there.

A. No; the only exception to this is when the invitation itself is extended over the telephone.

Q. Is it all right for a girl to ask a man to call if the acquaintance has been short?

A. It is often unwise to do this. It would be better for the girl to wait until she has some information as to the man's character.

Q. Should a young man rise when an elderly or distinguished man enters the room?

A. Yes, it is the well-bred thing to do.

Only blue in the rinse... PREVENTS CLOTHES TURNING YELLOW!

Scrubbing and rubbing won't wash out that yellow tinge—only one thing will restore the snowy sparkle to white clothes—and that is blue! A swish or two of Reckitt's Blue in the final rinsing water will keep clothes white and new looking! Try it and see... but, remember it's Reckitt's Blue, in that last rinsing that does the trick!

Basketball— Rupert Teams Capture Finals

Local Students Win Two
Games to Capture Northern
B.C. trophies—Boys 45-33,
Girls 19-8

Prince Rupert's two High School basketball teams wound up their Northern B.C. championship series with Ocean Falls last night by giving the visitors a double-barrelled drubbing to the tune of 45-33 on the part of the boys and 19-8 by the girls.

The series, half of which was played at Ocean Falls with the second half being played at the American gym here, concluded with the Prince Rupert girls taking six straight games to retain the Alex MacKenzie cup, championship symbol, with a total point margin for the series of 84.

Prince Rupert boys, with five wins and one loss, also qualified to hold the Arthur Murray trophy. Their point score was 91 more than Ocean Falls.

The awards were made at the end of the game by Jarvis H. McLeod before a wildly cheering crowd of students and adults and were accepted by the two Prince Rupert team captains, Betty Hamilton for the girls and Frank "Foot" James for the boys.

Bo-Me-Hi boys did not capture the final game without a hard struggle. At half time the score read 30-22 in favor of Ocean Falls. However, with Forman and Thompson spearheading they put on a drive which netted 23 points in the final half to conclude with a 12-point lead.

High scorers for the home team were Forman with 12 points, Thompson with ten, and Lavigne with eight. Bolenski led Ocean Falls with nine, followed by Bryant with eight.

In the girls' game, Prince Rupert had the lead right from the start. Half-time score was 10-4 for the locals, who built it up to 19-8 by whistle time.

Marie Caldwell was top marksman for Prince Rupert with eight points, followed by Jackie Budinich with five. Four players

SHORT SPORT

Red Storey, the former backfield star for the Toronto Argonauts, has signed with Montreal Lacrosse League. The Toronto rugby ace played lacrosse for Lachine three years ago but for the last two years has been a referee. He formerly played for Toronto Lakeshores.

The British Empire heavyweight boxing champion, Bruce Woodcock, has begun training this week for his bout in New York on May 13 against Tami Mauriello. His chief sparring partner during training will be Arnold Hayes of Montreal. Hayes is the Canadian Army heavy champ.

It is learned in Montreal that N.H.L. headquarters have received a bid for a National Hockey League franchise in Los Angeles next winter. The bid was sent on behalf of a group which includes Bing Crosby and Randolph Scott, the motion picture actors, and Dan Topping, wealthy sports backer. The secretary of the league president, Red Dutton, said that Mr. Dutton will investigate this and other franchise bids from Los Angeles and San Francisco during a forthcoming trip to California. A report on Dutton's findings will be given to the league governors at the N.H.L.'s annual meeting sometime in June.

A Montreal sports promoter, Florian Aubin, has come up with something new in the way of marathons. It's a swim from Montreal to Quebec City. He's offering \$5,000 in cash prizes. Aubin says he has already received several applications for the event. It is to be staged from July 14 to 21. He expects to have more than 24 men's teams taking part in the 178-mile race.

THIS AND THAT

"C'mon, quit fooling around—Let's get down to business!"

« Smiles'n Chuckles »

Two timid old ladies were being shown through an insane asylum. The inmates were congregated in the yard. One of the ladies asked a burly guard if he did not fear an attack from one of the inmates.

Said the guard: "I think I'm strong enough to handle any of them."

"But what if two of them attacked you at once?" questioned the visitor.

"Well, I think I can handle any two of them," was the answer.

Whereupon the other lady asked what would happen if all the inmates attacked him at one time.

"Look, lady," said the guard, "if these people were smart enough to organize they wouldn't be in here."

more times have I to tell you about these cowboys? I've just had to sweep one off the bed-rail and throw it in the fire myself."

"Good gracious, sir," exclaimed the maid, "that's the missus' fancy dress for tonight's dance."

A business agent was recently in the divorce court. The judge, in handing down his decree, addressed these words to the defendant:

"I have decided to give your wife \$50 a month."

"That's fine, judge," said the agent. "I'll try and slip her a couple of bucks myself once in a while."

Tuxis Boys and Trail Rangers Provide Interesting Entertainment at Smithers

SMITHERS—The Tuxis boys and Trail Rangers of the Smithers United Church put on a very successful concert which was held for two nights this week in the Anglican Hall. The concert took the form of a radio show with Rev. C. E. Motte as the announcer for "Station CORN Headquarters of the Bulkley Valley Broadcasting System." There were several very good numbers portraying radio programs, with the announcer for the sponsors taken very ably by Clarence (Slim) Goodacre, participants of the program being Billy Kilpatrick, Frank Watson, Jimmy Davidson, Art Capling, Roy Arnold, Jim Arnold, Allen Kilpatrick, Joe Kelly and George Ford.

The audience went into gales of laughter through the antics of several vocal numbers by Frankie Watson (who played the part of "Frank Sumatra"), Billy Kilpatrick (as a colored girl, "Paula Robeson"), and soloists of the splendid band members were Jimmy Davidson and Art Capling. A public address system was cleverly used in these numbers.

Mrs. L. M. Greene was the lucky winner of the door prize—a pound of butter—which she gave to the radio announcer to auction off for the benefit of the group. Then two pounds of shortening were brought forward and also auctioned off.

The concert was very successful and the proceeds will go towards the camp funds, the camp being held each year at Babine Lake.

ARE HONORED AT SMITHERS

SMITHERS—A very enjoyable dinner was held on Wednesday evening at the home of Mr. and Mrs. Harvey Davies in Smithers when members of the Ration Board gathered to bid farewell to Mr. and Mrs. C. L. Dimock. Mr. Dimock has been municipal clerk for the village of Smithers for the past 19 years and secretary of the Ration Board since its inception. Mr. and Mrs. Dimock were presented with a set of three colored pictures of the three bridges over Hazelton Canyon at Hazelton—one of the old Indian bridge, one of the old Mine bridge, and one of the present Public Works bridge. They were also presented with a beautiful card signed by all the members of the board. Mr. and Mrs. Dimock will be making their new home in the

EGGS MORE PLENTIFUL—This season eggs are becoming more plentiful and are ready to take an increasingly important place in our diet. They should always be cooked at low temperature, dietitians say.

Eggs are delicious and satisfying food, but some persons have developed a distaste for them because they have been served so often with boiled eggs with toughened whites and sticky yolks instead of the tender almost jelly-like egg which should result from proper cooking. Fried eggs that are tough and hard on the edges or curdled custards are the result of too much heat.

There is no reason why eggs should be served only at breakfast. An excellent egg supper dish has been tested... it makes a good luncheon dish, too.

Eggs au Gratin require four cooked potatoes, 1/2 cup of milk, four green onions (1/2 cup chopped), salt and pepper to taste, six hard-cooked eggs, 1/2 cup of grated cheese.

Slice the potatoes into a greased casserole. Heat the milk and pour over the potatoes. Cover the top with sliced green onions. Sprinkle with salt and pepper. Cover and bake in a moderately hot oven, 375 degrees Fahrenheit, for 25 minutes. Arrange hard-cooked eggs on potatoes, cover with grated cheese. Return to the oven and bake ten minutes in a moderately slow oven, 325 degrees Fahrenheit, to heat the eggs and melt the cheese.

INSTEAD OF BUTTER—These days, with butter and shortening in limited supply and sometimes impossible to find, and sugar and wheat scarce, a good many persons have resigned themselves to a cakeless, cookieless diet. While this certainly helps make food available, it is possible to allow the family a few food luxuries and still consume less than in past years.

If butter was formerly used in baking cakes and cookies, try other mild-flavored fats instead. Rendered chicken fat is especially good.

Give up three-layer cakes in favor of plain loaf cake, cup cakes or layer cakes with two thin layers, a jam filling and simple meringue top. Cakes, of course, are only for special occasions.

REVISITED SCOTLAND

William Sim Glad to Be Back in Prince Rupert After Spending Year on Native Heath

Just about a year ago William Sim, pioneer of this city and of Porcher Island, left for his native heath of Scotland with a view to spending the rest of his life there but, instead of remaining, he is back in Prince Rupert again, glad to be here and satisfied that, after these many years, this is the place for him. Mr. Sim, while heading primarily for his native town of Fraserburgh, 40 miles from Aberdeen, saw a good deal of Scotland during his visitation. Fraserburgh, he found, had been quite badly damaged as a result of German bombing.

In spite of the privations and hardships of war he was impressed with the healthy appearance of the children, particularly in the city of Aberdeen. "You never saw a bonnier lot of young folk than you can see there—and happy and carefree too." Then he added something which sounded incredible for Aberdeen, always noted for its thrift: "They seem to have plenty of money to spend." Mr. Sim crossed to the Old Country as the war in Europe was drawing to a close in a great convoy, some of the ships of which were sunk by enemy action. He returned two or three weeks ago on an aircraft carrier.

"Bravo, Sir Archibald! And I'd believe you if you said you fought through a jungle full of lions for that malty-rich, sweet-as-a-nut flavor of Post's Grape-Nuts Flakes!"

"And of course, Gentlemen, we must remember that Grape-Nuts Flakes are not only marvellously delicious—they supply carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials."

"Those two golden grains wheat and malted barley are combined in Grape-Nuts Flakes. They're specially blended, baked and toasted for flavor, crispness, easy digestion."

QUIET REIGNS
AT TRUMAN'S
WHITE HOUSE

By VIRGINIA VAN DER VEER
WASHINGTON — After one
year of residence by the Tru-
man family, the White House
is a quiet place these days, com-
pared to the Roosevelt era.
Closed to everyday tourists since
before the war, it is no longer
a national "open house."
During the years when the
big and well-to-do Roosevelt
family occupied the White
House, relatives, friends and
foreign dignitaries came and went
through the white-columned por-
tico almost daily.

Nearly every one knew their
names — grandchildren "Sis-
tie" and "Buzzie" Dall; the Pres-
ident's friend Harry Hopkins and
his young daughter Diana; the
Roosevelt sons and their col-
lege friends; King George and
Queen Elizabeth of England; the
Winston Churchills; Mrs. James
Roosevelt, the President's
mother.

The Trumans, who live on a
President's salary, have few
house guests, most of them old
friends of Missouri days. Daugh-
ter Margaret has given only one
party in the ballroom of her new
home. As yet, there has been
no revival of the state dinners
and receptions of peacetime.

At the front door of the big
house a courtly Negro usher is
on hand to take the caller's hat,
coat or umbrella. The entrance
hall is bounded by high mirrors
at either end. On one wall is a
large portrait of Franklin Roose-
velt. This is a home of port-
raits and history. Here are por-
traits of Teddy Roosevelt, Wood-
row Wilson, Calvin Coolidge and
others. Downstairs, along a
ground floor corridor, are their

One man was buying some
meat in the butcher shop when
another entered in a great hurry
and rudely interrupted.

"Give me some dog meat,
quick," he said to the butcher.
Then, turning to the other cus-

"Not at all," said the other
acidly. "Not if you're that hun-

wives in formal, First Lady poses
Rich in Color

Color is rich inside the White
House. The green room is eleg-
ant in dark green silk and gold.
The blue room, stiffly formal in
stark white and deep blue. The
east room, best known of all,
with its three gleaming chan-
deliers. Each room has its tra-
ditional function. The President
receives foreign diplomats in the
blue room. Mrs. Truman sees
guests in the red room, where
a fire lightens the walls in win-
ter. The huge east room is for
state receptions and formal oc-
casions.

Teas are held at four and
again at five the same after-
noon. Between hours one day,
a lone woman guest was spied
rambling happily unescorted
through the house. She had ar-
rived late, she explained to sur-
prised attendants, and Mrs. Tru-
man had told her she could wait
and come through the receiving
line again.

It takes money to keep the big
house going. Before the war,
annual expenses for its main-
tenance and the salaries of about
50 employees averaged around
\$146,000. This year, the Nation-
al Park Service, which runs the
mansion, asked Congress for
\$184,000 to cover extra help for
post-war parties.

There isn't much talk yet of
opening the downstairs corri-
dors and rooms to tourists again.
A strange combination of pri-
vate home and public museum,
the White House has never de-
cided just where to draw the
line between its two functions.
But there are indications the
gracious, old mansion may re-
turn this fall to its pre-war
character. Washington society
is hoping for its first real White
House season since 1941. If the
Trumans decree it, the old rooms
will break again in the talk of
the great and near-great.
