HELP THE COAL DEALER

Consult your dealer regarding your needs:

Your dealer has many pressing problems. Let him know how much fuel you will need to last until May 1, in addition to the amount you have in your bin. He can then organize his deliveries so that you will receive your share of fuel as it may become available.

Have your bins ready for the delivery man:

He is a busy man these days. Do everything possible to speed up his job. If you are getting both soft and hard coal separately, have the necessary spaces ready and cleared for each.

Clear all approaches to your bins:

Be sure that driveway, walk and outside steps are cleared of snow, and sanded if necessary; also clear walk and driveway. Use nearest windows. Keep inside steps cleared and free of boxes, pails, etc.

Accept whatever kind of usable fuel the dealer can supply:

Some types of coal are scarce and you can't afford to insist on specific grades or sizes as you would in normal times. Don't take a chance. Any kind of coal is preferable to none.

Take delivery when dealer can make it:

Your dealer is working with limited delivery facilities which must be used continuously throughout the winter, if every householder is to receive his share of available supplies. Don't wait, therefore, until you are almost out of fuel before permitting your dealer to replenish your bin. Let him make delivery when he can.

Save one ton in five

Get your copy of "Thirty-three Ways to Save Coal" from your dealer immediately.

Dealers are confronted with problems of both labour and supply. By co-operating in these ways with your coal dealer, you will help make things easier for yourself.

To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and, failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incur-ABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic

(Nature) as a LAST resort. Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his

As Mahomet would resolve: If Chiropractic eventually, why not . . . NOW!

But even more as citizens than as businessmen, we deplore the rise of this creed, because we firmly believe that implementation of the socialist plan would ruin this generation and set Canada back centuries.

"It is as a citizen as well as a banker that I put before you some further considerations to which I hope you will give your earnest thought.

'The course of the socialist party in Canada has been charted for us in several books which complete socialization of the means of production and finance will satisfy the party. "Sweet Rosie O'Grady" At Capitol Theatre Here.

Betty Grable appears as Madeleine Marlowe toast of London, in her technicolor film in which she stars with Robert Young and Adolphe Menjou and which is the feature this week-end at the Capitol Theatre. Betty is also known as "Sweet Rosie O'Grady," New York's own, in the film. Miss Grable sings the title

This new musical is the story of a girl from New York who becomes the darling of British society. Returning to America enz gaged to a duke, she is somewhat dismayed to learn that a reporter on the Police Gazette has been letting his fertile brain create yains about her based on her original success which was not so refined. Music for this production was

composed by Mack Gordon and Harry Warren. Elaborate dancing sequences in the picture were staged by Hermes Pan. Fanchon supervised the musical numbers. Rene Hubert designed the glamorous costumes which Betty Grable wears as Rosie.

Supporting cast features such prominent players as Reginald Gardiner, Virginia Grey, Phil Regan, Sig Ruman, Alan Dinehart, Hobart Cavanaugh, Frank Orth and Jonathan Hale.
