WEST CANADA DEFENCE--

Wartime Information Board has prepared a series of reports on Canadian-United States defence projects in western Canada. Today we publish one of the series--

WAR DISPOSITION OF PROJECTS

The governments of Canada and the United States have given approval to a general plan for the war disposition of defence projects in western Canada. Specific arrangements for the disposition of the Alaska and the Canal Projects are included in this survey dealing with defence projects.

The general formula provides for the relinquishment to the United States of all defence installations or provided in Canada, the removal from Canada of all movable defence installations within one year after the cessation of hostilities and the disposal of the movable defence installations under (b) above, the removal from Canada of all movable defence installations within one year after the cessation of hostilities and the disposal of the movable defence installations under (b) above, the removal from Canada of all movable defence installations within one year after the cessation of hostilities and the disposal of the movable defence installations under (b) above.

COOL GIRLS AT PARENTS' MEETING

Corbould is Elected President of Registered Nurses' Association.

Early discussion by four school girls--Olga Sather, Helen, Audrey Hunter and Kerin--on the relative merits of high school graduation and the status required for university entrance in relation to the educational standards required for hospital training for nurses featured the regular meeting of the Registered Nurses' Association on Tuesday night.

Discussion between the credit committees for high school graduation and those needed for university entrance were the subject of criticism along with the projected lowering of high school graduation level.

Following the discussion by Miss W. W. C. O'Neill, principal of Booth Memorial High School, an address was made at the meeting.

Business at the meeting concerned the election of a slate of officers and the nominations were named to executives--

President--Miss Ruth E. Corbould

Vice-president -- Mrs. Forrest Forbes

Second Vice-president -- Miss W. W. C. O'Neill

Treasurer--Mrs. A. L. Ford

The offices of recording and corresponding secretaries were opened until next month's meeting.

Gordon Bryant was in the chair.

An overheated electric motor in the basement of the Commercial cafe which ignited a fire in the wheel caused the fire department to answer a call at 10:30 last night. No damage was done.

EDEN'S STATEMENT

LONDON.—Foreign Secretary Anthony Eden told the House of Commons today that the government was studying demands of Italian political leaders that King Victor Emmanuel should abdicate.

JAPS KNOCKED OUT PEARL HARBOR

The United States forces have now wiped out all Japanese resistance on Kwajalein atoll and are turning their attention to the rest of the Marshall Islands.

Private Trevor J. Williams, now with the Royal Canadian Army Service Corps at Red Deer, Alberta, is spending leave in the city and is being welcomed back by many friends. He arrived last night and will be here until Friday.

Hockey Scores

Boston 3, Montreal 0.

GET READY FOR DRIVE

General satisfaction at the appearance of the new workroom was expressed at the Red Cross executive meeting held last evening in the Health Centre building. Room, materials and equipment are now ample and the convenor, Mrs. R. M. Winslow, has extended an invitation to all the women of the city to assist in the work. The Wartime Housing unit, under Mrs. Robt. Cameron, is meeting regularly and the number of workers increasing.

Plans for the 1944 National financial campaign were discussed. The campaign will open February 28, and the committee expects to equal last year's record. This year's drive will be under the direction of J. R. Blackburn and Arnold Platen.

Dr. T. D. Pattullo acknowledged his election as honorary president with a donation of \$25. Total receipts for January were reported at \$316.

Proceeding With Social Survey

A meeting of the Community Council Association central executive was held on Monday afternoon in the office of the Inspector of Schools when the executive immediately began to take steps to set up the various sub-committees so that the work of the community survey may get under way.

The various organizations represented at the first meeting in the Council Chamber will be contacted and asked to suggest names for the various sub-committees. In the meantime those suggested at the general meeting will be contacted to see if they will assist with the task.

The financial situation was considered and steps will be taken to secure sufficient finances for the preliminary stages of the survey.

IS DROWNED OFF ISLANDS

Hugh J. MacMillan was drowned at Rose Harbor, Queen Charlotte Islands, on February 6. He was with a survey party at the time and had only been working there for a few days. The only other address the police have is Blue Lake, Sask., but they do not know if his family lives there.

The body was brought to Prince Rupert last night and the inquest will be held at 3 o'clock this afternoon.

SMITHERS CURLING

SMITHERS, Feb. 9.—Despite the mild weather which has made it difficult to hold the ice in the curling rink in good condition for play, the various rinks have held fairly well to the schedule in the Hanson Cup curling competition although it meant heavy heaving on moist and some times wet ice. The competition virtually came to an end on Monday evening when the rink skippered by Clarence Hickenbotham defeated the rink skippered by Morris Nott. With only two losses in eleven games the Hickenbotham rink clinched the series to win the cup, the runners up being the Simpson rink and the Bovill rink, each with eight wins and three losses. Several other rinks are behind a few games in the schedule but none of these could alter the standing of the three leading rinks which have completed all their games.

Monday night's playing was marred by an accident when Roy Pope, who was vice skip of the Evtitt rink, in competition with the Simpson rink, fell and hit the back of his head heavily on the ice. He was unconscious for a couple of minutes and was taken to the local hospital where he is still under observation.

The annual bonspiel of the club will start here on Saturday night, weather permitting, and will be rushed through over the week-end. It is expected that several outside rinks will take part in this bonspiel and it is hoped that Prince Rupert, Prince George and, of course, Woodcock, headed by Billy Little, will participate.

Following the bonspiel play will begin immediately in the schedule for the E. A. Kenney cup.

HEAVY PRICE PAID FOR ORTONA VICTORY—Some of the heaviest fighting of the Italian campaign around Ortona left that city a shambles and a heavy toll in Allied casualties. Here, wounded soldiers are carried back to an evacuation centre as Canadian tankmen and infantry drive on through on their way to Rome.

ALBERTA STOLE SHOW

VICTORIA, Feb. 9.—(C)—Mark Connelly, Liberal coalition member for Omineca, speaking in the Throne speech debate, said that British Columbia should have had the Alaska highway but that Alberta stole the show.

He said that if the highway is to be of any value to British Columbia it must connect with the west coast and the only logical route is via Hazelton.

CONCLUSION OF BOLAND TRIAL

VANCOUVER, Feb. 9.—The trial of Charles Hakwen, charged with the murder of Francis Andrew Boland, is expected to go to the jury today.

part in this bonspiel and it is hoped that Prince Rupert, Prince George and, of course, Woodcock, headed by Billy Little, will participate.

Following the bonspiel play will begin immediately in the schedule for the E. A. Kenney cup.

BLAST REVEALS ORE BEDS—To reach the rich iron ore beds at the bottom of Steep Rock Lake in northwestern Ontario, more than 121,000,000 gallons of water had to go "down the drain." So this could be done, 15 tons of dynamite were used to divert water from Marmion Lake, which fed Steep Rock. The first picture (left) shows Arthur Dymont and Frank Jones of the C. A. Pitt Construction Company, examining the wiring prior to the blast. Maurice F. Massiaen, the firm's mechanical superintendent, touched off the blast (right) sending heavy logs flying more than a mile and great chunks of rock high into the air. After the 608 cases of dynamite blew, the Marmion Lake outlet was running west instead of southeast.

Russians Advancing

MOSCOW, Feb. 9.—The Third Ukrainian Army drove on toward the iron ore city of Krivoi Rog, last major German objective in the Dnieper Bend, following the capture of the enemy's manganese source at Nikopol. Krivoi Rog is 60 miles northwest of Nikopol.

More Japs Shot Down

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, Feb. 9.—Headquarters reported today that 13 more Japanese planes have been shot down at Rabaul, New Britain, the enemy fortress which is being hit almost daily by Allied aircraft. Ten more enemy planes were probably destroyed.

McNaughton Not Joining Cabinet

OTTAWA, Feb. 9.—Prime Minister William Lyon Mackenzie King last night denied a report that Gen. A. G. McNaughton, former commander of the Canadian Army overseas, now back in Canada after being relieved of command, was likely to be taken into the federal cabinet as minister of reconstruction. The Prime Minister termed the report "prime invention."

National Selective Service Boards Now Being Set Up

OTTAWA, Feb. 9.—Regional selective service boards are now being set up in various parts of Canada. It is announced by the Department of Labor.

WARSHIPS DEMANDED

LONDON, Feb. 9.—(C)—Negotiations for the release of Italian warships which were interned in Spanish ports at the time of the Italian capitulation are, apparently, being carried on separately from negotiations for Italian merchant ships and, so far, none have been released. British and United States governments have both demanded release of the ships.

In addition to Italian merchant ships in Spanish continental ports which have already been released, negotiations are under way concerning several other vessels in Balearic island ports.

Serve Notice On Finland

MOSCOW, Feb. 9.—(C)—The Russians served notice on Finland that the bombing of Helsinki is only a prelude of what is to come. "The hour of retribution is coming," an Isvestia editorial said. "Soon the Finns will regret that the war is continuing but, if they don't regret it now, they will tomorrow."

Hard Fight Under Way

ALLIED FIFTH ARMY ATTACKING IN CASSINO TO RELIEVE PRESSURE AT ANZIO.

ALGIERS, Feb. 9.—(C)—Allied planes poured tons of bombs yesterday on Cisterna to cripple that main strong point of the Nazi line around the invasion bridgehead south of Rome while Allied troops struck out in patrol activity.

German patrols were also active and Nazi artillery continued heavy shelling of the bridgehead.

Vichy radio reported that the Allied Fifth Army was attacking on the Cassino front in violent action to relieve pressure on the Anzio-Nettuno bridgehead.

POUNDING FROM AIR

LONDON, Feb. 9.—United States Marauders roared back to northern France to pound the German Atlantic wall installations today for the first time in little more than 24 hours. They were accompanied by Royal Air Force fighter-bomber escort.

Royal Air Force night bombers struck at objectives in Germany and France including the Rhine aircraft engine factory at Limoges without loss.

Paris radio went off the air today, indicating possible further activity in that area by Allied raiders.

PROBING ASSAULT

United States military authorities here are investigating the incident of three American soldiers who are alleged to have been ten up Ald. W. G. Rudderham and Ald. J. S. Black in a midnight assault Monday night at the corner of Fifth Avenue and Fulton Street.

Ald. Rudderham, who was rendered unconscious and suffered a broken nose as well as other injuries, necessitating confinement to bed at home, and Ald. Black, who sustained extensive face lacerations, are recovering.

American authorities had little to say this morning concerning the disposal of the soldiers held by them for the alleged assault.

Contacted by the Daily News, a spokesman for the office of the American provost officer expressed unwillingness to discuss the matter, saying that the Daily News had published an accurate story yesterday and adding that the details of the affair were known to the provost's office and that the case was being shaped up for investigation.

At the time the city police and a member of the American provost corps arrested the three men they were searching for a soldier who was alleged to have assaulted a man named Tom Petyrzon on a lower part of Fulton Street about 11 o'clock a short time before the aldermen had been attacked.

The assault was said by Petyrzon to have been unprovoked. He had been struck in the face and the soldier had run south on Fulton Street.

When the three men were taken into custody on the street following the second assault, Alderman Black rushed up, and pointing to one of the men, said: "That is the man who struck me."

The three men were taken into custody by the American authorities, where it is being investigated.

It is estimated that some engines in use on Canadian railways build up a mileage of 16,000 miles in 30 days.

THE DAILY NEWS
 PRINCE RUPERT, BRITISH COLUMBIA

Published Every Afternoon Except Sunday by Prince Rupert Daily News Limited, Third Avenue
 G. A. HUNTER, MANAGING EDITOR

DAILY EDITION  Wednesday, February 9, 1944

Order-in-Council 9384 . . .

If any more effective protest might have been needed to substantiate the iniquity of the highly unpopular PC9384, imposing objectionable labor restrictions, it has been supplied by the resolution passed with near unanimity by British Columbia Liberals in caucus requesting that the offending order-in-council be rescinded. Already there have been numerous demands by organized labor that the order be removed and here in Prince Rupert labor has expressed itself as being in favor of a one day lay-off of work at the shipyard in protest at the measure.

It might be like eating humble pie for the federal government to rescind the measure but it begins to look now, in view of the strong and growing sentiment against it, that something will have to be done about PC9384. It is satisfactory to see the Liberals of this province, exercising the prerogative which their party permits, taking an independent and forthright stand on the matter.

No, Bill Shakespeare, conscience doesn't make cowards of us all. Many of us make cowards of our consciences.

Ottawa Offers Help . . .

It is not so much the amount that is put up but the obligation that is implied in the offer of the federal government to spend \$70,000 as its share of repairing city streets. Definite progress has been made by the city in its case to get the government to assume at least some share of the responsibility for the deplorable condition now existing on the streets due to the stress of abnormal traffic caused by some phase or another of local defence projects. Whether or not the tri-partite principle as between the United States Army, the Canadian Department of National Defence and the city is fair to the city is, of course, a point of debate.

Up to now the federal government had been prone to give any undertaking of responsibility or assistance. It is to be hoped the matter will be satisfactorily settled soon because the streets and utilities are still continuing to deteriorate rapidly.

We both pity and envy those who swoon when Sinatra sings. When we are exposed to his crooning, try as we may, we can't swoon. We have to remain conscious and hear him, alas!

Alaska Highway Route . . .

Mark Connelly, who comes from Omineca, which might be called the buffer zone between Fort George and Skeena, pronounces the Hazelton route as the "only" one for the Alaska Highway. So that is a boost for the Hazelton route which people hereabouts and well into the interior have been intensively endeavoring to promote again of late. Although the Prince George route seems to be the one that the provincial government has set its mind upon but it will not hurt to keep pressing for a northward road from Hazelton. It is to be desired and would appear to be warranted, Prince George road or not.

Now and then a restaurateur runs out of ideas and uses chicken in chicken salad.

Is Critical of C.C.F. . . .

William S. Gibson, president of the National Cellulose of Canada Ltd., who some years ago made annual business visits to Prince Rupert, is the author of a booklet entitled "You Knew What You Were Voting For" which has just come to hand at the Daily News Office. It is critically analytical of some phases of the C.C.F. movement and, written in novel and personal but coolly logical manner, makes very interesting reading for those who may be interested in questions of political economy.

But even after a worm turns, he's still a worm.

Briefs From Britain

LONDON (Q)—K. M. Kirkham, London taxi-driver, found £293 (\$1,318) in sovereigns and half-sovereigns in a brief case left in his taxi. No one claimed the case.

LONDON (Q)—Five tons of sugar, rationed in wartime, were stolen by thieves who drove it away in a truck. The truck was recovered empty a few hours later.

TORQUAY, England (Q)—Rev. Joseph Johnson, 80-year-old clergyman, and his wife, who come here from the east coast town three years ago, returned home recently and the next night a bomb smashed their home. Now they are in hospital suffering from shock.

LONDON (Q)—Berlin radio reported quadruplets born to a French family living near Chambery, Savoy. The mother, at 20, now has seven children.

LIVERPOOL (Q)—A former sergeant in the R.A.F. applying for a pension, told the tribunal that "working with five W.A.A.F. assistants split my mind and caused me to develop a split personality. I was all right with my airmen storekeepers." He was granted a pension.

INVERNESS, Scotland (Q)—Harold Fraser - Simson, 65, composer of the "Maid of the Mountains" and other musical plays, died at his home here.

NEWPORT, Monmouthshire (Q)—For the fourth successive time, this town's council decided by one vote, 14 to 13, against the opening of movie houses on Sunday.

FIFTY YEAR OLD WOMAN SKIPPER

WHITBY, England, Feb. 9 (Q)—A middle-aged Englishwoman, Dora Walker, whose doctor told her she needed some salt air, went down to the sea in a fishing ship to become Britain's first woman skipper.

Skipper Walker, now 50, has for four years been defying German planes, submarines and mines in the North Sea. Ordered ashore recently by her doctor, she is confident the day isn't far away when England will need her again.

"They will need small craft soon — and people who can handle them," she said at her Yorkshire cottage within sound of the North Sea breakers. "That will be my day—you wait and see."

She learned her seamanship by bitter experience, her navigation from a correspondence course. When the war came she was—and still is—the only woman allowed to go to sea in command of a ship. She has been bombed by enemy planes when her fishing ship was sailing through the lines of a British convoy.

For a while, during the blitz of London, she served as a nurse in air raid shelters, and when her father died and left her more than \$600,000 she gave most of her money to the victims of the bombings.

LONDON (Q)—Maj.-Gen. Wilhelm Harsteen, invasion commander of the Norwegian forces in Britain, has qualified as a paratrooper. It was disclosed here. He is 47, and became Norwegian commander-in-chief in 1942.

LONDON (Q)—Prof. W. H. Florey, famous for his work in developing penicillin, has left Britain for Russia to pass on his knowledge to Soviet doctors.

BASKETBALL— W.D.'s Keep Leadership

Sparked by Flight Sergeant Peden and Sergeant McDougall, the Royal Canadian Air Force W.D.'s defeated Maple Leafs 28 to 10 in a basketball game last night in Number Four Groups Recreation Hall.

The win enabled the W.D.'s to consolidate their hold on first place in the Women's Division of the Area Basketball League.

Winning their twelfth game in thirteen starts, Americans defeated Ack-Acks 58 to 25.

In the other tilt of the triple-header the U.S.E.D. girls downed Last Resorts 19 to 5.

Girls' Games
 The Air Force girls had no great difficulty topping the Maple Leafs and at half time the former led 16 to 6. Peden and McDougall headed the scoring parade with 12 and 10 points respectively.

W.D.'s—Hogue 2, Martin 2, McDougall 10, Peden 12, McIntyre, Dalton, Horsefield.
Maple Leafs—Miggin 6, McKale 2, Johnston, McDonald, McKay 2, Edgar, Hemmons.

In the U.S.E.D.—Last Resort clash 13 fouls were called as compared to none in the game between W.D.'s and Leafs. Miller was high sniper for U.S.E.D. with six points.

U.S.E.D.—Miller 6, Crovatt 2, Kringley 4, Patton 5, Armstrong 2.
Last Resort—Gillette 2, Brucketta 3, Lean, Young, Hankins, Johnston, Davis, Hoveler.

Men's Game
 In the men's game Gollsmith of Ack-Acks, was leading scorer with nineteen counters. Hanson topped Americans with 13 points while Moline and Thompson each got 12.

Americans—Moline 12, Martin 9, Thompson 12, Hanson 13, Everly 7, Linscotte 4, Wagner.
Ack-Acks—White 2, Seymour, Nastari, Gollsmith 19, Cousins, Rosside, Samaratine 2, Hutchin 2.

WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Jack Bennett has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a provisional Certificate of Title in lieu of said lost certificate, unless in the meantime valid objection be made to me in writing.

DATED at the Land Registry Office, Prince Rupert, B.C., this 26th day of January, 1944 A.D.

ANDREW THOMPSON,
 Deputy Registrar of Titles.

Four Years Ago In This War

Feb. 9, 1940.—Russians continued to pound at the Mannerheim Line as Britain revealed that war material had been dispatched to Finland. Two Irish Republican Army members were hanged at Birmingham. Prime Minister Mackenzie King pleaded for national unity in a pre-election broadcast.

GARDEN NOTEBOOK

COLD FRAME CAN BE USED YEAR AROUND

By Victory gardener needs Public Access. In every month of the year there is important service it can render. In the spring it is a nursery for young plants; under its protection vegetables and flowers can be started weeks earlier than they could be sown outdoors; and guarded from belated frosts until time to set them in the garden.

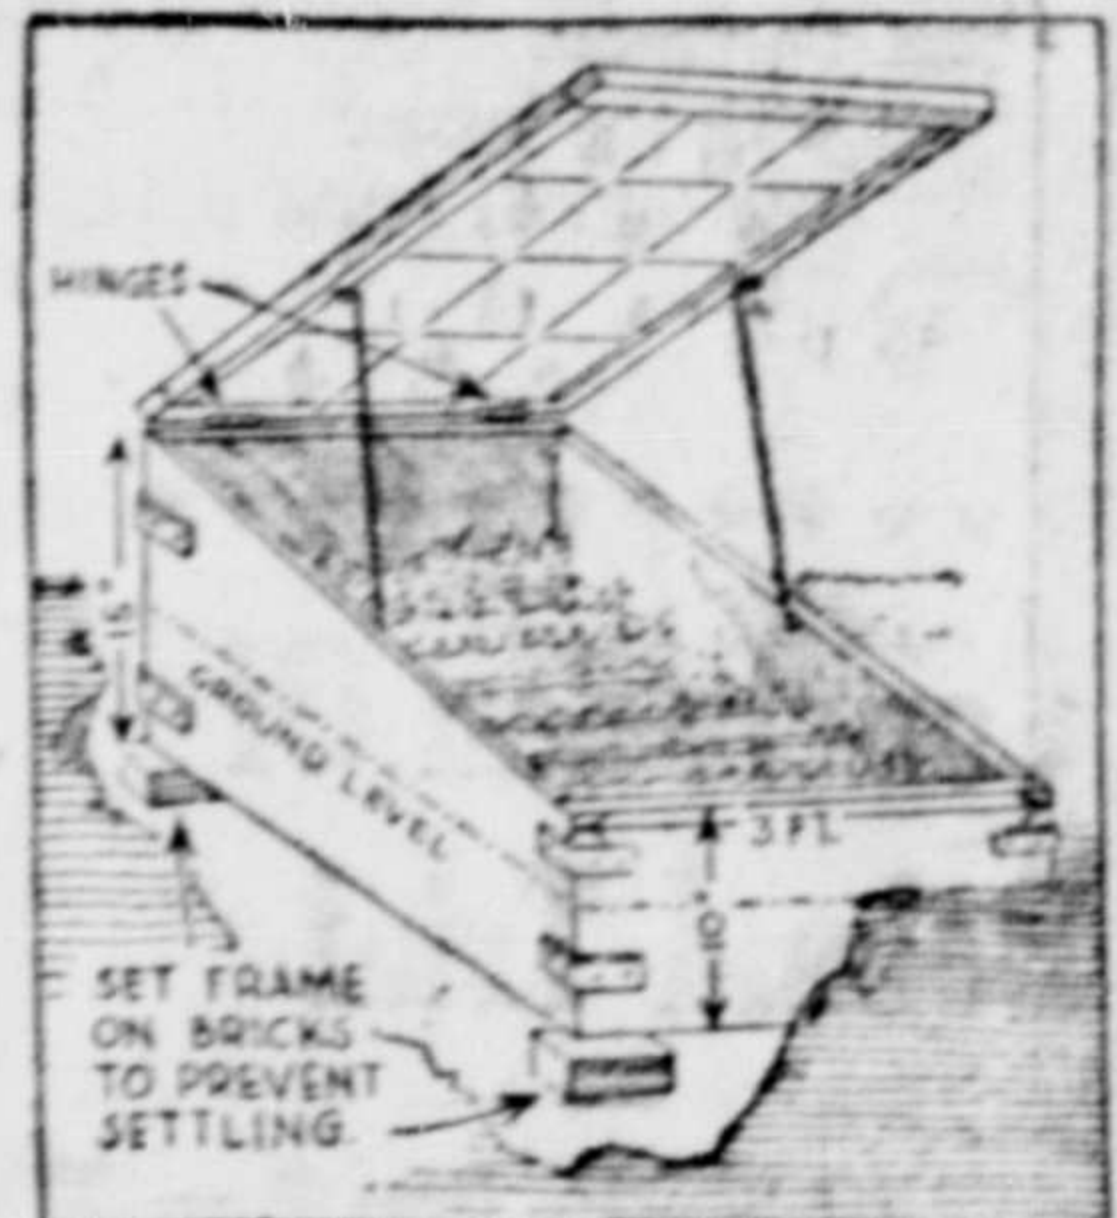

To make a cold frame is so easy, any one who can wield a saw and hammer can do it. It is usually made 3 by 6 feet, or some multiple of this, for the reason that standard hot-bed sash are of these dimensions. This standard sash may be used for both hot-beds and cold frames, which are alike except that the cold frame is unheated. But a cold frame (or a hot-bed either) may be any size you wish, to fit old windows, or frames covered with one of the modern glass substitutes.

These glass substitutes are worth considering. They do not break, and the breakage of glass in windy localities is sometimes considerable. They are much lighter than glass, a merit which women appreciate. They do not let in as much light as glass, but for growing seedlings they let in enough.

The substitutes most commonly used consist either of wire screens covered with material resembling celluloid, or fabrics treated with wax to make them waterproof, and let more light through.

In making a cold-frame, the frame should be constructed of 1-inch boards or some wood which resists rot. First, dig a hole in the ground slightly larger than the size of the frame. It should be at least a foot deep. Into this hole put the frame you have built so that six inches of it is beneath the surface and the remainder above. This will insure that no drafts enter from beneath. Construct the frame so that the front is four inches above the surface, and the rear, nine inches. It must slant toward the south, where the winter sun shines. It is well to hinge the sash at the top of the frame, so it can be easily opened for transplanting purposes and airing.

A sunny spot in the garden, protected as much as possible from the full force of winds and driving rain, is the best situation for the cold frame. It may be too cold now to dig in the garden, but the sash may be procured and the lumber frame made, so that when the first warm days arrive you are ready for serious gardening.

Working Drawing of Cold Frame

STEEL for Victory

Canada is hurling into its war effort all the steel from all its mills working at unprecedented capacity. endurance, loyally serving their country, fighting thus with our armed forces.

Steel—for fighting ships to help the Ship of State sail on through perils to the Harbour of Victory—for tanks and armoured cars, guns and torpedoes—for a thousand tools useful in war, machines, parts and pieces—steel is flowing through the mills driven by the iron will and brawn of thousands of Canadians, steeled to high labour and management, the Bank of Montreal offers helpful banking co-operation. For all lines of industry vital to the war effort and for their employees, the Bank is providing the kind of financial service needed, at locations where it is needed—through hundreds of offices.

LOCAL NEWS NOTES

▲Miss Amy Leigh, Social Assistance Branch, will speak to Women Thursday, 2:30 p.m. Odd-fellows' Hall. (33)

Thomas Owen is arriving in the city on tonight's train from Winnipeg. He is a brother-in-law of George J. Dawes.

▲Canadian Legion (B.E.S.L.) No. 27, Regular Meeting tonight at 8 o'clock at Canadian Legion Headquarters. Members are requested to have their cards or receipts with them.

Two new Prince Rupert companies have been granted provincial incorporation — Northern Cartage Co., Ltd. and Seal Cove Trucking and Transportation Co. Ltd. Another incorporation is that of Little, Haugland and Kerr Ltd. of Terrace.

Mr. and Mrs. Harry Stanley returned to the city this morning from a trip to Vancouver.

Kenneth Creer of Edward Lipsett Ltd. arrived in the city this morning from Vancouver, being here on company business.

F. W. Lockyer, well known local insurance man, returned to the city this morning from a trip to Vancouver.

Mrs. H. B. Wallace, who has been on a trip to California, returned to the city this morning from the south.

Col. G. C. Falls, well known Canadian Army chaplain of this war as well as the last, is in the city on his way from Vancouver to Ottawa.

Mrs. Clarence Martin arrived in the city this morning from Vancouver, where she has been paying a visit, being on her way back to her home at Massett, Queen Charlotte Islands.

J. C. Gilker, formerly with the Booth Fisheries here and now stationed at Juneau, arrived in the city this morning after a trip to Seattle on company business and will pay a brief visit to his home here before proceeding to the Alaska Capital.

▲Boilermakers' and Iron Shipbuilders' Union of Canada, Local No. 4, First Annual Ball, St. Valentine's Day, Feb. 14, 1944, Staff House Dining Hall, Roy Proverb's Orchestra, Dancing 9 p.m. to 1 a.m. Admission, \$1.50 per couple. Refreshments. (11)

Norman A. MacLean, former well-known purser of Canadian National Steamships and now identified in an official capacity with National Selective Service, arrived in the city this morning from Vancouver for a brief visit on business.

Mrs. Douglas Soutar arrived in city this morning from Vancouver to join her husband who is resident manager for B.C. Packers here.

Mr. and Mrs. David Rutten, on their way back to their home at Massett, Queen Charlotte Islands after a trip to Vancouver, arrived in the city this morning from the south.

The preliminary hearing of William Samuel Cooper came up in city police court this morning before magistrate W. D. Vance receiving a further adjournment until this afternoon, when witnesses will be heard. Cooper is charged with stabbing Martin La Belle last November.

TOO LATE TO CLASSIFY

LOST—Man's Solar wrist watch. Phone 61, two rings. Reward. (3)

W.J. Simpson of the Canadian Fish and Cold Storage Company left yesterday afternoon on a trip to Vancouver.

Tonight's train, due from the east at 10:45, was reported this afternoon to be about three hours late.

▲Community Social Evening, St. Peter's Hall, Thursday, Feb. 10, at 8 p.m. All welcome. Come and bring your friends so that we can get to know one another better. (34)

FUNERAL NOTICES

Funeral service for the late Mrs. George J. Dawes will be held at 2:30 Thursday afternoon at St. Andrew's Anglican Cathedral. The remains will be taken Thursday night to Vancouver for burial in the Masonic Cemetery.

Funeral service for the late George W. Cripps will be held in St. Andrew's Cathedral on Thursday evening at 8 p.m. Very Rev. Dean J. B. Gibson officiating. No flowers by request.

Belist Chapter, No. 18, O.E.S.

Officers, Members and Visitors of Belist Chapter No. 18, O.E.S., are requested to attend a funeral service Thursday afternoon, February 10, 1944, at 1:45 sharp, in the Masonic Temple, 6th Avenue East, for our late member, Mrs. Sarah Beatrice Dawes. Jessie Boulter, W.M. Irene Vance, Sec'y.

Members of Timpsean and Tyee lodges and sojourning brethren are requested to attend the funeral service of our late brother, George Willifit Cripps, in St. Andrew's Cathedral, Thursday at 8 p.m. Brethren will kindly congregate in the basement of the church at 7:45 p.m. W. D. Vance, Sec'y.

CANADIAN LEGION, B.E.S.L. All veterans are requested to attend the funeral of our late comrade, Captain George Willifit Cripps, O.B.E., ex-7th Battalion, on Thursday, Feb. 10, at 8 p.m., in St. Andrew's Anglican Cathedral, Fall in Legion at 7:30.

"Lest We Forget."

The Pattern of Democracy

YOUR WHOLE LIFE is a thread in the democratic pattern.

You have seen the design sturdily woven out of the common aims and joys and cares of the common man and his loved ones.

You have seen it made secure by the co-operation of liberty-loving people who labour and save and fight for their own protection and peace of mind.

IN YOUR LIFETIME, too, you have seen the strong pattern of life insurance spring from the same close interweaving of individual interests for the common good. The people have built it for the people. And the government, expressing the will of the whole people, supervises it in the common interest.

THE GREAT AIM and end of democracy is to produce equal opportunities for all. And in life insurance this aim is realized.

Every owner of life insurance shares with every other the unflinching protection which their pooled savings provide.

By no other method can the small policyholder and the large enjoy the immediate peace of mind which comes to those who plan their own future according to their own means.

It is good citizenship to own
Life Insurance

SEVENTH AVE. MARKET

To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurability. Thus faith and belief hinders, and denies, the natural self-cureABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not ... NOW!

J. L. CURRY, Chiropractor

Little Action In County Court

There was little activity in the regular monthly sitting of the county court held by Judge W. E. Fisher on Monday. The only criminal action on the list, the Crown versus William Samuel Cooper, charged with wounding, was adjourned until February 24. A civil action of Robert Scharffe versus Adam Collins for the recovery of a sum of money was held over to the next sitting of the court. One judgment summons and one naturalization completed the list.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUIT

Thursday afternoon the Service Wives' Club will meet in the Ladies' Lounge at the 'Y'. Both Mrs. Strand and I will be away for the first part of the afternoon attending a meeting of the various women's organizations in Rupert to meet Miss Leigh from the Social Welfare Department in Vancouver. However, I will leave everything ready for you, so carry on as usual.

Mrs. Alex Mitchell, who is our Y.W.C.A. hospital visitor for the month of February, reports two new service babies. On January 27 Little Maureen Willa was born to Petty Officer and Mrs. William Murdoch. Maureen weighed six pounds thirteen ounces when born and for future astrological references she was born at exactly 12:30 a.m. On February 1, Gunner and Mrs. Bernard Konig became the proud parent of a small son, Paul Bernard, who weighed seven pounds seven ounces at birth. His exact birth date was 4:30 a.m. To these new mothers and fathers, congratulations!

We now have a sturdy stand for the doll's house loaned to us by the children of the Borden Street school. It is a very pretty bungalow, electrically lit and the kiddies can peep inside and see the prettily furnished rooms. As the furniture is much too frail to be played with I am asking the kiddies to get their fun out of it by looking in the windows and not trying to get inside and handle it. It would spoil it for everyone then and, after all, it is only on loan isn't it and we must be careful of it. That's only fair, don't you think?

It's somewhat late in the day, but, nevertheless, I'd like the Queen Mary Chapter I.O.G.E. to know we appreciate their gifts of calendars. These patriotic calendars are eminently suitable for hanging in service establishments with their simple flag and beautifully chosen patriotic verse.

Purchase Offer For Lots Is Not Taken By City

An offer by the Department of National Defence to purchase several lots in blocks 19 and 21, section 9 at \$100 per acre was refused by the Finance committee which made a counter offer to lease the property at an annual rental of six per cent of its assessed value for the duration of the war, it was revealed Monday night in the finance committee's report before the city council.

The refusal was endorsed by the councillors on the explanation of Mayor Daggett that the land involved contained some of the best lots in the city. The Defence department had purchased a nearby tract at \$100 per acre but the lots involved did not have the prospective value to as building sites that the lots under discussion possess.

Included in the finance committee's report was the placing of a minimum price on all city owned improved property, with the recommendation that an auction sale be held to dispose of them.

Statements submitted by Wartime Housing Limited covering the amounts due under Projects 1, 2 and 3 for the years 1942 and 1943 have been deferred pending reconsideration of the existing agreements.

Smithers Legion To Burn Mortgage

SMITHERS, Feb. 9.—The Bulkley Branch of the Canadian Legion will hold its annual meeting in Smithers on Tuesday evening next. Beside the election of officers and the transaction of regular business at this meeting there will be the ceremony of the burning of a mortgage that for many years has been a burden to the local Branch, but which has finally been liquidated and will be disposed of in style. The Branch now has some 80 members on its roll and carries on a good service for those members who require its assistance in adjustment of pensions, allowances and other services to veterans and their dependents.

Peace River Officer Has Been Wounded

Lieut. John R. Armstrong whose sister is Mrs. Helen Jessie Ross of Pouce Coupe in the Peace River Block, is listed as being wounded in action overseas with a British Columbia Regiment.

In 1856 the cable rate between Great Britain and North America was \$5 a word.

"Oil Regularly" is the proper Thing these wartime days; It keeps Appliances in shape; No trouble ... but it Pays!
ONE DROP OF OIL
in the right spot when most needed may mean an extra year of life for your appliances:
Refrigerator • Vacuum cleaner • Ironer • Mixer • Washer • Fan.
Make sure they are kept lubricated regularly to prolong their usefulness. If they become "sticky" and oil does not remedy, call your repair man to check on them before further damage is done.
NORTHERN BRITISH COLUMBIA POWER COMPANY LIMITED
REDDY SAYS: "Save by buying war savings stamps regularly—to buy the things you want when they are available."
