CANADA MAKING SELF-PROPELLED A.A. GUN-Here is the self-propelled Bofors' antiaircraft gun which has been in production in Canada for some months, according to announcement made by Munitions Minister C. D. Howe. Hitherto on the secret list, the Canadian mount, an improved version of the British self-propelled unit, carries the same efficient Bofors gun which has been manufactured in Canada since 1940. Capable of hurling two-pound shells to a height of 19,000 feet at 120 rounds a minute, the weapon is much more effective on its new self-propelled mounting. The mount is built by an automotive plant.

Crowds of youngsters and lighter-minded folks got quite an entertainment from the fireworks which were set off in the form of incendiary bombs and other fire-producing and explosive missilts at Alder Park last evening but to the more thoughtful the pyrotechnic display was a grim suggestion of what catastrophic results might be expected at Prince Rupert in the case of an enemy aerial attack. Staged as a demonstration of bombs and incendiaries, their effects and control, it was an impressive and instructive display. Fire Chief H. T. Lock of he fire section of the local A. R. Youth Wants to Know Why . . .

Classified, 2c per word, per insertion, minimum

Contract, per inch

Instruction in elementary sociology, so that youth may have an understanding of social organization and their part in it, is one of a number of positive steps which might be taken in the homes and the schools to counter the present rebellion against authority on the part of young people.

Attention has been drawn to the present guidance program of the Detroit public schools, which is based on the belief that youth does not accept restriction without asking why the community demands conformity to certain laws and rules.

"Too frequently time is not taken to include young accumulations," by which they people in the planning or to interpret plans to them," forces, schools and other public it is stated. "The adolescent, in his need to convince services. not only himself but also the whole adult world that REPUDIATE IDEA he is grown up, exaggerates his behavior by constant of exploitation rebellion. However, once convinced that breaking Out the window goes the Marx laws and rules does not indicate adult behavior, but rather the opposite, he frees his energy for constructive effort."

It is well recognized that laws cannot be enforced unless they have the support of public opinion. This should be recognized as applying also to the rules and laws which youth is expected to accept and obey.

It is not enough to tell youth what to do and especially what not to do; they should also be told why. The failure to do so is a fundamental weakness in the moral teaching of today. It is because of this that the word "moral" is so much "in bad odor" with youth.

Few young people have been told that morals are simply time-tested, unwritten rules, devised by man for his own protection; if there were no such rules, society would quickly have to invent some.

The old-fashioned father demanded unquestioning obedience. The children of today, reared in a much more democratic, free home and community atmosphere, and invited to express themselves, are willing to comply with reasonable rules; the wise modern father explains why he counsels certain conduct.

In a wider sphere, the democratic community cannot expect compliance from adolescents any more than from adult citizens, unless that community makes an effort to explain the mutual need for social co-operation.

They Do Not Fight Alone . . .

Our purchase of Victory Bonds does not line up as an active participant with the Canadian in battle dress in the grim battle being waged in Europe. We cannot fool ourselves on this point. For there is little or no sacrifice here in Canada that can be related even remotely to the hazardous life or death work in which our boys are engaged overseas.

Yet the purchase of Victory Bonds is vital to the well-being of our men in battle for two reasons. First the cash we thus provide maintains the flow of necessary material to the fighting forces. Secondly, and perhaps more important, the enthusiastic sunport which Canadians at home give to a Victory Loan informs the boys overseas better than any other method we have at our command that the hearts and minds of the overwhelming majority of folks back home are with them.

You can take off and land vertically ... and fly so fast that your own hide-out in the woods will be only minutes away!

Yes—the Helicopter Commuter, promising a broader and more enjoyable way of life, is only one of the many wonders being planned today by MEN WHO THINK OF TOMORROW.

All these things will be ours some day. But there's one all important job that comes firstwinning the war.

Only when the war is won can we expect our gallant sons and daughters home and enjoy with

them the great things envisioned for our future by MEN WHO THINK OF TOMORROW. So, let's intensify our war effort . . . keep up production rates . . . buy more and more Victory Bonds and War Savings Certificates . . . do everything we can to help speed this war to a quick, victorious end. Let's all be MEN WHO THINK OF TOMORROW.

THE HOUSE OF SEAGRAM

All Seagram plants in Canada and the United States are engaged in the production of high-proof alcohol to help speed the war to a victorious end. High-proof Alcohol for War is used in the manufacture of Smokeless Powder, Compasses, Navigation Instruments and many other wartime products.

Fight Card Looks Good

Starving Boxing Fans in Prince Rupert Are Due For Feast.

After drooping for at least wo years for lack of nourishment, fight-starved Prince Rupert boxing fans will be able to grab a few of the right kind vitamins when the Boiler akers Athletic Club presents "Grand Boxing Show" feat Canada's welterweigh Phil Palmer, ex-navy man of Vancouver, and Chito Hernandez, an artist of some reate in the United States mid This and other battle will compose the card at the staff house dining hall on April

Palmer has been hoeing a dif ficult but increasingly successul row in Bremerton, Portland and Hollywood, and is the pride manager Ham Antonelli's

"If he hadn't hurt his hand he would have licked Kid Polite in Bremerton last week," Ham wrote us, "Polite is one of the best welterweights in the world.

Hernandez has done most of his fighting in western and middle western states, and has fought all the leading men in his class. There is available here no record of his wins but he must have something on the ball or he would not be covering such mileage to meet a classy fighter like Paimer.

Hernandez is a practising member of the United States Army, so it should not be difficult to forecast where any loose change that the Acropolis Hill boys might have will be laid and we doubt if they have any difficulty finding takers for their wagers.

The Boilermakers have pulled the stapper on an engaging type of discord.

Want Normal Pep, Vim, Vigor?

to help end the war SOONER!

HE'S a fellow citizen who has undertaken a very big job-one that will keep him "on the go" early and late throughout the whole loan period. To do it he has put aside his customary work.

So give him a warm welcome. Help him by being ready to buy Victory Bonds.

In the last Victory Loan nearly 3,000,000 purchases of Victory Bonds were made-more than in any previous loan. Yet, since there are about 5,200,000 people gainfully employed in Canada, about 2,200,000 still did not buy a Victory Bond!

But the supreme crisis of the war is near and Canada now needs the help of every citizen, man or woman. Everyone must strain for victory to the very utmost. If you bought bonds in the last loan, use the services of your Victory Bond salesman now for a still higher purchase. If you did not buy then, determine that nothing shall prevent you from buying a Victory Bond this time.

The Victory Bond Salesman will ask you to do only what everyone is asked to do. That is, to help supply in superabundance everything needed to hasten the war's end.

Count up your resources for a supreme effort. Be ready to buy all the Victory Bonds you possibly can.

Go All Out for Victory this way

The Victory Loan Salesman can tell you everything about buying Victory Bonds. He will explain how, in the first place, to buy

bonds out of your savings. Then how you can buy more bonds on the

monthly savings plan out of your earnings. Buy both ways. Put every last dollar into this race for Victory.

DURBIN IN FARCE FILM

"His Butler's Sister" Entertaining Feature on Capitol Screen This Week-end

Deanna Durbin has been seen in several light comedy pictures but "His Butler's Sister," in which she is starred at the Capitol Theatre this Friday and Saturday, is her first real farce.

The story is of a small town girl who goes to New York to visit her brother, a butler, and finds that her brother's boss has fallen in love with her. Some very unique comedy situations are introduced to the plot and a most hilarious film is the re-

Miss Durbin has two co-stars - Franchot Tone and Pat O'Brien-the latter as the butler and the former as his employer. Other prominent members of the cast are Akim Tamiroff, Evelyn Ankers, Alan Mowbray, Frank Jenks and Walter Catlett.
