VICTORIA GETS SHIP CONTRACT

Two Transport Vessels Costing \$3,000,000 to be Built at Yarrows—

VICTORIA, Feb. 5 (P) — Hon. Clarence D. Howe, minister of munitions, announces the awarding of the contract to Yarrows at Esquimalt for the construction of two transport ships costing approximately \$3,000,000 for the British Navy.

Living Index Drops Lower

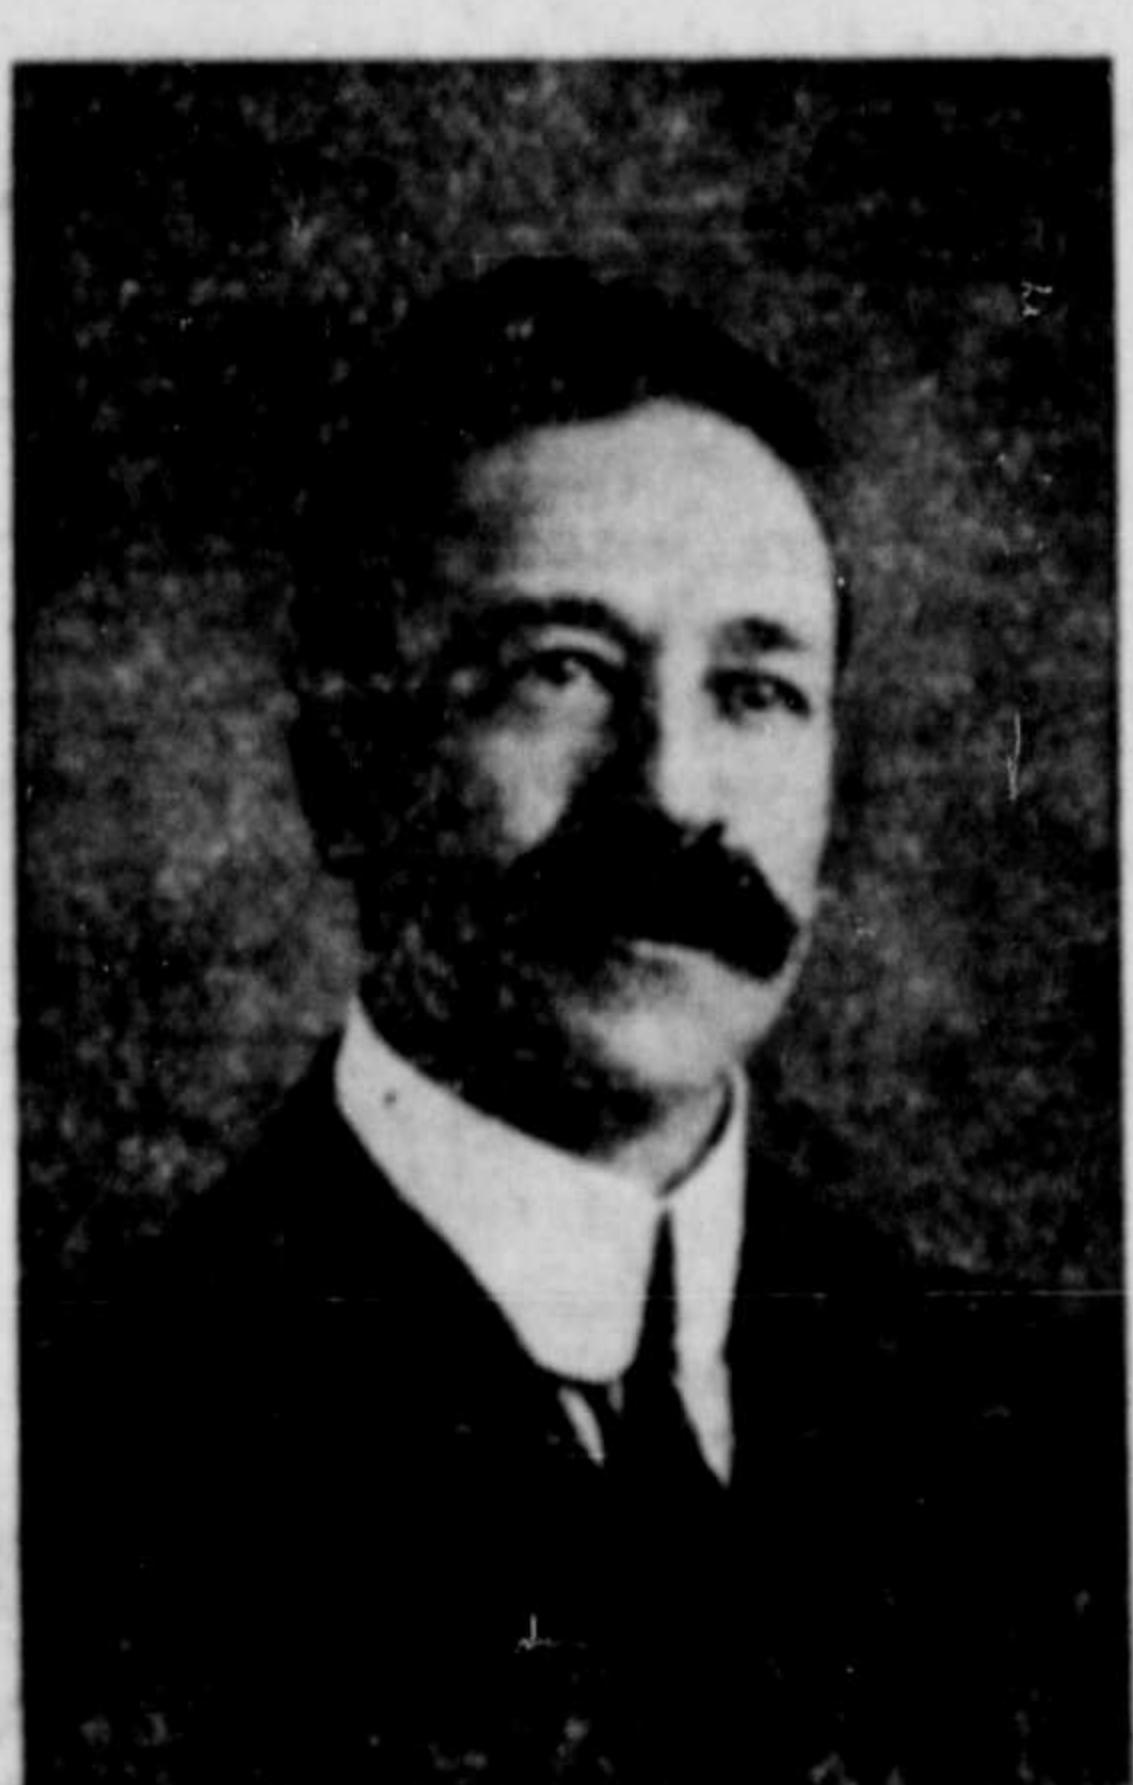

OTTAWA, Feb. 5 (P) — The Dominion bureau of Statistics reported yesterday that the cost of living index declined from 119.3 on December 1, 1943 to 119.0 on January 3, 1944, making the total wartime increase 18.1 per cent.

DROP BOMBS ON FRANCE

LONDON, Feb. 5 (P) — A great armada of American heavy bombers and fighting planes smashed at Nazi plane nests in central France today for the eighth shattering blow against Hitler's war machine in nine days.

The assault carried the greatest sustained Allied aerial offensive of the war into the ninth day—a day and night battering at German and occupied territories which was kept rolling on through last night by Royal Air Force blows at western Germany by Mosquito bombers.

THOMAS TROTIER

NORTHERN B.C.— DEVELOPMENT OF DISTRICT

Vancouver Lady Member Warns Against Errors Which Are Made in South.

VICTORIA, Feb. 5 (P) — Mrs. Tilly Rolston, Conservative coalition member for Vancouver-Point Grey, speaking in the Throne Speech debate in the Legislature Friday, suggested the development of Northern British Columbia should be orderly and based on accurate information about the land, its assets and potentialities. She warned against repetition of the trial and error development of southern parts of the province. Premier John Hart will speak in the debate on Monday.

Mr. Trotier came west before the turn of the century and was in the Yukon gold rush, becoming a warehouseman at Dawson. When the boom there quietened down, he decided to seek a new pioneering field so he came to Prince Rupert in 1908. He founded the Prince Rupert Feed Co. business and built a block on Second Avenue near Seventh Street where he conducted his trade for many years. He branched out into the coal business and established the Trotier Dock on the waterfront. A few years ago he sold out and retired.

Of genial and generous disposition, Mr. Trotier readily made friendships of permanent character and there was probably no pioneer who was better known. He was a faithful and active member of the Roman Catholic Church. He was a member of the Order of Foresters.

Mr. Trotier is survived by relatives in Quebec.

H.M.C.S. PRINCE ROBERT IN ACTION—While Canadian officers and men on the bridge of H.M.C.S. Prince Robert held their breath, a glider bomb released by a Heinkel 177, zoomed past the Canadian anti-aircraft cruiser's bows and went straight for a freighter in the convoy. But here, too, fate took a twist and, a second before it was to have hit the mark, the bomb took an upward turn, passed over the freighter's masts and plummeted into the water 80 yards away on her starboard side. The freighter is seen above, almost enveloped in the cascade of water caused when the bomb fell into the water. The ship rocked for awhile but she escaped damage and didn't even lose station in the convoy which reached its destination without loss of a ship, despite an attack by some 32 enemy planes that lasted exactly two hours.

JANUARY BUILDING PERMITS HIGH

Considerable Activity Recorded With Permits Totaling \$51,890.

If indications suggested by the number of building permits issued by the city engineer's office in January are borne out through the rest of the year, Prince Rupert should enjoy a building boom in 1944. Last month was one of the highest Januaries on record in this regard with permits issued to the value of \$51,890.

Comparisons with previous years show that in January 1943 \$700 in building permits were issued, in January 1942 \$3,425, and in January 1941, \$12,450. In December, 1943, permits valued at \$475 were issued.

Highest single item on last month's list was a permit issued

Three More Islands In Marshalls Are Taken By Allied Invasion Force

United States Military Government Takes Over From Hirohito—Naval Forces Unopposed and Enemy Removed From Skies.

PEARL HARBOR, Feb. 5 (CP)—Invading three more islands in the big Kwajalein atoll, United States forces have overwhelmed the Japanese on two, pushed the resisting enemy back on a third which has seaplane bases and brought two additional bases under warship and plane attack. Other developments:

First—Leaders of the mid-Pacific offensive, foreseeing the capture of all mandated islands, have proclaimed a United States military government to supplant the 25 year old power of Emperor Hirohito as each is occupied.

Second—There is no indication that a huge naval force, supporting the invasion, has been challenged or suffered losses.

Third—Air forces have kept all Japanese planes out of Marshalls' skies for four successive days.

Store Robbed Second Time

For the second time in as many months, Paulson's Grocery has been victimized by thieves. On Thursday night entry was made into the store and quantities of cigarettes, extracts, tea, coffee, sugar, and a small amount of cash in pennies were taken. The theft was discovered Friday morning.

Last December the store was broken into and cigarettes and some cash taken.

Keeping Children at School...

We hear a good deal of talk about better recreational facilities being necessary in Prince Rupert as one means of checking juvenile delinquency. School facilities are already here and sometimes we wonder if all the children who might be attending regularly are doing so. If parents do not take enough interest in their children to see that they attend school instead of roaming aimlessly about the town seeking trouble where they may it seems rather like putting the cart before the horse to talk about other facilities to keep those children out of mischief.

The first responsibility for checking juvenile delinquency rests with the people who own the children and sometimes, we fear, it is people who are unable to control their own children who are the ones who talk most loudly about what others, including the community, fail to provide for them.

Meantime, it is to be supposed that a close check is being kept by the authorities on the truancy situation.

The handwriting on the wall seems to be all Greek to Hitler.

Stand Up and Be Counted...

Businessmen must "stand up and be counted" on the issue whether they believe in the enterprise system or whether they are willing to let socialism take over, says Financial Post.

Canada is at a turning point, one way leading to totalitarianism; the other along the road of democracy and enterprise.

The visionary, the crackpot, the would-be "rabble-rouser," the cynic and the self-seeking have for years been preaching their assorted gospels, trying to tear down the enterprise system and the democratic way of life. Most of the time, most businessmen have remained silent, some perhaps through doubts, many through indifference, but most often, through a fear that public avowal of their political views would somehow, sometime, hurt their business.

It is high time for businessmen to realize that if they don't speak up on this most crucial issue in Canada's history, neither they or their shareholders, nor their heirs will have any business to worry about, and they and their employees will be going to the socialist party offices hoping to get employment from the government.

It is well and good to prepare for postwar living but we think the California man was overdoing it who stole 150 steak knives.

INCOME TAX RETURNS

We hate to remind you but—Income Tax returns still have to be prepared!

Did you take credit for all that you were entitled to in 1942?

We have a simple record form in respect to 1943 which will assist you in preparing these complicated forms and in recording your post war refunds or deferred tax.

In addition, there is a filing envelope for receipts for donations and medical expenses and for wage and dividend deductions slips, etc., all of which have a bearing on the tax you will pay in 1944.

This record system was devised by a chartered accountant for the use of personal taxpayers.

Price 25c for envelope and account cards.

Employers! We have a limited number of these envelopes and suggest that you order a supply for your employees.

Basketball Buzz

As a result of the last series of exhibition basketball games played on January 28, at the Naval Drill Hall, Commander C. M. Cree, on behalf of the executive of the area basketball leagues, has turned over the gratifying sum of \$178.75, the total net proceeds of the game to the Red Cross Prisoners of War Fund.

The third series of exhibition basketball games will be played at the Naval Drill Hall, through the kind permission of Commander Cree, on Friday evening, Feb. 18. Basketball fans will no doubt keep this date in mind for another series of thrilling games.

Remand Cooper In County Court

William Samuel Cooper made another periodic trip to a court room yesterday to appear before Judge W. E. Fisher in county court where he was remanded again on a charge of wounding Paddy Keogh with a knife in the Knox hotel last November. The case was remanded until February 7. Keogh is at present ill in hospital with flu, and is unable to attend court.

In police court yesterday morning, James Ware appeared before Magistrate W. D. Vance on a charge of public intoxication and was fined \$25, or seven days.

Emily Holland, charged with vagrancy, was fined \$25, or the time she had already served.

SEVENTH AVE. MARKET

To the Health Seeker

* * * *

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN REMEDY substituted incurABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not . . . NOW!

Red Cross News

"The urgent need for sweaters cannot be stressed too strongly," says a notice received at the local workroom of the Canadian Red Cross Society from the British Columbia Division. "The recently received list of estimated requirements for England alone is frightening in its size. Greatest emphasis must be laid on long-sleeved sweaters of all types for the services. We, therefore, urge you to push sweaters to the utmost. Get out as quickly as possible all the wool you have for this purpose. We suggest that two or three women collaborate in the knitting of a sweater in order to speed production. Canvass your friends and try to find out who will take out Red Cross wool and knit it into sweaters."
