'CEASE FIRE' DUE SOON

CHUNGKING—The senior Chinese Communist delegate to Chungking, General Chou En-lai, confidently predicts a cease-fire order in China very shortly. General Chou says he expects the order will be given before the unity conference of Communists and National government negotiators in Chungking on January 10.

At the same time, the United States envoy to China—General Marshall—has started to serve on a committee of three to work out details of bringing peace to China and restoring its communications. The other members are General Chou and General Chang Chun, governor of Szechuan province, who will represent the National government. The committee met today and are believed to have made "important decisions."

Bulletins

"CEASE FIRE" TOMORROW
CHUNGKING—The Chinese press predicts that orders to cease fire in the China civil war will be issued by both the Communists and the Central government tomorrow. As yet, there has been no official confirmation of the press prediction although Nationalist and Communist leaders said today that agreement had been reached on all major matters in dispute.

MAY AVERT STRIKE
NEW YORK—There is a possibility of the threatened widespread strike in the steel industry being averted. A slight increase in the price of steel may be allowed. Companies had said higher wages could not be paid until there was a higher price for the product.

BRACKEN TO PARLEY
OTTAWA—Prime Minister Mackenzie King has failed to confirm an earlier report that John Bracken, Progressive Conservative leader, would accompany him to the world peace conference.

JUDGE FORIN HURT
VANCOUVER—Eighty-four-year-old Judge J. A. Forin, who retired from the British Columbia bench in 1928 after 30 years of service, suffered a possible fractured pelvis when struck by a taxi after alighting from a street car in the downtown area Sunday.

WESTERN UNION STRIKE
NEW YORK—The Western Union telegraph workers strike, involving 195 company offices in New York, commenced today, badly disrupting commercial communications.

GOERING IN LIMELIGHT
NUERNBERG—Hermann Goering was in the limelight at the war criminals trial today and appeared to enjoy it. Documents were read showing his activity in preparing for aggressive warfare. During the hearing the fat Nazi chief passed a note to Rudolf Hess, who was reading Mein Kampf, and the latter tilted, being reproved by the presiding judge.

MILD IN ONTARIO
HAMILTON—Dandelions are in bloom, tulips have broken through and the first robin has been seen as the temperature rose yesterday to 60, the warmest January day on record. Exceptionally mild weather prevails throughout the province.

VANCOUVER DIPHTHERIA
VANCOUVER—Dr. Stewart Murray, medical health officer for Vancouver, says that penicillin is being used to combat the present mild flurry of diphtheria here. It is the first time it has been used here for that purpose. Dr. Murray suggests the malady may have been brought from Holland by returning troops. Two more cases are reported.

Weather Forecast

Prince Rupert—Strong southerly winds reaching gale force in exposed positions. Decreasing to fresh to moderate tonight. Overcast and cool with rain. Wednesday—Fresh to strong southeasterly winds.

Kidnapped Chicago Child Is Brutally Slain

PORTIONS OF BODY FOUND IN SEWER LINES

Four Are Arrested Following Grim Turn In Chicago Kidnapping Case

CHICAGO (CP)—Four persons are being questioned by police in Chicago today in connection with the brutal kidnap-slaying of six-year-old Suzanne Degnan. The child was kidnapped from her Chicago home early Monday morning and last night her head and other parts of her body were discovered in separate sewers.

The child's head was discovered first, in a catch-basin half a block from the Degnan home.

Police announced shortly afterward that friends of the family had made positive identification of the child's remains. Those being held include the janitor of the apartment building nearest to the catch-basin and three other janitors.

Previous to the discovery of the remains, the child's father had made repeated radio appeals to the kidnapers to return the little girl unharmed, promising to pay the \$20,000 demanded by the ransom note.

Details of the slaying have been kept from Mrs. Degnan.

JAP CABINET HANGING ON

TOKYO—The Japanese cabinet is struggling desperately to solve the crisis brought by the Allied directive that Japanese officials who favored aggression are ineligible for public office. A source close to Premier Shidehara says that the supreme Allied command may be asked to permit cabinet members to retain their posts until after the forthcoming general election. The Allies have not yet set a date for the general elections.

Scientist Says—RUSSIAN ATOMIC BOMB HAS RENDERED ALL OTHERS OBSOLETE

LONDONBERRY, North Ireland (CP)—A British scientist has declared that an atomic bomb the size of a tennis ball which renders the Anglo-American bomb obsolete has been developed by Russians researchers. The scientist is Dr. Raphael E. G. Armatov, director of the Lomeshire Research Centre for anthropology and human biology in Londonderry. Doctor Armatov says the Russian atom bomb already has been tested and found to have a horizontal pulverization range of fifty-three miles and a vertical life of six and two-tenths miles.

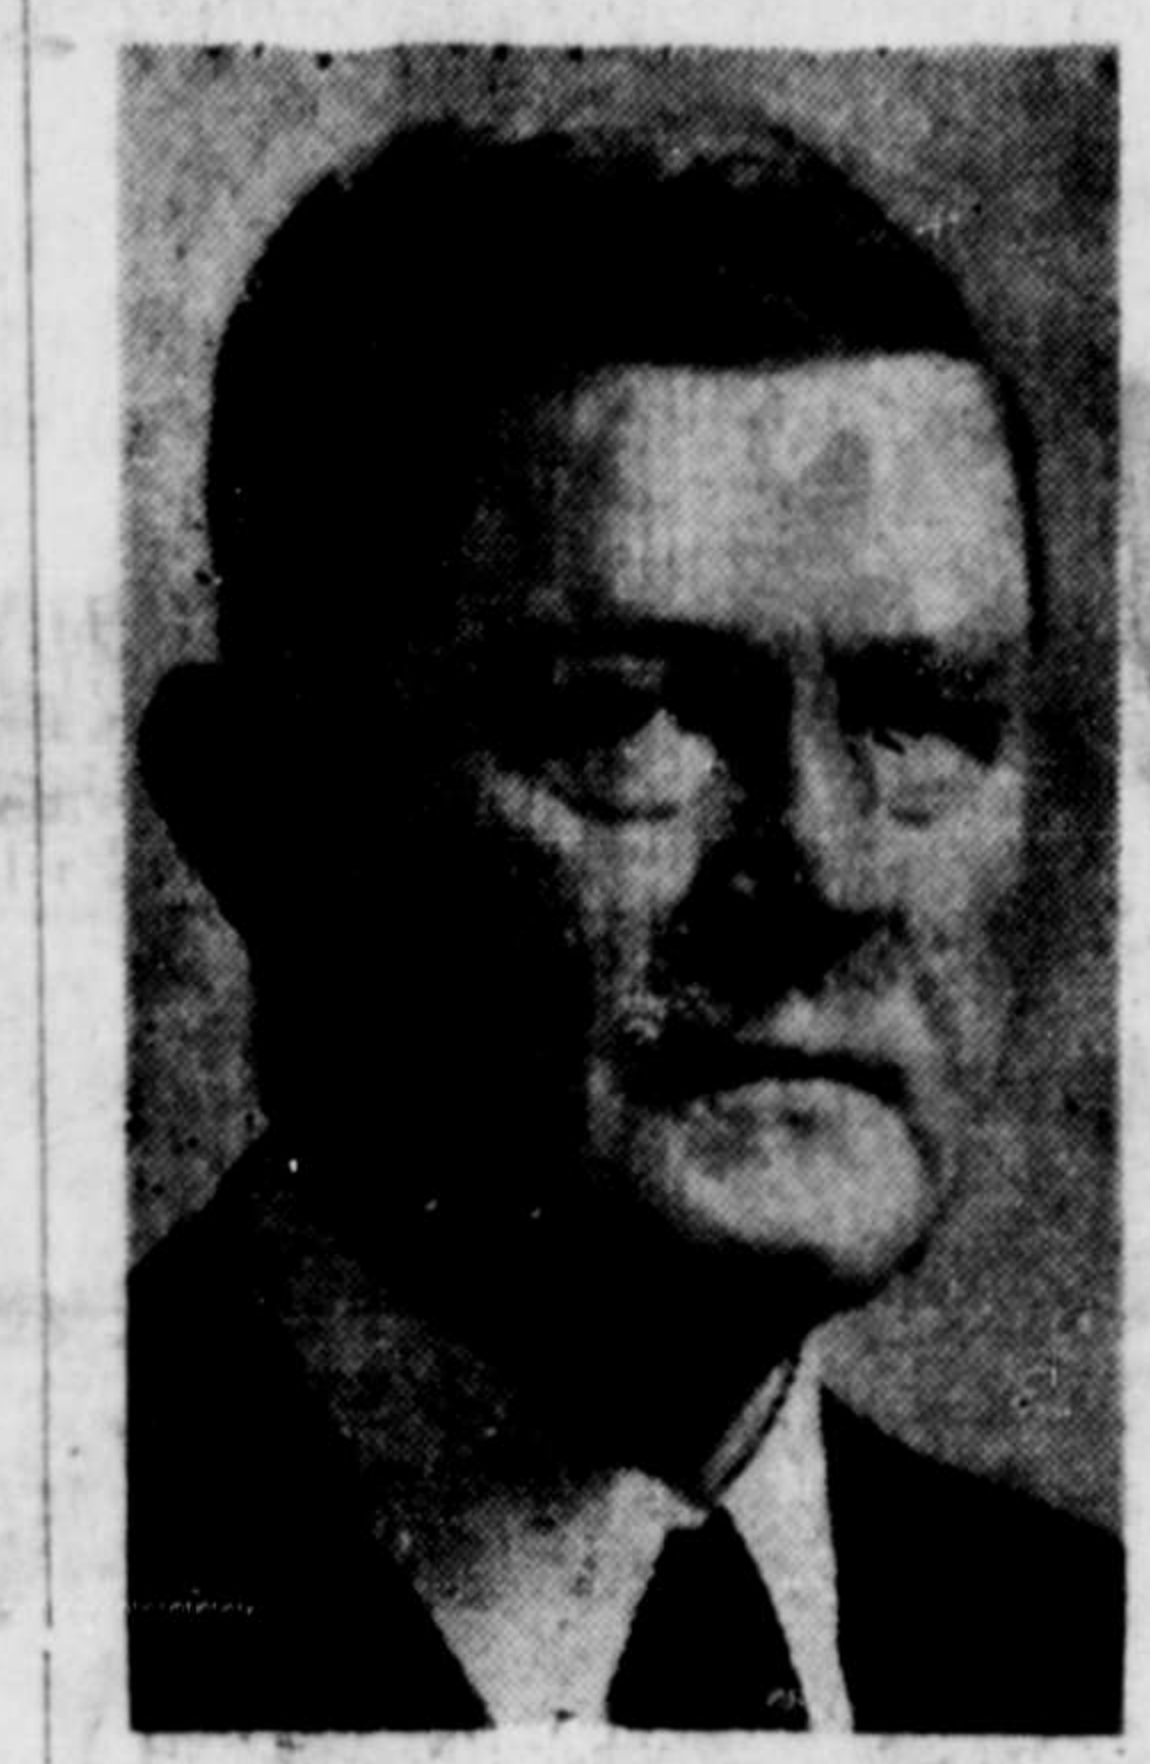

The scientist has not revealed his source of information but says some members of the Lomeshire centre's staff are affiliated with Russian scientific societies.

KURT MEYER AS HE APPEARED IN AURICH COURT—Kurt Meyer, Nazi S.S. general who has been condemned to death by a Canadian military court at Aurich, Germany, is seen here in the court. With him are Major Arthur Russell, left, of Winnipeg, Man., and Capt. E. McPhail, of Brandon, Man.

RETIREMENT OF VETERAN PURSER

After 39 years' service with the Union Steamships Company, Norman G. Pattison, purser on S.S. Cardena, recently retired. Born at Rockhampton, Queensland, Mr. Pattison left Australia as a youth for Buenos Aires. Later

NORMAN PATTISON

he went to Liverpool, England, and in 1904 arrived in Edmonton. Three years later he joined the Union Steamships as freight clerk and purser on the old S.S. Capilano on the Nanaimo-New Westminster logging route. Subsequently he was transferred to S.S. Coquitlam and after some years revisited Australia. On his return he saw service with the Cassiar, Venture, Chelohsin, Catala and Cardena. He was purser on the Cardena on the Vancouver-Prince Rupert run for the past 14 years. On his retirement from the company, Carl Halterman, vice-president, made a presentation to Mr. Pattison on behalf of the Union Steamships.

WILL STILL WORK FOR PR. RUPERT

"I am just changing my headquarters but I will still be working to make this plant of ours here busy, useful and active and will retain my warm interest in Prince Rupert and do everything to further its development and well-being," R. M. Winslow, who is being transferred to Vancouver as an executive of the Canadian Fish & Cold Storage Co., assured the Prince Rupert Chamber of Commerce at its meeting last night. President W. F. Stone joined Arnold Flaten in wishing Mr. Winslow success and happiness in his new home in the south.

TANKER COMES OFF DRY DOCK

Illinois Being Removed From Pontoons This Afternoon After Receiving Temporary Repairs

The Texas Oil Co.'s tanker Illinois, which has been receiving temporary repairs at the local dry dock following her recent stranding in Alaskan waters when extensive damage was done, is coming off the pontoons this afternoon and will be tied up at the ocean dock. Last word was that the Illinois was to be scrapped.

TO FOLLOW UP RAIL SERVICE

Correspondence of Protest Reviewed—Reply From C.N.R. Executive

Correspondence, mostly by wire, following the round of protest that was made at the cutting down of train service on the Prince Rupert-Jasper line of Canadian National Railways was reviewed at last night's meeting of the Prince Rupert Chamber of Commerce, resulting in the referring of the matter back to the transport committee with instructions to keep up the campaign for maintenance of better service through development of business for the line.

Mark Hill felt that the Canadian National Railway owed a responsibility in respect to the line and terminal in the way of seeking business with a view to maintaining service and facilities. Theo Collart was of the opinion that the company could afford to lose money on this line for the time being, if necessary, as it did on the Northern Alberta and Hudson's Bay lines.

The last communication on the matter from W. R. Devenish, vice-president in charge of western lines, Winnipeg, was a telegram reading as follows: "Our transportation and operating departments have given every careful study to train service requirements in this territory and it is a matter of regret

that we have to face the fact that the large volume of traffic and business carried out during the war years has now been withdrawn and it is the obligation of our company to meet this situation and ensure that train services operated are not in excess of the requirements. We trust you will realize our position.

Keys to Future—

DRY DOCK, PULP MILL, NAVAL BASE, GRAIN SHIPPING, FISHERIES AND SMALL INDUSTRIES, RUPERT HOPES

"After six years of fighting we are starting on a new peacetime year and today Prince Rupert is back to civilian life and is wondering what the prospects for this year will be," said the report of Retiring President George Mitchell at the annual meeting of the Prince Rupert Chamber of Commerce last night.

"In the first place we know that we will always be a great fishing centre. The conservation of the halibut fisheries and the existence of fine cold storages and fish processing facilities here guarantee that. But the city has had a period of living in the bustle and prosperity of the war years and we do not want to go back to the early thirties when our wharves saw only coastwise vessels and when grass was growing in our dry dock yard.

"We can count on a small amount of steel ship repairs; also maintenance and repairs of wooden fishing craft, but income from this is never large and employment is irregular.

"The Highway connection with the road system of British Columbia was built in a hurry as a war measure. It is not yet a first class road—but, nevertheless a highway link which traffic can travel on and undoubtedly will be improved which should give us a place on the tourist map of British Columbia.

"There have been many projects discussed at our meetings throughout the year and some of our hopes are: "That ships will be built at our dry dock.

COUNCIL REJECTS MOTION TO CUT MAYOR'S SALARY

A motion by Alderman Arnold to reduce the mayor's annual indemnity to \$1,200 was voted down last night when the seven other aldermen supported an amendment by Alderman Rudderham that the mayor's yearly indemnity be set at \$2,000, an amount equal to that paid for the mayor's services in 1945.

Alderman Arnold moved that the mayor's indemnity be set at \$1,200 and the aldermen's indemnities be \$300 yearly. The latter is the same amount received by aldermen in past years.

In support of her motion she said that last year there were many problems and claims on the mayor that justified his receiving \$2,000 in salary but that

she thought the pressure would be less in future. "There is nothing personal in this but I feel that we have a competent group of department heads in the City Hall and I see no reason why we should pay for a full-time administrator in the mayor's office," she said.

Alderman Arnold added that she had learned that city administration costs had doubled within the last few years.

No Right to Cut Salary
Alderman McKay sounded the keynote of opinion which resulted in Alderman Rudderham's amendment when he said: "I agree with Alderman Arnold in part but, since the citizens of Prince Rupert saw fit to put the mayor back in office by acclamation, I don't think we have the right to reduce his salary."

Agreeing with Alderman McKay, Alderman Youngs said that, since the matter of the mayor's salary had not been brought up before the election, he did not think it right to bring it up now.

Prior to making his amendment Alderman Rudderham said that he believed that it was because of the mayor that the city had such efficient departmental heads.

"Besides, if the issue had come up at election time and we had campaigned on it, we might have been justified in changing it," he declared.

Alderman Hills expressed the opinion that the mayor should be independent and, since the position of mayor would force a

CHAMBER HEARS FEDERAL MEMBER

Welcoming the privilege of being able to co-operate with local business men in common efforts to further the interests and development of port, district and entire north country, Harry Archibald, M.P. for Skeena, said at the annual meeting of the Prince Rupert Chamber of Commerce where he was a guest last night that, regardless of whether one was a free enterprizer or a socialist, it must be admitted by all that government had more and more to do these days with the prosperity of the country and its people.

With every part of the country suffering from collapse of the war effort, some much more seriously than Prince Rupert, the government, Mr. Archibald declared, had come out flat-footed with the declaration that there would be no national public works program but that private enterprise would have to take up the slack of the reconstruction period. The federal ministers, even though they might be of good intention, were helpless and big business was having full play. "In the near future," the member declared, "we shall either have unemployment on a large scale or we will have to go on a war economy." The government would be forced to take the lead in bringing about prosperity which business men and workers alike wanted.

There was a tendency for wages and costs to flatten out, said Mr. Archibald, who felt that work such as shipbuilding could now be done as cheaply in Canada as in the Old Country.

"The economic problems which we are facing in Prince Rupert are but similar to those which the whole country is facing," asserted Mr. Archibald. "It is up to us all to get together to meet them."

Speaking along broader international lines, Mr. Archibald briefly discussed the Bretton Woods monetary agreement which he could not favor since it would "throw us back on the gold standard or the American dollar, putting the whole world under control of American financial interests." He would favor, instead, a continuation of lend-lease or mutual aid.

Mayor Daggett pointed out that the bunk houses were not included in the leases which covered the Wartime Housing staff houses but that they had been built to accommodate construction workers during the boom period. At present one of them was occupied by a few Chinese.

Council authorized City Clerk H. D. Thain to make the request to have the building removed from the school grounds.

Council also approved the advancement of sufficient funds to the school board to cover its payments for January until the school board's estimates are received. The amount mentioned was not to exceed \$10,000.

Mayor Daggett explained that the board's government grant had not yet been received, and that the board would require an advance to cover January expenditures.

COUNCIL WILL BACK REMOVAL OF BUNKHOUSES

City council will support the school board in its move to have the temporary construction workers' bunk houses removed from Booth Memorial High School grounds. Removal of the bunk houses, a letter read in council from the school board said, is in line with a grounds improvement policy planned by the board.

Mayor Daggett pointed out that the bunk houses were not included in the leases which covered the Wartime Housing staff houses but that they had been built to accommodate construction workers during the boom period. At present one of them was occupied by a few Chinese.

Council authorized City Clerk H. D. Thain to make the request to have the building removed from the school grounds.

Council also approved the advancement of sufficient funds to the school board to cover its payments for January until the school board's estimates are received. The amount mentioned was not to exceed \$10,000.

Mayor Daggett explained that the board's government grant had not yet been received, and that the board would require an advance to cover January expenditures.

LOCAL DRY DOCK HEAD RETURNING

Bernard Allen, superintendent of the Prince Rupert Dry Dock, who has been on a trip to Montreal, presumably on business in connection with matters concerning the future activity at the local dry dock including the building of new coastal liners, is returning to the city tomorrow on the Prince Rupert via Vancouver. Mrs. Allen will be accompanying him.

MAYOR DAGGETT OUTLINES PLANS BEFORE THIS YEAR'S CITY COUNCIL

Mayor Daggett welcomed the 1946 city council at its initial meeting last night and outlined projects which await that body's consideration during the coming year. He asked that encouragement be given to the establishment of industry in the city and requested support in development of a rehabilitation program. He urged that serious consideration be given to the local sale of bonds which will be issued this year to cover local improvement by-laws which have been passed.

Here is the text of Mayor Daggett's speech:

"I desire to extend to all the members of the Council my best wishes for the year 1946.

"I welcome especially those who are taking office for the first time and congratulate them on the fact that the electors have expressed their confidence in them by choosing them as their representatives. I feel sure that you are all prepared to work for the interests of citizens generally and deal with the problems that may arise in what you consider will be best for the City.

"During the coming year we shall have many problems to deal with and it will be necessary for us to give to these careful consideration and plan not only for this year but for the future as well.

"There are certain matters which have been referred to this council by last year's council and which must have early attention. Among these are the following:

"Requests from civic employees for wage increases.

"The formation of a Northern B.C. District Municipal Association.

"Membership in the Federation of Mayors and Municipalities.

"Report of City Engineer on Garbage Collection.

"There are a number of matters which must be dealt with as soon as possible by the Board of Works and the Utilities Committees and provision made in this year's estimates if possible.

"A definite program for street work and the carrying out of the Rehabilitation program which was presented to the Inter-Departmental Committee under the chairmanship of Brigadier Walsh.

"A comprehensive program for further work on a permanent sewer system, this to be done

(Continued on Page 5)

MAYOR APPOINTS CITY COMMITTEES AND CIVIC BOARD

Mayor H. M. Daggett last night received city council's approval of his appointment of aldermen to fill council's five standing committees, as well as his appointment of citizens to fill the Parks, Museum and Library boards and council's representatives on the Hospital Board, Union Board of Health and Recreational Council.

Here are the appointments:

Finance Committee—Ald. George Hills (chairman), Ald. Norah Arnold, Ald. Max Sinclair, Ald. S. D. Johnston.

Board of Works—Ald. George Rudderham (chairman), Ald. Robert McKay, Ald. T. N. Youngs.

Utilities Committee—Ald. Robert McKay (chairman), Ald. Clifford Ham, Ald. S. D. Johnston.

Health, Social Assistance, Police and Licensing Committee—Ald. Norah Arnold (chairman), Ald. Clifford Ham, Ald. George Hills.

Rehabilitation Committee—Ald. T. N. Youngs (chairman), Ald. S. D. Johnston, Ald. George Rudderham.

Council's representative on the Hospital Board is Ald. Clifford Ham.

Representatives on the Recreational Council are Ald. S. D. Johnston and Ald. George Hills.

As city's representative on the Union Board of Health, Ald. Norah Arnold received council's approval to seek an amendment to the Health Board's bylaws permitting the whole of city council's health committee to be members of the Union Board of Health.

Appointive positions on the Library, Museum and Parks boards were as follows:

Library—Ald. Norah Arnold, Mrs. Arnold Flaten, Rev. R. A. Wilson, Mrs. M. Roper, Bruce Stevens.
Museum—J. H. Black, R. G. Hopkins, E. A. Phillips, P. P. Foreman, Ald. T. N. Youngs, Arnold Flaten.
Parks—C. P. Balagno, W. D. Lambie, T. H. Elliott, Ald. Robert McKay, Ald. George Rudderham, Ald. T. N. Youngs.

NEW PLAN FOR JEW MIGRATION

LONDON (CP)—The British government is submitting a new plan for Jewish immigration to Palestine under which 1500 Jews per month would be admitted.

What Mr. King Said

Now that Prince Rupert is fighting for recognition and assistance for development of the port and tributary railway along the lines of its original conception, it is appropriate to recall what Prime Minister W. L. Mackenzie King had to say and the pledge he made when he spoke in this very city on October 20, 1920.

We may well be bolstered up in the new campaign to have the Canadian National Railway, as a government-owned and operated line put to fuller use, by recalling Mr. King's own words at that time. Excerpts from the report of his speech are repeated as follows:

"Was the G.T.P. policy a wise one?" asked Mr. King. "What was Sir Wilfrid's vision, when the Transcontinental railway was being planned and his vision of this particular city? I know," said Mr. King. "It was of ships plying from this very harbor crossing the Pacific with the products of this country, bringing back other commodities here, making this community one of the greatest ports in the world; of a railway running through a country as fertile as any in the world, with feeders running north and south, tapping the resources of the province, mineral and timber, the great national wealth; a great community with ocean wharves, docks, repair yards, dry docks, round houses, hotels, railway stations and all the sights and signs of the great world metropolises.

"And what have you got today?" went on Mr. King. "A side line and not a main artery! The difference between the Liberal and the Conservative parties. Irrespective of the political groups which grow from time to time specific purposes, there are two great parties in the political world, the one progressive and democratic, and the other a party of reaction, looking to the big interests and resetting change. The Liberal party had set out to build up the Dominion of Canada, advocated freer markets, naval defence and had built a national highway with a Pacific terminus. And the Liberal party is anxious to keep up the work and to finish and carry through the plan, interrupted ten years ago. It is for you to say whether you wish that work to be accomplished or not."

And, as a matter of interesting record, Mr. King's chief lieutenant, Ernest Lapointe, explained that the existence of Prince Rupert was the result of the work of the greatest Canadian that ever lived, Sir Wilfrid Laurier. His work however, had

been minimized by the party that followed him in power and now the transcontinental line to this port had become only a branch. It was the policy of the Liberal party to see that Laurier's work was finished.

And now, we, the people of Prince Rupert and Central British Columbia are asking what is being done or has been done in the twenty-five years since those words were spoken?

Peace River Outlet Revived

It is interesting to hear from our federal Member of Parliament that the Pacific Coast outlet project for the Peace River is again becoming an active issue. Representations of members of northern Manitoba, Saskatchewan, Alberta and British Columbia, getting together to advocate a new line from Winnipeg across the northern prairies through the Peace River with the outlet at Prince Rupert, should lend weight to the case we have been making out for so long as to Prince Rupert's logical claim to be the outlet.

The Peace River railway campaign has been fairly dead for some time. Now it is being revived again. We hope the northern members will be successful in their campaign which we would do well to support in every way possible. It is such things as the Peace River outlet which would bring needed traffic in large volume and on a permanent basis to the Jasper-Prince Rupert line.

Canada Year Book . . .

The 1945 Canada Year Book, published by authorization of Hon. J. A. McKinnon, minister of trade and commerce, has made its appearance. In view of its content of information of statistical nature covering a wide field and many subjects, Canada Year Book, through the years, has come to be recognized as a valuable reference.

The present edition also continues the policy of giving such space as can be spared to feature articles of special importance. Thus the Year Book has an encyclopaedic value apart from its function as a statistical and analytical abstract.

There is also a detailed account of Canada's war effort and, appropriately enough, special attention is given to social welfare and reconstruction including such developments as family allowances, health insurance and post-war planning for employment.

FILM STAR AND WRITER TO MARRY—Pretty movie actress Marsha Hunt is shown in Hollywood with her fiancé Robert Presnell, writer, after confirming a columnist's report of their impending marriage. Marsha told the columnist that she expected to be one of the New Year's first Hollywood brides.

Sees Kenney For Premier

Vancouver Political Writer Speculates on Who Will Head Provincial Government After Hart Retires

Either Hon. E. C. Carson, minister of mines, or Hon. E. T. Kenney, minister of lands, will be premier of British Columbia in 1950, speculates J. K. Nesbitt, political columnist in the Vancouver Sun.

Mr. Nesbitt writes as follows: Picking out successors to prime ministers, presidents and premiers is always lots of fun.

It's a sign of a democracy. Nobody in a dictatorship would dream of picking out the head man's successor, except in a dark basement or a cobwebby attic. If anyone dared write a piece in the newspaper about it he'd lose his head.

For long the people of the U.S. had themselves a time—mostly a hot time—picking out Franklin Roosevelt's successor. Many Americans got very hot indeed when Mr. Roosevelt chose to succeed himself three times—always with public endorsement.

In recent years the wisacres of Great Britain picked Anthony Eden as Winston Churchill's successor. Well, we all know what happened. The people of Britain picked their own man to succeed Churchill—and it wasn't Eden.

In Ottawa it's the same. Every now and then somebody starts a discussion about Mr. King's successor. Anything goes in these talks. A back-bencher in the House of Commons, provided he's a good Liberal—and what Liberal M.P. isn't?—may hear himself suggested as Canada's next prime minister.

Picking Successor To Premier Hart

In Victoria people who like politics are already picking out Mr. Hart's successor. Which doesn't mean any disrespect for Mr. Hart. A majority of British Columbians are glad he's in the saddle for the next four years.

Mr. Hart is a wise man. Come 1949 he will have been premier of B. C. eight years. He will doubtless feel a younger man should take over. Mr. Hart will then go to the Senate. He could have gone there in the last year, if he wasn't so sure he wanted to finish the big job he started in 1941.

Choosing a party leader in four years to succeed Mr. Hart isn't going to be easy. What party? The public might well ask. In the 1945 general election there were no Liberals or Conservatives, except one or two who didn't cut much ice. There were only Coalitionists. It would seem that in two, three, four or five years, if Mr. Hart wishes to retire, Liberal and Conservative Associations, as such, won't have much say in picking his successor. There seems to be only one reasonable way of choosing the man—that is at a Coalition nominating convention, where you can't tell Liberals from Conservatives.

Let's say Grits and Tories

really get together in a Coalition organization. The time comes to pick Mr. Hart's successor.

Who Will Come After Maitland?

Who will it be? Chances are he'll be someone in the present cabinet. Mr. Maitland could have the leadership if he wanted it, probably will have it for a couple of years if Premier Hart goes to the Senate soon. But, like Mr. Hart, he will have had eight strenuous years in office, will consider he has earned a rest.

That narrows the choice to two—young Ernie Carson and young Ed Kenney—

young, that is, as politicians go. Both are still in their 50's. Carson once upon a time was a Conservative and Kenney a Liberal. In four years they, as well as the public, will have forgotten exactly the type of their politics prior to 1941. They will be known only as Coalitionists.

Making a long-distance forecast—in 1950 it will be Premier Carson or Premier Kenney. It won't be Premier Winch for another decade. The beauty about that, from Mr. Winch's standpoint, is that even in 10 years he'll still be under 50, with a good 20 years ahead of him.

HOLLY THIEVES

LONDON (C)—Police and forest keepers patrolled Epping Forest at Christmas for holly thieves. A forest keeper said the thefts appeared to have increased and seemed to be organized. Big quantities of holly had been stolen and taken away in cars and vans.

BOATS PROTECTED FROM SOUTHWESTER

After taking various degrees of buffeting from a northwesterly gale Monday morning, fishing vessels moored along the Prince Rupert waterfront today are riding snugly at their lines in spite of winds of almost equal force this morning. Today a switch in direction brought the wind howling in from the southwest which puts the mooring floats under a lee shore—protected by the city.

Yesterday's gale caused known damage to one boat, the Takla II, which was made safe after her stem had been cracked and planking bruised.

Majority of the fleet today is moored at Seal Cove although some smaller boats remain at Cow Bay and the dry dock fishermen's floats.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "He spoke very friendly."
2. What is the correct pronunciation of "bouquet"?
3. Which one of these words is misspelled? Vehemently, incidently, subsequently.
4. What does the word "philatelist" mean?
5. What is a word beginning with cons that means "amazement; dismay"?

Answers

1. "He spoke very kindly" is preferable. 2. Pronounce bouquet, oo as in boot, a as in day, accent last syllable. 3. Incidently. 4. A collector of postage stamps. (Pronounce the a as in at, and accept second syllable.) 5. Consternation.

GARDEN 'NOTEBOOK

Electric Hot-beds Again Available to Amateurs

How to install electric heating cable with thermostat in hot-bed.

Electric heated hot-beds which were unobtainable by amateurs during the war, are again becoming possible for home gardeners who would prefer even heat, controlled automatically by thermostat, to the old fashioned way of heating with fermenting manure.

Hot-beds date back to the Roman Empire, and the method of heating them continued to be the same for centuries. Electric cables were first used more than ten years ago, and they have been widely adopted by florists and market gardeners, who have

proved them to be economical and practical.

A hot-bed frame is constructed in the usual manner, except that no deep pit is necessary. The frame follows the model of a cold frame, and is sunk in the ground about six inches. Soil is removed within it to an equal depth, and the cable is arranged on the bottom in loops, so that heat will be evenly distributed. The supply wire and cable are both connected to a thermostat, which can be set at the desired minimum temperature, so that as soon as the thermometer

fails to that point heat is turned on.

When temperature rises a few degrees above the minimum, heat is shut off, and the variation between maximum and minimum temperatures is much less than with the old-fashioned hot-bed. Moreover, the electric heat does not diminish constantly, as does that furnished by manure, and there is no danger of injury to plants from a belated frost, which may come after the heating power has been exhausted.

The heating cable is usually covered with four to six inches of soil. It is a good idea to place a sheet of fine meshed poultry wire an inch above the cable, with soil between. Another method is to grow plants in flats, which are placed on a grating just above the heating cable, which is not buried in soil, and thus is always open to inspection. To improve insulation and reduce current consumption, the frame should be banked with chinders, which are covered with soil, to within a few inches of the top.

Plants grow better in even heat, and current consumption for small hot-beds is low. Thirty feet of cable will heat a hot-bed 3 x 6 feet.

Flying Officer George Currie has now obtained his final discharge from the Royal Canadian Air Force and has returned to Prince Rupert to resume residence.

Douglas Stewart of Vancouver arrived in the city this morning to take over the position of bookkeeper at the office of Swift Canadian Co. here. He was with the company prior to serving in the Air Force from which he was discharged recently.

John Hagen and C. Graf, Copper River mill operators, left by last evening's train on their return to the interior after a brief business visit here. The 15,000-foot mill at Copper River continues to operate steadily with no diminution of demand for the product.

H. R. (Dick) Wrathall left this morning on the Princess Adelaide for Vancouver on his way to Duncan, Vancouver Island, where he intends to take up residence. He was discharged from the army a month ago and spent the holidays here with his parents, Mr. and Mrs. W. W. Wrathall.

Mr. and Mrs. R. M. Winslow will be leaving in about ten days to take up future residence in Vancouver, Mr. Winslow having been transferred there in the service of the Canadian Fish & Cold Storage Co. The company house on Fourth Avenue East which Mr. and Mrs. Winslow have been occupying will be taken over by Mr. and Mrs. J. C. Gilker.

HOW CAN I ???
By ANNE ASHLEY
Q. How can I make a marshmallow sandwich?
A. Butter a few round crackers. Place a marshmallow in the centre of each with just a little butter on top. Place in the oven until the marshmallow spreads over the cracker and becomes slightly brown.

Q. How can I make brooms last longer?
A. They will last much longer than ordinarily if they are dipped in hot, soapy water every washday.

Q. Does flour absorb odors?
A. Yes; do not keep flour near vegetables or meat.

ROBERT JACKSON BURIED MONDAY

Funeral service for Robert Charles Jackson, seven-year-old son of Mr. and Mrs. Cecil Jackson, Overlook Street, was held Monday morning at Grenville Court chapel. Friends filled the chapel as Rev. R. A. Wilson of First United Church conducted the service.

Interment took place in Fairview cemetery with four teenage boys—Jack Cleo, Leo Adolphe, Donny Bouvette and Peter Foreman—acting as pallbearers. Louis Van Pykstra bore flowers to the front of the chapel and arranged them on the casket.

The congregation sang the hymns "Safe in the Arms of Jesus" and "Abide With Me." Mrs. J. C. Gilker was organist. Deceased is survived by his parents and five sisters, Thelma of Prince Rupert, Marjorie and Alice of Prince George, Leona of Flin Flon, Manitoba, and Myrall of Winnipeg, and one brother, William, of Flin Flon.

Found Not Guilty On Theft Charge

In County Court at noon today Judge W. E. Fisher acquitted Stanley E. Mockford of a charge of breaking and entry with theft arising out of a robbery at Ling's tailor shop last September. Mockford, who acted in his own defence, was acquitted when Judge Fisher found that evidence presented by Prosecutor T. W. Brown was not sufficient to convict. The trial lasted three days.

Jack Joy sailed last night by the Princess Adelaide on his return to Vancouver after a visit here. He is about to take his discharge from the Navy and will start studies at Vancouver where his parents, Mr. and Mrs. Jack Joy, are now residing.

HOPING TO MAKE TRIP TO TERRACE

Size of a delegation which will proceed from here to represent the Prince Rupert Chamber of Commerce at the annual meeting of the Terrace Board of Trade on Wednesday evening of next week will depend upon transportation available so that too long a time may not have to be spent there. With the three trains a week service in operation then, it would be necessary to leave here Monday night, not returning until Thursday night. However, there is a possibility that the highway may be used, the Terrace Board having offered to send cars down to the present point of blockade in the road to take the visitors back to Terrace after a transfer, providing the road conditions on this side of Shames would permit driving that far. Meanwhile C. A. Berner, S. E. Parker and J. T. Harvey have been named official delegates.

MRS. ANDERSON BURIED MONDAY
Funeral service for the late Mrs. Margaret Anderson, who passed away on Thursday, was held Monday afternoon at First Presbyterian Church with a large number of old friends attending. Rev. A. F. MacSween officiated.

Mrs. Anderson, who passed away at the age of 85, was the wife of William Anderson, Musgrave Place, and had lived in Prince Rupert for the last 25 years.

The hymns "O God of Bethel" and "O Love That Will Not Let Me Go" were sung by the congregation. Mrs. E. J. Smith was organist.

Interment took place in Fairview cemetery. Pallbearers were Alex Finnie, C. C. Mills, George Abbott, William McLeod, J. R. Morin and George Beatty.

of the local Chamber to the Terrace meeting while other local members are hoping to make the trip if possible.

What City Council Did

Referred to this year's council, an application from the local Firefighters' Union to have the cost-of-living bonus included in the basic rate of pay was referred again to committee of the whole by council last night. An application from the Civic Employees' Union for a revision of the annual holiday plan and an increase of five cents an hour in pay was referred to the same committee.

A revision to the pool room bylaw, redrafted for the third time by City Clerk Thain, met a mixed reception when it was brought up in council last night, and was referred to the licensing committee for another attempt at redrafting. Stumbling block was the age limit at which youths should be legally allowed in pool rooms. The present age limit is 16.

Council passed a bylaw ap-

proving the financing of the hospital-Cow Bay sewer project under local improvement, introduced by Alderman Rudderham. Now partially completed, the new sewer is expected to cost about \$14,500.

An application by Fred Ernewein for a continuation of the trade license of the Recreation Hall on Fifth Avenue East was referred to the licensing committee when it was brought up in council last night.

Council approved recommendations in finance committee's report that accounts for December totalling \$55,019 be paid, and that disbursements totalling \$24,404 from the various trust accounts be approved and paid. The latter was converted into Victory Bonds.

CHAMBER HEARS FEDERAL MEMBER

(Continued from Page 1)

Then turning to the subject of atomic energy, the Skeena member expressed the opinion that this was bound to revolutionize the whole world. "Whether we like it or not, it is bound to scrap every known method of production."

Touching on the government's housing bill, Mr. Archibald declared that it was not adequate since it did not meet the needs of those in the lower income brackets.

Giving a few impressions in closing of his first attendance at a session of federal Parliament, the young Skeena member said he had found it arduous at times—he had lost 15 pounds—boring at other times and, on occasion, amusing. Whether one agreed with his methods or not, such members as the clever yet unconventional member for Temiscouata—Jean Francois Pouliot—helped to make life in the House interesting.

Mr. Archibald assured the chamber of his desire to co-operate, whenever called upon, in furthering matters benefiting the riding of Skeena.

AT PATTON SERVICES IN HEIDELBERG — The flag-draped casket of General George S. Patton is borne into Christ Church in Heidelberg, Germany, for the Episcopal military service that preceded the journey to Hamm, Luxembourg, for the burial of the great soldier. Top-ranking officers of the Allied armies attended the services.

BOTH BAD
Women are more likely to have gastric ulcers than men; duodenal ulcers chiefly affect the males.

LONDON — Delegations to the United Nations Assembly this month are to have "nannies" to look after them. "Nannies" will be drawn from officers with a knowledge of languages and foreign countries. Their job will be to see that every member of the 52 delegations gets every opportunity to do what he or she wants.

Smiles'n Chuckles

"Please endorse the check, madam," said the teller.
"Why, my husband just gave it to me," she replied.
"Yes, madam, but sign your name on the back so your husband will know we paid you."
A few minutes later she handed the teller the check endorsed—"Your loving wife, Ethel XX XX."

"Kiss me once more like that and I'm yours for life."
"Thanks for the warning."

"Then an explosion tore up Main Street."
"Goodness! And what did you do?"
"Tore up a side street."

Wife: "The doctor said at once that I needed a stimulant. Then he asked to see my tongue."
Husband (alarmed): "Good heavens! I do hope he didn't give you a stimulant for that, dear."

"What," demanded the judge, "does the red light mean?"
"Red means stop," replied the prisoner.
"Green?"
"Go."
"And yellow?"
"Yellow," was the prompt reply, "means you should go like h--- to beat the red."

Don't worry if your job is small. And your rewards are few.

Remember the mighty oak
Was once a nut like you.

Old Brown (lecturing his grand-daughter): "I never see a blush on a girl's face now. In my day it was very different."
Flapper: "Why, Granddad, what did you say to them?"

Susie: "I think it's a shame to send all those nice Marines to those islands. What will they do there?"
Flossie: "Say, ain't you never been out with a Marine?"

First Co-ed: "I said some foolish things to John last night."
2nd Same: "Yes?"
First: "That was one of them."

Fisherman: "You've been watching me for three hours. Why don't you try fishing yourself?"
Onlooker: "I ain't got the patience."

A candidate for the police force was being verbally examined.
"If you were by yourself in a police car and were being pursued by a desperate gang of criminals in another car doing 40 miles an hour on a long road, what would you do?"
"Fifty," promptly replied the candidate.

COUNCIL ALTERS MEETING NIGHTS

The first and third Mondays of each month have long been more or less sacred in civic consideration as the meeting nights of city council. Last night council lifted the mantle and deposited it on the second and fourth Mondays of the month. The change in meeting nights was made at the suggestion of Mayor Daggett.

Aldermen agreed with Mayor Daggett that, since the finance committee did not meet until after the first monthly meeting of council, council approval of the monthly accounts presented by the committee could not be given until its second meeting.

However, although the regular meeting nights will be the second and fourth Mondays, the initial meeting of the year is required by municipal law to be

the first Monday of the new year.

The change will be made in February, when council will meet on the first, third and fourth Mondays.

Modern Etiquette

By ROBERTA LEE

Q. When are suppers given?
A. A supper may be given after the theatre, opera or concert, to members of the party; or, on any night when, at a later hour, it takes the place of dinner.

Q. Is a person ever justified in punishing someone else's child?
A. No, and no matter how much the child may deserve it. The majority of parents resent any one's interference.

Q. When should one consult the clergyman about the wedding?
A. Just as soon as the plans for the wedding have been discussed.

POWELL AS DETECTIVE

New Type of Role for Popular Screen Star with Ann Shirley and Claire Trevor in Leading Feminine Parts

A private detective's assignment to find a missing person motivates the action in the mystery thriller "Murder, My Sweet," starring Dick Powell, Claire Trevor and Anne Shirley, tense drama coming to the Capitol Theatre this Wednesday and Thursday.

His assignment proves to be anything but routine and leads the detective through a series of thrilling adventures. Before finally solving the mystery of the jade necklace which causes the death of four people, and breaking up a blackmailing gang, he is hard pressed to prove his own innocence to the police.

Powell has an entirely new role as the hard-boiled private detective. Claire Trevor is the young and beautiful wife of an elderly rich man. Anne Shirley is the rich man's daughter by a first marriage, who distrusts her step-mother and does her best to protect her father from harm.

The supporting cast includes Otto Kruger as a suave blackmailer; Mike Mazurki as a dangerous and magnetic ex-convict who wants Powell to find his old sweetheart; Miles Mander as the rich man, and Douglas Walton as the blackmailer's chief tool.

ENACTS PART OF BEHEADED VICTIM — On trial before a military court on Kwajalein Island for the beheading of five American B-25 crew members, Warrant Officer Tatanichi Manaka of the former Japanese navy shows exactly how he made one of the fliers kneel to receive the sword. Manaka and five companions were found guilty and sentenced to death by hanging.

Watch the way Women are reading Newspapers Today...

Have you noticed how much more eagerly women are following the newspaper ads these days?

That is because the ads tell them so much that's NEWS about things they want to buy.

That is the reason why it means more attention to your store if you advertise in the local newspaper.

IF YOU WANT TO SELL YOUR GOODS NOW OR A LITTLE LATER ADVERTISE IN YOUR LOCAL NEWSPAPER!

And, if you are still short of goods, remember you stay in the business news by keeping your name before the public.

If you want to stay before the public, the surest way of doing it is by advertising in

DAGGETT OUTLINES

(Continued from Page 1)

under the Local Improvement Act.

"Also extensions of water services.

"Recommendations will be submitted by the City Engineer in these matters for the guidance of the committees.

New Telephone Building Needed

"A survey must be made to determine the advisability of erecting a fire-proof building for the telephone system and the extension of the system by the installation of new switchboards as soon as equipment and materials are available, and proper investigation made as to the location of any proposed building.

"The Parks committee is requested to investigate and report on matters under their jurisdiction.

"Another matter which is urgent and which must be dealt with by the Health committee is the obtaining of adequate quarters for the inmates of the Eventide Home. Also a recommendation as to representatives on the Health Unit.

"Consideration should be given by the Finance committee to grants for publicity, recreation council, museum, etc.

"I have only touched on a few of the matters which will need early attention but there are many others which will require consideration.

"Every encouragement should be given to the establishment of new industries in the city. There should be continued effort to secure greater use of the port facilities of Prince Rupert, the continuance of shipbuilding at the dry dock, the shipment of grain through the elevator, Dominion subsidy for steamship service, and encouragement should be given to the establishment of a community chest.

"We should give all the assistance possible to any rehabilitation program which will provide employment for ex-servicemen as well as other citizens and

NURSES HEAR OF REHABILITATION

Col. Hamilton Grant Speaker At Professional Gathering Last Night at Nurses' Home

Col. Hamilton Grant, Veterans rehabilitation officer attached to the local National Selective Service, was an interesting speaker before the Prince Rupert Registered Nurses' Association at its monthly meeting last night in the nurses' home of the Prince Rupert General Hospital. The president, Miss Margaret Colwell, was in the chair and there was a good attendance of nurses. Much valuable information on the subject of civil rehabilitation of service men and women was given by Col. Grant. A discussion period followed and the meeting closed with the serving of refreshments.

which will provide jobs at a decent standard of pay.

"I would recommend that the finance committee and the council as a whole give serious consideration to the possibility of selling locally to our citizens, the bonds which will be issued this year to cover the local improvement by-laws which have been passed. I believe that the citizens of Prince Rupert have sufficient faith in their city to purchase these when issued.

"While there is much that should be done we are, of course, handicapped by the fact that we still have a large debt for which we must provide each year a substantial amount for the sinking fund.

"An extensive program of necessary work could be planned but unless we can secure from the government a low interest loan, we cannot hope to initiate this program in its entirety. The Federation of Mayors and Municipalities is pressing strongly upon the Dominion government the necessity for such loans to municipalities and we hope that their proposals will be entertained and loans provided.

"It is hoped that the Cameron report will, if adopted by the government, relieve the municipality to a large extent of the heavy mill rate for educational purposes, and we will thus have more funds available under the present tax rate to spend for other purposes.

"I feel sure that all the members of the Council are vitally interested in the progress and advancement of the city and will spare no effort during the coming year to this end.

"I also desire at this time to express to the press our best wishes for the year and trust that our relations through 1946 may be as pleasant as they were in 1945."

ASK USE OF LAND CLEARING MACHINERY

VANDERHOOF — The Vanderhoof Board of Trade is seeking to have government land clearing facilities made immediately available for use in the district and has communicated with the minister of agriculture in Victoria with the view of having the quantity of machinery already in the district put to use. The board is also pressing for the appointment of a public works engineer for Omineca electoral district, extension of the highway from Manson Creek to Flndlay Forks, a highway from Vanderhoof to Quesnel, and clarification of the land policy of the provincial government.

HIGHWAY MAY BE OPEN IN TWO WEEKS

Repair of the Shames River bridge, who is expected by Public Works Engineer J. C. Brady to be completed "within two weeks," will open the Prince Rupert Highway for traffic to Hazelton and beyond. That, of course, is providing that a heavy snowfall does not cover the road so deeply as to halt traffic.

At present, the road is cleared of snow and can be travelled from Prince Rupert as far as Shames and from the other side of the damaged bridge clear through to Hazelton. Bulldozers, acting as snow plows, have piled snow on both sides of the highway, but the road itself is clear. The Terrace bridge crew which is repairing the bridge has been held up recently for a short time for lack of material but the work is progressing again and should be finished within the next two weeks, Mr. Brady said.

One department bulldozer is keeping the road clear west of the Shames bridge, while there are two maintaining the road east of Terrace.

TROUBLE IN MANILA
MANILA—Several thousand American soldiers demonstrated yesterday and again today against the slowdown in demobilization.

KILLED WHEN SAW BREAKS

PRINCE GEORGE—Frank Chamberlain of Prince George sustained fatal injuries when struck by a segment of a buzz-saw which broke free and tore into his body. His face, left arm and chest were slashed. Chamberlain was sawing wood, assisted by his 12-year-old son, when the accident occurred. According to police a section of the circular saw broke off when it cut into a knotty birch log.

WILLOW RIVER SOLDIER DIES

A recent Canadian Army casualty list announces the death of Pte. Carman Cecil McKague, son of Mrs. Elizabeth McKague of Willow River. He was serving with a Saskatchewan regiment.

DISTRICT MEN RETURN HOME

Many men of northern and central British Columbia districts have been arriving recently on vessels landing veterans of overseas service on the east coast. Among them have been Gunner L. W. Ford of Ocean Falls, Sgt. W. R. Forchner of Prince George, Pte. F. W. Pierce of Dawson Creek, L.A.C. W. G. Bailey of Prince George, and L.A.C. Hatch of Prince George.

BUY WAR SAVINGS STAMPS

RUPERT'S HOPES

members take a keen interest in the activities of your Chamber and attend meetings regularly. We have a membership of eighty but only an average attendance of twenty at our meetings which is not very encouraging. For your information eighteen new members were elected to membership last year.

Activities of Year Listed

Activities of the chamber for the year were listed as follows:
"Representation to the steamship companies re the transportation costs of autos from Vancouver to Prince Rupert."
"Representation to the Canadian National Railways for C.N.R. hotel at Prince Rupert."
"Representation to E. A. Vaughan, president C.N.R., re survey as to new vessels for Pacific coastwise business."
"Complaints made about broken bottles on highway."
"Delegate appointed to act with Kingsmen's Club re the erection of welcome arch on the Prince Rupert Highway."
"Resolution from Quesnel Board of Trade endorsed."
"Representation to the attorney general to have a skilled criminal investigator appointed to this district due to number of burglaries."
"Consideration given to the cost of transportation of knocked down boxes and establishing a Pacific coast branch of Canadian Wire Bound Boxes Ltd."
"Representation with the Union S.S. Co. re 'layover' at Stewart."
"Representation to W. R. Devish, vice-president C.N.R., of the continuation of operations of the P. R. Drydock."
"Representation made to insurance companies regarding the government housing loan."
"Marketing committee appointed for the marketing of interior produce."
"Representations to have a geological survey made of the Hazelton to Whitehorse road."
"Representation made regarding the re-application of the Jones Act."
"Representations, proposals and recommendations made to the Hon. H. Anson, Hon. E. T. Kenney and J. C. Brady and all others concerned re the maintenance and operation of the highway."
"W. M. Watts appointed as delegate to Ottawa representing this chamber and business; other delegates being Mayor Daggett and J. Nicoll on behalf of the City of P. R., Canadian Legion, P. R. Trades and Labor Council and P. R. Labor Council."
"F. M. Dockerill appointed as delegate to attend the Pacific Northwest Trade Association meeting in Portland."
"Representation made to War Assets Corporation to offer for sale in this city any assets in the northern area which they intend to dispose of."
"Representations made to Department of Transport to appoint a local inspector for small boat establishments."
"Representation made to Hon. E. T. Kenney to have timber resources in this area reserved for industries establishing in this area."
"Support given to have the establishment of a branch of the B.C. Automobile Association here."
"Representation to the Department of Fisheries for the re-establishment of the biological station."
