New Propellorless Plane With Jet Engines Comes From Allied Laboratories

WASHINGTON, D.C., Jan. 7 (CP)—A new plane has emerged from British-American laboratories capable of extreme speeds at high altitudes without using standard propellers. This plane was made yesterday by Royal Air Force American Army air forces.

The plane is powered with jet engines. Details were given. Several hundred flights have been made without a single engine failure. Speed is 300 to 400 miles per hour. Quantity production is just around the corner. The inventor of the first propellorless engine for fighter aircraft was Group Captain Frank Whittle of the Royal Air Force who began working on the idea sixteen years ago.

New School at \$44,974 Cost

Plans of New Structure Being Completed on Conrad Street

The new school house which is being built on Conrad Street near Eighth Avenue to accommodate increased population in the east end of the city caused by the presence of many wartime industrial workers here is estimated at \$44,974, the contractors being Smith Bros. and Wilson and the architects, McCarter and Stain.

While the building is described as being of temporary nature, it has a full concrete basement. The school board had asked for certain alterations to the original plans to make the building more adaptable to wartime educational ideas but the Housing Board had a standard plan as being used in all Canada approved by the Department of Education and found suitable elsewhere. Further it would be difficult to make changes at this stage of construction. The board, among other things, had asked for library and activities rooms to have the height of windows changed to adaptability to changing ages and sizes of pupils. The school board agrees to keep staff, maintain and operate the school, the equipping including the furnishings of desks. Neither would Wartime Housing agreed to removal of a house which the board felt would interfere with adequate school grounds.

Parking of Cars

Jury Add Rider Concerning Enforcement of Parking Laws in Verdict.

The jury, under Coroner M. M. Stephens, which Wednesday afternoon brought forth a verdict of accidental death with no blame attached to any person was the verdict in the case of Private R. F. Caffrey, Royal Canadian Ordnance Corps driver who was killed in a traffic accident on Monday. Attached to the verdict was a lengthy recommendation concerning the parking of cars near intersections.

Caffrey was crushed when the jeep he was driving along First Street collided with another army car and skidded into a third army vehicle parked near the corner of Second Avenue and First Street. Following the collision he was thrown from the jeep in such a way that his body was between the jeep and the parked vehicle when the jeep struck it.

1943 WAS WET YEAR

December Had Little Sunshine and, With November, Much Rain.

With 128 hours of sunshine showing through the clouds, December, 1943, had the least bright weather of any month of the year. November, the next lowest month had 21.7 hours, and the year's total was 930.1 hours.

December, 1942, had 15.7 hours of sunshine and that year's total was 1526.4 hours. Rainfall in December was 10.32 inches, which was practically a drought compared with November's 12.86 inches. The year's total was 90.76 inches, or more than seven and a half feet. Rainfall in December, 1942, was 7.92 inches and 82.96 inches fell during the year.

Invasion of Yugoslavia

Conflicting Reports Are Heard—One That Substantial Allied Force Has Landed.

LONDON, Jan. 7 (CP)—Round-about reports reached Stockholm today that Allied specialist troops had landed at several strategic points on the coast of Yugoslavia. Dispatches from Allied headquarters in Algiers called "completely erroneous" a report that crack Allied divisions had landed in Yugoslavia.

Cutting of Phone Cables is Latest Act of Vandalism

A new type of wilful vandalism to occur in the city is the chopping into a telephone cable on a bluff on Sixth Avenue. To provide protection from such acts, the utilities committee of the city council has authorized Sam Massey, superintendent of the telephone department, to take steps as he may deem effective. It is proposed to box the cables in with timber.

LOG SCALE IS HIGHER

Log scaling in this forestry district for the month of December this year amounted to 37,415,820 board feet (as compared with 17,359,721 board feet in the same month last year) including 1,216,288 board feet of fir, 7,136,333 feet of cedar, 21,977,786 spruce, 5,518,427 hemlock, 218,035 jackpine and 1,348,931 balsam.

Production of poles and piling amounted to 112,179 lineal feet including 96,888 lineal feet of cedar and 15,291 feet miscellaneous.

Bob Gibson For India

The first Canadian "Y" worker to do emergency war work with the troops in India has been appointed. He is 32-year-old Robert Gibson, now of Winnipeg and formerly popular supervisor of Y.M.C.A. war services in Prince Rupert area. He left a few months ago.

BOB GIBSON

years they are Charlie Paterson of Montreal and Jack Dunderdale of Winnipeg. A graduate in Commerce of the University of Alberta, Mr. Gibson worked for some years as purchasing agent for Canada Packers in Edmonton. Shortly after the outbreak of war he became a Y. M. C. A. war services secretary and since then has become known to thousands of airmen as supervisor of their off-time activities at Fingal and St. Thomas.

Recently he has acted as "Y" area secretary in Manitoba, Saskatchewan and the Northern Pacific. His wife is a daughter of Dr. Tuttle, at one time moderator of the United Church in Canada, and he has one child.

It is agreed that the appointment of Mr. Gibson to the India post will mean good leadership of "Y" activities. Other Canadian appointments by the International Board of American Y.M.C.A.'s will soon follow. Of the twenty-five Americans to do emergency war work in China, Egypt and the near East, as well as in India, it is hoped that five will be Canadians.

B.C. YARD IS AFFECTED

VICTORIA, Jan. 7 (CP)—Yarrows Limited in Victoria operate the only shipyards in British Columbia engaged in naval shipbuilding. The curtailment of frigate and corvette construction will mean a reduction in work for Vancouver shops which supply parts for Yarrows.

The curtailment is made possible through an improvement in the ocean shipping situation due to the control of enemy U-boats.

Even Berlin Speaks of Complete Withdrawal As Red Drive Gains Weight

Soviet Forces Now Twelve Miles Into Poland—Germans Fighting For Miles.

LONDON, Jan. 7 (CP)—The Russians have swept twelve miles into Poland, capturing Rakitno and killing three thousand more retreating Nazis, the Moscow radio announced Thursday night. The Russians are within thirty-nine miles of the Warsaw-Odessa Railway, sole main escape route for Germany's Dnieper Bend army of between 500,000 and 750,000 men.

Moscow said that German defenses had been broken along a 200-mile front and the Red Army was moving ahead relentlessly. Berlin intimated that part of the Army was fighting for its life between a Russian pincer movement. One Berlin spokesman suggested today that it might be necessary to withdraw entirely from Russia.

Reserve Sentence In Robbery Case

Sentence was reserved by Judge W. E. Fisher in County Court on Thomas Scully and William Ryall, found guilty of committing robbery with violence. The offence took place against John McFee, on the afternoon of December 23, on Second Avenue. W. O. Fulton was prosecutor.

U.S. To Try Men For Gun-Knife Fracas

The first outstanding case in Prince Rupert in which American authorities exercised their right to try American citizens for offences against the law on Canadian soil occurred this morning when city police turned over to the American authorities Benjamin Villmer, charged with carrying an offensive weapon, and Floyd Bogan, a negro, charged with wounding with a knife.

The charges followed a fracas in a down town cafe last night in which Bogan, a cook on an Army Transport Service boat, was alleged to have inflicted a knife wound on Villmer, following which Villmer was said to have had a loaded automatic 22 rifle.

City police constables Brotherton and Moore arrested Villmer, an American workman, in his room in the Commodore Rooms at midnight after they had received a complaint that a man was carrying a loaded rifle on Third Avenue, and making threats. They were directed to the Commodore Rooms, where they were told the man had gone. In a room shared by Villmer and Jacob Gissner, also an American, they found Villmer with blood on his clothes and a short deep wound on the underside of his jaw.

Little County Court Action

Two naturalizations were granted during the months' regular session of the County Court held before Judge W. E. Fisher this week. Stood over to the next sitting of the court was the suit of Robert Scharffe against Adam Collins for the payment of certain goods. Also stood over to the next court were two judgment summonses.

Ida Tarbell, Writer, Dead

BRIDGEPORT, Connecticut, Jan. 6 (CP)—Miss Ida Tarbell, 85, dean of American women writers, died of pneumonia yesterday. Her most famous books were those on Abraham Lincoln on Villmer was not on his person. He was taken to the city jail, and was turned over to the American authorities at 10:30 this morning.

The right of the American government to try its own nationals for offences committed in Canada was granted by the Canadian government last June and was given greater clarification last month at the request of the Attorney General's departments of British Columbia and Alberta who wished to overcome the danger of any infringement of their rights.

DAILY EDITION Friday, January 7, 1944

We Are Lucky . . .

At this time of year, when the vast majority of us are comfortable and safe, it would be well to compare our lot with that of others. We have some rationing, shortages and many restrictions. But the average Canadian has been pretty lucky. Here we are, after the fifth wartime Christmas and New Year, and practically all of us have a sound roof over our heads, our children are safe and happy, getting their education and their health looked after, and we know definitely where our next meal and many more are coming from.

How different had we been European! How different had we lived in Britain! Some of us may complain about the difficulty in securing beverages, of the shortage of a few things, of the lack of icing on our cake or of chilliness in our living rooms.

The very nature of our complaints shows our blessedness.

The Daily Newspaper . . .

Every day when you unfold your newspaper, there before you is the panorama of life . . . with all its tragedy and comedy . . . realism and romance . . . beauty and ugliness . . . truth and deception . . . irresistible because it is the running story of the miracle of mankind.

Newspapers play to a greater audience than any medium of information or entertainment.

The daily newspaper is part and parcel of the life of every community. No other medium is so intensely local in character, because no other medium can cover, or pretends to cover, such a wide range of the people's local interests.

In every city . . . it is the newspapers that turn the light of publicity on all things, both good and bad. They keep a watchful eye on local and national affairs. They expose abuses, inspire reforms and organize sentiment.

Newspapers are also the life-blood of retail trade. They move more merchandise from dealers to consumers than all other advertising media in the world. Ninety per cent of all advertising is done in newspapers.

SPOKE ABOUT MEAT PACKING

Martin Stewart, local manager of the Swift-Canadian Co. was the speaker at the weekly luncheon of the Prince Rupert Rotary Club yesterday, his address having to do with the development of the meat packing business and proving very interesting. The 32-year old Vancouver born man also gave a brief autobiographical talk. President A. S. Nickerson was in the chair and there was a fair attendance of members with guests including L. P. Williams of Cormier, New Brunswick, and Doug Soutar of Vancouver. Fred Scadden won the war savings certificate raffle.

Early records of domestic animals cattle and hogs on this continent for food purposes had included those brought by the Pilgrim Fathers and by Ferdinand de Soto to the Gulf States eighty-one years earlier. In 1640 there had been the first export of meat when the Pilgrim Fathers shipped to the West Indies.

Mr. Stewart told how raising of hogs and cattle had commenced in the Ohio Valley which at one time was the meat packing centre of the continent. Later St. Paul and Chicago became developed in the business with the union stockyards at Chicago becoming the largest in the world. Since the turn of the century Chicago was the meat centre of the continent.

The speaker traced the development of processing of meat products and by-products, referring to the surmounting of transportation difficulties and the perfecting of preserving methods for such perishable products including curing, smoking, drying, freezing and hermetic sealing. The war had brought further important developments including a new hard which would not go rancid and dehydration. Another interesting new shipping method was lining of ships with frozen lard in which the meat was packed.

The past year had been the largest the packing companies had had and, although net

Burial of Alfred Russell; Hazelton

HAZELTON, Jan. 7.—The native communities of Glen Vowell, Hazelton, Kispiox and Kitwanoon joined in paying final respects to the late Alfred Russell whose funeral was held at Glen Vowell on New Year's Eve. Funeral arrangements were under the direction of a committee from Glen Vowell, which included Philip Brown, Joseph Brown and Harold Williams. Other members on the committee were Peter Barney, James Woods, Jonathan Brown, Clarence Brown, William Robinson, Jimmie V. Woods, Robert Kate and Arthur Sampson.

Officiating was Salvation Army Captain F. Watson, Glen Vowell, and Adjutant Garie, of Hazelton.

Many friends and organizations offered their help and sympathy to the relatives of the deceased. These included the Young People's Group, from Hazelton, the Salvation Army Home Groups, of both Glen Vowell and Hazelton, the Hazelton Brass Band, which under Bandmaster Ernest Harris, played the funeral march and the Kispiox football team.

The deceased, who was an outstanding personality in the community, was the son of Chief Henry Russell who survives him. Surviving also are his wife and two children, Doreen, age 4, and Edward, age 2, and an older brother, Carl.

Air Force Wins Over Hi School

Navy Was Over Army In Another Game Last Night

Resumption of operations in the Area Basketball League saw the Force outscore High School, 38 to 26, last night in the Naval Drill Hall.

The layoff over the Christmas season showed up in the school-boys' play in the first half as they were trailing 32 to 5. But they came back strong in the late stages of the game to wind up only six baskets down.

Air Force moved into a tie for third place by virtue of the triumph with a record of five victories and two losses.

Postuk, top scorer in the game with 12 points, made all his baskets in the last half.

Air Force—Blore, 6; Morrison, 8; Gerismoff, 4; M. Morran, 4; Smithers, 8; Broomer, 8. High School—Holtby, 4; Ciccone; Gurrlich, 6; Postuk, 12; Pettenuzo, 3; Stevens, 1; Murray.

Referee — Bruce MacIntyre.

In a fast moving game between Navy and Ontario Regiment the army was defeated 44 to 50. The Regiment drew first blood. Carrying on into the second quarter they led Navy by a bare few points. For the Army, Kutner, agile boy scored 20 of the 44 points.

In the Navy lineup Page was breaking fast making a total score of 16 for the sailors.

In the second quarter the score stood 36-38 in favor of Army. The Navy realizing this advantage put on heat which boosted Navy and gave them what seemed to be the advantage. Following along into the third quarter, Navy picking up points, came within seven points of Army.

The break between third and fourth quarters gave Navy time to come up for air.

Breaking away into clean play in the last quarter the Navy was leading by seven points.

The Ontarians trying hard and playing a fiery game, added yet another point making a total score of 44.

This brought Navy into seventh place with four wins out of eight games.

Navy — Martin, 11; McLeod,

6; Humber, 5; Page, 1; Wallace, 10; Kelby, Carlisle, 2; Prentice, 5; Cross.

Ontario — Sherman, Bacole, 9; Hunt, 9; Kutner, 20; Lewison 1; Kelby, Denny; Riddle 1; Yelowsky, 4.

Penalties—Navy 11; Ontario, 12.

Conversions—Navy 6; Ontario, 10.

The game between Ack-Acks and Air Force was postponed.

Rheumatic Pains -- BACKACHE

Now as never before men and women must keep themselves fit and ready for work. So when you've tried everything you can think of and nothing seems to even relieve the pain and soreness, don't give up hope just go to W. J. McCutcheon, Ormes Ltd. or any good druggist and get a bottle of Allenru. Take as directed and in about 24 hours you should see a real improvement. You needn't be afraid of Allenru containing dope of any kind — it doesn't; such things are only makeshifts and can at best give only partial relief. Allenru acts 3 ways: 1) to relieve the pain; 2) to correct the bowels; 3) as a gentle diuretic to the kidneys, flushing out excess acids. The very first bottle is guaranteed to show results and justify your confidence. If for any reason you are dissatisfied, take back the empty bottle and get your money back.

"QUALITY" Not Only a Word, But a Code

... Quality is no static thing; it has no unit of measure. Rather is it a decree of excellence.
... Judgment of the degree of excellence in any particular product must rest with the integrity of the judges.
... Such judgment was easier when things were made of "pure" substances—such as pure wool, pure silk, pure linen—or when an article was made from start to finish by hand.
... Proper judgment of products demands more knowledge and experience than ever before. Only a store that holds public confidence as its most precious trust can be counted upon to keep its standards of judgment unassailable.
... Quality is and will continue to be our code. We will endeavor to maintain in our goods a degree of excellence the word "Quality" connotes.

The city fire department answered a call to the residence of Jack McLean, 1314 Piggott Avenue, at noon Wednesday where a chimney fire was reported. On their arrival the blaze had been put out. A call which was sent in from the dry dock at 6:30 yesterday morning turned out to be a false alarm.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

The Service Wives Club met Thursday afternoon in the Ladies' Lounge at the 'Y'. Owing to the state of the weather, and it was in a state yesterday, only six hardy ladies turned out and two children. There was no raffle but tea was served by Mrs. Strand and Mrs. Gomez.

Just three hundred and fifty eight more shopping days until Christmas, folks!

Tonight the junior hostesses and affiliated hostess groups will meet at the 'Y' for transport to the Highway dance. Y.W.C.A. chaperones for the evening will be Mrs. A. E. Evans and Mrs. S. O. Cox who are representing the Orange Lodge Women's Auxiliary.

I would like to thank Mrs. Murray for her very prompt response to my appeal for coat hangers for the boys at the Forts. She came in Thursday afternoon with a donation of over a dozen. Art Peacock, who is Y.M.C.A. supervisor to the island forts, was delighted.

Tonight there will be a ping pong tournament at the Empress 'Y'. All comers are welcome. Prizes will be given to the winners. At the Red Triangle Club on Third Avenue there will be the usual Friday evening Bingo. So you pay no money and you take your choice.

Chester le Maistre is sending out an "SOS" for civilian talent for his Sunday night shows to service men at the Capitol Theatre. In the past a large number of civilians have very kindly lent their services for these shows but so many have left town that there is so few left upon whom he can call. If anyone is interested will they call the 'Y' leaving their names and addresses and Chester will get in touch with them.

By the way when asking for Chester le Maistre the last name sounds like, well, it sounds like le Maistre with a long A.

Air Force Wedding Duly Celebrated

The New year's afternoon marriage at St. Andrew's Anglican Cathedral of Leading Airwoman Alma Snyder and Pilot Officer Fred Teague was the occasion for celebration in local Royal Canadian Air Force circles.

With Flight Lieutenant Springborne, Air Force padre, officiating, the bride was given in marriage by Flying Officer S. Beck and was attended by Leading Airwoman Jessie Maneer as bridesmaid. Flying Officer Honeyman was groomsman. Peter Lien presided at the organ.

A reception was held at the Women's Division canteen at Group Four headquarters where Corp. Ainley Gordon was in charge. A toast to the bride was proposed by Flying Officer Honeyman and responded to by the groom.

The groom proposed a toast to the bridesmaid with the groomsman responding. Wing Commander Brooks proposed a toast to both bride and groom.

George Little of Terrace arrived in the city from the interior yesterday morning and left last night for a trip of two or three weeks to Vancouver. He was accompanied by his daughter, Miss Edith Little, who is returning to Vancouver after a visit to Terrace.
