# Nazi Eastern Front Crumbling

## German Retreat Is Now Rout; Debacle Develops Near Krivoi Rog Town

MOSCOW, Feb. 10 (CP) — The German eastern front is crumbling at many points under blows of seven Russian armies. The Nazi retreat in the lower Ukraine is approaching rout proportions with ten to fifteen divisions trapped between Cherkasy and Nikopol. The German retreat west of Apostolovo is now a debacle with the iron ore centre of Krivoi Rog outflanked and the Kiev-Nikolaev railway threatened. This railway is the sole escape for the fleeing army in this sector.

## Trying To Break Up Our Lines

ALGIERS, Feb. 10. (C.P.) — The Germans have launched a strong attempt to break Allied lines on the Anzio beachhead, striking six points along the Anglo-American defence perimeter, while on the main Fifth Army front street fighting continued in Cassino where the enemy are still in control of most of the town.

Fiercest of the Nazi attacks on the beachhead came in the area north and west of Carroceto where heavy fighting continues. Three enemy thrusts directed against American positions west of Cisterna were repulsed and some ground captured.

## SELF-DEFENCE IS CLAIMED

Accused in Vancouver Murder Cases Testifies on Own Behalf — Verdict Expected Tonight.

VANCOUVER, Feb. 9. (P) — Charles Hawken testified in Supreme Court Wednesday how he shot five bullets from a .38 calibre revolver into Francis Boland, former provincial policeman, on December 13. Hawken said he shot Boland after Boland pointed a gun at him.

It is expected that the case will go to the jury today with the possibility of a verdict by tonight.

## CATCHING UP ON JAPANESE

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, Feb. 10. (P) — Rapid progress in the Australian drive up the northeast New Guinea coast and destruction of twelve Japanese planes at Rabaul, New Britain, were disclosed by Allied headquarters Thursday.

Allied aircraft also scored a direct hit on a surfaced submarine at Rabaul.

The Australians are now only seven miles from the Americans who extended a beachhead near Saldor.

The Japanese appear to have deserted Madang on north New Guinea.

## Restriction of Meat May Be Relieved

OTTAWA, Feb. 10. (P) — Hon. J. L. Ilsley, minister of finance, told the House of Commons Wednesday that consideration can be given to discontinuance in Canada of meat rationing and meatless Tuesday.

Later a statement by the War-time Prices and Trade Board said that the meat control situation would have to be reviewed "in relation to needs of the United Kingdom. All present regulations will remain in force so long as needs for the United Kingdom continue and provision for necessary transportation arrangements can be worked out."

Hon. J. G. Gardiner, minister of agriculture, had previously said that there was so much meat on hand now that storage space and shipping were taxed to capacity.

The death occurred last night at the home of his parents of baby Terry Vincent Tkachuk, age six months, the son of Mr. and Mrs. William Alex Tkachuk, Plaza Place.

## Intolerant Attitude

VICTORIA, Feb. 9 (P) — Hon. Dr. K. C. Macdonald, minister of agriculture, told the Legislature Wednesday that he has no quarrel with Co-operative Commonwealth Federation political philosophy but objected to the C.C.F.'s attitude that none but the C.C.F.'er has any thought for the welfare of society. Dr. Macdonald believed agriculture as well as labor should have collective bargaining rights.

C. Grant McNeil, C.C.F. member for Vancouver Burrard, had told the Legislature Tuesday, while speaking in the Throne Speech debate, that the coalition government's twenty-seven point program will not take care of 70,000 returned men and women and 100,000 dislocated war workers.

W. A. C. Bennett, coalition Conservative member for South Okanagan, suggested that the coalition government should form a provincial organization to support a set-up now and in postwar years.

DEMOCRILIZATION PLANS OTTAWA.—Canada's demobilization plans cannot be settled until it has been determined the circumstances under which the war will end, Hon. Ian Mackenzie said in Parliament today.

## CHINAMAN STUDYING RAILWAYS

WINNIPEG, Man., Feb. 10. — "China anticipates tremendous development after the war and the yardstick insofar as this development is concerned will be railway transportation. We have only about 9,000 miles of railway in China at the present time and our plans for the first ten years following the war will be to construct close to 100,000 miles of new lines," declared C. L. Ken Chao, of the department of railways, minister of communications of the Chinese government here yesterday. Mr. Chao is in Winnipeg making a complete inspection of the Winnipeg terminal of the Canadian National Railways and its communications system.

"China will expand a very great deal as soon as conditions allow but we fully realize that the main cog in the machinery of our sound expansion will be railway transportation. We have tremendous natural resources of minerals that we ourselves will need and also other world countries will need. We must get them to seaboard. We have plenty of manpower but our transportation facilities have been very limited so far and we realize that one of our first great problems will be more railroads.

"I have been on this continent for more than two years on this particular trip and have spent most of this time studying the railway operating condition in the United States on the larger railroads. I am concentrating on three phases — operating, engineering and radio communications. The latter phase will be most important to us after the war and we plan much expansion along these lines.

"China will send many of our best technical experts to this country after the war in an effort to become familiar with all the latest trends and developments in railway transportation. I have learned much on this trip. Our railway system in China is government owned and, as we have similar weather conditions to yours in both summer and winter, I find the operation of the Canadian National Railways a most interesting study," stated Mr. Chao.

Mr. Chao speaks excellent English although he received his entire education in China. He also speaks several other languages including French. He leaves for Ottawa on the first leg of his return journey to China this evening.

ALLIED PLANES BAG ANOTHER JAP VESSEL.—Black smoke pours from a 520-foot vessel of Japan's rapidly-shrinking merchant fleet after B-25 Mitchell bombers of the U.S. 14th Air Force (based in China) scored bomb hits on her. Later reconnaissance photos showed the battered hulk of the ship in drydock at Hong Kong where the Mitchells sought her out again, scoring another direct hit.

## BULLETINS

LOWER MOTOR LICENSES VICTORIA.—A bill was given second reading in the Legislature yesterday to reduce motor vehicle licence fees in British Columbia.

SHIP STRIKE ENDED VANCOUVER.—The strike on a Park Line steamship ended here when it was agreed to meet the crew's demand for improved living conditions aboard ship.

FAVOR PUBLIC OWNERSHIP VANCOUVER.—Municipal delegates, meeting here yesterday, favored public ownership of utilities but were not agreed on whether it should be provincial or municipal ownership. Mayor Andrew McGavin of Victoria favored municipal ownership. He described the Victoria street car system as "absolute junk."

WHILE WE GO DRY OTTAWA.—Canadian breweries last year exported 2,000,000 gallons of beer to the United States as compared with 360,000 gallons in 1942 and also sent considerable quantities to Egypt, West Indies, Ceylon and North Africa where troops are located.

Accidents in Great Britain killed 17 per cent fewer workers but injured 16 per cent more in 1942 than the previous year.

## BRUNSWICK TARGET

## Big Allied Bombers On Offensive

LONDON, Feb. 10. (P) — United States heavy bombers today attacked targets at Brunswick in central Germany.

Earlier Berlin radio reported a great air battle during penetration of northwestern Germany by Allied bombers.

Royal Air Force mosquito bombers ranged over unspecified targets in western Germany last night.

Royal Air Force Spitfires accompanied the American raid on Brunswick.

## Moose Lodge Has Meeting

A well attended meeting of the Moose Lodge was held on Wednesday night in the Odd-fellows' hall when business of a routine nature was attended to. Gillis Royer, governor, was in the chair. It had been intended to hold an initiation of new members at the meeting but, due to circumstances beyond the control of the organization, the ceremonies could not be held. It is expected that they will be held at the next meeting.

BRITISH GENERALS VISIT CANADIANS IN ITALY.—General Sir Allan Brooke, chief of the Imperial general staff, is shown here (centre) with General Sir Bernard Montgomery during his visit to Canadian units of the Eighth Army in Italy. On the left is General Sir Harold Alexander.

## Canadian Reserve Army Streamlined; Training Food Is To Be Reduced

OTTAWA, Feb. 10 (CP)—A streamlining policy for the Reserve Army is announced, cutting the training food from forty to thirty days, reducing the number of full-time personnel and dropping units to maintain "satisfactory strength." No statements were made in regard to full time personnel but Army circles indicated they would be absorbed into the active army.

## Ambulance Due In Six Weeks

The new city ambulance has been ordered in Vancouver and is expected to be here in about six weeks' time, it was intimated last night at the meeting of the board of directors of the Prince Rupert General Hospital. Pending the arrival of the city ambulance, the armed forces are co-operating in maintaining a service for the hospital.

Dawes is being sent south tonight for burial in Vancouver. Accompanying it are Mr. Dawes, a son and daughter, Edward and Nancye, and a sister-in-law of the deceased, Mrs. George Grosvenor of Terrace.

## WAR NEWS

QUITTING RABAU? ALLIED HEADQUARTERS IN SOUTH PACIFIC — The Japanese appear to have withdrawn all their warships from Rabaul, New Britain, and the amount of shipping there has been greatly reduced.

BIG AIR BATTLE LONDON.—In a desperate effort to break up a great Allied force on Brunswick today, the Germans threw hundreds of fighters against the British and American bombers which, however, continued to drop their heavy bombs from an altitude as high as five miles.

HEAVY NAZI RESISTANCE ALGIERS — Heavy armored units were thrown against the Anzio-Nettuno beachhead today, the main attack against the British.

DANGER CONSIDERABLE WASHINGTON, D.C.—The Under Secretary of War said today that the danger to the Allied forces in Italy was not to be underestimated.

BISHOPS CRITICAL LONDON.—The Archbishop of Canterbury and the Bishop of Exeter, speaking in the House of Lords yesterday, criticized the bombings of Hamburg and other German cities as being on a large scale. Viscount Cranbourne replied that the Royal Air Force was not engaging in terror raids.

SHIP LOSSES LOW LONDON.—Allied ship losses by enemy action during January were the lowest of any month since the war started, it was announced yesterday. At the same time more enemy U-boats were disposed of.

SANK WHOLE CONVOY WASHINGTON.—It was announced yesterday that on January 21 the United States destroyer Burns sank an entire convoy of four Japanese vessels off the Marshall Islands.

FINNS CONSIDER PEACE STOCKHOLM.—It is believed here that the Finnish cabinet, meeting last night, considered the possibility of peace negotiations with Russia. It has been denied that Finland has adopted a "rather than surrender" policy.

## NORTHWEST CANADA DEFENCE

Telephone and telegraph facilities, built by the United States government, with a capacity of six voice and teletype communications, are now in operation between Edmonton and Fairbanks, Alaska, a total distance of 1,993 wire miles. The lines follow the general direction and route of the Alaska Military Highway, with right-of-way arrangements secured as part of a highway scheme. Poles for the wire strands, ranging from 80 feet in height, were cut in the spot.

A telephone line has been strung along the 110 miles of pipeline involved in the supplementary Canol project and a line is being strung along the main Canol pipeline from Norman Wells to Whitehorse.

British Join Slav Partizans LONDON, Feb. 10. (P) — Marshal Tito's YugoSlav headquarters announced today that British units have joined YugoSlav partizans on the island of Hvar off the Dalmatian coast midway between the ports of Split and Dubrovnik and British naval units have sunk four German sailing vessels off the Dalmatian coast.

## Socialization Versus Socialism . . .

"The opinions of a great number of people today trend in two separate directions, socialism and fascism," says a new booklet "The Eternal Struggle," written by Jean Charles Harvey and published by Forward Publishing Co. Ltd. "These schools of thought start from opposite poles from each other, and in a general way they meet only in common distrust of private enterprise. Both of them tend to enslave to the State the productive and creative powers of the individual. In all their declarations, socialists and fascists use exactly the same words to attack their enemy: 'Let us destroy,' they say, 'economic dictatorship!'"

"What do these words mean? Without any doubt they mean any form of private capital which exceeds certain indeterminate amounts, and which, in the eyes of these men, constitutes an injustice for less fortunate people. They agree to the existence of a single capitalist—or, at any rate a single controller of capital—the State. To that is to belong the power and duty to distribute wealth in such a fashion that no one will lack anything, from the cradle to the grave, and that no one—whether an individual or a corporation—will accumulate too much wealth.

"While they fight bitterly with each other, the two schools join in denouncing, with equal energy, any liberty to create material wealth, or to profit from it. After listening to their talk, millions of men have been persuaded that any individual whose occupation returns him a large income is either an enemy of society, or—what comes to the same thing—a thief.

"Far be it for men to confound these ideologies, which start from opposite points. Socialism sincerely wishes to base the authority and wealth of the State on the popular will, and thus remains theoretically a democratic movement; fascism distrusts the mass of the people, and the individual, who has no other right to live—according to the fascists—than in the service of the State; socialism does not lack ideals or generosity; fascism, denying the participation of the people in government, is nothing more than a contemporary form of all those tyrannies from which men have sought to deliver themselves for centuries.

"Yet, socialism and fascism lead, by different roads, to the suppression of all democratic liberty.

"Like all true liberals, I accept socialization but not socialism. What do we mean by one who accepts socialization? He is a man who believes in social progress, in the right that every individual has, in liberal civilized society, to work, to learn, to find a chance to live in his own way—not simply to be provided with food, clothing and shelter, but to enjoy material and moral well-being. If a free social order should show itself incapable of elevating the masses, that would crush freedom in the troubled period through which we are passing, it will be very necessary for us to take care that we do not produce such a catastrophe. It is for that reason that we should look for social progress, and be active proponents of socialization, rather than stand by and watch the destruction of our liberal institutions."

Today's couplet: Gambling seems much more a sin when you lose than when you win.

## NAVY PLAYS BADMINTON

Brookman and Cole Win Out in Hard Fought Tournament

Although Brookman and Cole easily won the semi-finals of Navy doubles badminton tournament last night, it took all their skill to win the finals from Boam and Cross, 21 to 17 in the Navy Drill Hall.

Brookman and Cole started by downing Hay and Elliot 21 to 8, and then defeated White and Head 21 to 7.

Boam and Cross defeated Myers and Ricketts 21 to 11, and topped Rae and Mitchell 21 to 8.

Rae and Mitchell gained the semi-finals by besting Wollton and Gray 21 to 7, while White and Head advanced by winning over Ferguson and Kubiansky 21 to 7.

The final, in which Brookman and Cole played a very smart game, was replete with sizzling drives and clever returns. All four players turned in a fine showing.

It is hoped that a tourney between the Navy and the Air

### BASKETBALL—

Both boys' and girls' basketball teams of the Booth Memorial High School will be in action at Seal Cove tonight. First the girls will meet the CWAC's and later the boys meet Reserve Army at 8:30.

In the Naval Drill Hall the Air Force collides with Ontario Regiment in a men's area Basketball League game. The Air men are now engaged in a battle for third place with Reserves and a win here is needed.

The undefeated Yanks will pit their skill against Fortress in another game. On the same card Navy meets Coast Regiment.

Force in badminton will be arranged in the near future.

Cole had romped through a field of 16 entries a week previous to beating out Brookman in the final of a singles tournament 15 to 8.

The Navy-Coast Regiment clash looms as a keenly contested tilt as both teams have about the same won-and-lost record. Both clubs have lost seven games and the sailors have won five as compared to four by the Army quintet.

Len Harvey spotted Toronto's Larry Gains 37 pounds at London 10 years ago this week and pounded out a 15-round de-

cision to hold his British Empire heavyweight championship. The colored battler had Harvey in distress in the opening rounds but the Englishman came back strong to win the unanimous decision.

Joe Louis continued his uninterrupted reign as the world's heavyweight boxing champion four years ago last night by defeating Arturo Godoy of Chile in a 15-round bout at New York. A crowd of 15,567 saw the South American boxer give a good account of himself before Louis turned on the heat to gain the judges' decision.

Just 11 years ago tonight more than 20,000 fight fans screamed "fake" as Ernie Schaaf sprawled to the canvas for the count in the 13th round of his 15-round bout with Primo Carnera. Four days later, the quiet boy who wanted to be a priest, died in hospital from the effects of the beating. He never regained consciousness.

## Playground Work May Be Stopped

Gyro Club Loses Source of Revenue—To Help Red Cross

In view of the fact that its principal source of revenue for financing the activity is being cut off, the suggestion was made at yesterday's luncheon of the Prince Rupert Gyro Club that supervised playground work, which has proven so popular for many years during the summer vacation, be discontinued. However, other members felt that it should be possible to find some other ways and means of raising the necessary revenue and so it was decided to explore the matter further with that end in view. Meantime, the club is proposing that the new city parks board take over the responsibility of maintaining playgrounds while the club will be responsible for the equipment which it owns.

The club agreed to assume the responsibility of canvassing the business section of the city in the forthcoming annual Red Cross drive for funds, it being left to Gordon Bryant, chairman of the club activities committee, to organize the teams of club members.

Other matters of club business were taken up at yesterday's luncheon at which President F. Skinner was in the chair. Allan Shea-down was welcomed as a new member. Len Griffiths was the winner of the luncheon raffle of a war savings certificate.

Next week's Gyro Club luncheon will be devoted to considering civic centre matters including the swimming pool-skating rink arena issue.

DUBLIN (AP)—The Eire government is recruiting 2,000 volunteers to act as air shelter marshals. Dublin has nearly 800 shelters.

▲L.O.B.A. meeting, Oddfellows Hall, tonight, 8 o'clock.

Ald. T. H. Sorensen returned to the city yesterday from a business trip to Vancouver.

▲Community Social Evening, St. Peter's Hall, Thursday, Feb. 10, at 8 p.m. All welcome. Come and bring your friends so that we can get to know one another better. (34)

Correspondence was read at the meeting of the hospital board last night in regard to a meeting of the executive of the British Columbia Hospitals Association which was held in Vancouver on February 2.

Buzzers and gongs, to meet full requirements of the British Columbia fire marshal, are being installed at the Prince Rupert General Hospital, it was disclosed at the meeting of the hospital board last night.

Alexander Thomas, 18, is a new recruit to enlist in the Canadian Active Army through the Prince Rupert recruiting station. He is the son of James Thomas, Telkwa farmer, and is leaving tonight for Vancouver.

Gus Gottfred, superintendent of Canadian National Telegraphs with headquarters in Edmonton, arrived in the city yesterday morning from Vancouver in the course of one of his periodical inspection trips and left by the evening train for Edmonton.

Dr. Arthur Hakstian, provincial chest specialist, and Miss Florence M. Erickson, R.N., his clinic nurse, will arrive in the city tomorrow morning to hold a period tuberculosis clinic here. They came north from Vancouver to Ocean Falls earlier in the week.

At last night's meeting of the hospital board, the house committee was asked to proceed with the purchase of a carrier for the oxygen anaesthetic tanks. The carrier will relieve the nurses of heavy lifting when it is required to move the tanks about in connection with their use.

Mrs. S. A. Kielback, representative of the Women's Auxiliary, informed the hospital board last night that the election of officers for the Auxiliary during the coming year would be held on Tuesday night of next week.

Mrs. O. F. Murray offered the suggestion at last night's meeting of the hospital board that the Registered Nurses' Association should be represented by one of its members on the board. It was pointed out in discussion that the constitution would have to be changed and a special federal order-in-council passed if the request was to be complied with. The proposal will be placed before the incoming board.

There were 2441 patient days at the Prince Rupert General Hospital during the month of January. Arnold Flaten, chairman of the finance committee, advised the hospital board at its meeting last night. This included 2139 days for in patients and 302 days for out patients. There had been a total of 202 in patients—that is patients for more than casual treatment involving less than a day.

The board of directors of the Prince Rupert General Hospital was in regular monthly session last evening at the hospital. In addition to more or less routine business, matters preparatory to the forthcoming annual general meeting of the Prince Rupert General Hospital Association came up. President G. P. Thaker was in the chair and others in attendance were Robert Gordon, Arnold Flaten, W. O. Fulton, Ald. George Hills, Mrs. O. F. Murray and Mrs. S. A. Kielback, directors, and H. W. Birch, managing secretary.

Leading Aircraftman Elmore Hankinson leaves tonight on his return to Royal Canadian Air Force service flying school at Swift Current, Saskatchewan, after a visit here with his parents, Dr. and Mrs. C. H. Hankinson.

The suggestion was made at the monthly meeting of the hospital board last night that entrance doors should be locked after 10 o'clock each night and a bell installed. The matter will be further gone into by the House committee.

## To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurABILITY. Thus faith and belief hinders, and denies, the natural self-cURABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not ... NOW!

## HOUSEWIVES IN SESSION

Would Assist Soldiers' Wives With Their Hospital Bills.

The Housewives' League, meeting last night in regular session at the home of Mrs. Joseph Bouvette, Overlook Street, with the president, Mrs. William Holt in the chair, considered among other business, the financial plight of soldiers' wives who have incurred hospital bills and are finding it difficult to meet them. A delegate will meet Miss Alma Snyder, the local welfare officer, with a view to devising some means of assisting in such cases.

Dissatisfaction was expressed at continued lack of observances of the Tobacco Restraint Act as regards the sale of tobacco products to juveniles and the matter will be taken up again with the authorities.

Reports presented at last night's meeting included one from the Civic Labor Federation, through Mrs. H. Harrison, and another by Mrs. Bouvette for the social committee.

A sick visiting committee consisting of Mrs. Carl Raabe, Mrs. Alex Gomez, Mrs. William Adolphe, Mrs. J. Caine and Mrs. William Holt was set up. Mrs. Foster was named as alternate delegate to the nutri-

tion committee in place of Mrs. Stewart who is ill.

Mrs. J. R. Blakey was named as representative to the Women's Council which is meeting this afternoon.

A resolution from the Boiler-makers' Union urging the establishment of a steel mill on the coast was endorsed.

The next meeting will be held at the home of Mrs. Foster, Fifth Avenue West, on February 22, when the order-in-council P.C. 9384 will be given consideration.

## ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

Tonight the Eleventh Avenue Camp is holding its fortnightly dance. Junior Hostesses will meet at the 'Y'. The chaperones for the evening will be ladies from the Order of the Eastern Star.

Mrs. Kenny of the R.C.A.F. Officers' Wives' Auxiliary telephoned me today to say that, in their recent laffle, a painting done by Squadron Leader Jones, was won by Mrs. Ian Watson. Squadron Leader Jones made a number of very interesting studies of Prince Rupert scenes while here, several of which hang in the officers' mess at Seal Cove.

"Scotty" Malcolm, Y.M.C.A. supervisor at Seal Cove, is getting used to Prince Rupert now originally from the East. "Scotty" has been stationed at various R.C.A.F. camps on Vancouver Island as well as along the West Coast.

A visitor to our 'Y' ranks last week was "Pic" Picard, who is stationed at one of the larger R.C.A.F. establishments along the coast. Yes, he's tall, dark and handsome. Too bad Prince Rupert can't claim him.

Don't forget to send valentines to the girls back home. That is if you can get any. I have two best boy friends — aged eleven and fifteen — and today I rushed in to get a last minute valentine for my two sweethearts and all I could get were two elegant little numbers depicting a bunch of beets with the words "It beets all how I love you" on them. It seems I should have bought my valentines along about the time I was doing my Christmas shopping.

Well, well, my old cribbage pal, Chief Petty Officer Large, is back in these parts. And just in time, too, for Jock Bremner's leave will soon be up and I was looking towards a carefree future. I think Jock goes away two games up on me unless he comes in tomorrow for one last game.

## CANADA LOCALE FOR SPY FILM

A fiery performance by Errol Flynn, against the background of the snowy expanses of Canada's Hudson Bay country, dominates "Northern Pursuit," which comes Friday and Saturday to the Capitol Theatre here. An exciting narrative alternates guile with explosive outbursts of physical action.

Julie Bishop, Helmut Dantine, John Ridgely and Gene Lockhart, head a supporting cast equal to the story's dramatic vigor and intensity.

To the party of uniformed Nazis, landed on the coast of Hudson Bay on a sabotage mission, the setting is a hostile force which almost annihilates them at the very outset. Only the leader, Colonel von Keller (Helmut Dantine) survives an avalanche of snow and falls into the hands of Royal Canadian Mountie Steve Wagner (Errol Flynn) and Jim Austen (John Ridgely).

Speaking German to the Nazi and revealing his own German descent, Steve hopes to learn more of the captive's mission and his Canadian contacts. But the less subtle Inspector Barnett claps Keller into a concentration camp, which doesn't hold him very long.

An elaborate plan to regain contact with Keller meets a cunning counterstroke by the Nazi, who needs Steve in order to effect the release of four war prisoners to further his plans. The play and counterplay between Steve and Keller continues with the terrain again an ally of Steve, until the trail comes to its end: an abandoned mine in which lies a disassembled bomber with which the Nazi hope to bomb the Welland Canal. In a climatic struggle the plan is finally frustrated.

As Flynn's sweetheart Julie Bishop is forceful, resourceful and pretty, taking a key part in the strenuous action, Gene Lockhart gives spirit and substance to an important character role.
