RESERVOIR CONTRACT CANCELLED

Cancellation of a contract between the city and the Keyes Construction Company for the procurement and resurfacing of the interior of the city water reservoir was moved by the council at a special meeting last night.

Work done by the company last year to stand up through the winter would necessitate the addition of \$3,500 to the original estimated cost of \$10,000 if the work is to be completed under the old contract, the council learned.

Further repair work cannot be commenced until the cement and steel laid last year is chipped and a wire bonding mesh is laid to the outer concrete. A new surface can then be laid.

Present at the meeting was C. Keyes, who said he believed the job could be finished in 100 days and at a cost of \$12,685. Weather conditions were responsible for the failure of the company did last year.

He told the council that he had already sunk \$6,000 in project. The council also moved that Engineer G. S. Haines make report on the condition of the reservoir and furnish estimates and specifications for its repair in two weeks.

In the meantime the reservoir will be refilled with water.

Churchill To Talk Of Buzz Bombs

LONDON, July 4.—While buzz-bombs pounded sporadically into southern England today, Prime Minister Winston Churchill delayed until Thursday a statement to the House of Commons on the weapon, provoking critical questions from members of Parliament.

STRIKE IS SPREADING

German Threats Do Not Stop Revolt of Loyal Danes—Students Arrested
STOCKHOLM, July 4.—Danish patriots continue the general strike in Copenhagen despite an appeal by the German-controlled Danish radio for a return to work. The German police have arrested several score students. Despite Nazi threats of starvation and bombing, the strike has spread to the mainland.

PROCEED WITH CHLORINATION

National Defence authorities are going ahead with the erection of a building to house chlorination equipment for Prince Rupert's water supply, the city council, was informed last night in a letter from Capt. J. P. Haig, R.C.E., Vancouver. Installation of the equipment will be delayed until the city reservoir, now undergoing repairs, is in good shape, the letter said. The chlorination will be situated just south of United States Army incinerator along the Skeena River highway. The council moved that the city engineer be furnished with a copy of the chlorination plans before the area engineers be allowed to interfere with the city water mains.

Kurile Islands Attacked Again

U. S. HEADQUARTERS IN ALASKA, July 4.—United States bombers attacked Paramushiro and Shimushu in the Japanese Kurile Islands again at the week-end.

City Not Using U.S. Incinerator

On recommendation of Alderman Elliott the city council last night decided that the city not participate in the use of the U.S. Army incinerator, but continue to use the city dump to dispose of city garbage.

LOOK NOW TO BERLIN

Minsk Is Only 587 Miles From Capital of Germany, Ultimate Allied Objective
LONDON, July 4.—The Russian capture yesterday of Minsk, capital of Russia and what was regarded as an important German stronghold, takes the Red Army to within 110 miles of East Prussia and 587 miles from Berlin, the ultimate objective.

The Red Army has advanced 150 miles in eleven days and almost all White Russia is now back in Russian hands. Moscow issued a special warning to Germany yesterday that Nazi soldiers faced certain destruction on the eastern front and that the German nation would suffer a frightful debacle unless something was done at once about it.

The Russians captured the White Russian capital of Minsk yesterday, blasting the Germans out of the last major Russian city and taking 7,150 more places as the summer offensive rolled west. Other Russians have broken into Polotski, 125 miles north-east of Minsk, and others reached the outskirts of Molodeczno, strategic rail junction in pre-war Poland and forty miles northwest of Minsk.

No mention was made today of the fate of the German defenders of Minsk.

HOOSEGOW IS NOT A HOTEL

Conditions in a jail should leave no doubt that a jail is a jail—not a hotel, Ald. George Hills feels. He said so at city council meeting on Monday night.

The Elizabeth Fry Society of Vancouver started it. The secretary wrote a letter to the council asking that the "deplorable" conditions in the women's section of the jail, as revealed in a story in the Daily News of December 15, 1943, be corrected. It might even be a good idea to build a new women's jail, the letter suggested.

Alderman Elliott said no so. Alderman Hills agreed with Alderman Elliott. "I have investigated the women's jail, and I find it good enough for the purpose," Alderman Hills declared. "I believe the Daily News exaggerated in its report. People who don't wish to put up with the discomfort should keep themselves out of jail."

Summer School Well Attended

The number of children who attended the opening of the summer vacation school at St. Peter's parish hadd. Seal Cove, yesterday was greater than was expected and a shortage of books resulted, Rev. E. W. Scott, who is in charge of the school said.

More than 100 children were present yesterday and several more registered at the final registration period today. "If we cannot accommodate all the children now, we will open another session of the school in August," he said.

Guinea Landings Succeed

ALLIED HEADQUARTERS IN NEW GUINEA, July 4.—Allied forces have landed on Noemfoor Island off Netherlands New Guinea, leap-frogging one hundred miles closer to the Philippines. Within two hours they captured the plane-littered Kamiro airdrome, most important of three air strips on the tiny island.

Noemfoor is next door to the last important Japanese base on New Guinea, Manokwar. The landing was only lightly opposed. Only forty-five Japanese dead were counted in the initial stages.

Labor-Progressive War Chest

A combined business and educational meeting of the Prince Rupert Labor-Progressive Club was held Monday evening in the club headquarters. The report of the drive for election campaign funds disclosed that Anne Zarko alone had collected over \$70 in less than two weeks of effort, thus setting a mark for the rest of the members to aim at.

The latter part of the meeting was featured by a short talk by the educational director on the question of a Liberal-Labor coalition government and what it implies. This subject will be further elaborated on at a public educational meeting at the club-rooms in the near future.

PROBLEMS OF LABOR

Comprehensive Picture of Local Conditions Presented by Local Leaders
In an atmosphere of courteous informality that is one of the fulfillments of democracy in action, three local labor leaders presented a fairly comprehensive picture of conditions in the construction industries in this area to the Western Labor Board at its opening session on Monday.

Appearing to present briefs in the city council chamber were Ald. James S. Black, of the Carpenters, Joiners and Shipwrights' Union, John Mulrone, of the Bridge Workers Union, and D. A. Careless, president of the Prince Rupert Labor Council.

Among petitions presented by Mr. Black were the following: That holidays recognized by the provincial government be observed by all employers in this area.

Some employers observed holidays recognized by the provincial government, while others observed only Dominion statute holidays. Consequently, one group of men might work on a holiday for straight time while another group doing the same work might be getting double time, Mr. Black said.

Mr. Black asked that the cost of living bonus paid by the Navy to its civilian workers here be included in the basic wage scale and that pay differences incurred by overtime work be retroactive to the date of the government order to that effect. A similar request was made on behalf of civilians working for the Army.

Mr. Black also requested that before any general revision of wage or labor classifications be made, union officials be consulted and advised of the proposed changes. In support of this he cited a recent case where the board lowered the wages of men who lay tar and gravel roofs and, although it was not intended to do so, the order was applied to shinglers as well.

"It took us quite a while to get it straightened around and it could have been avoided," Mr. Black asserted.

Another request was that the B. C. Boiler Inspection Act be (Continued on Page 3)

Labor Requests More Holidays

The Western Labor Board was asked at its session here yesterday to support representations of local American Federation of Labor unions that Victoria Day, Remembrance Day and Boxing Days should be observed as general holidays in Prince Rupert in addition to New Year's Day, Good Friday, Dominion Day, Labor Day, Thanksgiving Day, and Christmas Day. In other words, it was requested that holidays recognized by the provincial government should be generally observed here in addition to the holidays set down by the federal government. Ald. James Black, spokesman for the A.F.L. unions committee, which also included F. M. Kempton, Robert T. Towhey and J. J. Mulrone, mentioned the confusion which now existed in regard to holidays.

ALL-STARS NICK BROWNS

Three to One Score in Dominion Day Baseball Game

Gyro All-Stars took a 3 to 1 win over the Acropolis Hill Browns in a Dominion Day baseball tussle that was baseball from start to finish and worth any fan's money. The game, played on the Acropolis field, was sponsored by the Prince Rupert Gyro Club to raise funds to maintain the Gyro playgrounds.

Plagued by pitcher trouble for the greater part of the season, the town boys seem to have hit the jack-pot at last in Jerry Whitney, a Canadian Army twirler with plenty of smooth. He it was who fanned out fourteen Browns in nine innings on the mound and walked only one. He it was who allowed the Browns only seven hits, only one of which made the circuit.

Outstanding field play of the day was Benny Windle, of the Stars, who sprawled his length on the ground to snatch a chippy infield fly.

The first inning was as concise as the game can produce, with Whitney scoring three shut-outs on Kearney, Lancaster and Osonka, and the Browns' moundsman, Olsen, pinching off Simundson, Lambie and Lewis before they reached first.

The score board remained static until the fourth stanza when All-Star's Harley Lewis made a landfall from a three-bagger, and Windle followed him in from a one-bagger.

Canadian Army man Harry Cousins scored from a single in the sixth.

Waiting to second on a hit in the seventh, Merv Willoughby of the Browns came home on a hit by Garlinghouse. This was the Browns' only tally.

Red Gilbert of the Browns took over the mound in the seventh, allowing only one hit, and shutting out five batters.

Line-ups:
All Stars—Simundson 2b, Lambie cf, Lewis 3b, Windle ss, Davis 1b, Gurvich c, W. Cousins lf, H Cousins rf, Whitney p.

Browns—Kearney 3b, Lancaster lf, Osonka cf, Springmeyer c, Willoughby 1b, Moore rf, Hoppe ss, Filson 2b, Olson p, Gilbert p, Garlinghouse rf.

SOFTBALL STANDINGS

With eight straight wins, Barrett stands at the top of "A" league in area softball. Barrett's record has not been matched by teams in either of the other two leagues.

Soo Suds are on top in "B" league with seven straight wins, and in the girls' league W.D.'s are ahead in five straight wins.

None of the teams mentioned have lost any games.

Following are the standings in the three leagues:

Air Force Girls Have First Loss

The Air Force W.D.'s suffered their first defeat of the season at the hands of the rapidly-improving Wrens' team by a score of 10 to 7 in a Women's Area Softball League engagement last night on Acropolis Hill.

Victory gave the Wrens sole possession of third place in the circuit. It was their fourth triumph in their last five games.

Score by innings:
W.D.'s 1 2 3 0 0 0 1-7
Wrens 5 5 0 0 0 0 x-10

Batteries: Suttill, Barilka and Murray; McDonald and Griffiths.

The Booth Memorial High School nine won their second game of the season by defeating Hospital Alumnae 15 to 8 at Gyro Park.

Score by innings:
Bo-Me-Hi 2 4 0 2 1 4 2-15
Alumnae 0 0 3 5 0 0 0-8

Batteries: Hamilton and Pearl; V. Fraser and Doll.

In another tilt at Gyro Park the Allies strengthened their grip on second place by downing the C.W.A.C.'s 17 to 10. Lowe and Hawkins composed the battery for the winners while Othman and Johnson filled that role for the losers.

Standings of the league, including last night's games, follow:

LIVELY RING CARD COMING

Boxing Fans Have Action In Store This Tuesday Night

The Boilermakers' boxing show this Thursday brings together in the main event two boys—Tommy Burns and Ray Smith—who, judging from past performances, should keep the fans on their feet.

Young Tommy Burns, who in his last fight on Acropolis Hill, fought to a draw in a hard and fast fight with Urban Hernandez, lost to Phil Palmer to a draw in his fight with him last summer in a show staged by the R.C.A.F. in Vancouver.

Burns has held the inter-service championship for the past two years. Burns' opponent will be Ray Smith of San Francisco and the United States Army. Smith, who fought 76 bouts as an amateur, losing three, turned professional in 1940. He took part in 34 fights losing two. Just prior to his joining the Army, he fought a ten-round draw with Vic Grupico who recently lost a close decision to Willie Joyce.

Only two weeks ago, Joyce stopped Henry Armstrong's successful come-back, giving him one of the worst beatings he has ever received during his entire ring career.

This show promises to be one of the best that has ever been presented to the local fans. A strong supporting card is offered with the local favorite, Benny Windie, returning to the ring wars. Everyone who has seen Benny in action in the past know that a first class bout is in store for them.

Art Lamoureux, the fighting sailor, takes on another opponent in Wallace of the U.S. Army who in his last fight won by a technical knockout over Claude Abbott. Young Bill Porayko, the Boilermakers' Star, who also won by a technical knockout, meets a worthy foe in Les Geving who drew with Lamoureux in his last bout.

Gerry Pittao of Saulte St. Marie meets up with Manuel Sanchez of the U.S. Army.

Some new faces on the card include Barney Des Lauriers, brother of Young Tommy Burns, also Ralph Sullivan of the R.C.A., Mason of the U.S. Army and Clarke, R.C.N.

LETTERBOX

FINANCING PIONEERS' HOME

Editor, Daily News:

It is really a pity to see that the question of a home for old men has taken a bitter turn. After all this is simply a matter of arithmetic to find out the most economical solution of the problem of giving the aged a decent home.

The provincial government has such a home in Kamloops and, from all reports from people who have lived in that city, it is

a fine home and the aged men are well cared for. The government charges \$39 per month per person, \$30 of which would be covered by the pension received by the guest. This would leave \$9 to be paid by the municipality. To that I would add—say—\$5.00 or \$10.00 per month per pensioner to let him enjoy life by securing tobacco, see the movies once in a while and even get a glass of beer if he likes it.

It is not the initial cost of the building which we have to consider but the expense of running it. Apparently the present building costs the city \$90 per

month for electricity alone and most of the other tenants are not paying rent! If we build an old men's home here the city will have to provide the regular expenses of fuel, electricity, etc., besides a staff that will have a tendency to increase as time goes on but will be no less than a manager, and a cook as a minimum, besides the cost of clothing and feeding the pensioners and the upkeep of the building etc. I dare say the \$600 per month will not cover it.

This matter should be gone into a little bit more and the ones most interested are the taxpayers who will have to foot

the bill. They should be consulted before anything is done. Thanking you for the use of your paper,
TH. COLLART.

ENDORSES PIONEERS' HOME
Editor, Daily News:
Believing I can qualify as an old timer or pioneer of this community, I would like to give my public endorsement to the Pioneers' Home project now under consideration by the city council and community at large. It is a matter I have had in mind for several years.

Having associated in my time with many who have had to accept the care and protection of such an institution, I realize how short the home at Kamloops comes of fulfilling the provincial requirements insofar as the northern part of the province is concerned.

Many of our old friends resent being removed from friends and acquaintances and the portion of the province they inhabited for so many years, to be deported to Kamloops. I would like to see the provincial government co-operate in a joint undertaking with the city to make the local institution available to all our old friends from the northern part of the

province. It would make them feel better within reach of friends and comrades with whom they have been in association for years. At the same time the province would be fulfilling its obligation to those whose labor in our development both in city and district have been embodied in large.

PROBLEMS OF LABOR
(Continued from page 1)

made to apply to all military and naval establishments in this area.

FREEZING OF SKILLED MEN

The alleged freezing of skilled men to casual work which they might accept between jobs at their regular trade was a complaint made by John Mulroney. He cited cases of two bridge workers last year who took pick and shovel jobs while bridge work was slack. He said that they were unable to obtain Selective Service releases to go back to bridge jobs on the Ekstew River later.

Such a case was not a matter for the Board to deal with, William Garvell, Selective Service member, replied. It was surely a matter to be straightened out between the local Selective Service officer and a local board of referees, which the Selective Service Act provides for. He added that there was a very active board of referees in Edmonton, which very often decided against the Selective Service officer, and no hard feelings resulted.

Mr. Mulroney also asked that the Board co-ordinate the weekly hours worked in different industries. On some jobs the men worked 44 hours a week, 48 hours on others, and 60 on others, he said. He suggested that weekly hours in construction industries be set at 48.

D. A. Careless petitioned that local dry dock employees doing repair work to American boats moored at American wharves be paid on the same scale as American workers engaged in the same job.

SESSION HERE ENDED TODAY

In a short session this morning at which no petitions were heard, the board brought to a close its hearings in Prince Rupert. The board will leave this afternoon for Vancouver where hearings will begin on Friday.

Asked to comment, Mayor H. M. Daggett told the board that he had heard it said in many places that the activities of the board had been helpful to both labor and employers and he believed the board's visit here had also had that effect.

G. B. Kenwood, board chairman, replied that he was impressed with the clearness of the briefs presented and the fair manner in which they had been laid before the board.

"It was done with a very reasonable attitude," he said.

LOCAL NEWS NOTES

▲ H. S. WALLACE CO. are closed till Friday in order to take inventory. Open Friday. (157)

The finance committee reported to the city council last night the sale of the west half of Lot 5, block 26, section 1 to Mrs. Marie Michaluk for \$237.50.

A letter from the Canadian National Railways lands department concerning the expropriation by Wartime Housing Limited of railway owned city lots was referred to the finance committee by the city council last night.

The city council, on recommendation of the board of works, is advising the Canadian National Railways that the city is unwilling to defray any portion of the estimated cost of a concrete pipe to cover the stream flowing in the vicinity of the engine house. The engineer has been requested to investigate the possibility of installing a sewer pipe in the existing culvert.

Letters of acknowledgement were read before the city council last night from Olof Hanson, M. P., concerning communication-River Highway, the local radi situation, the proposed native tuberculosis hospital, and the reopening of Metlakatla passage to fishing boats. In the latter regard Mr. Hanson stated he had brought the matter to the attention of the Minister of Naval Services without result but that he would continue to press to have the channel opened.

On recommendation of the finance committee, the city council last night decided to pay to the Catholic Children's Aid Society in Vancouver the sum of \$369.39, being the difference between the actual cost of maintenance of children of a local family kept there in 1943 and the amount already paid. The case had been discussed at a previous meeting of the council.

▲ Sons of Norway, Thursday, July 6, Oddfellows' Hall, supporting Carnival Queen, 9 to 1. (157)

The city council last night learned of the receipt by the city engineer of copies of plans and profiles of Wartime Housing sewers which had previously been requested.

A request of F. W. Chandler for a new water service pipe for his photographic studio has been referred by the board of works to the city engineer for attention.

The city council's Health, Relief, Police and Licensing committee reported last night that it had agreed to grant a license to Edward W. Bellamy to conduct a messenger service in the city.

B. C. Police Commissioner T. W. S. Parsons of Victoria arrived in the city yesterday afternoon and left immediately for Stewart aboard the P.M.L. 15, accompanied by Inspector Ernest Gammon.

Canadian W.A. Legion Dance

On Thursday evening last the Oddfellows' Hall presented a scene of pleasure and activity when the ladies of the Canadian Women's Auxiliary held one of their very successful dances.

Mrs. A. J. Croxford, president, was in general charge and Mrs. William Rothwell convened. Assisting her were Mesdames F. Ellison, C. Micheloff, D. Parent, C. Wilson, Mrs. Hugh Killin and Mrs. Hanley had charge of the check-room.

Henry Smith and William Rothwell presided at the door and C. Micheloff and Dan Parent assisted the ladies in pouring and serving the delicious refreshments. Music was by Jean de Carlo's orchestra.

The drawing for a pair of vases resulted in the winner being L. Varkes, ticket 468. Mrs. D. Parent was in charge of this drawing.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By Dorothy Garbutt)

Do you remember the framed picture of Princess Elizabeth of which I boasted so fondly two months ago? Well, someone else has admired it, taken a personal interest in it I might even say and now it has gone from the wall. The only thing I can think is that some unit borrowed it for a First of July celebration and means to return it. But that is a charitable thought on my part. What I really think must not be printed. As I said once before when an iron disappeared it makes our job here a very discouraging one at times. I should very much appreciate any information leading to the finding of the picture—or you might tell the provosts.

I never saw such table tennis enthusiasts as CWACs Noreen Patterson and Elsie Chimko. Every off duty moment they seem to practice the game. I think we should get up a special tournament just for them. But their opponents had better be good because these girls play a fast game.

If you want to know what a certain medal ribbon means come up to the "Y" and underneath our homespun map of Prince Rupert you'll see a framed sheet of all the various ribbons most commonly found in Canada. It's from Maclean's Magazine. I hope it doesn't share the fate of the Princess's picture which was also from Maclean's.

Those in the know tell me that there are quite a few more young soldiers now in good standing—wearing the little black and red "G.S." badge on the left arm. Let's have a review now and see just what "G.S." stands for—Pupils begin! (1) General Service, (2) Good Soldier, (3) Great Stuff! (4) Good Standing and—I wouldn't be a bit surprised if it didn't also mean—Going Somewhere!

We have a big new piano at the hut, a player piano with dozens and dozens of rolls. That, added to the juke box! It's too much.

NEW FORMBY COMEDY HERE

"Trouble Brewing" at Capitol Theatre this Wednesday and Thursday

"Trouble Brewing," a new George Formby comedy, is due at the Capitol Theatre this Wednesday and Thursday.

He is seen as George Gullip, a would-be detective who endeavours to run a gang of counterfeiters to earth.

George becomes involved in countless scrapes before he is finally able to achieve his ambition.

After receiving spurious notes at a racecourse George and his friend Bill manage to trail a suspect to the swimming baths. In order not to lose sight of the man, hoping he will lead them to the gang, George is persuaded by Bill to don a costume and enter the bath. Much to Bill's astonishment, however, a reward is offered to any man who can stand up to the Terrible Tiger, a ferocious looking specimen, and poor unsuspecting George makes his entrance at the critical moment, complete with water wings! He is forced into the ring and it is almost certain that he will be battered beyond recognition by his opponent Bill, however, comes to the rescue, and armed with an outsize in pins he hides underneath the canvas giving occasional jabs which finally bring about the defeat of Terrible Tiger. This is one of the many hilarious episodes in the film.

Gus McNaughton is simply grand as Bill, while Googie Withers is given a unique opportunity as the heroine, to display her excellent acting ability. Other important roles are played by Garry Marsh, Joss Ambler, Ronald Shiner, Martita Hunt, C. Denier, Warren and Beatrix Fielden-Kaye. Anthony Kimmins directed this A.B.F.D. release.

An option for one year to purchase lot 3, block 6, section 1 at its assessed price of \$365.00 has been granted to H. G. Helgeson Ltd. for \$36.50 by the civic finance committee.

On Parade...

1st (Reserve) Bn. Prince Rupert Regt. (M.G.)

Present arrangements are for the Regiment to move by boat to Victoria for the annual camp. All ranks should make every effort to attend. Apart from the training value it will be a great opportunity for a get-together and will be a holiday and experience that will be remembered for a long time.

A letter has been received from Regimental Quartermaster Sergeant Bill Broadley who is taking his furlough at Victoria. He says he has had a run out to Gordon Head Camp and that the Vancouver boys who were there said everything was tops and

the grub like the Carlton Grill. Those going to camp must have their names in right away so reservations can be made with the transportation company.

This week and next week D Company will parade on Wednesday night together with C Company.
