Ask Emergency Powers to Ease Housing Problem

OTTAWA (CP)—Canadian Legion today asked the government to use its emergency powers to provide immediate temporary housing and warned delay might result in subversive elements inciting ex-servicemen to take lawless action.
View of the Canadian Legion were submitted Hon. C.D. Howe, minister of reconstruction.

General Increase Asked By Railway Association

Export-Import Rates Also Affected
MONTREAL (CP) — Canadian railways announced today they have applied to the Board of Transport Commissioners for a general advance of 30 per cent in freight rates.
Application was made by the Railway Association of Canada for its 23 members.

Works Minister Takes Department Projects

Public Works Minister, Hon. Alphonse Fournier, took a close look at his department's projects in the Prince Rupert area Wednesday and wound up his tour on an obvious note at three hours well spent.

WHEP'S AIRLINER CRASHED NEAR GANDER, Nfld., WITH 44 ABOARD—Shown above is the huge transatlantic plane which crashed in the thickly forested area near Gander Lake, Newfoundland. Although 25 of the passengers lost their lives, 18 miraculously survived.

Expresses Pride

However, the Federal Building turned out to be the minister's real price and joy.
"It is certainly a fine building and a credit to the community," he declared as he stood surveying it from in front of the post office steps.

THE WEATHER

Synopsis
Temperatures were general over the interior of B.C. early this morning as a result of clear skies associated with high pressures over the province. The northern coast was experiencing cloudy skies and showers early today and temperatures there generally stayed up in the high forties overnight. The cloudiness over the northern coast is expected to spread gradually down the coast as the high pressure area continues to move eastward. However in the interior clear today and tomorrow with temperatures moderating slightly.

Free Commerce On Danube Is Demand Of Britain and U.S.

"Peace Substantially Related to Avoidance of Economic Barrier," Claims Senator Vandenberg
PARIS—United States Senator Arthur Vandenberg led off the Peace Conference discussion on the Romanian treaty draft today with a determined demand for free commerce on the Danube and free trade throughout the Balkans.
He said: "Peace is substantially related to the avoidance of economic barriers."
Foreign Secretary Ernest Bevin said the Russian proposal which sought "to restrict the use of the Danube River exclusively to countries along its banks, is not only a retrogressive step but a deliberate discriminatory action against their Allies."
Bevin said Great Britain asked for equal treatment for all on a commercial plane.

No Clemency For Convicted Nazis

BERLIN (AP)—Allied Control Council today rejected all clemency pleas of Hermann Goering and 15 other convicted Nazi leaders.

HOWE PRAISES C.N. RAILWAYS CO-OPERATION

MONTREAL—A letter of appreciation for the aid extended to the Dominion government by the purchasing department of the C.N.R. in the handling of requirements for the armed forces during the war has been received by R. C. Vaughan, C.M.G., chairman and president of the Canadian National Railways, from Rt. Hon. C. D. Howe, minister of reconstruction and supply.
"Your company was good enough to agree to operate offices on our behalf at Halifax, Moncton, Montreal, Winnipeg and Edmonton," Mr. Howe's letter states, "and these five offices placed orders covering stores and services to a total value of \$146,000,000 representing not only a tremendous volume of work, but also a great responsibility. I cannot speak too highly of the efficient manner in which the work was performed on our behalf."

PARLEY ENDS ON TRIESTE COMPROMISE

PARIS (AP)—The Peace Conference finished its work on the Italian draft treaty early today after finally approving of hotly-disputed French compromise proposals for government of the free territory of Trieste.

CHINA NOW HAS CONSCRIPTION, WARTIME BASIS

NANKING—Nationalist China has been placed on a wartime footing by a declaration of Chiang Kai Shek.
Conscription has been introduced for all men between 18 and 31 as the National government stepped up its war program against the Communist forces.

Maritime Strike Talks Bog Down

WASHINGTON—Efforts to settle the United States maritime strike bogged down again Wednesday night and as representatives prepared to go home they were advised to stand by for a resumption of negotiations at a later date.

Gives Formula For World Peace

NEW YORK (AP)—General George C. Kenney, No. 2 man in the United States Army Air Forces, said Wednesday that the eventual abolition of national armies, navies and air corps in favor of an international force was the answer to world peace.
He added, however, it might take years to accomplish.

REVOKE BAN ON FLIGHTS OVER CZECHOSLOVAKIA

LONDON (AP)—Unexplained suspension of American plane flights over Czechoslovakia was lifted suddenly today by United States headquarters.
The military ban, however, continued on all flights by either civil or military planes over Romania and Hungary.
One report said the ban may be connected with Soviet army manoeuvres.

SERVICES MEDALS FOR B.C. POLICE

VICTORIA—Forty-three members of the B.C. Provincial Police stationed throughout the province, will be presented with long service medals.
The medals will represent service of 20 years or more.

RUMOR BRITAIN MAY SET BASES IN EAST AFRICA

LONDON (AP)—A War Office spokesman has declined to comment on reports that a British military mission is in East Africa examining suitability of the area as a British base and headquarters for the Middle East.
It was indicated, however, that Kenya colony already had been decided upon as a base area.

CANADA MOST VULNERABLE TO FUTURE WARS

WINNIPEG (AP)—Canada runs a greater risk than most nations of becoming involved in any future international struggle, Mr. Justice T. C. Davis, former high commissioner to Australia, told the Canadian Chamber of Commerce convention today.
"We are as much interested as any nation on the face of the earth that international policies shall be adopted and pursued which will eliminate the threat of war."

HUGE LOSSES IN CHARLOTTETOWN WATERFRONT FIRE

CHARLOTTETOWN (AP)—Fire here early today destroyed 10 buildings, causing damage estimated at hundreds of thousands of dollars.
Originating in a foundry, the fire raced through other buildings in Stewart's wharf area.

General Stillwell Critically Sick

SAN FRANCISCO (AP)—General "Vinegar" Joe Stillwell, hero of Burma campaign and now commander of the United States Sixth Army, is critically ill in hospital here.
He is suffering from a liver condition believed contracted in the jungles of Burma, his physicians said.

TAX STRUCTURE IS WEAKNESS OF CANADA

WINNIPEG (AP)—Failure of the Dominion and provincial governments to reach a fiscal agreement would leave Canada open to "ideological aggression directed against our economic and political system by socialist and totalitarian groups," Premier Stuart Garson of Manitoba told the annual meeting of the Canadian Chamber of Commerce last night.
He said the gravest defect in the Canadian system was its tax structure. The rejection of the Dominion proposals simply meant that provinces were left in the same unsatisfactory position of the past.

LONG AND NARROW

New Zealand is about 1,000 miles long, and no wider than 280 miles at its widest point.

U. S., BRITAIN, TURKEY RESIST SOVIET'S DARDENELLES DEMAND

WASHINGTON (AP)—United States, Britain and Turkey are presenting a solid front of resistance to Russia's renewed demands on the Dardanelles, while leaving the way open for a full discussion of revised Soviet rights in the straits.
The Soviet has demanded Russo-Turkey defence of the straits.

Talk of Pulp Mill Is Met Warily Here

Establishment of a chain of pulp mills in British Columbia, including one at Port Edward, was forecast in Victoria last night by a reliable source close to the government.
According to a Canadian Press despatch, the forecast is based on enquiries received by the provincial government regarding B.C.'s timber resources from business firms.

PORT EDWARD "IDEAL"

One source, described in the Canadian Press story as "informed", described Port Edward as an ideal site for a large pulp mill undertaking. There is a good chance of three new pulp mills being established in the province within the next two years, it asserted.
The undisclosed speaker said that there is sufficient pulp wood now available for two mills in the Prince George area, another at Quesnel, one on the west coast of Vancouver Island and one on the lower Skeena River.
Local citizens, presented with this statement this morning, took a slightly weary view of the whole thing.
"Pulp mill again?" exclaimed one. "We've been getting one for the last 25 years. Talk like that doesn't excite me any more. I'll believe it when I see it working."
"There are better places than Port Edward for a pulp mill," commented another. "I don't think there is enough water there. But I don't think we need to worry about it much. We have heard those rumors before and nothing has happened."

LONDON, g—A black market in coupon-free suits at \$120 to \$200 is wooing tailors.

Italian Troops Ready to Crush Further Riots

ROME (AP)—Strong re-inforcement of steel-helmeted Italian troops and police, alert to prevent a repetition of yesterday's bloody rioting, guarded all approaches to Viminale Palace today as the Italian cabinet met to attempt to end the threatening labor crisis.
Two persons were killed and 141 injured in yesterday's riots.

St. Louis Sets Series Record with 20 Hits In Stunning 12-3 Victory

Red Birds Rout Six Pitchers Before Amazed Fans to Even Race For World Pennant
BOSTON (CP)—St. Louis Cardinals tied an all-time World Series record with 20 hits today as they dwarfed the Boston Red Sox vaunted power with a 12 to 3 series-squaring victory that assured the 1946 World Series of going at least six games.
George Munger, very much the underdog in pre-game figuring, was able to coast home to an easy nine-hit win as the Cards routed Tex Hughson and blasted five other hurlers to even the classic at two wins each.
A crowd of 35,645 fans sat in stunned silence as the Red Birds rioted all over the plate, by the big three of their order, Enos Slaughter, Steve Kurowski and Joe Garagiola.
In the complete rout of the Red Sox, Joe Cronin equalled an all-time series mark by using six pitchers. Four more joined the 22 previous stars who each had four hits in the series game. St. Louis 303 010 104—12 20 1 Boston 000 100 020—3 9 4
Batteries: Munger and Garagiola; Hughson, Bagby (3), Zuber (6), Brown (8), Ryba (9), Dreisewerd (9) and H. Wagner.

TEAR LID OFF U.S.-RED PARTY URGES CHAMBER

WASHINGTON (AP)—United States Chamber of Commerce demanded today that Congress rip the lid off the Communist party to end its power and influence in the American labor ranks and within the government itself.
Declaring that Communists are still operating under a national comintern bent upon world conquest, the organization added that because the party "thrives upon deceit" and is loyal to a "hostile" power, it should be forced by law to reveal its membership, sources of money and all its activities.

Comet Display Best Show of This Century

By the Canadian Press
Canada and most of the United States were treated to a spectacular display of shooting stars last night as meteors shed by the comet Giacobini Zinner burned across the skies in what some scientists said was the most brilliant exhibition seen in North America this century.
Scientists used radar and for the first time recorded reported they "saw" a display of meteors beyond fog and clouds.

Assures Cars For Grain Transport

VANCOUVER—N. B. Walton, vice-president of the C.N.R., said here that the Canadian National Railways can be depended upon to provide its share of grain cars for moving 80,000,000 bushels of prairie wheat this year to Vancouver for shipment overseas.
A shortage of freight cars for grain has been reported across the country.

Yugoslavia in Reparations

Yugoslavia is asking for reparations for the five men killed in the two U.S. plane crashes over that country.
Authorities state that the plane was not closed, how- ever, it will be asked for reparations of the two planes.

JUGGLING DYNAMITE

EUROPE'S BALKAN COUNTRIES are still the powder keg they always were and a third world war could be touched off over night.

The dove of peace has not faced stormier weather since the battle against the Axis powers ended.

Civil war in Greece is so serious today and has such wide ramifications it may well flame Europe and Asia into another orgy of bloodshed.

Appeal of the Greek government for arms to battle "bandit" forces places Great Britain in a ticklish position. Her refusal to comply would jeopardize her relations with Greece, which are none too happy at present, while her help would enflame the growing resentment of Russia.

Russia has demanded from Turkey the right to establish military bases on the Dardanelles, ostensibly to assist Turkey in the protection of these important straits. Appealed to by Turkey, Britain has advised that country against direct negotiations with the Soviet, saying the future control of the Dardanelles could be decided only after international discussions.

Add to this precarious position the antagonism of Yugoslavia and Russia resulting over the stand pat policy of Britain and the United States

on the Trieste headache and you have everything for an explosion—even the match.

TO A GROUSE DRINKING

There is no quietness like this
 Nor woodland hush so still;
 This is silence's last word,
 The morning's feet unheard
 Upon a hill.

Beyond the silver pool the dark trees
 Watch and listen;
 On the silver pool stray sunbeams
 Pause and glisten.

The grouse bends to the pool,
 And silver ripples run,
 In silver rings disperse
 Into the dusk and widen
 Into the universe!

ARTHUR WALLACE PEACH.

THROUGH OTHER EYES

NEW HIGHWAY NEEDED

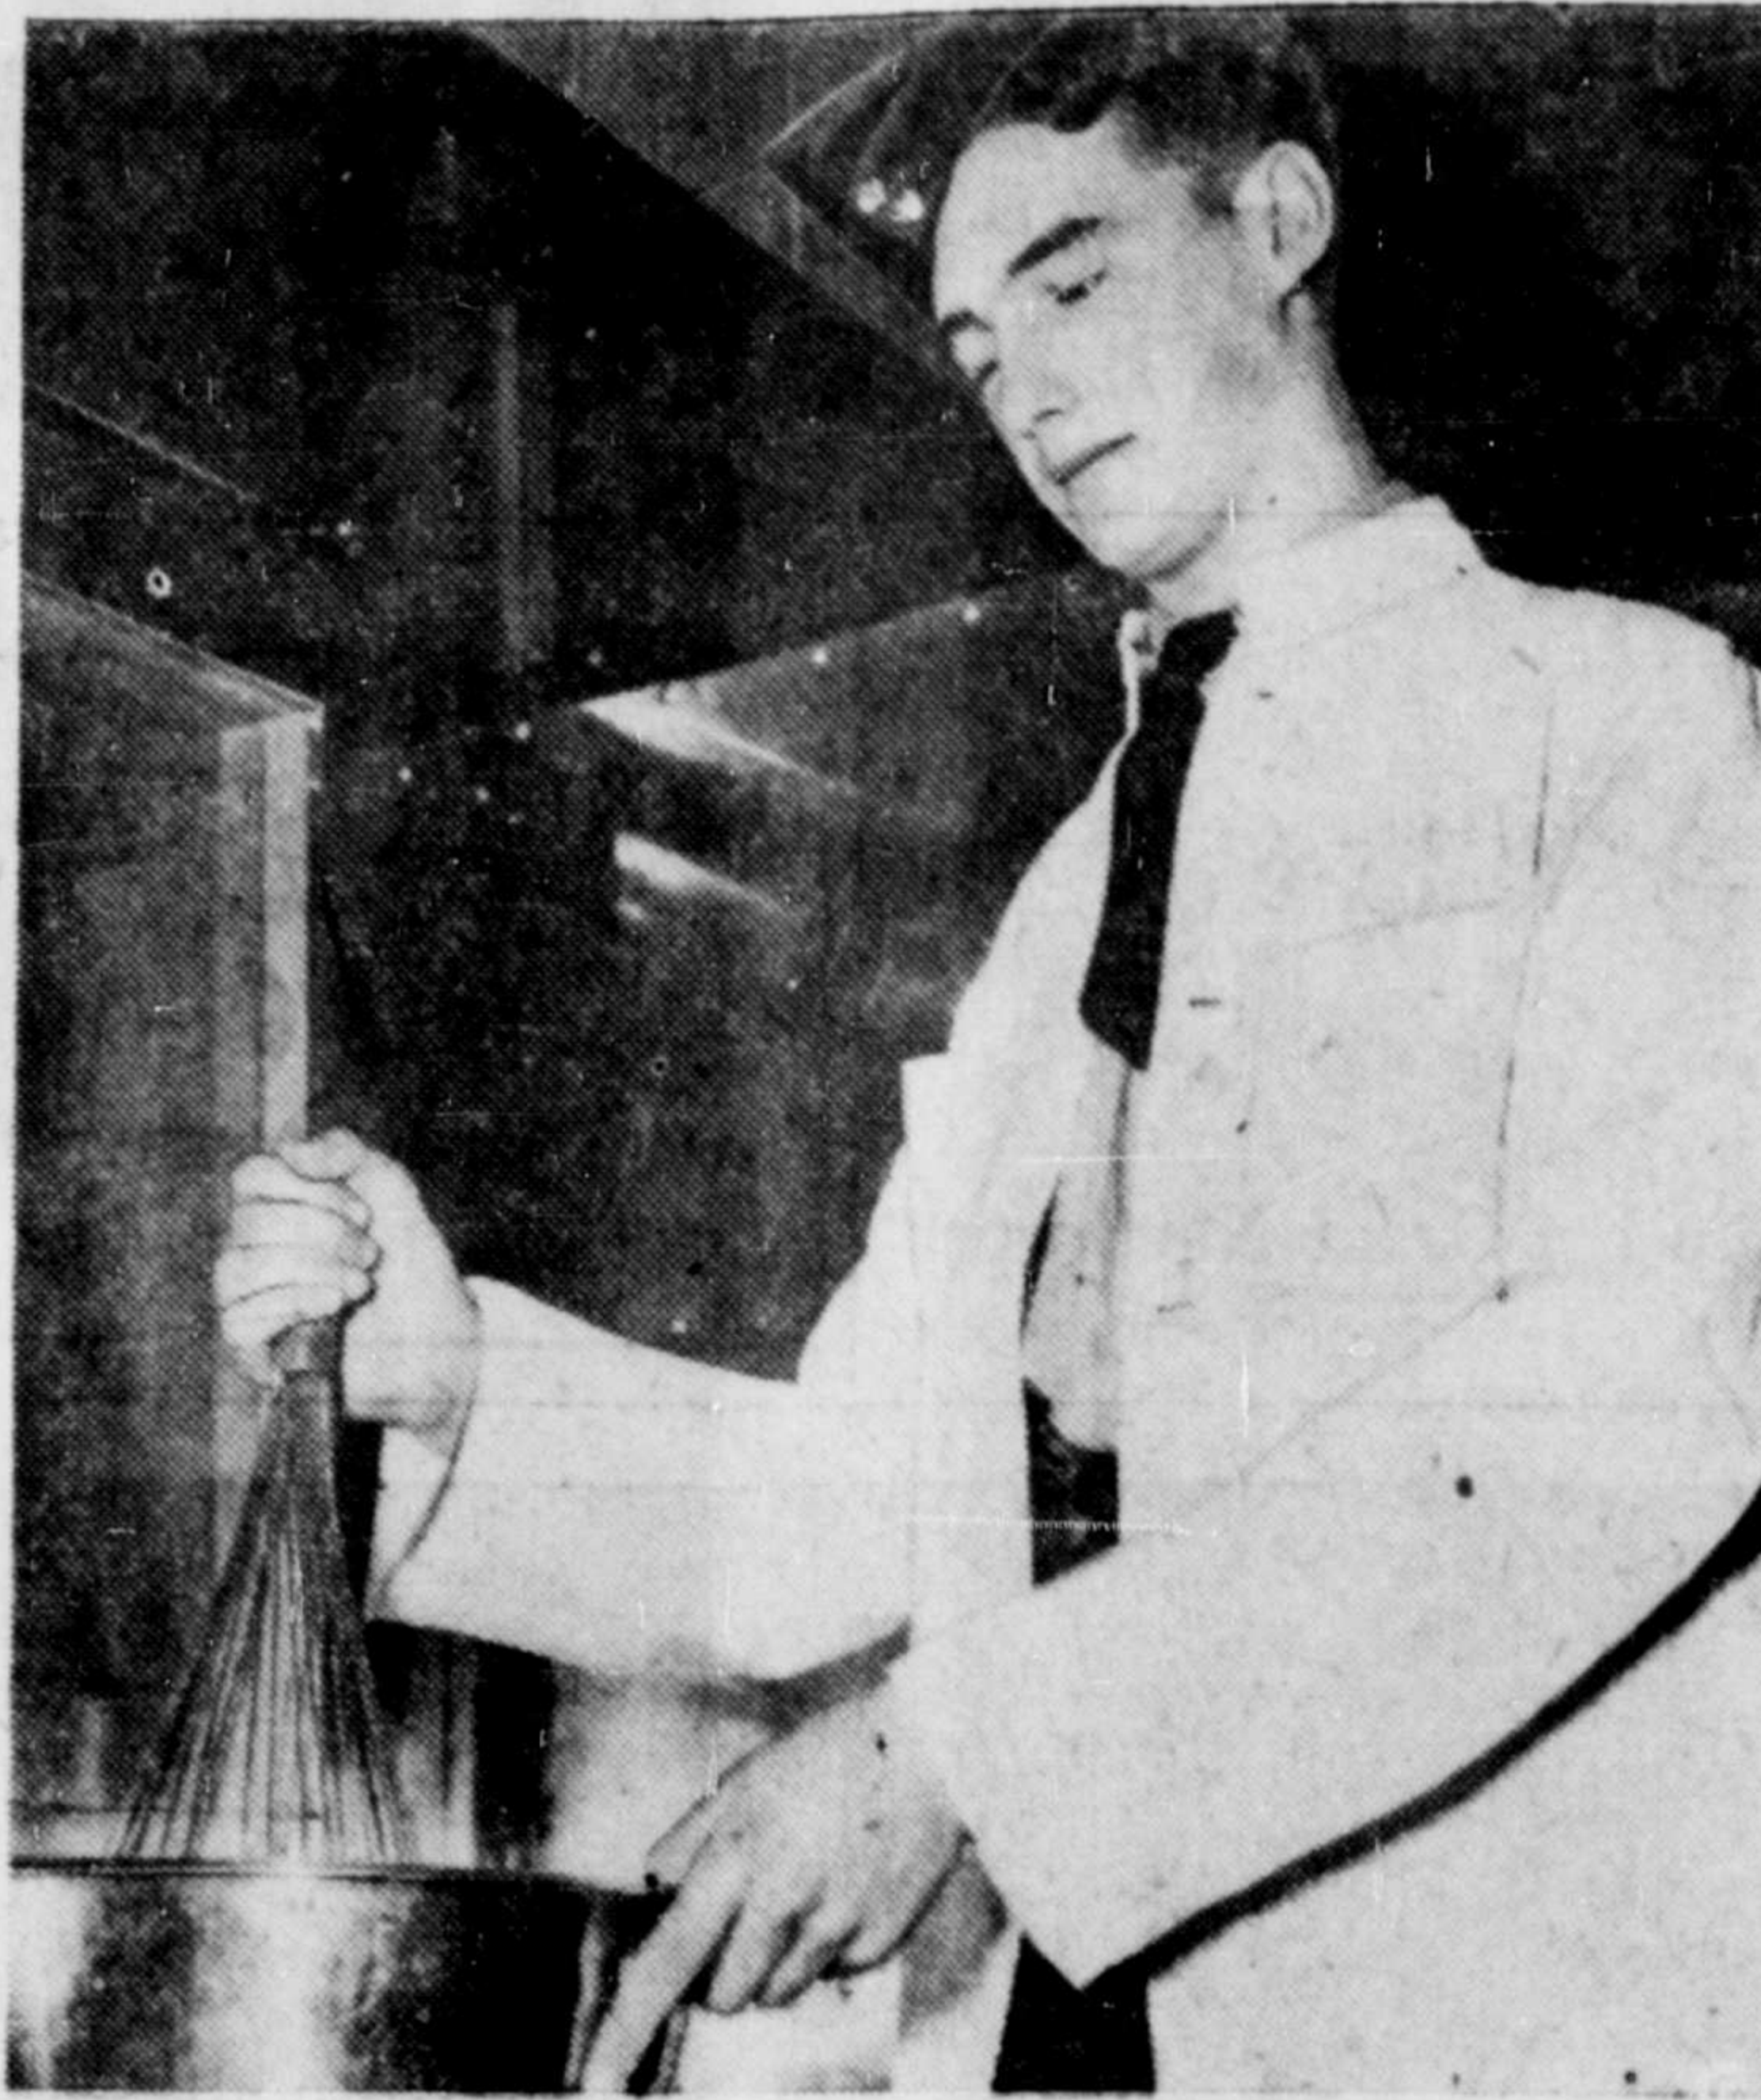

We need a good east-to-west trunk highway. We should have it, wide and inviting, to tap the vast reservoir of motorists to the south of us. We need it, we can afford it and it will pay us back.
 —Kamloops (B.C.) Sentinel.

BUSY TRUSTEES

One of the disadvantages of the larger school area is the great amount of additional time which the larger district demands from trustees. Already one of the valued Kelowna trustees has found it necessary to resign. It is one angle which proponents of the scheme probably did not consider. Perhaps it can be overcome. If it can't, the larger district is already on the road to failure.
 —Kelowna (B.C.) Courier.

UNFINISHED BUSINESS

As Canadians we still have a chore, bringing the country to a state that is passably fair as peacetime countries should be, and not until then will the struggle that began in 1939 be brought to a successful conclusion.
 —Elmwood (Man.) Herald.

"COWLESS COWBOYS" — In competition with the cow is Airerastman Jim Skinner, Winnipeg, Man., whose job in the peacetime R.C.A.F. will be the re-constitution of powdered whole milk. He has just completed a course in Toronto in the art of making fluid milk out of the powdered product. He will be posted to Labrador or Newfoundland where a cow on the hoof is a curiosity. Cowboys without cows are the specially-trained airmen who provide hundreds of gallons of milk for use on isolated R.C.A.F. stations. Milk is an important part of the balanced diet laid down by R.C.A.F. nutritionists. To provide this milk where cows cannot be maintained, nor a fresh supply obtained, dried milk is flown in and reconstituted. Reconstruction calls for special training, and recently two airmen, slated for duty at Gander, Nfld., spent a week at Borden plants in Toronto and western Ontario studying the process from start to finish. At Gander the two airmen will have the responsibility of providing more than 500 gallons of milk daily. This is the equivalent of the production of more than a hundred cows. So intrigued are the "cowless cowboys" with the reconstituting machines that they have given them bovine names. "With no stable duties and no rounding up of the herd, it's a cinch!" say the boys.

that an electron is an electric charge with an electric field which has energy and mass. The idea was proposed 40 years ago but was discarded because of lack of a mathematical proof. Dr. Dirac yesterday supplied evidence with a complicated series of equations and ideas which brought the comment from Dr. Albert Einstein, "I did not think that it was possible," according to his friends. Dr. Einstein believes that it will start a new trend of thought. Professor Dirac's talk was given on the second day of the first Conference in Princeton's series of 15 discussions to be held throughout the academic year. The discussions during the day were of an extremely technical nature under the general heading of "nu-clear physics," as the 100 world-known natural scientists talked only along the lines of theoretical science.

BUSY BEACHCOMBERS
SOUTHEND. — In five months, cleaners of Southend's beach have gathered 166 tons of waste paper and rubbish, 10 tons of broken glass, 2,820 bottles and jars and as much as three tons of rubbish daily in the busy season

NEW THEORY ON ATOM TOLD TO PHYSICISTS

PRINCETON, N.J. — A new theory which may revolutionize ideas now held on the forces binding the nuclei of atoms together was put before the gathering of natural scientists at Princeton University's Graduate College as Dr. P. A. M. Dirac, Professor of Mathematics at Cambridge University, England, and Nobel Prize winner in 1933, proposed that electrons have no size or shape and so may be brought closer and closer together, providing an immense force between each particle.

The electron, according to Dr. Dirac's theory, consists only of an electric charge which has mass. This contradicts the idea

Briefs from Britain

LETCHEWORTH, Hertfordshire, Eng., —Nine times a bridesmaid, Miss Joyce Brazier has married.

IVYCHURCH, Kent, Eng., —Six couples spent their honeymoons at the same time in one house here.

IBSTOCK, Eng., —Blown inland, a cormorant is being fed fish and will be sent by crate to the sea for release.

BRAINTREE, Eng., —Braintree Urban Council has banned the use of air-raid sirens for calling out the National Fire Service.

BRIDGEND, Wales, —Children of nearby Mile End are organizing a petition to the local council for construction of a new playground.

CROYDON, Eng., —The Darbies are marrying the Joans at a club for lonely old-age pensioners here. Three old couples were married recently.

LONDON, —Liners Acquitania and Empress of Australia, both 32 years old, are likely to continue in service another three or four years.

CHESTER, Eng., —Thomas Pate, 84, has started his 60th year as organist of Holy Trinity Church.

DONCASTER, Eng., —A wire rope 1,640 feet long, 10 1/2 inches in circumference and weighing 22 tons has been made for aerial conveyor use on the continent.

Opal or Tourmaline October Birthstones

For those born in October there is a choice of birthstones—Tourmaline or Opal.

No two opals are alike and therein lies their glamor and mystery. Unique beauty is derived from the flashing colors which lie not in the stone itself, but are caused by the interference of light through reflection.

One of the earliest descriptions of Opal in English was written in the reign of Queen Elizabeth by Dr. Stephen Batman. "This stone breedeth only in Inde and is deemed to have many virtues, as hewes and colors."

The opal seems to have appealed to Shakespeare as a fit emblem of inconstancy, for in "Twelfth Night" he makes the clown say to the Duke: "Now the melancholy God protect thee, and the tailor make thy garment of changeable taffeta, for thy mind is very opal."

FARMER'S WIFE ENJOYS POLITICS

REGINA, S. — Although no author is mentioned on the cover of the Saskatchewan government's new fish cook book, it is no secret that Lena Phelps, wife of J. L. Phelps, natural resources minister, put it together as well as her political speeches in the Saltcoats constituency and the chocolate cake she serves to her three children.

Research into law is another phase of Mrs. Phelps' varied activities which include helping with her husband's correspondence and other office work.

"But I am a farmer's wife at heart," she said, adding, however, that she likes politics, the C.C.F. brand in particular.

But Mrs. Phelps has no political ambitions of her own.

"I can make a better contribution as Joe Phelps' wife than to go into politics on my own."

Raised on a farm near Saskatoon, she received her high school training there. While teaching at Wilkie, Sask., she met and married Mr. Phelps, who still owns a farm in that district.

Mrs. Phelps says her husband had no desire to leave his farm to take up a political career. But when he was offered the Saltcoats C.C.F. nomination he accepted under protest thinking nothing would come of it.

Mrs. Phelps says the family is looking forward to returning to the farm.

BLONDIE!

THE DAILY NEWS takes pleasure in announcing that arrangements have been made for the presentation in this paper as a special feature each Saturday of the popular comic "Blondie in full tabloid size. It will make its initial appearance on October 12 and our hope is that it will prove of pleasure and interest to our many readers.

Would Encourage Civic Interest

MONTREAL, Q. — Civic pride and civic responsibility are extremely important, Mrs. Hugh Lee, wife of the lord mayor of Manchester, Eng., said in an interview before she left here recently to return home following a tour of Canada with her husband.

In her own case, the lady mayoress said the responsibility was not due solely to the fact that she acted as hostess at all civic receptions, but the position automatically made her honorary president of all women's organizations in Manchester.

Mrs. Lee, a member of the Catholic Women's League and the Union of Catholic Mothers of Manchester, told of the organization, Women Citizens, inaugurated after the war, with the object of stressing the principles of good citizenship.

The women, divided into groups according to the city ward in which they lived, attend weekly meetings "to raise the housewife's interest in civic affairs and keep her from becoming apathetic through continual household duties.

Wartime rationing in the United Kingdom, said Mrs. Lee, mother of seven children, has made British women realize that "housekeeping is not the Cinderella of the professions."

PORTRICH, Wales. — Stones bearing impressions believed to be footprints of prehistoric animals have been excavated by workmen clearing ground for erection of new houses.

MRS. DONALDSON HEADS HILL 60

Mrs. R. S. Donaldson, new regent, was chairman of the regular monthly meeting of Hill 60 Chapter, I.O.D.E., held at the home of Mrs. C. A. Brind this week. Mrs. Donaldson succeeds Mrs. James Hutchison, who has left the city to live in Prince George.

The fashion show in the Civic Centre by Sweet Sixteen and Fashion Footwear was reported successful.

Arrangements were made to attend the Armistice Day service on November 11.

It was announced that Mrs. Spratt, I.O.D.E. organizing secretary, would be arriving on November 13 and various activities have been planned by Municipal Chapter during her stay here.

Wool was handed out for afghans and baby jackets, as these articles are still needed for overseas.

A letter was read from the Civic Centre committee inviting members to help with the membership drive.

Mrs. Donaldson won the monthly raffle.

The next meeting will be held on Tuesday, November 12 at the home of Mrs. R. S. Donaldson, 308 Fifth Avenue W.

SEARCH CONTINUES

Searchers from Ole Kildal's boat Atlas and the crew of the police boat P.M.L. 15 are continuing their search today for Hans Jacobsen, missing since last Friday on a hunting trip on Porcher Island.

Want More And Cheaper Light

VANDERHOOF — Seven new street lights will be installed, commissioners of the village of Vanderhoof have decided.
British Columbia Power Commission will be asked what steps are being taken toward reducing light and power rates.

Pioneer Resident Is Laid to Rest

BURNS LAKE—Funeral of Edward William Newman, 88, was held from the mortuary at Burns Lake on Saturday, Rev. A. W. Atkinson officiating. A memorial service was held at the graveside.

Many old-timers were in attendance to pay their last respects to one of the most highly esteemed pioneers of the Central Lakes district, who had operated the Bald Hill ranch for many years until entering Burns Lake Hospital. He passed away in his sleep and was buried beside his wife in the family plot.

Active pallbearers were Neil Kelly, Dave Watson, Ken Olson, Jim Gowans, Charlie Wilson and William Bickle.

Honorary pallbearers were Max Gebhart, Dan McDonald, Jack McLean, Archie Weatherspoon, Lloyd Roberts, Barney Mulvaney and Richard M. Carroll.

By request there were no flowers as all his life the deceased had disliked any form of ostentation.

Mr. Newman was the stepfather of Tom Blench, who ran the first mail stage to Quenel and used to meet Barney Mulvaney with the mail at Fort Fraser.

Hold Funeral For Herbert G. Crowe

FORT FRASER—Funeral services were held Saturday in Fort Fraser United Church for Herbert George Crowe, with Rev. Rural J. M. McCormick officiating.

Mr. Crowe has been manager of the Fort Fraser Co-operative Exchange Store.

AMATEUR CANNERS

MELBOURNE, Australia — There's a professional finish to the 4,000 tons of dripping shipped by members of the Victoria Housewives' Association to overseas countries needing fats. The association's club rooms are now a pocket edition of a factory, where fat contributed by housewives throughout the state is clarified, rendered and canned on the spot with a handy little home canning machine which was lent to the association.

WILL HE EXECUTE NAZI WAR CRIMINALS?—Shown on the left is Albert Pierrpoint, Britain's public executioner and landlord of the public house "Help the Poor Struggler" between Manchester and Oldham, Eng.

EVERYBODY'S COMB

Stewart 20TH WEDDING ANNIVERSARY IS CELEBRATED

STEWART—Mr. and Mrs. L. A. Behnson celebrated their twentieth wedding anniversary Friday at their home, with a number of friends calling on them.
Grandma Crawford beamed with pleasure as congratulations were showered on the couple.

HOLD TAX SALE
Thirty-two parcels of land of 47 listed at the recent tax sale by the Corporation of the Village of Stewart were redeemed before the sale by former owners. The remaining 15 parcels offered for sale were taken up. Ten of the properties, sold at the 1945 sale, were redeemed.

MINER FINED
Fine of \$200 or in default four months in jail was the sentence passed on Oscar Nilson, miner, when he pleaded guilty to a charge of supplying liquor to a native, Robert Skowill. He appeared before Stipendiary Magistrate A. Fisher.

W. D. Smith, M.L.A. for Atlin, arrived by plane from Prince Rupert. He is discussing affairs of the district with residents.

Saturday Still Top Bath Night

CHICAGO, Ill.—Saturday still is tops for bath night, according to numbers attending the 18 municipal bathhouses in Chicago. Surveys indicate that of the 500,000 patrons they expect this year, about a quarter of them will appear on Saturday. An institution of the Windy City since the 90's, they are operated free with a 5-cent fee if the bather wants soap and towel. Most of the bathhouses—each is equipped with 22 shower units—are in old neighborhoods where a private bathtub is a rare and lovely thing. There is a time limit which allows junior only 15 minutes to scrub behind the ears.

ONE-HANDED WATCHES
The earliest watches usually had just one hand—the minute hand was invented in 1687.

JAVEX is the speedy, thrifty answer to a host of household problems! It cleanses, whitens, disinfects and deodorizes. It banishes stains from linens and cottons... brightens bathtubs and sinks... makes toilets white and keeps them fresh. Because it costs so little and goes such a long way, Javex saves money as it saves work.

ACTION APLENTY FOR GARSON AND GABLE

A slashing, sledgehammer, down-and-out cafe brawl is one of the many thrill-packed sequences in "Adventure," Clark Gable-Greer Garson co-starring picture which is playing at the Capitol Theatre today, Friday and Saturday.

The riproaring cabaret fracas starts when Miss Garson, who has come along to look after her roommate, Joan Blondell, on a date with Gable, is accosted by someone in a Frisco club. Before anyone can say Metro-Goldwyn-Mayer, his seagoing buddies from a Pacific freighter and a horde of other people are slinging punches with the abandon of a gin-bending kangaroo.

Miss Garson, Miss Blondell and all the other feminine members of the entourage get into the tussle in full force and the general result is a tangle that kept

the cameramen in a whirl getting the exciting action recorded by their battery of lenses. A couple of times they had to step fast to avoid getting tagged by a wild swing or a menacingly poised bottle.

It all ended with nobody in the hospital, but there were a lot of bruises and aching anatomical parts for days afterwards. And according to those who watched the shooting, it was the most exciting doings of the entire season out at the M.G.M. studios.

Old Army Buildings Easing Situation

OTTAWA — Dismantling of former armed services buildings is bringing some relief to contractors hard-pressed for materials to construct houses.

Despite the acute need for housing accommodation because of insufficient building materials much unessential construction is proceeding in the Dominion.

Woman Uses Wings For 25-Foot Jump

VIRGINIATOWN, Ont., (C)—An adventurous Virginiatown woman has invented a pair of wings which she used to jump from buildings 20 to 25 feet high.

Mrs. Phil Golden, the mother of two children, began working on her wings two years ago after dissecting birds in an attempt to learn how they fly. She made the wings of parachute silk and bits of plastic. They look like a mass of gigantic feather-like air pockets built into even larger feathers. These feathers or air pockets flush the air back through the larger feathers onto a plastic back. In doing so, a vacuum is formed underneath the outer feathers. The vacuum together with a movable outer attachment at the wing tips allows for the possibility of propulsion by means of earnest wrist action.

Mrs. Golden said a weak heart so far has prevented her from more stringently testing her wings. Up until now she has been jumping from platforms at least 20-25 feet in height. Most of her "flying" has been done at night. She is shy of publicity.

LEGION ELECTS V. G. HOUSTON

Prince Rupert branch, Canadian Legion re-elected V. G. Houston president at its annual meeting last night. Mr. Houston has been president since Dr. R. C. Bamford resigned the post in July.

Other officers are Ralph Smith, first vice-president; James Nicoll, second vice-president, and P. M. Ray, secretary-manager.

Members of the executive committee are H. A. Breen, Fred Hardy, W. H. Murray, D. MacGillivray and Robert Mackay. Mr. Breen, L. M. Gordon and S. C. Thomson were re-elected trustees for the branch. However, election of trustees for the newly formed benevolent trust fund was postponed until operation of the fund has been discussed by the incoming committees.

Two new members of the executive committee will be chosen at the next meeting of the committee on Sunday.

The building committee was re-elected without change. Business of the meeting in-

cluded initiation of new members, a promise to sponsor a Junior High School basketball team, approval of the sale of the Welcome Hut on the C.N.R. wharf, and the granting of donations to the Salvation Army Home Front Appeal and to the Prince Rupert Civic Band.

ST. CLAIR NAMED ASST. FORESTER

Robert C. St. Clair, former district forester at Prince Rupert, has been promoted to the position of assistant chief forester, at Victoria. The transfer will become effective later this month.

Since leaving Prince Rupert about a year ago, Mr. St. Clair has been district forester at Nelson. His post at Nelson is to be filled by S. E. Marling of Victoria.

Mr. St. Clair is a former president of the Prince Rupert Rotary Club.
