Logging Starts Well—
Scale for This January More
than Double That of Year Ago

Logging scaling in Prince Rupert forestry district has got off to a much stronger start than last year. The recorded output of sawlogs for the first week ended was 17,996,116 board feet as compared with 8,092,288 board feet in January, 1943. All species show a large increase. The scale per species for January was as follows:

Jan. 1944	Jan. 1943
Board Ft.	Board Ft.
289,995	166,188
3,092,419	861,087
9,850,150	5,944,510
4,339,589	1,782,812
386,646	160,403
37,317	31,290
17,996,116	8,092,288

Forest Products
 The interior amounted to 174,000 feet in the same month last year.

The count this January was 1,217 spruce and 1,980 pieces in January, 1943.

Wood this January amounted to 296 cords as compared with 142 cords in January, 1943.

MEETINGS—

Invasion Ahead of Schedule

War Plant Is Destroyed

Two Million Dollars Damage Done in Destruction of Marine Engine Factory.

PORTLAND, Feb. 2. (CP)—Damage estimated at \$2,000,000 was caused Wednesday night by fire which destroyed four of six buildings at the Iron Five-man Manufacturing Co.'s plant here. The plant was one of the largest manufacturers of Liberty ship engines in the United States.

Several firemen were injured but only one required hospital treatment. No workers were hurt.

The fire started under the floor of the personnel office from "no apparent cause."

"I'M ABSOLUTELY FIT"—McNAUGHTON—
Up to Those Who Said He Was Unwell to Explain It, Says Retired Overseas Army Head

GENERAL McNAUGHTON

OTTAWA, Feb. 3. (CP)—Prime Minister William Lyon Mackenzie King announced Wednesday in the House of Commons that the government hopes to have a general conference between the Dominion and the provinces "before long." It would be the first of its kind since the Dominion-provincial relations conference in 1911.

The Premier said that some provinces are now ready and willing to meet with the federal government in conference to deal with some social problems and financial questions.

It is understood that questions to be discussed will include those involving a federal social security program concerning such subjects as health insurance, labor and other matters affecting provincial authority.

VICAR SPEAKS OUT
 LEICESTER, England. (CP)—Rev. J. R. Collins, vicar of St. Mary de Castro Church here, paying a tribute to Allied airmen, said, "we owe a tremendous debt to them and look forward to the time when they have wiped out Berlin and the other cities of that land of warmongers."

LIVERPOOL (CP)—Reconstruction Minister Lord Woolton has been awarded an honorary degree of doctor of laws at Liverpool University.

RUSSIANS MOVE ON.
REDS TAKE TWO TOWNS

Strongholds of Rvno and Luck in Poland are Evacuated by Nazis.

TEN DIVISIONS TRAPPED
 MOSCOW, Feb. 3. (CP)—The Red Army has scored another great victory. Ten German Divisions have been trapped by a two-pronged pincer manoeuvre on the Ukraine front, Premier Joseph Stalin announced tonight. Some military observers believe that the whole German front at the southern end is caving in. While two important railway towns have been evacuated by the Germans in Poland, farther north the Russians are moving deeper into Estonia northwest of Narva.

LONDON, Feb. 3. (CP)—German troops have evacuated Rvno and Luck, two strongholds in Poland, and have taken up new positions west of those towns, the Berlin radio announced today.

Rvno is an important railroad and highway junction on about thirty miles inside pre-war Poland and Luck is a larger town about forty miles to the west.

Japs On New Guinea Dying Of Starvation

Point on the northeast New Guinea coast, are fleeing into the mountains to escape the advancing Australians, headquarters announced on Thursday. The Australians are advancing toward the Americans in the Saldor area and are now only about thirty miles away from them. Dead Japanese have been found, apparently victims of starvation.

ALLIES WINNING.

Cassino Is Near Fall

Two-Pronged Attack on Important City—Beachheads South of Rome Extended.

ALGIERS, Feb. 3. (CP)—American troops which smashed the Gustav Line and outflanked Cassino from the north have driven to within five hundred yards of the desperately held German fortress on the Fifth Army front and are attacking it from the rear, Allied headquarters announced today. At the same time other Allied forces are making a direct frontal assault on the city.

The double-pronged attack on Cassino coincided with heavy fighting on the Anzio bridgehead where battles have been raging for three days in the Campoleone and Cisterna areas. The Allied bridgehead south of Rome has been enlarged in the face of stiff resistance and a number of enemy counter-attacks thrown back, a communique today said.

In Berlin it is stated that 250,000 men are drawn up for a final and decisive battle in Italy. Heavy withdrawals of Nazi forces are being made from the Cassino front to the west coast south of Rome.

BRISTOL, Eng. (CP)—A teachers' conference on sex education, first of its kind held in Britain, met here to discuss means "to make the children better equipped to face the world."

Action Is Proceeding Favorably Everywhere

Important Air Field is Among Captures Made by Americans Who Are Having Minimum of Losses.

WASHINGTON, D.C., Feb. 3. (CP)—The invasion of the Marshall Islands is proceeding "well ahead of schedule," it is officially announced. Further atolls have been taken including one important island with an air field. At all points the action is moving along favorably. Yesterday Admiral Chester

W. Nimitz announced that Pearl Harbor that American casualties were "moderate" and there had been no loss of Allied ships. The Japanese have been entrenched on the Marshalls for more than 25 years.

The four-day-old United States invasion of the heart of the Marshalls—a tactical surprise so complete that a vital air base was captured in less than a day—threatened the Japanese today with the imminent loss of a fine harbor.

The four runway airfield at Roi on the northern end of Kwajalein atoll was overrun Tuesday, the second day of the invasion, the same day that forces went ashore at that point.

The deep anchorage of Kwajalein islet on the southern end of the atoll is seriously menaced with a third of the islet already in American hands.

American tanks have already been set ashore on the Marshalls and engineers it is expected will at once start repairs of the captured air field which was damaged by bombing.

There had been considerable development of producer co-operatives in British Columbia—notably the fruit growers in the Okanagan and the dairy farmers in the Fraser Valley. The consumer co-operatives had not kept pace with the producer co-operatives and there was a need for more effective consumer-producer relationship in co-operatives.

As long as a producer co-operative, on one hand, was forced to sell its goods in a profit economy and a consumer co-operative, on the other, had to buy in a profit economy, the co-operative movement was at the mercy of that profit economy. Therefore, a full producer-consumer, national and international, should be the objective.

The co-operative spirit had developed more fully in the rural areas than in the cities where the trades-unionists lived. High wages did not mean co-operation, Mr. Clarke said, and raising wages could not stop exploitation. Increase in purchasing power was the real raise in wages.

"One of the troubles is that trades unionists and socialists pass resolutions in support of co-operatives and then go home and do nothing about it," declared Mr. Clarke. There was too much of an attitude of "wait until we get the government and let the government do it." In reality, there was the opportunity to support and assist in the development of the co-operative movement in a practical way.

In a question and discussion period which followed the address, Mr. Clarke admitted that all political parties in Canada had shown willingness to support co-operatives which had made progress under both Liberal and Conservative governments. There would have to be a watch-out, however, against legislation adverse to co-operation, warned Mr. Clarke.

"If I were a Socialist, I would certainly get into the co-operative economy," said Mr. Clarke.

The meeting was presided over by Ald. G. W. Rudderham who said that he was "pinch-hitting" in that capacity for Rev. E. W. Scott.

Tonight's train due from the east at 10:45, was reported this afternoon to be running about an hour late.

RUSSIA WARNS FINLAND; TOLD TO QUIT WAR

STOCKHOLM, Feb. 3. (CP)—Unconfirmed reports are published here that Russia has demanded Finland get out of the war within six weeks or take the consequences.

BIG AIR RAID—
1100 Planes Make Attack

Wilhelmshafen is Target Today Following Further Night Sorties.

LONDON, Feb. 3. (CP)—Wilhelmshafen was the target today for a heavy attack by Allied big bombers and long range fighter planes, more than 1100 planes taking part in the raid which followed night attacks when points in western Germany were the objectives.

Meeting Of Carpenters

Routine business and a talk by William Page, of Vancouver, western representative of the Carpenters' Union, were the substance of the regular meeting of the Carpenters' Union local held in their hall last night.

No further decisions were made regarding the offending order in council P.C. 9384, which the local union has already protested to its head office in the east and on whose word any further action hangs.

It was said that the local union would pursue whatever policy was laid down on the matter by the national union heads.

Evacuation Of Tokyo Is On

BERLIN, Feb. 3.—A DBN dispatch from Tokyo says that mass evacuation of that Japanese capital city of 8,000,000 people is under way. The mayor of Tokyo has said: "We expect air attacks and are taking measures accordingly."

BULLETINS

TO ARBITRATE DISPUTE
 OTTAWA—Mr. Justice C. D. Richards of Winnipeg has been appointed to arbitrate the West Coast Shipyards dispute at Vancouver and will leave soon for the Pacific Coast.

WILHELMSHAVEN ATTACKED
 LONDON.—More than 1,100 American bombers and long range fighters attacked targets in Wilhelmshaven today, United States army headquarters announced. The shattering daylight assault followed Royal Air Force Mosquito attacks on targets in western Germany last night.

SHIP BELIEVED LOST
 HALIFAX—A freighter with a crew of 26 is believed lost between St. John and Halifax. Six bodies have been washed ashore on the Nova Scotia coast.

MINES CLOSING DOWN
 CALGARY—Half of the coal mines at Drumheller are closed down and all will be within a month unless more orders are received for coal. The fuel controller suggests that it might help to provide a market if people of the west would start putting in their coal supplies now for next winter.

PUBLISH ATROCITIES
 MOSCOW — Russian newspapers have published full details of the American and British statements regarding Japanese atrocities upon prisoners of war.

AGREE WITH KING
 LONDON—The Manchester Guardian says "It is no wonder the experienced Prime Minister of Canada called the statement of Lord Halifax 'inopportune.' The Yorkshire Post also agrees with Premier King's reply to Halifax."

Prepare For Big Post-War Demand

LONDON, Feb. 3. (CP)—The Council of Clothing Trade Associations in a report made public here, predicted nearly 1,000,000 people would find work in the British clothing industry after the war. That would be an increase of 300,000 on the pre-war total.

The council recommended that the clothing coupon technique be maintained to "secure a national minimum standard" for the first months of peace but said the number of coupons should be increased as supplies become available.

LONDON (CP)—An official of the National Jewellers' Association estimates at least 500,000 watches and clocks in Britain are "out of service" because of lack of repair facilities.

HOW CANADIANS TREAT PEOPLE OF OCCUPIED TOWNS—Canadian tank men are shown assisting two aged Italian women returning to their homes in Ortona, Italy, after the battle for the town was over. Note the heavy clothing worn by the four persons in the photo.

DAILY EDITION Thursday, February 3, 1944

Talking of Co-operatives . . .

Speaking at a public meeting here last night, Rev. C. D. Clarke, former local clergyman who is now a promoter of the co-operative movement, was careful to emphasize that the movement was taking a neutral stand in race, religion and politics. He did emphasize his opinion that trades unionists and socialists were not according co-operatives the support that it might be expected they would. He did admit that co-operators, both at Ottawa and from the provincial governments, had won recognition.

No doubt, had he been asked directly, Mr. Clarke would have admitted that the provincial governments in British Columbia had done much to encourage the development of co-operative mechanics among producers and consumers. Some of the best known and most prominent co-operators in British Columbia are in politics leading Liberals and Conservatives and, as far as co-operatives are concerned, some trades unionists and socialists are among the most apathetic. Which goes to show that, when it comes to dollars and cents, the trades unionists and the socialists, as a whole, are just as individualistic and self-interested as the rest of folk. There is little sentiment in business even for the co-operatives.

Methuselah lived to be nearly a thousand years old, and he wouldn't have recognized a single one of the vitamins if he had met the whole kiboodling family of them right in the middle of a big road.

Venereal Disease . . .

No less an authority than the federal Minister of Health, speaking in Toronto yesterday, said that venereal disease presented the greatest health problem in Canada today. Venereal disease, he said, was undermining the welfare of the country and much of the trouble in regard to it was due to ignorance. That ignorance, the minister might have added, is due to the apathy and aloofness about the matter of venereal disease and kindred topics in the quarters where they should be rightfully faced and discussed.

Unfortunately, venereal disease is one of the facts that too many of us hesitate about facing, causing others, if not ourselves, to suffer as a result. It is a problem in regard to the meeting of which many of us must change our old-fashioned views.

Some one should whisper to the government that also in the matter of soaking the taxpayer there is a definite saturation point.

FOR SHAVING ECONOMY, MY MONEY GOES ON **BLUE GILLETTE BLADES**

RED BARBER
—Ace Reporter on Gillette—
"Cavalade of Sports"—says:

AND one good reason why Blue Gillette Blades are genuine money-savers is that they are made of steel hard enough to cut glass—which means they take an edge and hold it for one swell shave after another.

"What's more, you'll find that this extra-keen, extra-durable Blue Gillette Blade not only lasts far longer than ordinary blades, but also gives you easier shaves."

LETTERBOX

SOCIAL SECURITY

Editor, Daily News:
Your editorial in Monday's paper pointed out some measures that a government with an aim at providing its peoples with social security might pass. One of these is a measure to protect the right of citizens to have and to hold what they honestly earn against the depredations of evil men and evil governments. Another measure would abolish all privileges enjoyed by individuals or groups of individuals at the expense of others.

When individuals own that which every person must use such as a coal mine, a railroad or a lumber mill they are able to enjoy more privileges than a person who is obliged to sell his labor. They have higher incomes and work less. In many cases they do not work at all. They always consider they honestly earn the right to own these enterprises although in most cases they acquire them by re-investing profits gained from exploiting wage labor. These individuals always resent any political policy that would restrain their privileges and consider it evil.

—Geo. Oakey.

Tasks Tougher For Army Girls

LONDON, Feb. 3 —Girls of the Auxiliary Territorial Service British equivalent of the C.W.A.C., are assuming more and more responsibility as war goes on. Recently three subalterns qualified for secret radio duties at Army Radio School. Margaret Pike has qualified as a special radio maintenance officer and is touring gun sites to assist with delicate ack-ack instruments.

British Grandmas Help Win the War

LONDON, Feb. 3 —British grandmas aren't sitting by the fire with their knitting—they're in a factory in overalls winning the war. Three of one munitions factory foreman's favorite workers are sisters, the youngest 65, the next 70 and the eldest 74. He describes them as "amazing workers, more reliable than many young girls."

One 79-year-old worker "handles a micrometer and fluid gauge with the skill of any toolmaker."

The Bus Is Late Again!

It's raining—you're cold—and wet—and you've been waiting five—ten—fifteen minutes. You're appointment won't be kept on time—all because the bus is late again!

And then it did come along. And it was crowded—jammed. You pushed your way on board—stepped on people's toes—they stepped on yours. Somebody pushed an elbow in your ribs—an umbrella prodded the small of your back—a man's hat, sodden with rain water, dripped down your neck!

You're not a little peeved!

You say to yourself—and perhaps those around you—"Why can't we get better service? Perhaps it would be better if someone else ran the buses in this city?"

Perhaps it would be. We don't know! But we do know that the problem of being late and the inconvenience of overloading are beyond control.

New buses are difficult to obtain. Road conditions have wrecked all equipment we have. There is one—sometimes two—not infrequently, all three buses in the garage for repairs.

Often we are behind schedule because patrons didn't have their fare ready. Sometimes the passenger who gets off at the first stop will sit at the rear of the crowded bus. Shoppers with parcels riding at times of peak loads delay us. Others ride the bus at busy times when they do not have to do so. Too many stops will set the driver behind.

All our drivers, too, are working under a nervous and physical strain. Trip after trip, day after day, they must stand the pounding of the bus rolling over the roads of Prince Rupert. Sometimes, too, impatient patrons blame the driver for something that is beyond his control.

The driver's life is not always pleasant. But he is sticking to his job, doing his best.

Would you under these conditions?

Help us give better service. Observe these simple rules. Cut them out and hang them where you can read them every day.

1. Don't ride the bus unless necessary.
2. Shoppers will find the 9:30 morning trip the least crowded and the stores not so crowded. Do your shopping then.
3. If you get off at the first stop sit handy to the door.
4. Have your fare ready. Keep a dime in your pocket always handy.
5. Don't take bulky parcels on the bus.
6. Don't try to crowd into the bus ahead of the next person. Keep in line—and take your turn.

When the bus is late or crowded don't blame the driver. He's doing his best.

AT OCEAN FALLS—

RED CROSS IS ACTIVE

OCEAN FALLS, Feb. 3.—The local branch of the Canadian Red Cross Society had a good year in 1943, raising the sum of approximately \$4,500 in addition to doing much work in the production of goods, it was reported at the annual meeting which was held recently.

Officers for the coming year were elected as follows:
Honorary President — Rev. Father Maguire.
President—W. Barringer.
Vice-Presidents—D. W. More and George Turner.
Secretary—Miss Jean Bella.
Treasurer—Miss Nan Simpson.
Auditor—J. Haslett.
Committee conveners — work-room, Mrs. Fisher; publicity, Mrs. Marrett; purchasing and packing, Mrs. Goodridge; junior Red Cross, Miss Daem; first aid and home nursing, James McKellar; campaign chairman Bruce Wynn.

FOR HIRE

FOR HIRE—Two and one-half ton truck, long wheel base, flat bed and sides. Apply A. Wisniewski, Salvus, B.C. (28)

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

No, girls, it's not the Navy dance this Friday but the Highway dance and you're meeting here. Remember!

Tuesday evening the 'Y' staff held a party for Jack MacClelland at the Cafeteria. The powers that be must have been tipped off as to where we were holding it because Jack received half a dozen telegrams of the utmost national importance during the evening. He very kindly released them for publication in this column. (The M.G. Chisholm referred to is the assistant senior secretary for Y.M.C.A. War Services who handles most of the correspondence so you see from that where Jack stands in the organization.)

(1) Advise C.N.R. hold transportation stop Chiang-Kai-Shek advises theatre of war may change to Pacific. M. G. Chisholm.

(2) Hear you are coming at last stop Reviving Cavalcade stop. Can your Mrs. Black supply any talent stop Can use you too. Love. Noel Coward.

(3) Churchill advises your situation under control stop Awaiting further instructions stop meanwhile carry on with Bingo M. G. Chisholm.

(4) Jack Beaton advises your overseas posting in view stop This a far far better thing you do than

Kispiox Natives Elect Officers

KISPIOX, Feb. 3.—At a recent election of officers of the Kispiox branch of the Native Brotherhood of British Columbia, the following members were elected to office for the coming year: Honorary President — Walter Wilson. President — Silas Johnson. First Vice-president — Chris Harris.

you have ever done before; tis a far far better rest you go to than you have ever known stop Insist on hot coffee after every show you'll get it stop Gone now, gone now. F. G. Armitage.

(5) Understand you are wonderful at Bingo stop Can you supply Russian version stop Beans are rationed can we use peas stop Elated regarding your arrival this theatre of war. To-varich, Joe (Stalin). P.S. Ninety per cent our population now literate, bring plenty writing paper.

(6) Her Majesty and I enthusiastic over your recent appointment understand you also play piano stop We are entertaining a few officers Sunday stop Can you make it? George Rex.

I tell you, Jack's right up where things are popping, isn't he? But all kidding aside, we shall miss Jack very much for his unflinching good humor—and his particular job hasn't been all honey — his willingness to co-operate and pinch-hit upon all occasions and well, just because he's our Jack. We wish him God speed and all the luck in the world.

Second Vice-president — Jeffrey Harris.
Third Vice-president — Moses Morrison.
Treasurer — Joshua Johnson.
Recording Secretary — Stephen Morrison.
Corresponding Secretary — Geo. Wilson.
Financial Secretary — William Jeffrey.
Social Committee — Peter Muldoon, Jonathan Johnson, Walter Skulsh, Samuel Dick.
Messenger Boy — Jacob Johnson.

To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and, failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somewhere, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incurABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not ... NOW!

LADY-BE WARNED!

Young Mother Hubbard
Went to her cupboard

For a "Royal City" can,
But when she got there

The cupboard was bare,
So to her grocer she ran.

But alas! alack! she arrived too late,
His quota was gone and she'll have to wait.

It often happens in these days of restricted supplies that your grocer's quota of "Royal City" Canned Fruits and Vegetables is sold so quickly that you can't always be sure they'll be there for you to buy. It's disappointing when you miss them, especially if you've been in the habit of buying "Royal City" Canned Foods for their extra fine quality—but there's nothing for it except to wait until your grocer's stocks are renewed.

OLD-TYPE FOOTWEAR
The sandal is the earliest type of footwear.

MIDLANDS

The Cobourg Kiwanis club, following the lines of the Oshawa Kiwanis last year, is organizing a "Go-To-Church" drive in conjunction with other clubs of the Ontario-Quebec, Maritime provinces Kiwanis Committee.

Gunner Jack Rutter, son of Mr. and Mrs. William Rutter of Cobourg, was wounded in Italy recently while serving with the Second Light Anti Aircraft Battery. His wife and two children reside in Cobourg.

After delivering a splendid talk on how to safeguard cars and tires from theft before the Port Hope Rotary Club recently, Corporal K. M. Lockwood of the Cobourg detachment of the Royal Canadian Mounted Police found himself the victim of a thief who broke into his car and stole a trouble light.

SPORTS

Bashing a defence carried no terror for hockey-playing Don Maher of Westmount, Quebec, but he holds no ambition to participate in the favorite sport around his present locale. He admits, however, to being an ardent ringsider. All this information comes from the Azores where the most popular sport is bull fighting. Don, a gunner with the rank of flight sergeant, in a Coastal Command Flying Fortress, is stationed there along with many other Canadians. It's a fancy from the time he played hockey with Toronto's senior Marlboros, and Victoria and Verdun juniors in Montreal. "One of the R.A.F. boys stepped into the bull ring the other day," Don said in a letter here. "He looked like a born toreador as he tossed the darts at the bull, then took some smart evasive action. But not for me. I've seen some of these local chaps nearly killed, despite padding on the bull's horns. Under Portuguese regulations, it's illegal to kill the animals. I'll stick to softball around these parts. That softball business is pretty easy to do, as far as numbers go, because there are plenty of Canadian in this R.A.F. unit. The main difficulty is obtaining softballs. Incidentally, one of Maher's softball mates is FO Bob Thomson whose Westmount home (Sherbrooke St.) is less than two blocks from that of Maher. Since moving overseas Maher has been doing anti-submarine patrol with the Fortress unit, both here and in the balmy Azores.

It has come to pass that Porky Dumart and Milt Schmidt rate snappy salutes from that third member of the Boston Bruin Kraut line, Bobby Bauer. That's because Porky just received his commission and, like Milt, is a pilot officer. Bobby is a leading air craftsman engaged in radio work. Milt and Porky are sports officers at a couple of stations of the Canadian Bomber Group in Britain.

A lad who keeps games going at one Canadian bomber station in Britain is Sgt. Jock Stephen. 33 year old physical training instructor from Rosemont, Que. He organizes everything from hockey to baseball and received his early experience at No. 1 Wireless School, Montreal. A sister, ACI Barbara Stephen is a member of the R.C.A.F. (W.D.) Training Command Headquarters in Calgary.

Are your Children THIN NERVOUS UNDER PAR?

Try New, Improved OVALTINE

Children who are thin, nervous and under par, science has discovered, are often found to be eating foods which do not give them enough of the essential food elements everyone needs for health.

As a "protecting" food-drink, New, Improved Ovaltine adds to a child's meals the essential food elements most likely to be deficient.

Three servings of New, Improved Ovaltine furnish a child with a significant portion of his daily requirement of Vitamins A, B₁ and D, Calcium, Phosphorus and Iron—all from Ovaltine alone. Also quick food-energy elements and high quality proteins for building sturdy bodies.

So—if your child is thin, nervous, under par, or eats poorly, start giving him New, Improved Ovaltine regularly. Get Ovaltine today at drug or food store.
