Veteran Railman

C. A. BERNER,
Assistant Divisional Superintendent, Canadian Railways is today completing 23 years of service on the mostly spent on the South division. He came here young man in the spring of 1914 before the track, which was being built from Prince Rupert east and from Edmonton west, was connected up. He has risen in the ranks from brakeman and conductor to trainmaster and is now assistant to G. A. Gray.

SCHEME OF SECURITY PROPOSED

Old Age and Invalidation Pensions Envisaged in Proposal Calling for Annual Expenditure of \$438,000,000.
CAPE TOWN, March 3. — A social security scheme involving an annual expenditure of \$438,000,000 has been tabled in the Union of South Africa house of assembly. The scheme provides for Europeans, natives and other racial groups. Old age and invalidity pensions are envisaged as well as unemployment training, sickness and maternity allowances to mothers, widows' benefits, funeral grants, dependents' allowances and family allowances. The social and economic planning council which commends the scheme points out that the cost of all government services, central as well as provincial, is estimated to reach a grand total of \$160,000,000 (\$15,000,000) by 1955. Hon. J. H. Hofmeyr, minister of finance, in introducing additional estimates intimated there is reasonable certainty the present financial year will not end with a deficit in spite of the fact \$3,800,000 (\$17,000,000) more is being spent than was estimated and receipts from gold-mining are down. The finance minister stated that \$100,000,000 (\$447,000,000)—half from revenue and half from loans—is no longer enough and more money will be asked for in the second estimates. The budget will be introduced in March. The first instalment of South Africa's contribution to UNRAA is \$25,000 (\$112,000). The interim report of the shipping commission appointed in 1941 emphasizes that the expansion of South Africa's merchant fleet will mean heavy financial loss without compensating benefit to the country. It recommended that the existing three ships be replaced after the war by modern motorships of 9,000 and 10,000 tons to operate as far as possible off liner runs in the Indian Ocean and other eastern waters and that a fourth be added to trade with West African ports south of Dakar if privately owned shipping is lacking. Since the war began South African ports handled 38,000 ships with a gross tonnage of 163,000,000, to which the country supplied 5,000,000 tons coal and \$20,000, (\$89,000,000) worth of food. Forty large convoys from Britain carrying 2,000,000 men were provisioned apart from 40 convoys travelling from the Union to the war fronts. Not a single transport ship was lost in South African waters and 6,500 were repaired in Union ports.

Former Pupils Honor Teacher

Shortly before W. R. Anderson, newly arrived junior high school teacher at Booth Memorial School, left Regina to come to Prince Rupert he was honored by a gathering of the staff and pupils of the North Regina village school where he had been principal. Attending the meeting was F. W. Rowan, superintendent of Regina schools. An illuminated address, expressing appreciation of Mr. Anderson's leadership and un-failing kindness, was read by student Jack Mullens. Bertha Chipley, senior student, presented the principal with a purse of money and a primary pupil gave him a book containing the signatures and good wishes of many of his school friends. Mr. Anderson has taken over the post vacated at Christmas time by G. Hayhurst, junior high school teacher at Booth School.

ONLY TIN SMELTER

The only tin smelter in South America is located in Argentina.

British Bundles Amount to \$2000

Report of committees at the monthly meeting of the Women's Auxiliary of the Canadian Legion last night showed that in February three cartons of clothing were sent overseas as "Bundles for Britain." The value of goods sent to date has reached the total of \$2,000. It was the regular monthly meeting of the Auxiliary with Mrs. A. J. Croxford, the president, in the chair. A good turnout of members marked the occasion. A charming feature of the meeting was the presentation by small Margaret Wide of \$14, being proceeds of a hot dog sale by junior war workers, Edna Gardner reading the following paper on behalf of the group of children: "We, the Junior War Workers, take pleasure in presenting \$14 which we made at our hot dog sale. We raised this money for 'Bundles for Britain.' We hope to be able to make another donation in the near future from our daffodil fund." (Sgd. Edna Gardner, Mar-

Attack at Anzio Collapses

BOMBING NOT UP

Paris and Albert Targets Last Night — Northwestern Germany Today.
LONDON, March 3. — Royal Canadian Air Force and Royal Air Force formations hammered aircraft factories near Paris and Albert last night and Mosquitoes struck at western Germany. Eleven bombers and three fighters being lost. Heavy American bombers attacked northwestern Germany today for the second successive day.

FEBRUARY BUILDING

Waterfront Structure is Most Important Item on List.
A permit to build a \$50,000 waterfront structure, consisting of a frame building and dock, was issued in February to the Prince Rupert Fishermen's Co-operative Association by the city engineer's office. This constituted the biggest item on last month's building permit list, none of the five other permits listed exceeding \$250. Total value of the permits issued was \$50,810. January's total of \$51,890 added to February's brings the value of permits issued so far this year to \$102,700. Permit values totalled \$1185 for the first two months of 1943. Permits were issued last month to the following: J. R. Slaggard, Third Avenue and McBride, alterations, \$60. S. L. Peachey, Tatlow Street, foundation repairs, \$100. P. Mazzei, Eighth Avenue West, roof repairs, \$200. A. Dybhavn, Sixth Avenue East, porch addition, \$250. Prince Rupert Fishermen's Co-operative, waterfront, building and dock, \$50,000. E. R. Eadie, Third Avenue, addition, \$200.

TOUGH RECOVERY JOB IN ITALY—Tense moment in toughest recovery job of the Italian campaign. Moving up into the attack against St. Leonardo two tanks went off the road in the dark, plunged into a 40-foot defile and lay piled one on top of the other. Canadian Ordnance Corps officers working with the Tank Brigade secured invaluable assistance of British R.A.S.C. personnel operating caterpillars. Moving the 32 tonners necessitated winching the first tank over on its side releasing the one underneath; then using three caterpillar tractors equipped with drum winches to haul the great machines up an almost vertical bank. British-Canadian teamwork completed the job in a few hours despite mud and rain.

Italian Labor Leaders Talk of Calling Strike

NAPLES, March 3 (CP)—Allied headquarters announced today that the latest German attacks against the Anzio beachhead had collapsed with heavy losses to the Germans. Meantime Italian Labor leaders announce their intention to call a "strike" Saturday in defiance of the demand that it be called off. The strike is in protest against Prime Minister Winston Churchill's recent endorsement of the Badoglio government. Allied authorities warn that strikes in war zones are prohibited.

Tenant Council's Varied Business

Held in the Community Clubhouse with Dr. R. G. Knipe in the chair in the absence of President W. McKenzie, a meeting of the Wartime Housing Tenant Council dealt with a wide variety of business, including the election of new officers. A donation of \$10 to the Ambulance fund was approved following the reading of the financial report. Treasurer J. Arnold revealed that the council had on hand a cash balance of \$55.25. The meeting agreed to relinquish its use of the Staff House dining hall on Monday, March 13, in order that the Junior Chamber of Commerce may use the hall to show the film "Health and the Control of Venereal Disease" in connection with the anti-venereal disease drive. The use of the Community clubhouse was granted to Miss J. Brown for her Brownies group from 10 o'clock to noon on Saturdays, to the Business Girls' Group from 8 o'clock to 10 o'clock on Wednesday evenings and to the East End Girls' Group on Wednesday evenings between the same hours. Mrs. R. Smigelski reported that the two social evenings held by the council had been financially successful and a motion was passed that committee work should be voluntary and without remuneration.

Finland May Yet Obtain Peace

STOCKHOLM, March 3 (CP) — The Finnish newspaper Social Demokratt, mouthpiece of the strongest party in Finland's Parliament, indicated today that the Finnish government intends to make every effort to negotiate an armistice with the Russians. The newspaper said that the Moscow terms, while seemingly harsh, were meant only to form a basis for further negotiations and Finland will have a chance to express her views.

Mouthpiece of Top Party Still Hopes For Russ Armistice

Real Socialism C.C.F. Objective

VICTORIA, March 3. — Opposition Leader Harold Winch, speaking in the budget debate in the Legislature yesterday, said that the C.C.F. is a socialist party with socialism as its objective. Winch said that no comprehensive plan for postwar rehabilitation was contained in either the throne or budget speeches presented to the federal government.

Finland's Unhappy Lot...

Finland is on the spot and, no matter what happens now, it would appear almost inevitable that she must become another bloody battlefield something like Italy has become as a result of having chosen to co-operate with Nazi Germany at the time when Hitler appeared well on the way to conquer all Europe in quick order.

The main difficulty in the way of a peace between Finland and Russia, which may yet be negotiated, appears to be the disposition of some 100,000 Nazi soldiers now in that country. Their delivery to Russia is demanded in the peace terms laid down to Finland by the Soviet. It is hardly to be supposed these Nazis would be allowed to capitulate without a fight.

The lot of Finland is today an unhappy one as appears to be that of every nation which chose to side in with Hitler when his tide was running more strongly and favorably than it is today.

Relax for Health...

Proper rest helps to keep one on the job. It conserves energy. It enables one to concentrate on hard work. Edison is supposed to have gone on and on with his experiments, yet sleeping very little. Edison may never have slept very long. He certainly slept often. He had a cot in his office for cat naps. He worked, rested, worked. President Roosevelt does the same today. So, probably, does anyone who gets through a lot of work without fatigue.

The heart is a good illustration. It works, rests, works, rests. A definite rhythm can be applied to almost any kind of job with good results. One can vary the pace. One can lean back and stretch, get up and stroll around, pause for a glass of milk or a snack.

And it's the same with exercise. Mild exercise is good for most people. Strenuous exercise is good for some—but all exercise should be followed by proper rest and light nourishment.

Let yourself go—relax. You've heard that a million times, but it's an art worth learning, especially as the tempo of wartime living increases.

IT'S MUSIC TO OUR EARS...

To hear people praising the Variety Store. They like our tremendous selection of merchandise and our service. It makes us really proud to know that the people of Prince Rupert can buy with confidence and satisfaction here.

It Pays to Advertise in The Daily News

ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By DOROTHY GARBUTT)

When the Scottish were here about two years ago a couple of the boys redecorated the Presbyterian Church in their spare time and in doing so made a great many friends. So I know those who remember Bob Terry, one of the helpers, will be pleased to hear that he had a small son born on December 29. Bob is overseas now but I can imagine that he's a pretty proud father. Another new service baby is a small son born to Mr. and Mrs. L. E. Koob on February 19. Master Koob's name had not been selected at the time Mrs. Mitchell left the news with me but he weighed eight pounds 13 1/2 ounces when born. His father is Corporal Leo Edward Koob who is on active service in the Pacific with the American Engineers and his mother is from Winnipeg.

The other day I went across the street to see the new Salvation Army Hostel. They have enlarged their premises to include a lunch room with ten tables, a very modern and well equipped kitchen and writing and sitting rooms for the boys. They can accommodate about one hundred and forty-four men in the new quarters and about thirty-eight in the old and many is the week-end they are filled to overflowing with the boys even sleeping on mattresses. Adjutant Brunson carries on as supervisor with a staff of twelve workers. Mrs. Edgar, who has been with both the old and new set ups, is very proud of the new place and takes a deep interest in all its activities. The lounge rooms are most attractive with comfortable chairs and settees and homelike with potted plants. They are finding that a lot of boys are coming in from points down the line for their forty-eights. Adjutant Brunson says as soon as all the odd bits and pieces of last-minute settling down are done they will have a formal opening. But he looked so worried that I suggested he dispense with that formality and just carry on with the very splendid service he is giving.

MIDLANDS

Flying Officer Douglas Campbell, previously reported missing after air operations overseas, has been reported safe. He is the son of Mrs. Maude Campbell, of Cobourg.

Objective for Cobourg and the township of Hamilton in the big Red Cross drive which began last week is \$10,000.

Gunner George Hircok, Spencer Street, had his hand burned while in action in Italy, relatives in Cobourg learned recently Gunner Hircok enlisted with the 347th Battery.

On his way to the Cobourg General Hospital to attend a patient, Dr. Edgar Hayden skidded into the side of a car driven by Roy Cox of Myrtle Station. Both cars were badly damaged and Cox received a fractured leg.

SPORTS

Aided by a couple of professionals just over from Canada, a team of engineers upset rail-bird calculations by winning the hockey championship of the Canadian Army Reinforcements Unit in Britain. The victims—Ordnance Group Falcons—had been considered a cinch to cop the title. The engineers won the best-of-three series 2-1 and 5-3 and advanced into the play-downs for the Army crown. The team's newcomers, who had their skates on almost as they stepped from the boat, were Capt. Gordie Poirier of Maple Creek, Sask., and Lieut. Gordie Bruce of Ottawa. Poirier played with Montreal Canadiens and was a member of Ottawa Commandos when they won the Allan Cup last season. Bruce was with Boston Bruins in 1941 and later joined the Commandos. Poirier, despite the usual problem of fitting immediately into a team combination, gained two assists on two of three goals scored by Lieut. G. N. Hall of Winnipeg. Pte. H. W. Proulx of Edmonton scored twice. Lieut. Lex Chisholm of Oshawa, Ont., former Toronto Maple Leaf tallied for the star-studded Falcons who didn't lose a game during the regular schedule. Another Oshawa product who played for the English Olympic team before the war, Lieut. J. (Chappy) Chappell banged in two. Other Falcon players included Pte. Vince Germann of Regina, formerly of Hershey Bears and New York Rovers; Pte. J. B. Brown of Medicine Hat, Alta., once of Kimberley Dynamiters, and Lieut. George Hood of Gananoque, Ont., Queen's University and Kingston Hockey Club.

Top-notch soccer clubs in Canada are represented in the line-up of an ordnance reinforcement unit team which holds the area league lead in Britain. In twelve games since the season opened last October, the team has scored 82 goals and has been scored upon only six times. Among the footballers are GSM. D. J. Walker of Montreal, who played with Royal Victoria Hospital in Montreal and Dome Miners; GSM. T. Turley of Montreal Carsteels, Royal Victoria Hospital and MacIntyre Falconbridge Mines; Pte. T. A. Williams, Montreal, Royal Victoria Hospital and Kirkland Lake; L. Corp. Bob Weir, Toronto Scottish and England United; SQMS. W. T. Smith, Toronto Levers; Pte. A. L. Bruce of Winnipeg, United Weston and Dome Miners; Cpl. C. R. Campbell, Regina Thistles, and Pte. J. R. Whent, Vancouver St. Saviours and Boeing.

After 63 contestants had played more than 500 games, Bdr. H. J. Ward of Vancouver emerged as winner of a Canadian Army area table tennis championship. His finalist opponent was L. Cpl. M. Chudnoski of Montreal.

Tuberculosis mortality is much higher among males than females.

Alberta Couple Are Wedded Here

Miss Margaret Kinch of Edmonton Becomes Bride of Lloyd Walker, Local Dry Dock Employee.

The marriage took place last evening at the parsonage of First United Church, Rev. James A. Donnell officiating, of Miss Margaret Elizabeth Kinch, daughter of Mr. and Mrs. Matthew Kinch of Edmonton, to Lloyd Irwin Walker, son of Mr. and Mrs. Arthur Walker of Fort Saskatchewan, Alberta.

The ceremony took place in the presence of a few immediate friends of the contracting couple and the witnesses were Oscar Bezaire and Miss Mary Dakus.

The couple will reside on Piggott Avenue. The groom is employed at the local dry dock. The bride arrived just recently from Edmonton.

LONDON. © — Capt. Philip Gardner of the Royal Tank Regiment, who was London's first V.C. of the war, has been reported safe in neutral territory. He had been a prisoner of the Italians and Germans since July, 1942, and escaped recently.

A Life and death matter for YOU to decide

A gift from the heart... means life to the wounded!

LIKE MANY ANOTHER he fought the good fight on the field—now he fights for his life in a field hospital. An immediate blood transfusion offers his only chance. Thank God for the Red Cross which puts the vital blood serum in the army doctors' hands... saving countless precious lives. But from the expanding battle zones comes the urgent call for MORE blood serum. Volunteer Donors stand ready to donate their blood. But the Red Cross must have YOUR FINANCIAL AID to equip and maintain the necessary Blood Donor Clinics across the Country. Blood Donors must be backed by Money Donors. Give generously—a gift from the heart means life to the wounded.

BLOOD DONORS MUST BE BACKED BY MONEY DONORS

William Lambie left last night for a business trip to Vancouver.

Austen Tarleck, charged with being in possession of more than one liquor permit, was fined \$100 or two months in jail by Magistrate W. D. Vance, in city police court Thursday morning.

Mrs. Gus Krause and daughter, Miss Jean Krause, left last night for Vancouver, having been called south on account of the illness of Mr. Krause which has taken a more serious turn.

The Prince Rupert Chamber of Commerce will endeavour to hold dinner meetings again for its regular monthly sessions. The attendance committee has been delegated to ascertain what can be done about the matter.

A new special committee of the Prince Rupert Chamber of Commerce is to be formed to go into the proposal that the British Columbia Electric Railway in the southern part of the province should be taken over by the provincial government. The old committee on the matter failed to bring in a report at the last meeting.

A communication from Edmonton Chamber of Commerce suggesting important changes to simplify and ameliorate federal taxation was read at Wednesday night's meeting of the Prince Rupert Chamber of Commerce and referred to the finance committee.

Premier John Hart had a letter before the Prince Rupert Chamber of Commerce last night in regard to the cost of education. The Premier drew attention to the fact that the government had increased its school grants to municipalities by some \$370,000.

A burning cigarette butt thrown carelessly from the street was the apparent cause of a fire which broke out at the interior of the home of Mrs. S. Heudenschild, 531 Seventh Ave. at 11:25 Wednesday. A passerby seeing the front of the building burning near the ground, sent in an alarm. The fire department put out the blaze before it had gained much headway.

A Grand Milk for Babies

Millions of babies have been raised on Carnation Milk formulas that their doctors have prescribed.

There are three big reasons... First, Carnation Milk is as nourishing as milk can be—and it's irradiated for extra "sunshine" vitamin D. Second, Carnation's safe because it comes to you sealed and sterilized. Third, Carnation's readily digestible, because heat-treatment gives it a valuable soft-curd quality.

You don't have any milk worries when your doctor puts the baby on Carnation. Write for free book "Your Contented Baby". Carnation Co. Ltd., 470 Granville St., Vancouver.

IRRADIATED Carnation Milk

WALLOP! Packs a Real

Against Muscular Aches and Pains. If you want beneficial strength in a liniment-rub, if you're fed-up with weak products whose relief is half-way or imaginary, then try MOONE'S EMERALD OIL!
It represents our MAXIMUM in counter-irritant relief for muscular aches, pains, chest colds, and a warming rub to relieve tightness as well as muscular aches of back, limbs, shoulders and neck, due to over-exercise, overwork, or exposure to cold and dampness.
Once you try Moone's Emerald Oil we are confident you will say, "Now you're talking!", and that you will never be without it in your home. On sale at all good drug stores.

conductorship of Chief Petty Officer S. E. Sunderland, last night in the naval drill hall for the purpose of assisting to raise funds in the current Red Cross campaign. In the program of considerable versatility and range of topic and technique, the band exhibited a high measure of tonal quality and effectiveness which was full testimonial to the progress which has been made by the organization since it was first brought together in a raw and disorganized state some six or eight months ago.

The program was such as to give opportunity for a display of the various phases of band work, novelties not being overlooked, and the band took full advantage of all these opportunities. Outstanding items of interest included the grande fantasia "Home Sweet Home, the World Over," the background being the title piece over which was interpolated strains of various national airs, the concert military march arrangement of "My Hero," the beautiful intermezzo "Sanctuary of the Heart," and the humorous satire on "Swanee River," adapted to various localities with appropriate effects. Some novelty effects were singing and whistling by the band and cornet duet work.

The concert marked the farewell appearance here of Bandmaster Chief Petty Officer S. E. Sunderland whose baton is being taken over by Petty Officer G. Noakes who conducted the final number on last night's program.

In the course of the program, Commander Cree expressed appreciation at the large size of the audience and commented on the worthiness of the Red Cross cause. He also paid tribute to the work of Bandmaster Sunderland and the progress the band had made under his direction. A round of applause was heartily given for the bandmaster at the suggestion of Commander Cree.

Lighting effects were one of the outstanding features of the entertainment last night. There were also attractive stage settings and the whole atmosphere was very interesting. Lloyd Morris made a capable announcer.

300 LOOPS RECORD
In 1935 a Russian glider pilot made 300 loops, said to be a world record.

Speedy Driving Is Raising Dust

The Prince Rupert Chamber of Commerce will ask the city to see that there is a stricter observance of the traffic bylaws particularly as regards speed limits and proper headlights. The matter was brought before the Chamber Wednesday night by G. R. S. Blackaby who referred to the clouds of dust that were being raised on the streets by speedy drivers.
