Peace Terms For Finland

Armistice Requirements Of Russia Not Drastic

Have Been Transmitted to Great Britain and United States—Appear to be Quite Reasonable.

PEACE EXPECTED NEXT WEEK

LONDON, Feb. 26 — It is believed in British political circles that Russia's six point armistice plan will be acceptable to Finland and that the war between the two nations will end next week.

LONDON, Feb. 26—Russian armistice terms for Finland were reported last night to have been conveyed to Great Britain and the United States three days ago. Of course, they have already been transmitted to Finland. They are reported to be not so drastic as might have been expected. Russia does not intend to occupy Finland but will only maintain enough troops there to police the Germans and, after the war is over, they will be withdrawn. The original border between Russia and Finland would be respected.

BATTLE OF RUSSIA—

Reds Are Smashing Forward

Four Hundred Miles Front Opened Against Reeling Nazis.

LONDON, Feb. 26 — Russians, massed along a 400-mile front between Pskov and Rogachev, are pressing forward in White Russia toward Latvia and northern Poland in spite of increased German resistance. Fresh Nazi reinforcements were thrown into the Rogachev area yesterday and fourteen fierce counter attacks in this section were thrown back by the Russians. The Germans lost 2,500 men. To date the Rogachev battle has cost the Nazis 8,000 men.

AT BEACHHEAD—

NAZI ATTACK IN FAILURE

NAPLES, Feb. 26 — German forces, maintaining steady pressure on the Allied beachhead south of Rome, harassed British and Americans with shells and bombs but were knocked back in a single small attack yesterday. A Nazi stab was made at the Allied right flank in the Potine Marsh area near Cassino. Infiltration tactics near Carroto also failed.

No Let-Up By Allies On Reich

LONDON, Feb. 26 — A huge fleet of Royal Air Force and Royal Canadian Air Force bombers last night attacked Augsburg, Germany, making it 17,000 tons of bombs cumulative at the end of a six-day offensive against the Nazi airplane industry.

The Germans reported a raid against Frankfurt and the Swiss radio said that flights had crossed from Italy—a hint that last night's attack was another two-way affair.

Twenty-four planes were lost, eight of them Canadian.

The British raids on Germany last night followed the most effective day the United States Air Force has had in daylight assaults, Augsburg, Stuttgart and Regensburg being among the targets. Thirty-one big bombers and three fighters failed to return yesterday.

Parliamentary Radio Probe

OTTAWA, Feb. 26 — The House of Commons last night appointed a special committee to review policies and aims of the Canadian Broadcasting Corporation and all related matters. The committee consists of twenty-three members—seventeen Liberals, four Conservatives, one C.C.F. and one New Democracy.

Jackie Campbell Killed Overseas

Jack Campbell, well known Prince Rupert boy, who was prominent in basketball here for many years before joining up, has been killed on service overseas, according to word received yesterday by his mother, "Jackie" as he was familiarly known, spent practically all his life here and news of the casualty is being received with regret by numerous friends of the family.

Liquid Luggage Brings Fines

Michael Janis, steward on a coastwise passenger steamer, was arrested by British Columbia Police Inspector Ernest Gammon and Constable Sam Ferguson, after he had carried two suitcases containing liquor down the gangplank of the ship and deposited them in a taxi on the wharf.

In police court Friday afternoon Janis was charged with possession of unsealed liquor and with keeping liquor for sale. He was given a sentence of \$50, or thirty days on the first charge and \$300, or three months on the second. The fines were paid.

According to Inspector Gammon, he and Constable Ferguson had seen Janis carry the two bags—one a gladstone bag and the other a suitcase—from the boat. The apparent heaviness of the luggage impressed the two policemen and, when Janis put the bags in a taxi, which contained a passenger, they made the arrest.

The bags contained twenty-six bottles of liquor, the biggest part of it American brands. Papers on Janis showed that he had made purchases of liquor the week previous in Ketchikan.

Police established no connection between the passenger who had been in the taxi and the liquor. The liquor was confiscated.

Committed For Trial

John Isjaski, complainant against Leo Goyette, charged with robbery with violence, told the court that he had intended to use the money he lost last Saturday night to buy a farm and bring his wife and two children out from Czechoslovakia. He had about \$1,500 taken from him, he said at the preliminary hearing of Goyette Friday afternoon.

Goyette was charged following a complaint by Isjaski that Goyette had assaulted him in the L.D. Cafe on Saturday night and taken the money from him. The preliminary hearing began Friday morning before Magistrate W. D. Vance and continued in the afternoon when it ended with the commitment of Goyette to a higher court for trial.

Witnesses heard yesterday afternoon were the complainant, Mah Chong, a cook at the L.D. Cafe, and a woman, Simons Mayer.

PEARL HARBOR, Feb. 26 — One hundred and thirty-five Japanese planes were blasted by American carrier planes which attacked the southern Mariana Islands, less than 1400 miles south of Tokyo, last Tuesday, Admiral Chester W. Nimitz announced yesterday. Only six American planes were lost. No American ships were sunk or damaged.

One Japanese cargo vessel and one patrol ship were sunk and nine other craft were damaged.

SHIP FIRE IS RAGING

Transport Beached Across Harbor After Burning on This Side.

After taking fire at a dock on this side of the harbor, an old wooden cargo vessel, billowing with flame and smoke, was towed to the other side and beached and abandoned this afternoon. The fire started amidships in the vicinity of the engine room and bridge.

The crew abandoned ship and local tugboats were pressed into service to pump water and tow the vessel to her beaching place just south of McNicholl Creek.

The exact circumstances of the origin of the flames were not revealed at once.

It is understood she had little, if any, cargo on board. The fire was burning intensely at press time across the harbor.

Woman Diplomat Sent to Moscow

Pretty Widow of British Officer In British Embassy Follows Lead of Sarnia, Ont., Woman

By MARGARET ECKER Canadian Press Staff Writer LONDON, Feb. 26 — Pretty 31-year old Mrs. Francis Stewart McKenzie, as first woman diplomat posted to the British Embassy in Moscow, swells to four the number of women in British embassies.

Pioneering the way for others was a Canadian, Mary Craig Geachy, of Sarnia, Ontario who is first secretary of the British Embassy at Washington.

Pioneer British woman was Nancy Lambton, on the staff of the British minister in Persian Tehran. Mrs. Betty Gibbs was recently appointed to Lord Hall's Washington staff.

The newest recruit is an economic expert, linguist and crack sportswoman. Her husband, Maj. the Hon. Stewart MacKenzie, was killed in action three months ago and her brother, Lord Lyell of Kinnordy, was awarded the Victoria Cross following his death in battle last year.

Mrs. Stewart MacKenzie graduated as a Bachelor of Science (Economics) from London University at 19 and speaks French, German and Italian as well as her newly-acquired Russian.

She's a first class rifle shot who got her first stag at 14. She is an equally expert skier and fisherwoman.

She has travelled extensively on the continent, as well as in Canada and the United States. Besides all these accomplishments, her mother, Mrs. Charles Lyell, boasts that her daughter is an "excellent" cook. "In fact, she seems to do everything well she tries."

Hitler Jails Field Marshal

LONDON, Feb. 26 — Radio France at Algiers quotes Bernese sources as saying that Field Marshal George von Keuchler, German Army commander on the northern Russia front, has been imprisoned by Chancellor Adolf Hitler and charged with insubordination. Von Keuchler's orders were to hold the northern front at all costs.

Checking Up On Heavy Traffic

At the request of the city council, the police have now instituted periodical checks of Hays Creek bridge and Fifth, Sixth and Seventh Avenues East to ensure there is observance of the arrangement whereby heavy military and contractor vehicles proceeding to and from the east end of the city and the highway will travel by way of McBride Street, McClymont Park and Eleventh Avenue. The first such report has been made to the council by Staff Sergeant F. W. Gallagher.

The military authorities have already agreed to use the Eleventh Avenue route and they will be advised when there is use of the other route by their heavy vehicles.

THIRD OF WOMEN IN WAR

Almost a third of Australia's 2,804,000 girls and women are in direct war production or auxiliary services.

STEEL MILL IS TIED UP

DETROIT, Feb. 26 — Committee on Industrial Organization picked up some three thousand workers at Lake Steel Corp. in suburban Edsel Ford, Michigan, halting production only for mill producing for the United States. The strike started at 9 o'clock, protesting at the walk-out of 900 of an employee who left the plant without permission. Six thousand workers are now idle. The night shift stayed off fires were kept going in the furnaces.

RUTHLESS JAPS—

Prisoners May Perish

Little Hope of Britons Held by Nipponese Surviving War, Declares Red Cross Head.

CALGARY, Feb. 26 (CP) — Unless there is a great change in Japan's attitude most of the 125,000 British Empire prisoners of war in the Orient will be dead before the war is over. R. F. C. Routley, national commissioner of the Canadian Red Cross Society, said in an address on Friday. Only a few supplies and comforts could be sent to prisoners. There was no certainty that they arrived at their destination.

American Red Cross Work Is Talk Subject

Merritt Anderson, field director for the American Red Cross here, spoke before the Prince Rupert Gyro Club at luncheon this week, describing the war work of his organization which has principally to do as far as the service men are concerned with maintaining the medium of communication between the soldier and his home. It was largely a personal service bearing on the welfare of the man and his dependents. Assisting in connection with recreation of the forces overseas was also a Red Cross function. The goal in the latest national Red Cross drive in the United States was \$200,000,000.

President Frank Skinner was in the chair and Hugo Kraupner was a guest.

G. A. Hunter was winner of the luncheon raffle of a war savings certificate.

WOOD UNDER FIRE—

City Fuel Is Not Burning

The city and government sponsored Prince Rupert Fuel Co. now has 8700 cords of wood on hand in the city and another 1100 cords up the line and, with the coal supply situation improved and the unusually mild winter drawing to a close, there appears to be some question as to what is going to be done with it. One of the difficulties is the financing of the storage. If the wood is still undisposed of by summer, the federal government will take it over.

Ald. J. S. Black is not very well satisfied with the quality of the city wood and has described it as "only junk" which will probably lie in the wood yard for years. Ald. G. W. Rudderham, chairman of the city council's fuel committee, says that future deliveries of wood will be seasonal and of better quality.

There has also been complaint of the wood being piled against the Westholme Rooms building and causing an undue strain on it. This is to be rectified.

Mr. Miller was born in Scotland, 67 years ago and came to Canada in 1908. He was in business in Winnipeg and before coming to Prince Rupert in 1918. During his time here he operated Miller Shop on Third Ave. and was married.

He has two brothers—Montreal, and John of Scotland, and niece, George Ross, of Winnipeg. In this city, Mrs. Ross is the wife of Mr. Anderson, and here on Wednesday to arrangements have not been made.

Contractor Killed In Fall

Currie, member of the local contracting firm of John Currie & Son, suffered injuries about noon when he fell thirty feet from a pile driver on which he was working at Port Edward. He was a projecting part of the frame in the fall and suffered the head injury. He was unconscious for a while and was immediately taken to Port Edward Hospital where he reported this morning. He had spent a good deal of time in hospital and suffered no fractures, but his condition was thought to be not serious.

'Lend' Irks Film Industry

British film makers are kicking up a row about "lend-lease" handling of pictures in the American

critic declared that for 12 months a single British film had not been sold in the United States whereas American movies had netted up from \$60,000,000 to \$100,000,000 in these islands. W. Parrish, independent producer, complained that in getting his films distributed in the U.S. he had to agree that the name, "British National," would be used.

"Anyone imagine," he declared, "a major American studio willing to have its films distributed in the United Kingdom without being given due credit?"

Bureaucracy Blooming . . .

It is a couple of weeks now since Minister of Finance Ilsley and Minister of Agriculture Gardiner said in Parliament that the meat situation in Canada is such that consideration can be given to discontinuance of the rationing and the meatless Tuesday. However, the officials of the Wartime Prices and Trade Board in their wisdom and power asserted at the time, in spite of what the ministers had said, that the time was not right for the discontinuance of the ration and virtually declared it would not be lifted. So, after two weeks, there is nothing done along the lines suggested by the ministers and the officials are deciding the matter. This is in spite of the fact that there is a great surplus of meat in the country and, indeed, some of it is going bad in storage.

The ball of bureaucracy, once it gets rolling, doesn't stop. That has become quite evident in connection with the meat situation and, of course, bureaucracy has long since become irksome in other things. People begin to wonder why the officials should have come to the point of authority in Canada where they can override the members of the government in such a flagrant way as they are doing in the meat situation.

The thing most women dread about their past is its length.

The City's Wood Pile . . .

Now that the exceptionally mild winter is nearly over and the coal supply situation has improved to such an extent that the dealers are actually having to extend themselves to place some of it, it is easy to criticize the quality of wood which has been brought here under the emergency arrangement made last fall and which now shows no particular sign of moving out. When the wood was ordered, it looked like there would be a serious fuel emergency during the winter and that any kind of wood as long as it would even smoulder would be welcome. It would have been used long since had this winter been anything like that of a year ago and, had the coal shortage developed as expected, the people would have been glad to get it at any price.

Even if a few hundred cords of punk wood should become a drug on the fuel market, it has at least served the purpose of insurance against conditions which might have been a good deal different and a good deal less comfortable.

The concert at the Capitol Theatre Sunday night is for the Canadian and American Army. It was thought at first that the Service Shows would be playing up on the hill, but the hall was engaged on the nights they could go, so Sunday night's show will be open to the American Army.

Here's a new card game for you boys at the forts who are tired of knitting and purling of an evening. It's called "Crazy Eights" and I copy the rules from the February Magazine Digest:

"The cards are dealt in a clockwise manner, one at a time, with the dealer having the choice as to number of cards each player is to receive within the limits of two to five cards apiece. When two or three players are competing, four or five cards make the best number to distribute. With four in the game, three or four cards are ideal. With a greater number of players, three cards apiece are appropriate. Occasionally a two card deal is in order. After the cards are dealt, the next card is faced on the table (if the faced card is an eight it must be buried in the deck and the next card faced) and the remainder of the pack is placed face down as a reserve, or stock-pile. The player to the dealer's left plays first. He has his choice of three plays. He may discard any of the same suit as the faced card, a card of any other suit but the same denomination as the faced card, or an "eight" of any suit which he may call any suit he desires. If unable to make any of these plays, he must draw from the stock, one card at a time, until he draws a card which meets one of the three requirements. The card thus played now becomes the faced card and the next player plays to it in the same manner. Play continues until a player has no cards left. He is the winner. Each hand is a separate game. Sounds simple, doesn't it, a cross between rummy, old maid, cribbage, casino, euchre, bezique and five hundred, I would say.

Apply NOW for your New Gasoline Licenses and Ration Coupon Books

On March 31, the present gasoline licenses and ration coupon books will expire. After that date no gasoline will be sold except on the presentation of a 1944-45 ration book. Applications for new gasoline licenses and ration coupon books should be made without delay.

Commencing April 1, under the 1944-45 rationing plan, the operation of which will be basically the same as that now in effect, all non-commercial vehicle owners will again be allowed a basic "AA" gasoline license and ration coupon book, containing 40 units for a passenger car, or 16 for a motorcycle.

Similarly, owners of vehicles eligible for a "Special" category, who can prove their need, will be granted an extra vocational allowance, fixed in advance for the year ending March 31, 1945. In determining the extra allowance—which will be measured to individual needs—the previous category and mileage of the car will not necessarily be an important consideration.

The extra vocational coupons will again be issued in books labelled "Special", and each book will contain not more than 60 units. To permit constant review of the needs of each category applicant, only one "Special" book, or portion thereof, will be issued at a time. The Oil Controller also has the right to refuse any application for a "Special" category, or to suspend any ration coupon book for an infraction of the regulations. The shortage of gasoline is still acute. Do not apply for a "Special" category unless your need is urgent.

On and after April 1, service station attendants will not accept gasoline ration coupons unless the license plate number of the motor vehicle for which they were issued is written in ink on each coupon. Every motor vehicle must also display on its windshield a 1944-45 sticker indicating the category of the coupon book submitted at the time of the purchase.

If the owner of a motor vehicle sells, transfers or disposes of it in any way, it is his obligation to see that the gasoline license and ration coupon book for that vehicle is returned immediately to the nearest Regional Oil Control Office.

PROCEDURE TO BE FOLLOWED BY APPLICANTS

For Category "AA" or "Motorcycle" Category	For "Special" Category
1 Secure Category "AA" application form at nearest Post Office.	1 Secure application form for both Category "AA" and "Special" category from nearest Post Office.
2 Obtain 1944 motor vehicle permit and/or license plates.	2 Obtain Category "AA" ration book and affix "AA" sticker to windshield.
3 Submit properly completed application form, together with motor vehicle permit and registration fee of \$1, to an issuer of motor vehicle licenses.	3 After it is properly and accurately completed, mail special category application form to the nearest Regional Oil Control Office, along with motor vehicle permit.
4 From the issuer you will receive your Category "AA" or "Motorcycle" ration book, and the return of your motor vehicle permit stamped to show that a ration book has been issued.	4 If you are granted a special category, turn to the first page of "Special" ration book, where the number of units you will be allowed for the year ending March 31, 1945, will be noted. On the basis of this allowance, plan your next year's driving.
5 Affix "AA" sticker to car windshield.	5 Affix "Special" category sticker to windshield.
6 Write in ink on each coupon the license plate number of the motor vehicle.	6 Write in ink on each coupon the license plate number of the motor vehicle.

(Only registered owners of passenger-type motor vehicles—other than commercial motorcycles, buses, taxicabs, and drive-yourself cars—who must of necessity use their cars in essential business, are eligible to apply for a "Special" category)

GUARD YOUR RATION BOOK

When you receive your 1944-45 gasoline ration book, guard it carefully. Do not leave it in your car. If, because of your negligence, it is lost or stolen, it may not be replaced.

CITY OF PRINCE RUPERT Notice of Public Meeting

The City of Prince Rupert has undertaken to "adopt" the Russian City of Nogaik. A public meeting will be held at the City Hall on Monday, February 29th, 1944, at 7:30 p.m., to appoint committees to arrange the necessary formalities. A cordial invitation is extended to all persons interested in this worthy object to attend the meeting.

H. D. THAIN,
City Clerk.

Orange Ladies Are In Session

At the regular meeting of the Ladies' Orange Benevolent Association Thursday evening, an impressive memorial service was held, the Charter being draped in memory of Mrs. Darracott, Past Mistress of the Most Worshipful Grand Lodge of British America.

The sum of \$75 was voted to the Orange War Relief fund. Over \$30,000 has already been sent for the relief of war victims in the motherland from this fund. The teaching of the Bible in the schools was discussed, and it was decided to support the Grand Lodge resolution that Bible teaching be not started until there is assurance that the St. James version of the Bible be used.

Next meeting night of the Orange Degree initiation will take place.

Roman Catholic Diocese Divided

The Roman Catholic vicariate apostolic of Prince Rupert and Yukon has been divided in two—one diocese to be known as Prince Rupert and the other Whitehorse. Bishop E. M. Bunoz will be vicar apostolic here and Bishop J. L. Condert at Whitehorse.

COMING YOUR WAY

Yes, the new EATON Catalogue for Spring and Summer, 1944, is rolling off the presses and will soon be in the mails on it's way to you.

We think you will be surprised and pleased with the variety of goods displayed for every member of the family, as well as the farm and home.

Many of the more popular lines you have come to know are still missing (war-time casualties), but where possible substitutes have been found that should give you nearly as much satisfaction.

Hold your Spring Shopping Plans until you receive this new Catalogue. You will find it worth your while.

**FINE FILM
RETURNING**

"Naughty Marietta," With Jeanette MacDonald and Nelson Eddy, Back Here.

The screen transcription of "Naughty Marietta" which was so popular in its first showing a few years ago, is coming back next Monday and Tuesday to the Capitol Theatre.

The importation of the Casquette Girls from France to mate with the settlers in Louisiana, the New Orleans marriage auction, the battle of the Everglades, the pirate capture of the casquette ship, the Paris of Louis XV and other authentic and dramatic details of the history of the founding of one of America's most romantic cities are woven into a thrilling adventure romance.

Jeanette MacDonald plays a princess who masquerades as a casquette girl, and Nelson Eddy a British officer in New Orleans. Their songs are backed by huge symphony orchestras, a chorus of a hundred voices, and many musical novelties.

An elaborate cast surrounds the famous singing principals, including Frank Morgan, Elsa Lanchester (Mrs. Charles Laughton), Douglas Dumbrille, Joseph Cawthorne, Cecilia Parker, Walter Kingsford, Greta Meyer, Akim Tamiroff, Harold Huber and Edward Brophy.

TIMELY RECIPES

Plain Pastry

3 cups sifted all-purpose flour or 3 1-3 cups pastry flour.
1 1/2 teaspoons salt
6 tablespoons cold water
3/4 cup lard or mild-flavored fat
Mix flour and salt. Remove half cup of the flour and blend the water into it, making a smooth paste. Cut the fat into the remaining flour until the pieces are the size of small peas. Mix in the flour paste, combine until the dough clings together. Chill before rolling. Makes enough pastry for three nine-inch pie shells; or 1 double crust and one nine-inch shell; or three dozen two-inch tart shells.
