Air Attacks

No Respite For Germans

Frankfurt, Coblentz and Ludwigshafen Latest Targets

LONDON, Sept. 25 (CP)—More than twelve hundred American heavy bombers with stong fighter escort attacked railway yards and other targets today at Frankfurt, Coblentz and Ludwigshafen, all in the front line of German western defences.

Coblentz and Ludwigshafen are communication hubs for the Siegfried Line.

Frankfurt is one of the Reich's greatest industrial centres and arsenals.

Tremendous explosions echoed across the Channel from Calais, indicating that heavy bombers were battering the surrounding German garrison there.

British heavies loosed more than 3900 tons of bombs on the German industrial cities of Munster and Bochum Saturday night.

British and American fighter-bombers worked most of Sunday over a wide variety of ground targets in support of armies on the German frontier.

Eight bombers were lost in the Calais action, mainly to flak. No Canadian bombers are missing.

WAR NEWS

STRIVING FOR RESCUE

Thousands more Allied airborne troops have been landed in Holland to reinforce the British Second Army which is four miles from the lost airborne army, relief of which is being attempted. No junction has yet been made although patrols are said to have contacted. Supply lines of the Second Army which had been severed by the hard-fighting Germans have been restored.

CANUCKS TAKE GRIZ NEZ

Canadians are reported to have captured Cap Griz Nez, half way between Boulogne and Calais on the Channel coast.

THOUSANDS OF NAZIS DROWN

Sweeping fifty miles across Estonia in a single day, the Russians have captured Parnu, important Gulf of Finland embarkation point. Thousands of German soldiers, being evacuated by sea, are believed to have been drowned when Russian planes sank eleven Nazi transports. The Red Army has crossed into Czechoslovakia and Hungary.

WIDESPREAD AIR ATTACKS

Wide-ranging Allied planes have struck at thirteen Japanese bases in the South Pacific from the Philippines to Bougainville including Borneo.

NORWEGIAN HOSTAGES

Norwegian political prisoners, according to Stockholm reports, are being removed from Norway to Germany to be held by the Nazis as hostages.

JAPS OUTFLANKING KWELIN

Danger that the Japanese armies might be out-flanking Kwelin in northern Kwangsi was indicated in an announcement that the enemy were striking south from Chuan-sien on the Hunan-Kwangsi railway northeast of Kwelin. It is believed the invaders plan to swing southwestward from Kwanyang to cut the railway south of Kwelin.

CANADIAN DRIVE NORTH

First Canadian Army forces have won a bridgehead over the Antwerp-Turnhout Canal at a point seven miles from the Dutch-Belgian frontier and about five miles northeast of Antwerp and thrust a threatening wedge behind Germans retreating from Meuse-Schelde Canal toward the Antwerp-Turnhout Line. A dispatch from the front said British troops had entered Turnhout, which is the largest Belgian city still in German hands.

FALL OF WARSAW SEEN

Berlin is beginning to pave the way for admission of the loss of Warsaw, capital of Poland, to the Russians. A German broadcast today said that "Warsaw has been blotted from the face of the earth."

REVOLT AGAINST HITLER

More German generals are urging the German army to revolt against Adolf Hitler. They claim that twenty divisions of Nazis were lost in Rumania.

MORE BUZZ BOMBS

More rocket bombs fell in the London area last night. A Roman Catholic boys' school was badly smashed up, two priests, a nun and seven students being injured. It is estimated that 900,000 homes have been destroyed by rocket bombs.

Soviet Troops Also Enter Czechoslovakia; Hungary In Big Pincer Movement

MOSCOW, Sept. 25 (CP)—The Russians are converging on the Latvian capital city of Riga today in a climax to their successful Baltic offensive. Front line dispatches tell of a battle on the Lithuanian frontier of East Prussia, heralding a possible large scale drive into the Junker province. The mop-up of Estonia is nearly complete.

A Moscow broadcast said that troops crossing from southern Poland through Lupkow Pass into Czechoslovakia captured Humenne, twenty-five miles inside Czechoslovakia.

A Bucharest communique said that Russian and Rumanian troops crossed the southwestern Hungarian frontier.

The double push into Czechoslovakia and Rumania is developing into a big pincers movement designed to knock weakening Hungary out of the war.

Shipbuilding—

Brief Does Not Affect Local Yard

Point in Memorandum Cleared Up For Chamber of Commerce

The Prince Rupert Dry Dock and Shipyard is not considered as a "government controlled yard" for which the Canadian Shipbuilding and Ship Repairing Association is proposing curtailment of vessel orders by the government with a view to liquidation of these shipyards as soon as the war emergency permits.

The Prince Rupert Chamber of Commerce has been advised after having sought clarification on the point brought up in a recent brief of the Association containing a number of recommendations in regard to post-war shipbuilding.

The Canadian Shipbuilding and Ship Repairing Association advised the Chamber that, so far as the Association is concerned, the local shipyard is not considered a government-controlled yard. "When we refer to government controlled yards," writes Angus McGugan of Ottawa, secretary-treasurer of the Association, "we mean shipbuilding yards which have been constructed during the war emergency for the assembling of hulls and installation of machinery such as United Shipyards in Montreal and Toronto Shipbuilding Company in Toronto. From our 'Brief for Shipbuilding' you will notice the names of eighteen yards comprising the members of the Association and will note that Prince Rupert is one of our member companies."

Bernard Allen, manager of the local yard, writes as follows: "The Prince Rupert Dry Dock and Shipyard is not in any way a government-controlled yard being, as you are probably aware, operated by the Canadian National Railways as a subsidiary of that organization. I am satisfied, therefore, that it was not the intention of the Canadian Shipbuilding and Ship Repairing Association that the Prince Rupert Dry Dock and Shipyard be considered as a government-controlled yard when preparing the brief presented to the government."

Canada's steel production has been doubled since the outbreak of war, to a present total of 3,000,000 tons.

Public Service of Thanksgiving On Victory Day Here

With the co-operation of D. G. Borland, manager of the theatre, arrangements are being made for the holding of a public service of thanksgiving in the Capitol on the day marking the conclusion of the war in Europe. The Ministerial Association has made preliminary arrangements and the complete details will be announced shortly. Meantime, it is learned that the newly formed Choral Society will be present to lead the singing and to render appropriate anthems.

CELEBES ISLANDS HEAVILY RAIDED

ALLIED HEADQUARTERS IN NEW GUINEA, Sept. 25 (CP)—Allied bombers heavily raided the Netherlands Celebes with negligible Japanese interception while patrol torpedo boats strafed shore defences of by-passed Japanese forces in Halmahera Island. At least two Japanese supply and troop laden boats were sunk in Morotal Strait by United States patrol boats.

GEN. SIMONDS HONORED FOR WAR SERVICE

OTTAWA, Sept. 25 (CP)—Lt.-Gen. Guy Simonds, Kingston, Ont., commander of the Second Canadian Corps attached to the First Canadian Army, has been made Companion of the Order of the Bath, defence headquarters announced today.

Simonds was in command of the First Canadian division in Sicily, and drew up a novel plan for operating tank columns at night by special direction-keeping methods. This method later resulted in a successful attack by Canadian tank forces which broke through German defences screening the highway to Falaise.

BURGLARS LOOT BELMONT SAFE SUNDAY NIGHT

"Plenty" of Money Taken In Expert Safe-Cracking

Safe-crackers made a back door entry to the beer parlor of the Belmont hotel early Sunday night and departed undetected day night and departed undetected with a "considerable amount" of money while John Hoskins, hotel proprietor, was entertaining friends in his second-floor apartment directly above.

The robbery, which was committed between 8 and 10 o'clock last night, was a neat example of the "punch" method of safe opening. The cracksmen knocked the dial from the safe and punched the spindle from the door without disturbing anyone upstairs.

Mr. Hoskins declined to divulge how much money was taken but said it was "plenty."

"They came in the back door between 8:30 and 9:45 while we had friends upstairs," he said. "The radio was playing and we were talking so any noise they made was well covered."

The safe is in a small store room off the ladies' beer parlor. No tools were left by the burglars.

The fact that the burglars came at such an early hour, using a key to enter the back door, indicates that they had an inside knowledge of his business habits, Mr. Hoskins believes.

City Police are investigating the robbery.

UNPLEASANT WAR SITUATION . . .

The situation in China is an unpleasant feature of the present overall war picture. In their effort to consolidate their ill-gotten territorial gains on the Asiatic mainland rather than to essay further adventures in conquest and to prevent the Allies from establishing in eastern China bases for air attack upon the Nipponese home islands, the Japanese are now close to splitting China in half.

Meanwhile, the Chinese, already so many years under the physical torture of a cruel war of aggression, continue to suffer and valiantly fight on, notwithstanding the difficulty in getting adequate aid to them. That aid, however, will eventually be delivered and the brave nation will in due course know its liberation, possibly not so long after Europe is freed and it becomes possible to turn more powerful forces of freedom to her rescue.

We may not be fully appreciative of the brunt the great nation of the Orient with her teeming millions has borne in a war that has been going on so much longer than that with which we have been burdened. Even here, the war in the western Pacific seems somewhat vague and strange to us.

MOOSE WOMEN TO SEND OUT BOXES

At the regular bi-monthly meeting of Prince Rupert Chapter No. 211, Women of the Moose, with Senior Regent Kasper in the chair, it was decided to send boxes to the husbands and sons of members in the armed forces who are stationed out of town. Mrs. Berthelet, war relief committee chairman, who was put in charge, asked members to leave necessary address-

es with the recorder before the next meeting.

During the meeting Katherine Pritchard was initiated and Mrs. Comer's name was drawn for the "Moose Cash."

The meeting adjourned and an enjoyable social hour was spent playing court whist with Mrs. G. McIntyre winning first prize and Mrs. Olsen receiving the consolation.

A tasty lunch was served with a gigantic shaded pink Frank Seipa Dahlia from Mrs. A. Tattersall's garden, centering the table.

Beefsteak and Kidney Pie

is famous standby for a wonderful dish for fall appetites. The popular way of using the expensive cuts of beef, Beefsteak and Kidney Pie is delicious, easy and easy to prepare.

2 lbs. of round steak and one kidney into 1 1/2 inch cubes. In well seasoned flour and in hot lard. Simmer in a saucepan for about two hours. Add 8 tiny onions peeled sliced, 4 or 5 carrots scraped sliced and 6 potatoes peeled quartered. Cook 15 minutes. Blend lard left from brown-fat, with flour left from browning and work into smooth paste with stock. Now line sides deep dish with Silverleaf pie tin—see panel—place a support

SILVERLEAF PIE PASTE

3 cups sifted flour
1 tsp. baking powder
2 tsp. salt
3/4 cup chilled Silverleaf Lard very cold water

Measure and sift into a bowl flour, baking powder, and salt. Cut half Silverleaf Lard in finely, remainder more coarsely. With a fork work in just enough cold water to make a paste that just clings together and cleans easily from the bowl. Chill before rolling out.

Things you can't add on your fingers

IT'S hard, almost impossible, to figure out on your fingers the many benefits of life insurance.

The street car you ride on—the electricity that perks your coffee—the home you live in—the school your children attend—the hospital where your baby was born—these are available to you partly because of life insurance investments in Canada's mills, factories, power plants and public works. The money you put into insurance is always circulating to make more jobs for more people. It's hard to add up all its benefits because they are felt in every corner of the land.

Some say that life insurance money would be better employed as "venture" capital rather than invested in long term bonds and mortgages. Well, life insurance companies must regard the investments which they make from year to year as trust funds, and policyholders would not want it otherwise. Deliberate safeguards have been set up to protect these investments and government laws very properly prohibit the use of life insurance funds for speculative purposes.

The truth is that life insurance assets are safely invested in such a wide variety of local and national undertakings that the average man has no conception of how much the development of the country depends on life insurance funds.

It is good citizenship to own LIFE INSURANCE

ECONOMY MEANS MUCH

It is interesting and encouraging to us who are responsible for producing Pacific Milk when users take time to write suggestions which are helpful to others and to us. One of our very old friends says we do not stress the economy of Pacific Milk enough. We thought you all knew that but perhaps she is right.
