ROOSEVELT—

Now On Eve Of Triumph

U.S. President Reiterates That Barbarians Will Be Punished.

WASHINGTON, D.C., March 24.—President Franklin D. Roosevelt said today that the Allies were "on the very eve of triumph over Nazi barbarism." Leaders of the enemy and those who had assisted them would be brought to trial and punished. No leaders in barbarism could be allowed to go unpunished. President Roosevelt included specifically among these the persons who had been responsible for the sending of Jews, loyal Frenchmen and others to their deaths.

PROTESTS STATE AMONG NATIVES

WHITEHORSE, March 24.—Catholic missions in the Yukon and Prince Rupert district are protesting to Ottawa against conditions among the Indians in northern British Columbia.

Bishop J. L. Couder, co-adjutor for Prince Rupert, says that ten natives have died recently of sickness and starvation. When he brought their condition to the attention of an administrator of the Indian Department, he was told that there was no money available for the relief of Indians.

Bishop Couder said that he was told that government funds had all been earmarked for war purposes.

LOCAL BOY IS KILLED IN ITALY

Mr. and Mrs. H. F. Wearmouth today received the sad intelligence that their son, Jack, who went overseas recently, had died of wounds in Italy. The parents will have the sympathy of their many friends.

Evaded Taxes; Heavily Fined

VANCOUVER, March 24 (CP)—E. L. Irvine, proprietor of Cross and Company, soft drink company, was fined \$1,512 when convicted in police court Thursday of evasion of sales and excise levy. The amount included a \$100 fine and a penalty of \$31,442, double the amount of the taxes evaded.

WILL LAND IN EUROPE

Prime Minister Tells United States Paratroopers of Prospective Action.

LONDON, March 24 (CP)—Prime Minister Winston Churchill today visited United States paratroopers in England and told them they "soon will have the opportunity" of landing in occupied Europe.

The Prime Minister said that the Allies were about to strike a blow that would be greater than any so far in the war.

Mr. Churchill admitted that Allied losses in Italy had been heavy.

BATTLE OF CASSINO—

SITUATION UNCHANGED

Air Blows Directed Today at Padua and Florence.

NAPLES, March 24 (CP)—Heavy fighting continues in Cassino with no material change in the situation.

Two new bomber blows were struck with attacks on Padua and Florence in Northern Italy. New Zealand troops are still beating savagely against German lines inside the town.

Succumbed At Port Edward

Los Angeles Man, in Service of American Transport, Dies in His Sleep.

The sudden victim of heart disease, Frank Moore, aged 56, died in his sleep yesterday morning at an American Transport Service staff rooming house at Port Edward. An inquiry by Coroner M. M. Stephens established the fact that death had been due to natural causes.

When deceased's alarm clock sounded and he failed to respond, his roommate, James Russell, proceeded to arouse him but found that he was dead. He had evidently passed away only a short time previous.

Moore was employed as a warehouseman and had been at Port Edward only about a week. He came from Los Angeles where a wife and children survive and to which city the remains will be forwarded.

Moore had apparently been in good health and spirits. He had been happy at having received a promotion and had attended the show the night before.

IDEAS ARE PAID FOR

TransCanada Air Lines Has Plans for Rewarding Employees

WINNIPEG, March 24—To provide added incentive to employees, individually and collectively, to submit suggestions for the advancement of both management and workers, Trans-Canada Air Lines has instituted a suggestion and award plan by which employees are being paid for acceptable ideas. Improved efficiency in all phases of T.C.A. operations, improved working conditions and betterment for individual workers are the objectives.

The awards range from \$5 up to 10 per cent of the estimated net savings to the company resulting from the adoption of suggestions within a year and are payable for the duration of the war, in government war bonds, savings certificates and stamps. All employees of the air lines are eligible excepting department heads, super-visors, engineering personnel and employees of the equivalent rank of foreman and chief mechanic. Suggestions are handled by local employee co-operative committees and the suggestion committee at Winnipeg.

In announcing the plan, W. F. English, assistant vice-president of T.C.A., said: "Never were new ideas needed more than they are right now. Our company is in the war with every ounce of strength we can muster and initiative displayed today has a greater value than ever it had had before."

Three employees in the Winnipeg shops have already received \$324 for ideas, two men in the revenue accounting office collected \$200 and a passenger agent was awarded \$10.

Harry Walberg found that by drying thin rubber sheets and separators used in aircraft batteries he could reclaim what had previously been condemned and replaced. He was awarded \$153 for his idea.

Loretta Havorka won \$5 for suggesting that wooden blocks be used instead of tape when engine parts needed to be masked for spray-painting.

William Westwood and "Bud" Allen of the revenue accounting department were awarded \$100 each for an idea for staggering monthly ticket reports.

John Esved, agent in charge at Winnipeg, thought up a rubber stamp to remind passenger agents to endorse excess baggage on flight coupons. It was worth \$10.

Campaign For Red Cross In Smithers Good

SMITHERS, March 24—The Red Cross drive which is now closing for Smithers and the Bulkley Valley district will prove to be one of the most, if not the most, successful yet held.

With a quota of \$1800 the donations have now passed the thirty-four hundred dollar mark and it is hoped to reach \$3600, thereby doubling the quota set for this area.

R. W. Calderwood has been in charge of the campaign for this drive.

All the villages and districts in the area have contributed magnificently to the campaign.

More Japanese Ships Are Sunk

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, March 24 (CP)—Allied bombers destroyed two small Japanese freighters, seven coastal vessels and 23 barges off Wewak, enemy base on northeastern New Guinea coast, headquarters reported today.

Leading Aircraftsman Harold Leverett is home on furlough from his station at Grande Prairie, Alberta, visiting his parents. Mr. and Mrs. Robert Leverett.

Allied Forces Move To Cut Off Advance Being Made By Nips On Imphal

Threat is Minimized Unless Enemy Should Gather Much Heavier Forces Than He Now Has.

NEW DELHI, March 24 (CP)—Admiral Lord Louis Mountbatten, Allied commander-in-chief, announced today that Allied troops had attacked a Japanese column advancing from the south on the important road junction of Imphal in India's Manipur Valley and drove the enemy from three positions covering the road. Advises last night said the Japanese forces were within 30 miles of Imphal to the south, having advanced 60 miles into India.

The enemy, driving in from Burma, were already threatening the key road centre with other forces. Allied headquarters announced Thursday. Headquarters, however, minimized the Japanese threat to Imphal, saying that a breakthrough was unlikely unless the enemy gathers stronger forces.

TO HELP DEFENCE

War Veterans of Castlegar Brilliant to Raise Funds for Brilliant Station Agent

CASTLEGAR, March 24 (CP)—The Castlegar-Robson branch of the Canadian Legion, at a special meeting Thursday night, authorized the formation of a committee to raise funds from the general public for the defense of A. J. Cleton, Brilliant station agent, charged with arson in connection with a school fire last Friday. Cleton is not a Doukhobor.

CHILLIWACK SCHOOL FIRE INCENDIARY

CHILLIWACK, March 24—Five separate fires which broke out simultaneously in the Chilliwack junior high school last night are being investigated by police today. Definitely of incendiary origin the fires burned for three hours before being put out by the Chilliwack fire department.

Investigation revealed that fire hoses inside the school had been cut and hacked to render them useless.

POUNDING REICH

ATTACKS KEPT UP

American Bombers Drive Into Germany for Third Straight Day.

LONDON, March 24 (CP)—American heavy bombers drove into Germany for the third straight day today, pounding western German targets following Royal Air Force night bombs at French objectives.

Royal Canadian Air Force bombers took a prominent part in the night attacks. All Canadian planes returned safely.

Many factories in Brunswick and Muenster were left in flaming ruins as a result of yesterday's American raids in which six bombers were lost.

Cutting Off Arrearages

Due to newsprint rationing and the requirements of our circulation audit, together with greatly increased demand, it has become necessary for the Daily News to eliminate from its delivery lists subscribers who have fallen into arrears in their subscription accounts. We must be in a position to insure delivery to those who keep their subscription counts paid up to date.

Pilot Officer Dee referred to aircraft detection as a "valuable supplement" to radar, the mechanical means of aircraft detection. Telephones were the most reliable means of communication although all other means were used according to prevailing circumstances. There was a high priority on aircraft detection messages. The speaker referred to the extremely valuable assistance that was being given by the Royal Canadian Mounted Police, the British Columbia Police, forestry and fishery patrols and lighthouse keepers as well as the Pacific Coast Militia Rangers.

President A. S. Nickerson was in the chair at yesterday's weekly luncheon of the Rotary Club. Winner of the luncheon raffle of a war savings certificate for the Queen's Fund was J. J. Little. Guests were Capt. Edward Levien of Victoria, F. H. Betall of Vancouver and Corps. Andrew Gardner and Wilson Trumper of the Royal Canadian Air Force.

Leading Aircraftsman Harold Leverett is home on furlough from his station at Grande Prairie, Alberta, visiting his parents. Mr. and Mrs. Robert Leverett.

Defeated Flin Flon Seven to One In Western Senior Hockey Semi-final.

SASKATOON, March 24 (CP)—New Westminster defeated Flin Flon here last night in the first game of the Western Canada senior amateur hockey semi-finals.

WINTER BACK IN INTERIOR

Several Inches of Snow in Smithers Yesterday—Still Coming Down.

SMITHERS, March 24—After a week or so of spring-like weather which practically cleared all the snow from the country side the residents of Bulkley Valley awoke yesterday morning to find that winter had returned and that the ground was again covered with several inches of snow and it was still coming down.

The past winter has been one of the most congenial ever experienced throughout this part with no extremes of temperature and no bad storms. Only on a few occasions did the thermometer get below the zero mark and zero weather in this part of the country during the winter months is not at all disagreeable.

Farmers who were beginning to make preparations for their spring work will be set back a little by the return of winter but ordinarily there is little work that can be done on the land before the middle of April at least.

Japs Occupy Positions On Bougainville

LONDON, March 25—The Japanese raid said yesterday that Japanese forces had re-occupied three American positions on Bougainville Island.

BEFORE PIGEONS Crows were employed in ancient times as letter carriers.

RED CROSS SHIPMENT

Excellent Achievement as a Result of Gratifying Response To Appeal of Workers

An appeal for more workers, particularly knitters, having met with a fine response, the latest shipment of goods from the local Red Cross workroom to provincial headquarters, covering the work of less than a month, represents an excellent achievement, according to Mrs. R. M. Winslow, who is in charge of the workroom. Mrs. Winslow adds that a good sewing machine is much needed.

The following goods were included in the last shipment from the workroom:

Hospital Supplies—3 doz. face cloths, 24 prop bags, 1 body belt, 1 pair men's pyjamas.

Surgical Supplies—2800 compresses, 300 swabs, 160 wipes, 90 masks, 60 med. pads, 10 large pads.

Knitted Goods—8 "V" neck sweaters, 9 sleeveless sweaters, 9 turtle neck sweaters, grey, 4 sweaters, 2 navy, 2 A.F., 2 prs. seaman's stockings, 54 prs. service socks, 5 prs. gloves, 1 scarf, 4 tuckins, 1 beanie.

Greek Relief—8 women's slips, 2 boys' shirts.

Donated grade B.—3 women's wool coats.

Civilian Clothing, Grade A.—18 baby gowns, 4 baby jackets, 1 baby b. waist, 1 girls' slip, 7 women's bloomers, 10 child's combinations, 37 children's pyjamas, 2 girls' coats, 3 hatchways.

Grade B.—3 single quilts, 7 crib quilts, 1 large quilt.

GREEKS USED DICE Dice are said to have been used in Greece about 1244 B.C.

SERIES ARE EVENED UP

Montreal Wins Over Toronto And Detroit Beats Chicago in Stanley Cup Hockey.

MONTREAL, March 24 (CP)—Montreal Canadiens defeated Toronto Maple Leafs five to one last night in the Stanley Cup hockey final series.

Detroit Red Wings won over Chicago Black Hawks four to one.

Both of the best out of seven semi-final series are now deadlocked at a win apiece.

Canada's Synthetic Rubber . . .

Canada's great new synthetic rubber plant at Sarnia, Ontario, is now in production—has been for the past month now—and how satisfactory its product will prove in actual use is a matter of the greatest importance to all the people for there are none of us who are not affected in some way or another directly by the use of rubber. Of course, the output of the plant, for the time being at least, will largely go to war production and no immediate loosening up in rubber for civilian use may be anticipated. If the synthetic product proves as durable and efficient as the natural rubber, a claim that is not even made as yet, it will be another great change in our internal economy. Meantime, we shall follow with interest the proof of the great industrial experiment.

Japan Must Move . . .

The Japanese are being shoved around a good deal in the southwest Pacific these days and Premier Tojo, no doubt, feels that it is high time some sort of offensive action should be taken for the sake of prestige and national morale. Hence the move now being made through Burma into Manipur state of India. The news reports are somewhat obscure as to just what is going on there but there is reason to believe that the move is not on a very large scale and may not turn out to be a very grave menace. Indeed, the Japanese may have to watch their step rather carefully. The Allies, under command of Lord Louis Mountbatten, have been organizing there not only for defence but for offense and possibly nothing would suit them better than to have Tojo stick out his neck in this area. It is possible that military operations there may prove of vital significance in connection with the whole war situation in the Far East and the Pacific area.

The Nutrition Campaign . . .

It is well that some heed should be paid by people generally and parents of children particularly to the current campaign in the interests of better nutrition standards. Undoubtedly, many of us suffer through indifference or carelessness in the matter of diet. Too many of us are inclined to follow our own tastes or fancies in the matter of what we eat and, as a result, will suffer sooner or later, illness and disorders arising all of which have the tendency to shorten life.

We must agree that it is most important that parents assume a commonsense attitude and act accordingly in regard to the feeding of their children. By so doing, they may save them untold misery and inconvenience later on in life. Scientific feeding methods adopted in the armed forces have been followed with notably successful results. The difficulty is that too many parents are inclined to follow the line of least resistance and yield to the whims and desires of the children in the matter of food. The parent who says "I feed my child what he wants and am not going to be told by any one what is good for him" is short sighted indeed.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By DOROTHY GARBUZZ)

The Service Wives' Club met at the home of Mrs. Carl Strand on Thursday afternoon with 10 ladies and 16 children present. Mrs. Cooper donated the raffle which was won by Mrs. Valen while Mrs. Gomez and Mrs. Valen served tea. The ladies were very sorry to have to say goodbye to Mrs. Fosolan and little Sharon who have been two of the club's most faithful members and who are shortly leaving for Vancouver. The next meeting will be in two weeks' time, Thursday, April 6, at the home of Mrs. Valen.

The Women's Auxiliary of the 17th Coast Battery is holding a benefit basketball game on Saturday evening at the Armories between the Coast Battery team and the Reserve Regiment team. Tickets may be had at the door and the funds are in aid of their overseas cigarette gifts. So make tomorrow night a date, you sports fans. Remember it is at the Armories.

I had a very nice letter from Writer Wm. Hodgkin who was with H.M.C.S. Chatham from November, 1942, until February, 1944. He says: "During my stay in Prince Rupert it has been my privilege to enjoy practically all the benefits offered by the Y.M.C.A., pictures at the 'Y' Hut, now shown at the Empress Club, dances, bingo games, use of the piano, books and also the 'Y' Cafeteria, to say nothing of the weekly concerts and services offered by Ivan Mallet and Bruce MacIntyre in the R.C.N. Barracks. For all that I should like to take this opportunity to say 'Thanks a million' and offer my regrets at not being able to do anything better to show my appreciation."

"Although my own home is in Vancouver I fully intend to visit Prince Rupert when I am fortunate to get leave again and, of course I shall be sure to drop in and say 'hello.'

"Undoubtedly you would know many of the fellows down here (Halifax) — just a few of the more recent removals from Rupert are L-Smn. Roland Hill, L-Smn. Rocky Schulstadt, PO. Paul Berthelet and L-Writer Rusty Cameron.

"So once again, may I say thanks a million and wish you the best of luck."

"And the best of luck to you too, Bill, and also thanks a million for your letter which encourages us all at the 'Y' no end. Letters like yours constitute our "cost of living" bonuses and they're worth more than money, salary increases or what have you to us. Through them we see results on work which very often seems to be getting us nowhere."

SPORT NEWS

Basketball, gaining perennially in popularity among Canada's overseas forces, swept into stride with a couple of tilts that found star players of pre-war days back home running about a "borrowed" British Army gymnasium in the Old Country. Playing in the Beaver Basle League, within the Canadian Bomber Group, Headquarters upset all calculations by toppling Linton 24-19 after trailing at half-time. Eastmoor whipped Tholthorpe 22-13 in the other match. Cage enthusiasts in Canada will remember such stalwarts as Bill Caithness, who came into the air force by way of Winnipeg and scored nine of Headquarters' points, and Jim Goloubet of Vancouver who added six more; and Arnold Tobin of Toronto and Flash Genza of Windsor, Ontario. Maxie Applebaum of Toronto set the pace for Eastmoor with eight points. Mack Howard of Windsor, Ont., and Jack Karry of Toronto were other high scorers for the visitors. Other performers in the two matches included Fred Sward, Toronto, Dave Young, Vancouver, Walt Morgan, Montreal, Ray Pedell, Kitchener, Ont., Wilbur MacDonald, Ottawa, Horace Dery, Quebec City, and Art Plumber, Saint John, N.B.

Down in London town a team from the Women's Division of the R.C.A.F. playing under men's rules trounced a team of English girls from the Eastbury Club 16-8. Playing together as a

team for the first time, the air-women hope to become part of a house league now under organization. Among the Canadians were Assistant Section Officer Christina Smith, Montreal, and LAW's Alice Dalgleish and Terry Vanner, both of Vancouver. Phyllis Rogers, Edmonton, and Iris Eastwood of Saskatoon. Later, an A.T.S. team managed by Mary Churchill, daughter of the prime minister, lost to a smooth-stepping team of American W.A.A.C.s.

Back again to Bomber Group where a few cuff-notes show that Herbie Westman who made quite a name for himself in Montreal football circles a while back, is an electrical engineering officer with the rank of flying officer on a station commanded by Group Capt. W. A. Jones of Vancouver. Well-known in athletic circles around Moose Jaw, Sask., a couple of cousins got together the other day for a bit of re-union. They were FO. Suds Sutherland of the Ghost Squadron, just completed his 50th operational sortie, and FO. Waddy Hall, engineering officer at another station. Prominent member of the Hamilton (Ont.) Gun Club in peacetime, FO. J. R. Calderbank of the Blisons Squadron ran off 50 straight at a skeet-shooting competition held as part of the training syllabus. That's bad news for German night-fighters because Calderbank is a gunner.

CARROT SOUFFLE: A delicious main dish for Lenten lunches and suppers is suggested by the Consumer Section of the Agriculture Department. Here is the recipe:

Melt three tablespoons of mild-flavored fat in top of a double boiler and blend in four tablespoons of flour. Gradually add one cup of milk, stirring constantly over direct heat until thickened. Finish cooking over hot water. Add a teaspoon of salt, $\frac{1}{4}$ teaspoon of pepper and $\frac{1}{4}$ teaspoon of onion salt.

Meanwhile cook three cups of diced carrots until tender, in salted boiling water in lower section of double boiler. Drain, mash and add to cream sauce.

Slowly stir this hot mixture into the beaten yolks of three eggs. Fold in the stiffly beaten egg whites, turn into greased baking dish and cover lightly with buttered crumbs, set in a pan of hot water and oven poach. Bake in a moderate oven, 350 degrees Fahrenheit, for 50 or 60 minutes. This makes six servings.

HEALTH PROTECTION is the thought uppermost in the minds of most meal planners these days, for good health can go a long way to build the solid citizen of tomorrow. To make sure that the little Canadians of today are given their best chance Dr. L. B. Pett of Nutrition Services, recommends that every day's food include: more than a pint of milk and some cheese (if available), one serving of tomatoes or citrus fruit or their juices, and one serving of other fruit; one serving of potatoes and two servings of vegetables, preferably green or yellow and frequently raw; one serving of whole grain cereal and four to six slices of Canada approved edges.

Keeps Pledge
Made When
Brother Lost

NEWCASTLE-ON-TYNE, Mar. 24. Irene Lynn, 22, is keeping to the vow she made when her 22-year-old brother was killed at sea. She is taking his place for the duration of the war.

So today, from time to time, you find Irene in the queue outside the shipping pool office here where she signs on to various ships when her voyages have been completed. Her job is stewardess and she has worked on various Allied vessels, often serving with crews who speak very little English.
