# Russian Army Driving Towards Panic-Stricken Vienna ALLIES DRIVING NAZIS BACK

## Budapest in Flames as Reds Head for Austria

MOSCOW, Dec. 29 (CP)—News from two areas highlights the situation in Hungary today. The Russians besieging the capital of Budapest, have driven closer to the heart of the burning city while other Russian columns are racing through the Danube Valley toward the Austrian border, now less than sixty miles away. According to latest reports, the Soviet forces are now only ninety-two miles from Vienna. This city is said to be in a panic over the prospects of Russian occupation.

### War Production—

## Must Keep Full Speed

Minister of Munitions Howe Makes Some Interesting Revelations

OTTAWA, Dec. 29 (CP)—Munitions Minister Howe announced last night that Canadian war production faces little chance of a reduction during the next three months. Mr. Howe reviewed the activities of the Dominion's war industries during the past year and he said that there is no immediate prospect of any substantial over-all cut-back and there is even a chance that some types of ammunition may be stepped up in production. The cabinet member said that although production continued at a high level throughout 1944, improved manufacturing methods and virtual completion of all war construction caused a drop in expenditures.

During the year the Munitions and Supply Department spent nearly eight million dollars a day for shells, ships, guns, fighting vehicles, planes and other war supplies. That was about one million dollars a day less than in 1943 and one million a day more than in 1942. Since the start of the war, Mr. Howe said, the Munitions Department alone has made commitments of more than \$10,225,000,000. That is almost the equivalent of one thousand-dollar victory bond for every man, woman and child in the country.

## FINED \$25 FOR THEFT OF BOAT

John Adkins, 22, a fisherman, was fined \$25 with an option of 30 days in jail by Stipendiary Magistrate Andrew Thompson when he was found guilty Wednesday of the theft of a row-boat belonging to the Cassiar Packing Co. The theft took place on November 8. The boat was sold to a man at Butedale. Adkins told the court that he had found the boat adrift and had been unable to locate the owners.

## BRACKEN SEES FIGHTING MEN

Conservative-Progressive Leader Tells Objects of His Visit Overseas

LONDON, Dec. 29 (CP)—John Bracken has arrived in London and the leader of Canada's Conservative-Progressive party hopes to see Canadian fighting men on all the European fronts before he returns home. Mr. Bracken flew to Scotland, arriving yesterday, in his first trip to the United Kingdom since 1929. He said that he is anxious to see Canadians at first hand and learn the best methods of ending the war quickly. He said that he also wants to discuss with British authorities what the chances are of making arrangements for mutually advantageous agreements between the Dominion and the United Kingdom on post-war reconstruction.

The Russians have cracked three inner defence rings of the encircled Nazi garrison at Budapest. The Russians are fighting in the heart of Budapest, the German High Command announced today as house-to-house battle raged in the Hungarian capital.

## Confidence Is Need Of Canada Says Drew

TORONTO, Dec. 29 (CP)—Ontario's Progressive-Conservative premier—Colonel George Drew—made a New Year's broadcast over an Ontario radio network last night. He said that confidence in the future is Canada's main need at this New Year season. He added: "We have heard in these war years of frozen prices, of frozen wages, of frozen rents. But this must never become a land of frozen opportunity."

## Merging of Co-operative

VANCOUVER, Dec. 29 (CP)—Members of the United Fishermen's Co-operative Association are meeting here today and tomorrow to consider proposed joint operation between the Prince Rupert Co-operative and the organization here, the matter of a co-operative store, cold storage plant and the problem of fishermen's moorage in Vancouver harbor.

## VICTORY WILL TAKE LONGER

WASHINGTON, Dec. 29 (CP)—John M. Hightower, Associated Press staff writer, reports that military strategists now are tentatively adding three to six months to the estimate of date for victory in Europe. There is still hope in high places that Allied armies will be able to turn the American reverse on the western front into an early and decisive victory but at the moment it is a waning hope although the battle is still fluid. It is believed that at least part of the German success was due to over-optimism of the Allied High Command.

## NELSON HIGH WINS TROPHY

VANCOUVER, Dec. 29 (CP)—Nelson High School Cadet Corps at Nelson has won the Earl Grey Trophy awarded cadets for achieving highest general efficiency in Canada. It is the fourth year in succession that British Columbia cadets have won the trophy. Last year the Seaforth Highlander Cadets of Vancouver won it.

### PUNISHMENT OF GERMANY

Noted Canadians Take Part in Radio Debate—Woodside and Coldwell

MONTREAL, Dec. 29 (CP)—Two noted Canadians took part last night in the radio broadcast—America's Town Meeting of the Air. The speakers on the program from Montreal discussed the question of whether all Germans should be punished for Nazi crimes and atrocities. The affirmative was taken by Willson Woodside of Toronto, noted radio commentator, and Major Erwin Lessner of New York. The negative was taken by M. J. Coldwell, C.C.F. leader, and Dorothy Thompson, the famous American liberal columnist.

Mr. Woodside contended that the German people were all in it together during the years of Nazi victories and, now that they are losing, they are still in it together.

Mr. Coldwell, on the other hand, pointed out the anti-Nazi efforts of such groups as the former German labor movement, the Catholic Centre Party and the Protestant Confessional groups. The C.C.F. leader suggested swift and certain punishment of Nazi war criminals and the disarmament, military occupation and supervision of German heavy industry for some time in order to forestall rearmament.

Angus Macdonald, minister of the navy, announced today that Canadian shipyards, keeping pace with wartime growth of the Royal Canadian Navy, produced 150 vessels for it during 1944, ranging from lightest fighting frigates, corvettes and algerines to auxiliaries such as wooden scows and representing nineteen types.

The vessels were produced in three areas described as west coast, Great Lakes and St. Lawrence River.

### Various Premises in City Entered During Past Week

Thieves looted three local homes and one business place of more than \$2,300 in cash during the past week in a series of depredations that has baffled city police.

Robbery of the home of Francis Smith, 1001, Third Avenue West alone netted the thieves \$1,700. Mr. and Mrs. Smith, proprietors of the Royal Lunch cafe, were victimized while their home was vacant during their working hours of 5 p.m. to 3 a.m. Tuesday. A scene of havoc greeted them as they returned home. Having apparently opened the rear door of their home, the thieves proceeded to ransack the residence in thorough style. Bureau drawers were pulled out and their contents strewn over the floor. In one bedroom a bed was overturned.

"It must have been someone who knows us, or at least was acquainted with our habits," Mr. Smith said.

Careful thieves entered through the front door of the Kaien Hardware and took \$450 in cash from a safe in the office. The theft was discovered by W. J. Scott, store proprietor Wednesday morning.

Method of entry is unknown, but it is believed that a pass key must have been used for there was no sign of violence.

Outer doors of the safe were unlocked and the lock on the small inner door was knocked off. After opening two drawers and extracting \$450, the thieves neatly piled a bundle of checks worth about \$600 and returned them to the safe, Mr. Scott said. Valuable bonds and war savings certificates were untouched.

About \$200 was taken from the apartment of Mr. and Mrs. Earl Eadie in the Killas and Christopher block. Mr. Eadie is proprietor of the Central Lunch cafe. He believes that someone who knew his movements over the holiday was responsible for the theft.

The home of Mr. and Mrs. E. Pettenuzzo, 717 Seventh Avenue east, was also entered at the week-end. Since last September there has been a series of unsolved robberies, on of which involved \$11,000, and another \$3,000.

### Settlement Seen—

## Situation In Greece Is Better

ATHENS, Dec. 29 (CP)—British troops are continuing their campaign to clear the Greek capital of Athens of left wing E.L.A.S. troops. This morning the Tommies opened a three-pronged drive against the left wingers in the eastern suburbs of the city, jumping off after a prolonged artillery barrage in the second phase of operations designed to clear the embattled Greek city.

Meanwhile, observers in London and Washington are optimistic over the prospects for a settlement of the Greek question. American support is believed to be firmly behind Prime Minister Churchill in his efforts to set up a regency for Greece to replace King George.

## Germans Withdrawing "According to Plan"

General Patton's Third Army Pushes Twenty Miles In Six Days—Attacking On Thirty-Five-Mile Front CHASING ENEMY BACK

PARIS, Dec. 29 (CP)—American armored blows on the nose of the Nazi offensive have beaten the Germans' most advanced columns back more than ten miles and chased them across the narrow Lesse and Somme Rivers into Rochefort. The withdrawal is developing into a rout. Field dispatches reporting developments up to Thursday morning said the Nazi escape gap was cut less than seventeen miles north of Bastogne. The Germans' December offensive was definitely kicked into reverse by American forces which slammed into all three sides of the extended bulge with the Third Army advancing twenty miles into the German flank in six days. Celles, where the Nazi offensive was stopped, is now one of the most ghastly scenes of carnage in the war. There the German pocket was wiped out, 1200 prisoners were taken and 63 enemy tanks, 49 guns and 167 military vehicles littered the terrain. British forces are said to have fought with the Americans at Celles.

PARIS, Dec. 29 (CP)—The news from the western front continues to be encouraging today. The Germans, for the second consecutive day, have made no claims of advances in their salient into Belgium and late dispatches tell of General Patton's Third Army forces driving the Nazis back at least twenty miles in a six-day attack from the south. These dispatches, of course, cover only up to Wednesday, as a result of the Allied policy of releasing news of events about forty-eight hours after they take place. As a result, it is expected next reports to place the Patton men even deeper into the German salient.

The Germans say they are withdrawing according to plan. They are destroying arms and equipment as they go.

It is now disclosed that the Third Army went into action three days after the Von Rundstedt push began. Now the Third Army is attacking on a thirty-five-mile front in the south. The Germans are withdrawing from their main spearhead as well as on the flanks.

Other Allied forces have regained a mile or more of territory on the northern flank of the German-held area. More than 1200 Nazis have been taken prisoner in the vicinity of the town of Celles.

One More Nazi Effort Expected  
The belief is that the Germans will make at least one more major effort to break out of the salient before starting general withdrawal in Belgium. This was expressed in more cautious military circles here today. The idea was entertained despite late reports of German withdrawal of armor from areas at the southwestern corner of penetration and successes of American Third Army elements moving from the south.

One observer said he believed it is quite possible the Germans still have some divisions standing by near the base of the salient. These would be thrown into action if the German commander discovered a likely spot for a near breakthrough attempt.

## NO MORE TRIPS TO VANCOUVER

May Be Banned in Emergency of Acute Shortage of Shelter  
VANCOUVER, Dec. 29 (CP)—The Vancouver Province said in a newspaper story today that all non-essential travel into or out of Vancouver or any other zone where housing accommodation is exhausted is authorized in Ottawa's emergency shelter regulations. Such extreme action would be taken only if the gravest shelter shortage developed in any locality.

## LOCAL BOY IN TRAINING FILM

## OTTAWA TO MAKE DECISION ABOUT ELECTION VERY SOON

OTTAWA, Dec. 29 (CP)—The big political decision of 1945 will be taken shortly if it has not already been taken. The decision will determine when the general election is to be held. Parliament stands adjourned until January 31 and in political circles opinion is about evenly divided as to whether it will ever assemble again. Latest war developments make it clear that there is little prospect of the European war being ended before the term of Parliament expires in April.

Babson's Prognostications . . .

Prognostications of war progress and developments are always of interest. Here is what Roger W. Babson, noted writer and prophet of economic affairs, has to say in his business and financial outlook for 1945:

The greater part of Germany's army will collapse before the German planting season opens in the spring of 1945. Before surrendering, Germany will try poison gas.

Japan will not hold out as long as most people think. Japan will collapse within six or twelve months after Germany collapses.

If Stalin's health continues, he will be the world's most powerful man in 1945 and may dictate the peace terms, especially for the Pacific.

Sometime after April, 1945, Russia will join (or threaten to) the Allies against Japan but only after the promise of territory privileges and a huge loan.

On the subject of politics and post-war peace, Babson foresees as follows:

The uncertain political factor of 1945 will be Mr. Roosevelt. People will soon fear that he may resign before the next Congressional Elections either on account of ill health or to become head of a Peace Commission or new World Organization.

Our foreign headaches will become worse and more frequent during 1945.

ing 1945. What we are going through to reorganize Italy, will be repeated in many other countries.

The Latin American honeymoon has passed its peak. The attitude of Argentina will extend to other countries and our South American troubles will increase during 1945.

1945 will see more religious interest, including more church-going, than did 1944. People gradually are realizing that without a Spiritual Awakening no peace or other plans will be much good. Nations cannot be depended upon to co-operate and stick to their agreements unless they recognize God as their real Ruler and Guide.

The Personal Element . . .

It is very well that, in considering matters of rehabilitation in which we must all feel some modicum of interest and responsibility, that the personal aspect should be duly heeded as suggested by Rev. E. W. Scott in a New Year message before the Prince Rupert Rotary Club at luncheon yesterday. Too often, possibly, are we inclined to consider the impersonal mechanics of things, particularly things political and economic, tending to overlook that the primary thing is the person and his welfare—that that is the prime objective. Settle the things that affect the person, make the person satisfied and contented—all problems and worries will have been removed, there will be goodwill and peace. Without the satisfied person—and if all persons could and would be reasonably satisfied—there can be no real settlements. It is well that we should be reminded of the importance of the personal element.

WOMAN IS GUIDE IN MOVEMENT

Mrs. Eve Gersh is Traffic Manager in Charge of Transport of Tons of Relief Supplies

By ADELAIDE KERR Associated Press Writer

NEW YORK, Dec. 29 (AP)—The solicitor for a trucking company walked into the Russian War Relief traffic manager's office, asked to see the boss—and came face to face with a good looking blond. For a few seconds he stared into the face of Eve Gersh, amazed to find a woman in the chair of a traffic manager who moved a million and a half dollars worth of merchandise a month.

Then he recovered himself and went on with his business.

When the interview ended he hesitated a moment, then hauled two cigars from his pocket and stuffed them into her hand.

"Here," he said, "Take 'em anyway. Give 'em to your husband." Eve Gersh kept her face straight. She learned to do that long ago in a job which requires

her to move 300 tons of freight a month from dozens of small towns throughout the country, into New York and on to Moscow.

She has to see that drugs, vitamins, seeds, shoes, watches, musical instruments, art materials, technical books, medical apparatus, laboratory equipment, blankets and foodstuffs are moved from the places where people have collected them, assembled in warehouses in New York or Portland, Oregon, and from there dispatched to Russia. She also is responsible for the shipment of other materials purchased by Russian War Relief.

Plenty of Trouble

Plenty of trouble flows across her desk. Messages concerning shipping permits that are held up, shipments delayed enroute, ships too crowded with war material to carry relief supplies. But no matter how hot it gets Mrs. Gersh preserves the same unruffled telephone tone. Here's her secret:

"I know I just mustn't lose my temper," she says with a little grin. "So I keep it smooth 'til I've hung up the receiver. Then I sit there, where no one can hear me and tell the walls what I think. When I have it off my

Frances Thomson In Ottawa Show

OTTAWA, Dec. 29 — "Agnes," the tame flea, jumped, and Wren officers pirouetted at H.M.C.S. "Bytown's" annual Christmas concert at Wallis House, one of the W.R.C.N.S. establishments here. It was an evening of fun and frolic for Wrens by Wrens.

In the festively decorated fo'c'sle, draped with glittering silver stars, evergreens, and red and green streamers, Wren Rachel Woodburn of Melbourne, P. Q., brought Stephen Leacock to life, Navy style, in a show-dog, and Wren officers donned flannel nighties and sportively galloped around the stage with roses between their teeth in their version of "The Dance of Spring." "Agnes," the flea, brought down the house when her affectionate guardian, Petty Officer Lorna Chase-Casgrain of Montreal, lost her among the audience.

Among those taking part in the concert was Leading Wren Frances Thomson, Prince Rupert.

chest, I go back to work again."

Mrs. Gersh is good-looking. Clear skin, sea-grey eyes, butterscotch blond bob. In private life she is the wife of Emmanuel Gersh, a civil engineer. They have a 14-year old son.

Mrs. Gersh spends most evenings quietly at home with the family. Two evenings a week she studies Russian.

Her job inherits a lot of extra-curricular problems. For instance, a philanthropic organization bought an ambulance for Russia and then disbanded. Its representatives dumped the problem of shipment in Mrs. Gersh's lap. She made a series of telephone calls. The seventh person who came on the wire said: "I know just the place to help you. Call Russian War Relief and ask for Eve Gersh."

WHAT'S AHEAD FOR CANADA?

We don't know . . . but we are willing to bet that whatever problems the New Year brings, Canadians will find the answer . . . Why? Simply because they have always done so. Ever since their ancestors landed among the Indians they've had problems . . . and . . . they've had pessimists who told them the country was doomed . . . just as we have today . . . but . . . somehow they found the answer . . . found it far too often for it to be an accident . . . that's why we are so confident about Canada's future . . . that's why we are planning not just for tomorrow but for many years ahead. We have faith in Canada and Canadians.

## GERRY HANLEY IS CHRISTMAS BRIDE

### United in Marriage to Arthur Holbrook Christmas Day

A quiet ceremony took place at St. Peter's Church at 8 p.m. on Christmas Day when Rev. E. W. Scott joined in marriage Geraldine Elsie, only daughter of Mr. and Mrs. G. V. Hanley, to Arthur Holbrook, son of Mr. and Mrs. Holbrook of New Westminster.

The bride, who was given in marriage by her father, wore a powder blue dress with beige accessories and a corsage of pink and white carnations. She carried a white prayer book.

Mrs. May Pihara, who attended the bride, wore a beige dress with brown accessories and a corsage of bronze mums.

Thomas Dirk was groomsman. Following the ceremony a reception was held at the home of the bride's parents, 760 Alfred St. The house was beautifully decorated with streamers of Christmas colors. The bride and groom received the congratulations of their many friends under an arch of cedar boughs trimmed with Christmas lights, topped by a huge white wedding bell. Dancing was enjoyed until midnight when the bride and groom cut the cake after which a dainty buffet supper was served on tables decorated for the occasion. The popular couple were the recipients of many beautiful gifts, including a handsome bed throw from the bride's fellow associates at the local Dry Dock. Telegrams of congratulations from out-of-town friends were read.

## SEA CADETS HOLD DANCE

The Prince Rupert Sea Cadets formal dance in the Naval Drill Hall was a largely attended and successful social function of last evening.

Music for the occasion was provided by Frank Dutton and his 12-piece H.M.C.S. Chatham dance band. Vocal numbers were contributed by George Korbett.

During intermission a number of the cadets entertained. Among these was Chief Pete Johnson, who blew "Wakey, Wakey" on the bugle properly and then extemporized on the call; Chief Vernon Ciccone, who led community singing, and Petty Officer Eddie Ciccone, who played the accordion.

Lt.-Cmdr. A. S. Mitchell, commanding officer, brought to the stage for a few words Lt. E. W. McLeod, R.C.N.V.R., a former Sea Cadet.

Members of the local Navy League executive and parents were among specially invited guests.

### BETTER WORLD IS INDIVIDUAL RESPONSIBILITY

Rev. E. W. Scott Delivers Address For New Year's to Rotary Club

Responsibility for the successful functioning of human relationships was placed squarely at the door of the individual by Rev. E. W. Scott, minister of St. Peter's, Seal Cove, when he delivered a New Year message at the final Rotary club luncheon meeting of the year Thursday.

"Concern for the opportunities of the other man to make a useful living must be the basis on which to fabricate our social and economic structure. We are fighting a war to preserve the value of the individual. We must affirm it after the war by giving every man the chance to live usefully," Mr. Scott told his listeners.

He emphasized that a purely

economic approach to the problems of rehabilitation and reconstruction would not be satisfactory. This must be piloted by a deep feeling of concern for the element or human dignity and willingness to act for its preservation.

Attitudes of bitterness and cynicism were being inspired by the war, and must be eradicated, Mr. Scott said.

"I have seen three distinct groups of young men enter the services since I have been in Prince Rupert and I have tried to keep in tune with their thoughts and desires. Re-establishing them will be a job of broad scope."

"For instance, there are men who left school and went into the army. They are paid, fed, and clothed, and have relatively few material worries. If they married, their wives receive allowances. Even if they spend all their money they will still be fed and clothed. Those men will have to be educated to the realities of sustaining themselves in civilian life."

"Particularly in the air force there are young men who have risen speedily to positions of responsibility and good pay as officers without having experience in civilian work. When the war is over they will have to adjust themselves to less favored work than they are used to."

"Young men who live in

hourly danger at the battlefronts do not make plans for next week, or even tomorrow. When the shooting is over we must convince them that the future is worth the dangers they have endured."

Guests at the meeting were Leading Wren Mona McDermott, Wren Betty Roberts, Chief Quartermaster Howard Prizzell, U.S. Navy, Sgt. Moore, Harry Law, Leigh Hatch, and Graham Bryan.
