HUNGARY CAPITAL NEAR FALL

Revolution And Panic Is General

LONDON, Nov. 3 — Russian artillery is now being heard within the Hungarian capital city of Budapest as the Red Army approaches to within a distance of 14 miles. The Hungarian government is preparing to leave the city. Nazi officers are reported to be shooting German soldiers for making unauthorized retreats on the way to Budapest.

Berlin says the Soviet forces may fight their way into Budapest over the week-end.

Panic is general as civilians flee the city by all means possible.

The Bucharest radio says full scale revolution has broken out in Budapest.

Russian troops killed more than 2,000 enemy troops yesterday and knocked out 58 enemy tanks and mobile guns.

OBERSAUSEN WAS TARGET

LONDON, Nov. 3 — An all Canadian force of Halifax and Lancaster bombers hit Oberhausen, hitherto least bombed city in the Ruhr. Six Canadian bombers were missing from the attack but at least three enemy planes were claimed destroyed.

The armaments centre, Dusseldorf was the principal target for more than 1,000 British bombing planes which attacked objectives in Germany last night. This followed a great sky battle yesterday over Germany between American and German planes, the enemy losing over 200 machines while 41 American bombers and 28 fighters were lost.

Royal Air Force and Royal Canadian Air Force bombers participated in the raid on Dusseldorf last night, raining down approximately 4,000 tons of explosives on the German armaments centre.

Twenty-one planes, eight of them Canadian, failed to return from the raid on Dusseldorf and other sorties in which nine enemy fighters were destroyed.

SIAMESE BRIDGE HIT BY BOMBS

KANDY, Ceylon, Nov. 3 — Allied heavy bombers have made a 13-hour flight to bomb the important railway bridge at Dara, in Siam, 284 miles north of Bangkok. The assault was carried out just before dusk Wednesday evening. Damage to the bridge will disrupt Japanese communications between eastern Burma and northern Siam.

SO. VANCOUVER GOES OVER TOP

VANCOUVER, Nov. 3 — Vancouver South yesterday went over the top of its quota in the Seventh Victory Loan campaign. The Vancouver South investments totalled \$1,125,350 or 100.43 percent of quota. It is the third of British Columbia-Yukon units over the top. Others are Ladysmith and Ocean Falls-Rivers Inlet.

Investments on Thursday by the armed forces and the general public in British Columbia totalled \$3,863,350, nearly one million dollars ahead of the amount purchased for the corresponding day in the previous loan. Public canvass has now reached 73 percent of quota.

NEW MINISTER—Gen. A. G. L. McNaughton who succeeds Col. J. L. Ralston as minister of national defence.

Nips Being Strafed As They Endeavor To Evacuate From Lost Island

MacARTHUR'S HEADQUARTERS, Nov. 3 — Four Allied divisions on Leyte Island in the central Philippines were this morning cornering the remaining Japanese forces on the island. The Japanese are being pushed toward Ormoc, their last port of flight on the west coast of Leyte, and the enemy at Ormoc has been landing troops on barges and ferrying them to larger escape vessels. These craft have been under constant fire of Allied air might.

British Troops Are Now Only Five Miles Away In Advance Through Greece

ROME, Nov. 3 — British troops fighting through Greece are within five miles of the Yugoslav border and forty miles northwest of captured Kozane. Allied patrols derailed a sixty-coach enemy train and Royal Air Force Beaufighters finished the job.

WAR NEWS

Big Aerial Battle

LONDON — The big aerial battle over the Rhineland of Germany yesterday was a record-breaking encounter. American airmen destroyed 208 enemy planes. The Americans lost 41 bombers and 28 fighters. The Air Ministry estimates that British, Canadian and American bombers showered 100,000 tons of bombs on Germany during October, almost twice the tonnage of any previous month.

Snow on Eastern Front

MOSCOW—Cold weather and heavy snow is general all along the eastern front from the Ukraine northward. The fight is slowed down.

CHINESE TAKE OVER LUNGLING

But Situation at Kweilin is Still Serious

CHUNGKING, Nov. 3—Japanese wedges have been dug deeper into the defences of Kweilin. Fierce fighting continues.

However, Chinese forces have retaken the town of Lungling in Yunnan province. The town is situated on the Burma Road. Chungking also announces that a Japanese destroyer has been sunk and an enemy transport severely damaged in two separate Allied attacks on an enemy convoy in the south China Sea east of Hainan.

BULLET GRAZES LEADER'S HEAD

MacARTHUR'S HEADQUARTERS, Nov. 3 — General Douglas MacArthur had a narrow escape from death. A Japanese strafing attack Friday, Philippine time, sent a fifty-calibre bullet into a wall just one foot from General MacArthur's head. The General noted the bullet-hole in the wall and commented, "Well, not yet."

Schelde Is Cleared Of Germans--

Nazis Abandon Meijel—Allied Drive Toward Heart of Germany

PARIS, Nov. 3 (CP)—A Reuters dispatch says all German resistance at Zeebrugge ceased today. The dispatch says the Schelde pocket has been cleared and all Belgium has been liberated.

There are indications that the Germans may be pulling back from the German stronghold at Meijel on the eastern fringe of the Allied salient in Holland. British troops have probed into the outskirts of the German bastion and found them silent as a ghost town. This suggests the Nazis may have withdrawn to the Meuse river eight miles away.

Meantime, Allied sources in Paris are speculating that American troops may have opened a big-scale drive toward the very heart of Germany. American units are fighting for the fortified German village of Huerte, southeast of Aachen.

John Bracken—Asks For Statement

Wants Reinforcement Resignations?

OTTAWA, Nov. 3 — The national leader of the Progressive-Conservative party — John Bracken—has called on Colonel Ralston or Prime Minister King to tell the people of Canada the facts about the reinforcement situation. "The people of Canada," he declared, "are deeply concerned and desire to be told the truth, be it good or bad, in the frankest possible terms."

M. J. Coldwell, C.C.F. leader, joined Mr. Bracken in declaring the government should make a complete statement on the situation to the Canadian people immediately.

So far there has been no statement from Col. Ralston and whether he intends to make comment is not known.

There is speculation in Ottawa regarding the possibility of further resignations from the federal cabinet following the announcement that General MacArthur had succeeded Col. J. L. Ralston as defence minister. This speculation centred around reports that several ministers supported Col. Ralston on the reinforcement question — that the Home Defence Army should be sent overseas including Finance Minister Isley, State Secretary McLarty, Labor Minister Mitchell, Revenue Minister Gibson and Resources Minister Crerar.

Meanwhile, Prime Minister King has said that he will attempt to avoid calling an election in wartime if that can be done without denying the people to elect their representatives to the House of Commons every five years.

Above, Col. Ralston is seen with one of the several groups of soldiers he found time to speak to during his visit. Canadian soldiers, he found are extremely interested in Canada's future, and in the part she is destined to play in coming world affairs. Lower picture, Col. Ralston enjoys an informal chat with Gen. Sir Oliver Leese, General Officer Commanding-in-Chief the British Eighth Army, somewhere on the shores of the Adriatic sea.

Sinking In St. Lawrence

Incident Is Mystery; Followed Explosions

MATANE, Quebec, Nov. 3 (CP)—A British merchant ship was sent to the bottom of the St. Lawrence river last night, eight miles off shore. The cause of the sinking is unknown but 17 survivors, brought to Matane early today, report that the ship went down after two or three explosions. The fate of the remaining 45 members of the 62-man crew is yet unknown. They are still missing today.

VANCOUVER HAS BLESSED RAIN

VANCOUVER, Nov. 3 — Power restrictions imposed on the British Columbia Lower Mainland last May were lifted at 4 o'clock yesterday afternoon.

British Columbia Electric Railway officials announced that the restrictions imposed because of power shortage due to low rainfall and light snow in the mountains last winter could be lifted because of an improvement in the water situation following recent rains. These restrictions had imposed a partial dimout here.

Blackout regulations are still in effect and may be enforced at a moment's notice.

It is still contrary to regulations to leave lights burning unattended.

DOCK LEADS COMPETITION

Prince Rupert Dry Dock and Shipyard employees are still responding well in the Seventh Victory Loan campaign. The total amount subscribed up to November 1 was \$141,050. This was 88 per cent of the objective. The following 13 departments have exceeded quota:

- Yard Labour, 234 per cent.
- Foundry and Pattern Shop, 176 per cent.
- Blacksmiths, 163 per cent.
- Pipefitters, 132 per cent.
- Dockmen, 131 per cent.
- Steel Checkers, 118 per cent.
- Composition Layers, 111 per cent.
- Mott Electric and Chinese Laborers, each 110 per cent.
- Welders, 107 per cent.
- Slabmen and Painters, each 106 per cent.
- Stores, 103 per cent.

Four other divisions have reached 90 per cent or more, three have between 80 and 90 per cent of their quota and three more have over 70 per cent of their quota.

The Stores Department has the fine record that every member bought bonds—100 per cent of their employees and over 100 per cent of quota.

HALF WAY MARK IS NOW PASSED

OTTAWA, Nov. 3 — Canada's Seventh Victory Loan has passed the half way mark toward the minimum objective of \$1,300,000,000, headquarters announced yesterday. Purchases on Wednesday were \$85,284,250, making the cumulative total \$661,097,750.

EDITORIAL

The Ottawa Issue...

The issue which has resulted in the cabinet crisis at Ottawa with the resignation of Col. J. L. Ralston as minister of national defence and the appointment of General A. G. L. McNaughton as his successor is clear-cut enough. Col. Ralston favored the use of Home Defence call-up troops in any theatre of war. Gen. McNaughton favors the continuation of voluntary overseas service. Prime Minister Mackenzie King and the majority of the cabinet did not agree with Col. Ralston so he resigned in support of his convictions. Quite possibly there may be resignations of other ministers on the same issue.

The Prime Minister rightly enough paid tribute to the integrity of the retiring minister. No one who knows Col. Ralston could question his integrity or his strength of character. It is to be hoped that Gen. McNaughton will be as worthy and capable a successor. His position is not particularly to be envied for there may still be difficult times ahead before the war is over.

The political situation at Ottawa for the time commands a large measure of interest and seems fraught with many possibilities. There are strong convictions on the issue of unrestricted military service and quite possibly they may again transcend political lines as was the case back in the latter days of the First Great War.

The Local Situation...

Meanwhile the local political situation, with the certainty that an election will be held within the space of the next few months, remains unchanged with one party going ahead and effectively sawing campaign wood while there appears difficulty in settling upon a good man to succeed Olof Hanson who still appears obdurate in his declining to seek re-election.

Mr. Hanson has been such a good member for us that naturally there are few who feel that they could effectively fill his shoes. He has been so satisfactory that many feel he should reconsider and carry on the good work for another term of Parliament at least.

No doubt Mr. Hanson has adequate private reasons for not wishing to continue the arduous career of a Member of Parliament particularly in such a difficult riding as this. He has his own business to consider and probably there are other considerations to justify his desire to retire now after he has served us so long and faithfully. There are none to deny that he has already done more than one man's share in the public service.

In any case, it appears to be high time that something was done about the matter of deciding upon a candidate on whom we can all unite in enthusiastic support. Mr. Hanson is one such possible candidate but there must also surely be others.

Ottawa's Financial Octopus...

Shades of Duff Pattullo! Those words of Premier John Hart at Penticton, savoring of protest at the Ottawa financial bureaucracy seeking to embrace in its tentacles financial control of all Canada including the taxation rights of the provincial governments, sound much like the former premier and still our member for Prince Rupert who these many years has so strongly championed the claims of the provinces to taxation rights, going to extreme lengths some times in doing so.

When the always careful and usually conservative financial authority, John Hart, comes out in meeting and makes remarks like he did at Penticton we are constrained to admit that there must be something to it after all. Harsh words those coming from him about the fiscal octopus on the banks of the Ottawa. But, putting all levity aside, there were possibly some of us who did not realize it was actually so grasping as we had been led by others, principally Mr. Pattullo, to believe.

Sport Chat

Arthur Donovan, famous referee of world championship, boxing matches, will be the third man in the ring during the finals of the all-Alaska Boxing Tournament to be held at Fort Richardson, Alaska, November 30, December 1 and 2, and in which Prince Rupert will be represented. Donovan has been the referee in almost all the heavy-weight championship bouts for the past ten years and has the reputation of being one of the most conscientious, hard-working referees in the boxing game.

The New York fight official will be accompanied by three soldiers who will assist him in refereeing the many tournament bouts. Although the three assistants have not been selected as yet, they will be chosen from the ranks of former professional boxers who have been acting as referees at various Army boxing tournaments and exhibitions. Donovan and his assistants are scheduled to arrive at Fort Richardson November 7, and will proceed immediately to APO 980 to referee the semi-final tournament to be held at that post November 16-18. The APO 980 tournament is being held to pick winners to represent the Aleutians in the finals, and another semi-final tourney will be held simultaneously at Fort Richardson to pick the mainland winners to compete in the finals.

Most of the posts throughout the Alaska command have already held elimination affairs to determine their representatives at the respective semi-final events. In the Aleutians, the eight-man team at APO 939 will be made up of both Army and Navy men. APO's 729, 726 and 986 have selected eight-man teams, but APO 948 is sending only three representatives to the Aleutian semi-finals. APO 939, the last of the six posts seeking Aleutian honors, will send an all-Navy team of five men. On the mainland, five posts will be represented by eight man teams at the semi-finals starting November 16. Prince Rupert, winner of the all-Alaska softball championship at the

World Series held here early in August, will be on hand trying to take the boxing honors back to its post. The Army posts at Fort Richardson, Whittier, and Ladd Field will all be represented. From Kodiak comes word that an all-Navy team expects to take its share of the honors. The Alaska Wing of the Air Transport Command and the Northwest Service Command have accepted invitations to send eight-man teams to the finals. Champions will be crowned at the finals in eight weight divisions ranging from the 120-pound bantamweights to the heavyweights of 175 pounds and over.

To add further luster to the final tournament, it was recently announced that a press row, composed of editors of camp papers representing all posts entering teams in the tournament, will be on hand to send ringside accounts of the progress of the tournament to their respective papers. Following completion of the tournament, all men who compete in the finals will receive a week's all-expense paid furlough at Mt. McKinley U.S. Army Recreation Camp as guests of the Alaska Department. At the same time, camp newspaper representatives will hold a conference at Mr. McKinley Camp with representatives of Yank magazine, Camp Newspaper Service, Inc., Army News Service, and the Alaskan Department Public Relations Office.

We sit at home

We sit at home where it's nice and safe while our young men face death hourly. They fight with their blood, their lives, for every inch they gain in occupied countries. Not very fair, is it? So how about squaring up the score a bit? How about doing without and making do with what we have to back them with every last dollar. Let's turn our savings into Victory Bonds today, then buy an extra bond and pay for it by instalments every pay day. It's little enough to do - as we sit at home!

Notes on Victory Loan Progress in Prince Rupert

In order that the Booth Memorial High School student canvassers may make their quota, the Victory Loan Committee has turned over the sales of the Victory Loan Hut on Third Avenue on Saturday to the student canvassers. These young salespeople will be in attendance at the Victory Loan Hut all day Saturday between 10 a.m. and 8

p.m. to sell Victory Bonds and do their part in putting Prince Rupert over the top.
The Victory Loan "V" Flag was presented to Billmor on Wednesday evening by Weldon McAfee. Divisional vice-chairman of the National War Finance Committee. E. R. Gordon, who conducted the whirlwind campaign, introduced Mr. McAfee who complimented the personnel upon their one hundred percent support to the Seventh Victory Loan. During the evening two separate shows were presented so that both shifts were able to enjoy some very interesting moving pictures. This is an outstanding achievement and the men of Billmor are to be congratulated.

A. Martinusen, owner and captain of the halibut boat Dovre B., has again invested in the future security of his children by buying Seventh Victory Loan Bonds. Following his usual custom Captain Martinusen again purchased bonds for each of his five children. This is the seventh loan that Captain Martinusen has purchased Victory Bonds for his children.

the Soo district employing over 100 persons with a view to estimating what may be available after the war in the way of employment. The Sault Ste. Marie Rehabilitation and Reconstruction Committee is co-operating.
Leading Seaman Ken Cartmill of the Canadian destroyer Haida and Able Seaman Eddie Miraud of the aircraft carrier Nabob were guests of the Sault Ste. Marie Kiwanis Club. They gave interesting stories of naval action.
At the annual meeting of the Sault Ste. Marie Boy Scouts' Association a long service medal was presented to the district secretary-treasurer, Francis L. Short, in acknowledgement of

SMITHERS IS OVER QUOTA

SMITHERS, Nov. 3—Without an exact computation of Victory Loan subscriptions to date it is estimated that Smithers has already exceeded its quota of \$40,000 by at least 10 percent, with a number of subscriptions yet to come in.
The C.N.R. employees at this point and throughout this area have done exceedingly well and stand high in their subscriptions for the Western Region.

Just a little longer -

WE HAVE come to the crucial stage of this war. There can be no turning back. It is essential we give our forces the backing that will help them march right in to the last enemy stronghold, to claim a complete, lasting victory.
It is up to each of us to do our utmost,

without delay, to help our men achieve the goal we have all dreamed of now so long — unconditional surrender.
It's time to act! Every bond we buy in this Seventh Victory Loan hastens the day when the boys come home! That is why it is vital each of us buy one more bond than we bought before.

THIS TIME BUY ONE MORE THAN BEFORE!

For total victory he fights a total war. For nothing less will he lay down his arms. For your sake he's willing to gamble on coming through alive. Whether he does or not is decidedly your affair . . .

The imminence of victory has climaxed the responsibilities of the home front. Canada's borrowing needs today are greater, not less. To see the uniformed services get all they need to win with minimum losses, is still our biggest job.

JOSEPH HOWE PASSES AWAY

Death Removes Well Known Citizen at Hospital Last Night

Joseph Smallwood Howe, a resident of Prince Rupert since 1918, passed away in the Prince Rupert General Hospital last night after a week's illness. He was 73 years old.

Born in the Lakes District of England, Mr. Howe came to Canada in 1909. He was a marine engineer by trade, and operated the Northern Exchange, a marine equipment depot at Cow Bay, for the last 12 years.

His wife pre-deceased him several years ago.

He is survived by three sons, George, of Prince Rupert, and Richard and Samuel in Australia; two daughters, Mrs. C. Tuck, of Penticton, and Mrs. W. Richards, of Prince Rupert; and two sisters and one brother in England.

Firms Fined for Price Infractions

Sterling Food Markets Ltd. was fined \$100 and Sunrise Company Ltd. was fined \$50 in police court today when they pleaded guilty to charges of selling meats at prices higher than the Prices Board ceiling.

W. O. Fulton acted as counsel for both companies and T. W. Brown prosecuted.

In pleading for the minimum fine of \$50 for the Sunrise Company Mr. Fulton said that the price charged for a quantity of lamb had been done in error, and that the company had not intentionally evaded the law.

Crown counsel agreed that Sunrise Company had not committed a serious infraction and that they had always been co-operative with the Prices Board.

Mr. Brown asked that a heavier penalty be awarded Sterling Food Markets on grounds that they had offended the Prices Board regulations on a series of meat sales.

The cases originally came up in October and were adjourned until today.

Ketchikan Woman Local Man's Bride

The marriage took place quietly last evening in the Inlander Hotel, Rev. James A. Donnell officiating, of Mrs. Addie May Sund of Ketchikan and Mackenzie Fry, local stevedore. The ceremony was performed in the presence of a small gathering of friends and attendants were Mr. and Mrs. John T. Kasper. A wedding supper followed the ceremony. Mr. and Mrs. Fry will reside in Prince Rupert.

POPPY DAY TOMORROW

Tokens of Remembrance to be Sold on Streets

Tomorrow the slogan throughout British Columbia will be "Wear two poppies. One for Victory." On this the eve of the twenty-sixth anniversary of the signing of the Armistice, Poppy Day will be observed with the selling of poppies first, to provide employment for maimed veterans both of this war and the last who can do no other work and who maintain their independence by the fashioning of replicas of the Flanders Poppy, which has been chosen as the flower of remembrance; second, to provide a fund to assist needy veterans and their families and also to take care of medical attention and hospitalization for them when such is indicated; and third, to prove to the world that the heroes of yesterday and today are never forgotten.

On Saturday the tagging will be under the general direction of Mrs. A. J. Croxford, president of the Canadian Legion Women's Auxiliary, and with the support and co-operation of the Imperial Order, Daughters of the Empire. Headquarters will be the Legion Rooms.

Mrs. William Brass, convener, Mrs. G. W. Abbott, Mrs. S. V. Cox, Mrs. H. Smith sr., Mrs. T. J. Boulter sr., Mrs. E. V. Whiting, Mrs. G. E. Moore, Mrs. A. J. Croxford, Mrs. Jens Munthe, Mrs. R. J. Keron and Mrs. D. C. Stuart.

Those tagging will be Mesdames W. Rothwell, F. Ellison, R. S. Scherk, W. J. Pinner, and Dorothy McPherson, Rose Marie Hartwig, Alice Nickerson, Deska Penoff, Lorraine Youngman, Dorothy Haudenschild, Carol Moorehouse, Margaret Wide, Betty Wide, Edna Gardner, Lenora Gardner, Lily Sylvester, Dorothy Edgar, Gerd Lien, Marie Skalmereide, Mary Strachan, Margaret Strachan, Helen Hibbard, Alan Hartwig, Larry Moore, Penio Penoff, Bob Watts, Alan Forman, Dick Edgar, George Gillia, Alfie, Henry and William Blackaby, Everett and Burns Pierce, Mrs. Stewart, Mrs. Weder, Ronnie Rothwell, Hic Moore, Ken Laurie, Sandy Ormiston, Bob McChesney, Norman Shenton, Kenneth Black, Billy Macdonald, Donna Petroff, Nellie Pavich, Madeleine Youngman, Stewart Hills, Marion Shenton, Janet Wong, Bobby Harvey, Isobel Abercrombie and Dorothy Abercrombie.

This evening, by courtesy of C.F.P.R., Harold Ponder, himself a veteran of the last war, will in a brief broadcast describe the reason for and meaning of Poppy Day. Many will remember that Mr. Ponder's son, Harold (Bud) was the first hero of the services to make the supreme sacrifice in this war from Prince Rupert.

Rocket-Laden Boats Pack Fearful Power

LONDON — The fire from one of Britain's rocket-fitted landing craft is roughly equivalent when falling in a small area to the fire of 30 regiments of artillery or 30 cruisers each mounted with 12 six-inch guns, when related to the time over which the bombardment takes place.

This was one of the recently revealed secrets of this invasion weapon, used first in Sicily and again in Normandy. Combined operations headquarters developed the craft, which can fire all its rockets in 30 seconds, to give close support to troops approaching a beach.

MR. WINCH EXPLAINS

Six C.C.F. Provincial Members Wanted to Run for Federal House

VANCOUVER, Nov. 3 — Harold Winch, British Columbia leader of the Co-operative Commonwealth Federation, said that party members in six ridings had been interested in considering nominating members of the legislature for the forthcoming federal elections and for this reason the party executive vetoed the nomination of H. W. Herridge, M.L.A. for Rossland-Trail, to contest the federal seat of Kootenay West.

"It must be obvious," said Mr. Winch "that political confusion would result and democratic representation would become a farce if the practice of M.L.A.'s resigning to enter the federal field became general."

MACHRIHANISH, Scotland. — A "monster" washed up on the shore of this Mull of Kintyre town has been tentatively identified as an outsized polar bear.

Twenty feet long, with huge feet, the bulk of an elephant and a coat of long white fur, the headless derelict was at first believed to be some kind of previously unknown sea serpent.

WEAR A POPPY

Once more we offer you with reverent fingers, Out of the past where poignant memory lingers, The Flanders Poppy.

Ye who pass on with careless, hurrying feet, Behold her shining in the city street— The scarlet Poppy.

Ye, who exempted, trod the paths of ease, Forget not those who died to bring you peace, And wear a Poppy;

Those who endured War's meanness—and its splendor Unto the end, their very selves to render, For them—the Poppy.

Because their valor lives throughout the ages, Because, once more, the bitter struggle rages, We bring you Poppies; Because brave hands, now maimed and bruised and broken, Fashioned anew each scarlet, flaming token, Each little Poppy.

Because she breathes Remembrance, Faith and Sorrow, Because she whispers Hope, a fair Tomorrow— The Flanders Poppy, Accept her blossom with a tender hand, And, proudly, that the world many understand, O, wear a Poppy.

KEY MEN TO STAY IN NAVY

No Official Announcement Yet As to Army Plans for War in Pacific

OTTAWA, Nov. 3 — Certain key men in the Canadian Navy will be retained in the service regardless of their personal wishes under the new general policy whereby the naval contingent to go to the Pacific will be raised on a re-voluntary basis with partial demobilization after the defeat of Germany.

The Royal Canadian Navy, which like the Army is believed ready to use one-third of its strength in the Pacific, has already announced a re-voluntary plan and partial demobilization.

The Army, said to be contemplating using a division in the Pacific, has not yet announced its plans.

The Navy's plans for participation in the war against Japan are taken as an indication that Canadian forces may serve under over-all United States command in the Pacific.

The Navy's announcement disclosed that the re-volunteers will be given leave in Canada before entering the Pacific conflict and it seems logical that they will go by way of the North Pacific and come under United States command. If Canada's naval forces were going to be under British command, they would likely forego home leave in order to start from overseas with British forces moving to Indian bases after the defeat of Germany.

VETERANS EXEMPTED

OTTAWA—In future, allowances paid to veterans of the present war while they are taking vocational or university training will be exempt from Canadian income tax. Also, discharged members of the women's forces will receive unemployment work benefits on the same scale as discharged men.

GEOLOGISTS EXPLORED FOR OIL BY AIR ON NORTHERN CANOL PROJECT

Much of the oil exploration work done during development of the Canol oil project was carried out by the use of aircraft and its success will probably revolutionize future oil exploration methods in remote places. F. W. Clarke, former "bush pilot" who flew passengers and freight into the sub-Arctic, told the regular Rotary luncheon meeting Thursday.

He said that the terrain in the region of Norman Wells made it impossible to explore for oil on the ground, so geologists were forced to use aircraft, while the work of laying the eight-inch pipeline to Fairbanks, Alaska, was in progress.

"The geologists would peer out the plane window while I flew low and, when they spotted a likely-looking oil-bearing structure, they would mark it on the map," the young pilot said.

The guest speaker told the crowded meeting that when the project first began the American government had brought in the latest types of aircraft piloted by instrument trained fliers but these were dropped when experience proved that Canadian bush pilots with their Norseman planes were superior.

"The tremendous unsurveyed distances between the railhead at McMurray and Norman Wells were hazardous but we never lost a man or a plane and were never behind schedule," Mr. Clarke said.

Tractor trains pushed on ahead of the pipeline and, because of the shifting glacial underlay beneath the tundra, their roads were often obliterated a few hours after the trains passed. Consequently they became lost. It was a routine job for the pilots to find them, drop supplies and show them the way back.

Flying Under Difficulties

"Piloting for the Canol project was not simply a job of flying a plane," Mr. Clarke observed. "We had no ground crew so each pilot had to look after his own. In 60-below weather we had to run the engine for two to three hours before we took off in order to heat up the engine. We kept our engine oil on the bunkhouse stove so it wouldn't stiffen up."

Before the pilots took off on the show they would run the plane back and forth several times to make a runway for their return.

Much of the heavy equipment for the project was brought in by boat and barge from the south via the Slave River, Great Slave Lake, and down the Mackenzie River to Fort Norman. At Fort Smith on the Slave River, is a 19-mile impassable rapids.

The American government bought the portage rights and built a modern highway along the river bank. They installed hoisting and moving equipment, and, instead of unloading and reloading barges at each end of the rapids, they lifted the loaded vessels onto trailers and re-launched them at the other end.

"Many of the barges were as big as those you see on the coast," the pilot declared.

He expressed the opinion that, in spite of its great cost, the project was worthwhile.

The work was begun with the expectation of a 7,000 barrel per day production. Yet when he left the wells were producing about 40,000 barrels a day.

At the conclusion of the address, Rotary president R. C. St. Clair commented that such development would contribute largely to Canada's air development and help provide jobs for returning military airmen.

Kitwanga Man Receives Wounds

KITWANGA, Nov. 3 — Word has been received here that Pte. Herbert Kelly, a nephew of W. B. Morgan of Kitwanga, has received serious chest wounds in fighting overseas. His parents, Mr. and Mrs. James Wearseen, live at St. Eveston. Pte. Kelly, who received his latest wounds late in October, was previously wounded in the arms and legs last June. Two cousins, Ray Morgan and Kelly Morgan, of Kitwanga are also overseas. The former was wounded earlier this year.

VICAR GETS PUBLICITY

Gift of Rat Poison to Prisoners of War is Appreciated

IPSWICH, Eng., Nov. 3 — A contribution of rat poison for German prisoners of war has resulted in a lot of publicity for the vicar of St. Nicholas church at Ipswich, England.

The vicar—Rev. Harold Green—says he sent the package as a joke but he has been sternly rebuked by the Bishop of Ipswich who describes the supposed joke as "poor, cheap and vulgar."

However, nine hundred wounded soldiers in a military hospital in England feel differently. They sent one of their number—an unidentified six-foot Canadian—to tell Mr. Green that they are behind him.

The Canadian soldier received harsh treatment as a prisoner of the Germans until freed by American forces.
