United States-YugoSlavia Near War

Unprovoked Forays Are Strongly Protested By Washington-London

EXPLANATION DEMANDED OF CIRCUMSTANCES OF AMERICAN TRANSPORT PLANE BEING SHOT DOWN IN FLAMES

BELGRADE, YugoSlavia (CP) — Diplomats looked to Marshal Tito himself today for an explanation of an eye-witness account describing how a large transport, believed to be a missing American plane—was shot down in flames by two YugoSlav fighter planes over the Alps Monday. In Washington, the United States Department of State, revealing a state of near war between American and YugoSlav troops at Trieste, accused YugoSlav forces of making illegal forays into the American occupation zone and of unprovoked attacks on American soldiers.

In London the British Foreign Office said it had protested in the strongest terms against invasion of the Allied zone of the Trieste area and attacks on British and American troops.

This transport is the second American craft reported missing over YugoSlavia this month. The other transport was forced to land under gunfire August 9.

An eye-witness, who reliability is unquestioned, said two fighters closed in on the transport Monday southwest of Klagenfurt, Austria, four-tens miles north of the YugoSlav border. The witness said at least two persons parachuted.

On Monday a United States Army plane, enroute from Vienna to Udine, was hours overdue and the last message from the plane said that tracer bullets were streaking past it. This came the day after an official disclosure that the other American transport, plying the same Austria-Italy route, was forced down in YugoSlavia by YugoSlav fighter planes which fired a burst of machine gun bullets, wounding a passenger. The plane, overdue Monday, was assigned to the European air transport service.

Undersecretary of State Dean Acheson, in charge of the State Department in the absence of Secretary James F. Byrnes, today denounced the YugoSlav attack on the first American plane as "an outrageous performance." The United States plane had been clearly marked. He demanded immediate release by the YugoSlav authorities of crew and passengers.

BRITAIN ASKS PALESTINE TRUSTEESHIP

LONDON — A British government informant said today that Britain will ask the United Nations Trusteeship Council next month to appoint her sole trustee for Palestine. The source said that the government has decided that this step is necessary because, with the demise of the League of Nations, legal basis for Britain's mandatory rights no longer exists. He said that Britain would "certainly not" give up her mandate in the Holy Land, and never has considered doing so.

IS CHARGED WITH MURDER

Confessed Sex-Slayer is Removed from Lethbridge to Calgary

CALGARY — Donald Sherman Etaley, 30-year-old ex-serviceman, was removed here yesterday from Lethbridge jail, where he was a prisoner serving a year's sentence for breaking and entering, and was charged today with the sex-murder slaying of six-year-old Donny Goss of Calgary. It was announced Sunday night by city police that Etaley had confessed to this slaying as well as that of 11-year-old Garry Billings of Vancouver. Disposition of the Vancouver charge is expected to await the outcome of the Calgary trial.

Etaley is stated by the police to have made his confession in Lethbridge jail. Murder charges were immediately laid by both Calgary and Vancouver police. The Billings boy was killed on a Stanley Park beach at Vancouver July 5 and the body was found July 24.

The Goss boy was killed at Calgary July 24 and the body was found the next day badly mutilated in the bushes of St. George's Island Park. Etaley was discharged from the Army at Vancouver June 24 and came to Calgary about July 22.

LANDS READY FOR VETERANS

OTTAWA — Veterans' Minister Ian Mackenzie announced today that an agreement had been reached between the Dominion and B.C. governments for settling veterans on B.C. provincial Crown lands. Mackenzie said that the province had undertaken "to issue a grant on behalf of each veteran for an area not exceeding 160 acres." These provincial lands, now available for selection, are in the Kootenay district, and along the C.N.R. line lying between Prince Rupert and Prince George, and in coast areas south of Prince Rupert.

LADY NELSON LANDS MONDAY

HALIFAX — several hours ahead of time, the former Canadian hospital ship Lady Nelson arrived yesterday from Britain with 300 dependents of Canadian ex-service men and fifty disabled veterans.

STEEL PICKET LINE BROKEN

HAMILTON — Automobiles filled with employees of the Steel Company of Canada passed in and out of the plant's main gate today escorted by police through the picket lines. An estimated 40 men were taken out and approximately 12 men entered the plant. It was the first time that a picket line of the C.I.O. United Steelworkers' of America had been broken since the union called the wages and hours strike against Canada's basic steel industry on July 15.

"Bring In Men" For Canuck Girls

OTTAWA — A plea for an immigration policy which would provide husbands for Canadian girls who lost the competition with incoming war brides was made in the Senate Monday by Senator Cairine Wilson.

Planned Society Archibald Plea

OTTAWA — Objecting to a defence plan as announced by the Minister of National Defence as a "farce" in the age of atomic warfare, Harry Archibald, C.C.F. member for Skeena, advocated a system of planned society with equality and justice for all. Hon. Ian Mackenzie described Archibald's speech as communistic.

THE WEATHER

Synopsis
High level thunderstorms which developed last night over the lower mainland are expected to spread northward over the southern half of British Columbia tonight. An outbreak of Pacific air approaching the northern coast is expected to give cloudy skies and rain over the northern portion of the province tonight and Wednesday. Thermometers climbed to ninety at several places in the province yesterday reaching 99 at Lytton and a repeat performance is expected again today.

Forecast

Prince Rupert, Queen Charlottes and Northern Coast—Clear in vicinity of Queen Charlottes and Johnstone Strait today but overcast in northern districts with cloudiness spreading south over region this afternoon and early Wednesday. Intermittent rain tonight over Charlottes spreading to northern mainland early Wednesday and becoming showery. Northwesterly winds 10 miles per hour in vicinity of Vancouver Island becoming light Wednesday. Elsewhere southerly 10 miles per hour increasing to 20 tonight and becoming southwesterly by Wednesday. Little change in temperature. Low tonight: Port Hardy 45, Massett 51, Prince Rupert 53; high Wednesday: Port Hardy 65, Massett 60, Prince Rupert 65.

Sees Management Fighting Labor

MIAMI — President Randolph of the International Typographical Union told the annual convention here that the fight of management against organized labor was to be stepped up soon. More help from members, financial and otherwise, would be required to assist in the defence.

CHEPSTOW, Monmouth, Eng. — Mrs. Mary Hancock, 51, died half an hour after being stung by a bee, the third person to be stung fatally in Britain in a month.

Key Evidence—Canadian's Diary Aids Jap Trial

Wing Cmdr. L. J. Birchall, "Savior of Ceylon," Kept Record of Prison Tortures

OTTAWA — The diary of one of Canada's noted fighting men on the Second Great War is one of the key factors in the compilation of evidence against Japanese who tortured Canadian prisoners-of-war.

It is the diary of Wing Cmdr. Leonard J. Birchall, O.B.E., D.F.C., "Savior of Ceylon," who, with surprising thoroughness, took down the history of every prisoner he met. In fact his collection of data is valued by every country whose warriors became Japanese prisoners.

A native of St. Catharines, Ont., Birchall was shot down over the Indian Ocean and taken prisoner after sending back the warning that a Japanese fleet was approaching Ceylon. The warning led to a repulse of the attempt. Birchall now is back in Canada.

His contribution was made known by the R.C.A.F. in its report of Canada's efforts to track down the tortures of her men.

In Ottawa, the Canadian War Crimes Investigation Section at National Defence Headquarters, under Lt.-Col. M. J. Griffin of Vancouver, sorts out the evidence, and adds the written testimony of former prisoners now in Canada. Liaison with the Air Force is maintained through an officer who insures that atrocities against R.C.A.F. personnel receive appropriate attention.

The Birchall diary consisted of several flimsy-papered books, only half of which he was able to get out of Japan. During the war he kept the books hidden in a false-backed box and smuggled part of it from place to place in a pillow. Half the diary was lost in a bombardment by an American fleet.

Birchall suffered all the usual hardships including sentence to a "discipline" camp where life was made particularly miserable in an effort to crush the spirits of officers whom the Japanese found particularly unmanageable.

One of his camps was that at which the United States fliers who first bombed Tokyo were imprisoned. Birchall saw at least one of them tortured and heard of the deaths of others. He was camped outside Tokyo during the burning and bombing of that city.

MARITIME COMMISSION

OTTAWA — Rt. Hon. C. D. Howe, minister of reconstruction, told the House of Commons that the need for a Canadian Maritime Commission is apparent and he hoped one would be in operation by next year. He said: "There seems little doubt that Canadian shipping is in a position where a Maritime Commission is required. Functions that should be taken care of by a commission are now taken care of by three separate departments."

Russia Is To Be Met

Great Britain and United States Facing Up Squarely to Dardanelles Issue

WASHINGTON, D.C. (CP) — United States and Great Britain have decided to meet Russia squarely on the issue of the Dardanelles. A Foreign spokesman in London said that France had joined the United States and Great Britain in expressing to Russia unqualified opposition to Soviet proposals for sharing with Turkey military control of the Straits.

A copy of the French note to Russia has been sent to Britain, Turkey and the United States.

An informed government source in London predicted that an international conference, with United States represented, would be called on the Dardanelles this year.

RIGID GUARD IN PALESTINE

HAIFA — British troops clamped a rigid cordon around the port area of this Palestine city yesterday following a tumultuous week-end in which a group of illegal Jewish immigrants attempted unsuccessfully to scuttle the transport assigned to deport them to Cyprus.

Tension mounted throughout the Holy Land as a result of the British deportation policy, and reports were published in London that all underground groups in Palestine were scheduled to launch a country-wide offensive today.

Navy Strength Growing

OTTAWA — Defence Minister Abbott told the House of Commons Monday that Canada's navy has hopes of recruiting more than 8,000 of its 10,000 personnel objective by the end of the fiscal year ending March, 1947. The policy calls for a relatively small, but modern navy of ships working closely with the British and United States navies.

NO CEREMONY FOR ALEXANDER

Arrival of Governor-General, Viscount Alexander, in Prince Rupert Wednesday afternoon will be marked by no official recognition by civic authorities, since the Governor-General has announced that his brief stop here will be entirely unofficial. The Governor-General is scheduled to arrive here at 6 o'clock tomorrow afternoon aboard the destroyed H.M.C.S. Crescent and will leave at 8 o'clock by train. The party will travel in two special cars which will be attached to the regular eastbound train.

Possibility that Viscount Alexander might have invested Darrow Gomez, ex-sergeant, 105th Battalion, Third Canadian anti-Tank Regiment, with the Distinguished Conduct Medal, disappeared yesterday when Mr. Gomez received a telegram advising him that the Governor-General will be unable to find time to make the presentation.

Earlier, ex-sergeant Gomez had been asked by the Governor-General's secretary if he would be available for investiture during Viscount Alexander's stop in Prince Rupert.

Ex-Sgt. Gomez with the Canadian First Army, won the D.C.M. near Emmerich, Germany, on March 30, 1945, when he destroyed two German field guns and routed several groups of Nazis who had made fierce counterattacks against Canadian positions along the border of the Reich.

AIR LINE POLICY BEING CHANGED

OTTAWA — Date by which Canadian railway companies are required to divest themselves of their air lines has been advanced a year until May 31, 1947 and it is possible that the whole policy may be changed. Rt. Hon. C. D. Howe, minister of reconstruction, told Commons that the government is not so sure now that railways should not operate air lines. The minister making this declaration Saturday gave indication that the government is going to change its 1944 policy and allow the railways to retain control of affiliated air lines. This is taken to mean that Canadian Pacific Railway will be allowed to retain control of its Canadian Pacific Air Lines.

PRETENCES EXPERT VANCOUVER

Detmars, 27, a salesman, is under arrest on 80 charges of obtaining money under false pretences from Vancouver stores. Police said that the charges involve sums totalling several hundred dollars.

PREMIER AT DIEPPE

DIEPPE — Prime Minister Mackenzie King of Canada delivered an address at the ceremony of laying the foundation of a stone monument to be erected here to the Canadian armed forces. He spoke on the fourth anniversary of the ill-fated Canadian-led landing at Dieppe, in which Dominion forces of about 5,000 suffered more than 3,500 casualties.

UNRRA Head Is Released

Russian Activities Linked Up With Removal of Sir Frederick Morgan

LONDON — The War Office announced today that Lieut. Gen. Sir Frederick Morgan has been released from his duties as United Nations Relief and Rehabilitation Administration's chief of displaced persons operations in Germany.

The announcement said that Fiorella LaGuardia, UNRRA director-general, had notified his office that it was possible to release Morgan in view of the changing situation in connection with displaced persons' work.

LAKE STRIKE BRINGS RIFT IN C.I.O. RANKS

DETROIT — A rift appeared within the Congress of Industrial Organization yesterday as C.I.O. seamen opened a determined effort to push all freight shipping off the Great Lakes by next Sunday.

As the partially-effective strike entered its fifth day, the C.I.O. Seamen's Union officials denounced the C.I.O. steelworkers of Lackawanna for damaging the strike by unloading ore vessels at the steel mill.

Seamen's officials prepared to confer with two employers in New York and Chicago on their demand for a reduction in the work week from 55 to 40 hours.

Week-End Death Toll Reaches 22

TORONTO — A Canadian Press survey of fatal accidents in eastern Canada during the week-end showed a total of 22 persons losing their lives, nine in drowning accidents, seven in automobile accidents, three in train accidents, and three from other causes.

CARDIFF, Wales — Cardiff is seeking to expand its city limits to include outlying areas which will add 34,000 to the city's 240,000 population.

Canada Will Be Scene of Third Great War Battlefield

OTTAWA (CP) — The House of Commons was warned bluntly yesterday that, in any combination of nations for a third great war, Canada would inevitably become a battleground.

The warning came from Gen. G. R. Pearkes, V.C., Nanaimo, in charging that Canada's plans for postwar forces

and military preparations gave no indication that she would be ready or able to ward off attack with modern weapons.

Pearkes said that Canada must take every practical step to be ready to defend herself and be ready for her obligations under the United Nations.

VALUABLE COMPETITION

RESULTS have just been announced by the Department of Education prize-winners in a B.C. Products Job Study competition sponsored by the Vancouver Board of Trade. Prince Rupert is among several districts in the province which had prize-winners. The fact that hundreds of High School pupils from all parts of the province took part made the competition a great success. A gratifying feature was the awakening of an active interest among the pupils in practical vocational studies. The sponsors are to be congratulated among their enterprises in launching the competition and it is gratifying that another such competition is to be held next year. It was something different and very profitable.

VOICE OF LABOR

POSSIBLY not all those to whom the phrase free enterprise is an anathema may not know that one of the greatest advocates of free enterprise is none other than William Green, trusted president of the American Federation of Labor. However, he is and here is what he once said on the subject:

Individual liberty and security are inseparably associated with the vital

principle of free enterprise and the private ownership of property. These priceless blessings will remain with us only so long as we maintain the source from which they flow. They will go with the wind, pass beyond our reach, and it will be difficult, if not impossible, to regain them, if ever there is substituted for them any form of communism or government regimentation. Because labor understands fully that it will suffer if ever the foundation and superstructure of free government is destroyed or impaired, it stands firm in its determination to protect and preserve free enterprise and the private ownership of property at any cost.

"My call and appeal to the workers, to management and industry, is to prove now beyond peradventure of a doubt that free labor and free enterprise are better for the world, and more efficient, than forced labor and government-owned and operated industry."

INFLATION WONDERFUL?

A MAN who ran a small chicken ranch needed wheat for his chickens, so he went to work for a farmer one day a week. The farmer paid him \$5 a day. He used the \$5 to buy wheat from the farmer at \$1 a bushel. Every day he took home five bushels of wheat.

One day he said to the farmer, "I've got to have more money, I'm going to charge you \$6 a day for my work."

"I know how it is," said the farmer, "I've got to have more money for my wheat. Starting today, wheat will cost you \$1.20 a bushel."

So the man worked one day a week for the farmer and at the end of the day he took home 5 bushels of wheat.

After a while his wages got up to \$10 a day, and he paid \$2 a bushel for his wheat. The farmer said to his wife, "Isn't it wonderful? I'm getting twice as much for my wheat as I used to."

The man with the chicken ranch said to his wife, "Isn't it wonderful? I'm getting twice the wages I used to get."

in Batavia, Java, is in custody facing charges for mistreatment of prisoners of war and civilians," and "Captain Kantara Tanaka of Makasura Camp in Batavia, Java, is awaiting trial on charges of brutality and neglect."

Other places and names include Sgt. Major Masao Mori of camps in Bandoeng, Java, and on Ambon Island in the Moluccas; Lieut. Col. Bano of Medan Camp, Sumatra, who is awaiting trial on charges relating to the "Notorious camp on the Burma railway."

Batin also told of Japanese surgeons who cut out chunks of infected flesh from prisoners' arms and legs without administering anaesthetics.

Flt. Lt. William Lockwood of Renfrew, Ont., Sgt. Clarence Aitken of Vancouver, FO Donald Hanna of Montreal and Flt.

Lt. Lawrence Montgomery of Lachine, Que., described intolerable living conditions with food of such poor quality and meagre rations that to keep alive was a real achievement.

Affidavits Sufficient

In a few cases transportation is arranged for a serviceman or civilian to the East where the trials or investigations are being held. But more often affidavits or "depositions" are sufficient. A check on all sources of evidence requires affidavits be obtained from all parts of the world.

Descriptions of beatings by Japanese guards are numerous in the depositions. Flt. Sgt. L. Voynich of Montreal described the nervous tension under which prisoners at his camp lived daily due to the cruelty of a camp guard named Captain Sone. Sone, according to Voynich, stoned and struck without provocation any prisoner he met while walking through the camp.

Voynich also described an instance when a ring of guards was formed around a prisoner charged with theft. The victim was beaten until unconscious. Then cold water was thrown on him and he was beaten again until he died.

Long trenches, "presumably air raid shelters," were built at the prison camp of Flt. Lt. Bantini, still in the R.C.A.F. in Canada. "They had long trap doors at the ends made of logs which could be secured from the outside," his affidavit reads.

"These trenches were never used in a raid but the whole camp was warned that when a certain signal was given every man in camp was to proceed on the double into the pits with one blanket. We found out after

Letters to the Editor

WHAT WE DESERVE

Editor, Daily News:
I would like to draw your attention to some of the outstanding qualities of Mackenzie King and his colleagues in the federal government. As ways and means must be found to seriously cripple Germany so that that country can never go to war again, why not let our Liberals administer it? We all know by this time that Mackenzie King has had forty years of experience in effectually slowing down the progress of Canada and he and his supporters have done it so cleverly that they have won the admiration of political parties which would wish to replace him.

Before the Second Great War people were on relief in all parts of Canada. Everyday someone was standing in a queue waiting for a bowl of porridge. If they heard of a place where work might be obtained and it was too far to walk the only means of transportation they could afford was striding the rods or climbing on a box car. The war, with ruthless enemies made our politicians let go temporarily the stranglehold on the economy of our country and, as a result, we made great strides of progress in spite of the fact that we were engaged in one of the bloodiest and most costly wars of all time.

Now victory is won our government is demolishing the war plants, tearing up a lot of our military building and selling the ships built with our war bonds to foreign powers such as China and France for less than one half of what it cost to build them.

As we read the other day the Prince Rupert shipyard employed 2000 men. When they were laid off they were offered all possible discouragement. War-time Housing (another branch of our government) raised the rent \$2.50 for dismissed employees. Of course it was intended that they should leave at once so excuse could be made that workmen were not available to build the \$6,000,000 ship for the Canadian National Railways in the government yard here.

It must have been very important for Mackenzie King and his Liberal government to demolish the shipyard and get us all back on the breadline and

like Canada. We are getting the government of God as a punishment for our stupidity in not using common sense at election time.

ANDREW WASEND.

"It's Alloyed"
Means **LONGER MOTOR LIFE**

THAT'S exactly why Peerless Motor Oil, since "It's Alloyed", is more than a GOOD lubricant. It's the BEST!

Developed after intensive war research, this remarkable "alloying" process builds up the resistance of this superior lubricant to heat and pressure. This means it stays oil longer, giving extra protection.

For better performance at lower cost, you, too, should switch to Peerless Motor Oil. Unexcelled products, together with the friendly, efficient service of your B-A dealer, makes B-A the first choice with most motorists.

Modern Etiquette By ROBERTA LEE

Q. When you have received a valuable gift from a friend, sent by mail, and it arrives in a badly damaged condition, what should you do?

A. Take it up with the post office at once and try to get it replaced. Thank your friend and say nothing about the damage.

Q. Should a man who is walking with two women along the street, walk between them?

A. No; he should always take the curb side of the walk.

Q. What is the correct way to eat artichokes?

A. A leaf at a time should be pulled away, dipped into the sauce, then bitten off.

The right of a free press was established constitutionally in the United States through the inclusion of the first 10 amendments, on the insistence of the individual states.

CANADIAN MEAT COUPON DONATIONS

Each represents ten thousand coupons

COMMITTEE, CANADA

Donations of a part of their meat ration coupons by Canadians to enable greater shipments of meat to be made to the hungry countries has released more than 800 tons of meat to date. The most recent shipment, bearing the Food Information Committee's label, reads, "Voluntary donation of ration coupons by Canadians made this meat available," was 204,840 pounds of meat assigned to UNRRA authorities in Poland. Coupons received prior to May 1, and not included on the above chart, total donations at July 1 stood at 227. The drop in receipts during the latter part of the year is believed to be partly due to the holiday season which has resulted in a reduction in the activities of many of the organizations engaged in the collection of coupons.

BRITAIN GIVES BLOOD TO DUTCH

LONDON ©—In a review of Britain's blood donation scheme last year the Ministry of Health states that about 4,000 bottles of dried plasma were sent to Holland after the liberation for the medical treatment of people suffering from the effects of starvation. This was in addition to many thousands of bottles of whole blood and plasma sent to the British fighting services and used in civilian hospitals in Britain, where transfusion is being used more widely than ever before, especially for surgical and maternity cases. The total number of blood donations in England and Wales last year was nearly 394,000. Before the war, blood transfusion was the concern of a few voluntary associations and one or two local authorities. Now a service designed to meet the needs of wartime casualties has become an established and valuable part of the general hospital services of Britain.

Winners of Essay Prizes Confirmed

Confirmation has been received from the Department of Education of recently announced prize winners in a British Columbia Products Job Study competition held in connection with guidance work in the secondary schools of this province. The competition was sponsored by the British Columbia Products and Industrial Bureau of the Vancouver Board of Trade. Prize-winners in Prince Rupert area, as previously announced, were Audrey Hunter, 17; Donald Main, 16; Ronald Davies, 15, all of Booth Memorial High School here.

Compared with modern newspaper equipment which supplies millions of 40-page copies in a few hours, the old hand presses used in printing the first North American newspapers had a capacity of 50 four-page newspapers per hour.

RELIGIOUS GROUP HAS EXPERIMENT

Students Manage Non-Profit Institution for 'Peg Youngsters

WINNIPEG ©—In a corner of Indian, Bay on the western tip of the Lake of the Woods, ardent youth leaders of the Inter-Varsity and Inter-School Christian fellowship of Manitoba are trying a social experiment in community living. It is a non-profit, non-denominational camp which gives two weeks' vacation and training to Catholic, Jewish, Anglican, Presbyterian and Christian Science children alike.

The camp is situated on a rocky, 193-acre island, and is accessible by a six-mile launch trip from Waugh, Man., through the island-dotted waters of the bay.

Thirteen United States army pre-fabricated huts were brought from Churchill, Man., and used as dwellings for the campers. A log pavilion and dining-hall, three-bed hospital and smaller cabins have been constructed by the campers.

Among the camp leaders are Laura Larmour and Dorothy Pearce, both of Regina, and Ruth Kjargaard, MooseJaw.

The girls' camp operated July 4-17, and a camp for boys is being held Aug. 1-21.

Money doesn't make you happy, but it makes you comfortable while you are unhappy.

RED CROSS OPENS STORK BUREAUX

AUOKLAND, N.Z. ©—Red Cross "stork bureaux" to facilitate admission of expectant mothers to maternity homes are being established in New Zealand to overcome the shortage of maternity home accommodation. A bureau will be established in each of the main towns.

Each bureau will be in charge of an experienced midwife who will keep in touch with the admission situation in each maternity home. Expectant mothers will register at the bureau and accommodation will be found for them. At present they often have to try a dozen or more homes before finding one which can take a booking.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove dirt from the gas burners?

A. If pipe cleaners are used on each little valve of the gas stove burners, they will remove all the small particles of dirt and grease that accumulate.

Q. How can I keep brass from tarnishing?

A. Give it a thin coat of gum shellac and alcohol. Or a thin coat of lacquer can be used if the lacquer is very clear.

Q. How can I measure one cup with a tablespoon?

A. Sixteen tablespoons equal 1 cup, 1 tablespoon equals 3 teaspoons, 60 drops equal 1 small teaspoon.

CARNIVAL STAGE SHOW REAL HIT

More than a touch of night-club atmosphere was present at the opening of the Civic Centre carnival stage show last night when the triple-barrelled feature went off before a packed audience in the Civic Centre auditorium. Brief, but laden with entertainment, the show was presented twice as an opening feature.

Mary Mack, a rotund professional entertainer and songstress with a wide variety of songs, was mistress of ceremonies. Her versions of popular songs brought demands for several curtain calls. She introduced Marguerite Hewsen, fiery-haired tap dancer, whose routines won wide applause, and the Delays, an adagio and acrobatic team, which, in light of the Civic Centre's interest in gymnastics, was a real hit.

Accompanist for the program was Andy McNaughton, whose talent at the piano Miss Mack complimented several times.

Last night's attendance at the carnival was somewhat less than Saturday night but carnival of-

TOURISTS MAKE THIRD AVENUE CAIRO BAZAAR

Third Avenue Monday morning had a slight resemblance to a Cairo bazaar as a horde of tourists from the Princess Louise circulated about seeking curios. An ancient native, carrying several small slate totem poles, a type of curio which is difficult to obtain now, had a prosperous half hour when he took his stand near Sixth Street. He was immediately surrounded by a crowd of tourists who commenced lively bidding for his ancestral replicas.

If cameras were guns, half the population probably would be lying horizontal by now as scores of tourists wandered about taking pictures of everything that showed itself under the bright morning sun.

Officials anticipate a greater attendance this evening. However, the games and attractions were well patronized, and volunteer assistance was forthcoming in quantity satisfactory to even the harried personnel department.

The nightly dance proved the feature of the evening for many folk.

LAWN BOWLING COMPETITIONS

Single Games Proved Interesting On Sunday

In the men's singles at the C.N.R. lawn bowling greens Sunday Morgan won one and lost one. He beat Duncan 15-12 and lost to Forbes 3-15.

In the Morgan-Duncan match Duncan took and held an early lead. It was not till the eleventh end that Morgan got on equal terms 11-11. They were tied again at the thirteenth end 12-12. Morgan then went two up at the 14th and got the winning point on the fifteenth end. It was a grandly contested match all through.

In the next round Morgan lost to the experienced Forbes 3-15. Forbes led all the way and Morgan was not able to get a point till the eighth end. Here he scored one on a fine shot. He added two more on the next end but Forbes lay two on the 10th end to win 15-3.

In the next round Forbes meets Benson in the semi-final of the men's singles. The other semi-final will be between the winner of Dibb and Paul against McGreish.

and started from centre-field as soon as the ball was hit. He was behind Pavlikis when the ball passed the latter in left-field and it was Minor who threw the ball in to cut off an extra base.

Kerr also made a good catch in the second game, and once again it was a case of an "ex-Smithereen" against his former team mates, for Doug learned much of his ball playing in the interior town.

Joe Beruschi, behind the plate in the second game, left Pete Postak in no doubt as to his decisions on balls and strikes. Pete caught his usual good game though he was disappointed with his own play.

Joe Davis is fast on the bases and the Smithers nine found that out.

A bouquet to George Murray who installed and handled the public address system and the music for the "lucky seventh" stretch.

By the way many of the fans did not take advantage of the chance to "stretch."

The baseball executive, and Civic Centre Carnival who guaranteed expenses, are to be congratulated on their initiative and the results of the series.

Fastball—CHAMPIONS TO BE FEATURED

The General Motors Corporation of Oshawa are arranging to have a photograph taken of the local General Motors Fastball League champions so as to publish the picture in their plant magazine.

This publication, "The Round Table" is produced every quarter from the head offices of the company at Oshawa and circulated throughout Canada. It features notable activities of the various branches throughout Canada. It is only natural therefore that the successful doings of the local fastball teams should be given a place in the magazine.

Doug Frizzell is planning to have the picture taken at an early date so as to have it reproduced in the next issue of the magazine. He is not quite sure as to whether he should have it taken now and entitle it "Winners of Prince Rupert Fastball League" or wait till the team wins the play-offs and entitle it, "Prince Rupert Fastball League and Play-off Champions."

Art Murray and Bob Moxley have their opinions as to this. They are both very definite that the General Motors are not the play-off champion yet . . . if ever!

Prizes won by the various contestants at the recent swimming gala at Salt Lakes were presented at the Prince Rupert Boathouse. A display of fancy diving by J. Cumming of H.M.C.S. Thiepal was a feature of the entertainment.

A summary of the results of the competitions in the swimming gala shows that the following placed in more than one event: Jack Cumming, H.M.C.S. Thiepal had three firsts and two seconds; Margaret Palmer two firsts; Joe Scott one first and two seconds; Ida Boddie a

Bowling Final Is Scheduled Sunday

One of the feature games of the season in the bowling league should result from the final match between Frew's rink and MacPhee's rink at the local C.N.R. bowling greens next Sunday. Frew has on his team Duncan, Davidson and Neil Cameron while MacPhee's rink consists of Skinner, Thomson and McGreish. This match should produce everything that can be found in the repertory of bowling shots and strategy, for Frew and MacPhee are "canny, cagy" bowlers.

first and a second; Alex Walters a first and a second; Doug Scott a first and a second; and Laura Stephens two seconds.

COMPETITION IN NOVICE SINGLES

Davidson Wins and Loses—Close Play Is Seen

In the men's novice singles at C.N. lawn bowling games Sunday V. Duncan, the score being 15-14. Duncan got an early lead and was 14-7 on the fourteenth end. But Davidson coated three on the fifteenth end, three more on the sixteenth end and two on the seventeenth to win 15-14. Davidson then played Bert Morgan. In this game Morgan

was leading all through and won by a large margin 15-3. Morgan will now meet Mrs. Bohm in one semi-final of the novice singles.

Continuing in the novice singles Bobby Reid and Bert Glassey met at the local C.N.R. bowling green last evening, with Reid winning by 15-3.

To reach the semi-final McGreish had beaten C. L. Youngman 15-5 and W. Rance 15-9.

NAVAL CUSTOMS AND TRADITIONS No. 5
THE KING: British Naval Officers when afloat treasure the right to drink the King's health while seated. Some say that the privilege of Naval Officers to remain seated during the "Toast to the King" dates back to the reign of Charles II, who on returning to England in 1660 on board the Royal Charles, bumped his head when replying to a toast, and ever afterwards held Naval Officers excused from rising on these occasions.

The Skeena River

(From B.C. Packers Annual Report)

The Skeena River is the most important stream of the Northern Coast of British Columbia. In length it is approximately 325 miles, but because of the volume and the wide range of its lake-fed tributaries it is, next to the Fraser, the largest river in the Province. As a salmon producing stream it ranks amongst

British Columbia's four great river systems. The drainage basin is 19,810 square miles—only 1,258 square miles less than the area of the Province of Nova Scotia.

The most important of the Skeena's tributary rivers (naming them from the mouth as they flow in) are the Ecostall, Lakelse, Kitsumgallum, Bulkley, Kispiox and Babine, each of which has numerous feeder lakes and streams. The sockeye fry feed and develop in lakes, therefore lakes on the tributary streams are most important.

Chief of the tributary rivers is the Bulkley, 118 miles in

length, which joins the Skeena at Hazelton.

Babine is the greatest lake feeding the Skeena. Situated some 280 miles from tidewater, this deep lake is about 85 miles long with a width that varies from 2 miles to 7½ miles and, having an area of 249 square miles, is British Columbia's largest body of inland water.

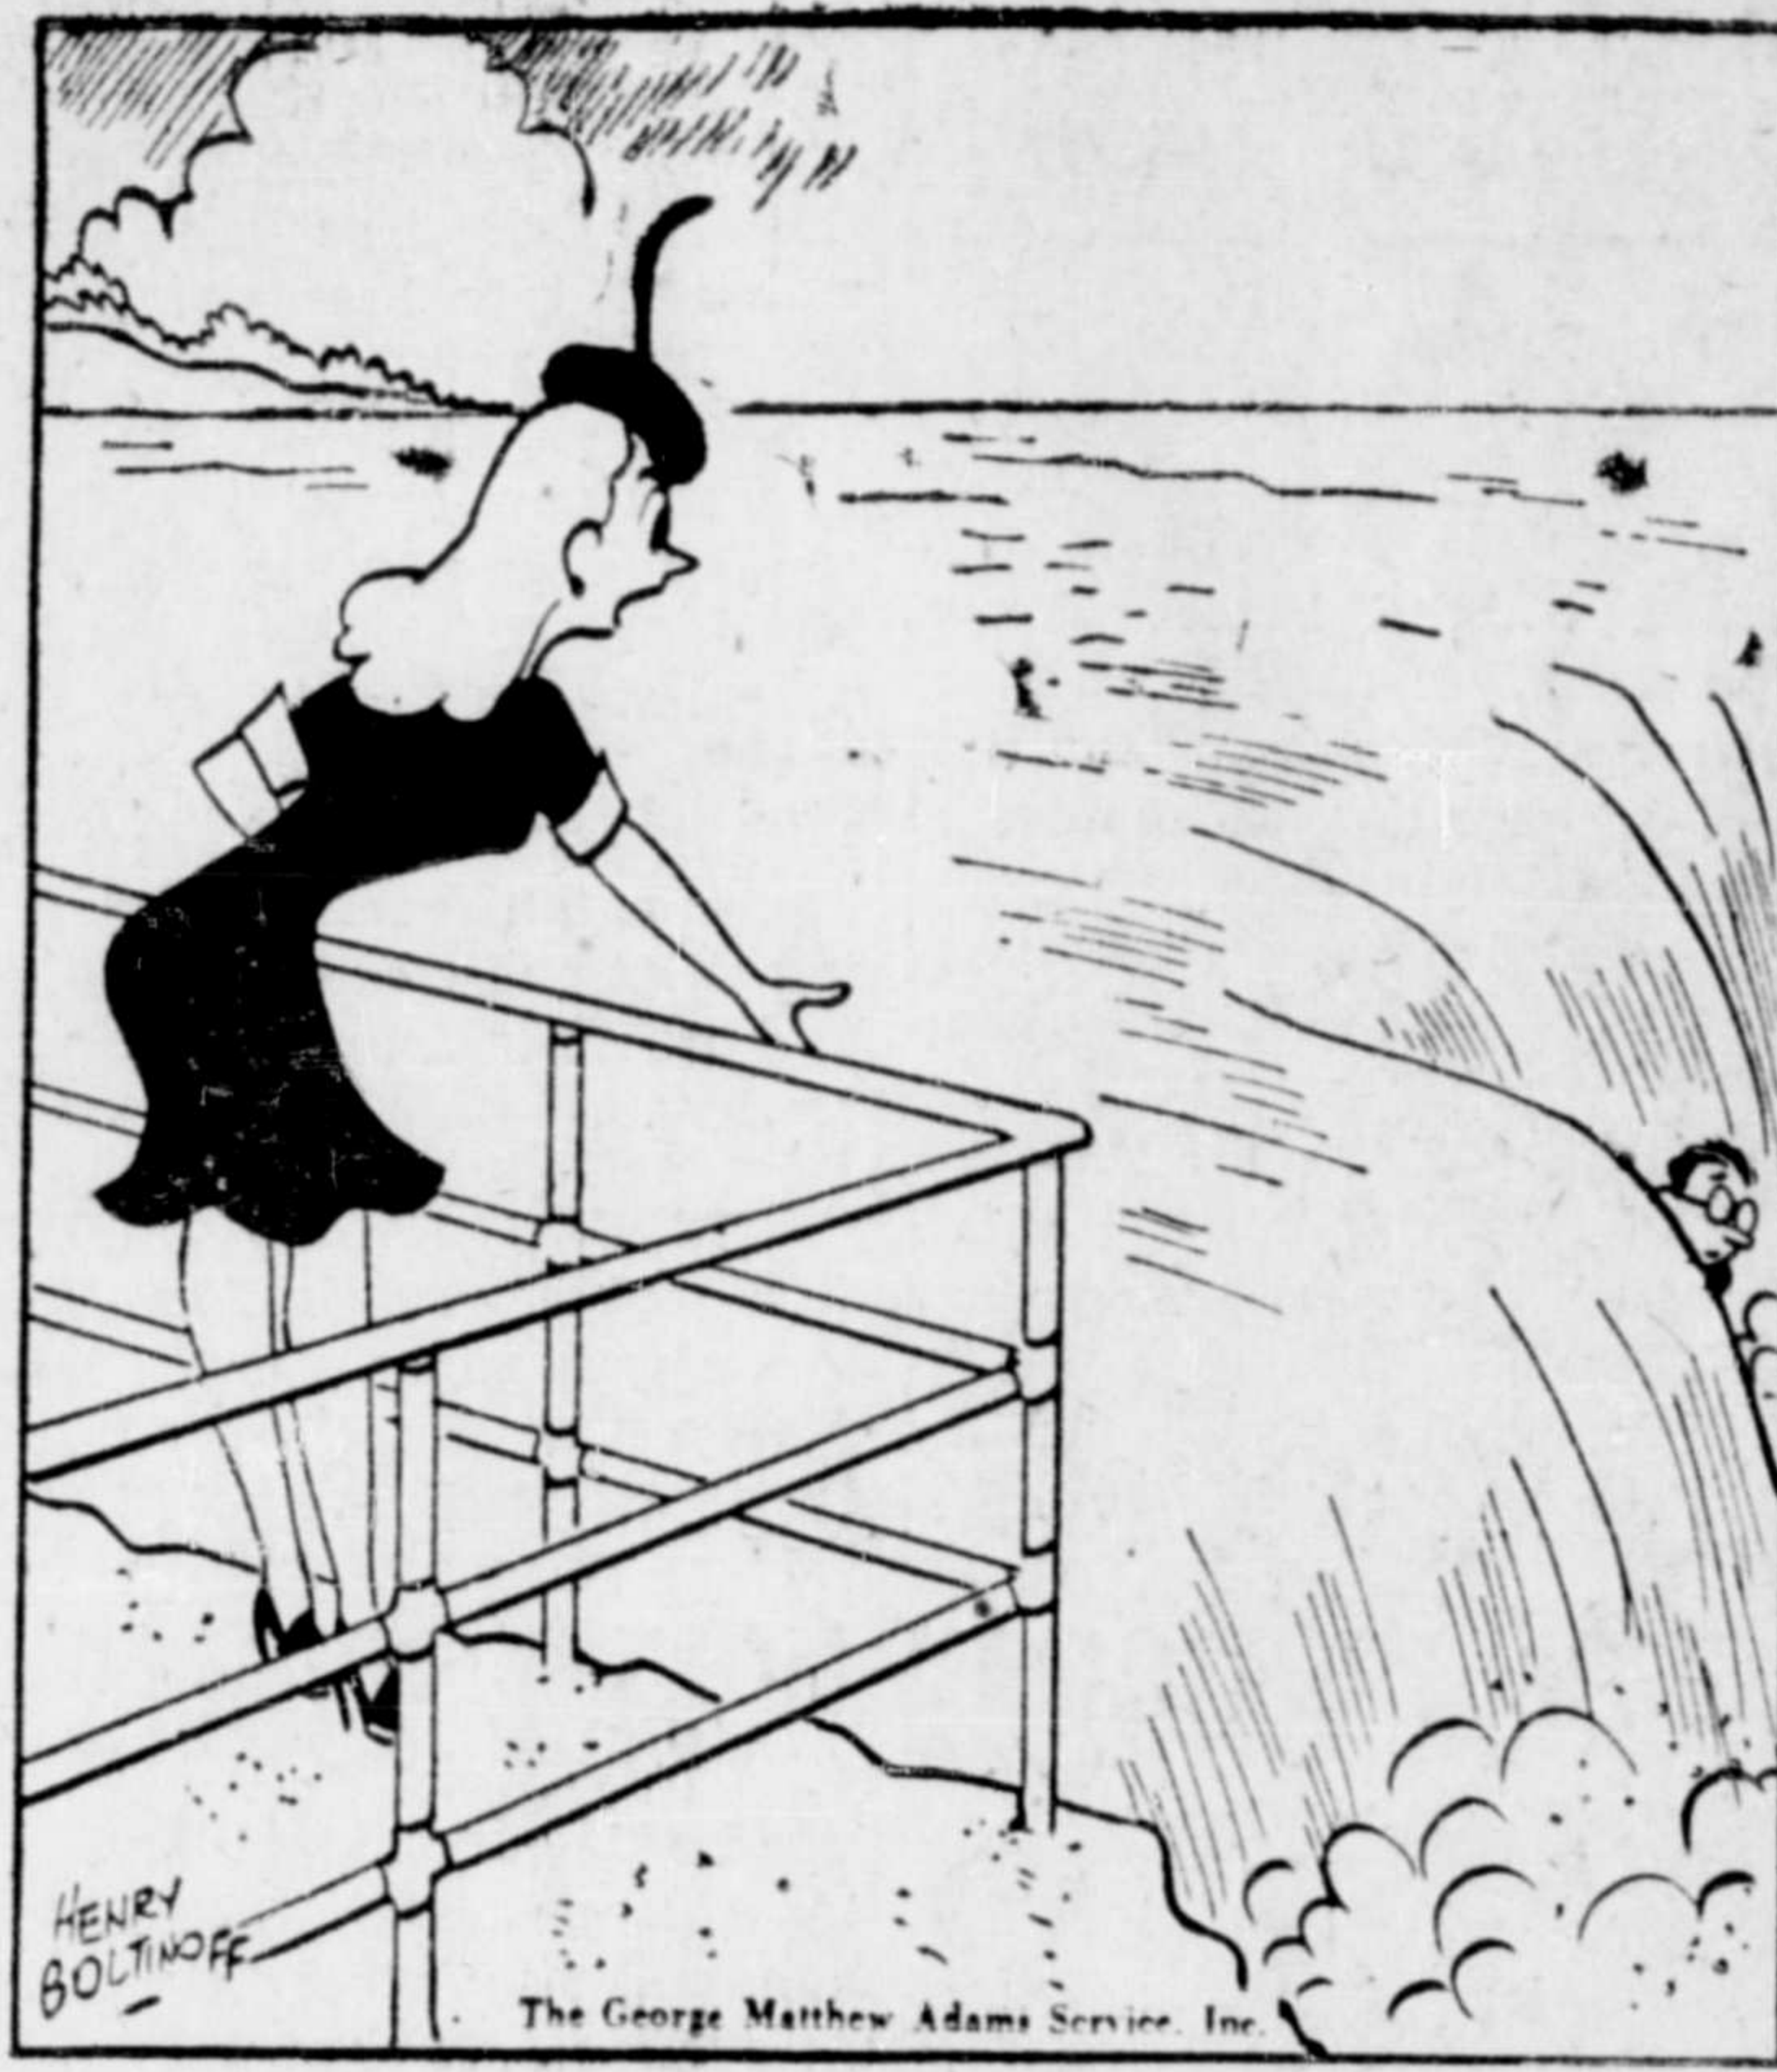

Because of the extent and diversity of its lake and stream tributaries the Skeena attracts all five varieties of Pacific salmon.

Pre-eminently it is the stream of the sockeye, for the river's many tributary lakes provide these most individual of fish with spawning grounds entirely to their liking, as sockeye seem to prefer reaching such areas by travelling up rivers leading to lakes through which they pass to smaller streams. In consequence this species runs to most of the principal tributaries of the Skeena. Throughout this range of waters, it is the Babine system which affords the sockeye the greatest area of suitable spawning grounds.

Spring salmon appear in all sections of the Skeena. The volume and turbulence of its waters no doubt appeal to these strong, far-travelling fish.

The run of coho are chiefly to the Ecostall, Lakelse, Kitsum-

gallum, Bulkley, Kispiox and Babine areas. Pinks frequent the Skeena and are found throughout the Ecostall and Lakelse systems, as well as in most of the tributary streams.

True to their characteristics of spawning in streams near salt water, chum salmon do not proceed far up the Skeena, the Ecostall and its tributaries being about the extent of their journey.

There are not the same marked periodic fluctuations in the sockeye runs on the Skeena that

distinguish some districts. Unfortunately there has been a steady decline in the average packs over the past years. The pink pack also has become considerably less.

J. T. Stott, veteran retired printer of the Victoria Colonist, staff, and Mrs. Stott arrived in the city on the Cassiar Sunday after a two weeks' visit at Massett with their son-in-law and daughter, Mr. and Mrs. Sam Simpson, and sailed this afternoon on the Catala on their return south.

SOAP CAKES USED AS POKER "CHIPS"

THE PAS, Man. — Cleanliness may be next to godliness, but it is next to impossible if you are a poor poker player in northern Manitoba's Indian reservations. Cards have become a pastime among the squaws, and since they are usually endowed with the expressionless faces considered eminently appropriate to win at poker, they play expertly. The stakes are precious cakes of soap. According to travellers returning from visits to the reservations between The Pas and Churchill, they observed Indian women sitting cross-legged around a blanket, smoking pipes, and playing cards "close to the vest" for the "pot" of soap in the centre.
