## Churchill To Be Military Station

### Five Thousand Men To Be Assigned To Hudson Bay Port and Terminal

WILL BE USED FOR EXPERIMENTAL AND RESEARCH WORK IN CONNECTION WITH NAVY, ARMY AND AIR FORCE

OTTAWA—Churchill, the port and railway terminal on Hudson Bay, has been chosen as the site of testing station of equipment for army, navy and air force, it was announced today by Hon. Douglas Abbott, minister of national defence. Military research work will also be carried on at the port, the reasons given for choosing which are that it has moderate heat in the summer and extreme cold in the winter and is easily accessible.

### LONG DISTANCE TO STEWART NOW

Long distance commercial radiophone service between Prince Rupert and Stewart became available for the first time today. The distance is 90 miles and this is the first time there has been voice communication although Prince Rupert and Stewart have been linked by Government Telegraphs service for many years. Northwest Telephone Co. facilities are used on this end. The basic day rate is \$1.15 for the first three minutes and \$30c for each additional minute.

Already officers are on the scene and arrangements are being made for accommodation. The station will be manned by estimated 5000 representatives of the three services.

### Take Case To King Direct

Squatters to Appeal to His Majesty Against Government's Starve-Out Move

LONDON—Police blockaded London's hungry squatters in their pre-empted luxury apartments and hotels today as Communist leaders of the squatter movement defied efforts of the Labor government to stamp out the movement. Police, acting on orders straight from 10 Downing Street to end forcible entry of vacant private dwellings, refused to let sympathizers pass food into three of the largest squatter-occupied buildings despite pleas that "children are hungry."

In retaliation, the squatters said they planned an appeal direct to the King. Communist backers of the squatters called for another mass meeting near Leicester Square.

The Daily Worker, Communist organ, says the government is "making a fool of itself" with talk of danger of anarchy. The Ivanhoe Hotel is the latest place to be occupied by the squatters.

### STRONG NAVIES ARE ESSENTIAL

VICTORIA—It is in the mutual interest of Canada and the United States to maintain the freedom of the seas through strong, integrated navies, Vice Admiral Aubrey W. Fitch, superintendent of the United States naval academy at Annapolis, told the United Services Institute at a luncheon Wednesday.

### Montreal Pastor New Church Head

MONTREAL—Rev. Thomas W. Jones of Montreal was yesterday elected moderator of the United Church of Canada succeeding Rt. Rev. Jesse H. Arnup of Toronto.

### To the Citizens of Prince Rupert:

We wish to express our deepest gratitude to those citizens of Prince Rupert who offered their marine property and personal services so generously; also the Captain and crew of the Charlottetown, to aid in the search for our dear son and beloved husband, Nicholas James Killas.

MRS. N. J. KILLAS, MR. AND MRS. JAMES KILLAS AND FAMILY.

CALCUTTA SLUMS AFTER MOSLEM-HINDU RIOTS—Some native children and a dog are huddled in a doorway on the left on a littered street in a slum area of Calcutta while some more violent activity, looting or fighting, takes place on the right. There were some 5,000 bodies counted after several days of rioting between Moslems and Hindus in Calcutta. Looting and arson accompanied the fighting.

### Province Is Tied Again

Pressmen Go On Strike in Defiance of Edict From Union's Headquarters

VANCOUVER—For the first time since July 22, the Vancouver Daily Province, whose International Typographical union printers have been on strike since June 6, failed to publish yesterday when 20 pressmen, acting on instructions from their local union, refused to handle "hot" plates. The action was taken in defiance of the Pressmen's International Union headquarters which ordered them to stay on the job. An international official is coming here to go into the situation.

### "Lost" Fisherman Found In City

Feared lost in Chatham Sound when his trolling boat was found riding at anchor off Dundas Island with no one aboard earlier this week, James McKay of the boat Rupert was discovered to be in the city, where he had come Sunday night on a passing fish boat. Provincial police, who investigated a report from the troller Oslo, whose skipper, Capt. Nels Robertson, discovered the empty boat, learned yesterday that McKay had been in the city while the police launch P.M.L. 15 searched the area near Dundas on the possibility that he may have drowned. McKay has since returned to his vessel.

## Bulletins

### SETTLEMENT TONIGHT?

WASHINGTON—President Truman said this afternoon that, before evening, Reconversion Director John Steelman would announce a formula on which it was hoped the maritime strike might be settled.

BACK IN GOVT SERVICE WASHINGTON—Frances Perkins, former secretary of labor, is to become a member of the federal civil service commission, it was announced today.

POSTPONING PARLEY NEW YORK—Thirty-seven of 51 member nations have voted in favor of postponing the United Nations general assembly from September 23 to October 23.

ITALY INSULTED PARIS—Italian delegates to the peace conference have declared that the honor of Italy was insulted by Andrei Vishinsky of Russia who said that Italians "were better at running away than fighting." Two Rome citizens have challenged Vishinsky to a duel.

SEATTLE EXPLOSION SEATTLE—The fourth unexplained explosion within a week occurred here followed by what observers said was a pinkish glow in the sky. The blast left a crater four feet by 18 inches in Woodland Park.

MORE BOOKS STOLEN MONTREAL—Fifteen hundred new rations have been stolen from a school on Papineau Street which was being used as a distributing centre. In Winnipeg 400 books are reported to have been stolen.

"MADE IN JAPAN" NEW YORK—"Made in Japan" markings will soon reappear on goods in America stores. Shipments of Japanese goods are to be resumed. Raw silk shipments are also to come to San Francisco again.

### SALMONBELLIES NOW IN FINALS

VANCOUVER—New Westminster Salmonbellies won the inter-city lacrosse title by defeating Vancouver Burrards 15 to 12. New Westminster, which took the series four games to one, will now meet Trail Golden Bears for the British Columbia championship.

The islands of Japan experienced more than 25 small earthquake shocks a year.

### BEST WEEKLY PAPERS

HALIFAX—Jarvis (Ontario) Record took highest individual honors in the Canadian weekly newspapers Association better newspapers competition for 1946 for the best all round weekly newspaper in Canada. It had the best front page and the second best editorial page among papers of 500 circulation. Two British Columbia papers took two firsts each—the Haney Gazette in the 1000-2000 class and the Ladner Optimist 500 to 1000. Penticton Herald took first prize for the best all-round newspaper of circulation over 2000.

MILITARY IRREGULARITIES WASHINGTON—An investigation into irregularities, including fraternization, in the United States military occupied zone of Germany is being suggested.

TOURIST CONVENTION MONTREAL—The annual convention of Canadian tourist and publicity associations will be held here October 24 and 25.

STOCK MARKET FIRM LONDON—The London stock market had a firm trend today with sharp improvements recorded in many issues.

CAN LAND IN FOG NEW YORK—Within a year and a half it will be a simple matter for aircraft to land and take off freely in fog in its worst condition by use of an electronic robot pilot with which experiments have been made at MacArthur Field here. The plane could be even automatically landed although that is not the immediate objective.

ENDORSE B.C.E.R. NORTH VANCOUVER—Ratepayers of North Vancouver voted 8 to 1 yesterday to endorse a twenty-year bus franchise for the British Columbia Electric Railway.

### TERRACE TAKES 1300 RATIONS

TERRACE—During the two days of distribution from the Terrace Theatre on Monday and Tuesday, 1300 new ration books were issued by volunteer workers under the direction of George McAdams. It had been estimated that the population of Terrace was something in excess of 1400. The volume of ration books appears to support this estimate.

### One Man To Decide Now

Seamen's Strike in Even More Critical Phase Now—Board Not Changing Stand

WASHINGTON, D.C.—As the Wage Stabilization Board's unyielding stand on sailors' pay threatened to spread the United States maritime strike and brought the Truman administration to the crossroads of its entire labor policy, the president handed the problem to John Steelman, federal reconversion head, who appears to have only two alternatives—to back up the Wage Stabilization Board or approve the agreement for wage increases between the unions and the employers.

Last night the Wage Stabilization Board refused to reverse its decision disallowing the increases. Meantime union men are moving to tighten the strangling strike which already has crippled every United States ocean port.

The board declared that the American Federation of Labor seamen must be content with wage increases in a pattern set earlier for the C.I.O. seamen.

American Federation sailors, who quit work a week ago in protest against the board's having \$10 and \$5 taken off their pay boosts won by east and west coast seamen respectively from their employers, replied by pledging to fight to the bitter end.

Twenty thousand more seamen at San Francisco have joined the strike.

### FARMER STRIKE EFFECTS FELT

Picket Lines Tightening Up Around Stockyards, Creameries and Elevators

EDMONTON—Alberta was today feeling the effect of the six-day-old delivery strike by 20,000 members of the Alberta Farmers' Union from the American border north into the rich Peace River district as picket lines throughout the province tightened around stockyards, creameries and grain elevators in a move to force federal recognition of union demands for parity prices.

Reports reaching Edmonton said that shortages of dairy products and livestock were most marked. The full effect of the strike on grain deliveries is not expected to be made known until the week-end or early next week when the harvest rush would normally get under way.

George H. Stanbridge, local agent of Queen Charlotte Airlines, is making the flight to Stewart today aboard the company's flying boat Haida Queen.

OF MIGHT—A satchel slung on his arm and a cane, Field Marshal Gen. Karl von Runstedt is being escorted, Glamorgan, Wales, on his arrival from testifying before the international military tribunal at Nuremberg, Germany, where he contended that mem-ber high command and general staff never held theory that the Germans were "The Master Race."

### Archibald Anticipates Great Development in Central B.C.

development boom is going to open up central British Columbia during the next few years, the area much greater importance in the life of Canada, in the opinion of Harry Archibald, M.P. for Skeena, who arrived back in the city following the close of the parliamentary session last week.

In prices of farm equipment and machinery. "Farm machinery is being exported in quantities several times greater than in 1939, yet the farmers are unable to get machinery even at higher prices."

Because of its policies, notably toward labor, the Liberal party is "heading for the rocks," Mr. Archibald said. He believes that the C.C.F. party is making considerable gains throughout the country, particularly in Ontario.

Subsidy on shipping from Prince Rupert to the United Kingdom is still under consideration by the government, Mr. Archibald said, but never has been actually approved.

Mr. Archibald returned to the city with his wife, whom he married at Easter time this year. This is the first time that Mrs. Archibald, a Toronto girl, has been to Prince Rupert. Mr. and Mrs. Archibald will remain in the city until the opening of the next session of parliament on January 20. Mr. Archibald plans to do considerable public speaking in the meantime.

### THE WEATHER

Synopsis

An extensive low pressure area in the Gulf of Alaska is producing an onshore flow along the entire coast. Overcast skies with intermittent rain during the past 24 hours along the coast, resulted in cooler weather yesterday. Victoria reported a drop of 25 degrees over the previous day—Abbotsford 20 degrees and Vancouver 10 degrees. This cool moist air is now extending to the interior of the province with cloudy to overcast skies becoming general.

Forecast

Prince Rupert, Queen Charlottes and North Coast—Overcast today and Friday. Intermittent rain throughout. Southeast winds (15 m.p.h.), increasing to 25 m.p.h. tonight and Friday morning, becoming southerly 20 thereafter. Little change in temperature.

### HELPING OURSELVES

**WE ARE SOMETIMES** inclined to criticize Vancouver and charge that city with directly or indirectly trying to hold Prince Rupert back as a competitor port. Possibly, we ourselves are not doing all that we could to advance our own interests. After all, what are we putting up ourselves? Indeed, we might take a lesson from Vancouver in which city only yesterday was announced that a new trans-Pacific shipping line was being formed with Vancouver people providing the capital.

We think about other people coming in here to invest their money in local developments. But what are we doing about investing our own money? What move will be taken right here in Prince Rupert, for instance, to take advantage of the subsidy for a steamship service out of this port which may be offered by the federal government? What is being done to organize or encourage local investment in other undertakings which we would essay to suggest to others are profitable? The best argument we could possibly put up to outside investors to come in here and help us develop Prince Rupert would be to have our own stake in the place ourselves. Lack of confidence makes any case most vulnerable and certainly we do not show a great deal of tangible confidence ourselves.

### RADIO NOVELTY OVER

**THE NOVELTY OF RADIO** is worn out. In many homes where not so long ago it commanded rapt attention it is now but an incidental noise which is only casually heard if listened to at all—something like the ticking of the clock.

"Variety," the theatrical and entertainment magazine, has compared this year's radio listening with that of ten years ago. In the summer of 1936 Major Bowes' program led all the rest with a rating of 23.7 while eleven other shows rated better than ten. In 1943 the Walter Win-

chell program was top with 16.3 while six others were over ten. This summer Mr. District Attorney was high with a mere 10.8 while only one other was over ten.

If one comes to think about it, what Variety says might be confirmed in any home. That is because radio has lost the appeal of novelty. Nobody pays much attention to it any more. People don't "hear it on the radio" like they used to. Nevertheless, good radio is an essential service which we are entitled to have available for our use and enjoyment.

### THE STOCK COLLAPSE

**THERE IS SPECULATION** as to the actual cause of the current collapse in the stock markets. In some ways it is assuming almost panic proportions but the cause is fundamentally different than that of the great crash of 1929 when overproduction was an actuating factor—a condition where goods were far in excess of the buying capacity for commodities.

Today there are shortages of salt, soap, shirts, furniture, linoleum, stoves, cars, tractors, farm implements. Possibly, it would be easier to name the things that are in normal supply than those that are short. At the same time there are millions of consumers able and crying to buy. In 1929 the buying capacity had dried up in the face of huge stocks of commodities.

The reasonable explanation of the present stock market collapse is that nervousness has been engendered among investors in industrial securities which are dependent upon production. Production, in turn, is being knocked flat by strikes and shortages. There is uncertainty not only about production itself but also about its prospects of profit under existing conditions.

It would appear safe to predict that a reasonable peace and security on the industrial relations front would be followed by a stiffening up on the stock market which is always a barometer of reaction.

## Early Flying Hazards Are Past for Air Lines

One of Canada's earliest and most famous pilots who pioneered the northern air routes which later became vital in the defence of Alaska told the Prince Rupert Rotary Club's weekly luncheon meeting today of the vicissitudes of pioneer northern flying.

The speaker was W. R. (Wop) May, whose exploits in the barren wilderness of the Northwest Territories, Alberta, and the Yukon became legendary in the pioneer period between the two world wars.

The flying hazards and financial difficulties which beset the air lines during their pioneering days were believed shortly after the beginning of World War II when Canadian Pacific Railway bought the lines to form Canadian Pacific Airlines.

"It is my personal opinion that, if Canadian Pacific Railway had not taken over these airlines, there would have been very little bush flying during the war and transportation in the north would have gone back to the dog team and boat," Mr. May asserted. "This would definitely have curtailed all the important mining activities in the area."

Mr. May recalled that, in the spring of 1919, his brother, Court, organized one of the first commercial flying companies, named May Airlines Ltd., in Edmonton. The activities of the company consisted of barnstorming.

"In 1920 and 1921 our company was instrumental in selling Imperial Oil Ltd. on the possibilities of air transportation in the north. In the fall of 1921 I proceeded to New York to take delivery of one of the two Junkers planes purchased for the service into Fort Norman oil wells. These planes were the first used in Canada for strictly air transportation purposes," he said.

The May brothers continued to operate their own company until 1923. From that time until 1927 there was a continual decline in flying activity in Canada until the organization of flying clubs across the country.

**How He Got Big "Break"**

Mr. May got his "big break" in the winter of 1929-30 when he made a mercy flight from Edmonton to Fort Vermilion, a distance of 600 miles, with diphtheria serum to quell an epidemic. The trip was made in an open plane in 45 degree below zero weather and captured popular imagination throughout the country.

The flight resulted in the company, which Mr. May had organized with Vic Horner in

1928, obtaining the first Arctic mail contract in Canada. It covered the route from Edmonton to Aklavik, 1,700 miles north.

In 1930 the company got into financial difficulties and was united with Western Canada Airlines, to form one company called Canadian Airways. This company was responsible for opening up the Great Bear, Goldfields and Yellowknife mining fields, speeding developments, particularly at Bear Lake, which were so vital in bringing the war to a successful conclusion by production of the basic materials for the atomic bomb.

At the start of World War II, Mr. May was loaned to the Dominion government by C.P.A. for the purpose of organizing air observers schools for western Canada under the British Commonwealth Air Training Plan. He has since returned to C.P.A.

Contrasting early bush flying with present air operations Mr. May said: "Our flying personnel are highly skilled pilots and require extensive training. A thoroughly trained mechanical staff and extensive shops are required for our regular aircraft checks. Our radio organization is continually in touch with aircraft while in flight."

Guests, welcomed by club president Dr. L. W. Kergin, were Al McLean of Vancouver and Will Robinson of Terrace

CHILDREN LIKE THEIR VITAMINS THIS WAY

SCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as stunted growth, soft bones, poor teeth, faulty nerves, loss of appetite, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B<sub>1</sub>, C, D, Riboflavin (B<sub>2</sub>), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances—complete proteins to build muscle, nerve and body cells—high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underperforms, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.

## Basketball Organized For Big Winter Season Ahead

No Less Than Twenty Teams Expected To Be In Action In Two Gymnasias

Claims that Prince Rupert's keen, pre-war sport enthusiasm is re-surfing were justified by the turnout of more than 75 prospective players at an organizational meeting of the Prince Rupert Basketball Association in the Civic Centre last night.

### ENTHUSIASM IN LACROSSE

Locals Ready for Series With H.M.C.S. Uganda

Great activity has recently been observed in the Roosevelt Park gymnasium where the lacrosse men are at it again. Recent games have whetted the appetites of the local gutted stick enthusiasts and they are busily preparing for the return engagement with the crew of the Uganda when she arrives this week-end.

Present plans call for a game on Saturday night and another on Monday night against the team from the Uganda which has signalled that they are in top form and capable of taking the measure of the local team.

Coach Dick Woods reports that his boys have been practising every night and at recent practices has had as many as 30 players aiming at a spot on the team. Among the new players who look likely to give the regulars a run for their money in the battle for starting assignments against the Navy are Jack White, a shifty forward; Jimmy Andrews, who is claimed to be a stone wall on defence, and Joe Gillis and Ray Spring.

Prospects look bright for a real knock-down drag-out series when the locals and Navy teams face off on Saturday night.

### SHORT SPORT

Fred Perry won the United States single tennis championship for the third time and gained permanent possession of the trophy 19 years ago today at Forest Hill, N.Y. The Black-haired Briton, now a professional, defeated California's Don Budge 2-6, 8-6, 1-6, 10-8.

Maurice Fox of Montreal won the Canadian chess championship for the eighth time in 12 years at Toronto eight years ago. Defending champion Boris Bluman of Montreal was deadlocked in fourth place with two other players, one of them 15-year old Abe Yanofsky of Winnipeg.

The forthright airing of opinions in matters regarding the structure of the association confirmed this rebirth of interest as did the fact that hoop devotees grandly anticipate as high as 20 teams in action on the city's two basketball floors this winter.

Definitely on the books are four leagues, composed so far of 12 teams, representatives of which attended the meeting and were named to the association executive.

Art Murray was given unanimous acceptance by the meeting as president of the association and Alex Bill was named secretary-treasurer with similar accord.

Executive members from the four leagues are as follows: Senior "A"—Jack Lindsay, representing 99 Taxi; D. Mazzoni, B.C. Packers; Albert Stiles, Savoy.

Senior "B"—George Viereck, Co-op; Alex Bill, High School; Bob Houston, Maceys.

Junior—S. P. Woodside, Gyro; Wally Landon, High School; Bud Pierce, Watts and Nickerson; Maurice Teng, Sea Cadets.

Girls' League—Boyo Gurvich, High School; Edward Gladding, Kinaites.

Operating independently of the Civic Centre, but closely allied to it by the fact that the association will use the Civic Centre's two gymnasias for practice and league games, the meeting was presented with three alternative proposals to cover the expenses of using the gyms by Civic Centre Director Don Forward. These proposals were referred to the consideration of the executive with the provision that they report their decision within a week. In the meantime, the association will use the gyms for practice purposes.

The proposals were: 1. The Civic Centre would take all but 10 per cent of gate receipts and would take care of all normal costs of operating the league, the other 10 per cent to go to the basketball association. 2. Basketball Association pay the Civic Centre \$4 an hour while it uses the gymnasium to cover operating costs of the gymnasium. 3. Civic Centre to take 75 per

ALL OUT FOR CANADA'S RATION BOOK NO. 6—Canada is having a new kind of "book week" this 16 when consumers from coast to coast are turning out to get their new ration books. More than 7,000 distribution centres in every city, town and hamlet will be open at some time during this week to hand out the valuable little coupon-books which keep Canada's system of food distribution in such smooth running order that shiploads of essential foods can be sent regularly to the devastated areas of Europe. Above, left, Father Robert of the Trappist Monastery of Mistassini collects the books for his order; right, two pretty representatives of the Chinese colony in Montreal, help with the distribution; lower left, a bearded Sikh from Vancouver prepares for the allotment of books to the coast city's East India residents; and right, a group of Ottawa residents line up while a volunteer worker writes in the necessary information. Centre, Ration Book No. 6.

cent of receipts for building expenses, and the league to pay its running costs out of the remaining 25 per cent.

Time available for basketball at the Civic Centre gym was set at 16 hours a week and league game nights were set for Tuesday and Saturday. Practice and game schedules at the Roosevelt Park gym were deferred till later.

Dr. G. E. H. Montgomery, a

former official of the B.C. Basketball Association, will conduct training classes for players wishing instruction in the fine points of basketball. The classes will start next week.

The meeting endorsed a motion that the league affiliate with the B.C. Basketball Association with the prospect of inter-city play-offs.

### WEDDING IS INTERESTING

Miss Marion Anderson  
Becomes Bride of  
Alan Blackwell

FRANCOIS LAKE—Two well known families were happily joined when Marion, youngest daughter of Mr. and Mrs. Max Anderson, and Alan, eldest son of Mr. and Mrs. Ed. Blackwell, were married on Friday last. The ceremony was in the United Church in Burns Lake at 10:30. Rev. Mr. Morris officiating. Helen Schreiber, the bride's sister, was matron of honor and Stanley Blackwell, brother of the groom was best man.

The reception was held in the Beach House dining room at Francois Landing at 2:30 p.m. The room was beautiful with masses of flowers and the three-tiered wedding cake was placed on the side-table.

The bridegroom's father proposed a toast to the bride and the bride's father responded. Little Heather Radley, the bride's niece, was one year old that day and in the centre of the table was placed her little iced cake, with one diminutive candle in the centre. Heather's grandfather, Max, lighted the candle.

The weather was perfect for a wedding. After taking photographs in the garden the wedding party left on the 4 o'clock ferry. The wedding dance was at Grass Plains Hall which was crowded with this popular couple's well-wishers.

(Mrs. William Gair) of Prince Rupert, Jack of Chilliwack, and Hazel (Mrs. Lawrence) also of Chilliwack. There are three great-grandchildren.

Mr. Walker and his former wife celebrated their golden wedding anniversary a few years ago. They formerly lived in the Chilliwack district, where they built up a fine farm but later moved to Francois Lake district. After Mrs. Walker's death three years ago he married Mrs. John Frazier.

### By Plane To Ootsa

Many Visitors Still Come To Lakes District

FRANCOIS LAKE—G. H. Griffith of Seattle now brings visitors up to his new lodge at Ootsa Lake by plane. The other morning just at mail time he came right down to the landing and close over the ferry, then turned back and zoomed right over the Keefe farm, then back again over the landing and down the lakeshore towards the J. P. Ranch.

There were several visitors at Paradise Lodge over Labor Day week-end from Prince George. All reported having had a delightful holiday. One visitor caught 14 Rainbow trout before breakfast one morning.

Arnold Peebles was thrown from the colt he was breaking in and hurt his leg and hand when the animal stepped on him after he fell. The colt was frightened when another rider on horseback brushed against him unexpectedly.

W. E. Funnell brought a fine gladioli down from his garden. It is named Picardy, is a delicate pink and there are 16 spikes with seven in full bloom, one measuring six inches across.

Dr. and Mrs. Jens Munthe came down by car from Prince Rupert for a short visit last week.

S. B. Calder of the Sunset Home, Prince Rupert, is staying with Phil Kelly at the Southbank Sawmills for a holiday.

Mr. and Mrs. William Gair and two small sons are here for a short visit. They were just too late for the funeral of John Walker, Mrs. Gair's father. She told of a coincidence—her baby son died exactly a year ago at the same time and day that her grandfather, John Walker, passed away this year.

### LEGION TO AID P.-T.A.

At the regular monthly meeting of the Canadian Legion held last night at the Legion Hall, by a unanimous vote, the sum of \$50 was donated to the Parent-Teachers' Association fund for distribution among the four city schools. This money is used to assist in purchasing the best and most up-to-date readers and library books for the school children; also in the purchase of school sports equipment. For many years the Canadian Legion has looked upon this fund as one deserving the utmost support.

General business included the initiation of about a dozen members.

### Briefs from Britain

LYDNEY, England — A grandfather, William Chapman, 74, and a grandmother, Mrs. Annie Jeffries, 73, were married in this Gloucestershire town.

CHATHAM, England — Mrs. Katherine Wood, who is nearly 53, gave birth to her 16th baby on the day family allowances started, August 6.

ALGAKIRK, Lines, England — Mrs. Emma Chapman, who died recently at the age of 102, worked in the sugar beet fields up to the last year and walked a mile to draw her pension.

LONDON — Mrs. Catherine Bush, 96, who landed at the London airport recently, is the oldest person ever to fly the Atlantic.

Can I make a substitute for oatmeal?  
Emergency oatmeal substitute for a small quantity in a bag and wash just before use.  
Can I make fried rice golden brown?  
Sprinkle a little flour over the rice before frying.

### JOHN WALKER PASSES AWAY

Tribute Paid at Largely Attended Funeral in Burns Lake

BURNS LAKE—Many people gathered at the Community Hall in Burns Lake last Thursday afternoon to pay final respects to the late John Walker who passed away the previous Monday when almost 80 years of age. The service was held in the hall as the United Church was too small for the number who attended.

Rev. Mr. Morris conducted the service and he spoke of the respect with which John Walker was held in the community and how he will be missed.

Mrs. Saul sang beautifully "The Old Rugged Cross."

John Walker leaves one son, Andrew, of Chilliwack and formerly of Francois Lake, and three grandchildren — Lillian

### PIONEER GIRL PRETTY BRIDE

Nuptial Rites of Miss Pat Love and Ray Judd is of Unusual Interest

A popular Prince Rupert-born girl and member of a well known pioneer family was the beautiful bride in a marriage ceremony of unusual interest at First Baptist Church last evening. She was Miss Marion Patricia (Pat) Love, daughter of Mr. and Mrs. A. B. Love, 715 Eighth Avenue East. The groom was Raymond Judd, son of Mr. and Mrs. W. Judd of Charlton, Ontario.

The ceremony took place in the same church where 28 years ago the marriage of the bride's mother and father was solemnized. A profusion of fall flowers was used to decorate the church.

While John E. Davey played the Wedding March, the bride entered the church in company with her father by whom she was given in marriage, a large congregation witnessing the procession to the altar and the ceremony which was conducted by Rev. Fred Antrobus.

The bride appeared lovely in her dress of white faille taffeta with finger tip sleeve, silk net yolk inset, floor length veil and net skull cap. Her shower bouquet was of pink roses and carnations.

The bride's charming attendants were Miss Evelyn Bussey as maid of honor and the Misses Rene Croxford and Sue Bouvette as bridesmaids. The maid-of-honor wore blue net and moire taffeta bodice with elbow length lace gloves. Her bouquet was of pink and white carnations. The bridesmaids were costumed in dresses of pink net with sweetheart neckline, pink elbow length lace gloves and bandeaux of sweet peas and carnations with blue streamers were carried.

Neil Stromdahl was groomsman. Bridesmaids attendants were Jack Birch and Eric Live.

Bruce Love Jr. and David Owens were ushers.

Many friends attended the Valhalla Hall where the reception was held. It also being lavishly decorated with fall flowers. The happy couple received congratulations and best wishes as they stood under a handsome floral arch. The bride's mother assisted in receiving. She wore a mauve gown with black hat and tea rose corsage.

The toast to the bride was suitably proposed by Alex Mitchell with the groom responding.

The bride's table was scented with a handsome three-tier wedding cake surrounded by four white tapers. Silver bowls contained a lovely array of flowers. The cake was duly cut by the bride and groom. During the evening pictures were taken by Jack Wrathall.

The evening was happily spent in dancing with music by Mrs. J. S. Black piano, and Mrs. Charles Anderson, violin.

Delicious buffet refreshments

### Had Beaver Pelt, Fined At Terrace

TERRACE — For having a beaver pelt in his possession out of season, Albert Young, an Indian, who has a trapline down the Skeena River, was fined \$10 and costs by Stipendiary Magistrate Will Robinson in provincial police court here, the pelt valued at \$60 being confiscated. Constable W. H. Richmond prosecuted.

### Modern Etiquette By ROBERTA LEE

Q. What is really the foremost thing to observe when selecting guests for dinner?

A. Foremost of importance is to exercise the utmost care in inviting guests that you know will be congenial towards one another.

Q. How should one go about sharing the expense of a motor trip with friends?

A. The best way would be to have some definite understanding about division of expenses before starting on the trip.

Q. Is it ever proper for a girl to lead her partner in a dance?

A. Never.

### INCOMPLETE ALPHABET

The old Roman alphabet had no j, u or w.

were served, the servitors being members of the staff of the city telephone exchange of which the bride was a member.

Mr. and Mrs. Judd left this morning for a honeymoon trip as far as Prince George on their return from which they will reside at Park Avenue.

The bride and groom are highly popular among many friends. The bride has been particularly well known as an accomplished dancer and entertainer. The groom is identified with the Arrow Bus Lines.

### SHOWER FOR MARY SKOG

Novel Presentation Made at Gathering Last Night

A boat replica, heavily laden with gifts, was presented to Miss Mary Skog, bride-elect, at a miscellaneous shower held in her honor at the home of Mrs. Ole Wick, 1108 Ambrose Avenue, on Tuesday evening. Joint hostesses were Mrs. Wick, Mrs. Henry and Miss Ruth Giske. The gifts were presented to the bride-elect by Miss Evelyn Skog and Miss Ruth Giske as she sat in a chair decorated with pink and white streamers and bells. Miss Skog thanked her friends for the number of lovely and useful articles.

The evening was spent with community singing, accompanied by Miss Violet Wahl, with piano solos by Mrs. B. Selvig and Miss A. Tuulos, R.N.

Guests present at the shower were Mrs. V. H. Dean, Mrs. M. Norgaard, Mrs. B. Selvig, Mrs. D. Dean, Mrs. J. Furrnes, Mrs. H. Knutsen, Mrs. G. Selvig, Mrs. T. Mulhern, Mrs. E. Christensen, Mrs. E.
