## CANADA'S NAVAL LEADERS

By Stuart Underhill  
(Canadian Press Staff Writer)

### REAR-ADMIRAL V. G. BRODEUR

A safe bet that when Royal Canadian Navy officers are exchanging the private anecdotes of their conversation is sprinkled liberally with the name of Rear-Admiral Victor G. Brodeur, whose capacity for hard work appears to be matched with irresponsible good spirits. So skilfully

ended the two that the names list of June. He told him for "unfailing duty" (he was made a commodore and the navy has a command on the west coast when the sector is of new importance in Pacific strategy.

couldn't speak a word when he embarked on his career. One gathers that it was quite a problem to get my officers when he and his cadets were sent to sea in 1910 for training. He spoke the language, but with a certain accent that gave rise to some stories, which the

of the First Great War through which he served on naval cruisers and battleships. Brodeur had advanced to the rank of lieutenant. Later he served as instructor at the staff school at Devonport, where a penchant for mathematics manifested itself and he invented several training devices which are still in use.

### NAVAL RESERVES

In 1932 he returned to Canada. He organized the naval reserves, served on both coasts, returned to the Royal Navy for a spell in the Mediterranean and at Operation Division, and in 1936 had reached the rank of captain and was assigned to the Imperial Defence College in London.

In his subsequent appointment to Captain "D" of the Canadian reserve division, he served in most of Canada's desolate before coming ashore in 1938 to become Commanding Officer, Pacific coast, the position to which he has now returned.

In 1939 he was appointed Canadian naval attaché at Washington and the following year was promoted to rear-admiral and head of the naval section of the Canadian joint staff in Washington. He returned to the Pacific coast in September, 1943.

You think you're going to get the navy without studying? You're making a big mistake. The Admiral enjoins fledge sailors: "Study hard—Then grin: 'And play harder.'" The contrast between being a sailor in 1938 and now is, of course, considerable, for when he entered the war. But, he explains, it is mostly "paper work." He doesn't try to disguise how much he misses the sea. It is an altogether different life," he explains. "Everything depends on what you do—You can't wire Ottawa for instructions in the middle of a fog."

Admiral played hockey and was 44 and is still fond of ang, shooting and golfing. The seventh-generation Canadian Brodeur wonders if perhaps there is a throwback to his sailor-ancestor who set

## BULLETINS

### NAZI IS SLAIN

BERLIN—Russian guerrillas are reported here to have slain the Nazi propaganda chief in the Ukraine while he was on a business trip.

### LIQUOR RATION SAME

VANCOUVER — The February liquor ration will be the same as January but there will be fewer places to buy, it is announced.

### SEARCH NICOLA VALLEY

VANCOUVER — The search for a missing Royal Canadian Air Force monoplane, which dropped out of sight several days ago while on a flight from from Lethbridge, has shifted to the Nicola Valley. A. E. Sowerby, father of Ernest Sowerby, air gunner of the missing aircraft, having reported that what might have been a signal fire was seen 40 miles southwest of Merritt.

## MORE JAM TO BE AVAILABLE

OTTAWA, Jan. 27.—The next "D" ration coupons will be good for double the amount of preserves, honey and molasses which they now obtain, it is announced, due to the large stocks of sweetmeats. This spring Canadians will be permitted to buy maple syrup in quantity.

## MORE PEOPLE ARE READING

The annual meeting of the Prince Rupert Library Board was held Wednesday evening. Those present were Frank Dibb (chairman), T. B. Black (secretary), Aid. N. Arnold, Mrs. Arnold Flaten, Rev. E. W. Scott and Miss Olive van Cooten (librarian).

Frank Dibb and T. B. Black were requested by the members of the board to again fill the duties of chairman and secretary respectively for the ensuing year.

Appreciation was expressed of a grant from the Carnegie Fund of non-fictional books, covering many reference, technical and scientific subjects and fields. It was felt it should be of great service to many citizens.

Consideration was given to extending space in the library building, with special emphasis being placed in the juvenile section.

The annual report for the year 1943 was read and accepted. Circulation of books during 1943 was approximately equal to that of 1942 but the number of borrowers increased considerably.

### HER PASSING REGRETTED

SKEENA CROSSING, Jan. 27.—Mr. and Mrs. Matthias Wesley of this village regretted deeply to hear of the death at Prince Rupert of Mrs. F. D. Sampare, who was a very close friend.

His son—PO. P. V. Brodeur, R.C.A.F.—chase the air and is currently serving in Africa. A stepson was killed in action with the British forces in North Africa, two years ago.

## MUST LIVE WITH JAPS

"We will still have to live in the same world with the Japanese and the Germans after the war and, to effect permanent peace, something will have to be done to win them to our way of thinking, acting and worshipping," declared Captain W. D. Rowlands, United States Army chaplain, in a thoughtful address before the Prince Rupert G. Y. Club yesterday at luncheon. Unless something could be done to ameliorate for the enemy the bitterness of defeat, there would be no alternative but to face another war. If there was to be future security and freedom, from apprehension there must be solid and unquestioned friendship such as was exemplified between United States and Canada. While it was easy to talk glibly of exterminating the enemy, to do so would be a physical impossibility and could not be tolerated even if it were possible.

CANADIANS IN BRITAIN PREPARE FOR INVASION.—With the invasion of Europe looming as the greatest blow of the war, Canadian troops in Britain are training night and day for the epochal landing. This picture, just received from overseas, shows how the men might be launched on their grim attack against hostile shores. In these practise manoeuvres, the boats, loaded with heavily armed fighting men, make a quick trip out to sea then turn back toward a specially prepared strip of beach. The men leap from the assault boats under a thin smoke screen spread by the Royal Navy, which will have a major invasion role, and half-wade, half scramble ashore waist deep in water. Bren gun bullets whine overhead.

## Grand Old Lady Dies

Prince Rupert's Grand Old Lady, Mrs. Annie McKay Stephens, passed peacefully away at 3 o'clock yesterday afternoon at the home of her son and daughter-in-law, Sheriff and Mrs. M. M. Stephens, with whom she had resided for many years. In the fullness of age, she would have been ninety-seven years of age had she lived until today. As it was, her vitality and spirit had been remarkable until the last few months during which she was overtaken by her final illness. Gradually fading away, she had been bedfast for the past month or so and lapsed into unconsciousness a couple of days before the end.

Although she herself was born in Ontario, the late Mrs. Stephens came of parents who were identified with the beginnings of Western Canada. Her father and mother were both children of the Selkirk settlers who came from Scotland in 1812 and 1814 to Sir Alexander Selkirk's Red River settlement at Fort Garry on the banks of the Red River where the prairie metropolis of Winnipeg now stands. Her father, John McKay, prior to his death, was the last of the Selkirk settlers, having come out at the age of one year by sailing ship via Hudson Bay and Churchill. Her mother, Christina Sutherland, was born at Fort Garry. As children her parents moved eastward when strife arose in the Red River area as a result of the differences of the Hudson Bay Co. and the Northwest Company and consequent troubles with the Indians.

Mrs. Stephens was born at West Gwyllimbury Township in Simcoe County, north of Toronto, January 27, 1847. In 1870 she was married to John S. Stephens and

with her husband and young family, moved in 1885 to Manitoba, settling on land near the town which is now known as Wawanesa. Her husband died there in 1902 and, soon after his passing, Mrs. Stephens moved to Minnedosa where she made her home until 1925 when she went to California to spend three years before coming to Prince Rupert. Since 1929 she had made her home here.

Deceased is survived by four sons—M. M. Stephens of Prince Rupert, California, Milton Stephens, mayor of Courtenay, Vancouver Island, and Ernest Stephens of Palo Cedro, California—and two daughters—Mrs. Stanley H. (Mabel) Stolt of San Francisco and Mrs. James (Florence) McQuarrie of Stettler, Alberta. There are eighteen grand-children and fourteen great-grandchildren. At one time four generations of the family of Mrs. Stephens resided in the same house here.

Mrs. Stephens was interested in women's work of the Presbyterian Church in her younger days and, after union, went to the United Church. She was active in Red Cross work during the First Great War.

A funeral service will be held Saturday afternoon at First United Church with Rev. Jas. A. Donnell officiating. Accompanied by Mrs. M. M. Stephens, the remains will be taken Saturday night to Vancouver for cremation.

## DROP RECORD BOMB WEIGHT

LONDON, Jan. 27.—Thirty-one thousand tons of bombs have been dropped on Hitler's Europe so far this month, a Royal Air Force commentator said last night. The total is believed to be an all time record for such a period.

## ALLIES ARE ADVANCING

ALGIERS, Jan. 27.—The first German counter-attack against British and American troops just south of Rome, the first of many that will probably be launched in an effort to wipe out the Allied beachhead, has been thrown back with crushing of German armor. Allied headquarters announced today. Men and supplies continue to pile into a strategic wedge threatening the Italian capital. Headquarters announced that elements of a German armored division had been met and tossed back southwest of Littoria in a fierce local engagement.

Other Fifth Army troops to the southeast struggled slowly forward across flooded streams just north of Cassino.

The crack Herman Goering Division is reported to have arrived to assist in the defence of Rome.

The French have advanced to Mount Belvedere, ten miles north of Cassino.

The Americans have re-established their bridgehead north of the Rappido River after having been thrown back.

Canadians are reported to have shot up a motor convoy. Various Allied air attacks have been made on the Apennian Way and elsewhere.

Waters off Nettuno and Anzio are black with Allied shipping making landings. There is an enormous balloon and fighting aircraft cover.

### COSTLY REFUSAL

BROMLEY, England.—In July, 1941, G. W. R. Thompson was ordered by a court to destroy his dog and told he would be fined \$450 for every day the animal continued to live. He has paid \$2,250 and still refuses to kill the dog.

## To Stop Work February 15

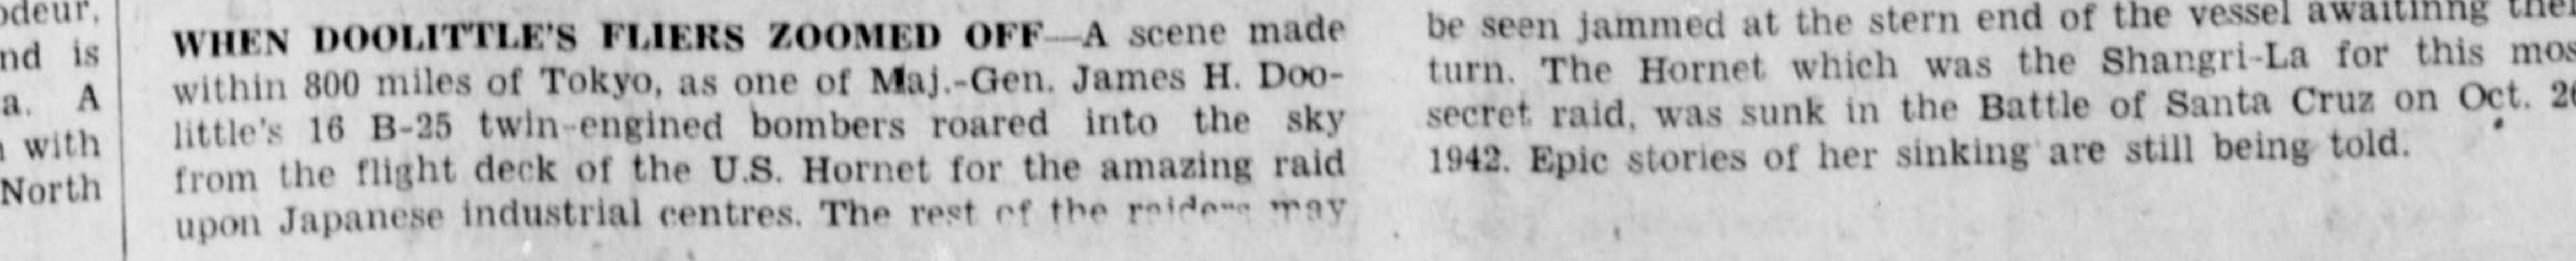

There will be a one day stoppage of work of C.C.L. Union workers at the Prince Rupert drydock and elsewhere on February 15 in protest at the recently promulgated order-in-council P.C. 9584 which imposes new controls on labor. This was the decision at a meeting of the Prince Rupert Labor Council on Tuesday of this week when delegates endorsed the stand taken by Victoria, Vancouver and Winnipeg labor councils against the order-in-council.

## RABAU JAPS ALLIED PREY

ALLIED HEADQUARTERS IN NEW GUINEA, Jan. 27.—Torpedo planes sank five Japanese cargo ships at Rabaul, New Britain, Monday, and so seriously damaged two others that they had to be beached. Allied headquarters reported today. Twenty-four Japanese planes were destroyed over Rabaul Monday, bringing to more than 90 the total enemy aircraft destroyed over Rabaul in three days.

## Each Political Leader May Now Get Time On Air

OTTAWA, Jan. 27.—Under a new policy announced by the Canadian Broadcasting Corporation, each political party leader will be allowed half an hour each month on the National network.

WHEN DOOLITTLE'S FLIERS ZOOMED OFF—A scene made within 800 miles of Tokyo, as one of Maj.-Gen. James H. Doolittle's 16 B-25 twin-engined bombers roared into the sky from the flight deck of the U.S. Hornet for the amazing raid upon Japanese industrial centres. The rest of the raiders may be seen jammed at the stern end of the vessel awaiting their turn. The Hornet which was the Shangri-La for this most secret raid, was sunk in the Battle of Santa Cruz on Oct. 26, 1942. Epic stories of her sinking are still being told.

### NAZIS LOSING OUT—

## Russians Smash On

Sixty-one Thousand Germans Killed or Captured in Few Days on Leningrad Front.

MOSCOW, Jan. 27.—The Russians have reached the banks of the Luga River west of Novgorod. Pravda reported today as Leningrad and Volkov armies continued to smash from opposite directions into the Germans' Baltic salient. Luga is about ten miles east of Leningrad-Vitebsk railway, one of two remaining railways radiating southward from Leningrad that remain available for German use.

No less than 61,000 Germans are reported to have been killed or captured in the few days of the Russian offensive so far in the Leningrad area.

Leningrad, which has been under blockade for two years, has now been freed of shelling. The Russians captured Krasnogradsk, massively fortified railway hub 30 miles south of Leningrad, and advanced five miles further south on Wednesday.

Moscow previously reported that the twelve day Red offensive south of Leningrad brought death to more than 40,000 Germans and routed ten Nazi infantry divisions.

postwar reconstruction and social security, pointing to early legislation in these fields.

The Commons' reconstruction committee in a report tabled yesterday recommended government action to insure full employment after the war, development of a first class Trans-Canada highway, a survey of all northern Canadian resources, new credit facilities for agriculture, a study of maritime problems to assist in improving the economic life of the people, and steps to insure that farmers no longer are forced to sell their products at an unfair price.

The Speech from the Throne gave a review of the war which was described as still the first of all objectives.

Family allowances, voting privileges for men and women in the services and a new housing program are among other matters to be taken up.

There were two Speeches from the Throne, one as the old session prorogued and the new one opened.

### WHITE PASS AND YUKON RAILWAY

The White Pass and Yukon Railway, with its termini at Skagway and Whitehorse, was constructed before the turn of the century and was owned and operated in British Columbia by the British Columbia-Yukon Railway Company and in the Yukon by the British Yukon Railway Company. Its 100 miles

of 36-inch track provides one of the most difficult railway operating problems in the world, particularly during the winter months: In pre-war days no attempt was made to keep the railway operating on schedule during the winter. For the construction of defence projects in the Northwest, however, the railway was a vital supply line and in 1942 was leased by the United States Government from the companies involved.

## Canadians Off Kiska

OTTAWA, Jan. 27.—All Canadian units, which with United States forces occupied Kiska in the Aleutians five months ago, have been withdrawn. It was announced today. No explanation was given but it is assumed that the Kiska garrison now is made up of a strong all American formation. There were 5,800 Canadians in all at Kiska, including Rocky Mountain Rangers, Canadian Fusiliers, Winnipeg Grenadiers, Hull Regiment and 24th Field Artillery. Thirty days' leave has been granted all ranks.

Under military personnel and with greatly increased rolling stock, the railway was operated throughout the winter of 1942-43, one of the most severe on record. Monthly tonnage moved is nearly three times the amount moved in any one season in pre-war days.

## Swimming Pool or Skating Arena . . .

It is to be hoped that difference of opinion as between a swimming pool or a skating arena will not be allowed to prevent at least some part of the civic centre undertaking being brought into being at an early date. Undue argument over choice of project might quite conceivably result in nothing at all being done.

The suggestion has been made with or without justification, that the executive of the Prince Rupert Civic Centre Association may have presumed excessively on its authority in making decisions. In fairness to executive, however, it might not be out of place to observe that it has at least done something, that it is fairly representative of the community and of organizations and that it includes individuals who have worked hard in bringing the civic centre plan this far—people who carried on when the going was a good deal harder than it today.

This executive should be competent to assess the situation and determine on the best course of action. Of course, it should have an open ear and an open mind for all worthy suggestions and be able to decide what are acceptable and practicable and, having decided, act accordingly.

If a choice is to be made at once between a swimming pool or skating arena, it will, of course be impossible to please everybody.

When summer comes, no doubt the swimming pool advocates will be quite as insistent and audible as are some of the midwinter skating arena boosters just now. So what is the civic centre executive to do but use its own judgment and try at least to get something accomplished?

### NAVY HELP A RESCUE

Editor, Daily News.  
In a news item in Wednesday's issue of your paper concerning the loss of an Air Force vessel at Queen Charlotte Islands the statement was made that two survivors were saved through the efforts of R.C.A.F. crews.

In fairness to our Canadian Naval Services it is requested that this statement be corrected and that it be explained that the rescue was effected by a vessel of the Royal Canadian Navy. Lt. Donald Lawson, R.C.N.V.R. was injured in the rescue work.

### DR. LARGE REPLIES

Editor, Daily News.  
It was not my intention to enter this "skating rink" controversy but the opposition has become so voluble that I feel something should be said in defence

of the policies of the Civic Centre Association.

First of all, I would like to remind all interested parties that we are not advocating the building of a swimming pool but rather a Civic Centre with a swimming pool in it. Included in the building will be a large gymnasium, a large auditorium with full size stage, projection booth for moving pictures, cafeteria, numerous lounge and club rooms. In other words, this building is designed to take in every phase of community activity and will make the widest possible appeal to young and old. Let me suggest to you a list of some of the recreations available:

- Badminton.
- Volley ball.
- Amateur dramatics.
- Swimming and diving.
- Water polo.
- Club rooms for photography, stamp club, manual art, etc.

In making comparison, therefore, with a skating rink, let us look at both projects fairly; and not pick out one unit of the centre while ignoring the more important part.

In answer to the charge by our well wishers at the High School that we are taking an arbitrary attitude in deciding how to spend public money without consulting "the who contributed the sixty thousand", I would say that in 1928 while they were still pre-school age, a movement was started to build a gymnasium and swimming pool in this city and money subscribed for the purpose. Through the intervening years various methods of raising funds have been adopted and on every occasion the objective of gymnasium and swimming pool was placed before the public. A few years ago, a group of individuals amongst them was Trevor Williams, advocated

the building of a skating rink. At that time the project was thoroughly discussed and it was decided to proceed with our original plans. Since then the bulk of our funds has been raised on a gymnasium-swimming pool platform. So you see, we are not taking an arbitrary attitude but are keeping faith with the general public and fulfilling a pledge made and re-affirmed down through the years.

In conclusion, let me say that I am personally very much in favor of seeing a skating rink in Prince Rupert. If those who are advocating the building of one will get out and work as hard to raise funds for it as the group of people represented by the Civic Centre Association have done, I shall be glad to contribute my share of the fund.

## Presbyterian Tea and Sale

Excellent Affair Held Yesterday Afternoon

The home of Mrs. George Mitchell, Fifth Avenue East, was the scene yesterday afternoon of a successful tea and sale by the Ladies' Aid of First Presbyterian Church, the event being successful both socially and financially.

The guests were received by Mrs. J. B. McKay, president of the Ladies' Aid, assisted by the hostess.

Rooms were decorated with vases of daffodils of which there was a bowl on the pouring table which was centred with a handsome lace cloth. Presiding at the pouring table were Mrs. J. R. Mitchell, Mrs. Peter Laskie, Mrs. M. E. Prendergast and Mrs. Harry Calderwood.

Serviteurs were Mrs. Edgar Saunders, Mrs. J. A. Frew, Mrs. Jack Garrett and Mrs. W. D. Lambie with Mrs. James Simpson acting as cashier. The tea room was in charge of Mrs. H. M. Poote, Mrs. J. W. Eastwood and Mrs. Joseph Peterson. Mrs. G. W. Abbott and Mrs. James L. Lee had charge of the home cooking table.

Corresponding Secretary—Mrs. Foster.  
Recording Secretary—Mrs. J. R. Blakey.

The regular meeting was held this week at the home of the new president, Mrs. Holt, on Taylor Street, and it was decided to merge the two branches—east and west end—into a single branch.

Mrs. Stewart of Rushbrook Heights was named delegate to the local nutrition committee.

Delegates to the Civic Labor Federation were named in the persons of Mrs. William Holt, Mrs. J. R. Blakey and Mrs. H. Harrison.

A letter from the Dominion shoe controller, regarding a shortage of children's shoes here, said that more children's shoes were being produced in Canada than before the war. There was no reason or excuse for inferior quality.

Regarding the price of coal, a letter from Hon. J. L. Halsey, minister of finance, expressed the opinion that the producers could not absorb the greater cost of production occasioned by wage increases to miners and it was deemed better policy to allow a price increase than make a subsidy.

A resolution urging the establishment of a steel mill in Prince Rupert was endorsed.

A letter from the Prince Rupert Parent Teachers' Association said that attention was being given to the matter of dangerous traffic conditions around the schools.

**LAMB STEW**

This makes liberal servings for four.  
 1 to 1½ pounds of stewing lamb cut up for stewing.  
 1 bunch of carrots, scraped and cut in pieces.  
 8 small white onions or 4 medium sized yellow onions, whole.  
 6 to 8 small or medium size potatoes, whole or halved.  
 1 teaspoon Worcester Sauce, optional.  
 Salt and pepper.

Directions: Wet the cut lamb and then place the wet pieces into flour and press as much flour into each piece as it will take up. Place in a pot, with a lid, some beef or other good drippings, when hot place the pieces of floured lamb in and allow to brown well on each side. Then add boiling water, sufficient to just cover the meat. Prepare the vegetables immediately the meat is started and place the vegetables in with the meat, place lid on pot and allow to slowly simmer for 1½ to 2 hours.

**PRIZE PACKAGE**

"I may not win a prize at bridge, But I have cause to gloat, That in my shopping yesterday, I didn't miss the boat, Instead good fortune was my lot, For in my grocery store I bought the 'Royal City' Foods, I'd missed the day before."

Some days your grocer's limited quota of "Royal City" Canned Fruits and Vegetables disappears before you get there and you count it a lucky day when you do get your share. If he hasn't any "Royal City" Peas or Beans, or you may have Sweet Corn—or you may have to take something else. But for quality, look for "Royal City" first.

### ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

Talking once more about coat hangers, I am sure you will be surprised to hear that we received eighty-one of them in response to a recent plea in this column. The boys at the forts, where they have been sent, were very gratified, so much so that I received a letter from Lieutenant Lawrence on behalf of the Officer Commanding. As you good Rupert people are the ones to whom the thanks are due I feel the letter of thanks belongs to you. Lieut. Lawrence says: "Dear Mrs. Garbutt:—On behalf of the men in this battery, I wish to thank you for your effort and trouble which resulted in a supply of badly needed coat hangers.

"Sincerely  
"A. G. LAWRENCE, Lieut."  
Well, Well! "Salty" has returned. She was deposited very quietly in the "Y" just at lunch time. She seems a bit war worn and weary but is sleeping it off now and should soon be herself. I hate to say it as shouldn't but I'm inclined to think she's nothing but a tramp.

In case you wonder just when the actual invasion was going to start, let me tip you off to a little trade secret. They're holding it off until Jack MacClelland, the Y.M.C.A. supervisor at Seal Cove gets overseas. Jack expects to start for the East and overseas any day now and, once he gets there, "They'll be surprised!"

I had a letter today from Ronnie Greenaway who was up here

### 25 YEARS AGO

A musical program, speeches and toasts were part of Burns' night banquet in Self's cafe. Toasts were proposed by Fred Stork, and James Steen and speakers were Mayor McClymont, A. M. Manson, M.P. and the Rev. Doctor H. R. Grant.

W. E. Fisher left last night on a business trip to Terrace. At a meeting of the board of school trustees specifications were called for the wiring and installing of stoves in the domestic science department of the city schools and tenders were ordered to be called for at once.

as acting Yeoman with the navy communications branch some time ago. He asks me how the crib games are going on and whether I'm still taking a beating or whether I have figured out a system yet. Of all things! Even though Jock Bremner of the Merchant Navy does come in and trim me at the game. It's no indication that I can never win. Tsk! Tsk!

### Last Rites Of Sivert Groden

With a number of friends gathering to pay their final tributes of respect, the funeral of the late Sivert Groden, local fisherman, who died at the first of the week, took place yesterday afternoon from the Grenville Court Chapel of the B.C. Undertakers to Fairview Cemetery. Rev. Magnus B. Anderson, pastor of St. Paul's Lutheran Church, officiated and Mrs. Anderson presided at the organ to accompany the hymns which were "Abide With Me," and "More Love to Thee, O Christ." The pallbearers were John Clausen, Claus Aune, Carl Strand, Helge Essen, Hans Opsahl and Olof Jensen.

The late Mr. Groden, who was 33 years of age, is survived by a brother, Jonas Groden, who is a sergeant in the army here, one brother in the United States and one brother and five sisters in Norway.

#### NAMED APTLY

Sahara is the Arabic word for wilderness.

William Page of Vancouver, representative of the International Brotherhood of Carpenters and Joiners, is paying one of his periodical visits to the city, having arrived from the south yesterday.

Don't be bait! Facts contained in idle talk may be of the utmost value to the enemy seeking news of our offensive strength or defensive preparedness.

Even the obvious can fit into the enemy's jig-saw picture of our war effort.

### INCOME TAX RETURNS

We hate to remind you but—Income Tax returns have to be prepared!  
Did you take credit for all that you were entitled to in 1942?  
We have a simple record form in respect to 1943 which will assist you in preparing these complicated forms and in recording your past war refunds or deferred tax.  
In addition, there is a filing envelope for receipts, donations and medical expenses and for wage and dividend deductions slips, etc., all of which have a bearing on the tax you will pay in 1944.  
This record system was devised by a chartered accountant for the use of personal taxpayers.  
Price 25c for envelope and account cards.  
Employers! We have a limited number of these envelopes and suggest that you order a supply for your employees.

### To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and, failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somewhere, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incur-ABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not... NOW!
