RE FRENCH HAVE TERRACE

Further Movement of Troops From Interior Camp in Quebec Province

Dec. 4 — A French-Canadian regiment — Fusiliers du St. Lawrence — and a French-Canadian field ambulance unit left Terrace on special trains Sunday afternoon for Quebec camps.

American Plan Be Accepted

CHICAGO, Dec. 4 — American representatives at the international civil aviation conference agreed for success as delegates from 54 countries drive to the wind-up early next week.

1000 MORE VOLUNTEERS

Half of New Recruits in Pacific Command in November Were H.D.'s

VANCOUVER, Dec. 4 — There were some 1000 volunteers in Pacific Command for active service in the Army during the month of November. About half of these were Home Defence soldiers.

Apology By United States to Russia

WASHINGTON, D.C., Dec. 4 — An official apology has been sent by the United States government to the Russian government following an attack made in mistake by American bombing planes on a Russian column in Jugoslavia.

Eastern Front — Reds Drive In Hungary

Russians 45 Miles from Austria as Budapest Campaign Develops

MOSCOW, Dec. 4 — Russian forces driving through Hungary are now within 45 miles of the Austrian frontier. Red troops have also penetrated strong German defences along the Slovakian border by capturing two enemy strongholds.

RE FRENCH HAVE TERRACE

Further Movement of Troops From Interior Camp in Quebec Province

Dec. 4 — A French-Canadian regiment — Fusiliers du St. Lawrence — and a French-Canadian field ambulance unit left Terrace on special trains Sunday afternoon for Quebec camps.

Railwaymen Helped Aircraft Detection

WINNIPEG, Dec. 4 — With the discontinuance of the Aircraft Detection Corps which has functioned in Canada and Newfoundland since 1940, a letter has been received at the headquarters of the Canadian National Railways from Air Marshal Robert Leckie, chief of the air staff at Ottawa, paying tribute for services rendered by agents and operators of both rail and telegraph departments of the National system.

WAR NEWS

of Germany

IS—American Ninth Army troops battled into the river bastion town of Linnich Saturday, shoving the northern arc of the Cologne Plain battle within fifteen miles of the Rhineland and twin factory cities of Rheydt-Munchengladbach. The American First Army, further south, chomped slowly toward Duren on Roer. The British second Army front to the north in Germany and along the Meuse River in Holland was quiet. There were no reports of action from the front in Germany east of Nijmegen which was last reported held by elements of the First Canadian Army. Tanks of the American Third Army lengthened their front on the Saar River opposite Merzig to ten miles and were within two miles of Saarlautern. The American Seventh Army was exploiting what seemed to collapse of the German line across northern Lorraine. The French First Army, driving north from Mulhouse, was within thirty miles of juncture with the American Seventh Army. The German News Agency said that Canadians, after an artillery barrage, opened a large scale attack on the eastern side of Dunkerque where the Nazi garrison is holding out.

Advance In Hungary

MOSCOW—Premier Joseph Stalin announced Saturday that the Russians had captured more than 300 places in southwest Hungary including strong points of Kapsovar, Dombovar, Paks and Szegszard.

Coblentz Is Bombed

LONDON—Three railway yards in the Coblentz area on the Rhine about fifty miles behind the western battlefront were smashed Saturday by American bombers and fighters.

In Far East

CHUNGKING—The capture of Chefang by the Chinese leaves only about 24 miles of the Burma road to be taken before assault upon the border city of Wanting. The Chinese tightened their hold Saturday on the North Burma stronghold of Bhamo where 1000 encircled Japanese face annihilation. All entrances are blocked and the entire area is covered by Chinese artillery fire. Kweichow provincial government has ordered evacuation of all non-essential employees from the capital of Kweiyang which is threatened by the Japanese offensive.

Suicide Charges Beaten

GENERAL MACARTHUR'S HEADQUARTERS IN THE PHILIPPINES—The fanatical Japanese have made repeated suicide charges south of Ormoc against the American Seventh Division but were beaten back after suffering heavy losses, headquarters reported Saturday.

Battle of Italy

ROME—The British Eighth Army is now up against a new German defence wall in Italy. The Tommies have advanced through the Po Valley northeast of Faenza, reaching a small town on the road from Faenza to Ravenna. No new action is reported from the Allied front south of Bologna.

British Air Defences Busy

LONDON—Aerial action, of unspecified character, kept south coast British defences busy from dawn yesterday until early today. The Air Ministry, in making this announcement, says some casualties and damage resulted. Another Air Ministry announcement reveals that Allied planes last month dropped more than 114,000 tons of bombs on Germany.

War In Pacific

PEARL HARBOR—Yesterday's B-29 attack on Tokyo was the most successful aerial attack ever launched against the Japanese capital. The primary objective for the American fliers was a factory turning out engines for the Nakajima aircraft plant—one of the most vital targets in all Japan. While the enemy claims fourteen of the huge bombers were shot down, the Allied report admits only the loss of one plane. In other aerial action, Allied heavy bombers attacked enemy installations on Iwo Jima in the Volcano Islands. This marked the fifth raid in four days against this target. Meanwhile, ground activity on Leyte Island in the central Philippines has been limited to minor patrol actions, since heavy rains have limited heavy ground movements.

Ottawa Review—

FEDERAL MEASURES TO AID OF CANADIANS IN POST-WAR ERA

Government Moves During 1944 Will Ease Living Conditions

By D'ARCY O'DONNELL (Canadian Press Staff Writer)

OTTAWA, Dec. 4 (CP)—The Dominion government during 1944 has rounded out its program for the rehabilitation of service personnel and adopted measures aimed at improving living conditions generally in Canada in the post-war period.

Priority was given measures aimed at facilitating the return of the service man and woman to civilian life, but attention also was given to a family allowance that will provide a monthly allowance for every child in Canada.

In first place among the rehabilitation measures was the war services gratuity bill, providing cash grants and rehabilitation credits to volunteers, draftees obligated to serve without territorial limitations or in the Aleutians, to members of the women's services, within a year after discharge.

The scale of the gratuities:

1. For every 30 days service in the western hemisphere, including Canada, the West Indies, Newfoundland and South America, \$7.50.
2. For every 30 days service overseas, including the Aleutians, Iceland and Greenland, \$15.
3. For each six months service overseas, seven day's pay and allowances.
4. Subject to certain conditions a re-establishment credit approximately equal to the total amount of the gratuity.

The gratuity payments, scheduled to begin in January, 1945, will be in two sections.

Tokyo Is Hit Again

Large Fires Left Burning After Airplane Engine Plant Is Bombed

WASHINGTON, D.C., Dec. 4—Tokyo was bombed for the fourth time in eight days by American superfortresses yesterday. An airplane engine plant was the principal objective. The attack lasted for an hour and a half and there were good results. Hundreds of tons of bombs were dropped and there were many direct hits. Large fires were left burning.

There was moderate anti-aircraft resistance and one superfortress was brought down over the target. Four Japanese planes were destroyed and eight probably destroyed.

In the Kurile Islands Paramushiro was attacked by United States bombers.

RESERVE TO KNOW ITS FATE

OTTAWA, Dec. 4 — The fate of the Reserve Army, Canada's part-time Home Guard, may be decided today by an answer expected to be given in the House of Commons.

On Friday, Prime Minister W. L. Mackenzie King promised Gordon Graydon, Progressive-Conservative House leader, that he would consult the Minister of National Defence and try to have an answer today on Graydon's question as to what was to become of the Reserve Army.

Graydon said that an army of citizen volunteers—180,000 youths, veterans and essential war workers who drill twice weekly and usually toil on week-end schedules—would like to hear a definite and clear-cut statement of policy.

H.D.'s and Service Men Fight—

ZOMBIES BATTLE WITH VETERANS AND CITIZENS IN FORT FRANCES

FORT FRANCIS, Ont., Dec. 4 — Home Defence troops of the Canadian Army clashed with general service men and town-folk for three hours Saturday night. One person is still believed to be in hospital. The police refused today to give any account of the incident.

The clashes are said to have culminated from a week of tension while Home Defence men were employed near here on railroad work. They were visiting town while awaiting departure for Shilo Camp in Manitoba, Sunday morning.

The trouble started at 11 p.m. while the men wandered through town.

Returned men of the present and First Great War, airmen and sailors on leave fought with the Home Defence troops in front of a hotel, in cafes and in the Canadian National Railways depot.

Approximately two hundred people witnessed the flare-up in front of the hotel.

Sailors and airmen, as well as Home Defence troops, were reported to have been armed with weapons.

One injured man said he had been hurt by a blackjack.

Some witnesses said some persons in the crowd called the Home Defence troops "Germans" and "saboteurs."

Police said Sunday night that the situation was well in hand. The Home Defence men left Sunday afternoon for Shilo camp.

THUG STRIKES YOUNG WOMAN

A thug who struck down a young woman at the entrance of Waldron Apartments, with a vicious blow to the head which knocked her unconscious, made off with her purse at 1 o'clock Sunday morning, she reported to police.

The girl said that she was struck by a man as she was about to enter the apartment house after coming off duty as cashier at the Commodore cafe. She was unable to identify her assailant on account of darkness, she said.

The purse contained about \$5 in cash.

The young woman is up and about today after receiving medical treatment for head injuries.

BIG PLANE IS MISSING

Twin-Engined Flying Boat Lost Around South of Vancouver Island

VANCOUVER, Dec. 4—A twin-engined Canso flying boat of the Royal Canadian Air Force is reported to have been missing since 8 o'clock Saturday night somewhere in the Straits of Juan de Fuca or southern tip of Vancouver Island area. It was based from Patricia Bay and had a crew of nine men on board. It was on a routine operational flight. Western Air Command announces that an aerial search is being conducted by R.C.A.F. aircraft but no trace of the plane was reported Sunday.

Next-of-kin of the missing airmen have been notified and names will be released shortly.

\$76,975 Waterfront Job to Currie

LOCAL BUILDERS ARE AWARDED FLOAT CONTRACT

Contract for construction of new fishermen's floats at Fairview Bay at the outer end of Prince Rupert harbor has been awarded to John Currie and Son, local contractors, for \$76,975 it was learned at the week-end.

Work on the new floats will begin as soon as materials become available, it is understood.

Designed to increase mooring facilities for fishing boats, and thereby make this port a base for an increased number of fishermen, the floats will cluster about the new Fishermen's Co-operative plant at Fairview Bay.

The floats, which will have a total length of 1970 feet, and consequently will afford docking space of almost double that length, will be in two sections.

One section, totalling 1370 feet, will be at the south side of the new co-operative plant, and the other, 600 feet long, at the north side.

Protecting the mooring base from the rough sea will be a floating breakwater 1120 feet long, composed of 14 sections of logs, each 80 feet long. Provision is being made for the possible expansion of the breakwater another 320 feet at the northern end.

The breakwater sections will be made up of five logs each, bound together with chains and held in place by heavy concrete anchors.

Trestle approaches will run out from shore to the floats on either side of the Fishermen's Co-operative property and will be joined to the floats by a gangway.

Standard width of the floats will be 15 feet.

The northern section is designed to have a length of 280 feet paralleling the shore, and two branch floats each 160 feet long.

The structure at the southern side of the Co-op is to have a length of 670 feet paralleling the shore, and four branches. Two of the branches will be 160 feet long, the third, 180 feet long, and the fourth, 200 feet long.

The floats will be solidly constructed raft sections, decked over with two-inch planking and moored in place by tall pilings.

Chiang Kai-Shek To Concentrate On War

Agreement Reported to Have Been Reached Between Central Government and Communists to Co-operate Against Japs

CHUNGKING, Dec. 4 (CP)—Foreign Minister T. V. Soong assumed the Premiership of China today in a move which will enable Generalissimo Chiang Kai-Shek, as commander-in-chief of China's Army, to concentrate fully on military tasks. There were uninformed and possibly inspired reports of agreement in principle between the central government and the Communists in waging war against Japan.

Bulletins

DIPLOMAT SHOT DEAD

NORFOLK, Eng.—A veteran British diplomat in the Far East, Sir Eric Teichman, has been found shot dead on the grounds of his estate at Norfolk. Police say the wounds were not self-inflicted.

DEGAULLE AND STALIN

MOSCOW—General Charles DeGaulle appears to be making progress in his Moscow mission. So far, he has held two conferences with Marshal Stalin, and it is understood that the French leader and Stalin have reached some sort of agreement on future collaboration between France and the Soviet Union.

MORE JAP SHIPS SUNK

WASHINGTON — American submarines have bagged twenty more Japanese ships including a light cruiser and destroyer.

MEDICINE HAT FIRE

MEDICINE HAT — The Assiniboine Hotel, one of the old landmarks here, was destroyed by fire Saturday night. A jewelry store nearby was damaged. Loss is estimated at \$150,000.

Greece in Turmoil—

Internal Fighting Is Serious

Fifteen Killed and 148 Injured in Athens Street Battles

ATHENS, Dec. 4—Fifteen were killed and 148 estimated injured yesterday in bitter street fighting with Greek guerrillas resisting an order of the government that they give up their weapons. The battle occurred in Constitution Square. British armored cars stood by as Greek police fired into the rioters with machine guns.

Greece has been thrown into a turmoil as a result of the trouble between royalists and leftists in the streets of Athens when police and anti-government demonstrators clashed. The police fired on the crowds. The casualties of 15 dead and 148 wounded were estimated by the left wing.

The Commons is expected to take the confidence vote Tuesday or Wednesday. The lawmakers reconvened this afternoon after a week-end of adjournment. The conscription debate will be continued by Liberal Leonard Tremblay, member for Quebec-Dorchester constituency.

Much of the speculation in Ottawa centres around the forecast made in the Senate Friday by Norman Lambert. The Liberal Senator from Ontario, and former president of the national Liberal Association, predicted that an extension of the life of parliament is more likely than dissolution.

It is remembered that the Prime Minister has often said he hopes to put off a general election until after the war but he has also declared that he is opposed to an extension of the

(Continued on Page 5)

GETS V.C. FROM KING

LONDON, Dec. 4—Major John Mahoney of New Westminster, recent winner of the Victoria Cross, for exploits in Italy, is returning to Canada to take a course at Kingston Military College. He will also visit his home in New Westminster. Yesterday Mahoney was invested at Buckingham Palace by the King and had a long chat with the King and Queen, talking among other things of their Majesty's visit to New Westminster in 1939, when their train was delayed at Pattullo Bridge, Mahoney having been there at the time.

A Great Army . . .

If any further indication is needed of the feeling in Britain that the war against Germany is nearing its victorious climax it comes in the announcement that the Home Guard is being disbanded. It means that Germany is now regarded as a spent force able henceforth only to conduct a gesture of defence.

The enthusiasm and energy of Britain's civilian army, which was conceived on war's outbreak, stood valiantly by through the dark days when invasion by the mighty Hun armies was a menacingly immediate threat and became developed into a fierce fighting force which, if necessary, would have given a mighty good account of itself had it been ever necessary to fight on beaches, fields or streets, was one of the marvels of this war. A nation aroused and ready to fight for its life to the last old man and young boy—yes women and girls too—was exemplified in that noble army which for years stood an even greater brunt of the war's arduosities than the enlisted fighting men themselves. The Home Guard may have never actually fought but the fact of its existence and the spirit of its being may well go on the record as having been one of the real factors in winning the war. The Home Guards of Britain are entitled to all honor and the respite they now get is richly due them.

It would be quite in line with Nazi strategy to call "ouch" now to get a breathing spell for the next round — say twenty years hence.

If it were not for propaganda, how much easier it would be to make up our minds.

The Boys Want Unity Too . . .

Possibly it may be of interest and example to us at home to hear what the boys who are doing the fighting overseas are thinking about politics. At our editorial desk here, we turned to "The Maple Leaf," Canadian Army publication in Brussels, and here is an editorial we found:

"Political developments in Canada have been the subject of discussion and speculation by Canadians everywhere during recent weeks. Although the issues involved may be of particular interest to the Canadian Army, we must not take our eye off the ball. Our job at present overseas is to get on with fighting the war. Not that Canadian soldiers shouldn't take an interest in the affairs of their country. To the contrary. But the fact remains that if we are to operate as an efficient fighting team there can be no room for political issues within our ranks.

"There is room here for timely discussion, but not for political opinions. "That Canadian soldiers overseas think about the affairs of their country is only too evident in letters received by The Maple Leaf. It is a most healthy sign and The Maple Leaf hopes this same interest will continue when we are back again on civvy street. Regardless of religious or political beliefs or of province, Canadian formations now overseas have shown the finest example of unity in the history of our country. The purpose of their unity has been to beat the German . . . Politics will have to wait."

Post-war Spending . . .

No one really knows whether individuals and business concerns will be willing to spend their enormous purchasing power freely after the war. It is conceived that the swift drop in government buying will leave people too frightened and dazed to spend their money. But if this happens, man will be behaving in a new way. Never before have millions of people with a huge excess of liquid assets been unwilling to use their purchasing power freely to feed and clothe themselves and to buy shelter, education, travel and amusement, provided goods could be had at more or less customary prices.

THIS AND THAT

"Here we are, dear! You go in alone . . . I want your gift to be a surprise to me!"

FEDERAL MEASURES

(Continued from Page 1)

uled to begin early in 1945, in the case of death will be made to next-of-kin who were in receipt of dependents allowances of who were dependent upon a man before he was killed.

During the year the government took steps to increase the clothing allowance to discharged personnel first from \$35 to \$65 and then to \$100. Those discharged were allowed to keep one uniform.

They were entitled to a rehabilitation grant of one month's pay and allowances, to reinstatement in their peacetime job, to out-of-work benefits while awaiting employment, to allowances while taking vocational or university training, to allowances while awaiting returns from a business or crop, and to a loan for settlement on a farm under provisions of the veterans land act.

Pension Revision

Pensions and disability regulations were revised and rehabilitation centres were set up for personnel who felt they were not fit to step out of uniform into civilian life immediately.

Veterans were assured preference in examinations for civil service jobs and steps were taken to return to Canada at the government's expense the dependents of Canadians who married while overseas.

The former pensions and health department was divided into two departments. A department of veterans affairs was set up to deal only with the affairs of ex-servicemen. Alongside it was set up a department of National Health and Social Welfare to handle legislation that would affect all Canadians in the post-war years.

The health and Welfare department will handle the family allowances bill. The allowances will be payable after July 1, 1945, in respect of every child in Canada—it is estimated there are 1,500,000 children under 16. However, only 750,000 would benefit as the allowances paid to families in the higher in-

come brackets will be drained back through income tax.

Allowances will be paid on a scale of \$5 a month for a child less than six years old; \$6 a month for a child six or more but less than 10; \$7 a month for a child 10 or more but less than 13, and \$8 a month for a child 13 or more but less than 16. The scale will be reduced for the fifth and subsequent children in families of more than four.

In another step to improve living conditions, the government guaranteed the loaning of \$285,000,000 to prospective home owners, to slum clearance projects, to those wishing to repair their existing homes and to those who agreed to build low rental houses.

Measures aimed at keeping farm and fish prices at a steady level and at encouraging export trade also were approved by parliament.

No definite steps were taken to introduce National health insurance. Study of a draft insurance bill has been completed by a house of commons committee on social security, but further action was postponed until a dominion-provincial conference is held to iron out financial arrangements.

LOG SCALE HOLDING UP

Falling Off of Production On Islands Not Shown Yet in Official Figures

Curtailed in Sitka Spruce logging operations on the Queen Charlotte Islands now that the wartime aircraft industry is in a good state of supply has not yet made itself apparent as far as the log scale figures of Prince Rupert district are concerned.

During this November the log scale in the district was 31,779,914 board feet as compared with 26,456,723 board feet in the same month last year. The scale for 1944 to date is 253,900,416 board feet in comparison with 222,120,502 board feet in the first eleven months of last year.

The production of poles and piling in the interior this year also maintains an increase over 1943, the aggregate for the first eleven months of the current year being 1,645,117 lineal feet in comparison with 1,422,032 lineal feet.

The detail of the log scale for this November was as follows, figures for 1943 being also shown for comparison:

	Nov. 1944	Nov. 1943
Board Feet	31,779,914	26,456,723
Fir	34,097	703,897
Cedar	3,088,826	2,396,824
Spruce	29,600,190	13,446,437
Hemlock	7,873,483	8,742,606
Jackpine	115,295	191,032
Balsam	68,023	975,927

Totals. 31,779,914 26,456,723

Forest Products

The pole and piling production this November, amounting to 223,985 lineal feet, consisted of 207,891 feet cedar, 9,144 feet hemlock and 6,050 feet miscellaneous. Last year in November the total was 435,707 lineal feet.

Ties this November numbered 12,424 pieces—2,412 hemlock and 10,012 jackpine—compared with 6,195 last November. The cordwood count this November was 549 cords as against 808.

RICHMOND, Surrey, Eng., Dec. 4 (P)—Month-old Ann Champion must have the most complete "living" family tree of anyone in Britain. She has a mother and father, grandmother and grandfather, great grandmother and great-great-grandmother, the latter aged 86.

KEEPING HOUSE IN WARTIME

Butterless, Sugar-Sparing But Good Recipes For The Cookie Jar at Xmas

It is pretty hard to keep the demand for the cookie jar during the holiday season. With information circulating a sensible and frugal way there are many recipes when cookies with a little drink just fill the bill. The "special" quality of our cookies this year is their richness for there is no butter nor sugar to color the decorations appropriate to the season. Our butterless sugar-sparing cookies are a productive air.

Need a set of special cookies and you probably buy them anyway. With a cookie cutter, cut rings of dough and decorate with white from candied peel or cherries for a wreath cookies. On a clean cardboard outline or Christmas trees, cut out and use as a pattern, cutting the dough with a sharp knife. For a child's gift, Christmas stockings with cookies always make a nice red coat and white can be achieved with colored white icing spread.

For Christmas baking use these recipes. None more than half a cup of sugar call for butter but make cookies any way you will be proud to serve to wartime or no.

Box Cookies
A basic recipe which can be used in many ways. The recipe will keep for a week in the refrigerator.

1 cup all-purpose flour
1/2 cup sifted pastry flour
1/2 cup baking powder
1/2 cup salt
1/2 cup milk-flavored fat
1/2 cup brown sugar
1/2 cup vanilla

and sift flour, baking powder and salt. Cream fat and sugar, then add vanilla and egg and mix well. Stir in the dry ingredients. Shape in a roll about 2 inches in diameter. Wrap in wax paper and chill thoroughly. Cut in 1/8-inch slices and bake on an ungreased cookie sheet in a hot oven, 400 degrees F., for about 8 minutes. Makes 4 to 4 1/2 dozen cookies.

Variations—
1. Divide dough into three equal parts and add one of the following to each portion; chill and bake as directed.
1 square of unsweetened chocolate, grated
1/4 cup finely chopped glace cherries
1/4 cup finely chopped candied peel
1/4 cup finely chopped nuts
2. Fed drops of green or red coloring

Pinwheels—
2. Divide dough in two portions adding color to one half and leaving the other plain. Roll each portion in a rectangle of equal size. Place one on top of the other and roll like a jelly roll. Chill, cut and bake as directed.

Mince-meat Cookies
1/4 cup milk-flavored fat
1/2 cup sugar
1 egg
1 cup mince-meat

General Interest
Fancier Macaroni
Those who like their macaroni cut or shell rather than the straight tube will welcome news of a new variety on the market. The new macaroni, grades and styles product. However, because of the labor involved, fancy macaroni may not appear in grocery stores.

Coupons Fortnightly
Who board or live in a room required to surrender their coupon every two weeks instead of one, for the time being. For each two-week period, the proprietor will give one sugar coupon, one flour coupon and one coffee coupon.

The First Consideration
When purchasing a plant geared to the type of footwear can be conveniently turned over to another type. Consequently, children's shoes can't be made in a plant producing men's shoes because the machinery and lasts are so different.

Keep Your Labels
When purchasing new garments, should save the label for other distinguishing features. If the article does not bear a complete investigation made. The labels make it easy to identify the manufacturer of the garment.

1 1/4 cups sifted pastry flour
or 1 cup plus 2 tablespoons all-purpose flour
2 teaspoons baking powder
1/4 teaspoon salt
Cream fat, work in sugar then add egg and mince-meat and mix thoroughly. Sift dry ingredients and add. Drop by teaspoonfuls on a greased cookie sheet and bake in a moderate oven, 350 degrees F., 12 to 15 minutes. Makes about 3 dozen 1 1/2-inch cookies.

Meringue Spice Squares
4 tablespoons mild-flavored fat
1-3 cup brown sugar
1 egg yolk
3/4 cup sifted pastry flour
1/4 teaspoon baking soda
1/4 teaspoon baking powder
1/4 teaspoon cloves
1/4 teaspoon cinnamon
1/4 teaspoon salt
1/4 cup buttermilk or sour milk
1/2 egg white
2 tablespoons sugar
2 tablespoons finely chopped nuts (optional)
Cream fat, add brown sugar gradually, creaming until light. Add egg yolk and mix thoroughly. Mix and sift with the buttermilk. Stir until smooth then turn into a greased cake pan (8" x 8" x 2"). Beat egg white until it holds a peak, then gradually beat in the 2 tablespoons of sugar, beating until stiff. Spread over the batter in the pan and sprinkle with nuts. Bake in moderate oven, 350 degrees F., for 25 minutes. Allow to cool before cutting into 2-inch squares. Makes 16 squares.

Brush-Me-Up Basket
Add these to the cleaning equipment—keep them in the tote basket ready for use: an old shaving brush and/or soft feather for hard-to-get-at corners, crumbly parts of the toaster, lampshades that only take kindly to the lightest flick of a dusting; an old toothbrush for silver cleaning jobs—helps get the white look out of ridges in raised designs.

It's The Thought That Does It
Well—you've heard this so often that it begins to sound like a cracked gramophone record—but do your Christmas shopping early. The final flurry of buying overseas parcels is over and it's high time to consider your friend at home. This year take more time thinking and less time milling around the crowded stores. True but true that it's never the cost of the gift that counts, but the inspired choice.

King George Is Heard in Radio Broadcast On Sunday—Gives Heartfelt Thanks
King George was heard in Prince Rupert as well as throughout the Empire yesterday afternoon in a radio broadcast on the occasion of the "Stand Down" ceremony of the British Home Guard. His Majesty paid tribute to the Home Guard for its conscientious and effective work in protection of the Homeland during the dark days. He acknowledged the hardships and sacrifices this had involved. "I give heartfelt thanks to you all," concluded the King, "and I know the country will never forget the service you have given."

FEATURE OF EXHIBITION
The Eiffel Tower in Paris was erected by the engineer Alexandre Gustave Eiffel as a feature of the Paris Exposition of 1889.

Conservation - Hints -

Apple Doings
Take a flyer at making applesauce with cores, skins—everything but worm holes—in the cookery pot. Rub through sieve when the stove has done its job and then add sugar. One teaspoon is enough for a medium sized apple (sugar savers please note). This non-peeling method saves laborious knife work and holds tight to all the minerals and vitamins that seem to concentrate themselves on the inner side of the apple skin.

And another word on the subject of apples. The long, mild fall has caused some varieties of apples to ripen more rapidly than usual. So, if you're storing them in any quantity better check them over soon—some will have to be used quickly to avoid spoilage.

Brush-Me-Up Basket
Add these to the cleaning equipment—keep them in the tote basket ready for use: an old shaving brush and/or soft feather for hard-to-get-at corners, crumbly parts of the toaster, lampshades that only take kindly to the lightest flick of a dusting; an old toothbrush for silver cleaning jobs—helps get the white look out of ridges in raised designs.

True but true that it's never the cost of the gift that counts, but the inspired choice.

MAGAZINE IS FINED

First Case of Its Kind Under Wartime Prices and Trade Board Paper Use Regulations

TORONTO, Dec. 4.—Fines totalling \$10,080 and costs were levied against the Magazine Digest Publishing Co. Ltd. Saturday on five charges laid under the Wartime Prices and Trade Board's paper control regulations. It was the first case of its kind in Canada.

Counsel for the company, which publishes a magazine, entered a plea of guilty to all charges. The charges involved use by the company of a type of print paper not provided for under Wartime Prices and Trade Board permit and that the company falsely reported its paper consumption.

LONDON, Dec. 4.—Three men who used an electric hotplate to boil water for tea in the midst of 49 tons of high explosive were fined \$135 each at a northwestern court.

that comes only from imagining just what the people on your list would like best. Then when you have to go down town do choose a time when the stores won't be too crowded. If you don't have to shop at noon or late in the afternoon don't do it—lots of people have no other time. And if you can't get what you like please do be cheerful about it—nobody's doing any better than you are.

FLAVOR with a flourish!

The family is always ready with your halo for making those individual casseroles . . . and no wonder, when you nest into the creamy whipped potatoes, heaping mounds of "Royal City" Green Peas! They're as tender as your own pie-crust and so fresh they might have come straight from a June garden. Always have "Royal City" Green Peas on hand. They have the same royal quality which belongs to all "Royal City" Canned Foods. You'll find them at your grocer's.

ROYAL CITY CANNED FOODS

TERRACE WILL LIGHT UP SOON

New Electric Service to Be Ready Within Next Three Weeks

TERRACE, Dec. 4.—Having been granted a permit to supply the village of Terrace with electric light and power for one year with the assurance of renewal if the service is satisfactory, Gordon Kerr expects to be in readiness in about three weeks to start giving a twenty-four hour service. The contract will include street lighting.

Mr. Kerr had operated an electric light service here before enlisting two years ago and, having been discharged, returned here and expressed his willingness to resume the service. Accordingly, a special meeting of Terrace ratepayers was held in the Oddfellows' Hall last week. The whole question of local electrical power supply was discussed with many questions asked and answered, the outcome being to grant Mr. Kerr the permit. The expectation is that there will be a considerable improvement in the new service over the old.

It was also decided to communicate with Hon. E. T. Kenney, minister of lands and M.L.A. for Skeena, suggesting the possibility of hydro-electric development for this district from Kitsumkalum River.

The meeting, which was called by the board of village commissioners, was presided over by Emil Haugland, chairman of the board of commissioners, and Nigel Sherwood acted as secretary. Among the citizens present, there being about forty in all, were J. H. Smith, Gordon Brookes, G. W. McAdam, Dr. S. G. Mills, R. W. Riley, Dudley Little, Bert West, Barney Colbachi, H. Johnson, Rev. T. C. Colwell, Sam Kirkaldy, Charles Adam, William Smith, R. W. Beecher, Duncan Kerr, Gordon Kerr, Mrs. Harris, Mrs. Cole, Mrs. Mist, Mrs. Turner and Mrs. Dover.

Two Nominated for Vancouver Mayor

VANCOUVER, Dec. 4.—Mayor J. W. Cornett and Ald. G. H. Worthington have both filed their mayoralty nomination papers for the forthcoming civic election. A. T. Alsbury, who has been announced as the C.C.F. candidate, has until Wednesday to file his papers.

CONDITIONS ARE NORMAL AGAIN; AIR FORCE MEN RETURNING HOME

As conditions in the military camps have returned to normal, Division V. of the Terrace Elementary School, located in the Canadian Legion Hall, resumed its sessions today. It was closed for four days last week due to the demonstrations. An order came through to the government liquor store only to be revoked a few hours later. There have been no disturbances since last Wednesday following the sudden termination of demonstrations which for a time were quite disconcerting and threatening.

A week ago Sunday evening Mrs. Mangalls (Dorothy Little) returned to Terrace. She will be staying at home with her father, George Little, and her sister, Miss Clara Little, while her husband, Lieut. Mangall, is overseas.

Mrs. Nigel Sherwood, who has been nursing in the Hazelton Hospital for some months, returned to Terrace on Wednesday evening for a brief visit with her family. She went back to Hazelton on Friday evening.

Reverend Roland Hills and Miss Dorothy Hills returned on Wednesday evening from Vancouver where they have been holidaying for the past two weeks.

Dick Dubeau has been recalled to Lachine. He left on Wednesday night's train.

Harry Haugland and Maurice Cole have received their final discharge from the Royal Canadian Air Force.

Brian Sessions is going to Jericho Beach for his discharge from the Royal Canadian Air Force. He has to be there by December 9.

St. Matthew's Junior Women's Auxiliary, assisted by the Senior Women's Auxiliary, held a tea and sale in the Orange Hall Saturday afternoon. A fish pond is to be one of the attractions.

Sgt. Vic. Giraud of Smithers, who has enlisted in a tank unit, arrived in Terrace on Wednesday to spend a furlough with his wife Mrs. Barbara Giraud, at her parents' home, Mr. and Mrs. N. Sherwood.

Terrace friends of Mr. C. E. Edgley heard on Wednesday with

SIGNAL CORPS ERECTS TOWERS

Pedestrians Halted as Signalmen Scaled Lofly Height At CFPR

The sight of Corporal Janes or Signalman Chalfoux dangling nonchalantly on a spiderweb of steel a hundred feet in the air was enough to halt pedestrians on city streets many times during the past few days. The men were busy erecting new antenna towers at CFPR. The work has now been completed and the station resumed broadcasting on its regular schedule this morning.

Under Sergeant-Major E. W. H. Miller, the Signal Corps crew on loan to the station included Corporals C. Bracken and A. E. Janes and Signalman P. Daigle, J. L. Chalfoux, R. Anger, and L. Bulliver. Corporal Bracken worked with CFPR's manager, Clarence Insulander, in supervising the raising of the towers.

This was no mean accomplishment as twenty-foot sections were placed in position one at a time until a height of over a hundred feet was attained. When a breeze sprang up and sea gulls began hovering about his ears one of the high-climbing soldiers was heard to remark: "Notify my next of kin." Despite the many problems involved in an undertaking of this magnitude,

INTERIOR MAN IS KILLED IN ACTION

Private Gilbert Warner Makes Supreme Sacrifice—Sinclair Mills Man Wounded

Names of two men from the district along the Canadian National Railways line east of Prince George are contained in recent Canadian Army casualties.

Private Gilbert Oswald Warner, son of Thomas Corbin Warner of Willow River, has been killed in action while on service with a British Columbia Regiment.

Trooper Vernon Roy Sparrow, son of Mrs. Nola L. Sparrow of Sinclair Mills, has been wounded. He was with the Canadian Armored Corps.

Famous Sealing Skipper Passes

VICTORIA, Dec. 4.—Capt. William Douglas Byers, aged 81, one of the last sealing captains who made this port famous in the eighties, died at the end of the week at nearby Sydney. Born in Nova Scotia, Byers came to Victoria in 1886 and had lived in retirement at Sydney for the past thirty-five years.

The job was completed in record time.

The new transmission layout will mean improved reception for listeners in Prince Rupert and at points in the interior.

ONLY THREE CANDIDATES

With nomination day, December 11, one week away, only three candidates for the eight civic administrative positions to be filled this year have filed their papers at City Hall.

They are Mayor H. M. Daggett, Civic Labor Federation candidate, whose bid for re-election appears likely to be unopposed, Douglas Wood, endorsed by the Non-Partisan Association as school board candidate, and C. G. Ham, Non-Partisan candidate, whose nomination papers were filed Saturday. His sponsors were W. M. Watts and Douglas Wood.

Other aldermanic candidates endorsed by the Civic Labor Federation are the present aldermen whose seats are being contested this year. They are Aldermen Black, Brett, Hills and Sinclair. None of these have yet filed nomination papers.

Carl Glazie, endorsed by the Labor Federation as school trustee candidate, has withdrawn, it is understood.

Germans Leaving Norway-Denmark

LONDON, Dec. 4.—The Germans are moving the bulk of their occupational forces from Norway and Denmark. They are going to the western front.

FOUR YEARS AGO IN THIS WAR

by the Canadian Press

Dec. 4, 1940—Turkey and Britain signed a financial agreement. Italians began evacuation of southern Albanian bases of Porto Edda and Agirocastro. Germany and Rumanian signed 10-year economic pact. Rumania expropriated foreign oil holdings.

Cold Storage
COMPANY LIMITED
PRINCE RUPERT, B.C.

CHANGEABLE TEMPERATURE and driving conditions affect the service needs of your vehicle during the winter.

For example—extreme cold and slush containing road chemicals attack your chassis lubricant.

- excessive use of the choke and low-temperature engine operation shorten engine oil life.
- hard starting and frequent use of the heater and defroster throw extra loads on the battery and electrical system.
- weather variations may affect the strength of your anti-freeze.
- rutty, frozen roads affect steering and alignment.

Your General Motors Dealer knows these things. He knows that in Winter

EVERY CAR AND TRUCK NEEDS INDIVIDUAL CARE

His skilled service-men have the "know-how" experience to provide the correct service for every motor vehicle of every make—under all winter driving conditions.

SAVE MONEY—AVOID TROUBLE—CONSERVE YOUR CAR OR TRUCK. Make an appointment with a General Motors Dealer to service your vehicle regularly this winter.

OUR WINTER Conservation Service

INCLUDES:

- The Cooling System**—A regular inspection which will detect and correct any leaks... which will bring anti-freeze to the proper strength.
- The Lubricating System**—Chassis lubrication in line with the needs of each vehicle. Regular inspection of engine oil for quality and quantity.
- The Electrical System**—Inspection of battery and all electrical connections including the heater and defroster.
- The Steering System**—A thorough test of wheel alignment and steering gear adjustment.

POLITICAL SITUATION
 (Continued from Page 1)

life of parliament. However, it is now argued that, with the country divided on the conscription matter, the case for an extension of the term in the event that the war does not end soon, is stronger than it was before. Normally, parliament's term expires next April.

Conscription Issue Settled

While the Dominion parliament rested over the week-end, observers in the capital were pretty well agreed that the conscription crisis has now passed through the difficult stages. It is believed now that the administration will have considerable support on the forthcoming vote of confidence motion. Developments in Friday's sitting indicate there will be no mass break of Quebec Liberals from government benches over the conscription issue. The Liberal member for Montreal-Mercier — Joseph Jean — suggested a way by which Liberal Quebec members and other anti-conscriptionists can still support the administration and yet lodge their protest against conscription. Mr. Jean moved an amendment urging that general service personnel and volunteers overseas be used to the best advantage to provide reinforcements without resorting to conscription.

Col. Ralston also announced his support of the King government and it is believed many English-speaking Liberals will vote as the former defence minister does.

The Opposition party, the Social Credit members, of whom there are 10 in Commons, have pledged their support of the government's vote of confidence motion. As yet C. C. F. leader Coldwell has not indicated which way he and his nine followers will vote. There are also 39 Progressive Conservatives, all of whom are expected to cast their votes against the government.

LETTERBOX

MILKMAN ANSWERS

Editor, Daily News:
 In answer to Mr. Gillanders' statement regarding milk delivery, he is fortunate in living on Sixth Avenue and having his milk delivered to the end of his walk. What about the hundreds of people who get none, or have to walk several blocks for it? As for children stealing money from bottles, it only happens in the east end. Why tempt them by leaving money? The dairy has tickets for sale. Further it is not very nice, these icy mornings to be digging coins out of bottles half-filled with ice, or water.

As for door-to-door delivery it would call for three times the men, trucks, tires, gas, repairs, men to do them, etc., all essential war material. And if you could get all these things, where would you get the milk? or would Mr. Gillanders go up country and start a dairy farm? Every little bit would help.

Two established dairies have already quit because there was too much work and not enough pay in it. MILKMAN.

Special notice ABOUT COLDS

Now when colds strike, relieve misery with home-proved Vicks VapoRub that

ACTS 2 WAYS AT ONCE..

It PENETRATES to upper bronchial tubes with soothing medicinal vapors. It STIMULATES chest and back surfaces like a warming poultice. And what's more, it keeps right on working for hours—even while you sleep!

Just rub throat, chest and back with good old Vicks VapoRub at bedtime. VapoRub goes to work instantly to relieve coughing spasms, ease muscular soreness or tightness. It invites restful, comforting sleep. And often by morning most of the misery is gone. Try VapoRub's special 2-way action tonight! When a cold strikes, be sure you use time-tested Vicks VapoRub.

Sport Chat

Jimmy (King of Lord's) Cannon, always pictured as a dapper little man in a blue suit and straw hat, has closed the longest innings ever played at world cricket headquarters in London. Jimmy has voluntarily retired after 65 years on the staff of Lord's. He spent most of his life there and was regarded as one of cricket's greatest characters. Jimmy was chief clerk at Lord's. He arranged the programs, fixed the tickets, checked the box-office takings and generally ran the show. He began at the age of 12 as a bell-boy for the lawn tennis courts. He held the heads of horses when cricketers of the time arrived on horseback. He graduated to pavilion clerk, then assistant office clerk, and finally chief clerk. He was an official at Lord's when Sir Pelham (Plum) Warner, then a public school boy and now one of the world's greatest authorities on cricket, played his first match there. Only a few years ago Sir Pelham commented that "everything is new and modern except the Tavern and Jimmy Cannon." (The Tavern is an old public house situated on the Lord's grounds). Jimmy made it a lifetime rule always to see the first ball bowled in any big match before dashing off to count the money.

Vince Hawkins, youthful railway fireman, chalked up his 64th successive professional victory without defeat when he beat Seaman Johnny Kilburn on points over eight rounds in a London bout. The previous night at suburban Watford he took a similar decision from Jack Lewis, a fair-to-middlin' puncher. Hawkins, who is scheduled to meet Liverpool's Ernie Roderick for the vacant British middleweight championship, showed powerful body punches and clever ring-craft to beat Kilburn, former Scottish amateur middleweight titlist.

Will greyhounds run if they don't see the mechanical hare? Well, they did out at London's Catford Stadium when through a mechanical defect the dogs were released from their traps before the hare reached them. The dogs ran as fast as they ever did—with the hare in pursuit. At the second bend there was no prospect of the hare catching the dogs. It gave up chase and the runners completed the course. The race, incidentally, wasn't disputed and all bets were paid.

The King has named two yearlings he leased from the National Stud. A filly by famed sire Hyperion will carry the name Golden Coach, while a colt by the unbeaten sire Nearco will be known as Bolsena.

Sqdn. Ldr. R. J. (Pop) Lawlor, former hockey defenceman with Halifax Wolverines and other Maritime teams, has taken charge of a flight with the Lion Squadron of the Canadian Bomber Group.
