Public Ownership Of Utilities Is Seen As Gov't Platform Plank

Columbia Liberal Executive Also Favors Inclusion and Exclusion of Japanese From This Province After War

COUVER, April 12 (CP)—Indicating public ownership of utilities as an important plank of the government's platform in the next provincial election, the executive of the British Columbia Association on Tuesday endorsed public ownership of all hydro-electric development. The conference passed a resolution urging the Dominion government to prohibit future settlement of Japanese in the postwar period and the holding, owning or leasing of any land by Japanese and to expel all Japanese from Canada at the end of the war.

KEEPING UP BIG RAIDS

Two Thousand United States Planes Out Over Western Europe Yesterday.

LONDON, April 12 — Nearly two thousand United States bombers and fighters continued their daylight attack on Western Europe yesterday, concentrating on Nazi aircraft factories. Sixty-four bombers and sixteen fighters failed to return. Of 184 enemy planes which were destroyed, 126 were shot down and 58 hit on the ground. The great daylight attack of the American air force which ripped another hole in Germany's aircraft industry was directed at plane factories in Ochsersleben and Bernburg and at industrial targets in Rostok and Arnimsvalde.

LONDON GETS AIR ATTACKS

May go on With Other Methods of Attack, Says Times

London is still under continuous enemy air attacks. The Times, London, describes what happens in the following words: "Air attacks of some weight have been launched against London during the past weeks, though so far not comparable with what we had between the autumn of 1940 and the spring of 1941. If any were optimistic enough to believe that the days of air attacks on Britain were over, they have been disillusioned; but in truth there were never valid foundations for this belief. It is not to be expected that there will be any immediate cessation in these assaults. The losses inflicted upon the enemy in proportion to the strength which he has employed have been appreciable, but they have not been great enough to check him if he remains intent upon his design. He is therefore likely to go on striking in this manner. He may even, as the Prime Minister gave warning, put in to operation other methods of aerial attack."

SOME AID FOR CITY

Federal Government Doing Some Repair Work—Hanson Presses for New Fishermen's Floats.

Federal aid to the city in connection with the rehabilitation of its roads and services, the local fishermen's floats situation and the present halibut fishing situation were matters discussed by Olof Hanson, M.P. for Skeena, in an interview with a Daily News representative yesterday. Mr. Hanson is spending a few days in the city during the Easter recess of Parliament.

Mr. Hanson stated that he had been advised just before he left Ottawa for the west that the Department of National Defence had obtained \$25,000 for road improvement work in the city. Of this amount \$13,000 was to be used for the purchase of broken stone from the United States Army for road repairs, the remaining \$12,000 to be used for labor in connection with repairing road and other work. As for water supply, Mr. Hanson disclosed that the Department of Pensions and National Health has provided \$5,000 for the purchase and installation of a new pump to be installed in the city waterworks. The Navy is also considering the installation of a pressure pump to maintain pressure to navy buildings.

A \$75,000 sewer system was being installed in connection with Wartime Housing here to replace septic tanks, Mr. Hanson stated.

In the matter of new fishermen's floats and augmented accommodation for the fishing fleet Mr. Hanson said this sub-

Fourth Win From O. Falls

High School Boys Take Last Minute Victory From Southern Players in Exhibition Game Last Night.

Before sailing home from their invasion of the Ocean Falls basketball scene where last week they polished off the southern High school boys in three straight games to win the Arthur Murray trophy for another year, local high school basketball commandos last night administered a last minute drubbing to the paper makers, then caught the boat north.

The exhibition game, whose score was 52-44 for Prince Rupert, was played at the suggestion of Ocean Falls, whose players held the opinion that their series of losses had been somewhat accidental.

Starting off with a determination that kept them in the lead for the first three quarters, the southern team then tried to maintain their lead by a hampering, defensive method of play, which was successful until the local team, mindful of their home schedule, decided that things should be speeded up. An 18-point spurge in the final quarter allowed them to get to the wharf in plenty of time and with the comfortable feeling of victory.

During the first three quarters, Prince Rupert trailed by a controllable margin, the score at the end of the first being 15-12, and at the second, 29-25, and at the third, 39-34. Their efforts to dominate the action during its earlier part were overcome by the superior height of the Ocean Falls players.

Dynamos of the local team were Ciccone and Gurvich, who tied for individual high scores of 16 points.

Ocean Falls Scandson and Forsyth with 13 points each, and Simpson with 11 points, dominated the Ocean Falls aggregation. Simpson, who extended six feet four inches above the floor, was a constant source of interference to the local players.

The teams: Prince Rupert — Ciccone, 16; Gurvich, 16; Stephen, 8; Postuk, 6; Holtby, 2; Pettenpuzzo, 2; Jay, Dell, Cruikshank.

Ocean Falls — Scandson, 13; Forsyth, 13; Simpson, 11; Corbin, 6; Kelly, 2.

Norman Nelson returned this morning from a business trip to Vancouver.

REICH AIR DEFENCES

Fighter Plane Strength at Peak, and Anti-aircraft Defences Doubled, London Spokesman Says.

LONDON, April 12 — A Royal Air Force spokesman said today that German fighter plane strength had reached an all time peak, and that the German Air Force now had 200 to 300 more fighter planes than at the start of the battle of Berlin.

German aircraft defences had greatly increased also, he said, having doubled in 1942, and doubled again in 1943.

No Local Action On Fish Dispute

Representation of Local Boat Owners and Fishermen in Vancouver.

No positive course of action has been arrived at yet by Prince Rupert fishermen in regard to the halibut price differential dispute which has threatened a tie-up of west coast halibut boats.

W. H. Brett, president of the Deep Sea Fishermen's Union said this morning that his union is standing by for possible action on information from George Anderson, union secretary, who is now in the south.

"We are in continuous contact with Mr. Anderson, who is keeping us informed of events," Mr. Brett said. "We had a joint meeting of boat owners and fishermen on Saturday night at which we decided to act only on positive information from our representative on the scene."

He intimated that the course of negotiations in Vancouver were in too fluid a state to bring forth an outright commitment as to the local union's course of action. When word from Mr. Anderson made it advisable, Mr. Brett said, a meeting of fishermen would be called.

ENEMY HAD MANY MORE CASUALTIES

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, April 12 — Headquarters announced Wednesday that American casualties in New Britain campaign totalled 1500 compared with a previously estimated ten thousand and Japanese wounded and killed. The American are now in control of the bulk of New Britain.

PICTURESQUE BUT DEADLY — The pattern made by these white phosphorus bombs as they burst over a Japanese bomber plane on Lakunai airfield, Rabaul, New Britain, is beautiful—from a distance—but there are those who can vouch for its effectiveness when used against enemy anti-aircraft positions and parked planes, as in this photo.

Some Japs Retreating

Reports Conflict as to Situation at Impahl in Manipur Province.

NEW DELHI, April 12 —The Chinese Thirty-eighth Division, pushing south along the Mogaung Valley in Northern Burma, occupied Tingring after a swift advance from captured Wakawang and Allied forces thrust across the Pangli River west of Wakawang. A Japanese pocket west of Hpaduyang was wiped out by Chinese troops. Little change is reported around Impahl, forty miles inside India, although the Tokyo radio claims that three Japanese columns are closing in on Impahl and the British defenders are already isolated except for air support. There is no Allied confirmation of this.

Lower Birth-Rate Blamed On Foods

Writer Declares Foreign-Grown Products Undermine Health of Britons.

LONDON, April 11 —Many reasons have been put forth for the decline of the British birth-rate, and now in the London Daily Mail a writer is blaming food for a situation the government has appointed a Royal Commission to investigate. Quoting medical and nutritional authorities, the writer states that "we are committing race suicide with foreign-grown food. There is abundant proof that an Englishman can only remain the virile, sturdy, independent, fertile being, enjoying positive health, if he feeds on food grown on the best soil of his own country."

Lord Geddes in the House of Lords said that the typical second or third generation factory worker in British industrial cities lives on imported food and is not an Englishman at all as far as his chemical make-up is concerned. Upholders of Lord Geddes maintain that there is "practically no positive health in British towns and cities," enlarged on this to mean the ability to throw off disease and without which the race is "losing fertility, the urgent price of parenthood and the demand for children."

ITALY AND YUGOSLAVIA

Important Decisions Reported Made by Premier Badoglio.

LONDON, April 12 (CP)—The Vichy radio reports that Premier Pietro Badoglio of Italy has recognized the government of Marshal Tito of Yugoslavia and Italy will renounce possession of Adriatic ports on the Istrian Peninsula including Fiume. There is no Italian confirmation of the report.

Olof Hanson Retires . . .

Olof Hanson, M.P. for Skeena, admits for the first time publicly his intention to retire from the membership at the conclusion of the present term—which probably means next year. Mr. Hanson's friends had known for some time that he intended to retire but there had been the hope that he might reconsider and be a candidate again at the next election. Of course, reconsideration is even now not beyond the realm of possibility but is extremely unlikely.

Holder by many years plurality of the record for longevity of tenure as federal member for this district, Mr. Hanson has been Skeena's representative at Ottawa continuously for the fourteen years since the general election of 1930. Steady, industrious and conscientious to the interests of his riding and his constituents collectively and individually, Mr. Hanson has become something of an epitome of good service and it will be quite a task to have to cast about to find a successor suitable and able to carry on the work which to him and to us has become rather an institution.

The next Parliament of Canada will, no doubt, have the tasks and problems of the postwar reconstruction period to face. We have considered the magnitudinous job of the war Parliament the most important that any Parliament in Canada's history to date has had to face. The postwar Parliament's position will be of an even more important bearing on the destiny of the Dominion.

It will, therefore, be a serious business, this matter of Skeena riding setting itself about the making of a new choice to succeed Mr. Hanson. We the voters of the riding will be wishing to see follow in his footsteps a person not only capable of representing the interests of this riding but of appreciating and dealing with national and international matters which will command the qualities of statesmanship from the members—each and every one—of the next Parliament. So we are well justified in urging upon the people even at this early date the advisability of considering the matters with no little earnestness. It is important that Skeena and every other seat in Canada should have a good and able member in the democratic yet all powerful body politic as constituted by the Parliament of a nation which war has brought to full stature in the communities of the world.

So, in our appreciation of Mr. Hanson and his good works and in expressing a feeling of regret that he has evidently determined himself not to give us another opportunity of sending him as our representative to Ottawa, we must conjoin in our repeated comment the suggestion that the choosing of his successor is a matter of importance not only to our own community and riding but to the country as a whole. About all of which we shall, no doubt, be hearing considerable from now on.

Chief Justice D. A. McDonald . . .

Probably no justice of the Supreme Court of British Columbia was better known in Prince Rupert than the late Hon. David A. McDonald, more recently Chief Justice of the Appeal Court of British Columbia, whose passing we recorded Tuesday. A comparatively young man when he first occupied the bench at the periodical sessions of Assize Courts in Prince Rupert, we had seen the Chief Justice grow old and greyer but his wisdom, learnedness and sympathy as a jurist never became impaired. He was esteemed by all those who appeared before him in any capacity in the courts and to his friends he was known as a congenial companion and associate. His passing is to be regretted here as elsewhere in the province.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By DOROTHY GARBUTT)

When the Army Show opens Friday night you'll probably see one of us from the 'Y' standing up in the audience, and pointing towards the stage and saying very loudly "That belongs to us!" For the property men have just been in and what they haven't borrowed! Cushions, a desk, a settee—the same settee which figured so prominently in Carl Clay's well known opus "The Bathroom Door"—and a sporting picture which hung on the wall in the men's lounge. Oh well, it's share and share alike

in this game and anything we can do to help them is all to the good.

I see by the posters which have arrived about the Service Shows from Vancouver that this show is to be called "In The Groove" and, judging by the display type, the stars of the show are Romaine and Babette. These two young persons are an acrobatic team. Strictly Canadian, they have just returned from a tour of American theatres and night clubs and their act is outstanding.

The canteen is getting an elegant roof on it. My friend, Mr. Sedgwick of Yorkshire and parts East, is putting it on. It's

Colonial with Gothic overtones and just a touch of the rococo. What I mean is it makes the canteen look as though it is a little shop on its own instead of just a partition in one corner of the hall.

Little Lee Laurel was in to say good-bye to me. She has been up here with her mother and father since last July and now Paul is drafted south and three more friends will have left us. The Laurets were great Bingo fans and never missed a Friday night. Lee was rather tearful about leaving "Salty" and "Peppy" who have been her special pals since they were tiny kittens. She was wondering if they would have to have their

NAVY BOXING MASTER HERE

Bandsman Gordon Sullivan Has Dual Duties at HMCS Chatham.

Following the beat of a musical conductor's baton requires just as much alertness as boxing, according to Bandsman Gordon

Sullivan, of the Royal Canadian Navy band here, who has had wide experience in both endeavours. Bandsman Sullivan, former resident of Mimico, Ontario, Toronto suburb, has taken part in more than 80 bouts and has lost only six. He recently became interested in boxing instruction at HMCS "Chatham."

Sullivan's father was a drummer with the Grenadier Guards band of Montreal for many years and that is what Sullivan now plays.

Sullivan began his musical activities at an early age on the piccolo but he shelved this instrument when he was

eighteen because he was interested in boxing.

A few years after he commenced training with Stockley, Toronto trainer, Sullivan defeated Callura of Hamilton, a bantamweight. In 1936 he fought in Manchester, England.

Sullivan is still in the pound class but he has given heavier matches than him. He is now in his boxing activities of his in his off-duty hours.

Victory is in the air...

BUT WE'VE GOT TO BRING IT DOWN TO EARTH

VICTORY IS IN THE AIR. The promise of it blossoms on every battlefield. But don't let us fool ourselves by evading the grim reality of the cost and sacrifice that await every one of us before this victory is achieved.

We can win only if every Canadian plays his or her role for all it is worth . . . counting all things less than the lasting freedom and security which Victory will bring ourselves and our children.

We at home can no more sit back and relax than can our boys now advancing on the long and bitter road to Berlin. We must back them up. We must maintain the flow of vital war materials. We must save every life possible by doing everything in our power to help shorten the war.

Soon Canada's Sixth Victory Loan will give you the opportunity to live up to the privilege of being a free Canadian . . . untouched by occupation and slavery . . . unhampered by fear . . . and living in cities undamaged by shells or bombs. And when this time comes buy Victory Bonds as you never have bought before.

Navy Badminton Team Is Winner Over Air Force

by the Navy badminton team as they defeated the Air Force, eleven games to five at Seal Cove last night.

In a special set, the top RCAF pair out-scored the best Navy twosome, two games to one. The two services played another tournament two months ago when the Air Force emerged the winners.

More evenly distributed talent than the opposition was shown

CITY AID

(Continued from page 1)

ject had received much attention from him in the way of bringing every pressure to bear to show the necessity. The government expects it will be necessary to renew the existing fishermen's floats next year.

The halibut situation following the ordering of a reduction in the ceiling price by the Office of Price Administration (United States) on halibut landing at Prince Rupert and Ketchikan as compared with Seattle was being watched with interest. No action along similar lines had been taken by the price control authorities of Canada. Mr. Hanson observed. Indeed the fishery committee of the Canadian Parliament of which Mr. Hanson is himself a member has taken the stand that there should be no differential in halibut prices as between British Columbia ports.

Mr. Hanson was in session with the city council last night. Since his arrival in the city at the first of the week he has been over all the roads and streets of the city.

THINKING OF THEIR WOMEN

Preferences of Service Men in Many Things Revealed By Quiz.

Of one thing the women of Canada can rest assured... Canadian servicemen on all the fighting fronts spend more time thinking about them than any other subject under the sun.

This was revealed recently in one of the weekly quiz programs prepared by Lloyd Percival of Toronto and distributed by Canadian YMCA War Services through their supervisors at every service centre in Canada, Newfoundland and overseas where Canadian troops are stationed.

Next to their wives and sweethearts, the men thought most about sports. Religion was next, then the war and what after? Russia was fifth in their interest.

Asked in another quiz what movie star they would like best to be stranded with on a desert island, the men said Marie Montez. Duke Ellington was chosen

SPORTS

Chicago Black Hawks, managed by Tommy Gorman, won the Stanley Cup 11 years ago by defeating Detroit Red Wings 1-0 in the final game of the series at Chicago. It was the first time the Hawks had captured the title. The next year Gorman switched to Montreal Maroons and won the cup again.

Murray Murdoch, who played 12 years for New York Rangers in the National Hockey League without missing a game, was appointed hockey coach at Yale University six years ago yesterday. Murdoch's appointment marked the first plunge of United States' eastern collegiate hockey into professional ranks for a coach.
