TAKE NO CHANCE

The fearful might of the octopus German army is crumbling, but the devil fish is still a ferocious foe. Not until the enemy's heart is torn asunder will

the United Nations be sure of victory. This was amply shown in the battle for Paris.

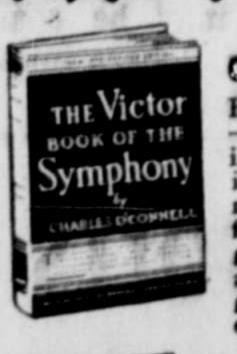

The stunning news yesterday that the French capital had not fallen wholely to the Allies and French patriots came as an anti-climax to the previous day's communique.

Long pastmasters of trickery, the Germans ignored their armistice with French patriots and galvanized into action that threatened for a time to destroy the French.

This experience should prove over again to the Allied leaders that fair treatment can not be appreciated by the bestial mind of the German commanders. In the memory of those Allied soldiers who suffered and died to thwart the enemy and in the interests of self-preservation our armies must show no quarter to the Germans.

DEADLY NEW CANADIAN WEAPON REVEALED

Long on the secret list, a powerful new weapon, the "Sexton," a 25-pounder fulltracked, self-propelled mount, has been revealed to the world by Munitions Minister C. D. Howe. Designed by Canadians and built only in this country, it has already been made in sufficient quantities to supply the Canadian Army, and is now being made for the British Army. A modification of the Canadian-designed Ram tanks, the Sexton is already in action in France. The gun for the new mount is virtually the same as the 25-pounder which stopped Rommel at El Alamein. It is shown being installed into the mount in the lower photo, while above a line of the completed mounts lumbers out to the test ranges.

NURSING SISTER (Continued from page 1)

Shopping is made difficult because of the high prices charged by the Italians.

"While in Rome I met Flt.-Lt. Allah Davies from Prince Rupert. We were both window shopping in a little inside part of a store. He looks well. I also met Phil Cebee in Rome. Our transport broke down on the return trip hitch, and who should pick us up but Phil. Life out here is certainly full of experiences unforgetable."

Lt. Berner is enjoying herself, she said, in spite of the extreme heat, dust, sand, flies and mosquitoes. She has been living in a tent for some time.

She also tells of seeing Dr. James Stewart, formerly of Prince Rupert, and conveys back home the best wishes of Padre Durnford, former minister of Prince Rupert and one-time padre at Seal Cove.

Nursing Sister, Lt. Maxine Lewellyn, from Terrace, has arrived in Italy, as well as Nursing Sister Lt. D. Gracey.
