### TEN DEAD IN INDIA STRIFE

CALCUTTA. (C)—Ten persons were reported killed and 33 injured here yesterday in renewed Hindu-Muslim clashes as Bengal officials moved to rush food to the strife-torn Noakhali and Tippera districts to prevent mass starvation. Police clashed with mobs during the morning in Calcutta and street car and bus service was halted.

### NAZIS HAD GRIM JOBS

BERLIN (C)—The United States military government in Berlin said yesterday that its local officer in the Regensburg area had been suspended after former Nazis and other Germans had recently been forced to clean decayed flesh from bones of concentration camp victims with their bare hands and to perform other grisly tasks.

### YOUNG BRIDE FATALLY SHOT BY BANDITS ON HONEYMOON CRUISE

NEW MEXICO (C)—Charles Edward Beach, aged 28 New York artist, told the authorities today how his nineteen-year-old bride died at the hands of three masked bandits during their honeymoon trip down the desolate Balsas River. Beach said that his wife was shot while asleep in his arms on the river bank and that she spent an agonizing night in a canoe—her shoulder almost torn away by a shotgun blast—as he paddled frantically for help. She died just as he reached a settlement. The bandits fled with their belongings.

### LUMBER DUTY IS REMOVED

Steps Taken in United States To Expedite Building of Homes

WASHINGTON, D.C. (C)—In twin moves to relieve the United States housing shortage, President Truman on Friday authorized the importation of lumber free and Wilson Wyatt recommended \$54,000,000 in federal loans for the makers of prefabricated homes. The actions came as it became clear that Housing Expediter Wyatt would fall short of the 1946 goal of \$1,200,000 new dwellings started. Duty free privilege will affect mainly imports from Canada. (In Victoria Forest Service officers said the American action was not expected to affect the timber supply situation in British Columbia as exports of lumber are limited to 50 per cent.)

### RUSSIANS STRIPPING GERMANY

BERLIN (C)—Allied sources said yesterday that they had reports that the Russians were moving some of Germany's strategic war industries to the Soviet and plan to take between 10,000 and 15,000 German engineers, technicians and other specialists from Russian, British and American occupation zones. British authorities have lodged strong protest over the removal of some hundreds of skilled workers already taken from Berlin.

### KENYA IMPORTS STOCK

NAIROBI, Kenya (C)—In addition to purchases of United Kingdom pure-bred pigs, made by the Kenya Pig Board, as the breeding stock which will furnish sound herds for new settlers, it is announced that 1,500 Beran cattle are already held on suitable groups in Kenya as the basis for the producing of sound half-bred stock for new farmers.

### Bulletins

#### FIRES ASSISTANT

WASHINGTON — Attorney-General Tom Clark announced last night the dismissal of John Rogge as special assistant to the Attorney-General as a result of a recent speech in which Rogge linked several Americans with alleged Nazi efforts to defeat the late President Roosevelt.

#### CUBAN CONSPIRACY

HAVANA — Approximately twenty arrests have been made in Marianao, suburb of Havana, and Pinar Del Rio city in a move by police against what is reported to be a conspiracy against the Cuban government. Prime Minister Carlos Socarras said "there were many people implicated but everything has been cleared up." No further statement was issued.

#### PLUNGES INTO NIAGARA

NIAGARA FALLS, Ont.—Mrs. Audrey Holden, 23, died in hospital today following a 100-foot plunge into Niagara Gorge. Her companion, Paul Coscarella, described her action as a "trick to deceive me into thinking she was going to commit suicide after a lover's quarrel." The dead woman, mother of a three-year old, had been his fiancee, he said.

#### SOUTHAMS—I.T.U.

MONTREAL — Representatives of Southam Publishing Co., and the International Typographical Union were in session again yesterday with Mr. Justice Richards with a view to ironing out differences but nothing came of it. The conference ended without agreement, it was learned reliably, Judge Richards leaving for his home in Winnipeg. Philip Fisher represented the Southams and Woodruff Randolph, the I.T.U.

#### STEEL SHORTAGE

NEW YORK—Ford automobile plants in the United States employing 80,000 men, will be closed down today on account of shortage of steel.

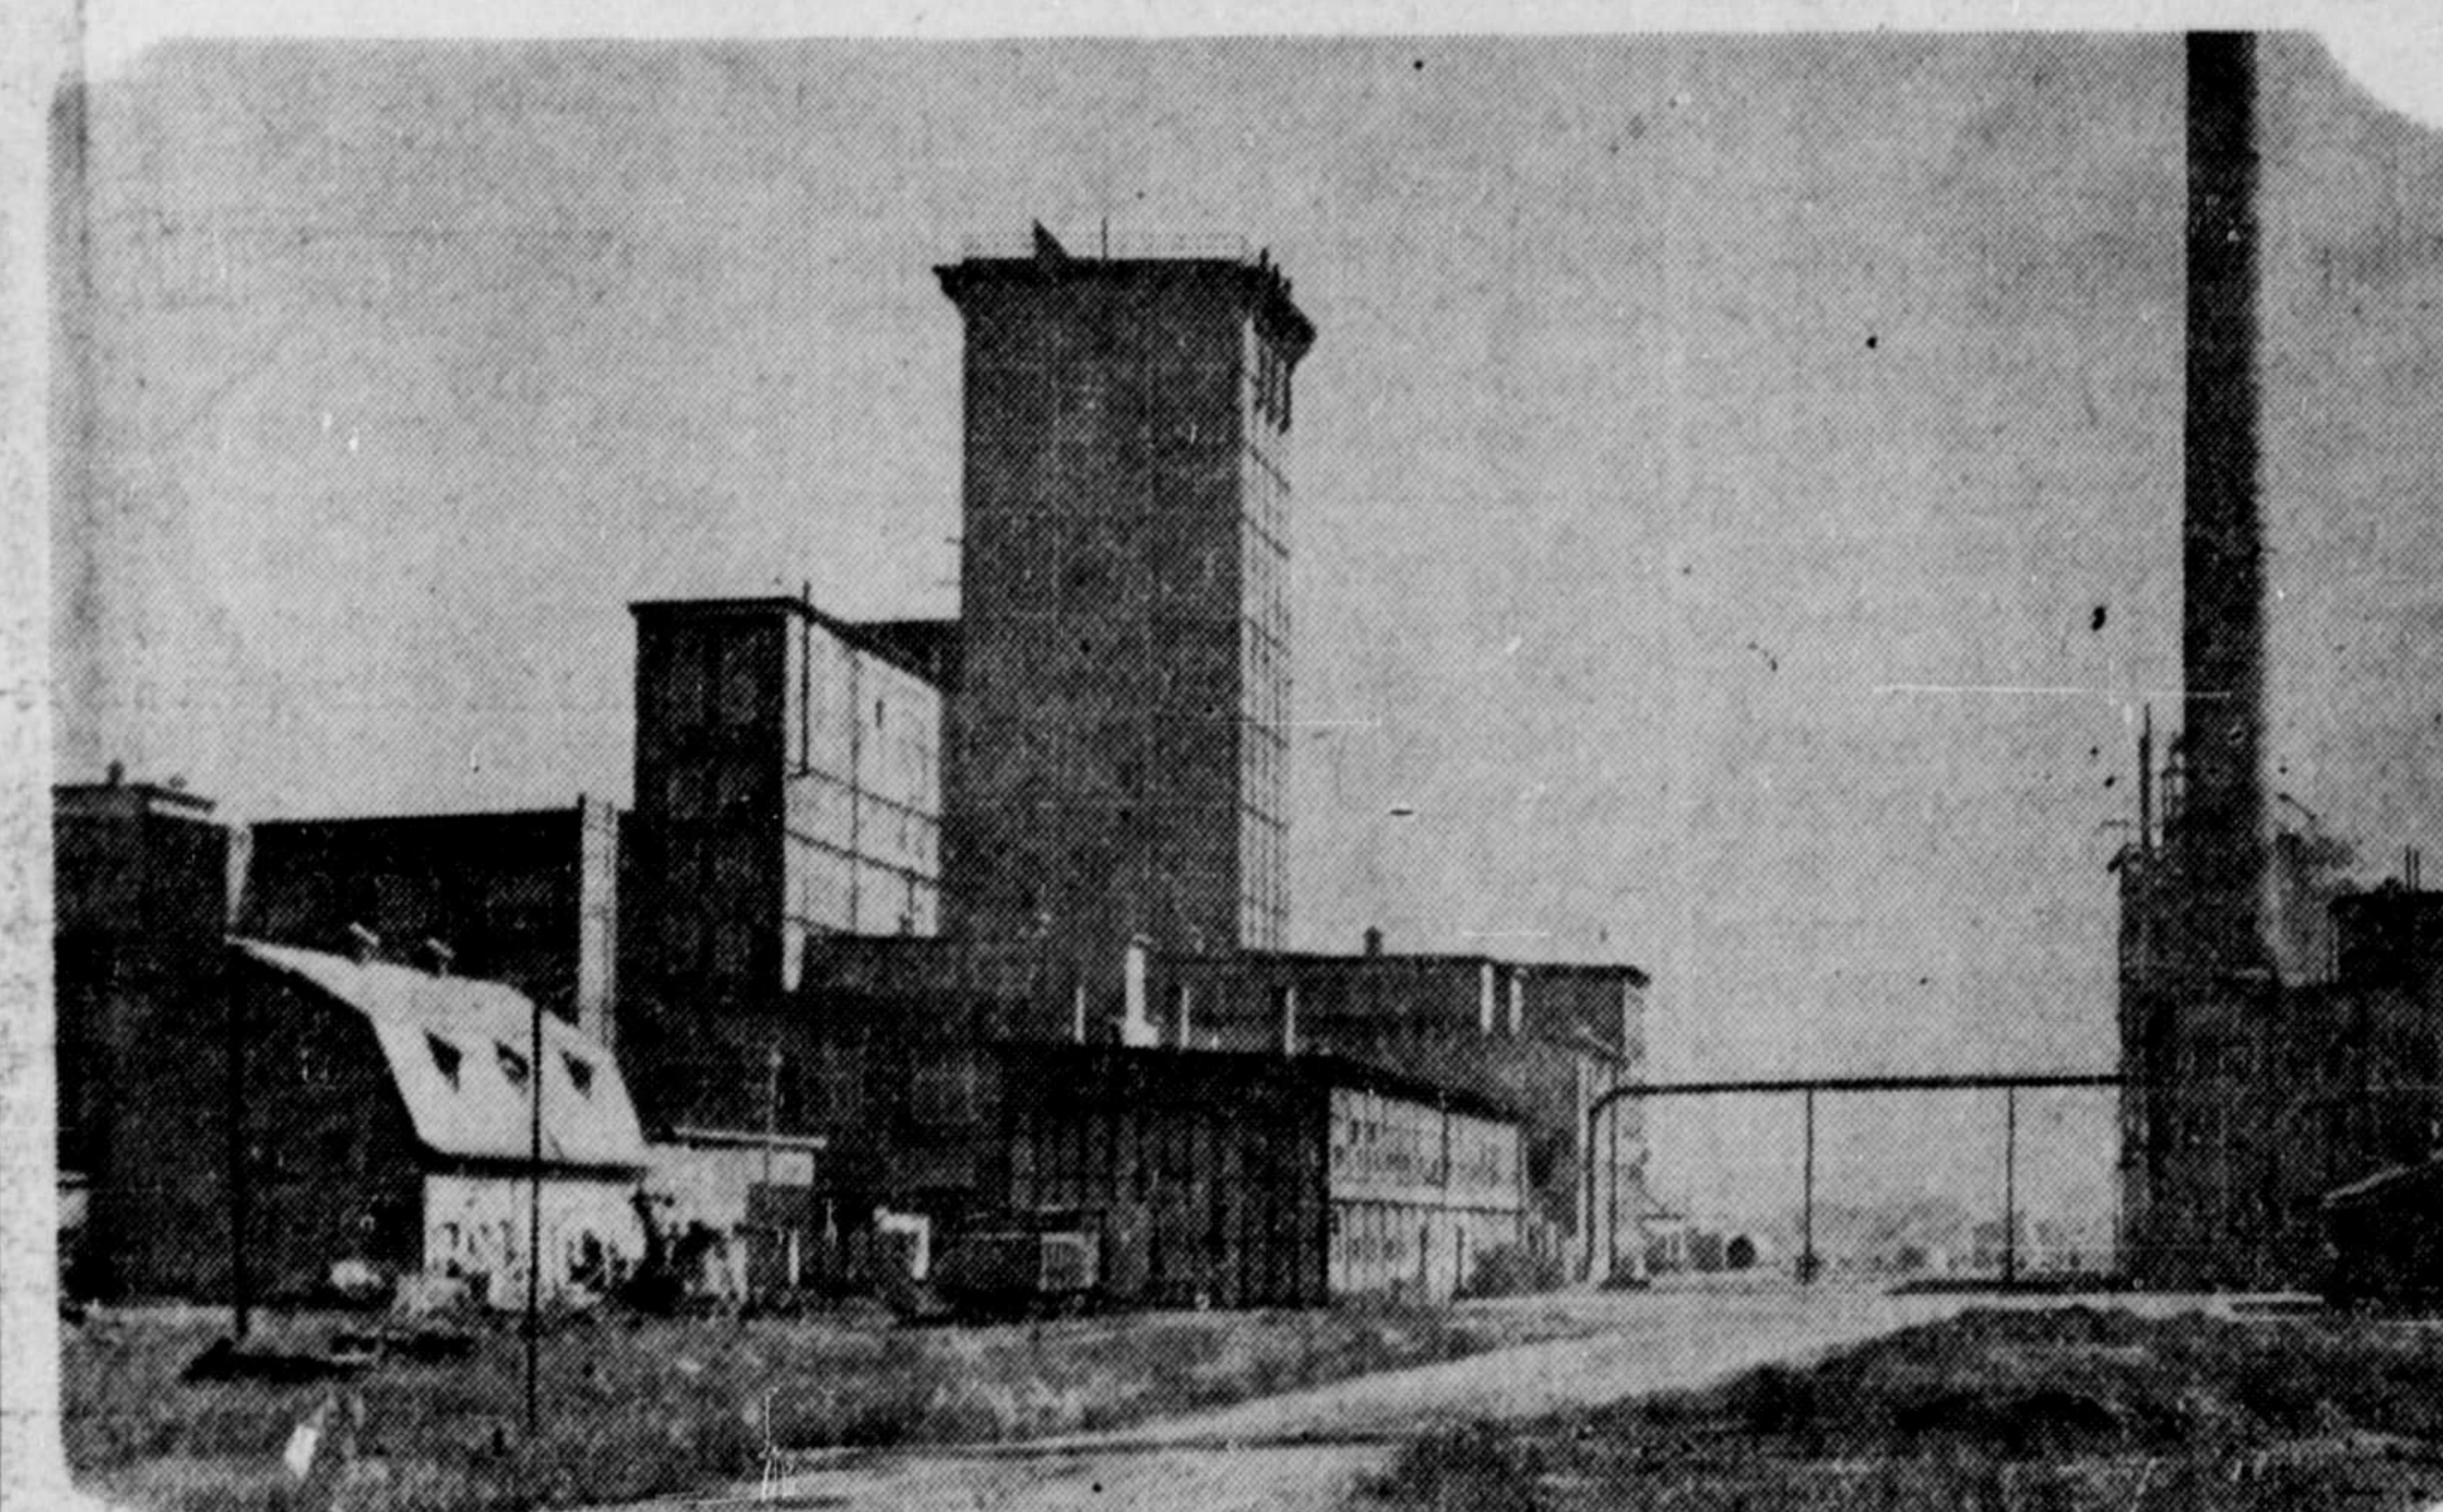

#### CHEFOO UNDER SIEGE

### FISHERMEN URGE ROAD

City Council Asked to Link Up New Floats With City

Urgent need for constructing a road to the new fishermen's floats in the Fairview Bay section of the waterfront was impressed on city council's Board of Works committee last night by members of the Halibut Vessel Owners' Association and the Deep Sea Fishermen's Union which interviewed the civic committee. Representing the fishing interests were Barney Road, Harry Hansen, George Anderson, fishermen's union secretary, and Hagbert Hansen. The fishermen opposed a projected 1,200-foot route which would traverse a steep hill and favored a more costly but more easily travelled route of some 1,800-foot length. The Board of Works informed the committee of the outcome of the recent visit of federal Public Works Minister Hon. Alphonse Fournier in which he said that he would try and get the backing of the fisheries department in financing the road to the floats. The shorter route, the fishermen claimed, would be difficult to travel with heavy loads such as boat engines which might have to be taken to city machine shops for repair.

SODA ASH STRIKE EFFECTS MANY CANADIAN INDUSTRIES—The soda ash starvation which has shackled the glass, soap and a score of other industrial processes, will end after settlement of the strike which shut down Brunner Mond Co., Amherstburg, Ont., who have a monopoly on Canadian production of the vital white powder. Brunner Mond plant, shown here, cost millions of dollars to build. It was erected 27 years ago where there are extensive limestone quarries and a nearby supply of salt brine. Company employs 400 men, many in plant for over 20 years.

### Moslems In India Gov't

Take Oaths in Five Cabinet Posts as End to Strife Appears Near

NEW DELHI (C)—Five new Moslem League ministers in India's interim government took oaths of office today to complete the 14-man cabinet and pave the way for an end to Hindu-Muslim strife. The Moslem nominees took the same three oaths as did ministers from the Hindu-led All India Congress party including one of allegiance to the King. The Moslems get the important portfolio of finance. Reports indicate slackening of gang killings, looting and burning which has sent thousands of frightened Hindus fleeing from Noakhali and Tippera districts. Disturbances are now reported to be well in hand.

### B.C. SAVINGS ARE MOUNTING

Loan Subscriptions Are Averaging Better than Three Million Dollars Daily

VANCOUVER—The British Columbia total of Canada Savings Loan subscriptions has reached \$22,600,450 of better than \$3,000,000 daily average. Payroll deduction subscriptions are \$2,654,400 with many firms showing increased interest. In the payroll deductions, Army & Navy Stores are the first Vancouver firm with 100 per cent employee participation. Begg Bros., large automobile distributing firm, is among several Vancouver and Victoria companies with employees signed up in 80 per cent participation. Dominion Bridge Co. is over 75 per cent employee participation and is confident the eight-out-of-ten objective will be reached. One department of Powell River Pulp and Paper Co. has 100 per cent employee participation and another 93.6 per cent. While definite figures are not available, Victoria is said to be near the \$3,000,000 mark.

### RECONVERTED FORT

ZANZIBAR (C)—The ancient Portuguese fort of Zanzibar, famous local landmark whose walls have been silent witnesses of many barbarous acts in former times, now is to become the civic and welfare centre for women and children in the predominantly African part of the town. Inspector H. H. Mansell, provincial police, and Judge W. E. Fisher returned to the city by motor Thursday night from a trip to Smithers and Burns Lake.

### PUBLICIZING OF OUTBREAKS

LONDON (C)—Colonial Secretary Arthur Creech-Jones told the House of Commons yesterday that Britain would publicize in the United States details of new Palestine outbreaks which he termed "abominations and cold-blooded outrages." Tom Driberg, Labor member, told the House that there is intensive propaganda in New York not only on behalf of the Zionist case but actually on behalf of the terrorists.

### NAZI DOCTORS ARE INDICTED

Charged With Medical Killings and Brutal Experiments

NUERNBERG (C)—Twenty-three Nazi doctors were indicted yesterday on charges that they "murdered hundreds of thousands of human beings" in Germany's wartime program of medical killings and brutal experiments with living prisoners. A woman, Herta Gierhauser, and Dr. Karl Brandt, one of Adolf Hitler's personal physicians, are among the accused. The trials will open next month.

The Prince Rupert Public Relations Council will prepare a page for insertion in the booklet.

### OIL COMPANY FENCE IS CUT

The mystery of who cut six strands of barbed wire surrounding the Standard Oil Co. waterfront stock yard is puzzling company manager N. R. Young today. The wire was cut last night, either accidentally by a truck backing into it, or deliberately by vandals. The wire also may have been clipped to permit the unauthorized departure of oil drums stored in the yard but Mr. Young was unable to account for anything missing up to this afternoon.

### FOR DELICATE CHILDREN

### MARCHIONESS FROM AMERICA IS VICTIMIZED

Two Other Rich Homes Also Robbed As Search For Windsor Gems Continues

LONDON (C)—Daring jewel thieves have taken \$40,000 in gems from the home of the Marchioness of Hartington, daughter of Joseph Kennedy, former United States ambassador to Britain, and made away with rich loot in two other homes. Gems and furs valued at \$20,000 were stolen from an Orme home and heirlooms were taken from St. James Palace, the home of Lady Piers-Leigh. Meanwhile Scotland Yard is still hunting for the burglar who stole \$80,000 in gems from the Duchess of Windsor.

### PERSECUTOR OF JEWS TO HANG

PRAGUE (C)—Heinrich Joeckl, 47, commander of Teregin concentration camp where Jews were forced to fight to the death with pitchforks, was yesterday sentenced to hang. The people's court found him guilty of murder, manslaughter and blackmail.

### SEEKING BETTER BROADCASTING

More Local Bodies Join in Representations Being Made to Ottawa

City council, Civic Centre Association, Canadian Legion, Rotary Club, Prince Rupert Public Relations Council and Prince Rupert Kinsmen's Club are the latest organization to wire federal authorities having jurisdiction over radio broadcasting protesting at the absence of popular CBC network programs from CFPR emissions here. It is pointed out that CBC lines are now carrying some network programs in the Prince Rupert but are not allowed to broadcast popular commercial programs. CFPR is increasing its power to 250 watts with greatly increased coverage and it is urged that immediate permission be given to broadcast commercial programs as on other network stations, these being more particularly needed as a public service where isolated communities are served.

### GREECE HAVING FATAL RIOTS

### WOULD SKATE AGAIN

Editor,  
Daily News:

With the winter season coming on I wonder if any local organizations have considered a popular sport which, even though we don't get much of, when we do a large percentage of our population, both young and old, take full advantage of it—namely, ice skating.

Up until a few years ago Morse Creek was one of the popular spots for this sport and some local organizations participated in the maintenance of the dam.

During the war, however, the surrounding area was required by the Department of National Defence and naturally enough was out of bounds.

Now, the war has been over for a year and as yet there seems to be no signs of the pond being available if we have ice this year.

Last season when we did have a freezing spell and the local youngsters began to enjoy a bit of skating someone figured they shouldn't be there so the gates were opened, the water ran out and the ice broke up.

During the summer when the kids looked forward to a little swimming the gates were again opened and the only swimming hole left was a narrow creek surrounded by a lot of dirty, unsanitary mud.

Now, maybe there is a good reason for all this but would there be any harm for any local organization to approach someone in authority and find out if the pond could be put in shape for the coming season?

This would be a great favor not only to the youngsters of the community but to a lot of the older folks who enjoy a few hours skating once in a while.

AMATEUR SKATER.

## OKANAGAN SMILES AS GYRO APPLE DAY PUSHES UP FRUIT SALES HERE

That rosy blush apparent on Third Avenue this morning might have had something to do with the shining dawn or it might have been caused by the glint of silver coins reflected from the glowing skins of bright, red apples. It was Gyro Club Apple Day downtown.

On five downtown corners, crews of sales-conscious Gyros stood behind stacked boxes of Okanagan's best, nawking the apples to passersby in order to raise funds for the maintenance and improvement of the Gyro playgrounds in the city.

The city's medical practitioners must have looked with a slight touch of gloom at so many apples being munched publicly. How many doctors were kept away for how many days is a statistical mystery.

The apple onslaught was abetted by a dozen youngsters who acted as roving sales personnel, selling the apples to people who did not come quite close enough to the corner stands to be caught by the alert Gyros.

Apple Day committee chairman Dave Allen had briefed his salesmen well, for they were selling them by the box as well as singly.

Gyros at the various stands were:

Watts & Nickerson corner—Charles Mills, Arnold Flaten, James Parker.

## Hallowe'en Masque At St. Peter's Hall

A gay Hallowe'en masquerade party was held last evening by the St. Peter's Young People's Association in the gaily decorated St. Peter's Hall. Clowns and cowboys, Hallowe'en ghosts and

pussy cats, Hindus and Scottish lassies formed a grand march which opened the festivities. Prizes were presented to the two best costumes—Shirley Tremear and Ralph Overgaard. Games and dancing continued until just before supper time. To choose partners for supper, boys ducked

for numbered apples in one tub and girls in another. Those who came up holding apples with the same number shared together the attractive basket lunches prepared by the girls. After supper, dancing continued until midnight.

## IT'S EASY

when you know how

Maybe you are one of the more than three million Canadians who bought Victory Bonds. Perhaps you paid for them on the instalment plan and were delighted to see how quickly—and easily—you accumulated a backlog of savings which gave you a new feeling of pride and assurance. Perhaps you bought them for cash. You were pleased to see how the interest mounted up—how these bonds made money for you, year after year.

Yes, it's easy when you know how!

If you were a Victory Bond buyer, we don't have to tell you that the new Canada Savings Bonds present an opportunity for saving and investment that's too good to miss. If you haven't already discovered how easy and convenient it is to save by means of bonds, now is the time to make a start—to stop wondering how other people manage to put away a nest egg, and start accumulating one of your own.

You can buy Canada Savings Bonds in units of \$50, \$100, \$500 and \$1,000, through any bank, authorized investment dealer, stock broker, trust or loan company—for cash or by the monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay. You may buy up to \$2,000 per person. They pay 2 3/4% interest each year for 10 years. Your bonds will be registered in your own name, providing protection against loss. You can cash Canada Savings Bonds at full face value, with interest, any time at any branch in Canada of any chartered bank.

But please remember this point—these are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay!

## SATURDAY SERMON

**The Handmaid of Faith—Evidence**  
(By REV. W. F. RUSHBROOK, B.A.)

"We have seen the (risen) Lord."  
"Except I shall see in His hands the print of the nails and put my finger into the print of the nails . . . I will not believe." —John 20:25.  
Thomas' assertion finds its echo in every heart that would believe in the living person of the crucified Jesus.

Jesus honored and respected that demand. A week later he said to Thomas: "Reach hither thy finger and behold my hands . . ." The concrete evidence

was sufficient for a full faith answered "My Lord and my God." "Thomas, because thou hast seen, thou hast believed. Blessed are they that have not seen and yet have believed." With these words Jesus would teach Thomas and us also that the witness of others must be a factor in our faith. Nevertheless men crave the experimental evidence. Jesus himself did: "Whom do men say that I, the Son of Man am." "Some say thou art . . ." "But whom say ye that I am." (He asked this of men who had lived, worked and suffered with Him for the last three years, some had probably known Him from boyhood). "Thou art The Christ the Son of the living God."

"Blessed art thou Simon Bar-Jona," is Jesus' glad retort. His intimate companions had seen God in Him. Philip requested the concrete too when he said to Jesus: "Show us the Father and it sufficeth us." Philip: "He that hath seen Me hath seen the Father." Jesus is God incarnate.

John in his Gospel and also in his letters emphasises the great value to our faith in rea-

lizing the full humanity of Jesus and so our understanding contact with him. "The Word was made flesh and dwelt among us and we beheld His glory." He begins His letters thus: ". . . that which we have seen and heard . . . and which our hands have handled . . . declare we unto you." But he adds it is the blood of this Jesus that cleanseth us from all sin and "He is the propitiation for our sins."

John's evidence becomes more valuable to us when we recall that, apart from sacred history, he, through Polycarp and Justin Martyr, also speaks to us. The Christian religion asks us to accept nothing that is contrary to reason or that denies the evidence of our senses. To do so would not be faith but credulity and there is no room for that in Christianity. "Put your finger into the print of the nails."

Today, Science, especially in the field of archeology, is giving the doubter a splendid array of torical truth of both Old and New Testaments. For instance, "The pre-flood Sumerian his-

tory in which many of the old Patriarch's names are given, the Noahic flood (Wooley), the events in Gen. 14. King Amraphel is now a well known historical figure. We have his laws—120 of them. But what is perhaps more important, an account by his astronomer of a heliac transit of Venus. Both British and French astronomers have verified both time and place thus fixing the date time of Abraham. So one might take up the fall of Jericho or the intriguing Hittite question for the Scientist cries: "Come and see and be not doubtful but believing."

In the New Testament read Luke 7:1-5, then go to Tell-Hum, the site of ancient Capernaum, the home city of Jesus, and let Pere Orfall a Franciscan Father lead you through and explain the excavated ruins of the Synagogue built by the Roman Centurian and walk the pavement once trod by our Blessed Lord and "Be not faithless but believe."

Would Do Away with Indian Act

Kitwanga Natives Seek Equal Citizenship with Whites

KITWANGA - This branch of the Native Brotherhood of British Columbia, going on record as favoring the scrapping of the Indian Act, would allow the natives of Canada equal citizenship with the whites and also the restoration of the complete ancient hunting, fishing and trapping rights, unhampered by taxation or restrictions on sales.

These opinions were the substance of a resolution forwarded recently to the headquarters of the Native Brotherhood at Vancouver recently in reply to a request for local opinions regarding revisions to the Indian Act, now before a joint committee of Parliament.

REVENUEURS

Table with 2 columns: Name, Amount. R. Andreassen 111 83 100 G. Stangbebye 137 128 161 K. Reid 118 155 89 D. Peachey 113 107 170 R. Ramsay 173 145 102 Handicap 88 88 88 Totals 740 706 710

The resolution was forged after a long discussion at a meeting of the Kitwanga branch and will be transmitted to Rev. Peter Kelly, chairman of the legislative committee of the Native Brotherhood.

Presided over by Chief Robert G. Harris, the meeting heard opinions by Harold D. Sinclair, president of the Kitwanga branch, and Chief George H. Moore, of Kitwanga, who had been a delegate to a sitting of a Royal Commission on Indian affairs some years ago.

Mr. Sinclair told the meeting that the native people are bound economically in many ways, being unable to sell fresh salmon caught in the native fashion on the Skeena, nor to sell or ship timber cut on the reserves. Even the vegetables grown on the reserves cannot be sold without permission of the Indian Agent, he asserted.

Lacking the privileges of enfranchisement, the natives are, nevertheless, required to pay taxes and to take up arms in defence of the country, he continued.

Chief George H. Moore opposed the licensing of native trappers, arguing that this ancient form of livelihood should be left free and unhampered to the Indians.

He recalled that, when a Royal Commission on Indian affairs sat in Prince Rupert some years ago, the commissioner urged that Indian property and manner of life be not interfered with by the whites.

The resolution, which was proposed by Chief Robert G. Harris, will be forwarded to Mr. Kelly with instructions to have it presented to the joint Senate-Commons committee now investigating revisions to the Indian Act.

The bride wore the gift of the groom, a string of pearls.

Attending the bride was Miss Margaret Morin of Prince Rupert, gowned in pink sheer fashioned similarly to the bride's. She wore a halo of flowers with shoulder-length veil and carried yellow mums.

Douglas Thompson of Toronto was best man. The ushers were Clarence Welsh and Reese Hunt, both of Port Hope.

The groom served overseas for three years with the Signal Corps, Cameron Highlanders of Ottawa.

The groom's gift to the bride was a gold compact and to the best man a pen. The ushers received from the groom initial-ed belts.

The bride's cake was topped with the upper storey of her mother's cake of 30 years ago.

**BOYS' WORK OF CHURCH**  
Manual Training Urged—Vacation School Stimulating

The value of manual training in connection with boys' work was discussed by the delegates, was discussed by the delegates at the fall meeting of the Prince Rupert Presbytery of the United Church of Canada held in the city this week. Presbytery Chairman Rev. D. W. More of Ocean Falls pointed out the advantage of having an energetic men's club to give support and instruction to the boys.

Secretary of the presbytery, Rev. R. A. Wilson, in reviewing activities of the local church, felt the vacation school had been a stimulating experience. Competent leadership and teachers combined with the enthusiasm of the children had made it a success.

Rev. Peter Kelly of the mission boat Thomas Crosby, as convener of the Home Missions committee, presented a report dealing with recommendations for the various missions.

Describing his approach to mission work, Rev. Kelly said there were times when he felt the land was full of giants but for the most part satisfaction came from doing the little services always at hand.

Rev. Mr. McAllister of Terrace and Rev. Mr. Cantelon of Hartly Bay, newcomers to the Prince Rupert Presbytery, took active part in discussions and the work of the sessions.

The final meeting was held Thursday evening. The first hour was given over to a Holy Communion service conducted by Rev. Afflick. A report on the progress of the evangelist and social service program completed the business on the agenda.

Those attending presbytery: Rev. W. P. Bunt, superintendent of Home Missions for British Columbia; Rev. D. W. More, Ocean Falls, chairman of Prince Rupert Presbytery of the United Church; Rev. and Mrs. Peter Kelly of mission boat Thomas Crosby, convener of Home Missions committee; Rev. R. Wilson, Prince Rupert, secretary of presbytery; Rev. G. Afflick, Skidegate; Rev. and Mrs. R. Morris, Hazelton; Rev. J. A. McAllister, Terrace; Rev. and Mrs. Cantelon, Hartly Bay; Lay Minister Len Burnham, Smithers; lay delegates—Mr. Smith, Terrace; Mrs. Andrew Thomson and G. H. Seaman, Prince Rupert.

New Coastal Liner Coquitlam Due November 10—New Missionary For Thomas Crosby

Long-deferred maiden voyage call at Prince Rupert of the Union Steamship Co.'s new coastal liner for the Vancouver-Prince Rupert-Stewart service—the Coquitlam, converted Castle Class corvette—is now set for November 10. She will take the place of the steamer Catala which is being withdrawn from that run to undergo annual overhaul and inspection and to relieve the steamer Cardena on the Vancouver-Skeena River-Prince Rupert route. Later, it is expected the Coquitlam will make some special pre-Christmas voyages between Vancouver and Prince Rupert. Another of the Union Steamship Co.'s converted corvettes—the Camosun—has just had her trial runs at Vancouver and should be seen in the course of the next few weeks on the Queen Charlotte Islands run in place of the veteran Cassiar.

Rev. Peter Kelly, veteran skipper-missionary of the United Church mission boat Thomas Crosby, is getting an understudy in the person of Rev. R. W. Henderson of Burns Lake who is joining the Crosby here this week-end. The Crosby has been

On her regular fortnightly voyage on the Queen Charlotte Islands service, Union steamer Cassiar, Capt. Lorne Godfrey, arrived in port at 7:45 yesterday morning from Vancouver via south Island points and left at 6 o'clock this morning for Massett Inlet whence she will return here tomorrow to sail at

midnight on her return south by way of the south islands.

Union steamer Cardena, Capt. John Boden, arrived in port at 4:45 o'clock this morning from the south and sailed at 9 a.m. on her return to Vancouver and waypoints.

Three fish-carrying vessels have been in port overnight from Ketchikan with frozen halibut and salmon for transshipment East over Canadian National Railways. They are the Sidney, which early this morning had completed discharging four carloads, and the Northern Queen and Kenmore which were in this morning.

## ONLY SINGLE LACROSSE GAME

Last night's scheduled double-header lacrosse bill suffered a slight case of decapitation, ending up with only one scheduled game followed by a pick-up encounter when one of the senior teams failed to turn up.

The junior game, played between Canadian Legion and Merchants, resulted in a 5-3 score for Legion while the senior game was called off when the Merchants failed to field a team against the Legion. To fill in the time, the Legion seniors played a pick-up team from among the juniors.

Only a small crowd was in attendance at the Roosevelt Park gym.
