NEWS

All Out For Budapest

MOSCOW-Russian troops are readied now for an allout drive to capture the Hungarian capital of Budapest. German positions have been wiped out on the east bank of the Danube south of the city, and Soviet columns have straightened their lines by advancing south and northeast of the Hungarian capital. Moscow, meanwhile, announces that an additional thirty towns have been captured during the past day or so. By the way, the latest Russian communique announces that Red troops captured 3600 prisoners in Hungary between November 10 and 13, bringing the total since November eight to almost eight thousand.

YugoSlavs Take Junction

ROME-YugoSlav Partisan Forces have captured the important southern YugoSlav rail junction of Skoplje. This city is an important cog in the German defences in the country. In its capture, the partisans killed 1700 Germans in the area and captured almost one thousand.

Yanks Gain In Philippines

PEARL HARBOR-New gains have been made by Allied troops fighting around the port of Ormoc on Leyte Island in the central Philippines. However, there have been no major developments in the fighting. The Allies are continuing to keep steady pressure on the enemy lines north of the key port, while other units have gained new ground to the east. At the northern end of the front, the Allies now are threatening Japanese positions around the village of Limon. On the west coast of Leyte, Allied forces have repulsed a small enemy force attempting to land from barges. Allied carrier planes have also been active in the Philippine area. The latest assault by Allied planes against ememy shipping and facilities in Manila Bay claimed a total of fourteen Japanese vessels sunk or damaged. And in addition, one floating dock was destroyed and at least twenty-eight enemy planes were knocked down.

More Flying Bombs

LONDON-Adverse weather conditions grounded Allied planes during the night. The Germans, nevertheless, let go with more flying bombs against southern England, causing a number of deaths. The sharp raid came after two comparatively quiet nights.

British Push Up Po

ROME-British Eighth Army troops continue to push up Italy's Po River Valley. The Tommies have crossed the Montone River about two miles northwest of the captured city of Forli on the highway to Bologna. The Eighth is now driving toward Faenza, the next major city along the highway. The Germans have made a slight withdrawal in the Appennine foothills to the south.

Japs Still Advancing

CHUNGKING-The Japanese have driven to within six miles of Ishan, important station on Kwangsi-Kweichow railway, 43 miles west of fallen Lichow, in an advance which might develop into an invasion of the hinterland province of Kaeichow, the Chinese High Command announced today.

Canadian Fighters Getting Rested

LONDON, Nov. 15 (P)-British aircraft operating with ships of the Home Fleet yesterday entered Trondheim Fjord on the Norwegian coast and sank one armed trawler and set another afire, the Admiralty reported today. The ship set afire is believed to have been sunk. British ships and planes suffered neither casualties nor damage.

Manila, Cavite Heavily Raided

SAN FRANCISCO, Nov. 15 1 - The Tokyo radio said today that 400 American planes attacked Manila and Cavite Monday and damaged some Japanese warships. In ad- ing. dition to the Manila and Cavite areas, the Japanese said, about 80 carrier-based planes raided Clark Field.

JAPANESE

New Canadian, Canadian-Nipponese Publication, Expects Action Soon

VANCOUVER, Nov. 15 (P)-The New Canadian, Japanese-Canadian weekly publication at Kaslo, says that action by the federal government in Japanese dispersal policy announced last summer by Prime Minister W. L. confirmed. Mackenzie King, may come before the New Year. The proposed judicial commission to separate loyal from disloyal Japanese in Canada would be a three-man board composed possibly of representatives from the bench and the Department of Justice.

HIMMLER NOW BOSS

LONDON, Nov. 15 (P) - The London Times said today that there no longer seemed any doubt that Heinrich Himmler, chief of the Home Army and Gestapo, was acting leader of Germany. Hitler, the paper said, was cut off from active work by illness and there was no one to challenge Himmler.

Bos Ride Again—

ILLEGAL ENTRY

Shades of the depressed '30's when youths roved the land on box cars haunted the provincial police district office Tuesday when Bernard A. Bowe, 22, an American of no fixed address pleaded guilty before Magistrate W. D. Vance of entering Canada llegally. Bowe was sentenced to two months in jail and will be deported after he serves his sen

The charge was laid here by Immigration Inspector K. E. Calbeck after Bowe had been arrested at Terrace on November 4 for stealing a ride on a freight

When Bowe admitted to Corp. T. D. Brunton at Terrace that he had entered Canada illegally he was tried under the Railway Act and sentenced to seven days in jail. In the meantime the case was turned over to the immigration authorities.

Bowe told police that he entered Canada at Blaine, Washington, on October 6, and that he had been without money for the last two weeks.

What Next At Ottwa . . .

We may or may not know within the next ten loyalty and devotion in the days when the federal election will be held. Things are happening suddenly at Ottawa these days. Each day seems to bring its new events in the political scene. And it is difficult to predict what will happen Blanket Fund for Bombed-out next.

There is talk of Prime Minister King seeking a Edward School for four 1945 vote of confidence at the coming emergent session Geographical and Instructional on the issue of continuing the voluntary system for the supplying of overseas reinforcements. Many believe that the government could not survive such an issue whereupon it would resign. Even that might not precipitate an election for the Governor-General would have the prerogative of calling upon some other to form a new government.

Then there might be no vote of confidence at all but the Parliament might be dissolved and an elec- meeting weekly in the Red Cross to relieve the frustration of a tion called.

In any case there are things to be clarified at Ottawa just now and a special session of Parliament drawing of the raffles took place, should clear them up.

At least the morale of the cigaretteless American war worker is not being affected by bombs.

The New Alaska Highway . . .

While Prince Rupert is naturally inclined to fa- eral Block. vor a route north from Hazelton or starting even further west than Hazelton for the missing link in the Alaska Highway, it is reasonable to anticipate the possibility of agreeing on a route starting Portsmouth has had 67 air raids together for two-thirds of her either killed outright or paral- across on the Aba. from some point further east on the Prince Rupert which killed 930 persons and in- length at the forward and after yzed while they rest on ice trans-provincial highway. All that Prince Rupert require hospital treatment, it The inner planking is of fir, into the water and be lost. asks is that fair surveys be made of all the possible had been announced. routes so that the one deemed the best and most practicable may be approved.

The main thing is, after all, to obtain a northsouth road connecting with the east-west highway. And that can be most speedily and effectively accomplished by all getting together and pulling for the road over the most favorable route, that route to be established by competent engineers. There is nothing to be gained by dividing the effort in stubbornly advocating a route merely on the basis of sectional interests. Certainly it could but deter the accomplishment of the project if the central interior country were to be divided itself on which route should be

Dewey Bullock, authority on northern road routes, who is certainly an effective advocate for the Prince George-Teslin route which embodies some new features and is declared by its patron to be the most superior and central route, met with representatives of the Prince Rupert Chamber of Commerce yesterday and they agreed that fair and competent surveys should be conducted before a decision as to route was made. So far so good. After the survey is made, it will be for all concerned to get together and push for the building of the road without delay over the accepted route. The more unanimity that can be secured for one route, the more general support that may be commanded for the construction of the road itself. And if the peacetime Alaska Highway is to be built, it will require all the backing it can get.

There is no doubt many Allied throat surgeons who would have found much pleasure in handling a knife around Adolf Hitler's wind-

The Thing To Do . . .

Prince Rupert has less population today than it had a year or so ago and probably less money is being earned here. Yet the Seventh Victory Loan exceeded all previous records in the volume of subscriptions. The most reasonable accounting for that fact is that the people of this country have now become fully Victory Loan conscious. They realize that Victory Loan buying is the thing to do and have taken it in their financial stride. Victory Bonds are no longer considered as a thing that can or connot be afforded. It is not a matter of how few but how many to buy-using every financial expedient to make the purchases.

Prince Rupert may be proud of not only of the accomplishment but of the spirit which has been developed to make the accomplishment possible.

No doubt there are people who are now wishing they had bought more. We would remind them there will be another issue six months hence.

No. no, Charlie; Bergen op Zoom is really a town in Holland, not just Edgar trying to be funny.

We can say this in three words

ALBERT & McCAFFERY, LTD.

116 —PHONES — 117

A laughing couple, dodging showers of rice . . . A fireside . . . garden . . . chubby babies . . .

These are scenes we know and like, because they're part of our lives . . . because they spell happiness . .

But we know that these things don't "just happen." They have to be worked for, lived for. Protected, too, because of ever-present dangers which may spoil them.

Venereal Disease is a spoiler. In a cold, relentless way it can kill infants, rob the home of its breadwinner, cripple, destroy. These are not mere possibilities. THEY HAPPEN . . . RIGHT HERE IN CANADA!

But, these things should never happen. They can be prevented.

Young men and women can safeguard their future happiness together by making sure before marriage that V.D. will not blight their plans. A medical examination, including a blood test for syphilis, is a protection no couple can afford to pass up.

The expectant mother, too, may know for sure that her baby will be all she dreamed of. Syphilis in the expectant mother rarely shows outward signs, and it is no respecter of persons. An early check-up by her doctor, including a blood test, is a most essential, yet simple, first step in protecting her baby's health.

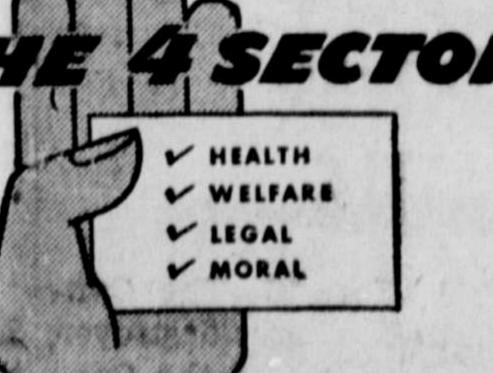

Nor must the breadwinner neglect his part. The security of the home depends upon his ability to work regularly and efficiently. Unsuspected syphilis, striking in middle life, may make the head of the home unable to provide for his family. It is wise to KNOW FOR SURE in time. Industrial medical examinations should include a routine confidential blood test.

A blood test should not be looked upon as something unusual. It should be regarded for what it is . . . 2 normal safeguard of health, security and happiness.

Invest a few minutes of your time in ASSURANCE.

An amendment to the Lighting and Blackout regulations permitting unattended lights and signs has been announced W. C. Mainwaring, chairman of the Civilian Protection Committee. The amendment applies to Prince Rupert.

Announcement of the amendment has been received by J .J. Little, local A.R.P. chairman. It states that it was made following requests from the Retail Merchants' Association, Boards of Trade and other organizations in the province.

The amendment to provision 20 of the regulations, which deals with unattended lights, states:

"When a blackout is ordered, all outside lights shall be immediately extinguished and all inside lights shall be either extinguished or rendered invisable from the outside."

REOPENING OF FAMOUS MINE

Sixty Men to Be Employed-200-Ton Mill to Be Installed

The famous old Silver Standard mine on Rocher de Boule Mountain at Hazelton may go into production again on an extensive scale next year. The Hazelton Star Mining Co. Ltd. which has been formed with capitalization of \$750,000, having ambitious plans including installation of a 200-ton selective flotation mill which would not only handle the ore of the property but would also be available as a customs mill. Dewey Bullock of Seattle, who is general superintendent of the property, said while visiting Prince Rupert yesterday that a crew of sixty men may be employed on the property.

Concentrates produced by the mill will be shipped through Prince Rupert to smelters either at Trail, Kellogg, Idaho, or Anaconda, Montana, and there is possibility that some may go to England.

Silver Standard is a gold, silver, lead, zinc property and has already been a producer in some volume, having shipped \$500,000 of ore between 1913 and 1921. Values in smelter shipments have shown .224 ounces gold, 131 ounces silver, 15.61 percent lead and 27.3 percent zinc. Work on the property during

the past summer included cleaning up generally, renovation of the working facilities and the Five Sentenced The new mining plan is to

QUICK ON THE JOB

The first contingent of the First Canadian Division landed in the United Kingdom on Dec 17, 1939, three months and seven days after Canada declared war.

Guild Selections

TCRONTO, Nov. 15 ()-Cana dian women are doing more than holding their own in the field of contemporary literature.

It may be the war which has locussed attention on the work of women in general but two Canadian women's books have been chosen Literary Guild selections for consecutive months.

Gwethalyn Graham's "Earth and High Heaven," the much-. discussed story of the love of a Jew an a Gentile, was the Guild's choice for October. "The Building of Jalna," by Mazo de la Roche, ninth in the popular Jalna series, is the selection for

"Home in Indiana" to Be At Capital Theatre For Three

"Home in Indiana," film based | on George Agnew Chamberlain's famous Saturday Evening Post story "The Phantom Filly," comes to the Capital Theatre ed back to the Legion hall where 'Fifteen-year old Jill Poole set a here this Thursday, Friday and Saturday. Featuring Walter Brennan, Lon McAllister, Jeanne tertained throughout the day. ing of the Cambridge Surprise Crain, Charlotte Greenwood, June Haver and an outstanding supporting cast, the picture depicts exciting drama, romance; and thrills of young love set against the background of flashwrite "House for Sale," Box out the district was equal to take part in such intricate ex- ing hoofs, pounding hearts and any previous sale, and was ercivs, Miss Poole took up bell thrilling moments of circuit ringing when she was 13. She is racing. The picture is in techni-On Friday afternoon, the sec- the daughter of H. J. Poole, Sec- color which enhances its at-

Brennan plays the part of a race horse owner and Lon Mc-Allister is the young nephew, who has a lot to learn about women and horses. Jeanne Crain, screen newcomer, and June Haver play the romantic leads while Charlotte Green-1 wood for the first time plays a stright dramatic role.

While set in contemporary times, the film is devoid of reference to war and is described as a warm, human drama of the peacetime world.
