## WAR NEWS

### ROME BOMBED TODAY

LONDON—The Rome radio reported that Rome was bombed again at noon today. No details were immediately given.

### FORMOSA RAIDED AGAIN

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC—Formosa was raided for the second consecutive day today. Bangkok, Siam, railway yards were also attacked.

### FORE-RUNNER OF INVASION

LONDON—The flaming air battle which possibly 1200 American bombers and fighters fought over Germany Tuesday with the Nazi Air Force is viewed on both sides of the English Channel today as possibly the forerunner of a mighty struggle for air supremacy which is expected to accompany the Allied land invasion of western Europe. More than 100 German fighters were lost and 59 American bombers and five fighters.

### MORE U-BOATS SUNK

WASHINGTON—United States bombing planes, based on Johnston Island in the South Atlantic, have sunk two more U-boats.

### JAPS ARE FRUSTRATED

ALLIED HEADQUARTERS IN NEW GUINEA—Headquarters denied a Japanese claim that they have recaptured Milne Bay, New Britain, and asserted that Aaawe still is in American hands. Headquarters announced that an attempted Japanese landing at Cape Gloucester, New Britain, was halted by United States Marines. Two barges containing Japanese troops were sunk.

### HERRING AWAITED

## Fishing In This Area Quiet Now

B.C. Packers to Handle Clams Through Newly Acquired Waterfront Premises.

No herring in seining quantities have been located in waters contiguous to Prince Rupert so far this winter although prospecting for the fish has been going on since the first of the year. There have been some signs of the fish, however, and it is expected the run may develop in volume before long. Usually the big run of herring around Prince Rupert occurs in February although last winter there was no run whatever owing to extremely cold weather. The seiner Bertha B., Capt. Jack Haan, is prospecting for herring out of Prince Rupert for the B.C. Packers which had a couple of other vessels standing by in port ready to go out to fish. Meanwhile the nearest run to Prince Rupert is at Kwakwaka'wakw Pass off Calvert Island near Queen Charlotte Sound which is yielding fish for Namu, Butedale and Port Edward reduction plants as well as for canning at Alert Bay, Vancouver Island.

B.C. Packers will continue to handle butter clams through Prince Rupert this season for delivery to Vancouver for canning. The clams are landed in Prince Rupert by natives in sacks and are shucked and frozen for shipment. The clams will be handled by B.C. Packers through the Albert & McCaffery waterfront plant which the company recently acquired and the Northern Fishermen's Cold Storage plant.

A few Prince Rupert boats are fishing for dogfish and cod but the most of them are delivering their catches to Vancouver.

There is little, if any, trolling for spring salmon as yet although this is now permissible.

## Deaths In Blast By Accident

Survivor's Testimony Spikes Conjecture But Offers No Real Light on Cause of Highway Explosion.

Written testimony by Alfred Carbo, survivor along with Joseph Hansen of a dynamite blast which killed Knute Olsen and Eric Gerdin, Northern Construction Company workers beyond mile 16, on January 3, stated that the four powdermen were loading holes before the blast went off.

The testimony, presented Wednesday afternoon to the Coroner's jury investigating the circumstances of the disaster, wiped out the possibility that the four men had been changing detonator cans when the explosion occurred or that one of them had used a metal blow-pipe to clean out a partly filled hole with compressed air.

Carbo's statement, read to the jury by Coroner M. M. Stephens, said that Carbo and Olsen had been engaged in loading a hole with 40 per cent forcite dynamite and that Gerdin and Hansen had been doing the same at a hole about 20 feet west of them. Carbo said that, following the blast, he was unaware of anything until he became conscious of himself lying on a stretcher about 500 feet west of the scene of the accident. There had been 20 sticks of dynamite in the hole that he and Olsen had been loading. Olsen was killed outright.

Joseph Hansen, who was more seriously injured than Carbo, was unable to give testimony but his experience was known to be similar to that of Carbo.

Other witnesses who gave opinions as to the cause of the explosion, were Hjalmar Larson, foreman in charge of the men, and Charles A. Graham, mining engineer, neither of whom saw the events preceding the blast.

The jury brought in a verdict of death by misadventure, due to a premature blast with no blame attached to anyone.

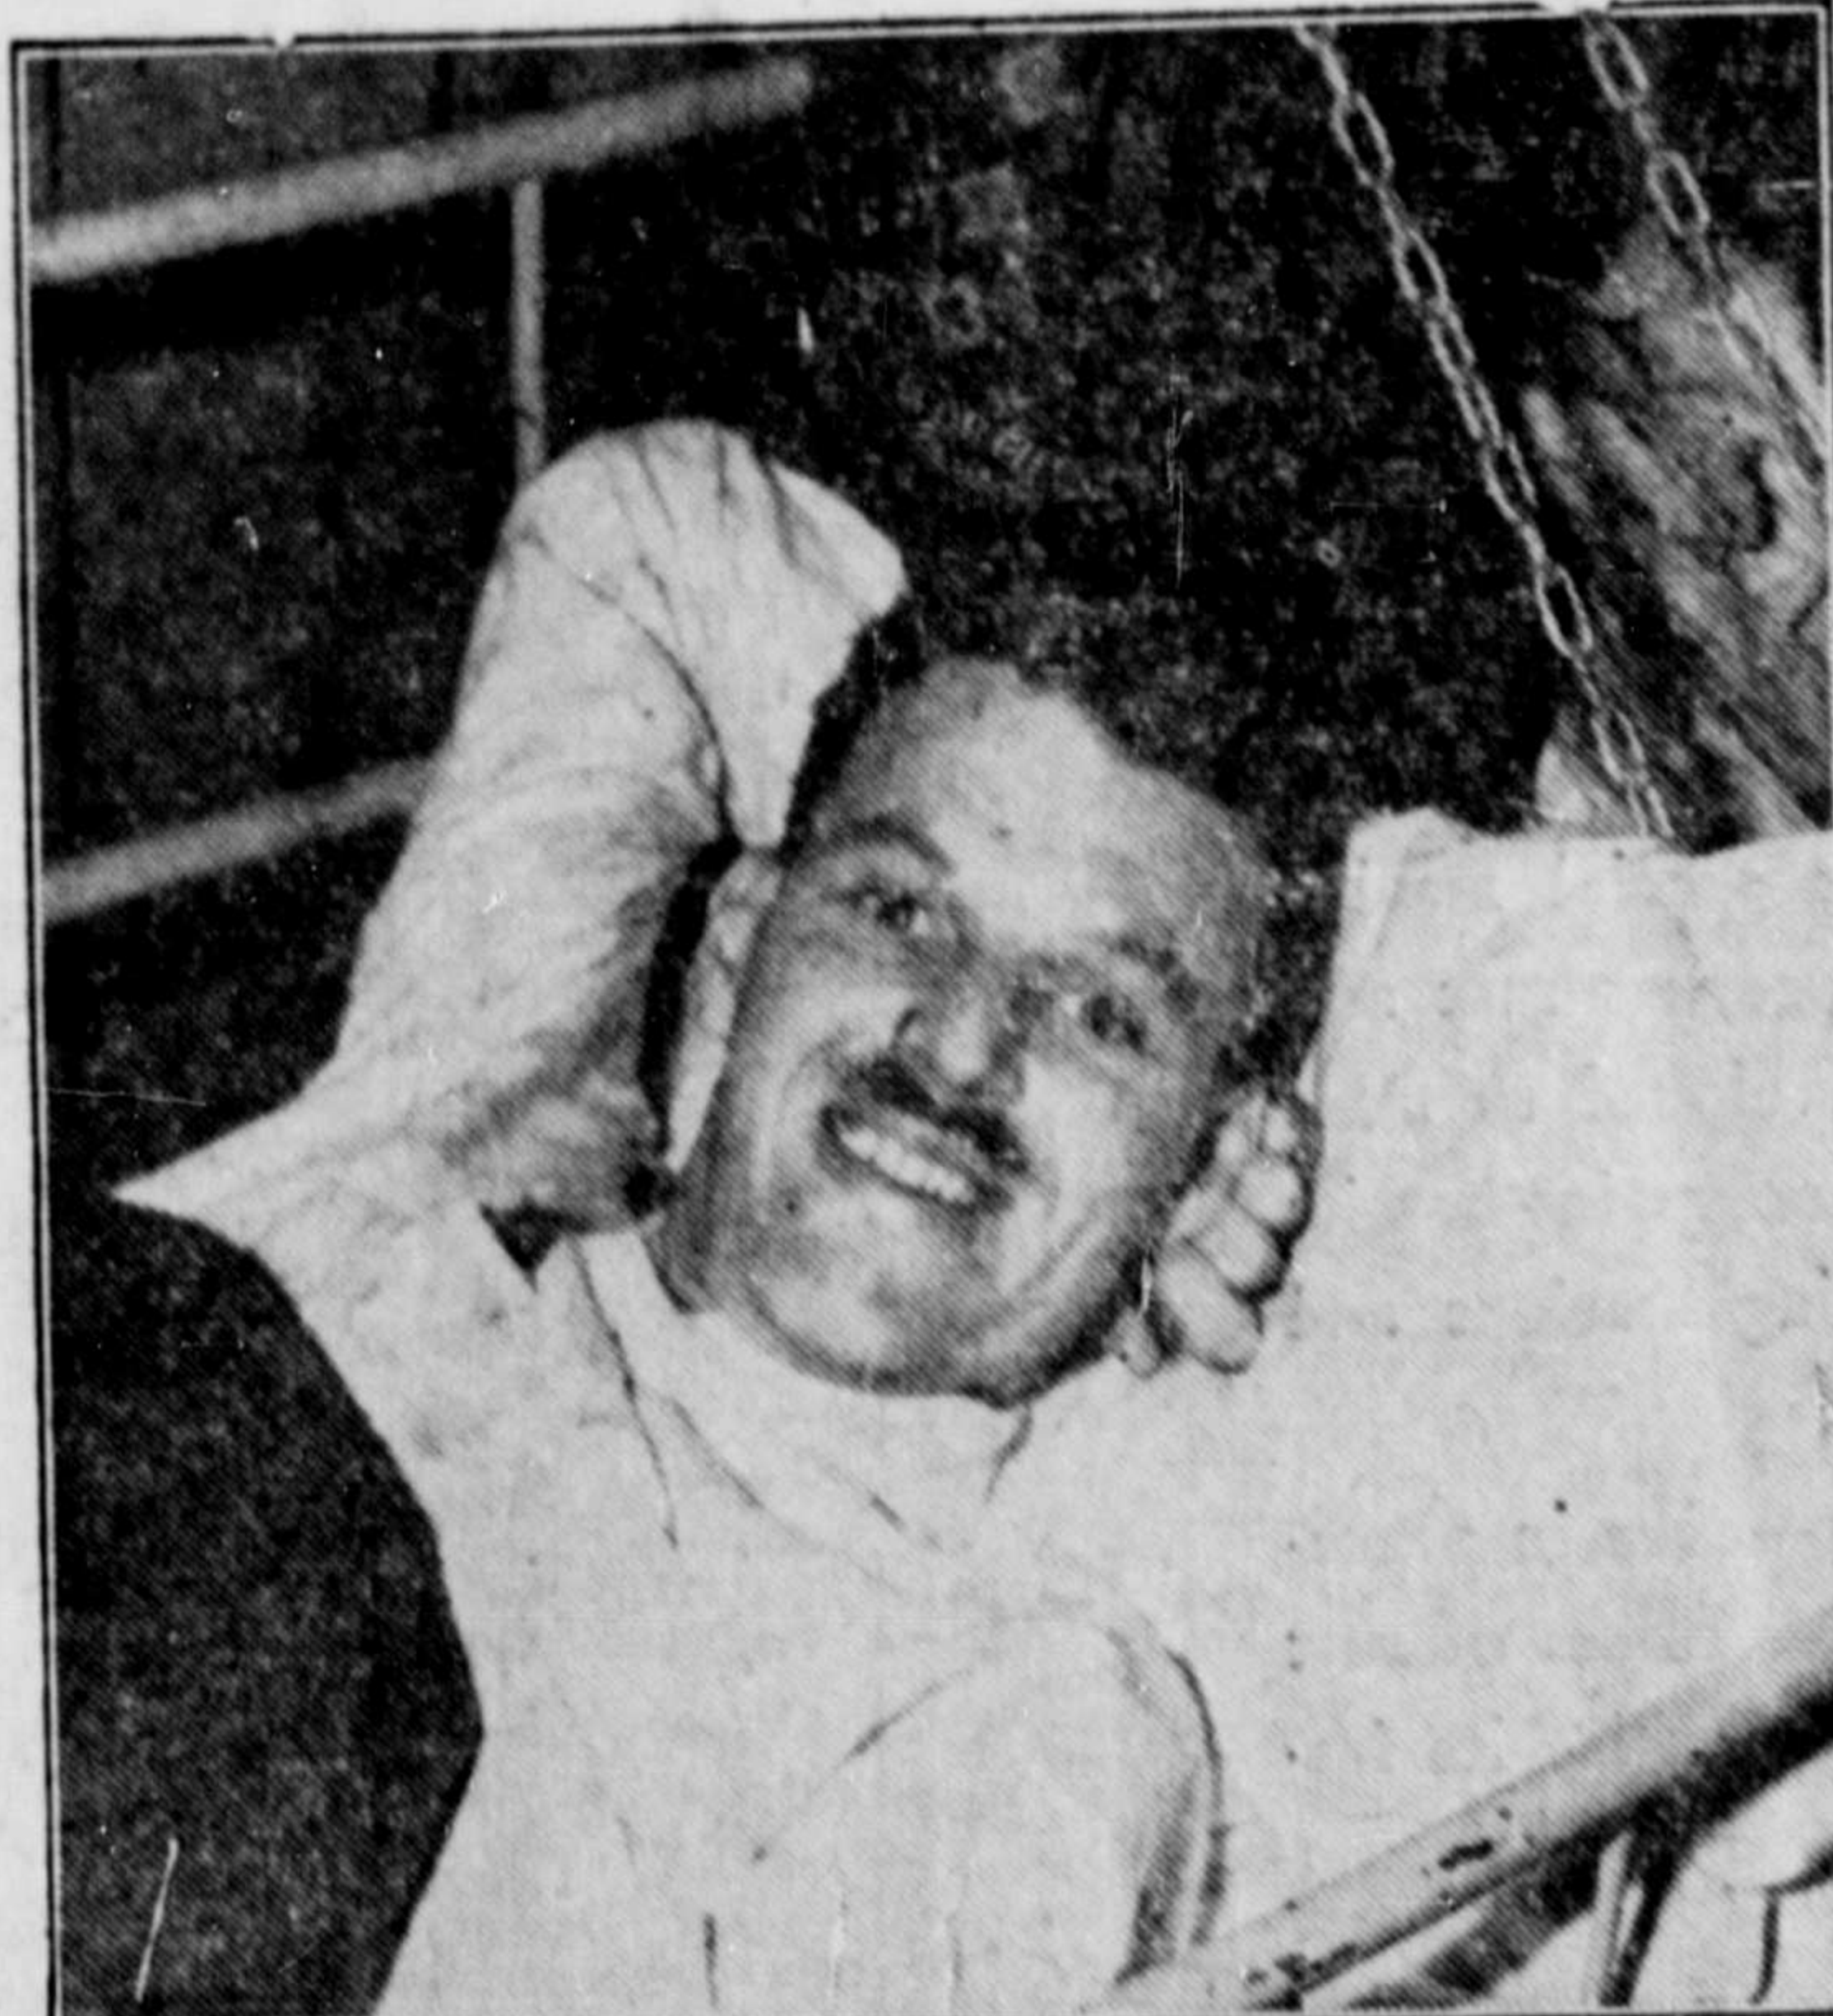

Jurymen were George J. Dawes (foreman), John M. Walker, John R. Murray, Arthur Bain, Omer Clavelle and Lloyd A. Wells.

CANADIAN WOUNDED RETURN HOME FROM ITALY BATTLEFRONT — Battle-scarred Canadian soldiers saw their homeland, some of them for the first time in four years, when they arrived in Halifax recently aboard the Canadian Army hospital ship, Lady Nelson. A few were repatriates from the battle of Dieppe but the majority were wounded in battles in Sicily and Italy. Top left shows Pte. H. C. Gabbey of the Loyal Edmonton Regiment whose home is near that western city, having his jacket adjusted by Pte. L. E. Neff, of Port Colborne, Ont., a hospital ship orderly. Gabbey was wounded in the north of Sicily. Minus his arm and an ugly wound in his back Sgt. R. R. Amyot of North Bay (top right), who was seriously wounded in a combination of wild fist and gun fighting with Huns in the streets of Nasoria, Italy. He was with the Hastings and Prince Edward Regiment. Bottom left shows Pte. H. A. Mann of Yorkton, Sask., who suffered a badly fractured leg fighting with the 8th Army in Italy. He wants to go back. Three young veterans from the Italian campaign, all from Moosejaw, Sask., are pictured lower right. Left to right: Pte. N. J. Gamble, Sgt. Major H. M. VanBuskirk and Bdr. R. M. Beatty. VanBuskirk has a wife in Britain.

## WITNESS MISSING

VANCOUVER, Jan. 13 (CP)—Service police reported Wednesday that Corporal Theodore Voerge, Royal Canadian Air Force, scheduled to appear Friday as a witness at the preliminary hearing of Charles Hawken, charged with the murder of Francis Andrew Boland, former provincial policeman, is missing. Voerge did not return to his station after the hearing opened Tuesday.

BROTHER OF V.C. HOLDER AMONG WOUNDED TO CANADA—Captain F. W. I. "Bill" Merritt, of Vancouver, brother of Lt.-Col. Cecil Merritt, Canada's only V.C. holder of this war and now a prisoner of war, smiles from his cot on board the hospital ship, Lady Nelson, when it landed recently in Halifax. Capt. Merritt suffered painful leg injuries in service with the Seaforth Highlanders in Sicily. He went overseas with the Seaforths of Vancouver in December, 1939. In peacetime he was a brilliant Canadian football player and oarsman of note.

## PUBLIC TRAVEL DROPS HEAVILY

## BULLETINS

### AIDED AXIS?

NEW YORK—The Chase National Bank has been indicted on two counts charging conspiracy to assist the Axis. The president of the bank calls the prosecution an "outrage."

### RETURN TO WORK

MONTREAL—Union leaders recommended that striking City Hall workers return to their jobs and they did so at noon today after their 23-day old strike. They have accepted proposal for arbitration of the wage dispute.

### LABOR IS OPPOSED

WASHINGTON—Both the American Federation of Labor and the Congress of Industrial Organization are lining up against President Roosevelt's proposed national service act. Leaders of both labor factions have been summoned to the White House.

### NO WORK IN NORTH

EDMONTON—Selective Service officials are advising men against going north as there is not large employment on construction jobs there as reported.

### TRY FOR BETTER TERMS

LONDON—No announcement has yet been made by the Polish government in regard to the new Russian border proposals. Efforts will be made to resume diplomatic relations and secure better terms.

The National War Savings Committee, Vancouver office, had a letter before the British Columbia Electric Co. if the company's earnings justify it. Dr. W. A. Carrothers, chairman of the British Columbia Public Utilities Commission, says.

### Has Now Subsided Almost to Pre-war Level for Time Being

The year-end travel boom which taxed local transportation company office staffs and burdened boats and trains to an uncomfortable limit has subsided to a level which reminds old timers of the pre-war normal.

Very little travelling is being done by the permanently established residents although the usual amount of business travel is being maintained.

The leave and furlough movements of service people, which up to the new year accounted for the majority of train and boat tickets sold, dwindled off sharply by the time 1944 was a week old. By that time most of them had seen the folks and were back on the job.

The migrations of construction workers, which almost to the year's end had been a solid source of patronage to the transportation companies, is also near a standstill.

The precautionary action of making reservations weeks in advance which was necessary last year, is now said to be unnecessary, although agents advise that reservations be made some days ahead. This precaution will circumvent embarrassment which might be caused by an unexpected last minute rush.

## Power Consumers May Have More Free Electricity

VICTORIA, Jan. 13—Another no charge to consumers period may be imposed upon the British Columbia Electric Co. if the company's earnings justify it. Dr. W. A. Carrothers, chairman of the British Columbia Public Utilities Commission, says.

## HUGE WAR EXPENSES

Roosevelt Presents One Hundred Billion Budget to Congress.

WASHINGTON, D.C., Jan. 13 (CP)—The annual budget message of President Franklin D. Roosevelt to Congress today asked for \$100,000,000,000 to cover what the chief executive hoped would be a decisive effort toward victory and the critical problems of peace.

Mr. Roosevelt requested this astronomical appropriation for the fiscal year ending June 30, 1945. It is about the same as estimated total expenditures for the current fiscal year. He said about \$90,000,000,000 of the total would be for war alone, bringing war spendings to date to a third of a trillion dollars.

The eighteen months between now and the end of the fiscal year would be, the chief executive said, "crucial in the history of the United States and mankind, a period which will see decisive action in this global war."

Mr. Roosevelt made no suggestion of an early end of the war, suggesting that it would be "unwise to plan for anything but continued fighting until well into next year."

## MOVING NORTH TOWARD ROME

Fifth Army Continues to Progress—Cervaro Has Been Taken

ALGIERS, Jan. 13—Virtually the entire Fifth Army was on the move today as it broadened its offensive front near the Tyrrhenian Sea coast to Central Italy and sent French units hammering through 3,000 and 4,000 foot mountains to threaten Cassino from the third side. American infantry swept to within three miles of Cassino in a frontal attack with the capture of Cervaro yesterday after surrounding the village, headquarters announced. The Germans had already admitted its loss.

ALGIERS, Jan. 13—The Anglo-American Fifth Army seized more high ground in Italy yesterday in its advance toward Cassino on the road to Rome, Allied headquarters announced yesterday. A thaw in the weather made fighting more difficult.

A German communique says that the Nazis have been thrown out of Cervaro, fortified village four miles southeast of Cassino and last village outpost guarding that powerful Nazi outpost.

## Dr. Knipe Is Speaker Before Tenant Council

Dr. Roger G. Knipe, director of the local public health unit, speaking before a meeting of the tenant council of Wartime Housing at the club house Tuesday night, told of the work of the health unit, stressing the importance of immunization against communicable diseases not only for children but for adults as well.

Other topics of discussion at the meeting included the question of playgrounds for Wartime Housing districts and plans for the building of a Wartime Housing community hall.

W. McKenzie, chairman of the tenant council, was in the chair.

## Strongholds Threatened

Red Army on Better Fighting Ground and Threatening New Offensive.

MOSCOW, Jan. 13—The highly mobile First Ukrainian Army, expanding its front on the Sarny sector to a width of fifty miles or more, struck out in several sweeping movements today to threaten German held strongholds of Rovno, Pinsk and Kovel. A strong force of the right wing captured Dombrovița, twenty miles north of Sarny on the revno marshland country, and moved on to within fifty miles of Pinsk, important centre on the Brest-Litovsk railway. It had already passed the worst of the Priepet Marshes and advance units were approaching high rolling ground beyond the swamps.

Meanwhile a new offensive which was launched Tuesday to the north of the marshes, was approaching the city of Mezyr, 80 miles southwest of Gomel.

## NEW FLIGHT MARK MADE

From Montreal to Britain in Eleven Hours and Fourteen Minutes.

WINNIPEG, Jan. 13—Two big Lancaster transport planes operated by TransCanada Air Lines in the Canadian Government TransAtlantic Service arrived in Great Britain yesterday morning with heavy loads of mail for Canada's overseas forces, both planes having made a non-stop trip from Montreal in faster time than the previous record set for a Montreal to Great Britain flight. This record, 11 hours and 35 minutes, was set in November last.

The flying times—Montreal to Great Britain—of the two transports operated by TCA and arriving yesterday were 11 hours and 16 minutes and 11 hours and 14 minutes respectively.

The two big planes left Montreal four minutes apart, the first at 3:05 p.m. (Pacific Time) Tuesday and arrived at 2:21 a.m. (Pacific Time) Wednesday. The second left at 3:09 p.m. Tuesday and landed on a British airport at 2:23 a.m. yesterday.

The first plane carried 6,207 pounds of mail and 119 pounds of freight. The second carried 4,524 pounds of mail and 408 pounds of freight.

The full flight carried nearly one million letters, all for the men and women in Canada's overseas armed forces. Captain of the first plane was George B. Lothian while the second plane, which set the new record of 11 hours and 14 minutes, was in charge of Captain M. B. Barclay.

## COMPANY CHARGED

Alleged That Freighter Northholm Was Overloaded and Had Inadequate Lifeboats.

VANCOUVER, Jan. 13—Charges that the Vancouver freighter Northholm was overloaded when she foundered with loss of 15 members of the crew off Cape Scott, Vancouver Island, a year ago and the vessel's lifeboat equipment was inadequate were laid in police court Wednesday against Union Steamships Limited.

The charges were laid on Department of Justice instructions.

The Northholm, laden with pulp, fish meal and ore, was found from Port Alice to Vancouver at the time.

## MAGDEBURG IS TARGET

This is One of Points at Which Great United States Bombing Expedition Struck.

LONDON, Jan. 13—The Berlin correspondent of the Swedish newspaper, Aftonbladet of Stockholm, said yesterday that part at least of the great attack of the United States Air Force on Germany was directed against Magdeburg, important arms and rail centre about 100 miles west of Berlin, and Halderstadt in the same vicinity. The correspondent added that bombers also feinted towards Berlin, causing the second daylight alarm of the war in the capital.

The London press speculated yesterday that the United States Eighth Air Force had lost sixty bombers in the attack while the German agency DNB claimed that 136 American planes, including 124 four engine bombers, were shot down but all figures were without official confirmation until the Eighth Air Force completed the compiling of reports twenty-four hours after the bombers had returned and announced that 64 planes and nearly 600 fliers had been lost. More than 100 German planes were shot down.

The assault turned into a three-hour running battle. Twelve hundred planes took part in the fight. The Germans admit they "put everything" into the fight.

## IS LEAVING LOCAL POST

J. V. Scrivener, who has been local representative of the War-time Prices and Trade Board for nearly two years since the establishment of the local office, has resigned and will be leaving next Monday night for Vancouver to resume his former business. P. H. Linzey of this city will be his successor.

DAILY EDITION Thursday, January 13, 1944

A New Bill of Rights . . .

President Roosevelt has proposed to the United States Congress that action should be taken to ensure social security for all people in the fullest measure after the war. He has been pleased to suggest a new "Bill of Rights" which would ensure the right of every person to have sufficient remunerative employment to provide a full and decent living including education, medical care, a home, security in old age and all the things the uncertainty about which is the anxiety of the large preponderance of the population today.

The President aims at the establishment of a pattern of human life and living which is the desire of all right thinking people not only for themselves but for their fellowmen. It is a system looking towards the establishment of which many plans have already been offered, the practicability of none of which have yet been proven either in practice or principle.

The most of us see the goal and desire it. The trouble is to overcome the difficulties that lie in the way possibly the most serious of which is that of undue self-interest in one way or another.

If every person was satisfied with enough of every good thing for himself and placed the common good before self-aggrandizement, which assumes many forms, and was satisfied to use his talents in that spirit, many problems — personal, national and international—would, no doubt, be doubt, be readily dissolved.

It is a simple thing but, being as we are, it is a difficult one.

Sweepstakes Are Being Opposed By Ministers

The Prince Rupert Ministerial Association, which went on record recently as being opposed to sweepstakes, is proceeding further in the matter and has drawn it to the attention of the Attorney General's department. A lengthy resolution on the matter has been sent to Hon. R. L. Maitland asking for an investigation.

IF YOUR CHILD IS THIN and NERVOUS

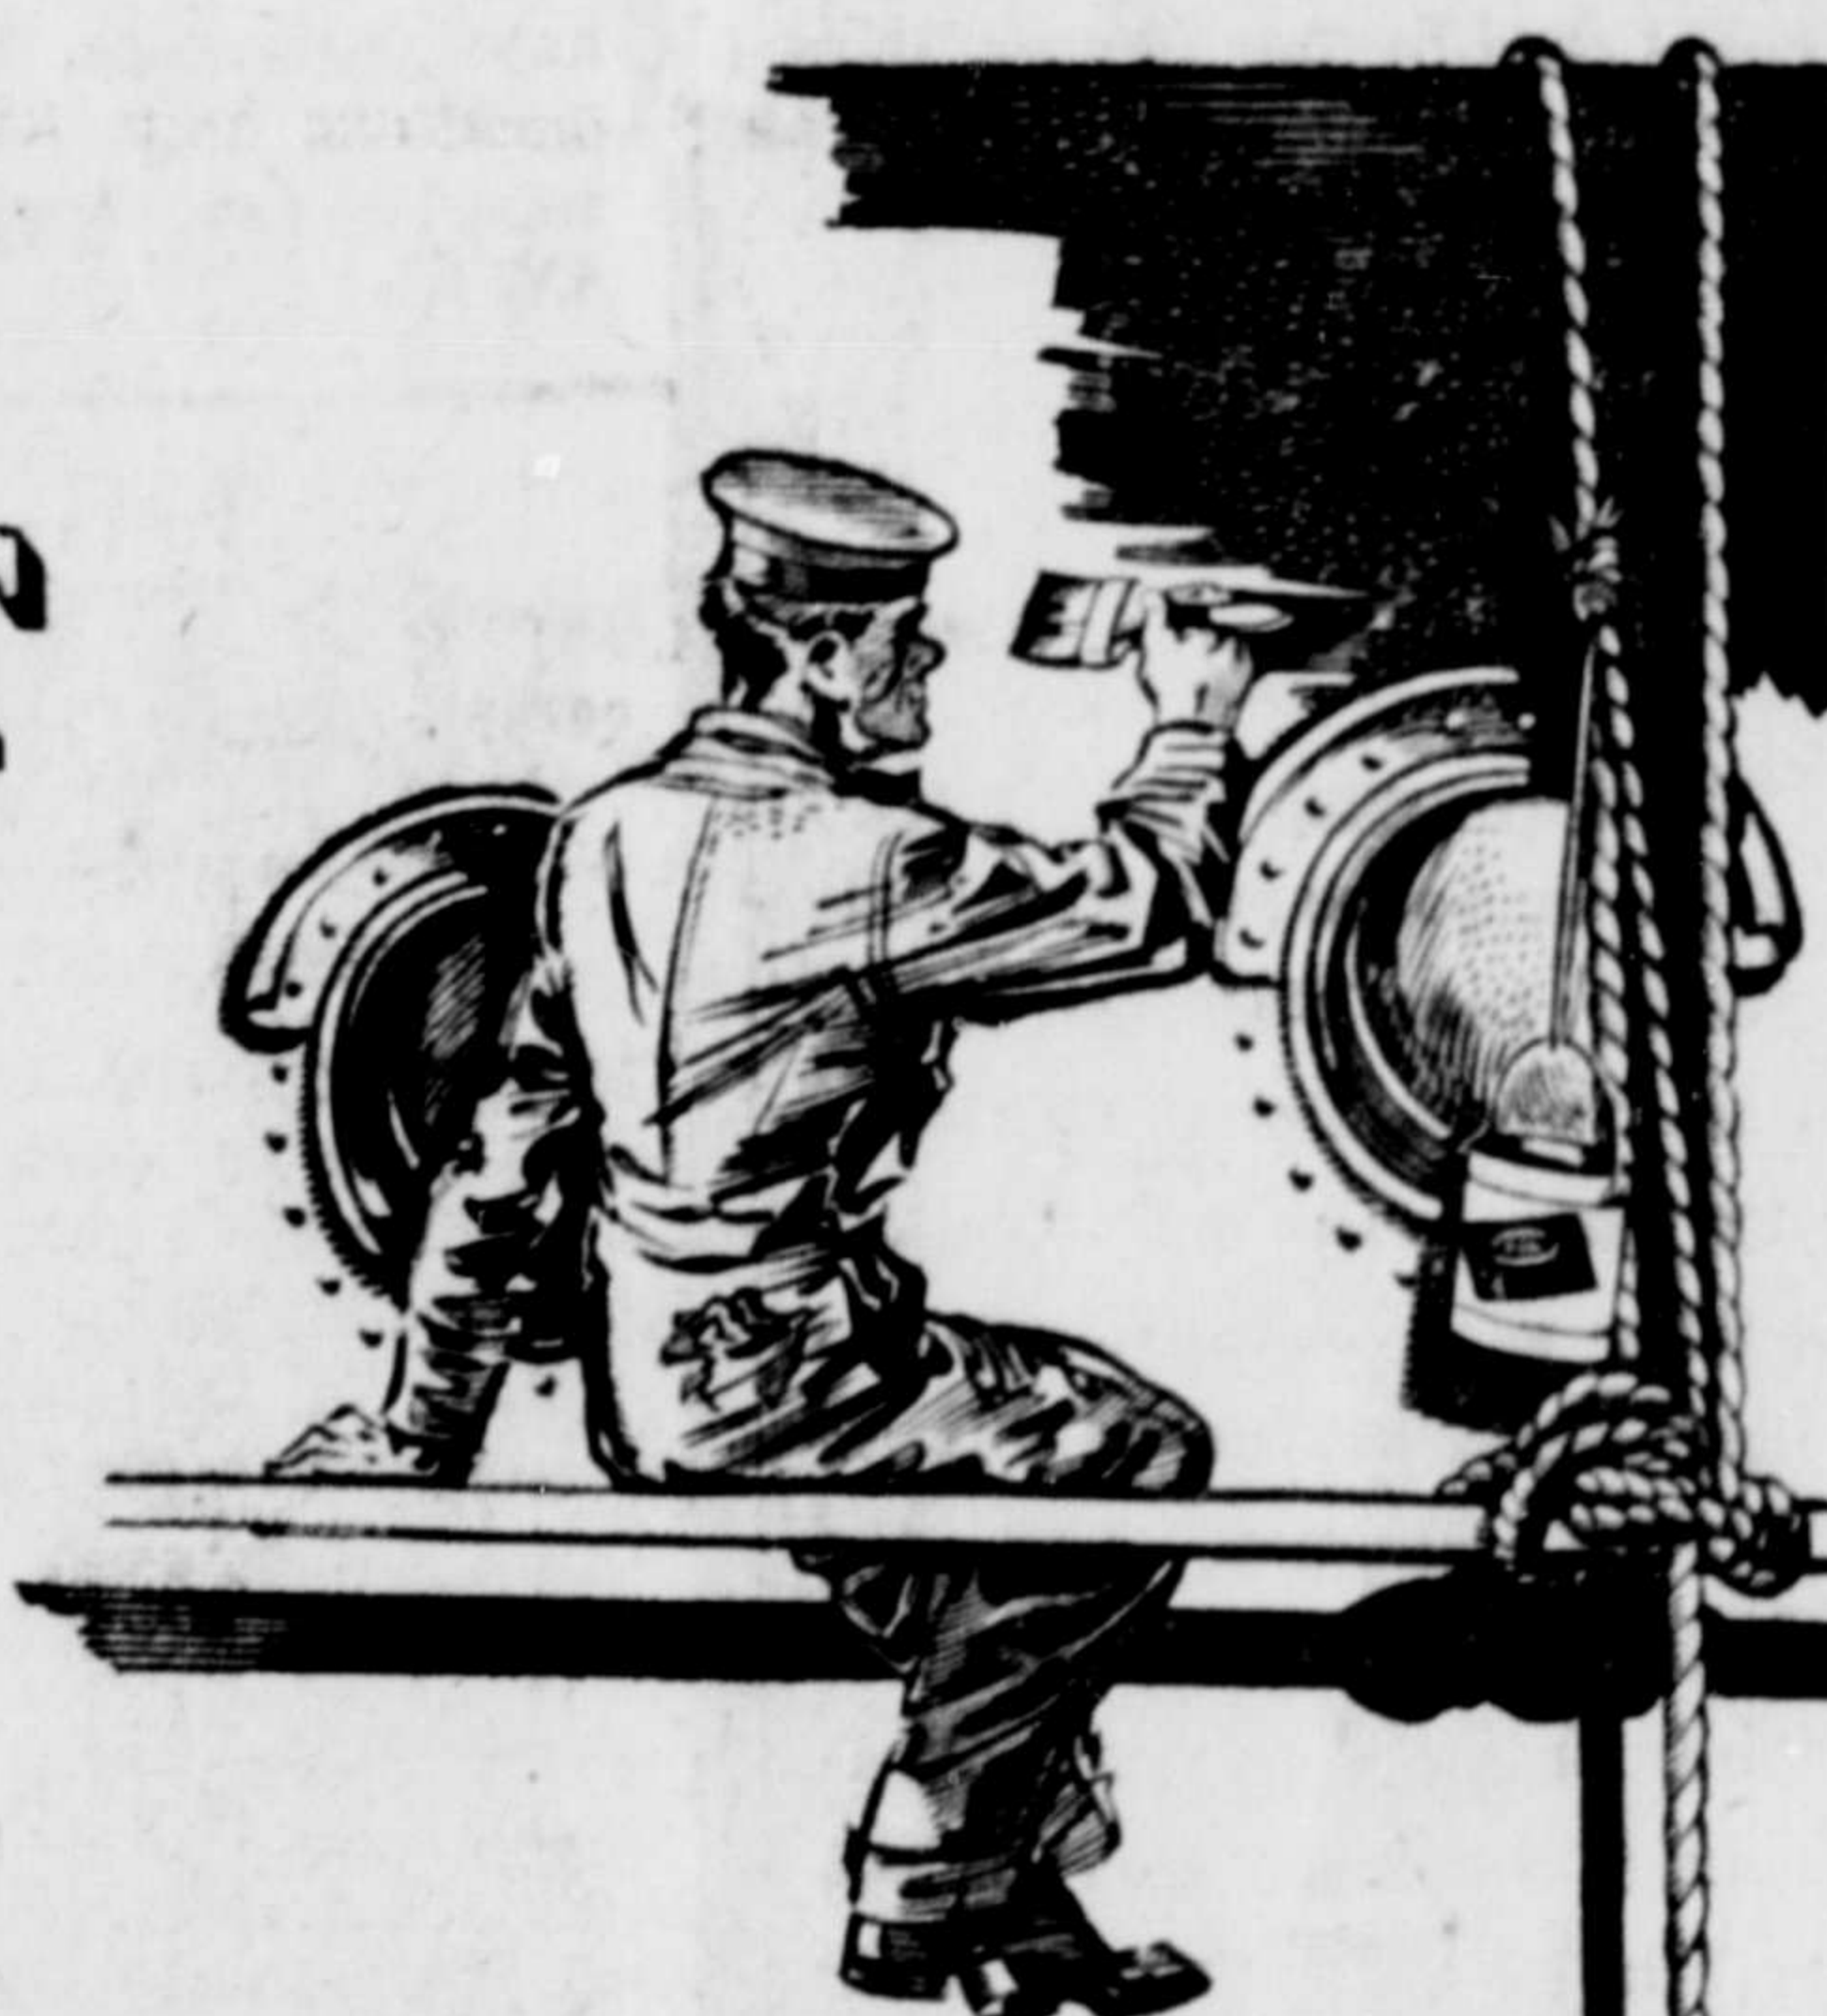

Try New, Improved Ovaltine

Children who are thin, nervous and under par, science has discovered, are often found to be eating foods which do not give them enough of the essential food elements everyone needs for health. As a "protecting" food-drink, New, Improved Ovaltine adds to a child's meals the essential food elements most likely to be deficient in the diet. Three servings of New, Improved Ovaltine furnish a child with a significant portion of his daily requirement of Vitamins A, B1, and D, and the minerals Calcium, Phosphorus and Iron—also quick food-energy elements and high quality proteins—all for building sturdy bodies. So—if your child is thin, nervous, under par, or eats poorly, why not start giving New, Improved Ovaltine regularly? Get Ovaltine at your drug or food store.

NEW, IMPROVED OVALTINE THE PROTECTING FOOD DRINK

CHEMISTRY HELPS TO WIN THE WAR

WAR PAINT FOR A FIGHTING NAVY

C-I-L paint is efficient battle dress for a fighting navy—tough, durable paints that stand up to the ravages of war and wind and weather.

To keep them in fighting trim the ships of the Royal Canadian Navy—destroyers, frigates, corvettes, minesweepers and auxiliaries—must wear protecting coats of paint. For protection against the wear and tear of salt water, marine growth, rust and extremes of climate. Paint also protects in battle by ship camouflage.

For war paint the Canadian Navy uses special marine finishes and other heavy duty paints that prevent rust and fouling. Many of these paints have been developed to meet the rigid demands of war at sea. On shore, too, paint has its special values for the navy at docks, training stations and shore establishments.

Of course, paint has always been a fighter—even in peacetime. It is continually battling the destructive forces of rust and decay. Its wartime uses only serve to emphasize its importance at all times.

Supplying war paint for Canada's fighting navy is one of the wartime jobs of C-I-L's Paint and Varnish Division.

High-grade paints for the protection of war material is another example of how Industrial Chemistry aids Canada's war effort.

CANADIAN INDUSTRIES LIMITED

MR. B. GETS A MEDAL

MR. B. knew where he could get more than his share of scarce goods—at a price. He thought he was very clever—and a bit romantic—when he bought rationed commodities on the sly. Actually Mr. B. was helping the war effort . . . Hitler's war effort. He did not stop to think that his purchases on the black market were shots in the back to the armed forces of Canada. He did not stop to think that his black market purchases, multiplied by the purchases of thousands of other Mr. B.'s cause shortages and serious marketing situations which might help to lengthen the war. He did Hitler's work because he did not stop to think. Poor Mr. B.!

If only he had pledged himself to buy War Savings Stamps and Victory Bonds to the limit of his ability he couldn't have afforded to deal on the black market.

BREWING COMPANY LIMITED

SMALL BUT COLORFUL

HERSHEY, Pa. — James Beaton (Peggy O'Neil is one of the smallest yet most colorful players in the American Hockey League. The Hershey Bear star stands five feet, eight inches. He scored 69 points last season.

NATIONAL SELECTIVE SERVICE

EMPLOYERS MUST REPORT On Numbers of Persons in their Employ

EMPLOYMENT and Selective Service Offices have mailed Form DLR-1A to all employers—in industry, in commerce, in trade. These forms are for completion and return to the Local Office on or before January 15th, 1944. The co-operation of every employer in giving complete and accurate returns is earnestly requested, as much of Canada's manpower planning depends upon the data they will contain.

If you have been missed, please ask the nearest Employment and Selective Service Office for blank forms, which carry full instructions on their use.

The completion of this form is required under National Selective Service Civilian Regulations. Employers in agriculture, employers of household domestic workers and Government Departments in respect of regular staffs, are not required to report.

HUMPHREY MITCHELL, Minister of Labour

A. MacNAMARA, Director, National Selective Service

Steel Mill Is Endorsed

The Canadian Legion, at its regular monthly meeting in their club rooms on Wednesday evening, Comrade R. C. Bam-

ford being in the chair, endorsed a resolution from the Boiler-makers' Union advocating the establishment of a steel mill in British Columbia. The usual routine was transacted, with seven members being accepted. A donation of \$25 was to the Navy League drive.

LEGAL NOTICE Notice is hereby given that on the 7th day of February next the undersigned STEWART CLUB intends to apply to the Liquor Control Board for a Club Licence in respect of premises situated at Fifth Street Stewart B. C. upon lands described as Lot 15 Block 10 Map 905 Land Registration district of Prince Rupert in the Province of British Columbia to entitle each member of the said Club to use on the premises a reasonable quantity of Liquor for personal consumption on the premises in accordance with the provisions of the Government Liquor Act and the regulations promulgated thereunder. Dated this 10th day of January 1944. ALEXANDER RUSSWURM Secretary.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE IN THE MATTER OF THE "ADMINISTRATION ACT" —AND— IN THE MATTER OF THE ESTATE OF GEORGE WILLIAM DAVIS DECEASED TAKE NOTICE that by order of His Honour, W. E. Fisher, made on the 6th day of January, A. D. 1944, I was appointed Administrator (with Will annexed) of the Estate of George William Davis, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or about the 11th day of February, A. D. 1944, and all parties indebted to the Estate are required to pay the amount of their indebtedness to me forthwith. Dated at Prince Rupert, B. C. this 10th day of January, A. D. 1944. NORMAN A. WATT Official Administrator Prince Rupert, B. C.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE IN THE MATTER OF THE "ADMINISTRATION ACT" —AND— IN THE MATTER OF THE ESTATE OF JACK P. BENNETT, OTHERWISE KNOWN AS JACK BENNETT, DECEASED TAKE NOTICE that by order of His Honour Judge Fisher, Local Judge of the Supreme Court of British Columbia, I was on the 10th day of January, A. D. 1944, appointed Administrator of the Estate of Jack P. Bennett, otherwise known as Jack Bennett, formerly of Prince Rupert, British Columbia, deceased, who died on or about the 2nd day of December, A. D. 1943. All persons indebted to the said Estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said Estate are required to file them with me properly verified on or before the 10th day of February, A. D. 1944, failing which distribution will be made having regard only to such claims of which I shall have been notified. Dated at Prince Rupert, B. C. this 10th day of January, 1944. NORMAN A. WATT Official Administrator Prince Rupert, B. C.

To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: "Something somewhere there must be an answer to incurability."

Chiropactically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurability. Thus faith and belief hinders, and denies, the natural self-curability within themselves the right duty to remedy (meaning: to cure again).

Such statements, of disease, special or general, verified by an exhaustive survey. Over 93,000 persons treated, when disillusioned and disappointed, to Chiropactic (Nature) as a LAST resort.

Some 410 qualified Chiropactors raised no question to the merits of faith, belief or, the competency of the remedy, to cure again. Nature had preordained that everything was incurable within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropactic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in favor.

As Mahomet would resolve: If Chiropactic eventually why not . . . NOW!

J. L. CURRY, Chiropactor

## Women Hoopsters Plan Big Season

Get Off to Good Start at Initial Meeting Last Night.

Plans for the Women's Area Basketball League were given energetic propulsion at the league's first meeting last night when officers were elected, a schedule committee appointed and a program of practice and exhibition games worked out.

Elected as president of the league was Section Officer E. M. McIntyre, Air Force Women's Division, and as secretary, Miss V. Edgar of the United States Administration workers.

It was agreed that the women's teams would play exhibition games just as the men's league, only at dates alternative to those of the men's league. Responsibility for arranging the schedule of games was turned over to G. Webb of the Y.M.C.A., and Sid Woodside.

The deadline for entrance into the women's league was set at January 16.

The games will be colorful. The Canadian Women's Army Corps declared the intention of their team to wear white, the High School will wear green shorts with yellow blouses, and the Air Force will wear their service color with crest. The administration workers have not yet decided their choice of playing costume.

The first practice game will be held next Tuesday at the R.C.A.F. gymnasium between the

## Terrace

John Warne, who lived in the Terrace district for many years, passed away Thursday last and was buried in the cemetery on the hill. Mr. Warne came here from Ontario and engaged in farming during the past twenty

W.D.'s and the U.S.A. and the second will be between C.W.A.C.'s and High School.

Representing the C.W.A.C.'s at last night's meeting were Privates Garlick and Gaylord, Miss B. Stevens and Miss K. Meredith attended from the High School.

years. Deceased is survived by his widow who is at present living in Alberta and one son, also in Alberta. Mr. and Mrs. H. Warne came to Terrace from Edmonton to attend the funeral rites of Mr. Warne's father.

Mrs. D. G. Little entertained on Monday afternoon in honor of her mother, Mrs. Welch, who will be leaving in a few days for her home in Vancouver.

A violent gale on Monday caused some damage in the village. The most serious damage was to the window of the drug store which was blown out on to the sidewalk with a great crash of broken glass.

## MISERIES OF Baby's Cold Relieved As He Sleeps

NOW... here's a reliable home-proved medication that works 2 ways at once to relieve distress of child's cold—even while he sleeps. Just rub throat, chest and back with Vicks VapoRub at bedtime. And instantly VapoRub works to relieve coughing spasms, ease muscular soreness or tightness, and invite restful, comforting sleep. Often by morning, most of the misery is gone. For baby's sake try Vicks VapoRub tonight. It must be good, because when colds strike, most mothers use Vicks VapoRub. COUGHING SPASMS—To relieve distress, melt a spoonful of VapoRub in a bowl of boiling water. Inhale the steaming, medicated vapors. Feel relief come right with the first breath!

### Catholic Women's Bridge and Whist Party Is Success

Twenty-two tables were in play Tuesday night at the Knights of Columbus Hut where a bridge and whist party was held by the Catholic Women's League.

B. Shannon was master of ceremonies for the bridge and Mrs. Ethier for whist. The prize winners were:

Bridge—ladies' first Miss Mary Astoria; second, Mrs. Rita Rogerson; men's first, Private D. E. McLean; second, Bert Linfoot. Whist—ladies' first, Mrs. R. Smigilski; second, Mrs. J. Gillis on draw with Mrs. James Hampton; men's first, R. Smigilski; men's second, F. Ethier.

A fine leather wallet, presented by Bishop E. M. Bunoz,

### Church Had Good Year

Splendid progress was made during the past year, reports submitted by the various departments revealed last night when they were submitted to the annual meeting of First Baptist Church, held in the church parlor. P. H. Linzey presided at the meeting.

Financial reports showed that there was a cash balance on hand at the end of the year.

Mr. Linzey expressed pleasure at the fact that the church building had been fully repaired and renovated and that materially the church was in such splendid shape. He called on all members to make 1944 a year of spiritual growth and advancement, saying that the church was confronted with the greatest challenge that it had ever known. A re-consecration of life and service was necessary to win for Christ, he said.

The meeting passed a vote of appreciation to Mrs. G. R. S. Blackaby for her splendid work in the primary and beginners departments of the Sunday School.

Following is a list of officers elected for 1944:

Deacons—P. H. Linzey, H. M. Daggett, P. D. Kelly and H. Edmondson.

Church Clerk: Miss Kay Watson.

Church Treasurer: Mrs. P. H. Linzey.

Envelope Steward: Mrs. Armstrong, and Mrs. G. Berg.

Finance Committee—C. H. Elkins, P. H. Linzey, H. M. Daggett, P. D. Kelly and A. D. Ritchie.

Superintendent, Sunday School—P. D. Kelly.

Superintendent, Primary Department—Mrs. G. R. S. Blackaby.

Cradle Roll Superintendent: Mrs. G. R. S. Blackaby.

Organists: Mrs. J. C. Gilker, Miss K. Watson.

Choir Leader: Clarence Reimer.

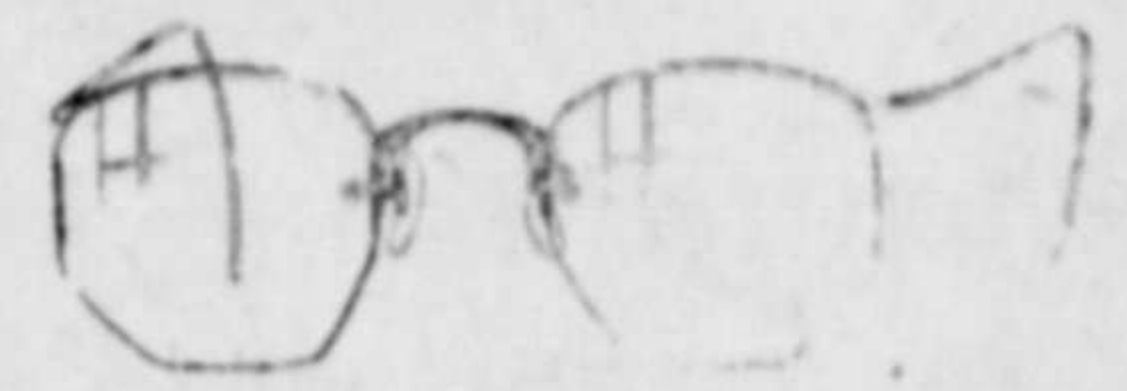

Ushers: Members of the Baptist Young Peoples' Union.

### TWENTY-FIVE YEARS AGO--

(January 13, 1919)

Mrs. Collison, wife of Archdeacon Collison of Kincolith, is dead. She and her husband came to this coast as missionaries for the Church of England shortly after their marriage in 1873. Mrs. Collison served as a nurse on the battlefields in the Franco-Prussian war, and rendered valuable service as a medical mission among the Haida and Tsimshian Indians.

A new school room was opened in the Hays building Second Avenue. The board decided to rent the room for \$35 a month and equip with temporary furniture.

"In the past the ruling power has been brute force; in the future it will be character." This was the message of the Rev. S. A. Crux speaking before St. Andrew's Society.
