Urgent Appeal To Be Sent To Premier For Dry Dock Action

INAUGURAL FLIGHT OF VANCOUVER-PRINCE RUPERT AIR SERVICE LANDS HERE

Inaugural flight of a Vancouver-Prince Rupert schedule air service, which during its preliminary stages probably will be on a weekly basis, arrived in Prince Rupert Wednesday afternoon, and took off at 12 o'clock this afternoon to return south via the Charlotte Islands.

City Finance Statement Cut

Annual Report of Auditors Reaches City Hall—Position Looks Healthy

During the year 1945 general rate revenue of the city of Prince Rupert exceeded expenditure by \$28,135.82, it is revealed in the annual financial statement which has just been received at the City Hall from the auditors, Crehan, Meredith & Co., Vancouver chartered accountants. The school surplus of \$20,273.20, due to an over-estimate the year previous, was reduced by an excess of expenditure over revenue of \$17,351.40 to \$2,926.80. The loan estate revenue exceeded expenditure by \$5,240.23.

Telephone department revenue for 1945 was \$66,387.31 and water department revenue was \$163,918.38 with expenditures respectively \$53,179.50 and \$41,185.03.

Public works expenditure for the year was \$38,685.32. Other city expenditures for the year included: Street lighting—\$9,661.33. Justice—\$26,313.76. Fire Department—\$25,359.71. Social assistance and hospitals—\$2,065.92. Health and sanitation—\$32,818.04.

The balance sheet shows the balance of city assets and liabilities at an aggregate of \$3,665,046.53.

The balance total of revenue and expenditure for the year—the city's total turnover for the year—was \$398,103.

The city had \$119,407.35 cash on current account at the end of 1945.

Associated Trades and Convention

Associated Boards of Central British Columbia is still endeavoring to complete its annual convention at Terrace this year. The Board of Trade motor coming north from Vancouver and a projected visit to Prince Rupert by the Eastern Alaska business is stated by J. T. Harwood, president of the Associated Trades and Conventions.

Equal Pay For Men and Women

VICTORIA—John McGinnis, CCF, Fort George, speaking in the Legislature yesterday, urged equal pay for men and women doing the same work in industry. He said also that the provincial government should ask the Dominion authorities to stop export of pulpwood to the United States.

VIET STOPS IRAN TROOPS

TEHRAN—The Iranian war news told newspapermen in Tehran yesterday that Iranian troops en route to garrison three military establishments had been stopped by the Russians. Iran had announced that the Russians were evacuating the establishments, which are in northern Iran.

Bulletins

BIG AIR CRASH
LONDON—Rome radio, quoting an unofficial report, said tonight that about 50 British and American officials were killed in an Allied airplane crash between Rome and Turin today.

BOY NAMED KILLER
KAMLOOPS—A coroner's jury yesterday named a 17-year-old boy—a welfare case—as the killer of Gordon Burns, 44, trapper and farmer of Valemont, 206 miles north-east of here on the C.N.R. line. Burns was fatally injured on his farm March 1 by bullets from a rifle fired by the boy through his house window, the jury said.

DYNAMITERS WIN
NELSON—Kimberley Dynamiters evened the best-of-three West Kootenay Senior Hockey League semi-final at one game each when they downed Nelson 2 to 1 here last night.

DRUG TREASURE FOUND
PORT ALBERNI—A water-soaked package containing 100,000 Oxford units of penicillin was found Wednesday by children walking on a beach at Wreck Bay on the west coast of Vancouver Island.

WOULD CALL KING
NUERNBERG—Franz von Papen has asked that King Gustav of Sweden be called to testify that he (Von Papen) had appealed to him (Gustav) to warn Hitler as far back as 1934 against his anti-Semitic policy.

R.C.A.F. HOME SOONER
OTTAWA—The Royal Canadian Air Force will be home from Europe sooner than was expected. Some 1,500 will be coming by April 1.

IRAN PREMIER HOME
TEHRAN—The premier of Iran returned home to Tehran today as disorders increased in the capital with three killed and five wounded in the latest demonstrations.

Communications Will Remain

VANCOUVER—None of the communications facilities set up for war purposes in British Columbia will be dismantled except those for which no commercial or public use can be envisioned. Construction Minister C. D. Howe said in an interview here Wednesday. He said that the network of telephone, teletype and frequency modulation radio known as Pacific Communications System would be continued.

IS CHARGED WITH FALSE PRETENCES

Earl Eadie appeared before Judge W. E. Fisher in County Court Wednesday and elected speedy trial on a charge of obtaining money by false pretences. Trial was set for March 2. Bail was set at \$1,000, one surety. Eadie is alleged to have issued cheques without funds to cover them.

NEARLY ONE THOUSAND AXIS SUBMARINES WERE DESTROYED

WASHINGTON—British and American navies accounted for 996 Axis submarines during the recent war, an official count discloses. The bag consisted of 781 German u-boats, 85 Italian and 130 Japanese. The British accounted for 524 German, 68 Italian and 9 1/2 Jap submarines and the Americans, 174 Germans, four Italian and 110 1/2 Japanese. The half-figure was arrived at through the British and Americans sharing sinkings.

Will Be Reminded Of Pledge

Disturbing to Think of Prospect After End of This Month

The Prince Rupert Industrial Development Committee was in session again last evening to consider what action might be taken to obtain even at this late date some statement of policy from the Canadian National Railways. It would be very disturbing, it was felt, to the employees themselves, and to the city and district as a whole, to contemplate what will happen at the end of the month when the last of the ocean cargo ships will be handed over to the owners. The committee considered at length how immediate action might be obtained and an urgent communication will be sent to the Prime Minister reviewing the situation and reminding him of his own, as well as party promises given years ago, to ensure that the possibilities of the port be used as a necessary part of the development of Canada.

It was agreed to give every publicity to the availability of the unusually extensive and well-equipped warehouse on the waterfront. Such a building could be used to advantage by many an industry.

The consideration of briefs already presented to the committee took up considerable time. These included comprehensive submissions received from the United Brotherhood of Carpenters and Joiners of America, the Jobs-for-All Association, the Labor-Progressive Party and short-ones from C. R. Facey and D. Crocker. The committee will meet again in order to prepare a consolidation of the briefs for the general meeting next Tuesday. Organizations are also requested to submit at that meeting their plans for providing the needed financial support for the delegation that will be appointed to go to Victoria to meet the Legislature.

Members present were Mayor H. M. Daggett, W. M. Watts, J. S. Wilson, B. Mickleburgh, T. N. Youngs and J. Nicoll.

NO INCOME TAX OFFICE IN CITY

The Department of National Revenue has advised the Prince Rupert Chamber of Commerce that it does not consider business here warrants the establishment of an income tax office in this area but it might be that a temporary office might be opened during the season of return-making when an employee of Vancouver or Victoria offices might be sent here to assist Prince Rupert people in the making of returns. Seeing what was being done in other cities outside of the metropolitan areas of the province, the local chamber had requested that an income tax office be set up here to give advice and assistance to local business men and individuals. It had been thought that Prince Rupert might rate a permanent office.

NO ANSWER ON CIVIC CENTRE

Up to early afternoon there had been no reply from the Minister of National Defence to the Civic Centre Association's latest proposal for the taking over of the Y.M.C.A. War Services building. The sending of another telegram to Mr. Abbott is now being considered.

CONVENTION HEARS PLEA FOR CO-OPS

PORT SIMPSON—A strong plea for the creation of a co-operative production and marketing organization among the natives on the B.C. coast was presented to the annual convention of the Native Brotherhood of B.C. here this morning by Ivan Adams, of Massett, manager of the Haida Co-operative Association on the north Queen Charlotte Islands.

Citing the struggles and opportunities of the Haida Co-operative, Mr. Adams said that he believed that co-operatives could be a great factor in the economic development of the Indians. He appealed strongly for their creation and support.

PORT SIMPSON NURSE CRISIS

Lady Superintendent Brought Here For Rest After Collapsing—Appeal For Help

Having collapsed under the strain of overwork due to shortage of nurses in an overcrowded institution, Miss M. Scott, R.N., lady superintendent of the Port Simpson General Hospital, has been brought to the city and is resting at the Prince Rupert General Hospital. A special appeal is being made for nurses for the Port Simpson staff. A Vancouver woman and a Victoria woman have volunteered to assist at the hospital and it may be necessary to call upon them.

AGENT FAREWELLS CONVENTION

Brotherhood Gathering Occupied by Receiving Reports, Plans for Ottawa Delegation

PORT SIMPSON—Indian Agent James Gillett, who is to be transferred to New Westminster next month after being in charge of the Prince Rupert agency for the last seven years, said farewell to the Indians of this district in a brief speech at the annual convention of the Native Brotherhood of B.C. at Port Simpson Wednesday afternoon.

Mr. Gillett's farewell was delivered during the latter part of Wednesday's session, which was devoted largely to the delivery

UNION CHARGES GENERAL MOTORS

DETROIT—The C.I.O. Auto Workers Union has charged General Motors with trying to interfere in the internal affairs of the union. Statements issued to top union officials declared that unless General Motors accepts arbitration or moves from its present fixed position there is no hope of an early settlement. The General Motors strike in the United States now is in its 106th day.

Incident At Hanoi

Chinese Fire On French Landing Force and Cruiser Off Haiphong

SAIGON, Indo-China—Chinese artillerymen, who opened fire on a French naval and troop force off Haiphong Harbor Wednesday, killed at least ten soldiers and severely damaged the light cruiser Triomphant, the French authorities said today.

Mauretania Lands More War Brides

HALIFAX—The liner Mauretania, which docked at Halifax yesterday, brought more than 800 war brides to this country. Since last Friday, four ships have landed more than 3400 war brides and children at Halifax.

Seeking Atomic Secrets

Disclosure Made to Newspapermen By Chairman of un-American Activities Committee

WASHINGTON, D.C. — A United States House of Representatives committee investigating un-American activities said today that foreign agents are trying to steal United States atomic bomb secrets. Chairman John Wood, Democrat, Georgia, told newspapermen that the committee had authorized him to announce the investigation has disclosed a theft attempt. Wood declined to name the nations involved nor would he admit that there might be any connection with the Canadian espionage activities which are under investigation.

MORE ESPIONAGE CHARGES COMING

OTTAWA—Latest information on Canada's spy probe indicates that some of the nine men now held will be charged under the Official Secrets Act. It is also believed their appearance in court will coincide with a second interim report by the royal commission.

LOAN TO BRITAIN

Canadian Assistance Will Be Billion Dollars or More

OTTAWA — Canada has agreed to loan Great Britain \$1,250,000, Prime Minister Mackenzie King officially announced today in making known some of the agreements reached during the loan negotiations which concluded yesterday. Terms of the loan are similar to those of the \$4,000,000,000 loan to the United Kingdom by the United States, Mr. King said. The new loan will carry interest at two percent from January 1, 1951, and will be repayable over 50 years beginning at the end of 1951.

OTTAWA—It was learned last night that Canada has agreed to make a loan to Britain. The amount was not divulged but speculation runs from one billion to one and one-quarter billion dollars. Unofficial sources, it is now learned, had suggested the loan be made interest free, but no indication of such action has been forthcoming.

RETALIATION BY FRANCO

MADRID—The Spanish government, retaliating for the French action in closing the French-Spanish border, has issued an order barring French nationals from Spain and her possessions and prohibiting Spaniards from entering any French territory.

OUTBREAK IN DELHI

NEW DELHI—Violent demonstrations have begun in New Delhi. Fires were set and a British canteen was stoned by demonstrators gathered along the route of a Victory Week parade scheduled today by Allied troops. Carl Wilson, who has been serving with the Navy on the east coast, returned home yesterday arriving on the Prince Rupert by way of Vancouver.

True Sign of Fascism

There's a shadow hovering over Egypt. The portent is a despatch from Cairo stating that the Minister of the Interior has banned publication of news of student riots—whether it is true or not.

Have the Four Freedoms been forgotten in the land of the pyramids? Even the sphinx should know that the first freedom to suffer is always that of the press. And invariably that is followed by further restrictions on liberty.

Suppression of news because it may be unfavorable to powers that be, is a dangerous symptom, one that should warn any democratic people that their rights are in jeopardy.

Franco Still Remains

The continued existence of Fascism as marketed by Francisco Franco and his Spanish Falangists is an oddity in Europe now that the crusade against that creed is almost a year past. El Caudillo's wretched dictatorship, submitted to the withering scorn of the United Nations, now seems tottering.

The immediate forecast is for a restoration of monarchistic government. But surely the Spanish, who were among the first to fight Hitler and Mussolini, deserve better than that!

Your Work

How do you work? Do you finish what you start to do? Do you have to do things over? Do you work because you have to—or to fill up time?

It was Carlyle who wrote "Genius is the infinite capacity for taking pains." And it is that ability, that willingness of spirit which is even more important than manual dexterity or mental skills.

All work is as seeds sown; it grows and spreads like the ripples from a stone thrown into a pool. We

do not know against what bank it may spend itself, or whom and what it may affect.

Slipshod work hurts first the doer. First in having to redo—for redoing work is staying in a rut, is not progressing or learning. Second, in the weakening of ability to do a job right. Carelessness is a habit-forming drug, insidious in its sapping of morale, but deadly in its effects.

The work that each of us do, the work that is before us, is our job, to be done by us. We must prove that we do it better than anyone else.

But there is another thing to be remembered. Dr. Stelzle brought it out in an article one year ago. "The day's work stands for a socialized effort, which has become possible only because others in the past have contributed their share to our effort. To these we owe a debt of gratitude. There is only one way in which we may pay this debt we owe them—we have the privilege of building upon the foundation laid by our forefathers, so that other millions may be blessed because of our own labors.

"This may seem idealistic, but the law of progress demands this of us, unless we are content to become parasites, living from the labors of others. In a sense, every man is a parasite, who is willing to receive the benefits which have accrued as the result of others' labors, without contributing his share to the common good."

This is as true today as it was when it was written. The way to get ahead—both materially and spiritually—no matter what task confronts you, is to do the day's work as though it were the only job in the world—the one thing by which you would be judged. "With good will doing service, as to the Lord, and not unto men" so wrote Paul.

Fitting? Mais Oui!

The French certainly have a way of their own. It couldn't happen in Canada, nor in any other place. But in La Belle France where food and fuel are both scarce what else could the French government do? They ordered a special coal allotment for artists' models and fan dancers.

The Bridge River-Lillooet News observes: "Canadians are wondering why the ocean port of Prince Rupert, built at public expense, is not the home port of Pacific passenger and freight fleets plying the Pacific"

cover office and the establishment of a northern office as "very urgent," while Williams said it "is absolutely necessary for us to have a northern office and distributing centre."

Mr. Williams said that, so far, he had not favored merging the Indians' salmon fishing and cannery agreements with those of other white fish workers' unions "because I think the United Fishermen and Allied Workers Union should have similar agreements with other unions and the vessel owners before they talk merger with us."

Secretary Herbert Cook reported that total membership stood at 1,897 members, of which 1,095 belong to the Brotherhood and 802 to the Sisterhood.

Rev. Peter Kelly Sounds Call to Action

Rev. Peter Kelly, chairman of the legislative committee, outlined his efforts to have the federal government inform the Brotherhood of the date when revision of the Indian Act will come up in Parliament so that a delegation from the Brotherhood can be present. He urged careful selection of the delegates who will be sent to Ottawa.

"We must have delegates who can act fearlessly and think clearly when the occasion demands," he asserted.

He urged that the annual dues should be increased from \$5 to \$10 and countered the proposal for a northern business office with a suggestion that "it is better to have one efficient, central organization than two which might lead to a divided authority."

Major D. M. MacKay, in his concluding talk, developed a theme touched on by Rev. Mr. Kelly.

"You would do well to cast fear out of your lives and out of the organization. Fear is the architect of failure. Take hold of things with courage. Compose your differences. Personally I should like to see a strong native organization in this province," he declared.

"Look into the heart of things and develop the sense of true values and the power of right decision. That power shows you the way to estimate things in their relation to reality."

Major MacKay and Indian Agents Gillett and Anfield returned to Prince Rupert last night accompanied by Bishop J. B. Gibson and Fathers Patterson and Bradley, who attended from the south, and Father Carroll, who represented Bishop Anthony Jordan of Prince Rupert.

SAM MASSEY IS HONORED

Farewell Presentation Made By Mayor Daggett on Behalf Of All City Employees

Members of all departments of the city service assembled in the general office yesterday to pay farewell honor to their doyen, Samuel Massey, who retired a few days ago as superintendent of utilities to take his superannuation. Their expressions of well-wishing and esteem took tangible form with the presentation, on their behalf, by Mayor H. M. Daggett of a handsome Gladstone bag which was found to contain a fine pen and pencil writing case.

In expressing the sentiments of all concerned, the mayor referred to Mr. Massey not only as a valuable municipal servant from the earliest days of incorporation through good days and bad but also as an old and valued citizen of Prince Rupert. After the years of service, it was not without feelings of regret that his colleagues saw him go but he could be assured that he carried with him the hearty good wishes of them all for many more happy days.

Taken completely by surprise, Mr. Massey expressed appreciation of the happy relationships with many friends, old and new, in the city hall. Looking around, he observed that one of the girls who had started with him in the telephone department was now a grandmother (Mrs. A. B. Love, wife of Mr. Massey's successor as superintendent). He offered his thanks for the unexpected gifts.

Mr. Massey had been with the municipal telephone department since the city's incorporation in 1910 except for the period between 1914 and 1918 when he served overseas in World War I, losing an eye when wounded. After having been wire chief, he succeeded to the superintendency in 1929 when J. J. Little went over to the Northern B. C. Power Co. and retained the position until his retirement.

W. A. Kirkpatrick of Terrace arrived in the city on Tuesday night's train from the interior and will leave tomorrow on his return to the interior.

CASEY ON CHURCHILL
Editor,
Daily News.—
Once again it has been shown through the utterance of Winston Churchill in his Missouri speech of March 5 that his egotism surpasses his judgment. Mr. Churchill, when he stood with his back to the wall, was an inspiring leader but it seems that the success of the cause he championed will become the source of his own undoing. Like many others his extended life may only serve to diminish his great name.

HIGHER PAY FOR OFFICERS

LONDON—The British government has announced substantially higher pay for officers of the three services. The boost in pay is designed to give officers' wages comparable to

civilian pay for men of about the same ability.
New regulations require service in the ranks now for anyone entering an officers' school and no fees will be charged.
More opportunities will be given for non-commissioned personnel to rise to commissioned rank.

CIVILIANS TO TRAVEL

New Railway Equipment Provided to Handle Traffic
WINNIPEG—"There is much new railway equipment on order and we are doing everything possible to be in a position to take care of the increase in civilian business that faces us this year," says A. A. Gardiner, general traffic manager, Canadian National Railways. "Civilian travel, which was severely restricted during the war, is bound to come into its own this summer and every type of tourist accommodation, from the tourist camp to the hotels in the Canadian Rockies, will be in full use."
"Canada really faces one of its greatest tourist years," said Mr. Gardiner.

Mrs. John Bremner is sailing tonight on the Prince Rupert for Vancouver where she will attend the marriage on March 15 of her son, Jack Bremner, to Miss Lois Porter. Jack, a well known local boy, after having been in merchant shipping for seventeen years, has left the sea to go into cabinet making work in Vancouver. The bride-elect is the daughter of a well known commercial printer in Vancouver.

He's a "WINDSOR" Salt Fan

This Maori chieftain (shown here in ceremonial make-up), seasons his meals with C-I-L "Windsor" Salt, exported regularly from Canada to his native New Zealand.

In Canada, however, salt has far wider significance, even though to most of us it is just a table essential. When treated chemically by C-I-L at Windsor, Ontario, it also becomes the basis for such commodities as chlorine, hydrochloric acid, caustic soda and synthetic ammonia, which have a range of application from the treatment of drinking water to the curing of hides.

KIN PLANS BOYS' CAMP

A boys' summer camp may be established in the Prince Rupert area this summer by the Prince Rupert Kinsmen Club if plans presented to the club's monthly meeting last night are carried out. Favoring the proposal, the club appointed a four-man committee to investigate the possibilities of the scheme and report back to a later meeting.

Possible sites for the camp are Lakelse Lake near Terrace and Rainbow Lake, just east of the city. Considering the project for further report is a committee consisting of Jack McRae, R. G. Moore, Charles Collins and Clarence Thomson.

Discussion of a communication from the Prince Rupert Industrial Relations Committee which sought ideas for the development of industry in the city aroused considerable discussion but, as a matter of club policy, it was decided to concentrate on service activities rather than take part in activities felt to be more in the realm of other types of organizations.

In discussion Bruce Stevens said that he felt the people of Prince Rupert would do well to try and develop their own small industries rather than be continually seeking the ear of the government and Canadian National Railways.

Maurice Irving, chairman of the T. B. Seal committee, reported that, while the 1945 drive had fallen short of the money raised in the previous year, the per capita contributions of Prince Rupert were greater than ever before. Net funds taken through the sale of Christmas seals this year were \$2,331.

"The T.B. Seal drive was well supported by Prince Rupert people in spite of the decline of population," he said. "In 1944 the city had the greatest per capita response of any city in the province, and last year it was even greater."

In his report Mr. Irving expressed the opinion that the visit last year by the mobile X-ray clinic had increased the awareness of tuberculosis danger and had thus been a factor in Prince Rupert's excellent response to the seal drive.

The Kinsmen Club will handle the drive this year, it was announced.

The meeting was held at Katy's Kleen Kitchen. President Bill Jarmson was chairman.

Mr. and Mrs. George Mac-Adams of Terrace are expected to arrive in the city on tonight's train and sail for Vancouver tomorrow night on the Catala.

CANADIANS MOVING UP

TORONTO—Montreal Canadiens have increased their first-place National Hockey League lead to three points over the second-place Chicago Black Hawks. The Canadiens moved further ahead last night when they whipped the New York Rangers 7-3 while Chicago was losing to the Toronto Maple Leafs 5-2. In the other N.H.L. game scheduled last night, Boston Bruins gained undisputed possession of third place by whipping Detroit Red Wings 4-2. The loss was Detroit's first since February 13.

FROM BUMS TO MEXICO

MIAMI—The ex-Brooklyn Dodgers' outfielder, Luis Olmo, says he's glad he signed to play baseball this year in Mexico. The slugging Puerto Rican said and we quote: "I think Mexico has a future for all Latin American players." Olmo, who turned down a Brooklyn contract calling for a reported \$7,500 a year, will receive more than \$10,000 a year in Mexico.

TODAY IN SPORT

LONDON—Many of Britain's old and familiar golf stars will be seen at the old and familiar places as post-war tournaments and championships get under way. But some names will be missing, among them such stars as Pam Barton, killed in an air crash in November, 1943; William Laidlaw, Henry Cotton's assistant, killed in an R.A.F. raid over Germany; Dale Bourn, the dashing internationalist, killed on a gun site during a German air raid in October, 1941; and Kenneth Scott, a former captain of Oxford University, killed in action against the Germans. Many other amateurs have come through the war after extended service. One British Walker Cup golfer, "Laddie" Lucas, a left-hander, reached the rank of wing commander in the R.A.F., and as a Spitfire pilot was a string of decorations for his part in the Battle of Britain and the Battle of Malta. Old-timers Cyril Tolley and Roger Wethered, who served in the Army, will probably be back in competition. Tolley, now 50, has been moving that ball a long way in recent matches with old cronies, and probably will put some of the untied youngsters to the test.

Most British golf writers were disappointed with last year's professional tournaments which showed little in the way of new talent. However, with \$80,000 at stake in various tournaments this year, it is hoped that professional gold will "get down to brass tacks" and produce good competition for future matches with the United States. In the amateur field things are uncertain and there will be no home international matches. The English and the British open championships are the only important tournaments scheduled. British women golfers, too, are treading carefully. They have scheduled the Ladies' Open for the fall.

1939 are back. A number of them saw service with R.A.F., notably Henry Cotton, who reached the rank of flight-lieutenant before being invalided out with a duodenal ulcer. Cotton raised many thousands of pounds, playing matches for the Red Cross and service charities. Many of the pros served in the special police force, the most notable wartime "Bobby" being the former open champion, Alfred Padgham, recently discharged after serving since early in the war. Billy Cox, known in North America as "Whiffy," after a few months in the special police, took a commission in the Army. Open champion Dick Burton, who won his title at St. Andrew's in 1939, served more than three years with the R.A.F. in the Middle East. Right now British pros are primarily occupied with the action of United States pros in cutting out the stymie. They feel that the stymie is an integral part of the game.

The other rinks are out of the running. Quebec has three wins and four losses; Nova Scotia has won two and lost five; New Brunswick has only one victory in seven games and Prince Edward Island has yet to mark up a win.

The bonspiel winds up today with rounds in the morning and afternoon. This morning Manitoba played against British Columbia; Northern Ontario against Ontario; Saskatchewan against Nova Scotia; Alberta against Prince Edward Island. In the afternoon, Ontario

Charlie Conacher practically clinched the 1935 National Hockey League scoring honors when he poured in four of Toronto's ten goals against Canadiens at Montreal eleven years ago last night. Final statistics showed Conacher in the No. 1 spot.

Fourteen years ago today Vancouver badminton stars won four out of five championships in the national tournament at Winnipeg. Jack Underhill won the men's singles and, paired with Noel Radford, also took the doubles. Anna Kier won the women's singles and teamed with Radford to take the mixed doubles.

Curling—Manitoba Is Leading

Big Championship Bonspiel Is Concluding Today

SASKATOON—Manitoba has taken over the lead in the championship bonspiel at Saskatoon. Manitoba, represented by Leo Johnson's Winnipeg Strathcona rink, took over undisputed possession of first place in the round-robin series by whipping Saskatchewan 10-8 while Alberta defeated Northern Ontario 9-4 and British Columbia edged out Ontario 10-8. Manitoba leads the field with six victories and one defeat and three rinks—Alberta, Northern Ontario and Ontario—are in second place with five wins and two losses. British Columbia and Saskatchewan are tied for third place with four victories in their seven games.

The Northern Ontario quartet had taken the lead in the fourth round when they defeated Saskatchewan 10-7 as the Ontario champions from Kitchener sprang the first major upset by whipping the highly-favored Manitoba rink 10-7. In defeating Saskatchewan to maintain their unbeaten streak, the Northern Ontario rink had to come from behind with four points in the last two ends to post the win.

The other fourth round matches saw Alberta easily overcome Prince Edward Island 18-3; Nova Scotia defeat British Columbia 11-10, and Quebec beat New Brunswick 12-8.

Gyro Convention Coming In 1947

Since it has been arranged that international and district Gyro conventions will be held jointly in Seattle in 1947, the projected district convention for Prince Rupert will probably be held in 1947, it was disclosed at the monthly business luncheon of the local Gyro Club yesterday. The district convention this year will be held at Tacoma August 8, 9 and 10, and it is possible that as many as four local Gyros with their wives may attend.

Committee reports at yesterday's luncheon included one from a special committee announcing that the Kitsilano Boys' Band would not be paying a visit to Prince Rupert.

Drawing from among five members who qualified took place and the winner of the attendance cup for 1945 was G. A. Hunter.

WHAT'S DOING AT PRINCE RUPERT RECREATION COUNCIL GYMS BY JIM NAST

THE RUP-REC SHOW—While the negotiations with Ottawa continue in regard to the disposition of the Y.M.C.A. War Services building, the Rup-Rec show must be kept "on ice." Scheduled originally for this Friday, the show will be postponed until the building negotiations are completed. Under the present ruling, only children are permitted to use the "Y" building (other than service personnel) and then only in organized activities. Should the opening of the building to adult civilian personnel be delayed by the authorities in Ottawa, it may be possible to present the Rup-Rec show for children only to show the youngsters what their classmates have accomplished in the last few months of practice and what they may expect in Rup-Rec classes.

BASKETBALL GAME—If you had planned to attend the Rup-Rec show this Friday and now have that evening open, we suggest that you attend the basketball games at Acropolis gymnasium. The series should prove exciting.

COMMUNITY CALENDAR—We should have known better but we will learn by past experience and not make the same mistake again. You have probably noticed the Rup-Rec show would have conflicted with the basketball series to the detriment of both had not the former event been cancelled. With the steady increase of sports events, displays and social affairs in the city, some method should be planned to avoid the clashes which will certainly arise in the future when two or more activities are held on the same evening. This difficulty can be overcome by establishing a "Community Calendar." All that is necessary is to gain the support of all the groups who are interested in the promotion of basketball games, baseball games, sports days, large dances and other functions, to co-operate in preventing conflicts of this sort. Each promoter or chairman of an entertainment or sports committee could phone a central office—say, the Rup-Rec office—and state that on a certain evening three weeks hence he is planning a public carnival, boxing match, dance or what-have-you. By reference to the Community Calendar at the head office, he could ascertain if other events were planned for this evening. If they were, another evening could be suggested. In this way, there would be no possibility of conflicting dates. We feel certain that it will be welcomed as a constructive suggestion by all committee chairmen who have been faced with the difficult task of cancelling an event at the last minute to avoid a clash with a more popular event. What is your opinion?

WEDNESDAY CLASSES—The Wednesday evening classes at the Y.M.C.A. increased in attendance over the same period last week in spite of the fact that they were not announced in this column due to uncertainty regarding use of the gym. Topping last week's class by four members, 75 juniors turned out for the class of recreative gymnastics. Preparations are being made for a mass display of

girls' activities in the spring. Total number of youngsters under instruction during the three-hour gymnastic period last night totalled 140.

WHAT'S ON TONIGHT—Leaders, 8:00 p.m., Y.M.C.A. Gym—rehearsal.

DANNY KAYE IN FANTASY

Music, Romance and Color
In Fun-filled "Wonder Man"

Romance and the supernatural make for the dual themes of a Technicolor comedy "Wonder Man," opening today and continuing Friday and Saturday at the Capitol Theatre. Danny Kaye is in the starring dual role of identical twins of vastly different temperaments who are in love with two girls.

Just before he is to appear as key witness in a murder trial, a night club entertainer is murdered, and his restless spirit takes over the career of his twin, a studious young bookworm. As a consequence he gets into the most hilarious jams with the object of his affection (Virginia Mayo) as well as with Buzzy's sweetheart (Vera-Ellen).

Complications pile up on each other until a truly hilarious climax brings relief to the harassed hero and sets his brother's spirit at rest for all time.

Again Danny Kaye exhibits his versatility in song, dance clowning and just plain acting. Sumptuous dancing and musical production numbers are introduced between the comedy sequences of "Wonder Man."

CHINESE FOOD HANDLERS ARE GIVEN COURSE

Fourteen Chinese restaurant workers attended the Public Health Unit on Tuesday and Wednesday nights for courses in food handling which were followed by practical tests. The classes were conducted by Sanitary Inspector M. R. Harper. There will be similar sessions next Monday and Tuesday.

ALWAYS READY FOR HER MEALS

SCIENCE has proved there are certain food elements every one needs for health. If there are enough of them in a child's food, serious things can happen—such as loss of appetite, stunted growth, soft bones, poor teeth, faulty nerve, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B, D, Riboflavin, and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the best food substances—complete protein to build muscle, nerve and body cells—high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underpar, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.
