WAR NEWS

Americans In Metz

PARIS—American Third Army troops are in the outskirts of the French city of Metz this morning. The fighting fortresses have fallen to the Americans but American headquarters is quick to caution that the capture of the city does not open the road to the city. The whole south of the city still is covered by enemy guns in other fortresses. A late dispatch from the Third Army front says American troops have captured the fortifications of Corny, four and one-half miles southwest of the city of Metz. The new gains make a new breach in German defences in front of Metz. To the south, Seventh Army forces have captured one of the villages guarding the Vosges Mountains to the Rhine.

Strike Again

LONDON—German robot bombs struck London and southern England last night. Some damage was done in the London and in outlying districts. The British Ministry of Home Affairs, meantime, discloses that one hundred and seventy-five civilians were killed during the month of October as a result of air raids on the United Kingdom.

Quit Ravenna

ROME—There are increasing signs this morning that the Germans are preparing to withdraw from the Italian city of Ravenna on the Adriatic coast. British troops are only four miles from the city, and advanced patrols have not yet seen signs of the enemy.

Role of Budapest

MOSCOW—Russian troops have entered a rail centre seven miles east of the Hungarian capital of Budapest. Moscow has nothing to report on fighting which previously was understood to be going on in the southern outskirts of Budapest but one enemy source says Red troops established a bridgehead five miles south of the Hungarian capital. Berlin reports new concentrations of Russian forces in East Prussia, and Soviet patrols are believed to be active in the area.

Garrison Doomed

PEARL HARBOR—The days are numbered for the Japanese garrison on Leyte Island in the Philippines. The Allies staged new advances toward the key coast port of Cebu. One immediate effect of the Allied gains has been the disruption of Japanese preparations for a counter-attack. The enemy sent a few suicide squads against Allied lines, but the gesture was futile.

Occupies Island

PEARL HARBOR—Admiral Chester Nimitz says about two hundred Japanese troops have occupied the tiny island of Wotho, eight miles from the Palau island of Peleliu. A full Allied patrol which had been on the island was removed without casualties.

United States Warship Sunk?

TOKYO—The Tokyo radio claimed today that Japanese forces had sunk a United States battleship. (There was no confirmation in American quarters).

Norwegians Join Reds

LONDON—Norwegian troops have been sent from northern Britain to join the Russians in fighting the Germans on the Arctic front.

German Ships Sunk

LONDON—The Admiralty announced today that nine German ships had been sunk in a battle with a convoy off the coast of Norway.

NON-PARTISAN ASS'N SQUARES FOR POSITION IN CIVIC ELECTION FIGHT

Elects New Executive, and Will Interview Prospective Candidates — Will Stress Public Works Planning and Bus Line

First move in the 1944 civic election campaign was made last night by the Prince Rupert Non-Partisan Association which met in the Eagles' hall to grid itself for the forthcoming municipal contest. There were about 20 members at the meeting.

ARMY IN ACTION VICTORY LOAN

The volume of Seventh Victory Loan buying by the Army in this area totalled \$159,700 or 100 percent of quota, exceeding the nearest previous figure by \$33,700. The buy-personnel percentage this year was 86 as compared with the previous record of 55 percent.

CANUCKS IN TIRPITZ JOB

LONDON, Nov. 14—At least a dozen Canadian airmen took part in the bombing which sank the German battleship Tirpitz in Tromsø Fjord of Norway. Wing Officer Walter Daniel of Prince Rupert was in the leading aircraft.

Plan To Control Germany

Advocate of PR. GEORGE ROUTE FOR ALASKA HIGHWAY VISITS HERE

Dewey Bullock Believes It Possible of Accomplishment With International Support

With the present Alaska Highway proven impracticable through its inability to carry traffic over long stretches of muskeg country between Fort St. John and Fort Nelson and its excessive susceptibility to washouts from glacial streams northwest of Fort St. John, it becomes necessary to abandon the prairie approach and, if there is to be an Alaska Highway at all, it must be rerouted. This is the statement of Dewey Bullock, authority on northern highway routes and apostle of a cut-off from Prince George to Teslin as the new Alaska Highway, who was an overnight visitor in the city. Mr. Bullock drove north from Seattle with Kemper Freeman of Miller Freeman Publications in a Chrysler New Yorker. They arrived in the city late yesterday afternoon and left about noon today on their return drive south. This morning they had a session with the speaker, Hon. J. A. Glen, who was satisfied that it was in the public interest to hold a session earlier than was planned. It had been at first intended to convene Parliament on January 31.

Ottawa Calls Session Of Parliament To Meet On November 22 Instead of January 31

OTTAWA, Nov. 14 — Prime Minister W. L. Mackenzie King announced last night that Parliament will assemble November 22. Mr. King stated that the speaker, Hon. J. A. Glen, was satisfied that it was in the public interest to hold a session earlier than was planned. It had been at first intended to convene Parliament on January 31.

MOTOR MISHAPS TIRE CHURCHILL

ON THE VOSGES FRONT. Nov. 14 — Prime Minister Churchill's visit to the Jura mountains zone of the French First Army Monday was one of the most exacting of the many he has made in this war in the cause of international good will. It was made so by a series of mishaps on a slippery road in the snow-covered area. For 15 minutes the car was embedded in a snow bank after being held up previously for ten minutes by a flat tire. Later, the chains came off one wheel. So worn out was Churchill when he returned to the railroad, he went straight to bed.

EARL GODFREY IS CANDIDATE

BROCKVILLE, Ont., Nov. 14 — Air Marshal A. E. Godfrey has been chosen C.C.F. candidate for Leeds County, Ontario. His nomination took place Friday night at Brockville. It is the first time such a high ranking R.C.A.F. officer has been chosen to represent any party.

High Ranking Air Force Officer Becomes Candidate

The nominating convention was addressed by Ted Jolliffe, Ontario opposition leader and head of the C.C.F. for the province, who told the gathering that Ontario will be the "hardest hit province in Canada" after the war unless industry is established on a basis of full production.

Ratepayers Will Vote On Bus Line Purchase

The purchase of Arrow Bus lines by the city will be voted on by ratepayers on election day, December 14. A bylaw authorizing the city to raise \$40,000 by issuing debenture bonds to finance the purchase of the Seal Cove bus line passed its first reading at a special meeting of City Council last night.

Some ant colonies build nests as large as cottages.

Some ant colonies build nests as large as cottages. (Continued on page 2)

CANUCKS PRISONER CROP TAKEN AT BOULOGNE—This front line danger sign can now be safely ignored outside Boulogne, important French port city, as the attacking Canadians have cleared the area of Nazis. The captured Nazi gun crew who used to shell the Dover coast is shown being marched to a Canadian prisoner-of-war enclosure.

C.C.F. in Field For Mayoralty

VANCOUVER, Nov. 14 — A. T. Alsbury, provincial president of the Co-operative Commonwealth Federation, has been nominated to contest the mayoralty in Vancouver in the next municipal election. The nomination was approved at a convention at which a full civic slate was chosen with the exception of one school board seat.

ROLLED UP BIG TOTAL

Local Shipyard Does Well in Victory Loan Campaign

While final figures for the Seventh Victory Loan campaign in the Prince Rupert Drydock and Shipyard are not yet available the total so far recorded has reached the impressive amount of \$174,000.

PAPERS SWAY MURDER TRIAL

VANCOUVER, Nov. 14 — Gordon Wismer, K.C., accused Vancouver newspaper and the Ministerial association of making comment detrimental to a fair trial of Joe Esposito, charged with murder in connection with the shooting of Kevin Thompson at the Esposito home on September 20.

West Bloc Favored In Europe

PARIS, Nov. 14 — Britain and France were reported in accord Tuesday on the desirability of forming a bloc of western European nations to keep Germany in check during the coming years of peace.

Responsible quarters said that Belgium and Holland may become original signatories to such a regional pact, along with Britain and France. Eventually Norway, Sweden and Denmark may come in.

Summarizing the week-end discussions of Churchill and De Gaulle, the French news agency expressed the view that the British and French governments would consider favorably the possibility of concluding such accords.

The London Times said that the idea of a western European bloc would fall directly within the category of regional arrangements or agencies for the maintenance of peace and security foreseen in the Dumbarton Oaks plan.

"MORNING NIP" PROVES COSTLY

His appetite for a "drink of whiskey in the morning" cost Jack De Hod, a chicken ranch operator, a \$100 fine and \$5.25 costs when he appeared in city "police" court yesterday.

De Hod pleaded guilty to being in possession of a still at his place on the highway not far from the Zenardi rapids bridge.

R.C.M.P. officers, who visited De Hod's home on Friday, brought into court a ten-gallon can, a section of copper tubing and three jars of colorless liquid which De Hod admitted were his.

Describing the colorless liquid as "whiskey" which he had made in his still, De Hod said that he made it strictly for his own use.

"I never sell it to anyone. I make it because I like a drink of whiskey in the morning. No one has ever seen me drunk since I came here six years ago," he declared.

"You make an awful lot of the stuff just for your own use," Magistrate Vance commented.

Corporal J. F. Piper said that when he and other constables visited De Hod's house they found a 20-gallon barrel half full of fruit mash. The crude still had been found buried on the property and the jars of liquor were hidden in a stump.

"Because this is your first offence of this nature I will fine you the minimum of \$100, plus costs," the Magistrate told the middle-aged defendant. The equipment was confiscated.

De Hod, who appealed for 30 days to raise the money, was granted 24 hours to pay the fine.

URGES REFORM FOR NATIVES

ALERT BAY, Nov. 14 — Nigel Morgan, Canadian member of the International Woodworkers of America told the opening session of the Native Brotherhood of B.C. fifteenth annual convention that the Federal government would be asked to give full citizenship rights to Canadian Indians without interfering with their treaty rights.

Morgan said that he favored a plan similar to that in effect for the Maoris of New Zealand. He pledged full support of his union to the achievement of a social reform program and the elimination of discrimination.

NON-PARTISAN (Continued from Page 1)

interview prospective candidate, were W. M. Watts and W. J. Scott.

Bus Line Deal Questionable

Indications of what may constitute the association's platform were revealed in discussion. W. M. Watts told the meeting that the contemplated purchase of a bus line by the present council is "a questionable piece of business."

"It is most untimely. Privately owned, the bus line might operate at a profit but it is questionable if the city could operate it without going into the red."

He added that some members of the council were committed to the purchase of the bus line by promises made to the citizens two years ago.

Mr. Watts deplored what he termed "lack of planning" in the administration of public works and utilities by the present council.

"That is a thing that is of great importance to the future of the city. We must use great care in the preparation of a public works program."

Robert McKay declared that the city was more in need of improved streets and sidewalks than a bus line. He urged the application of waterproof surfaces on sidewalks and a sustained street maintenance program.

Thomas Black said that greater co-operation between the city and the provincial government was desirable.

"I have seen evidence of lack of co-operation which has certainly been detrimental to the city," he declared. "It seems unreasonable to me that the federal government should have to employ an order-in-council to instal a measuring device in the city water main."

Mr. Black charged that the

THIS AND THAT

"You're sure there's no trick to it—I can choose any name I please?"

present council lacked a "progressive and concerted" program in regard to water, sewers and streets.

"There is also too little being done in regard to rehabilitation," he declared. "Rehabilitation is not merely finding work for those who come back from overseas, but it is also to maintain employment for those who are already here. We must particularly look into the future of the dry dock."

Bruce Mickleburgh, local Labor Progressive leader, told the meeting that many of the views expressed were similar to his own. He said that his party was prepared to endorse candidates whom they felt had at heart the best interests of Prince Rupert, regardless of the political leanings of the candidates.

POLLING BOOTHS

SESSION OF PARLIAMENT (Continued from Page 1)

bers against 73 for all other parties. The C.C.F. and the Social Credit each have 10 seats, with most of the other 73 opposition seats held by Progressive Conservatives. Eleven seats are vacant.

Mr. King's announcement calling parliament was submitted to the cabinet yesterday and it is understood it had the support of all the ministers present. There have been persistent rumors that other cabinet ministers may resign in support of Col. Ralston and among those mentioned in this connection are Navy Minister Macdonald and Finance Minister Ilsley.

Leaders of opposition parties have joined in demanding that the full facts of the Ralston resignation be aired to the public. C.C.F. leader M. J. Coldwell asked yesterday that parliament be summoned immediately to discuss reinforcements and Progressive Conservative leader John Bracken said last week that the Prime Minister has—to quote Mr. Bracken—"betrayed his trust and deceived both the Army overseas and the people at home." Last night Mr. Bracken in Winnipeg called on the government to "fulfill its duty" by making the Home Defence Army available immediately to reinforce the Canadian Army overseas.

Remembrance Day At King Edward

The annual observance of Remembrance Day took place at King Edward School on Friday when the pupils assembled in the music room. An impressive program was carried out by the pupils. It included singing of "O Canada," "The Lord is My Shepherd," "O God Our Help in Ages Past," "Jerusalem" solo by Isabelle Taylor and the National Anthem. Choral recitations were given, "In Flanders Fields" by Division I and "To the Fallen" by Division II. Jeanette Halliday recited "I Vow to Thee My Country." A brief address, the subject being "The Symbols of Remembrance," was given by the principal, Miss E. A. Mercer.

Reaction Is Vital . . .

The late Chauncey Depew, famous American senator, as well known for his wit as for his skill in debate, once said that he took absolutely no exercise except to act as pall bearer for his friends who died. And there's a good deal of common sense behind the flippancy of that remark. Your heart is a loyal and tireless organ, but there comes a time when it may object to overwork.

Exercise is a valuable form of reaction, invaluable to youth and useful when youth is past—but when middle-age is reached moderation in exercise is insurance on having more years to enjoy other recreations.

Fortunately, recreation is not limited to any one type of activity. There are literally hundreds of forms of recreation, from the most active to those that require nothing more than sitting down and listening. They can all serve the useful purpose of relieving mental and nervous strain, of helping to recharge the human "batteries," and giving zest to living. Semi-active and non-active recreations available to all include hobbies, attendance at sports events, attendance at or more direct interest in musical or dramatic entertainments, active interest in discussion or educational groups.

All afford diversion, a change of activity, and the very necessary break in the monotony of everyday routine.

If older people do not confine their recreation within the limits of their strength and physical condition, the resulting strain tears down rather than builds up—their recreation does no good—possibly harm.

Poison Warfare . . .

There has been a great deal of talk of the possibility of poison gas and of "biological weapons," the use of germs, being employed in this war. But it is not generally realized that to some extent at least these weapons have already been employed by Japan against China.

No less an authority than Dr. Thomas Parran, Surgeon-General of the United States, is quoted as saying:

"The enemy has planned and in my opinion will use bacterial warfare wherever possible."

It behooves the Allied Nations therefore to be on their guard. For who can tell whether or not a desperate Germany will employ such methods in the west as well as Japan in the east.

So far as the east is concerned, definite instances are cited. In the book "Japan's Secret Weapon," it is stated that recently bubonic plague occurred for the first time at Ningpo, Chekiang province, China. Afterward it was recalled that two days previous to the outbreak, which claimed 99 lives, Japanese planes had scattered considerable quantities of wheat grains over the town. About the same time three Japanese planes scattered wheat and rice grains, mixed with fleas over Chuhsien district in the same province and there too the bubonic plague, previously unknown, broke out. Some months later Chanteh in Hunan province had a somewhat similar experience, and grain examined there showed "micro-organisms resembling plague germs."

The question now is: To what extent is Japan prepared to employ such methods? Its use of opium in the effort to debauch the Chinese population is well known.

CANADA'S VETERANS

Their Post-War Opportunities

This is the ninth in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get the full details save and read every advertisement.

For complete information write for the booklet, "Back to Civil Life."

Care for the Wounded and Ill — CANADA'S TREATMENT AND PENSION POLICY

Canada's men and women who have volunteered to serve have done it in the realization that war demands a grim toll. They have known that in offering their lives to their country they have faced the possibility perhaps of coming back disabled, perhaps with health impaired, and perhaps needing long periods of treatment. Canada has recognized this and its responsibility to those who suffer injury or illness, and wide-spread treatment and pension provisions are now in effect and operating.

CONTINUING TREATMENT

For those requiring treatment at the time of their discharge there are special provisions. If treatment is commenced within thirty days, it will be continued as long as required; pay and allowances of rank are payable for at least a year if necessary, but if the disability is found to be pensionable, such payments can be continued beyond that if treatment will improve the condition.

TREATMENT PROTECTION AFTER DISCHARGE

If commencing within a year of discharge or within a year after continuing treatment ceases, every ex-service man or woman may receive in Canada, free hospitalization and treatment for any disability within that year except if due to misconduct. Allowances are payable up to \$50 monthly if single and \$70 if married plus additional amounts for children.

Those who have served outside Canada, who have limited means and are not entitled to treatment from some other source, may be given hospitalization without allowances at any time in Canada for remedial non-service-related conditions.

TREATMENT FOR PENSIONERS

If ex-service men or women are suffering from a pensionable war disability, not only are they eligible for all the above treatment benefits, but they are also entitled to treatment at any time or in any country for the pensioned condition. While undergoing such treatment they receive hospital allowance at the applicable 100 per cent pension rate less \$15 per month, if an in-patient.

THE PENSION POLICY

The basic principle in awarding disability pensions is that they are awarded as compensation for loss suffered. Pensions in Canada are administered by an independent commission, all members being ex-service men. The commission determines the percentage of disability and the rates of pension are fixed by the Pension Act.

THOSE ELIGIBLE

Generally, any ex-service man or woman who served overseas and who, on discharge, suffers from a disability as a result of that service and not the result of their own improper conduct, are eligible for war disability pension. Where service has been entirely rendered in Canada, the disability, in order to be pensionable, must arise out of

or be directly connected with military service. However, provision is made whereby pensions may be awarded to ex-service men or women with service in Canada only, if they incur serious disability which is not so related to service, and they are in necessitous circumstances.

AMOUNT OF PENSION

The rates of pension for all ranks up to and including Sub-Lieutenant (Navy), Lieutenant (Army), and Flying Officer (Air), are the same. The 100 per cent pension rates are \$900 for the man, \$300 for his wife, with allowances for children. If a man's disability is assessed at 25 per cent, he receives in pension 25 per cent of the 100 per cent rate.

WIDOWS' PENSIONS

The rates of pensions for widows and children of all ranks up to and including Sub-Lieutenant (Navy), Lieutenant (Army), and Flying Officer (Air), are: Widow \$720, first child \$180, second child \$144, each subsequent child \$120.

PARENTS

A dependent parent may be pensioned at the rate for a widow or such lesser rate as may be deemed necessary by the commission to provide maintenance.

TO ESTABLISH ELIGIBILITY

The documents of all service personnel discharged for medical reasons are forwarded to the pension commission by his service. If pension entitlement is conceded, pension is awarded after a medical examination to assess percentage of disability. However, if the ruling is not satisfactory, the ex-service man or woman is given every opportunity to present his or her claim and provision is made for a final personal hearing before an appeal board sitting in the applicant's district.

If an ex-service man or woman who has been discharged for medical reasons does not hear from the commission within a reasonable length of time following his or her discharge, he or she may write to the commission's nearest district office, requesting information.

VETERANS' BUREAUS

The services of veterans' bureaus are available to assist all ex-service personnel to prepare their claims for pension. Pensions advocates, attached to veterans' bureaus, give expert independent advice and assistance in the preparation of claims and their presentation before the commission.

Veterans' welfare officers are stationed in key centres throughout Canada. They are the friends of ex-service men and women. It is their duty to advise and assist all ex-service personnel with their re-establishment problems. If there is anything about the rehabilitation programme which you do not understand consult your nearest veterans' welfare officer.

Your Nearest Veteran's Welfare Officer is located at 425 Howe St., Vancouver.

"UGANDA" CANADA'S FIRST CRUISER—During a brief but impressive ceremony, held recently at an Eastern U.S. yard, the powerful 8,000-ton cruiser "Uganda" was officially transferred from the Royal Navy to the Royal Canadian Navy. The first of two cruisers for Canada's fast-growing Navy, H.M.C.S. "Uganda," shown here, is 549 feet in length, has six-inch guns, 6 twenty-one inch torpedo tubes and is equipped with the very latest anti-aircraft armament. She has a speed of more than 30 knots, carries a complement of some 800 men, and is entirely Canadian manned. Originally commissioned for the Royal Navy late in 1942, "Uganda" played an important role in the invasion of Italy. Later she moved up the Italian coast in support of the landings at Salerno where she was damaged by aircraft. She subsequently made her way to the United States for refit. (R.C.N. Photo.)

"Meet the Navy" Touring Britain

LONDON, Nov. 14 (C) — The Royal Canadian Navy's musical revue "Meet the Navy" began a British tour recently under the auspices of the Entertainers' National Service Association (ENSA). Performances are being given to the general public in some of Britain's music halls and the company of 102 serving men and women of the R.C.N. will tour service camps throughout the country, with priority given to Canadian centres. London expects to see "Meet the Navy," profits from which will go to King George's fund for sailors, early in the new year.

PRINCE GEORGE

Involving the largest theatre deal in the history of central British Columbia, properties of the Prince George Theatres Limited were sold last week to H. G. Stevenson, of Lacombe, Alberta. The amount involved was not disclosed. Previous owners were Hon. H. G. Perry, J. C. McKenzie and Levi Graham.

Thomas Alexander Ganton, 71, well known sawyer at the Sinclair Mill here for the last ten years, died a week ago after suffering a stroke while at work. A son, Mark Ganton, lives in Prince Rupert.

Executive of the Prince George Ratepayers' Association has been empowered to approach property owners to run in the forthcoming civic elections. However, before candidates are given the endorsement of the organization, a nominating convention will be called.

The worst inflation came AFTER the war the last time . . . to be followed by disastrous deflation, unemployment and confusion. For Canada to manage successfully the change back to peace, maintain employment, and meet the world's competition . . . we must continue to have stable economic conditions. To protect the individual from rising costs of living and later unemployment we must continue to prevent inflation.

**To prevent a repetition of the conditions following the last war
PRICE CONTROL MUST BE MAINTAINED
AS LONG AS INFLATION THREATENS US.**

This can only be done if production is efficient and economical, costs are kept down and consumers refuse to pay more than ceiling prices.

One person can start it!

When one person demands more for goods or services he compels others to do the same and Price Control goes out the window.

Sport Chat

Larry Gains, Toronto negro and British Empire heavyweight boxing champion, scored a two-round technical knockout over Alexander Lutz, British challenger, in London 16 years ago. Gains relinquished the Empire title to Jack Petersen three years later.

The Winnipeg Blue Bombers smashed through to their fourth, consecutive Western Interprovincial Football championship by a 23-2 win over the luckless Calgary Bronks four years ago yesterday. Bombers took the title in two straight games with the first win of 7-0 at Calgary and the second in their home town.

The light-heavyweight bout between champion Maxie Rosenbloom and Jimmy Braddock was stopped in the second round at New York 13 years ago when both fighters "laid down." Later Braddock entered heavyweight ranks, won the world's championship in 1935 and lost it in his first defence in June, 1937, to Joe Louis.

Indian Family Has Notable War Record

SASKATOON, Nov. 14.—Chief Joe Dreaver of the Mistawasis Indian reserve in Saskatchewan, is one person who knows the meaning of war.

The day war was declared Chief Dreaver arrived in Saskatoon with all the boys of military age in the reserve. There were 14 of them, among them his three sons. All enlisted in the Canadian Army.

The years that followed saw the little group scattered but on October 6 it suffered its first death. Sgt. Harvey Dreaver was killed in Italy. The reserve was also notified that Pte. Sam Dreaver of Leask, Sask., an uncle of Harvey's, had been wounded.

Chief Dreaver has an outstanding military record himself. A veteran of the First Great War, he is now a member of the Veterans Guard of Canada guarding prisoners of war at Medicine Hat, Alberta.

Recently he visited Saskatoon to meet his son George, discharged after service overseas, Henry, acting chief, and his daughters, Myrtle of the C.W.A.C. and Gladys, a member of the R.C.A.F. (W.D.) After the reunion he returned to the reservation for a memorial service in honor of his son.

Of General Interest

B. C. Apples in Bulk
Because of a shortage of boxes some B. C. apples are being shipped by carload in bulk and the retail cost is reduced slightly because of the saving in freight.

Set Own Delivery Limits
Retailer can now deliver orders worth less than a dollar if they want to. However, only one delivery a day over any one route is allowed.

"Sunday Best" to Army
The high-grade leather in 9,500,000 pairs of military footwear which have been manufactured in Canada since the start of the war, would make three pairs of "Sunday best" quality for every child under 14 in Canada.

Lift Brush Restrictions
Use of horsehair in the manufacture of shaving brushes is now unrestricted if the manufacturer can secure his own materials. Manufacturers may also make any type of household brush, whisk or mop, but early supplies will be limited by available manpower and materials.

Preserves for Canning Sugar
Unused "F" canning sugar

Top Favourites!

The swain who told the lady of his choice he loved her "as a New Englander loves pie" may have lacked something in romantic appeal (history does not tell how the lady responded to his declaration) but at least he was expressing an unwavering devotion. For New Englanders are noted for their fondness for pies, even at breakfast.

But a liking for pie is not confined to New England. There is scarcely a man in Canada who wouldn't vote pie his favorite dessert and it's a smart girl who masters the art of making a really good pie well in advance of the wedding day.

Today we offer something out-of-the-ordinary in the pie line, recipes designed to become top favourites with all the family.

coupons, 1 to 10 in Ration Book 3 may be exchanged for preserves coupons at any local Ration Board. These "F" coupons expire on December 31 along with all other coupons in Ration Books 3 and 4.

Cheeseapple Pie

Pie paste
6 medium-sized apples
1-3 to 1/2 cup brown sugar
1/4 teaspoon cinnamon
1/4 teaspoon nutmeg
1/2 teaspoon salt
1 tablespoon cornstarch
1 tablespoon butter
1 tablespoon lemon juice
1/2 teaspoon grated lemon rind
1 cup grated cheese
Line a 9-inch pie plate with pastry. Peel, core and slice apples thinly. Combine sugar, spices, salt and cornstarch and sift over the apples, stirring gently until well coated. Place apples in layers in the pie shell. Dot with butter and sprinkle with lemon juice and rind. Bake, without a top crust, in a hot oven, 425 degrees F., for 25 to 30 minutes. Remove from oven, sprinkle cheese over pie and return to oven to melt cheese. Serve hot or cold.

Lemon Cream Pie

1/2 cup sugar
2 1/2 tablespoons cornstarch
1/2 teaspoon salt
1 1/2 cups milk
2 egg yolks, well beaten
1/4 cup lemon juice
1/4 teaspoon grated lemon rind
1 baked 9-inch pie shell
2 egg whites
2 tablespoons sugar
Combine sugar, cornstarch, salt, milk and beaten egg yolks and cook in top of double boiler until thick, stirring frequently. Add lemon juice and rind. Cool custard slightly. Fill baked pie shell. Top with a meringue made from the 2 egg whites and 2 tablespoons sugar and brown in a moderate oven, 325 degrees F.

Chocolate Mint Pie

1 tablespoon gelatin
1/4 cup cold water
1/2 cup boiling water
2 squares (2 ozs.) unsweetened chocolate
3 eggs
1/2 cup granulated sugar
1/4 teaspoon salt
2 drops oil of peppermint
2 tablespoons sugar
1 baked 9-inch pie shell
Soak gelatin in the cold water, for 5 minutes. Cook chocolate in boiling water, beating until it is smooth. Remove from heat, add gelatin and stir until dissolved. Separate the eggs, beat yolks, slightly and add sugar and salt. Gradually add chocolate mixture. Add peppermint and chill until partially set. Whip the egg whites until stiff and gradually beat in the two tablespoons of sugar. Fold into chocolate mixture, pour into baked pie shell and chill until set.

Cocoa Pastry

1 1/4 cups sifted all-purpose flour, or 2 cups sifted pastry flour
3 tablespoons cocoa
2 tablespoons sugar
1/4 teaspoon salt
1/4 teaspoon cinnamon (optional)
2-3 cup mild-flavored fat
1/2 cup cold water (approx.)
Sift flour, cocoa, sugar, salt and cinnamon (if used) together. Using 2 knives or a pastry blender, cut in the fat until mixture resembles fine crumbs. Gradually add water until dough clings together. Roll out and line 9-inch pie plates. Prick and bake at 425 degrees F., for 10 to 15 minutes. Use with a plain cream filling. Yield: 2 shells.

Soy Pie Crust

(Makes 1 2-crust pie)
1/4 cup soy flour
1 1/4 cups white flour
3/4 teaspoon salt
1/2 cup shortening
3 tablespoons ice water
Sift soy flour and white flour separately. Measure and sift together with the salt. Cut in shortening. Blend in ice water. Knead lightly to bind together and roll out on a lightly floured board.

BARN DANCE AT HIGH SCHOOL

Pupils of Booth Memorial High School had a merry time last Friday night at a barn dance staged by Grade 11U. The affair was held in the school gymnasium which had been given an appropriate setting with bales of hay and rustic murals. The girls and boys came in costumes befitting the occasion. Reg Martin made a capable master of ceremonies. Square dances as well as modern dances featured the evening's program. Much interest was taken in the prize dances as well as in the awards for costumes. Refreshments took the form of cake and sandwiches. Principal W. W. C. O'Neill and other members of the teaching staff favored the affair with their presence.

Conservation - Hints -

Grit in Your Teeth

Gritty spinach once bitten, twice refused. So you think you can't get all the sand out—well, matriarchs, lend us your ears! Pick over the next bunch of spinach you're preparing for dinner carefully. Cut off the roots, so far nothing new here but now put it in a large pan of warm water—swish it up and down several times and let it stand for two or three minutes then lift out. This is important. The grit and sand are at the bottom of the pan and if you pour off the water, back into the spinach goes the enemy. But you're not through yet. Repeat the procedure a second time and finish off in a pan of cold water. Away with it to the cooker.

It's in the Bag

Carry your own brand of filling basket with you on your household tidying jobs. Pin a paper bag to the belt of your house-dress and use it to collect the part of the jig-saw puzzle you'll find in the hall or the ties that must go to the kitchen for pressing—all the small items that have to be moved from one place to another every day. (A paper bag is useful too when you go through the house dumping ash trays and picking up apple cores). And how about designating a special drawer in a special place as a Lost and Found Dept. Helps teach children to be more careful about picking up their toys if there is a kind of ceremony about getting lost articles out of the drawer.

To Egg You On

What do you do with a leftover egg yolk? Cover with cold water and keep it in an airtight jar in the refrigerator of course. We were sure you knew. But what do you do next? Use it up in sandwiches and salads? Here's a tip on that. Poach it just as you would a whole egg but cook until it is firm. If you're going to bake, remember that two egg yolks can take the place of one whole egg, and make a custard more tender and golden. Don't forget that you can add the yolks to the next pan of scrambled eggs too.

Stainless Steel

1934

GAINED WORLD RENOWN

WHEN the Burlington "Zephyr" sped like a silver bullet on its first run from St. Paul to Chicago in 1934, the fame of a new structural material rang around the world. True, Stainless Steel had been used as early as 1916, but for the first time the amazing strength and rust proof qualities of Stainless Steel were utilized by modern designers and engineers to revolutionize railway construction. This new train was completely encased in Stainless Steel (8% Nickel, 18% Chromium), so thin—yet so strong—that weight and operating costs were reduced, and hours cut off its running time.

Soon this alloy was being used in airplanes, automobiles, hotel and hospital kitchens, in the pulp and paper, oil and chemical industries. Another new market for Nickel with far-reaching peacetime possibilities was thus developed to replace and overshadow the war markets lost in 1918.

Today Canadian Nickel is again diverted to war purposes, and again the industry looks to the future with confidence. Plans are ready to develop and expand old and new peacetime markets, so that the Nickel industry may continue through its own initiative and enterprise, to make still greater contributions to Canada's welfare.

Dance at Terrace On Armistice Eve

TERRACE, Nov. 14—A great crowd attended the Oddfellows' Hall last Friday night when a big dance was held on the eve of Armistice Day. Excellent music was provided by one of the local military units and the affair was under the spirited direction of R. W. Beecher as master of ceremonies.

Miss C. Monteith returned yesterday afternoon from a trip to Vancouver.

Mrs. A. T. Parkin returned Monday afternoon from a trip to Vancouver.

E. J. Fitzpatrick of the public works department, left this afternoon on a trip to Vancouver.

D. Zarelli, former owner of the Royal Hotel, left last night to return to Vancouver after a brief visit to the city.

Terrace visitors in the city over the week-end included Mrs. J. Smith, Mr. and Mrs. O. T. Sundal and Mr. and Mrs. Kirkaldy, sr.

▲P.T.A. meeting, Booth Memorial High School, Wed. Nov. 15, 8 p.m. Dr. R. G. Kräpe speaking on "The Health Unit." Refreshments. (267)

Mrs. Will Robinson of Terrace, was a visitor in the city Monday, arriving Sunday night with Mr. and Mrs. C. J. Norrington who spent the week-end at the interior town. Mrs. Robinson returned to Terrace yesterday afternoon.

Miss Eva La Pierre of the U.S.O. supervisory staff left last night on a holiday trip to the eastern United States. She will visit New York and Boston, spending what she hopes will be a true "Yankee" Thanksgiving in New Hampshire. She is expecting to return before Christmas.

Glenn Hemmons, son of Mr. and Mrs. F. Hemmons, 815 Alfred Street, left last night for Vancouver to join the Canadian Active Army. His brother, Trooper Cecil Hemmons, Canadian Armored Corps, has arrived safely overseas according to word received by his parents last night. Both boys were raised in Prince Rupert.

TWENTY YEARS AGO

IN PRINCE RUPERT

Nov. 14, 1924

The thief who broke a show window in Goldbloom's fur store, running off with a \$1,000 mink coat and other valuable fur garments, did not carry his loot far. The mink coat and a seal coat valued at \$230 were found the following afternoon under a wooden sidewalk by a native boy and turned in to the police.

On his way from Ottawa to Seattle to attend the first meeting of the international fisheries commission, W. A. Found, director of fisheries for Canada, passed through the city and met with local members of the industry.

In a front page editorial the Daily News urged that the terminal elevator, then under construction, be used as a focal centre for grain shipments, urging that grain could be shipped more cheaply from Prince Rupert than through eastern American ports where high tariffs were charged.

Prince Rupert, B.C.

Christianity Is Ever Struggling

Area Army Padre C. E. Mason said at the Armistice Day cenotaph ceremony that, as long as men embraced the Christian faith there would be struggle for the history of the Bible showed that evil men had always resisted the works of good ones. He pictured David, "perhaps the greatest of the early prophets," who pursued his faith in God with a sword at his side, often hiding in caves to elude his enemies.

The dead of the First Great War and the present one were heroes who had sacrificed their lives in the cause of righteousness and truth. Padre Mason concluded with the hopeful spirit of the "Battle Hymn of the Republic" beginning with the lines:

"Mine eyes have seen the glory of the coming of the Lord He is trampling out the vintage where the grapes of wrath are stored"

GAME TO FRENCHMEN
Pall Mall was originally the name of a French game resembling croquet.

T. Rystad left last night on a trip to Vancouver.

Provincial Police Inspector Ernest Gammon returned Monday afternoon from an official trip to Ocean Falls.

Major Campbell Dow, Army camp commandant at Terrace, left last night on his return to the interior after a brief visit to the city on business.

City Council, at a special meeting last night, approved acceptance of the ambulance committee recommendations arrived at last week in joint meeting with the hospital board. It also gave first and second readings to a by-law permitting the closing off of certain undeveloped lanes within property now used by the Navy department.

EAST END CUBS MEET

The East End Cubs met last night at the Conrad Street School. Thirty-six were present. The whole evening was devoted to games and tumbling.

PREACHES OPENING OF NORTH

(Continued from page 1)

W. J. Scott, president of the Prince Rupert Chamber of Commerce and S. E. Parker, chairman of the highway committee of the chamber, with a view to obtaining local views and reactions.

The Prince George-Teslin road would be about 647 miles in length and would cost some \$14,000,000. It is the road in the construction of which the national governments of both United States and Canada would co-operate, Mr. Bullock said.

It is the road on which all of British Columbia could and should unite and, as such, would have a good chance of being built. Further, he claims, it would pass through the centre of the potential mineral fields of Northern British Columbia instead of skirting them. This being the case, he contends that Prince Rupert would do well to unite with the other communities of central British Columbia in support of this road.

The north-south road through British Columbia to Alaska is something on which there must be agreement if it is to be built at all, declares Mr. Bullock. He has no objection to the proposal for a road north from Hazelton but believes that the only practical way of getting that is to connect with the Prince George-Teslin road by going up the Skeena to the Sustut River, a distance of ninety miles.

With another projected lateral road from Takla Lake through Mitchell Pass to Fort St. John, the Peace River district would be made tributary to the rerouted Alaska Highway and thence to Hazelton and Prince Rupert which, he contends, is the logical Pacific Coast outlet for central British Columbia.

Mr. Bullock has been spending the past four years personally investigating and mapping the north country with a view to ascertaining how best highway and later railway transportation facilities can best be provided. Having satisfied himself that the Prince George-Teslin road is the best, he is now campaigning for its construction. He has already won the support of the Pacific Northwest Trade Association and the Miller Freeman Publications.

Mr. Bullock suggests that a survey be made of both the Prince George and Hazelton routes to determine fairly and finally which is the most feasible and, that done, everyone get behind that which is chosen and fight for its construction in the interests of the development of the whole district. He is confident that the Prince George-Teslin route would be chosen. According to his plan, it would have a cut-off from Prince George to Fort St. James whence it would proceed north along Pinchi Lake, Takla Lake,

Trembleur Lake, crossing the Stikine River at a point 40 miles east of Telegraph Creek.

As eventual lateral feeders sees roads going off to both east and west. Among the western feeders he envisions roads leading out to the coast at the lower end of Observatory Inlet, at Hyder and Stewart, down the Stikine towards Wrangell and down the Taku to the coast near Juneau.

Mr. Bullock estimates the cost of this road at \$14,000,000. "It we are not prepared to spend that much in development of the country, then we might as well give the country back to the Indians and be done with it," he says.

The greatest population of Europe is between the fifty-fourth and sixtieth parallels of latitude, Mr. Bullock points out. Those are the parallels containing central and northern British Columbia. "All we need to open up that country and bring people flocking in to develop its resources is to provide the transportation," asserts Mr. Bullock. "Then what are we waiting for? Why do we not settle upon the best highway route and pull together for its construction?"

Princo Rupert Biggest City

Mr. Bullock envisions as a result of the opening up of the great hinterland of northern and central British Columbia a city at Princo Rupert which will eventually outstrip Vancouver in size and importance. He sees great industrial possibilities here and in the district. "I think it is a great misconception," he says, "to think that Princo Rupert has no more possibilities than being just a fishing town and the central interior only a farming district. I see their future instead in industrialization through the opening up and utilization of the natural resources, providing products which are required throughout Canada and the United States."

Mr. Bullock recently became interested in the Silver Standard Mine at Hazelton upon which some improvement work was carried out during the past year and for which his company—Hazelton Star Mining Co. Ltd.—plans the installation of a 200-ton mill.

FOUR YEARS AGO IN THIS WAR

By the Canadian Press
Nov. 14, 1940—Former Prime Minister Neville Chamberlain, 71, died at his country home at Odham, England. German made scattered raids on United Kingdom. Forty Hungarian Nazis arrested following reported Bucharest plot to kidnap Regent Nicholas Horthy and establish Iron Guard regime.
