Strike Is Critical

No Change in Labor Dispute in British Columbia—Miners Threaten

SYDNEY, N.S.—Speaking here, Alex McAuslane, vice-president of the Canadian Congress of Labor, said the timber strike in British Columbia was but the spearhead of a labor drive in Canada. The next two months may see an unprecedented fight for labor. It is a time of grave concern for labor. "The possibility of a steelworkers' strike was suggested by McAuslane."

VANCOUVER — The British Columbia timber workers' strike still declared today as "critical" Chief Justice Gordon Sloan still receiving arguments from both sides and is expected to announce recommendations to settle the week. Meantime, a spokesman said that no proposals had been offered by the operators and no negotiations were actually on. Mine workers are to have a vote in ten days unless a settlement with the operators is reached in the meantime, a spokesman of the Union of Mine and Mill Workers stated today. There is also no sign of a settlement in the foundrymen's case.

SEEDING IS COMPLETED

Weather Cool and Growth Backward on Prairies

WINNIPEG—Resumption of seeding, following delays occasioned by frost the week previously, is rapidly bringing seeding of the current crop to completion. Only at isolated points are good showers occurred but these are of local nature to the general benefit, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways. Weather remains cool and backward in most sections. The frost damage was less than anticipated and only a few points will be reseeded of grain. In the Okanagan Valley the weather has been dry during the week with hot days and cool nights. Apricots, pears and peaches have set well with apple trees still in blossom. The cherry crop will be somewhat lighter than last year because of cool weather and high winds.

SOME STRIKING LOGGERS HERE

Some loggers have arrived in the city from the strike-tied camps in the Terrace area, and the Queen Charlotte Islands, as had been expected, many of the strikers are staying in the camps as paying guests of the operators. Quite a few of the striking loggers who leave the camps are converging on Vancouver.

Charlottetown Is Coming Again

One hundred and sixteen naval cadet students of the University of Western Ontario are due in Prince Rupert next Thursday aboard the Canadian frigate H.M.C.S. Charlottetown. They will be here in the course of a training cruise from Esquimalt as far north as Ketchikan—a cruise similar to that which brought the Charlottetown to Prince Rupert two weeks ago with University of British Columbia students on board. In June there will be a third such cruise in the course of which the Charlottetown will again call at Prince Rupert.

Railway For Development

MONCTON — "With natural wealth untouched by the ravages of war and in the midst of a world standing in need of everything, Canadians can envisage a great field of opportunity," S. W. Fairweather, vice-president of research and development, Canadian National Railways, told the annual meeting of the Board of Trade here. "We see a country stored with riches almost beyond the power of comprehension; a half continent rich in every form of natural resources from which we Canadian citizens draw our existence and based on them have achieved a security and a standard of living for which we may be truly thankful."

Without railway service Canada could not exist as the highly productive organic unit which meant so much to her people in their daily lives, Mr. Fairweather said. Whether they know or not, the service rendered by the Canadian National entered into the life of every citizen of Canada. Every seaport and every city in Canada was served by the system, which extended direct service to 88 per cent of the population. It was, therefore, but just and fair to consider that the major proportion of opportunity would be based on Canadian National service as in the past. "The moving spirit of the Canadian National Railways—its reason for existence—is public service," Mr. Fairweather concluded. "I predict that with a continuing faith in this great country of ours, the service rendered by the Canadian National Railways will continue to create opportunities for our capital and our people to the end that we may have an increasingly prosperous Canada."

COMMUNISTS ARE WINNERS

APPEAR TO HAVE LARGEST GROUP IN CZECH ELECTIONS, PRAGUE — Communists emerged on Monday as the strongest political party in Czechoslovakia on the basis of substantial returns from Sunday's parliamentary elections. The Communists held a plurality in Prague where the People's Party took 105,000 votes as compared with 31,000 before the war. Returns from outlying districts hold the answer of whether the vote of the Communists and other extreme leftists would be sufficient to gain a majority in a new assembly of 300 members.

MINTENKO CASES ARE DISMISSED

Charges of retaining stolen property against William and Metro Mintenko were dismissed by Mr. Justice A. M. Harper in assize court this afternoon when he upheld the contention of Defence Counsel A. B. Brown that the charges were invalid because of the failure of the presiding magistrate to sign the depositions of the two men taken at the time of their preliminary hearings last fall. Both men were cleared in a 20-minute session of the court this afternoon. The cases complete the criminal docket on this spring's assizes.

SEAMEN'S UNION STRIKE SPREADS

No Tie-up of Coastal Shipping Yet Been Called, It Is Announced

TORONTO — The Canadian Seamen's Union reported today that its strike of Great Lakes seamen was spreading rapidly and has tied up at least thirty ships. G. R. Donovan, secretary of the Dominion Marine Association, claimed that only seventeen of 115 ships owned by four major lake shipping companies had been tied up by the strike. Reports from various lake ports told of ships sailing with part of regular crews after some crew members had walked off. The union said that the strike has gone out to an estimated five thousand members but no strike had been called on coastal shipping. The union is demanding an eight-hour day to replace the present twelve-hour shifts.

ASSIZE COURT SESSION BRIEF

List of Criminal Cases Picturing Out for Time Being At Least

In a half-hour opening session of Assize Court this morning, Mr. Justice A. M. Harper heard notice by Crown Counsel T. W. Brown that an application for a stay of proceedings would be lodged with the court at 2:30 Tuesday in the case of Alan Daniel McMillan, Queen Charlotte logger, charged with rape. Mr. Brown told the court that the application for the stay of proceedings would be made on instructions from the attorney-general. On application of defence counsel, W. O. Fulton, Mr. Justice Harper also granted an application to have the manslaughter case against Edgar Snidal held over until the fall sitting of the Assize Court here. Crown Counsel Brown agreed to the application on the grounds that the case was so recent that the Crown's case against the alleged operator of the small gillnet boat from which William Main was said to have disappeared on the Skeena River last month is not yet complete. Snidal's bail bond, set at \$1,500 by Police Magistrate W. D. Vance, was allowed to remain in effect by Mr. Justice Harper. The bond is made up of two sureties of \$750 supplied by Mr. and Mrs. F. T. Morrison. In the case of Metro Mintenko, charged with retaining stolen goods, Mr. Justice Harper granted an adjournment until 2:30 this afternoon on application of Crown Counsel W. O. Fulton after Defence Counsel A. B. Brown had made application to have the case thrown out. Mr. Brown made his application on grounds that depositions given by Mintenko at the preliminary hearing did not bear the signature of the presiding magistrate as required by law. He cited precedent, which he said, supported his claim that the depositions were illegal and invalid. Mintenko is charged with being in possession of goods belonging to the American Army valued at \$125.

CZECH HOMES ARE FOUNDED

OTTAWA—The Unitarian Service Committee of Canada, working for French and Czech relief, with branches in Ottawa, Montreal, Toronto, Winnipeg and Vancouver has established homes in St. Jean de Luz in France in Olesovice, Czechoslovakia, where children of anti-patriots, regardless of creed, are given physical and mental care for a three-month period. Canadian foster-parents who provide for a child's stay in a rest home receive the case history of the "adopted" child and his picture. They may also correspond with the child and send small parcels overseas. The honorary committee is headed by Senator Cairine Wilson and includes Count de Hauteclocque, French ambassador, Czechoslovakian Minister Pavlasek and a number of leading Canadian citizens.

Carrying 250 passengers for the Alaska ports, C.P.R. steamer Princess Louise, Capt. P. L. Leslie, was in port for two hours this morning. Among the passengers were many workers heading for the territory for the summer months and a number of tourists who made liberal use of their cameras in the downtown area while the ship was in port.

Says Britain and United States Try to Dominate War-Weakened Countries

LONDON (CP) — Foreign Minister Molotov of Russia declared in Moscow today that the British-American "bloc" had waged an offensive against Russia at the recent Big Four foreign ministers' conference in Paris and the British-American capital was attempting to "subdue" war-weakened nations. Molotov said that Britain and the United States, "grouping themselves in a bloc, gave the conference no chance of reaching an agreed decision" on disposition of Italian colonies or on the matter of Italian reparations. Molotov further said that he could not agree to calling a formal twenty-one power peace conference until Big Four representatives had reached preliminary agreement on treaty questions.

Union Head Is Smarting

Declares Truman Has Sounded His Political Death Warrant By Terms of Railway Settlement

CLEVELAND — Smarting under defeat in the railroad strike, A. F. Whitney, president of the Brotherhood of Railway Trainmen, declared today that President Truman has "signed his political death warrant." Whitney berated Truman for the strike settlement terms ending the two-day rail tie-up. He denied his union would spend its entire \$75,000,000 treasury to defeat Truman in 1948 as he was quoted in Washington as saying but he did say the union would spend \$2,500,000.

DEFENCE PLAN WAS REJECTED

London Paper Says Mackenzie King and Smuts Would Not Agree to Former Chief of Staff

LONDON — The Evening Standard said in a newspaper story today that a four-point blueprint drawn up by Lord Alan Brooke, former chief of Imperial General Staff, was rejected by the Dominion Prime Ministers' conference chiefly on the opposition of Prime Minister Mackenzie King of Canada and Prime Minister J. C. Smuts of South Africa. The plan involved a Commonwealth defence program, it is said. The premier of Canada, the paper said, would not commit Canada to military operations in the Far East.

MICKLEBURGH IS SPEAKER

Urges Support for Loggers Strike in Open Air Address at Terrace

TERRACE (Special to Daily News)—The strike of woodworkers continues into the second week with negotiations for settlement continuing between operators and employees. The I.W.A. have held meetings practically every night and the picketers are still turning out daily. No major clashes have occurred though operators have commenced to move some poles. The I.W.A. is permitting material used for necessary bridge repairs and installation of electric system for district to be moved. The strike is, of course, the main topic of conversation everywhere.

Bruce Mickleburgh was in Terrace over the week-end and held an open air meeting following the ball game on Victoria Day, the largest audience he has ever had here. He urged the strikers not to give in until their demands had been met. The trade unions had stood loyally behind the country during the war and now they were entitled to some of the fruits of victory in order to have a decent standard of living. Wages were lagging behind prices. He reviewed the history of trade unionism, how the workers had once fought for the 10-hour day, then the 8-hour day. Sixty years ago four workers were hanged for demonstrating for an 8-hour day. The 40-hour week would provide more employment. There would be less sickness, less absenteeism and, by means of improved machinery, greater productivity per hour. He called upon everyone to line up solidly behind the union as the new wage would give Terrace a new lease of life. By winning this battle, another blow would be struck for the veterans and for the housewife. The increase in wages would not mean an increase in prices, as the employers would have the workers believe. It would merely mean that the worker would get a share of the profits of the business and to this he was entitled. Union security would guarantee the employee the continuance of the things for which he had fought.

FORMER BISHOP OF LONDON DIES

WORCESTER, Eng. — Rt. Rev. Arthur Foley Winington-Ingram, former Bishop of London, died yesterday at the age of eighty-eight following a short illness.

SAYS PRESS URGING WAR

Charges that the metropolitan press of Canada and the United States is heading those two countries toward war with the Soviet Union through distorted political news reporting were levelled by Labor Progressive Club secretary Bruce Mickleburgh before an audience of 30 in the Odellows Hall Sunday night.

Employing the Iranian case as his example, Mr. Mickleburgh said that events in Iran and in the United Nations Security Council proceedings during the last three months constitute a "vastly different story from what appeared in the daily press."

"No matter what happens, Britain and the United States are determined to use Iran to pillory the Soviet Union and slander it," he asserted. "It is my opinion that the picture given in the daily press in Canada and the United States regarding the Iranian case in no way corresponds with the facts."

Although Britain and the Soviet Union had agreements permitting their troops to be present in Iran, the United States had no such agreement, he declared. When Britain withdrew her troops from the country last March, she did so by moving them 100 miles westward to the Iraq border.

"But when the Soviet retained troops in Iran until April, the fact that she did so was permitted under the terms of a Soviet-Iranian pact of 1921 was never recorded in the newspapers."

I.O.D.E. HOLDS CHURCH PARADE

More than 40 members of the city I.O.D.E. chapters attended a church parade at St. Andrew's Cathedral on Sunday morning, hearing Rev. Basil Prockter deliver an address on the Empire in which he said that it was a bulwark for world peace. Assembling at the cathedral shortly before 11 o'clock, the ladies entered the church led by Municipal Chapter Regent, Mrs. D. C. Stuart. The standard bearers of four chapters carried the chapter banners. They were Mrs. S. V. Cox, Municipal chapter; Mrs. M. J. Keays, Queen Mary chapter; Mrs. Grant, Cambrai chapter, and Miss Joan Bird, Galloway Rapids chapter.

Mickleburgh charged. "It was made to appear as though Russia was in Iran on a strictly illegal basis."

Reports that the Soviet intended to attack Turkey early this year were given wide publicity by American and Canadian newspapers but, when the falsity of those reports was proven later, little space was given to correcting them, he declared.

"We have a situation in which the Soviet Union is blamed for all the evil deeds that the capitalistic powers themselves are trying to do," he said. "The press presents political facts in an entirely different light because it is controlled by monopoly capital which also controls the gathering and dissemination of news."

However, he conceded, a "few newspaper men do keep level heads and redeem the integrity of the profession."

ENCOURAGE IDEAS

I believe it is rather rude that we, as older citizens, have not replied to a prize teen-age letter which was recently published in your paper. If we expect our youth to advance constructive ideas we should at least acknowledge their efforts.

CANADIANS AND EMPIRE

The British Commonwealth and Empire is the greatest force today for freedom, peace, security and decency and it would be a calamity to the world if ever it should be dismembered, Lieut. Col. J. T. Harvey M.C. told hundreds of students at the Civic

Centre Auditorium Thursday afternoon as the Empire Day demonstration of Booth Memorial High School was held. "It behooves us all to do our part in holding the Empire together," the featured speaker of the day admonished. He dwelt on some of the traditions and accomplishments of the Empire and mentioned several great statesmen including Macdonald and Laurier of Canada, Churchill of Britain and Smuts of South Africa.

"The best way we can contribute to the Empire is to be good Canadians — right-thinking, decent and honorable," Col. Harvey said. British, French, Scandinavian and other countries could be well blended into one great Canadianism.

Mrs. D. C. Stuart, regent of

Municipal Chapter, I.O.D.E., presided. Ald. N. E. Arnold spoke briefly on behalf of the city and the program included vocal solo, "The Empire is Our Country," by Benita Windle, piano duet, Mary Adecock and Gwen McRae; vocal solo, "Somewhere a Voice is Calling," and "Thank God for a Garden," Mrs. G. L. Brown; physical fitness display by girl instructors of Rup-Rec; chorus, "Our Own Dear Land" and "Our Canada From Sea to Sea," Grade VII girls; song, "United Nations," Joanne Langridge, Lorraine Youngman and Pat Tumilson; chorus, "Lord of the Lands" and "The Land We Love," Grade VIII girls; solo, "Land of Hope and Glory," Mrs. J. W. Oak. Accompanists were Mrs. J. W. Oak, Mrs. E. J. Smith and Laverna Linney.

Why should a \$500,000,000 BUSINESS ESCAPE INCOME TAX ?

The Dominion Government depends for almost half its revenue on Income Tax and Excess Profits Tax from industry and business. There is one large section of business which at present is not contributing one cent of this revenue. We refer to co-operatives in all parts of the country.

We are not attacking the principle of co-operative trading; but we do stand for equality of taxation. We believe that all enterprises, from great organizations handling farm produce to small country stores should bear their share of taxation whether they are operated by co-operatives or privately owned by one or more citizens.

Here are a few facts we would like you to bear in mind:

- The business turnover of co-operatives was more than \$527,000,000 in 1944—an increase of 50% over 1943, and more than double the 1942 turnover.
- Co-operatives have an investment of more than 40 millions of dollars in plant and equipment, and total assets of more than 200 millions.
- Co-operatives are engaged in buying, selling, processing, manufacturing, servicing; in flour milling, oil refining, the manufacture and distribution of farm implements, printing, publishing, the business of owning and leasing property, bus transportation, home building, trucking, rural electrification, telephone service, etc.

Expansion through non-payment of Income Tax
The rapid expansion of the co-operatives in recent years has been due to the fact that they have escaped paying income tax.

Privately owned businesses have paid Income and Excess Profits Taxes ranging up to 100% of their profits. Co-operatives claim they have no profits. What they call "savings" are either added to reserves or paid out as "patronage dividends" to their customers. A Royal Commission has declared that co-operatives do make profits, and recommends that these profits be taxed. But this Commission has also recommended that profits paid out to customers as "patronage dividends" be allowed as an expense in computing taxable income.

Are all profits to be tax-free?

If such a recommendation were to become law, it would leave the door wide open for the payment of all profits as "patronage dividends". Co-operatives would still continue to escape the payment of income tax. "Patronage dividends", which are paid out of profits, must be placed in the same category as dividends in any privately owned business.

Revision of The Income War Tax Act, insofar as it concerns Co-operatives, will come before the current Session of Parliament. It is of utmost importance that such revisions shall bring tax equality to all groups. We urge that the income tax payers of Canada insist that their elected representatives in the House of Commons see that the heavy burden of income tax is shared fairly by all.

The Income Tax Payers Association has no objection to the principles of co-operative trading. It should be the right of every Canadian to trade as he desires. Our object is to ensure that no section of business unloads its share of income taxation and cost of the war on other business or on individual income tax payers.

Ladies assisting were Mrs. Anne Kirkaldy, Mrs. J. Harris and Mrs. R. de Kergommeaux. Mr. Dubéau extended a special vote of thanks to all those who had donated either money or services to make the day a success. F. Morris had worked specially hard both during the day and beforehand making collections. The money left over is to be turned over to the Terrace Progress Club for the further improvement of the ball park.

WHATS DOING AT PRINCE RUPERT RECREATION COUNCIL GYMS BY JIM NAST

CONGRATULATIONS — Hats off to those hard working instructors who did such a noble job with the Rup-Rec display in the Victoria Day parade. Overnight a prosaic coal truck, kindly loaned by Philpott-Evitt and Co. Ltd., was turned into a thing of beauty. The flat top was transformed into a gay and colorful stage. Friday, young men and girls of the Rup-Rec, posed for over an hour—no small feat—while the parade headed for the Roosevelt Park grounds. Painted in gold their attractive figures brought many "ohs" and "ahs" from the thousands of spectators that lined the streets. The way the gang got together on this job is just another example of the grand "esprit de corps" that made the Rup-Rec shows such a grand success recently.

JUNIOR BALL—Queen Margaret and her royal entourage, Princess Lydia, Princess Beverly, Princess Sonja and Princess Pat, officially opened the Junior May Day Ball Friday night before the hundreds of youthful admirers that thronged the Civic Centre auditorium for the occasion. It was really a "bang-up" affair. The ceremony was followed by "free style" dancing to music by the Esquires. Everyone enjoyed the dance from the tiny blonde aed about three and a half, who pirouetted happily by

herself in a corner, to the couple of 11-year olds, doing some of the fanciest jitterbug numbers it has been our privilege to see. We are willing to wager that this dance hasn't been duplicated on any other dance floor to date. Seriously, though, the youngsters really had a wonderful time and it was a great wind-up to a highly successful Victoria Day.

FASTBALL MEETING—Another organizational meeting, which all fastball fans, players, etc., are urged to attend, will take place on Tuesday night in the common lounge at the Centre. It is hoped there will be a good turnout at this important get-together, preparatory to commencing the Prince Rupert fastball season.

GYM CLASSES—Rup-Rec classes are being resumed today and the schedule is as follows: 4:30 to 5:30—Junior girls. 7:00 to 8:30—Intermediate boys. 7:00 to 8:30—Intermediate girls. 8:30 to 9:30—Senior men. 8:30 to 9:30—Ladies "keep fit." Please note that classes will

NAVAL CUSTOMS AND TRADITIONS No. 4

NIGHT ROUNDS: Although the great Nelson officially died at the battle of Trafalgar, many customs of today's Navy teach Jack Tar that Nelson's spirit lives on. "Night Rounds" are still being made with a huge brass candle lantern containing a single long-burning candle. For practical purposes, a powerful electric torch is also carried — but the Navy continues to cherish the glow of tradition which radiates from this 18th-Century lantern!

The bride was dressed in a mist grey crepe gown fashioned in a draped style of afternoon length, and wore shoulder-length veil caught at either side by dainty white flowers. Her accessories were white, and she carried a bouquet of pink roses.

The matron-of-honor was Mrs. Bill Goronzy who was gowned in an afternoon length dress of flowered blue silk and wore a short length head veil. She wore a corsage of gardenias and her accessories were blue. Bill Goronzy acted as groomsman.

SMITHERS

Norman Tycho, son of Mrs. Tycho and the late Gus Tycho of Smithers, has returned from overseas service with the Royal Canadian Air Force. Norman joined the R.C.A.F. in the early part of the war and saw service in Iceland and England. His plans at the present time are indefinite.

Twin sons were born last Tuesday morning to Mr. and Mrs. Walter Griffiths of Telkwa.

Mrs. Carl Anderson, English war bride of a well known local man who served overseas with the Canadian Army for four years, arrived in Smithers recently. She was guest of honor at a surprise reception given by the Women's Auxiliary of St. James Anglican Church. Mr. Anderson is employed at a logging camp near Smithers.

A Central B. C. Airways plane arrived in Smithers from Prince George to assist forest Ranger C. L. Gibson with an aerial reconnaissance of the district for forest fires.

Attractions will be the usual exhibits of farm produce and handicrafts, horse racing, athletics, midway and a baby show. A dance will be held on Friday evening, August 30.

bridesmaid and wore a blue suit, feather head-dress and a corsage of pink carnations. The bride was given in marriage by her father.

The groomsmen was Pilot Officer J. Heibert.

The bride was a very popular young girl and the church was filled with friends. A buffet reception at the home of the bride's parents followed the ceremony. For their honeymoon, the young couple toured the countryside.

Richard Dubeau is expected home in Terrace at the end of this month and his bride will follow later.

settlement's seven war veterans were honored with an official "Welcome Home" ceremony sponsored by the Queen Charlotte Islands Hostess House Committee recently before a gathering of people from all over the Islands.

The seventh veteran, who was absent, is still in Germany. He is Joseph Haan, veteran of the battles of Holland and Germany who has been recommended for the Military Medal.

During the welcome ceremony, each of the six veterans was presented with a leather wallet. Those who received the tokens were Pilot Officer Percy Gladstone, veteran of 30 missions over Germany, William Mathers of Sandspit; Edward Regnary of Skidegate; Harold Christensen, Skidegate; Charles Kritchman, Lawn Hill and Edmund Stevens, Skidegate, veteran of Holland and Germany where he fought with the Twenty-eight Tank Regiment.

Speeches were delivered by Capt. Gordon S. Reade, fisheries department officer, a veteran of both world wars, Stipendiary Magistrate E. S. Richardson, and Mrs. E. C. Stephens, president of the Hostess House, and Mrs. Duncan McCall, vice-president. The last two presented the wallets to the veterans.

The gathering was the final one in the Hostess House which has now closed after an impressive record of service for airmen and troops posted on the Islands. The equipment has been turned over to the Skidegate Branch Canadian Legion, for use in the Legion Hall.

The seven veterans who were honored were only a small part of the number of servicemen who came from the Islands. However, the others did not get overseas, although all enlisted for general service.

Following the ceremony a dance was held in the Hostess House with music by the Harmony Boys orchestra.

IS MARRIED IN ENGLAND

Pilot Officer Richard Dubeau Takes British Girl for Bride

TERRACE—At two o'clock on Tuesday afternoon, April 9, St. Augustine's Church in Swindon, Wiltshire, England, was the scene of a very pretty wedding when Miss Delela Norton, eldest daughter of Mr. and Mrs. Norton of Swindon, became the bride of Pilot Officer Richard Dubeau, eldest son of Mr. and Mrs. M. Dubeau of Terrace.

The bride looked lovely in a dusky rose suit with matching brown accessories. She wore a corsage of pink carnations and carried a white ivory prayer book. Her sister Cynthia was

brings you Coffee for breakfast

CANADA produces no coffee. Brazil produces no Nickel. But Canadians like coffee for breakfast. Brazil, on the eve of great industrial expansion, is going to need more and more Nickel. So Canada imports Brazilian coffee. Brazil, it is hoped, will import increasing quantities of manufactured goods containing Canadian Nickel. Each product will help to pay for the other.

Less than three per cent of the Nickel produced in Canada is consumed in Canada. So we must continue to export Canadian Nickel if we are to continue to employ thousands of Canadians in the Nickel mines, smelters and refineries, and other thousands who produce the lumber, power, steel, machinery and supplies used by the Canadian Nickel industry.

Canada cannot keep on importing goods from other lands unless Canadian goods are exported.

By constantly expanding the use of Nickel at home and abroad, the Canadian Nickel industry brings additional benefits to Canada and Canadians.

STURDY FARM PICTURE HERE

"The Southerner," at Capitol Theatre, Heart-warming Picturization of Well Known Novel

"The Southerner," picturization of the heart-warming novel, "Hold Autumn in Your Hand," comes this Tuesday and Wednesday to the Capitol Theatre with Zachary Scott and Betty Field in the starring roles. It is the story of a sturdy young migratory cotton picker whose love of the land gives him the courage to forsake doubtful security for a doubtful battle with nature that is the lot of a man who owns his own crops.

One of the poignant moments of the film is the scene when the young farmer and the young family light the first fire in the crude shack that is the beginning of the struggle for peace and security. Their subsequent fight to battle the elements and make a living from the land makes an intriguing tale.

Zachary Scott, of course, has the title role while Betty Field is the courageous young wife. Beulah Bondi is the bright-eyed, if shrewish, old grandmother. Jay Gilpin and Percy Kilbride are the girl and boy. J. Carroll Nash and Estelle Taylor also have important parts.

SEA CADET BAND PLEASSED CROWDS

With Guard of Honor Added to Parade on Victoria Day

One of the pleasing features of the Victoria Day parade and sports was the full measure of co-operation given the Kinsmen's Club by various organizations and individuals of the city. In this connection the help given by the Captain Cook Corps of the Royal Canadian Sea Cadets was worthy of special note. Lieut. E. John Wilson was in command.

The corps had had a very busy week. They had held their regular weekly parade on the Monday evening. In view of the annual inspection on Wednesday there had been extra parades on the Tuesday. Then came the very important annual inspection on Wednesday evening. Many of the lads had already made arrangements for outdoor activities on the Friday but, when they were asked to turn out on the Kinsmen parade and march to Roosevelt Park, they did so and the band and guard of honor were at practically full strength.

Their smart appearance fine marching, and the playing of

the bugle band were all impressive. These showed the results of many evenings of training. The guard of honor was the subject of much favorable comment by veterans—young and old. Their smart rifle movements, their efficiency, their certainty of action bore the stamp of first class training. Their "present arms" to the May Queen was worthy of royalty. For this much credit must go to the officer in command of the guard, Midshipman Len Youngman.

The band under Midshipman Mel Thompson also was first class. Here again the results were a sign of the steady training of months. When the corps goes to camp this year these two units will certainly set all other cadet corps a standard that will be very difficult to beat.
