## WAR NEWS

### SUB ACTION AREA UNDISCLOSED

WASHINGTON—Announcement which was made yesterday, thinking of fifteen more Japanese ships by American forces did not disclose the area of the action.

### THE FIGHTING IN ITALY

ALLIED—Battlefront fighting action is beginning to liven up the ground in Italy after having been confined to patrol and artillery duels. United States bombers have been attacking Belgrade and Sofia rail and aircraft facilities as well as targets in the Balkans.

### RUSSIANS BOMB KONSTANZA

RUSSIAN—Russian bombers made a mass attack yesterday on the Rumanian Black Sea port of Konstanza to which the Rumanians are endeavouring to escape from Sebastopol. Heavy damage was done.

### NAZIS DESERT RUMANIANS

RUSSIAN—Hastening to evacuate Sebastopol, the Germans started to leaving the Rumanians to do the bulk of the fighting, using machine guns at their backs to keep them from the oncoming Russians who are closing in on the Crimean peninsula.

### BIG LONDON HOSPITAL HIT

LONDON—Rescue workers dug through the wreckage of London's largest hospitals today in search for casualties. The building had been blasted and set afire by a direct German air raid early today. Nearly two thousand patients were in the hospital and it was feared a number of them were buried under debris. A ward housing male patients was destroyed. At least thirteen Nazi planes were reported to have been shot down.

### Halibutters Lying In

Halibut fishery has become tug-of-war between George Anderson, from Vancouver, and Seattle fishermen.

### Seattle Office of Price Administration Settled

Seattle Office of Price Administration is settled satisfactorily with George Anderson, secretary of the local Deep Sea Fishermen's Union, after the Daily News reported that the Seattle fishermen were pulling in their halibut.

### City Lots Are Being Disposed Of By Council

A bylaw was put through by the city council Monday night providing for the sale of the following properties:  
Lot 45, block 14, section 5, David Zille, \$200.  
Lot 4, block 35, section 5, John and Petra Ivarson, \$200.  
Lot 9, block 25, section 8, R. W. Hoersch, \$175 for lot, \$1400 for building.

### FIGHTING IN INDIA

ALLIED INFANTRY AND TANKS STILL FIGHTING OFF JAPS IN IMPHAL AREA.

### Cork Shipping Is Suspended

LONDON, April 19.—Further tightening up on security information measures, all cross-channel shipping between Britain and Cork in Eire has been suspended.

### FREE CHURCH MODERATOR

MANCHESTER, England.—Dr. Henry Townsend, principal of Baptist College here, has been inducted moderator of the Free Church Council for the next year.

### MUSKRAT MEAT

A muskrat provides about one and a half pounds of edible meat.

# Italian Fighting Livening Up

## Fighting At Reich From Air

### Berlin and Other Important Targets—Big Sky Battle Over Nazi Capital

LONDON, April 19, (AP)—American heavy bombers smashed at enemy aircraft factories in Western Germany "in very great strength" today. The bombers hammered fighter plane factories at Kassel and plants manufacturing aircraft parts at Eschwege, southeast of Kassel, as well as Paderborn, Gutersloh, Lippstadt and Werl.

The Royal Air Force and the Royal Canadian Air Force blasted rail communications in France during the night and fourteen planes, including five Canadian, failed to return.

An estimated two thousand United States heavy bombers attacked Berlin and German aircraft plants by daylight yesterday. Two hundred German fighters took to the air over Berlin and a great sky battle ensued with nineteen bombers and nine fighters of the Americans shot down while at least twenty-six of the enemy machines were destroyed.

TWO DEAD FIGHTING CLEVELAND STOCK YARD FIRE

## Mackenzie King Is Critical Of Tories' Leader

OTTAWA, April 19.—Speaking in the House of Commons yesterday, Prime Minister William Lyon Mackenzie King criticized John Bracken, leader of the Progressive Conservative party, for failing to take a seat in Parliament so he could substantiate within the House statements which he was making outside.

## PROVOST IS SHOT

ST. LOUIS, April 19, (AP)—Lance Corporal Tim Bowers of the Canadian Provost Corps was shot in the shoulder by one of two men, said to be service men, he was trying to take into custody for desertion.

## United Nations Rehabilitation And Relief Pact

OTTAWA, April 19, (AP)—A bill was passed through committee stage in the House of Commons yesterday carrying into effect an agreement for United Nations relief and rehabilitation administration among Canada and forty-three other United Nations.

## 100,000 Airmen Are Now Trained

OTTAWA, April 19, (AP)—Hon. C. G. Power, minister of national defence for air, reported to Parliament yesterday that Canada would have trained 100,000 airmen by the end of the month.

## Curtin Comes To America

SAN FRANCISCO, April 19.—Prime Minister John Curtin of Australia arrived in San Francisco last night on his way to Washington. The purpose of his visit was not disclosed.

## CITY FINANCES IN HEALTHY SHAPE

### Swedish House Secret Session

STOCKHOLM, April 19, (AP)—A secret session of the Swedish Parliament is being held today to discuss the United States demand that Sweden cease shipping war materials to Germany.

### 600 BOATS TIED UP

SEATTLE, April 19.—H. A. Dunlap of the Halibut Commission said today that there would be no halibut in food stores within a few days if fishermen continued to remain in port.

### Board Which Never Meets

LONDON, April 19, (AP)—Britain's 45-year-old Board of Education which may become the Ministry of Education under new education plan has never held a meeting.

### Investigate Deer Shooting

The shooting of a deer near the Prudhomme Lake cabin of Jack Lindsay, local transfer operator, earlier in the week was investigated yesterday by Provincial Game Warden Edward Martin and Constable Todd of the B. C. Police.

### London Has Bus Strike

LONDON, April 19, (AP)—Approximately three thousand drivers and conductors went on strike today in protest against a new summer time schedule, tying up several trolley and bus lines in eastern and central London.

### SOLD SURPLUS MILK

ST. HELENS, Eng., (AP)—The St. Helens Co-operative Society was fined a total of \$11,250 on 10 charges of selling excess milk. The prosecutor said the food ministry had been looking for surplus milk for Second Front food.

### GROWS MORE RUBBER

COLOMBO, Ceylon.—Ceylon's rubber production is continually increasing. In 1942 the goal was 114,000 tons, but the actual total was nearly 2,000 tons higher.

## Cracking At Sebastopol

LONDON, April 19, (AP)—The Russians have cracked Sebastopol's southern defence fence anchor with the capture of Balaklava while thousands of Germans and Rumanians are trapped in a pocket around Sebastopol which was at first reported as being about twenty-five miles deep but being rapidly reduced.

## Civic Centre Hold-Back Idea Is Not Favored

The Junior Section of the Prince Rupert Chamber of Commerce has joined the Prince Rupert Rotary Club in thumping down the Prince Rupert Gyo Club proposal that \$25,000 in civic centre funds be set aside as a reserve against the purchase of the Y.M.C.A. war services building after the war.

## Nazis Are Repulsed

NAPLES, April 19, (AP)—Allied troops on Tuesday repulsed four raids against one position on the Anzio beachhead, inflicting heavy losses on the Nazis, headquarters announced today. Artillery was active along the entire Italian front and one German ammunition dump was destroyed.

## TIE-UP IS COMPLETE

VANCOUVER, April 19, (AP)—Long line fishing by members of the United Fishermen's Federal Union has been banned to complete tie-up of halibutters.

## Commonwealth Co-operative

OTTAWA, April 19, (AP)—Progressive Conservative leader John Bracken urges "even closer" co-operation with other nations of the British Commonwealth and mentions a plan for continuous consultation in matters of common interest.

## "Tsar of Heaven" In Police Court

NELSON, April 19, (AP)—Louis Popoff, self-styled "Tsar of Heaven," was remanded until tomorrow when he pleaded not guilty to a charge of obstructing traffic on Saturday. The police asked for adjournment to amend the charge.

## Air-Raid Siren An Urgent Need

BILLINGSBURST, England, April 19, (AP)—To quote the draper of this Sussex village, "things are in a state of chaos" when aircraft fly over Billingshurst (Pop. 2,500) because the wondering villagers don't know whether the planes are "ours or theirs."

## LIGHTEST METAL

Magnesium is the lightest of structural metals, being one-third lighter than aluminum.

DAILY EDITION Wednesday, April 19, 1944

**Issue Within the C.C.F. . . .**

The majority of the British Columbia executive of the Co-operative Commonwealth Federation has resolved to stand by its guns in regard to the Oriental franchise issue. So they cannot, after all, be charged with lack of courage of their convictions although we are inclined to agree with the veteran Vancouver Island Socialist member, Sam Guthrie, that to support giving the vote to the Japanese, at least, is a very unpopular idea in British Columbia today. It would appear for the moment that the matter of the Oriental franchise may be a more contentious issue within the ranks of the C.C.F. than between the C.C.F. and other party or parties.

**Star Bright . . .**

There has been a tendency on the part of some propaganda-conscious gentle people to take Russian victory claims, subtract 50 per cent, divide by three and still keep the tongue well in the cheek, says "The Maple Leaf," a paper published in Italy for the Canadian armed forces.

What Russian troops are doing at the moment should relieve any doubts they might have that the Red Star is eclipsing the Swastika and fast.

When the history of this war is completely marked down in many volumes, the early '44 Soviet drive will occupy more than a few chapters.

The Russians apply pressure in so many spots the Germans react like a guy who has so many flea bites he doesn't know where to scratch. When the Nazis try to make a stand in one spot, the Red Army hits them at another until they have become engulfed in a whirlpool of defeat.

Never has that same Red Star shone more brightly on the battlefields of Europe than today. Its rays are giving Hitler more blisters than Goering has medals.

**Sixth Victory Loan . . .**

On April 24 and for the following three weeks Canadians will be asked to subscribe to the Sixth Victory Loan, and a minimum objective of \$1,200,000,000 has been set. Prince Rupert citizens are expected to take up loan bonds to a total of \$750,000.

There should be no need to urge people to buy Victory Bonds, and that goes particularly for Prince Rupert, which in the past campaigns have always made a fine showing.

The war must be won as speedily as possible, and the Canadian navy, army and air force must have all that they require in the way of equipment and personnel to make victory sure. The money from the Sixth Victory Loan will be used to further the war effort and to provide for the requirements of the armed services, which means that subscriptions to bonds from all Canadians will play a large part to assure a quick victory and the return to their homes in Canada of those who are now fighting on the battlefronts.

The purchase of Victory Loan bonds is an investment. The government is not asking citizens to give their money, but to lend it on the best of all possible security—Canada and all that the country stands for.

Buying Victory Bonds, as we have said before, implies no sacrifice but is just good, sound business.

**"CINDERELLA" INTERVIEWS**

The Army had its playwrights, actors, actresses and stage technicians before the public here recently. Feeling that readers of the Daily News, many of whom saw and liked the show, might be interested in hearing something about them, we arranged to have some autobiographical interviews which Mrs. Jean Rivett has prepared for us.

**STEWART CARSON**, producer, director, librettist, etc., of the show, has done a lot of theatrical work in Edmonton and really enjoys it. Stewart really deserves a great lot of credit. All the cast with whom I talked told me that if it hadn't been for Carson, the show would have never been presented. The cast, as a whole, had never been on the stage before nor done anything like it beyond the usual bit of work in plays in school. They knew nothing of acting whatsoever and they all agreed that it was due to Stewart that the play was held together when it seemed impossible that it would ever be finished. From talking with members of the cast before the show Monday evening I found that they all believed it worthwhile to do something to entertain service personnel but find it hard to know what the service really enjoy. They hope to continue with some sort of dramatic society and glee club and to present something along the same line later on. The cast did practically the whole thing in their spare time as little time off could be allowed from their regular duties and naturally, the amount of work necessary for such a show was tremendous. They are to be congratulated on their efforts.

**JIM FENDLAY**, who worked with Carson on the libretto and the direction, has done work with Gilbert and Sullivan operettas at the U.B.C. and he also played with the Kitsilano Boys' Band. He was a schoolteacher in civilian life, comes from Vancouver and has been 18 months in the army. This show was the first time he was ever in such a large performance.

**L. AIREY**, the musical director, deserves great credit for his work in arranging the music which was written for the show by Cliff McAree. The Area Orchestra did a fine piece of work under his direction. Airey comes from Windsor, Ont. and has done entertainment along the same lines in Eastern Canada and in Detroit. He has been in the army for 2½ years.

**J. E. SNYDER** and **E. P. LARSON** were responsible for the beautiful lighting effects and spent much time on the job. Snyder is from Milton, Ontario, and Larsen from Vancouver. Snyder is to be particularly commended for the amount of work he did and also for the way in which he did it, he was very emphatic about having a great deal of fun out of doing it, but admits it was a great deal of work.

**C. R. MORGAN**, the stage manager, is from Winnipeg and has had some experience there in theatricals but mostly acting, this being his first attempt at managing the stage. He said that things kept going wrong but always turned out right in the end. He also said he enjoyed it and hopes to keep a society of the same line going.

**BOB WEBSTER** from Toronto, who took the part of Pie Deakes in the last scene is from Toronto, has been 2½ years in the army. Has done some work in High School plays and said he has made more friends by being in this show than he has made before since he has been stationed in this area. He said he doesn't know how he'll fill up his time from now on as every spare minute was used for the show.

**HUGH HUNT**, as Top in the show, displayed a very subtle sense of humor, is tall, dark and handsome, hails from Abbotsford. Has been 18 months in the service. Has done some work in high school plays but this was his first time in such a big show in such a big part. He mentioned the friendliness of the members of the cast and

would like to continue doing this kind of entertaining.

**R. E. ADAMS**, a member of the male chorus, from Toronto, belonged to an operatic society there, said the show was a terrific amount of work, but an excellent way to spend leisure time, would like to form a society to continue with plays. Has been in the army two years.

**F. E. FLEMMING**, the dainty Cinderella, was in the chorus of the "Sign of the Cross" and "Bob Roy" in Vancouver, has done some work in church theatricals, did some singing for troops before enlistment in C.W.A.C. last July. She is under 5 feet tall, has blue eyes and light brown hair.

**JEAN CARSON**, the Fairy Godmother, came from Los Angeles to join the C.W.A.C. and has been in the service 8 months and loves it. This was her first appearance on the stage.

**EDITH HALE**, the wicked stepmother, is a lovely person. She comes from Vernon, B. C. and has been in the army 17 months. This was also her first appearance on the stage except for some work in church theatricals. Found the show very tiring but a great lot of fun and says she likes to entertain people.

**MARY HILL**, as Maisie, one of the ugly sisters, is tall and blond. She has had some experience doing make-up and when I talked with her, was busy making up members of the cast. She also is from Vernon. Has been in the service two years in July.

**C. W. WALLACE**, the handsome prince, also had his first acting experience in this show. He is from Vancouver, and has been in the army for three years. He said he has done some singing over the radio in Vancouver but hasn't any voice for training. He also said he found the audience quite responsive.

**F. LAYZELL**, the poor hen-pecked father of Cinderella, is from Uxbridge, north of Toronto. Has been in the service two years. Has done considerable work in plays and shows and enjoys it. Gave Carson great credit for his direction.

**C. A. PEELE**, Captain of the Royal Guard, is from New Westminster, B.C. but says his home is in Prince Rupert now as his wife and little daughter are here with him. He has been in Little Theatre movements and operatic societies in the south and thinks a glee club or operatic society could be formed from among the service personnel in this area which would be very worthwhile.

**A. GRAHAM**, as Daisie, was looking as smart as I have seen anyone look in uniform when I interviewed her. As she was to take part in the first scene, she wasn't in costume for her part as the fat one of the ugly sisters. She comes from Kimberley, B.C. and says she likes Prince Rupert very much. Has been in the army for one year. This was her first appearance on the stage.

**TIMBER SALE X33841**  
Sealed tenders will be received by the Minister of Lands at Victoria, B. C., not later than noon on the 23rd day of May, 1944, for the purchase of license X33841, to cut 10,930,000 feet of Spruce, Cedar and Hemlock on two areas situated on Skeedans Bay, Louise Island, Queen Charlotte Islands Land District.

Three (3) years will be allowed for removal of timber.  
Further particulars of the Chief Forester, Victoria, B.C. or District Forester, Prince Rupert, B.C.

**IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE IN THE MATTER OF THE "ADMINISTRATION ACT"**

**IN THE MATTER OF THE ESTATE OF WILLIAM MILLER, DECEASED.**  
TAKE NOTICE that by order of His Honor W. E. Fisher, made on the 24th day of March, A.D. 1944, I was appointed Executor of the estate of William Miller, deceased, and all parties having claims against the said Estate are hereby required to furnish same, properly verified, to me on or about the 30th day of April, A.D. 1944, and all parties indebted to the Estate are required to pay the amount of their indebtedness to me forthwith.  
DATED at Prince Rupert, B.C., this 30th day of March, A.D. 1944.

and said she likes acting very much.

**BOBETE GRISENTHWAITE**, a member of the chorus, comes from Vancouver, out New Westminster way. She also says she likes Prince Rupert but wishes there was some place to go swimming as this is her favorite sport and she misses it very much. Said she had never done any acting before but thoroughly enjoyed it.

**M. GIRARDET**, looked less ferocious off-stage, than he did on stage in the part of the spy, is originally from Switzerland where he directed Y.M.C.A. Little Theatres, has been in Canada 22 years, lives in Celista, B.C. which is about 30 miles north of Salmon Arm. He told me that it seemed at times almost impossible to continue, but that Carson had held the whole thing together.

The girls of the cast told me they only had two afternoons off for practice and they found it really a grind, rehearsing every evening and then doing their regular duties each day. I think they are to be commended for their spirit in presenting the show when it meant giving up their leisure hours.

I found what seemed to me hopeless confusion when I went behind the scenes but everything was under control and the cast were more than willing to tell me what I wanted to know. They were busy dressing, making up, arranging props, checking lighting and always helping one another, there was lots of joking and laughter and I found them all a fine kind of people.

**Have a Coca-Cola=Welcome home, Big Boy**

**... or how to be friendly with a Yank**  
The greeting "Welcome home, big boy" is understood all over the Dominion. Just as friendly in its meaning are the words "Have a 'Coke'" spoken on both sides of the border. It's a phrase that speaks of goodwill in Ottawa as in Chicago. Yes, around the globe Coca-Cola stands for the pause that refreshes—a symbol of friendliness.

**SPORTS**  
 The baseball Major Leagues and service men in Rupert area taking interest in baseball with many participating in practice themselves for coming games.  
 The Forces concerned with softball are making plans well. The United States played a number of games with a Rupert squad and

they plan to do the same this season.  
 In softball the Americans intend to operate an inter-company circuit as well as enter a contender in the Service Softball League.  
 After tonight's basketball tilt between the Canadian All-Stars and the Yanks the emphasis will probably be on outdoor sports. Despite this, however, indoor athletics are still expected to continue through the summer, although naturally on a reduced scale.  
 Every day, boxers can be found training in the Acropolis Hall under the direction of Sergeant John Foster. One of the big ob-

stacles to presenting boxing shows is that at present there aren't any too many interested in the sport.  
 The Navy and the Air Force have been playing badminton all winter but the Americans are just starting now because the facilities to play were not available before. Activities along other lines are also planned, such as volleyball and weight-lifting.  
**LIVERPOOL, ©**—A 16-year old Post Office messenger boy admitted in court he had burned or kept 300 telegrams he should have delivered over a year. He offered only one explanation: he was too lazy to deliver them.

**COURT SEANCE UNWANTED**  
**LONDON, ©**—Mrs. Helen Duncan, 46, charged under an ancient witchcraft act for holding spiritualistic meetings, offered to conduct a seance for the judge and jury. "There is no use wasting the time of the jury witnessing exhibitions," said the judge, Sir Gerald Dodson.  
**CORSET HIDE-ALLS**  
**BELFAST, ©**—The police thought there was something odd about two men wearing women's corsets—and they were right. Beneath the corsets they found spark plugs. The men were fined \$300 each for attempting to evade export prohibition to Eire.

**LET'S GO BACK TO B.C.**  
 (Contributed)  
 Alberta has its oil fields and a little patch of wheat. But British Columbia has its timber and its fishing can't be beat. Saskatchewan has nothing but a plot of dusty ground. So from now on in an argument they shouldn't make a sound. Manitoba has Lake Winnipeg, British Columbia has the same. So any noise that they put up will sure sound pretty lame. Ontario has Niagara Falls and its thousand little isles. British Columbia has its waterways that stretch for miles and miles. So you can have your prairie pictures, you can keep your eastern skies.  
 Just give me the balmy sunshine where the blue Pacific lies. Where the breezes blow so softly, where the shores are golden sand. Where the sunsets are the reddest, British Columbia—the white man's land.  
 Where the timber grows so stately and the lakes are filled with trout.  
 The people from the east come in, it's hard to keep them out. So you people from the Dust Bowl and further east from there, There's nothing you can say about or with B.C. compare. There are a lot of unhappy fellows in entry 99 Who would like to hear the bugle on Pacific Standard Time. So East is East and West is West and never the twain shall meet Keep the east out of the west and B.C. can't be beat.

**Nutrition Notes**  
 By ELIZABETH YOUNG  
**VEGETABLES FOR VITAMINS FOR VICTORY**  
 Vegetables are a very important part of every diet, yet many of us eat all too few or too small a helping when we do eat them. Every day we should eat servings of two vegetables in addition to potatoes. If possible, one of these vegetables should be raw. Vegetables protect the body from disease, increase vitality and safeguard health. Most vegetables contain more of the essential vitamins and minerals than other foods.  
 Vegetables supply us with Vitamin A (for good health and good vision); Vitamin B (affects the nervous system); Vitamin C (the body "welder"); and the two minerals, iron (for red blood); and calcium (for strong bones and teeth).  
 First preference should be given to green and yellow vegetables such as carrots, spinach, parsley, cabbage, green peas and beans, asparagus, lettuce and broccoli. These vegetables, including potatoes of course, are the ones which will supply one with the largest amounts of minerals and vitamins.  
 At the present time all the above-mentioned vegetables and many more are obtainable in local stores. Try to tempt yourself to enjoy a wide variety served in many different ways.  
 There's a good reason why so many people don't like vegetables. Too often they are cooked until they are soft and wilted looking and they are served at an "unpleasant" temperature. Then all the talk in the world about their healthfulness does no good, for they just don't appeal. Poor cooking spoils the appearance of the vegetables and takes away their flavor and lessens their food value.  
 First of all, any vegetable should be washed clean. Potatoes, beets, carrots, etc., should be scrubbed thoroughly. Greens should be washed, leaf by leaf, in running water if possible. Undoubtedly a great deal of our anti-pathology towards spinach comes from the grit or sand which so often is found there.  
 The most valuable minerals in most vegetables lie just under the top layer of skin. That is why it is advisable to cook many vegetables with their skins on and then eat the skins. This is especially true of baked potatoes. If you must remove the skins from vegetables pare them paper-thin.  
 Vegetables should always be cooked for as short a time as possible. Mild vegetables such as potatoes, carrots, spinach and other tender greens should be cooked covered in just enough water to keep them from burning. Strong-flavored vegetables such as cabbage, cauliflower, onions, Brussels sprouts are best cooked uncovered in a large amount of water. This prevents their discoloring and having a strong disagreeable odor and taste. All vegetables should be cooked just long enough to make them tender, then drained and served at once.  
 Never throw away water in which vegetables have cooked. Most of the precious minerals and vitamins in those vegetables will be thrown away also. Save the water for soups, sauces, gravies and vegetable juice drinks.  
 Do not prepare vegetables early in the day and let them stand in water until it is time to cook them for dinner. This is a sure way of losing vitamins and minerals.  
 Never use soda in cooking vegetables. It may help to preserve the color, but it destroys most of the vitamins.  
 Canned vegetables offer about the same food values as fresh vegetables. Use them when they are cheaper than fresh to give variety to meals.  
 Because cooking destroys valuable food elements in vegetables they should frequently be eaten raw. Cabbage, lettuce, tomatoes, onions, carrots are delicious raw and more healthful. Serve them often as appetizers or in a salad.  
 Encourage the eating of more vegetables; it is a royal road to health and certainly an easy and an economical one.

**BUSINESS AS LEGACY**  
**STAINES, Eng. ©**—When Hermione Alexandra Stinton left school during the First Great War she became office girl to Harry Retham, real estate agent and auctioneer. When he died recently, he left her the business. Miss Stinton has sold it, however, because "it needs a man." She's continuing to work for the new owner.

**POPULATION UP**  
**NAASSAU, ©**—The total population of the Bahamas is 68,846 an increase of 9,000 over 1932.

# Victory is in your hand too!

THIS IS A YEAR OF DESTINY... a time to search one's heart... to ask oneself "Am I doing all I can to help bring victory this year?... Am I holding nothing back when thousands are giving all?" Victory in Europe is within our grasp—but it can only be seized by an all-out effort. Your hand signing for Victory Bonds is

backing our men in their assault on Hitler's European fortress. Stretch your hand across the Atlantic and strike a blow for victory! Every drop of ink used in signing for Victory Bonds is a direct hit at the enemy... weakening his resistance—helping shorten the war and therefore to save Canadian lives.

We can do it!—we must do it! Yes, we have done a good job so far, but the end is not yet. We must now throw in everything we've got towards the final blow. Let's do our share by buying every Victory Bond we can—and then one more! Your reward will be the deep sense of satisfaction that comes from the knowledge you have played your full part in hastening peace in Europe this year.

Get ready to Sign Your name to Victory

**Spent 27 Years As Housekeeper Windsor Castle**

WINDSOR, April 19.—The woman who bought the hundreds of yards of blackout curtains for Windsor Castle and who managed other royal domestic affairs for 27 years, Mrs. Amelia Rawlings is dead.

Mrs. Rawlings, who was housekeeper for Windsor for more than a quarter of a century and a close personal friend of Queen Mary has lived in Adelaide Cottage, in the castle grounds, a present from the King, since her retirement in November, 1939.

**Granny on Job As Air Warden**

DORCHESTER, Eng., April 19.—A 66-year-old granny is in charge of the air-raid siren in this Oxfordshire village. The community's air raid warning is in a chestnut tree near her cottage.

She is on duty from 6 a.m. to 11 p.m. and when the A.R.P. Control centre rings her that enemy planes are approaching

**BABIES NEED MOTHER LOVE**

British Doctors Disagree Over Infant Care.

LONDON, April 19.—British medical men are arguing whether or not British babies born into new streamlined maternity wards are "love starved."

Birmingham children's hospital started the row when it introduced into its new wards glass cubicles where newborn babes are protected from airborne infection.

A London doctor, Dr. H. C. Scott sprang to arms and wrote in the British Medical Journal that "whatever may happen to the germs, the babies are being deprived of their fair share of mother love."

"They are suckled, if necessary, by a mother whose face has been obliterated by a mask and whose beloved breast is shrouded in a harsh, unlovely, but sterile gown."

"After bathing and feeding the infant is placed in a cubicle of isolation behind whose refracting glass walls human figures appear and disappear with fantastic inconsequence. Such isolation is injurious to the child's mind, and if he is ill, may hinder or prevent his recovery."

"Surrounded by an atmosphere of love, on the other hand, a child can make a better fight against germs."

A Liverpool doctor, Dr. P. W. Leathant argues in favor of germ free seclusion for the babies.

Child welfare workers contribute to the fight the information that even young babies know the difference between merely being well cared for and being loved.

"Babies taken from orphanages, where everything is done for their material well-being, and placed with foster parents who give them individual love and care make faster progress in both health and intelligence."

There are historic records of Norwegian whaling as early as 417 A.D.

she must rush to her garden to press the switch. A.R.P. wardens take over during the night watch, but she always gets up and stands by her post if there is a night raid.

**Train U.S. Nurses Move to Protect For War Hazards Working Mothers**

LONDON, April 19.—American nurses, unlike Canadian nurses, are receiving special invasion training in Britain to teach them to cope with an emergency on the Second Front.

Girls who will nurse in field hospitals behind the front line are attending an invasion school where they are learning to equip and improvise a hospital out of supplies on hand, to move wounded from one place to another, over streams and through hilly countries.

They are taught to cope with German booby traps, gas defence, aircraft recognition and map reading. After a three weeks' course they go to special mobile hospitals where they live under canvas in field conditions, already to move from Britain when the command comes.

**Can't Name Easter Babe**

KITWANGA, April 19.—The stork paid a visit to Mr. and Mrs. Harold Sinclair of Kitwanga on Easter Monday morning, bringing a baby boy and a bundle of happiness for his parents. Mr. and Mrs. Sinclair are having difficulty in finding a name for so splendid an Easter gift.

LONDON, April 19.—In the wake of a House of Commons controversy on the treatment of war-working expectant mothers, the London County Council has announced a program which answers the criticism of Labor member, Dr. Edith Summerskill, that the health of thousands of mothers and war babies is being endangered by overwork.

Single as well as married mothers will be compelled to take a rest from work of 13 weeks. They will be given a full month with pay before the child is born and nine weeks with half pay after confinement plus certain allowances from National Health Insurance.

If a doctor decides that a woman should cease work more than a month before confinement she will be given sick leave with the usual National Health benefits.

This regulation at present applies to manual staffs working for the council, such as cooks, cleaners, hospital domestics and warhouse workers. Clerical staffs and other grades of women workers are expected to receive the same treatment later.

**Sport Chat**

Toronto Maple Leafs, displaying dogged determination after having lost three straight games to Detroit Red Wings, roared back into the hunt for the Stanley Cup two years ago by winning their second straight game over the Wings 9-3 in Toronto. Leafs climaxed their amazing comeback by capturing the cup—winning four in a row.

New York Rangers, paced by the two-goal performance of Frank Boucher, defeated Montreal Maroons 2-1 at Montreal 16 years ago to win the Stanley Cup. It was a hard and bitterly-fought game with 21 penalties being handed out, including three majors. The cup, symbol of the world's professional hockey championship, thus returned to the United States for the first time since Seattle won it in 1917.

**GARDEN NOTEBOOK**

**BUILDING UP SOIL**

The best builder for poor soil is well-rotted, barnyard manure, according to the experts, but often this sort of material is difficult to obtain, especially for the average city Victory Garden. Sometimes, too, it is not very suitable, particularly where the garden is close to the house or where it must also serve as a playground for children.

In these cases a good garden chemical or commercial fertilizer is advised and this should be applied carefully according to directions. Often this material will burn tender flowers or vegetables. Experienced gardeners usually advise dissolving fertilizer in water and applying as a solution or sprinkling it up and down in rows, being careful to place it close to but not actually touching the roots.

Commercial fertilizer is generally regarded as a quick plant food which gives astonishing results. It will bring vegetables along quickly, thus assuring tenderness. It is also helpful in transplanting flowers, vegetables and nursery stock so that they get over the shock of moving.

To keep up fertility of old established gardens or build up light or poor soil, old gardeners usually dig in all weed growth and other humus, such as rotted sods from a special pile at the back of the garden. Straw manure well dug in and kept buried until it rots will gradually turn sand into a rich loam which will absorb and hold water and make ideal garden soil.

Heavy land also benefits from

dug in weed and other green growth. The experienced gardener in handling any sort of soil, but especially sandy ground or heavy clay, seldom throws away any weeds or grass clippings.

**MOVE THINGS AROUND**

Wherever possible gardeners rotate their vegetables from year to year. In other words the same part of the plot will not be used for exactly the same vegetable each season. They have sound reasons for doing this, the most important of which are better insurance against disease and depletion of soil fertility.

If, for instance, potatoes were grown on exactly the same ground year after year, then there will be danger of all sorts of potato diseases living over the winter and getting worse each season. The particular plant food used by potatoes, too, will soon become exhausted. If moved around even a few feet there is more protection. This also gives such soil builders as the leguminous vegetables (peas, beans, etc.) a chance to add fertility and spread it over the whole garden. Rotation also assures more thorough cultivation varies in depth and intensity with almost each plant. With potatoes, etc., it is possible to keep ground cultivated deeply and continuously throughout almost the whole season, whereas with some of the smaller and closer growing things this would be impossible.

This moving around allows one part of the garden to be cleared

up early, and some cover crop like late wheat or rye can. These are plowed in spring or late this only will this help soil of weeds, but cover crops will add plant food for next tables.

**FOUR YEARS IN THIS W**

April 19, 1944—French troops landed at points in Normandy for the sixth time. British guard Allied interests land, Germany advances at Narvik.

**HERE'S TO YOUR POST health**

When the lights go on again in Canada store windows they shine again on your favorite health food—delicious VITA WHEAT CRISP BREAD—fresh from England and Victoria.

**Peek Free BISCU from LONDON**

**FISHING ... FOR WHAT?**

WORDS that tell of the war goods manufactured in your plant—words that will cost the lives of your husband, son or brother... that's the prize catch for the fisher of information, the enemy agent.

Don't be bait! Facts contained in idle talk may be of the utmost value to the enemy seeking news of our offensive strength or defensive preparedness.

Even the obvious can fit into the enemy's jig-saw picture of our war effort.

Beware the fisher of information!

**THE BRITISH COLUMBIA DISTILLERY CO., LTD.**

HOLD HIGH THE TORCH OF FREEDOM

**Bank Men and Women**

**DESERVE HEARTY THANKS**

During past war months the Bank of Montreal has saluted the workers of many industries for their good work in the war effort. It seems proper and only fair that a word of tribute should be spoken now for the workers of the Bank. Banking in these times is a war industry co-operating with all other industries in pushing production, and bank staffs have many extra heavy duties in furnishing that co-operation.

From the Bank of Montreal more than 1200 workers—officers, clerks, attendants, helpers—have gone out to serve their country in the armed services, while numerous others—loaned by the Bank—are doing specialized work in various Government departments. Many extra burdens have fallen on those men and

women who have remained at their posts in the Bank, despite the best efforts of management to fill the ranks. Many new men and women employees have had to be trained and many old employees have patiently helped to train them.

Through the longer hours and harder work, there has been a fine spirit of courage and cheerful, even enthusiastic, application to increased detail.

Customers tell us they doubly appreciate in these trying times the customary pleasant efficiency with which routine banking services are performed.

The management of the Bank wishes publicly to thank the war-workers of our staff.

## First Dance In New Gym

About 1200 service people and their friends attended the first dance to be held in the new Acropolis gymnasium last night and swung and swayed to the music of the newly organized post band. Strictly informal and with a minimum of decorations in the hall, the dance was one of the best to be held by the services in some time.

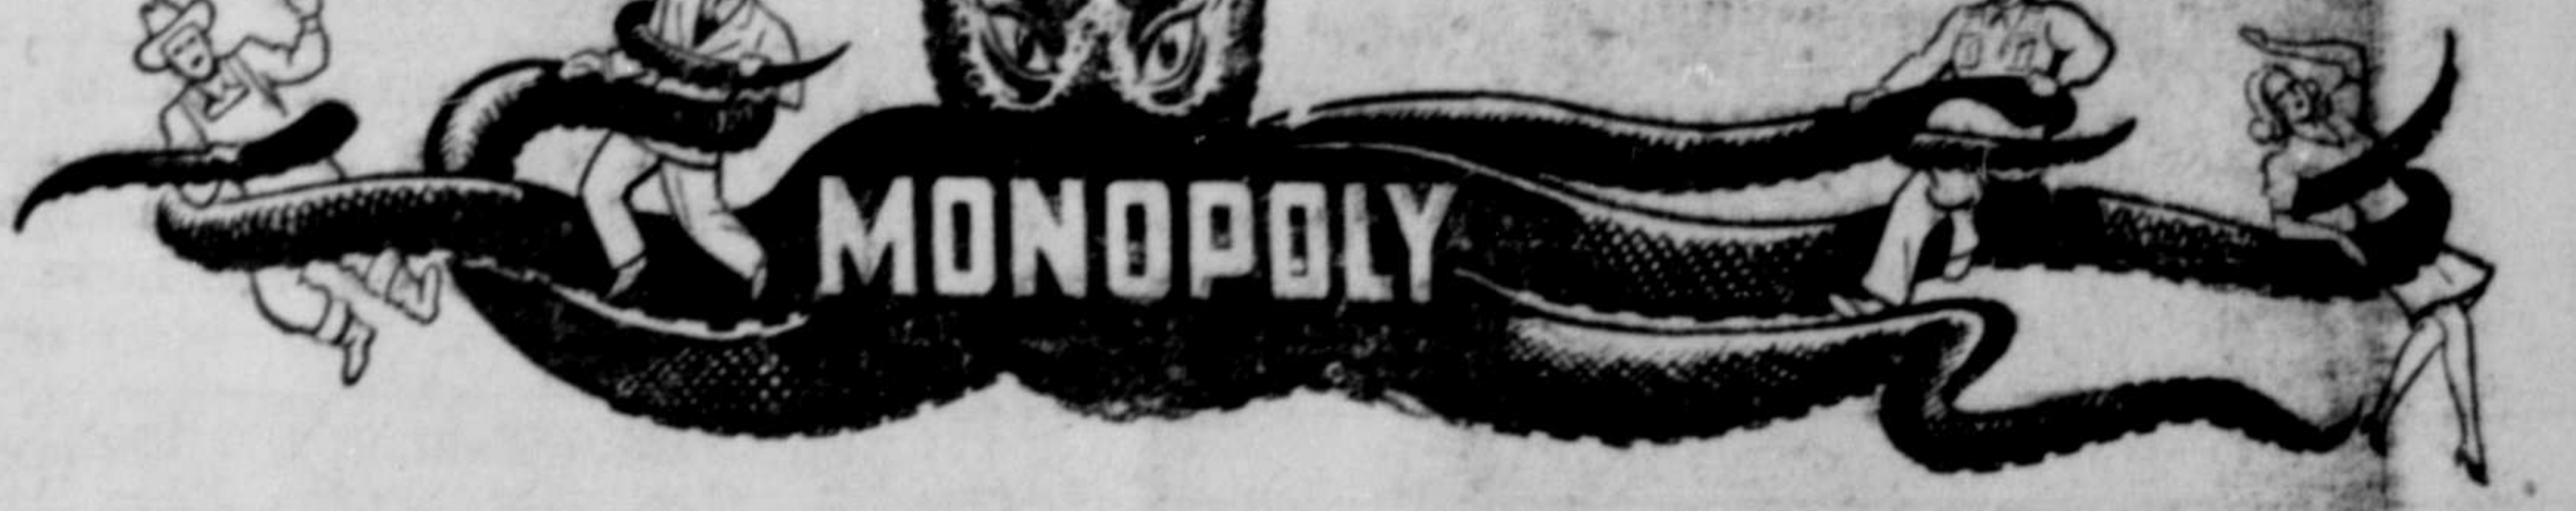

Arrangements were organized by the Special Services branch and dancing was from 9 to 12. At the conclusion of the dancing, soft drinks and cake were enjoyed.  
It is the intention of Special Services to hold a similar dance once a month.

This is the third in a series by the Co-operative Commonwealth Federation, 56 Sparks St., Ottawa.

## What do you expect out of a can of Paint?

FIRST of all you expect colour, fast colour. Then you expect a paint that is smooth, goes on easily. Then you expect coverage and hiding capacity. Most of all you expect wear, something that will stand up against hard use if inside, and if outside, to resist sun, wind and all kinds of weather.  
When you buy a Sherwin-Williams Paint, Varnish or Enamel you get all these things. You get what you pay for. You get products of quality that will serve you well, paint products that are worth every penny that you pay!  
Look for the store that displays the famous "cover the earth" trade mark. There you will find a merchant who knows paint and who will furnish you with the best product for your purpose — paints that will give you real satisfaction. And he will be glad to lend you the beautiful Style Guide, a large volume filled with many full-colour suggestions for decorating inside and out.

### ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By DOROTHY GARBUTT)

This Thursday afternoon the Service Wives' Club will meet at the home of Mrs. Billinger, 1037 Ninth Avenue East. To get there you take a Seal Cove bus and get off at the Ridley Home and walk up Conrad Street which is directly past the Ridley Home. I very much hope that we will be open in time to have the following meeting at the 'Y'. But I will keep you advised through this column.

At the Eleventh Avenue Camp dance Thursday evening champions will be ladies representing the Queen Mary Chapter I.C.D.E. Next week there will be two unit dances. On Tuesday one of the R.C.A. units are holding a dance and Friday the Highway Camp is holding one.

As a wind up to their play acting activities the members of the Army Show held a party at the Empress Y after the final performance Monday evening. Colonel S. D. Johnston, Acting Commandant, attended together with Major Gilman and Lieutenant George Noel. The Monday night old time dance closed half an hour earlier in order to give the army boys and girls more time for the party.

Tonight there will be another popular exhibition basketball game at the Naval Drill Hall when the Bo-Me-Hi girls will play against a team composed of members of the rest of the 'League'. Later the U.S. Army Yanks will play against Area Canadian All-Stars. The proceeds for these games will go towards the Royal Canadian Naval Benevolent Fund. These contests are among the best drawing cards in Rupert.

Two more of our Junior Hostesses are joining the Canadian Women's Army Corps. They are Betty Bracewell and Jean Kelday and I think by this time they are on their way south to join their units. Good luck, girls.

### IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE ADMINISTRATION ACT AND

IN THE MATTER OF THE ESTATE OF CHARLEY OTTO MILLER, otherwise known as CHARLES MILLER, Deceased. Intestate.

TAKE NOTICE that by Order of the Honourable Judge Fisher, Local Judge of the Supreme Court of British Columbia, I was on the 5th day of April A.D. 1944, appointed Administrator of the Estate of Charley Otto Miller, otherwise known as Charles Miller, Deceased, who died on or about the 27th day of February A.D. 1944. All persons indebted to the said Estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said Estate are required to file them with me properly verified on or before the 15th day of May A.D. 1944, failing which distribution will be made having regard only to such claims of which I shall have been notified. DATED at Prince Rupert, B.C. this 5th day of April A.D. 1944. NORMAN A. WATT, Official Administrator Prince Rupert, B.C.

## PHIL PALMER COMING HERE

Will Meet Chito Hernandez—Fought With Broken Hand at Seattle.

Phil Palmer, Vancouver's Canadian welterweight champ who is coming here at the end of the month to headline a boiler-makers' fight card against Chito Hernandez of Hollywood, fought Riehle (Kid) Polite in Bremerton, Washington, last week with a broken hand and lost by only a narrow decision, according to "Ham" Antonelli, his manager, in a letter to the sports editor of the Daily News.

The tough little Palmer put up a fight which was described by the Bremerton Sun's sports writer as "the most rugged battle ever staged here."

The crowd "booed" the decision favoring Polite. None of them knew that Palmer had fought with a broken hand.

Palmer has a return match lined up with Polite and, if he wins, he has offers to fight in Portland and Hollywood. The Boiler-makers' Athletic Club is sending Palmer north to fight in the first boxing show in this city in several years and to oppose him they have bought out Chito Hernandez, a Hollywood welterweight, now in the United States Army.

Hernandez has spent his time in the western and middle western states and has fought the leading men in his class. With such a pair coming over the horizon things should pick up around the old town as far as the cauliflower industry is concerned.

### DECORATE INDIAN AIRMEN

LONDON, 6.—Squad. Ldr. Mahar Singh, 29, has been awarded the D.S.O., the first Indian Air Force officer to receive the award. He commands an all-Indian squadron which has been operating in Arakan.

## Army Show Successful

The Army Show "Cinderella" played to capacity audiences at the naval drill hall Saturday and Monday nights and the performance on those evenings, as well as on Sunday when the showing was exclusively for service people, was much improved over opening night, Friday. The show proved a financial success, too, it has been announced.

After the final performance, the cast and everyone connected with the show held a most enjoyable party in the Empress Hall where the feature was the presentation by Major Gilman of a gift to S. R. Carson and J. A. Findlay in token of the appreciation of the members of the show. A supper was served and dancing was enjoyed.

## Pay Telephones Are Installed

Three pay telephones are shortly to be installed in Prince Rupert, the instruments being now on order, it was disclosed at the meeting of the city council Monday night. Ald. James Black suggested that one should be installed at the Canadian National Railway station for the convenience of the travelling public, it being agreed to recommend this to the utilities committee.

### GAME CONTINENT

North America has more species of game birds than any other continent.

### Cemetery Service

Those wishing plots tended to Phone Blue 615 and leave phone number for Caretaker.

## REMEMBER this Old Chum Calendar and the year 1929?

In that year Major H. O. D. Seagrave drove his "Golden Arrow" at 231.5 miles an hour at Daytona Beach, Florida. Squadron Leader Orlebar flew a seaplane at 355 miles an hour to win the Schneider Cup. It was in 1929, too, that "talkies" appeared. People said they were just a stunt, wouldn't work. Commander Richard E. Byrd, with Bert Balchen as pilot, flew over the South Pole. The Ambassador Bridge between Windsor and Detroit was opened in 1929. On November 18th, the Atlantic coast from New York to Newfoundland was shaken by an earthquake.
