Twenty-One Perish in Hotel Fire

Holocaust in San Francisco; Origin Is Believed Arson

SAN FRANCISCO, March 28 (CP)—Twenty-two persons are known to be dead and a score are injured and in hospital after a fire which Chief Albert J. Sullivan said "undoubtedly must have been of incendiary origin" swept through the New Amsterdam Hotel at midnight. Most of the one hundred tenants of the hotel were shipyard and war industry workers. Four floors of the hotel appeared to burst into flames about the same time. There was a strong odor of gasoline. The place was a roaring inferno before the fire fighters had time to reach the scene after the alarm was turned in.

BRITISH BATTERY CLEANS UP FOR COMING BEACHHEAD BATTLE—Tommyes of a British artillery unit on the Anzio beachhead, Italy, take advantage of a lull in the action to clean out their gun. The weapon is a 5.5 and is blasting German positions in the Cisterna sector. German attempts to wipe out the beachhead have been tipped in the bud and the Allies have regained the initiative here. TAX RATE 50 MILLS

Is Same As Last Year Although Assessment, Expenditure and Revenue Up

The city tax rate for 1944 will be fifty mills on one hundred percent of assessable land and fifty percent of improvements. The city council set the rate at a special adjourned session last night. The tax rate is the same as last year although the estimated expenditure, assessment and estimated revenue over and above that derived from taxation are all up.

The tax rate for the year is divided as follows:

General, 12.5 mills, providing for \$51,242.01.

Schools, 25.3, providing for \$103,713.83.

Special, 12.2, providing for \$50,012.24.

Taxes are due and payable up to August 1 after which date penalties are imposed.

TOO COSTLY—

Airport Is Abandoned

Project for Prince Rupert Given Up, it is Announced at Ottawa.

OTTAWA, March 28. —Replying to a question by Olof Hanson, M.P. for Skeena, Hon. C. D. Howe, minister of munitions, told the House of Commons railway committee at a meeting Monday that proposals for a military airport at Prince Rupert were abandoned because of heavy expense and labor shortage.

Mr. Howe did not know whether an airport would be developed at Prince Rupert in future as a civilian project.

Postponement of Tax Payment But Not of Returns

Attracting considerable interest in the show window of the drug store is the display of a beautiful doll and wardrobe which is being raffled by the Commercial Class of St. Joseph's Academy for the Red Cross.

Bruce Mickleburgh, local school teacher and Labor-Progressive candidate for Prince Rupert in the next provincial election, returned to the city last night after having spent some time in the south.

MAY CALL MORE MEN

OTTAWA, March 28 —Hon. Humphrey Mitchell, minister of labor, said Monday night in the House of Commons that there will be "greater and greater" call-up of men in the age groups liable to military service as the tempo of war in Europe increases. The men called up would not necessarily be those laid off in war industries.

Industries are being reclassified all the time.

No consideration had been given to cancellation of postponements to extension of callable ages or to lowering of medical categories.

Fire Department's Work Appreciated

The Department of National Defence had a letter before the city council last night expressing appreciation for a prompt and effective work of the city fire department in extinguishing a fire which broke out in the officers' mess Second Avenue on March 11. The council decided to refer the expression of appreciation on to Fire Chief H. T. Lock.

70-Ton Raid Hits Rabaul

ALLIED HEADQUARTERS, SOUTHWEST PACIFIC, March 28. —More than 70 tons of explosives and incendiaries poured down on Rabaul, New Britain, on Friday and Saturday in raids aimed at leveling enemy warehouses, shops, barracks and other buildings. Previous raids were aimed at air-dromes.

NEWFOUNDLAND NIGHTINGALE

ST. JOHN'S Nfld., March 28 —There is a woman in Newfoundland who might be called the "Florence Nightingale" of St. John's. She is Miss Mona Wilson, deputy commissioner of Canadian Red Cross, who has achieved a record of wonderful service since the Red Cross was organized there on October 1, 1940.

Seamen who reach St. John's invariably hurry up the pier saying, "Is Miss Wilson here? She was here when I set foot on this dock a year ago." She usually is.

A naval officer's wife crossing the Atlantic bound for Canada received many requests from fellow passengers, many of them merchant seamen who had at one time been torpedoed and taken as survivors to St. John's to remember them to Miss Wilson.

"The St. John's Canadian Red Cross organization is the kindest and most efficient we have met in our world travels—and what is more, many of our friends hold the same opinion," they said.

Military hospitals were the first to tap Red Cross resources when an influenza epidemic swept the area. After that came the Auxiliary Services officers working overtime to get entertainment for the troops, recreation halls built and equipped. In those "early" days the Canadian Red Cross got the resident Canadian women together and backed these efforts.

Then the Navy rolled in and the men of the "silent service" discovered they could get all kinds of information from the Red Cross—where to eat and dance, bowl and skate, be photographed, buy souvenirs, get rooms, find their Newfoundland relatives. A general information bureau functioning 100 percent, was this new Red Cross post in this North Atlantic port.

COMFORTS FOR SAILORS

Over a three-year period more than 250,000 beautifully knitted woollen garments have been given out. The Red Cross truck and station wagon driven by smart Red Cross Corps girls are familiar sights delivering bags of woollens to Allied ships.

Volunteer work is maintained by wives of navy, army and air force officers and men, and a group of Canadian, English and Scottish women resident in St. John's for many years. Some 65 of these women work each week at Red Cross to keep all services functioning.

One of the newest services is in connection with the Canadian Navy Well Child Clinic. Here the mother brings her child for a weekly check-up and immunization by the hospital doctors. Canadian Red Cross lends a hand by providing volunteer workers.

Co-operative To Pay Cost Prove Popular

City Council Makes Decision in Support of Waterfront Water Connection

On recommendation of a special committee for which Aid. Ronald Arnold reported, the city council, after some discussion last night, decided that the Prince Rupert Fishermen's Co-operative should pay the cost of new water connection to premises which they are establishing on Waterfront Block A, the cost being estimated at \$620. Previously the council had decided that the city should bear the cost of the line but this was later rescinded. The committee reported that it would be in contravention of the city bylaw for the city to pay the cost.

Red Army Within Four Miles of Czernowitz, Capital of Bucovina

LONDON, March 28 (CP)—The Russians have crossed the Dniester River into pre-war Rumanian province of Bucovina and are within four miles of the capital of that province, Czernowitz, a Moscow communique announced Monday night. Other Russians were within twenty-eight miles of northern Rumania proper and, apparently, had trapped large German forces north of the Dniester. Soviet advances in the southeastern corner of pre-war Poland were reported.

The Socialist Squabble . . .

The way the C.C.F., Communists and Social Credit people are attacking one another, there is not much for the rest of the parties to do but sit around and watch the Left groups trade blows.

The Communists, or call them Labor-Progressives if you like, realize they have to take a lot of C.C.F. votes before they can persuade the C.C.F. to play ball with them. In Alberta there have been joint conventions of C.C.F. and Communists but these are supposedly frowned upon by the C.C.F. hierarchy.

The Socreds go after the C.C.F. whenever they can seize an opportunity. The Socreds know the C.C.F. hopes to take a lot of Social Credit seats, especially in Alberta, and the Socred leaders are fighting the C.C.F. at every turn.

There is quite a squabble for the Left votes. Some of the Leftist leaders hope to merge the C.C.F., Communists and Social Credit into one large Communist-dominated party. Others are holding aloof, waiting to see how each party can squeeze in ahead of the others.

Overcoming Space . . .

So rapid has been the advance of air transport that one scarcely evinces surprise at postwar plans to create a transcontinental schedule of 12 hours. The planes will fly 220 miles an hour and make the trip with few intermediate stops. On night routes the planes will sleep up to 30 passengers.

Coincidentally, many expect that plane fares will go lower—perhaps below the rail-Pullman rate. Just how the railroads can meet such a situation is debatable, but there still are many travelers who are in less haste and who enjoy the scenic views from the ground. But postwar air transport envisages even greater progress than the past decade. As one businessman said, however, pointing to the telephone on his desk: "I still can reach my customers faster than the fastest airplane can fly."

GREMLINS WIN AGAIN

Air Force Girls Trounce High School Basketball

The powerful Royal Canadian Air Force Women's Division, drubbed the High School girls to the tune of 33 to 10 in the opening game of the championship playoffs of the Women's Basketball League at Four hall last night.

The undefeated "Gremlins" marched through the first quarter, piling up seventeen points to the High School's nil. Peden and McDougall ran up 6 and 7 points respectively.

At the start of the second quarter the Gremlins sent in their second string who, although tall and fast, were unable to score any point on the smaller High School girls. With about two minutes to go in the quarter "Dodo" McLeod literally sneaked through the tough defence of the opposition. The whistle went and the score stood at 17-2 for Air Force.

Going into the second half the first string reappeared and settled down to the business-like procedure of adding to their already high score. During the third quarter the ball was in the possession of the "Gremlins" most of the time. There were quite a number of fouls called on both teams due to over-guarding and charging. At three-quarter time the score was 27-2.

The earlier part of the fourth quarter was uneventful with the exception of a spectacular long shot by Murray of the Gremlins. During the latter half of the final period "Dodo" McLeod again found the hoop to be followed shortly by Blain Bill, and Sandholts. As the final whistle went the score stood at 33-10.

The individual scores were as follows:
Gremlins — McDaugal, Peden 10, Brilko 6, Murray 2, Martin 2, Hartley, Dalton, Vose, McKeen, Norrie 31.

High School — McLeod 4, Blain 2, Bill 2, Sandholts 2, Berg, Shannon, Greig, Grey, Vuckovich 10.

LAST RESORT TROUNCE C.W.A.C.

Last Resort edged out the "Jeepettes" 14-9 in an exhibition game at Group 4 last night.

The Jeepettes got off to a slow start, letting the Last Resort run-up a substantial lead which they were never able to overcome. The game was exceedingly slow and became somewhat rough.

Going into the second half Last Resort added more points to their score. It was not until the last quarter that the Jeepettes finally rallied. As the game ended the final score stood at 14-9 for the Last Resort.

Due to the fact that this was an exhibition game no individual scores were kept.

The Reserve - Yank clash originally scheduled for last night was cancelled due to a misunderstanding.

Carl Clay of the Y.M.C.A. refereed the games.

SPORTS

Somewhere in England teams representing Western Canada units won soccer championships of two Canadian Army divisions recently. In one game a Scottish regiment trounced a light anti-aircraft regiment 6-2. Among the winners, all from British Columbia, were Lieuts G. I. Hope and B. Clarke, both of Victoria; L. Cpls. J. Mercer and F. A. Menzies, both of Nanaimo, and Pte. W. A. Campbell of Vancouver. Included in the losing team were BSM T. L. Rimmer and Bdr. H. G. Boyle, both of Toronto; Sgts. E. Harrison of Hamilton, Ont., and J. Agonbar of Montreal, and L. Bdr. S. R. Smith of Brantford, Ont. In the other championship tilt a team from a Western Canada regiment led by Sgt. C. C. White of Burnaby, B.C. defeated an Eastern Canada regiment 3-1. Prominent in the triumph, besides White were Cpl. D. A. Griffin of Nelson, B.C., Ptes. W. R. Smith of Clandeboye, Man., and G. W.

Mungall and M. D. Balfour, both of Edmonton. The losers' best included Sgt. R. M. Smith and Cpl. M. R. Slourke, both of Port William, Ont., and Cpl. F. Hutchinson of Winnipeg.

Favorite and a splendid jumper, Prince Regent ran to an eight-length victory in the \$1,000 Baldoye Steeplechase at Dublin—but he was a lucky winner. Owned by James V. Rank, well known English turf figure, Prince Regent was a length behind Prince Blackthorn when the leader fell at the last fence. The winner carried top weight of 175 pounds and paid off at odds of 2 to 1. Prince Blackthorn, owned by Capt. H. deBurgh, "Toby" Loch, owned by C. P. Corbett, finished second at 100-6, and Knight's Crest, running in the colors of Mrs. William Molony, was third at 10-1. Ten ran, including the Hon. Dorothy Paget's famed "Chaser, Golden Jack, which finished sixth over the rough three-mile course. Considered the best steeplechaser in Eire and Northern Ireland, Prince Regent was ridden by the veteran Tim Hyde. Six of the 14 runners fell in the 2 1/2 mile Bal-

ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By DOROTHY GARBUTT)

Way back in the early days of the war when the first detachment of Canadian Scottish was up here a romance blossomed between one of our Prince Rupert girls, later a Junior Hostess at the "Y", and one of the Scottish boys. The regiment moved away, the boy went overseas, the girl joined the RCAF—WD, and Time marched on. But Time also retraced its steps and brought the boy back to Calgary for an officer's course after three years overseas duties and, of course, you guessed it. The girl happened to be stationed at Calgary. They met again and so they were married and we hope will live happily ever after. They were married at Grace Presbyterian Church in Calgary on March 18th, the bride being Leading Airwoman Jean Cameron, youngest daughter of Mr. and Mrs. Robert Cameron of Prince Rupert, and the groom is Lieutenant Fred Clarke, whose parents, Mr. and Mrs. Fred Clark live at Nanaimo. The bride wore a brown dress with green accessories and a corsage of white gardenias. The honeymoon was spent at Nanton, Alberta. We wish the young couple every happiness and point out to any critical young men that Rupert girls must have what it takes when a chap can go all the way overseas and back without finding anyone to his liking than of our own homegrown products!

And while this wedding was going on, another important event was in the making on the same day, when little Barbara Lorraine was born to Gunner and Mrs. Kaary Larsen of the Fisherman's Reserve. Barbara was born on Saturday, March 18, at 8:10 a.m. and weighed six pounds, nine ounces. Let's see now, B-B for Barbara, oh here is ls—Barbara or Babette means "A stranger" well, well, welcome little stranger! And of Lorraine it says the meaning is uncertain, although Laura, it's nearest neighbor means "The Laurel." And the Laurel is the emblem of fame. Congratulations Mum and Dad!

DUBLIN'S ANCIENT NAME The ancient name for Dublin was Ashclod.

FASHIONS ARE PLAIN

Clothes Are Drab Under Ration But Women Use Ingenuity to Keep Smartly Dressed

By MARGARET ECKER Canadian Press Staff Writer

LONDON, March 28 (C)—There aren't many headlines in a story on women's fashions in Britain these early spring days. The crowds of women that hurry along the Strand or Piccadilly are about as smart, or as unsmart, as a similar crowd would be on Toronto's Yonge Street or Vancouver's Granville Street.

Clothes here are a bit drab and a bit frayed at the edge. Rationing has done that. They are a bit uniform too. Utility has done that. But all in all women in London are putting up a stiff fight to be smartly dressed—and most of them are succeeding.

Those who know say that English women are better dressed than ever before. The May-fair smarties with their pre-war Hollywood wardrobes may be devastated by the shrinkage, but women of moderate means who may have been tempted before by two cheap little dresses, now with the phantom of clothing coupons with her with she shops buys one really good dress and looks smarter than ever.

There's still the venerably baggy English tweed suit but English women have found out that good tweeds can be cut into creations of tailored art. And when they give up 12 hoarded coupons—one quarter of the year's total almost—they make sure it is well cut of shoulder, waistline and skirt.

The same suit—or the good little simple wool dress—goes everywhere. Everybody works in England, and night life starts a split second after work leaves off. A theatre curtain may go up as early as 5:15 p.m., 6:30 p.m. at the latest, so there's no time to whip home for a quick change between the job and play.

Even the sleepy time gals like to be home by 11 p.m. in this front line town, so a quiet evening of dining and dancing has to start between 6 and 7 p.m.

SOMBRE DINNER CLOTHES

English gentlemen—or gentlewomen—may dress for dinner in the African jungle but they dine in the clothes they wore all day at the Savoy or their smart little club in the West End.

The girl who still possesses a dinner dress and does a lightning act to go home in time to change it for a party, is a sorry sight in front of the Ritz when the fun's over, waiting, probably in the rain for the taxi that never comes. And not many filmy dresses can retain their dignity after a ride home in the underground or on the top of a bus.

The smart little black dress is a wartime playgirl's friend in need and the girls who wear them are the best dressed things wherever they are. The girls work hard to keep them interesting and one night the faithful frock will have pink trimmings, with pink flowers in the wearer's snood, and the next time white, or maybe a collar of sparkling sequins.

Not many of the girls around town these days could stop traffic with their clothes but they do manage to be more chic than English women are supposed to be.

The war's brought its clothes revolution too. A couple of years ago here, people say that women rushed into slacks and most went bareheaded but they look more kindly in skirts and hats now, when they can get them.

Birthday of Native Child

KITSEGUKLA, March 28. — A good time was enjoyed by Kitsegukla residents at a birthday party held in the Kitsegukla Hall for Rueben Charles Wesley on his third birthday. Feature of the party was a large decorated cake made by Mrs. Walter D. Wesley, the boy's mother. Speakers of the evening were Jeffrey Johnson, Joseph Wesley and Peter Mask, and the refreshment grand march was led by Morris Williams.

Music was supplied by the Wesley Brothers orchestra. Mr. and Mrs. Walter D. Wesley and Nora and Violet Wesley served the lunch.

CHEMISTRY SERVES CANADA

MODERN PACKAGING FOR FIRST AID!

A FIGHTING man's life may depend on having a clean, dry, sterile, surgical dressing quickly available. To safeguard Canadian soldiers a special cloth has been designed which makes possible a package for field dressings that is absolutely waterproof. Field dressings sealed in packages of this cloth keep dry and sterile through cold, rain, snow and heat.

This special waterproof cloth was produced through the ingenuity of the Industrial Chemist.

It is water-repellent, with an inside coating of synthetic resin; it seals perfectly by heat

pressing. Regardless of temperature change, the package remains waterproof, yet it can be quickly opened when needed. This type of packaging overcomes the bulkiness of metal containers and the limitations of stitched or wax-sealed packages. Wax will crack in low temperatures, while needle holes caused by stitching will leak.

The development of this special cloth and the sealing process which provides efficient waterproof packaging for field dressings is a wartime achievement of the "Fabrikoid" Division of Canadian Industries Limited.

Making possible waterproof packaging for field dressings is another example of how Chemistry serves Canada.

Cutting Off Arrearages

Due to newspaper rationing and the requirements of our circulation audit, together with greatly increased demand, it has become necessary for the Daily News to eliminate from its delivery lists subscribers who have fallen into arrears in their subscription accounts. We must be in a position to insure delivery to those who keep their subscription accounts paid up to date. Repeated notices have been sent to those whom it has become necessary for us to cut off. Of course, payment of the account will permit restoration to the lists. The safe way, however, is to keep the subscription in good standing so delivery may not be interfered with.

Briefs From Britain

LONDON, ②—Saying "I am not film-minded," Dr. William Temple, Archbishop of Canterbury, told a London audience he had seen eight pictures in 23 years, including "Gone with the Wind" during which the "alert" and "all clear" were flashed on the screen seven times.

LONDON, ②—For at least three minutes after London's anti-aircraft barrage has ceased firing it isn't safe to wander the streets. It takes that long for the bits of shrapnel to reach the ground.

BRADFORD-ON-AVON, ②—Bruce Bishop paid no attention to an Agriculture Ministry order issued February 15, 1943, to make repairs on his Wiltshire farm and the ministry did them itself and sued Bishop for £710 cost. The case was dismissed because proceedings had not been taken within a year.

LONDON, ②—The biggest public works plan of road maintenance and repair ever contemplated is being worked out by officials of the Ministry of War Transport. Estimated cost of the plan is \$283,000,000.

LONDON, ②—Some girls in the services here are appearing these nights in gowns that cost up to \$500. But it isn't as good as it sounds. It's a lend-lease idea, between the theatre and the camp entertainments, whereby servicewomen appearing in camp productions are allowed to wear gowns from the theatre's wardrobes.

ROCHEDALE, England ②—Establishment of nurseries in pubs is a feature of this town's post-war plans. The children under adult supervision would play in the nurseries while their parents are refreshing themselves.

LONDON ②—Some busmen do spend their holidays on the job. In London there are at least 380 of them. They are London Transport conductors who volunteered to learn in their spare time how to be drivers.

LONDON ②—Sqd. Ldr. S. R. Sunnucks, 52, oldest R.A.F. pilot on regular flying duty, has been awarded the Air Force Cross. Sunnucks, who was a submarine commander in the First Great War, has flown pupils in Coastal Command.

BASINGSTONE, England ②—When Charles Cousins was summoned for failing to attend Home Guard parades, he told the court he suffered from migraine. Gen Sir George Jeffreys, M.P., presiding said migraine was common only to French women and geniuses and Cousins could claim kinship to neither. He was fined \$45.

National Film Board Pictures

Some of the people in the central interior rural areas have seen talking picture shows for the first time in their lives through his periodical stands at isolated points, reports H. J. Stanforth of the National Film Board who is in Prince Rupert this week in the course of one of his monthly tours between here and Prince George.

Mr. Stanforth's beat takes in such points as Vanderhoof, Burns Lake, Telkwa, Smithers and Hazelton, the country between Prince George and Smithers being covered by car. In addition to these main points, other smaller communities are also visited for the showing of the pictures which include a variety of subjects—educational, geographical war and entertainment. The shows are always well attended and appear to be very popular.

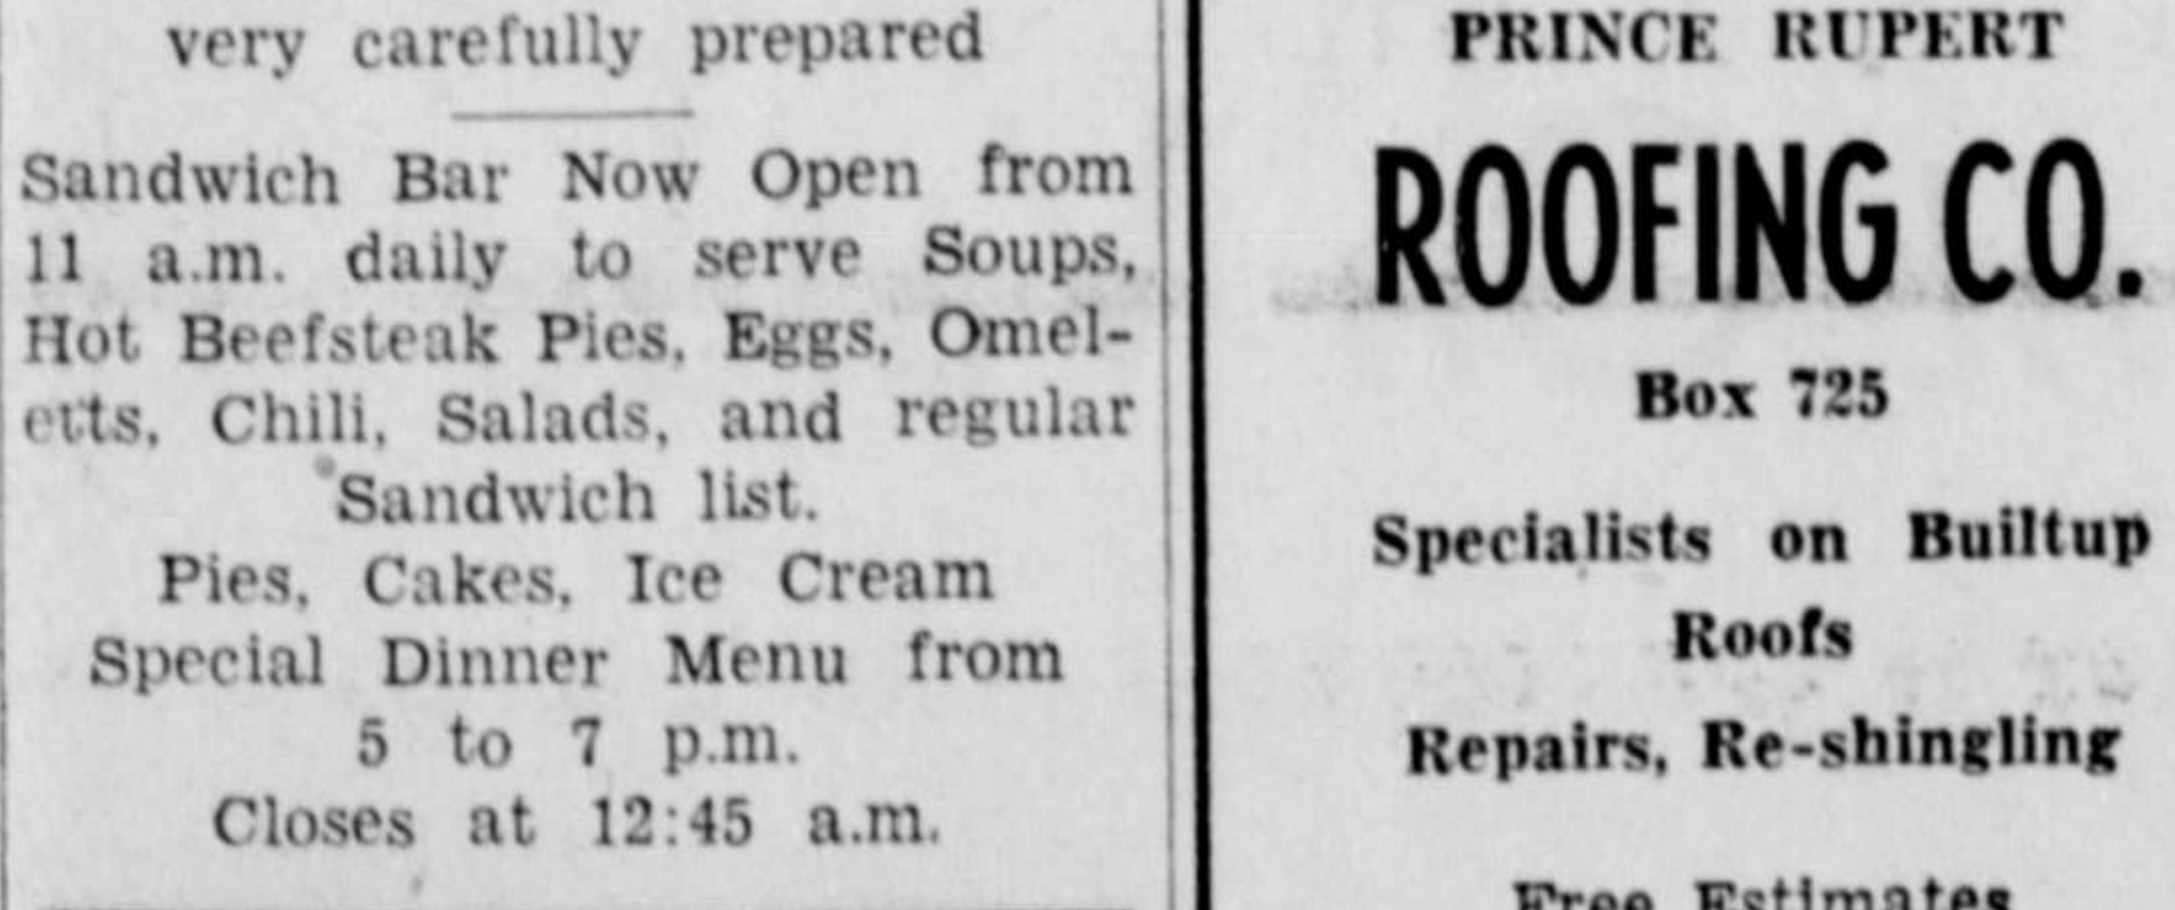

Here in Prince Rupert Mr. Stanforth spends a busy four days each month showing his pictures to the school children. On the present visit he arrived Sunday night and will be leaving Thursday night on his return to the interior.

National Film Board has been giving this travelling picture service in the central interior for the past couple of years. There are seventy such men now travelling in Canada showing pictures to 400,000 people per month.

You still want Style and Quality . . . but at decent prices . . . And this is where the Peoples Store Shines

Palatial homes are white elephants; showy motorcars passe; the seriousness of present world conditions makes extravagance out of tune with the times;—and the lavish, the chi-chi in clothes, bad form.

GOOD CLOTHES ARE JUST AS IMPORTANT AS EVER. The Canadian woman feels that now, above all, is the time when she must look her most charming,—that quality and becomingness and good taste are sound fashion investments. Here at Peoples she can find these without overtaxing her purse.

FOR "YOUR MONEY'S WORTH AT PEOPLES" IS PROVERBIAL. Our prices do not include a cover charge for expensive address, a rich "atmosphere." Our service is streamlined to eliminate useless costs.

WE HAVE A CONSUMING INTEREST IN STYLE—not the faddish nor the extreme—but the youthful, wearable, functional clothes for which Peoples is famous.

OUR DEVOTION TO QUALITY IS FUNDAMENTAL. When you shop in our store you pay for good merchandise, not extravagant non-essentials; for we place our

DR. GILLESPIE HERE AGAIN

Carries On as Diagnostician in Latest of Film Series.

"Dr. Gillespie's Criminal Case" brings to the Capitol Theatre this Wednesday a new format for the popular medical series, with Lionel Barrymore as the veteran diagnostician. It carries on the adventure of Donna Reed and her crazed sweetheart, started in "Calling Dr. Gillespie."

Barrymore with his American assistant, Van Johnson, and Chinese aide, Keye Luke, seeks to aid John Craven in prison. Barrymore and Johnson arrive as the convict organizes a prison break and are abducted as hostages by the three gunmen. Escaping this predicament they return to Blair Hospital to battle desperately with an epidemic in a children's ward. This is marked by a poignant episode with Barrymore and moppet Margaret O'Brien. Keye Luke figures dramatically in the rehabilitation of a man crippled at Pearl Harbor, played by William Lundigan.

Johnson romances with beautiful Marilyn Maxwell. Barrymore again is the gruff but kindly doctor with many facets of comedy, in which he is aided by Nat Pendleton, Walter Kingsford, Michael Duane, Alma Kruger, Marie Blake, Henry O'Neill, and Nell Craig are in supporting parts.
