Canadian Units Battle Through Second Line of Defence South of Caen

Americans Reported Past Lemans—Garrison is Yielding — British Also Sur[ge] as Allies Set Their Sights for Paris

LONDON, Aug. 9 armor and infa[ntry] smashed through th[e] second defence line to[day] 15 miles below Caen too.

Berlin reported Americans broke into Lemans, 110 miles south of Paris, and plunged past the city.

The German capital also announced the Nazi garrison in the North Breton port of St. Malo was yielding after a four-day siege.

Canadians had battered forward more than 10 miles, cracking through the enemy barrier guarding the road to Paris, taking hundreds of prisoners.

The British on the Canadians' left were also surging ahead.

Allocation of ice Manpower

DON, Aug. 9 — A highly ant symptom of the com-reversal, since 1940 of the n of Britain vis-a-vis Ger-is to be found in a recent n of the war cabinet. as the decision to increase e of the army at the ex-of the Royal Navy and A.F.

addition to giving the priority with the current s, some men already in y and the R.A.F. are be-ransferred to the army. decision was made after rough review of the war n and its effect on the wer needs of the three s, with the object of mak-e greatest possible impact e enemy at the earliest le moment.

was calculated that the ble course of the war, and Allied air superiority on all s, as well as the low rate eplacements, would permit uction in the size of the training organization. So e number of men desig-for R.A.F. air crews, as for the R.A.F. regiment, ing freed for service duties the army. Even with these ions a sizable reserve of for the air crews will con-to flow along the training lines. Recruitment for air will not stop, but it will duced in numbers and the ards of acceptance will be d. Recruitment of the Air ng Corps for boys will not duced at all.

the case of neither the nor the navy will the de-interrupt the plans for growth. It merely reduces xtent of that growth.

AFTER ALL... IT'S NOT THAT BAD IN PRINCE RUPERT

Life in Prince Rupert may have its problems, but their magnitude in no way approaches that anitcipated by a woman who recently arrived from a refined southern city to spend a visit with friends here.

After apparently hearing stories, exaggerated by time and distance, of weather and food conditions in Prince Rupert, she decided to take no chances.

Included in her luggage were the following indications of forethought: a supply of woolen underclothing, heavy suit, fur coat, trunkful of groceries including a copious supply of all rationed foods.

Himmler Killing Story Discounted

LONDON, Aug. 9 (AP)—British officials said today they had found nothing concrete to confirm that Heinrich Himmler, Gestapo chief, had been assassinated, as related by a German army intelligence officer captured by the British in France.

They said not much credence is placed in the story.

India's Record Army

BOMBAY—India's army—2,000,000 strong—is the largest volunteer army in the world. Nearly a fourth of this total has been on active service overseas.

Up to the battle of El Alamein in October, 1942, one Indian division, the redoubtable "Fighting Fourth" had suffered 15,000 casualties but had captured and made prisoners over 100,000 Germans and Italians in the Middle East. The "Fighting Fourth" crowned its achievements by capturing the Nazi General von Arnim; it is now in Italy together with the Eighth Division.

Major C. A. Nixon Served Here, Is Killed in France

Major Cyril A. Nixon, second in command of Calgary Highlanders and son-in-law of Mr. and Mrs. Jarvis H. McLeod of Prince Rupert, has been killed in action while serving in France, according to word received by Mr. McLeod.

Major Nixon served in Prince Rupert as a lieutenant in the Irish Fusiliers of Vancouver in the early part of the war. He was married to Margaret McLeod shortly before going overseas with the Calgary regiment in November, 1940.

An accountant, Major Nixon was working in Los Angeles when the war broke out. He came back to Canada to go active with the Irish Fusiliers of which he was a lieutenant before the war.

Mrs. Nixon and small daughter, Lynn, who has never seen her father, are at present in Victoria. Major Nixon's parents, Mr. and Mrs. H. C. Nixon, live at Abbotsford.

Oil Agreement

WASHINGTON, Aug. 9— Britain and United States signed an international oil agreement today looking forward to a post-war policy. This is planned to supply the world with petroleum at a fair price.

Student Pilots Given Breather During Summer

Ready to enter the final phase of their training to become R.C.A.F. bomber and fighter pilots, more than 200 young fliers are spending their time during the summer months until courses reopen, working with outdoor maintenance and construction crews of Western Air Command along the Pacific Coast.

Increase of time of courses at Service Flying Training Schools from five to seven months, and closing of several schools of the British Commonwealth Air Training Plan in recent weeks are the reasons why the airmen cannot continue their training immediately.

A healthy vacation away from studies is the way some of the pilot trainees talk of their temporary jobs. Disappointment in having to slow down in the race to win their "wings" and get into action is felt by the lads, but on the whole they are enjoying their "breather" from hard studies.

"We'll sure be in good shape when the time comes to go back to school," said LAC Dick Mansfield, Vancouver, who is one of several aircrew trainees assigned to work with bush crews maintaining R.C.A.F. telephone communications in coastal forest regions.

Like others who are awaiting courses to open again, Mansfield has 80 hours of flying to his credit after completing Elementary Flying Training School courses.

Some of the boys working in the same section are LAC Gavin Mead, 100 4th ave. W., of Prince Rupert; LAC Frank Lawrence, Galt, Ont.; LAC Bill Hert, Vancouver; LAC Jack Husband, Long Lac, Ont.; LAC Ray Logan, Sault Ste. Marie, Ont.

With experienced R. C. A. F. bushmen, they are living at small camps along the coast, clearing trails and assisting in keeping communications lines open.

Social Creditors Sweep Alberta; Union Nationale Eke Out Quebec Victory

ONE SEAT WILL GIVE MAJORITY IN LEGISLATURE

QUEBEC, Aug. 9 (AP)—Maurice Duplessis and the Union Nationale lacked only a single seat today for a bare majority in the Quebec legislature, with two seats still doubtful in the tabulation of votes in Tuesday's general election.

It was assumed, however, the Union Nationale would come into power.

Duplessis himself indicated he would form a government.

A possibility existed, however, that the lieutenant-governor will call on Premier Godbout with shrunken Liberal support to carry on with the second largest group in the legislature.

Balance of power is expected to lie wtih the Bloc Populaire.

Godbout, Duplessis and Andre Laurendeau, Bloc Populaire leader, all were elected.

Of 88 conceded seats, Union Nationale today hold 45, Liberals 38, Bloc Ropulaire 4, and C.C.F. and Nationalist 1 apiece.

The Liberal candidate is leading in one riding, the Union Nationale standard bearer in another. Voting in another seat was deferred.

Prowlers Take Nothing in Store

Marauders who broke into the F. E. Hunt Ship Chandlery store on the Government wharf on Monday night apparently did so with a definite object in view which they did not find. Money in the cash register was left untouched.

M. F. Nickerson, manager of the store, reported the break-in occurred between 10 o'clock on Monday night and 7 o'clock Tuesday morning, but said that as far as he could determine nothing was stolen.

Entry by the prowlers was apparently made through a side door, but three doors in the building were open when they left.

Commissioner For Palestine Wounded

LONDON, Aug. 9—A report received in London states Sir Harold McMichael, British high commissioner to Palestine, was wounded Tuesday in an ambush attack on his car. His wound was not serious. Injury also was suffered by his secretary. Lady McMichael escaped injury.

HIS FIRST BASTILLE DAY CELEBRATION—This fair-haired little French boy, standing between two members of the Guard of Honor, watches the Canadian Bastille Day celebration in a village in Normandy. It was his first celebration of France's Day of Freedom.

S.C. PARTY HAS 39 SEATS, LEAD IN ANOTHER 10

EDMONTON, Aug. 9 (AP)—Alberta's Social Credit government and all nine cabinet ministers were re-elected in the provincial voting Tuesday.

Victory was conceded less than half an hour after urban polls closed.

James Walker, leader of the Independents, was defeated in the Warner riding by Provincial Treasurer Low.

Elmer Roper, C.C.F. leader, was one of the leaders for five Edmonton seats, but it will not be known until late today whether he is elected.

Premier Ernest C. Manning was assured of re-election in Edmonton.

Today 41 Social Creditors had been elected and they were leading in eight others of the 57 legislature seats.

Independents were leading in five, C.C.F. were leading in two, and Veterans' candidates in one.

HI YO SILVER! HORSE THIEVES IN VANCOUVER

VANCOUVER, Aug. 9—Horse thieves started their depredations here this morning in the best wild west manner.

Two young men attacked attendants at a riding stable and overpowered them. When the dust of battle had settled the thieves swung into the saddles of the two best horses and galloped away.

They were aprehended later in the morning in New Westminster, 12 miles away. The action to be taken by authorities has not been announced.

ARREST 71 AND TAKE WEAPONS IN ELECTION RIOTS

MONTREAL, Aug. 9 (CP)—Provincial Police announced today they had arrested 71 persons and seized a large number of guns, knives and blackjacks as an aftermath of two election day riots in Montreal's east end.

It was estimated 19 persons suffered gunshot wounds in clashes between two rival gangs.

Five are in hospital.

No Let Up In Air Training Program

VICTORIA, Aug. 9—Air Marshal Leckie said here that although the Allies had superiority in the air in Europe there would be no let-up in the air training plan.

Tightening Ring Around Baltic Areas

MOSCOW, Aug. 9 (AP)—Russians today tightened the noose around the German Baltic forces, once estimated at 300,000 men and smashed a deeper wedge through Poland toward German Silesia, west of the Vistula river.

Three Soviet columns pressed on Riga from three sides for possibly the biggest kill of the summer campaign.

CANADA TURNS OUT DIVE BOMBERS—Heaviest and largest dive bomber used by any of the American forces, as fast as a fighter and extremely manoeuvrable, the Curtiss Helldiver is being produced in Canada for the United States Navy to the tune of one fourth of its total production. One of the two Canadian plants producing this heavily armed plane is the Canadian Car and Foundry Co. Ltd., at Fort William, employing 5,500 workers. Picture shows bay of plant with camera's eye directed along long line of nearly-completed Helldivers.

Army Bakers Are Doing Grand Job

Recruited from all walks of life, Canada's "bakers in battledress" are doing a great job. Among them you'll find master bakers from some of the largest baking concerns in the dominion. And working alongside—master bakers who joined up as green apprentices and won their laurels solely as a result of the army's excellent training.

But whether master baker, first or second class baker or humblest helper, all have at least two things in common. Each man is jealously proud of his own baking section, and each man is, first of all—a soldier. All have had basic training and if the needs arose could grab rifle, Bren or Tommy gun and use it with professional skill.

Long hours and continuous labor make a baker's job one of the least enviable in the army. He must be A or B category to make the grade. Day in and day out, seven days a week, the army baker must be on his toes. There is no such thing as regular time off until the bread job is over.

Nothing in civilian life can compare with the rigid rules of hygiene enforced among army baking staffs. Each man must take a daily shower bath under the strict supervision of a responsible N.C.O. A thorough medical examination every week is an inflexible rule. In spotless cleanliness, the big army bakeries lose nothing in comparison with a modern hospital. What is more, the staffs take unusual pride in keeping them that way.

"In making the Canadian soldier the best fed, the most intelligently fed and the most intelligent in his eating habits," says Lt.-Col. Ralph Webb, assistant quartermaster general (catering and messing), "no group of men has contributed more, or had a tougher job, than the unsung 'Joes' of the army bakeries."

Canadian Tanks in Battle for Florence

ROME, Aug. 9—It has been revealed for the first time that Canadian tank units are operating around Florence in support of Indian forces.

Allies Halt Evacuation Of Germans

French Patriots Forcing Nazis to Destroy Material They Had Hoped to Take Out

IRUN, Spain, Aug. 9 (AP)—German attempts to evacuate men and equipment from Southwestern France were outflanked by Allied troops.

Farther north they are being seriously disrupted by French patriots, the Maquis, who are sabotaging communications and spreading panic among the Nazis.

The maquis are declared to be forcing the Germans to destroy much of the material they had hoped to rescue from Southern France.

Ernest Manning Youngest Man To Lead Province

By The Canadian Press

Hon. Ernest C. Manning is to continue as premier of Alberta by virtue of the Social Credit Party's overwhelming vote in that province Tuesday.

Seventeen years ago religious-minded Mr. Manning bought a radio and listened in at his farm in Rosetown, Sask., to the broadcast of William Aberhart, leader of the Prophetic Bible Institute at Calgary. That purchase paved the way for his present position as premier of Alberta and leader of the Social Credit forces.

Deeply impressed by the words of Mr. Aberhart, the 18-year old farm youth left his home and went to Calgary, became a student at the Institute and a close friend of Mr. and Mrs. Aberhart and was "adopted" by the couple, staying at their home.

Manning and Aberhart studied night after night a new political doctrine, Social Credit, and when this new political philosophy swept the province in the 1935 general election, William Aberhart became premier and 'young' Manning took over the portfolios of provincial secretary and trade and industry. He was, at 26, the youngest cabinet minister in the British Empire.

Eight years later—May 23, 1943—Premier Aberhart died and Manning was called upon to form a government. He took over the premiership at 34, the youngest man in the cabinet and the youngest prime minister in the British Empire. He still retains the post of minister of trade and industry.

On becoming premier, Mr. Manning said it was his intention to carry on the campaign of the late Mr. Aberhart "for the security of the people."

He adopted many of the mannerisms of his teacher, copying even Mr. Aberhart's low, resonant voice. And like his predecessor, Mr. Manning has taken over the late premier's weekly radio broadcasts, berating monopolies and combines.

Burdened with the two cabinet posts in 1935, Mr. Manning said he was "too busy" to get married but soon after he married Muriel Aileen Preston, who played the organ in Mr. Aberhart's Bible Institute. They have two children.

Born at Carnduff, Sask., Sept. 20, 1908, his family moved to Rosetown, Sask., the following year. He was educated at Rosetown.

Mr. Manning's hobby is fishing but he hasn't had much time since he entered public life and when he does find some free hours he spends it with the 2nd Battalion, Edmonton Regiment, in which he holds the rank of captain.

Military Airports For Peace-time Use

OTTAWA, Aug. 9—Hon. C. D. Howe, minister of munitions and supply, has announced that the Hudson's Bay route of air bases may form a slow air route to Europe in the post-war period. Where feasible, he added, airports built for war will be used as peacetime flying depots.

C.C.F. LOSES OUT

The Co-operative Commonwealth Federation members were brought up short in the provincial elections in Alberta and Quebec. Their almost negligible showings yesterday must come as a disappointment after the C.C.F. sweep in Saskatchewan and victory in Ontario.

Although the Social Credit party in Alberta was unable to pay $25 a month to everyone, jeopardized the credit rating of that province, and failed in many promises, they have apparently satisfied enough to win re-election.

In the old party stronghold of Quebec the C.C.F. failure to gain a substantial vote can not be a real surprise to anyone, even the Federation.

Undoubtedly the man who gained most comfort from Tuesday's two elections was Prime Minister Mackenzie King, who already has started the ball rolling for the next federal election. With so many differences of opinion across the dominion, the old-line Liberals should be able to hold sufficient unity to return to power at Ottawa when the time comes.

WELCOME KINSMEN

Children in England are drinking milk today thanks to Kinsmen Clubs of Canada, who have sent over hundreds of thousands of pounds of powdered form.

For this humanitarian effort, on a giant scale, the Kinsmen Clubs may well feel their organization is justified. However, this important program is only one side of the varied activities of numerous clubs in British Columbia.

Prince Rupert is to have a Kinsmen Club, several of its members having been associated with Kin organizations elsewhere. With this leadership and example of active community and national benefit programs before them, the new club should soon prove itself an important addition to this city.

CITY COUNCIL—

PROVINCE WILL TAKE OVER ALL POWER UTILITIES

The Provincial Government intends eventually to take over all eletcric power companies which sell light and power to the public in British Columbia, city council was informed Monday in a letter from Premier John Hart, addressed to Mayor Daggett.

The letter was a reply to a request by the mayor that the government include the Northern B.C. Power Company in its contemplated public ownership scheme.

Petitions to operate light and power companies have been endorsed by 29 cities and municipalities, the letter stated.

"Was this city given the opportunity to sign such a proposal before?" Alderman Hills asked.

He was told the city had been presented with no such proposal.

Alderman Brett thought that since the original public ownership proposal had embraced only the B.C. Electric Co. it was probable that only southern municipalities had been asked.

Extend Power Lines

Approval was given a request from the U.S. Army for an easement to erect five poles and string wires on 8th Street from 1st Avenue to the lane between 2nd Avenue and 3rd Avenue, and for the joint use of four city poles.

Fire Hall Vacancy

The fire chief was given authority to fill an existing vacancy on the fire department staff and to offer a permanent position if he considers the applicant warrants it.

B.C. FIRE SCHOOL

Council referred to the Utilities an invitation for a delegate from Prince Rupert to attend the annual fire school of Fire Chiefs of B.C., in Nelson September 18 to 21.

TO CONSIDER SALE

An application from the Naval Department to purchase lots 20 and 21, Montreal Circle, for $5,200 was referred to the co-ordinating committee and the city engineer for consideration. Since the deal would involve closing of two streets, it would require the passing of a special by-law.

REMEMBER WHEN Lou Brouillard, French Canadian, won the world's middleweight boxing title at New York 11 years ago tonight. He sprawled Ben Joby to the canvas in seven rounds, but held the crown only a few months, losing to Vince Dundee Oct. 30, the same year.

Weather—

July Pleasant Month in City

July in Prince Rupert was a well mannered month given to no extremes. The average temperature was less than one degree warmer than in June, and both the sunshine and rainfal were less.

Average temperature was 56.5 degrees and the minimum was 70 degrees. Lowest temperature recorded was 47 degrees. In June the high and low were 78 and 39 degrees.

Bright sunshine smiled on the city for 80.4 hours, bringing the total hours of sunshine to 649.9 hours. In July 1943 there were 71 hours of sunshine, and the seven month total was 657.6 hours.

Rainfall during the month amounted to 4.08 inches, slightly less than in June and about 3 inches less than in July, 1943.

Barometer pressures ranged from a maximum of 30.137 millimetres to a minimum of 29.815 millimetres.

Highest wind velocity during the month was 22 miles an hour from the southeast.

Peter Simpson Of Vanarsdol is Buried

TERRACE, Aug. 9— Masonic Order funeral services were held Saturday for Peter Simpson, 87, of Vanarsdol, who died last Thursday in Hazelton Hospital after a brief illness. Rev. T. C. Colwell officiated.

With his wife, Mr. Simpson lived for many years at Vanarsdol and had many friends throughout the district. He was a frequent visitor to Terrace.

Born in Eastern Canada, Mr. Simpson served as a young man in the Riel Rebellion and with the Strathcona Horse in the South African War. Returning to Canada he took up farming, and after some years became a game warden in Jasper Park.

C.N.R. Approves Public Use Of Railway Property

Permission has been granted by Canadian National Railways for the public use on September 4 of the Skeena River Highway where it lies on railway property between here and Terrace. Permission is limited to opening celebration day only.

This was the text of letter read at a highway committee meeting last night, which stated that the permit was subject to the approval of G. D. Archibald, road engineer.

G. A. Glay, C.N.R. superintendent, emphasized that no trucks or buses would be allowed to use the road.

Softball—

Soo Suds Lose First Game To Air Force Crew

Paralyzed by Old Man Weather, Area League softball has continued almost at a standstill this week. Only two of the 10 games scheduled have been played.

Soo Suds went down 9-7 before the Air Force at Seal Cove in a game made notable for being Soo Suds' first reverse in 14 games. Till now they have been the unblemished leaders of the league. Now they are merely the leaders.

Pitcher trouble was said to have been the cause of the defeat, and to offset it the team was reorganized at a meeting last night. The boys are hopeful of getting Armand Archambault, a Montreal lad of outstanding reputation in eastern circuits, to preside at the mound.

Second game this week was between W.D.'s and Allies of the girls' league, in which Air Force overran their opponents 14-4.

How Local Yanks Won Ball Title

Interesting facts on the softball series at Fort Richardson, in which the Headquarters Detachment, representing Acropolis Hill, defeated Shemya three straight games after dropping the first, to win the Alaska championship, have been received here.

Headquarters Detachment lost the initial game 5-4 in extra inning play. Prince Rupert won the next three games handily, dominating the play in the field, at the plate and with superior pitching. Only in the first attempt to play the fourth game, an abbreviated four inning contest called because of a heavy downpour that sent players and spectators for shelter, did the Aleutian champions, Shemya, show their first game form. The score when the game was called was 2-2.

The local team's victories came by scores of 6-1, 4-0, and 5-1.

Cpl. George S. Nigro of Bellevue, O., continuing the winning brand of hurling he demonstrated in the mainland finals, was the winning pitcher in the first and third Prince Rupert victories, holding the opposition to two runs while allowing 10 hits. Cpl. Joseph McMillan of Columbus, Ind., pitching his first game in either tournament or series, hurled the shut-out victory, limiting the Aleutian 10 to 3 hits. Pfc. Vincent Balas of Dayton, O., who shared pitching honors with Cpl. Nigro during the tournament, was credited with the one Rupert loss, the eight inning 5-4 opening game of the series.

Batting honors for the winning club were shared by T/5 Arthur Lancaster of Portsmouth, Va., and T/5 Robert F. Gilbert of Sandusky, O. Cpl. Lancaster was on base six times with four singles and two walks in nine official trips to the plate for a batting average of .444 during the series. Cpl. Gilbert put together a double and three singles in ten trips to the plate for an even .400.

Pvt. Ervin E. Young of Lodi, Calif., carried the pitching burden for the losers. He was the winning moundsman in the first contest and was credited with the last two losses, aided and abetted by loose infield play by his teammates, who marked up 13 errors in the four games. He was touched for 13 hits and the same number of runs in the 22 innings he pitched.

Leading batters for the losing team were Sgt. Cecil Carlucci Bell, Calif., who rapped out two doubles and a single and drew four free passes in eight official trips to the plate for a mark of .375, and Pfc. Peter Durando of Petaluma, Calif., former professional baseball player for the Houston team in the Texas League who pounded out a triple, a double and two singles in 11 trys at bat for an average of .363

Have a Coca-Cola = Bear a hand

. . . or inviting friendship in the fo'c'sle

When shipmates relax in a destroyer's wardroom, the hearty *Have a "Coke"* of a buddy is an invitation to get together. At sea or on shore, this friendly phrase strikes the spark of comradeship. Coca-Cola is every place else; it belongs in your icebox at home. From home ports to the Seven Seas, Coca-Cola stands for *the pause that refreshes* — has become the high-sign of friendliness the world over.
