## CANADA'S NAVAL LEADERS

**VICE-ADMIRAL P. W. NELLES**  
No Navy of modern times has equalled the rate of expansion that the Royal Canadian Navy has achieved. (Continued on page 2.)

By Frank Flaherty  
(Canadian Press Staff Writer)

Admiral Percy Walker Nelles has one of the most thrilling jobs connected with Canada's war effort and is properly thrilled about it. As chief of staff he is head of the sea-fighting force which has been in constant action since the outbreak of war and has multiplied its strength in men and ships over time.

Admiral Nelles is the first Canadian to attain the rank of vice-admiral and his career is filled with the history of the sea. He has the satisfaction of seeing his efforts and plans bear fruit in Canada's contribution to the Nations control of the sea.

Admiral Nelles is the only one of Canada's three chiefs of staff who has held the highest rank in his service continuously since the outbreak of war. He is chairman of the chiefs of staff committee and presides over the heads of the navy, army and air force discuss committees.

Admiral Nelles has a little man with lively gait and cheerful smile who looks younger than his 51 years. He was born in Brantford, Ont., of a soldier, and dreamed of joining the navy while sailing on the Grand River.

Admiral Nelles joined the Canadian navy and was the second of a first class of seven cadets from the old collegial Hall. In 1908 Canada was just getting a navy then and when the course was completed he went to sea in ships of the Royal Navy, serving afloat until 1917 when he was called to Canada as flag lieutenant to Admiral Kingsmill.

Since then his life has been a gradual move up the ladder. He became chief of naval staff in 1917, rear admiral in 1938 and vice-admiral in 1941. As war approached, Nelles and his small group of permanent force officers, with a few limited equipment, played the role of the Canadian navy in the war which was to be an anti-submarine war, to provide safe escort for merchant ships carrying supplies from Canada.

Plans for rapid expansion were laid. They worked out so that from 15 pre-war ships the navy has grown to some 100 and in addition to manning them has been able to loan hundreds of officers and men to the R.N.

# Russians Take Novgorod

"SUPERMEN" CAPTURED BY BRITISH EIGHTH ARMY — These German prisoners, some very youthful, are part of the "bag" taken by the British Eighth Army in the Battle of the Sangro River, Italy. Some of the prisoners were still dazed by the terrific artillery barrage that preceded the assault in which they were captured. Indian troops escorted them to the rear.

## BULLETINS

**ROME AIR BASES BOMBED** — ALGIERS—Heavy and medium Allied bombers attacked seven air bases in the vicinity of Rome yesterday. There is no confirmation in Allied quarters of German reports that Rome itself had been bombed.

**EISENHOWER SEES KING** — LONDON — General Dwight Eisenhower visited the King at Buckingham Palace today. He was received at Buckingham Palace by Sir Allan Lascelles, secretary to the King, and then conferred for some time alone with His Majesty.

**MANY CANADIANS ENLISTED** — OTTAWA—It was announced today that since the start of the war 869,000 men had been taken into the combined Canadian forces, this being 35 per cent of the men of the Dominion between the ages of eighteen and thirty-five. Retirements, discharges and casualties are not taken into these figures.

**RUSSIA vs. POLAND** — MOSCOW—The Russian radio today freely broadcast the statement by Foreign Secretary Anthony Eden in the British House of Commons that there was hope of a settlement of the Russo-Polish border dispute.

**JAPS SUFFER LOSSES** — ALLIED HEADQUARTERS IN SOUTH PACIFIC — Three Japanese merchant ships were sunk and two left sinking with three others badly damaged after the heaviest aerial bombardment to date on Monday of the Japanese base at Rabaul. The Japanese lost 18 planes and 12 Allied machines failed to return to bases.

**WINS HIS WINGS** — MACDONALD, Man. — Donald B. Nelson, son of Mr. and Mrs. W. J. Nelson of Prince Rupert, recently won his wings as air gunner at Royal Canadian Air Force bombing and gunnery school here.

**DR. CARSON'S FATHER DIES** — VANCOUVER—N. J. Carson, 82, father of Dr. J. H. Carson, formerly of Prince Rupert, passed away today after an illness of about a week. Dr. Carson had been called from Toronto and arrived at his father's bedside yesterday. Mrs. Guy Patrick, a daughter of deceased, died a couple of weeks ago.

## YOUNG PEOPLE'S VIEWS — EDUCATION DISCUSSED BY PUPILS

Present Methods Do Not Make Good Citizens — Too Much Americanism, Among Views Expressed.

A panel discussion on education was the principal feature of the program at the meeting of the Prince Rupert Parents' Teachers' Association last night. It elicited much interest. Six graduating students of the Booth Memorial High School took part in the discussion and answered questions put to them by the president of the Association. The young people taking part were Miss Maureen Earl, Miss Olga Sather, Gwyn Holby, Bruno Petenuzo, Vernon Clecone and John Moore.

In answer to the question "What Should Your Education do for you?" the students gave their opinion that it should form the background for the individual's life, should prepare him for his future vocation, aid his social background and help him to meet problems in the future.

One student felt that not sufficient emphasis was placed on the practical side of education and stressed that more technical subjects be added to the course and less history. His opinion, while shared in part by the others, met with some opposition from one of the young ladies who believed that the person who is ignorant of his country is of little use to that country. Another student brought out the illustration of text-books used in the schools to show a definite trend toward the American way. Examples in mathematics, for example, contained the names of United States cities but rarely Canadian.

**WILLKIE SPEAKS TO EUROPE**—Wendell Willkie broadcasting from the British Broadcasting Corporation's New York studios to London. He spoke to the people of Great Britain about Russia to mark the celebration of the 26th anniversary of the founding of the Soviet Union. His address was broadcast in the BBC's Home Service and later in the General Overseas and European Services, and was translated into Russian and more than twenty other languages for inclusion in the BBC's transmissions to the subject peoples of Europe. ## "Y" Building Starting Soon

Percy Underwood of the Vancouver firm of architects, Underwood and Barrett, arrived in the city yesterday from Vancouver, being here in connection with the commencement of building of the Y.M.C.A. war services building which is to be erected on McBride Street between First and Second Avenues and the contract for which has been awarded to the Farley Co. of Ottawa. Building operations are to commence soon. This is the building which is to be made available after the war for civic centre purposes.

## Evacuate Minturno

British Score Another Victory on Their Way To Rome.

LONDON, Jan. 20 (CP)—The German radio announced today the evacuation of Minturno to the Allied Fifth Army driving up the Apennine way toward Rome. Previously, Allied headquarters at Algiers had announced that British troops were storming Minturno after enlarging the bridgeheads above the Garigliano river to three miles in depth in places and capturing three villages.

## CANADA TO BE LEADER

Senator Robertson Says MacKenzie King Must Be Sent To Conference.

SASKATOON, Jan. 20 (CP)—Senator Wishart Robertson, president of the National Liberal Federation said here Tuesday night that Canada will go to the peace conference "virtually the leader of the smaller countries among the United Nations."

Speaking to the Saskatchewan Liberal Association Robertson declared that Prime Minister MacKenzie King must be sent to the conference as "one among us who is most likely to govern for the future in the manner which will accomplish most of the objectives we have in mind."

## Sentenced For Bond Thefts

VICTORIA, Jan. 20 (CP)—D'Arcy C. Martin, former deputy assessor for purposes of succession duties, was convicted in County Court here today on charge of stealing a \$1000 Province of Ontario bond and was sentenced to three years imprisonment.

He also received a concurrent sentence of three years for stealing a \$100 Montreal Light, Heat and Power company bond.

## Gift Destroyer Is Commissioned

OTTAWA, Jan. 20 —Navy Minister Angus McDonald announced last night the commissioning of H.M.C.S. Chaudiere, formerly H.M.S. Hero, at Portsmouth, England. He said that the ship was to go into service with Canada's river class greyhounds on the Atlantic convoy routes.

## Bells of Moscow Peal in Rejoicing Over Another Important Victory — 300,000 More Nazi Troops Threatened.

LONDON, Jan. 20 (CP)—The Berlin radio announced today that German troops had evacuated the city of Novgorod, 100 miles southeast of Leningrad, which the Russians had previously reported virtually isolated by their smashing new northern offensive. Capture of the important city was later announced from Moscow by Premier Stalin.

The announcement said that violent fighting was continuing just south of Leningrad and south of Oranienbaum, Russian bridgehead on the Gulf of Finland, west of Leningrad.

The victory bells pealed in Moscow again tonight in celebration of the capture of Novgorod which had been in German hands since August, 1941. By the fall of Novgorod 300,000 Nazi troops are threatened.

## AGREEMENTS AT VARIANCE

Mayor Daggett Suggests North Vancouver Has Better War-time Housing Deal Than Prince Rupert.

Mayor H. M. Daggett has obtained and perused a copy of the agreement between Wartime Housing Limited and the city of North Vancouver in connection with the building of houses for wartime industrial workers and has informed the city council that there are several important and vital clauses in the contract with North Vancouver which are absent from the agreement with Prince Rupert.

The matter was referred to the rehabilitation committee of the council with the suggestion that it might be approved.

## MRS. JAMES STEEN DIES

Liver Here More Than Thirty Years and Was Active and Popular in Various Circles.

Esteemed pioneer woman of over thirty years' standing, Mrs. Grace Stewart Steen, wife of James G. Steen, passed away peacefully last evening in the Prince Rupert General Hospital where she had been a patient for the past couple of months after having been in failing health for some time. Her passing will be mourned by many old friends for she had been active and popular in several spheres of church, patriotic and social activity.

Mrs. Steen was born in Glasgow, Scotland, sixty-four years ago come this June. She came to Canada in 1908, and was married in Montreal. She and her husband then moved west to Vancouver in 1908, spending a couple of years there before arriving in Prince Rupert where they had since made their home.

During her long period of residence in Prince Rupert Mrs. Steen was an active worker for First Presbyterian Church Ladies' Aid, serving in a number of offices. She was also secretary for a number of years of Bell's Chapter, Order of the Eastern Star, and Queen Mary Chapter, Imperial Order, Daughters of the Empire. During the last war she was active in the work of the Red Cross. She was also a member of the Women's Canadian Club.

There are no immediate relatives. The widower will have the sympathy of many friends in the bereavement.

Funeral arrangements are in the hands of B. C. Undertakers and interment will take place Saturday.

And, finally, the mayor notes that a new agreement was made on June 25, 1943, between North Vancouver and Wartime Housing, replacing a former agreement of December 1, 1941, from which fact the point is made that such agreements can be changed, contrary to what Prince Rupert had been told that they were standard and inflexible.

At the suggestion of the mayor, the North Vancouver agreement has been referred to the transportation and housing committee to compare it thoroughly with the Prince Rupert agreement and report on what clauses should be incorporated in a changed agreement here.

An autobiographical talk, both interesting and entertaining, was given by G. R. S. Blackaby, one of the newer members, at the weekly luncheon of the Prince Rupert Rotary Club today. President A. S. Nickerson was in the chair and there was a good attendance of members with a few guests.

An interesting demonstration with deep sea diving equipment featured yesterday's luncheon program at the Gyro Club, being presented by Max Asemissen with the assistance of Joe Gardner of the Armour Salvage Co. diving staff.

Parks Board . . .

It is gratifying enough to see Mayor Daggett moving in the direction of having the Parks Board re-instituted in Prince Rupert after a lapse of several years. And the matter is being approached from the right angle, we believe, when the prime factor in the move is with the object of re-establishing old playing fields, establishing new ones and seeing that all are properly maintained so that there may be venues for the healthful recreation and exercise of the people — both grown-ups and children. Indeed, to move along this line is a real war effort for it is as important to maintain the health and morale of these at home as of those who serve abroad.

Unfortunately, there are influences and conditions in Prince Rupert these days that are derogatory to the well-being of our young people. Playing fields where they may exercise themselves and give vent to their energies are as sadly lacking as they are much to be desired.

Indeed, it would be well that a Parks Board be established without delay to take up this matter. After the war is over, the Parks Board may revert at least in some degree to the job of city beautification which was its main function in the old days when we had such a board before.

The city council, at the suggestion of Mayor H. M. Daggett, decided at Monday night's meeting to seek legal advice in regard to published reports that, by a decision of the Supreme Court of Canada, property leased by the crown to private owners might now be taxed.

Rev. E. W. Scott, rector of St. Peter's Church, Seal Cove, has taken over supervision of activities of the local Red Cross Work in connection with prisoners of war. This has been attended to by Rev. C. A. Wright who left here recently for Vancouver.

CHURCH HAD GOOD YEAR

With Dean J. B. Gibson presiding, the annual congregational meeting of St. Andrew's cathedral was held on Monday night in the church hall. Departmental reports showed splendid general progress, the financial report indicating that in spite of cost of extensive structural repairs to the church buildings the congregation's financial affairs were in a healthy state.

The following wardens and committeemen were appointed for the coming year:

Rector's Warden — Judge W. E. Fisher. People's Warden — G. P. Tinker.

Lay Delegates—Frank Skinner and A. T. Parkin.

Alternative Lay Delegates — R. G. Birch and W. M. Watts.

Men's Committee — R. G. Birch, A. T. Parkin, L. Fitzgerald, C. Dodimead, E. Woodward, W. M. Watts, R. L. McIntosh, D. Allen, Peter Lien, Dr. J. Loubser, Noel Jones and Harold Saitch.

Secretary—Steve King. Auditor—R. G. Birch.

Navy League W.A. Meets

Determination to pursue their work vigorously on behalf of the navy and merchant seamen was affirmed by the Women's Auxiliary to the Navy League of Canada at their regular meeting held earlier this week. Mrs. J. R. Effert, president was in the chair.

Mrs. J. E. Boddie was appointed to the position of treasurer. Other officers remain as before.

The meeting was well attended and there was a considerable showing of new members.

The Navy League of Canada had a letter before the city council Monday night seeking financial assistance in connection with the present drive for funds. The Navy League will be informed that, while the council is in sympathy with the cause, it will be impossible for it to subscribe financially.

Wesley S. Singer of Massett arrived in the city yesterday afternoon from the Queen Charlotte Islands and is leaving tonight for a trip to Vancouver.

A. Dieldal, local liquor vendor, is leaving tonight for Vancouver where he will receive treatment at the hands of specialists.

Charged under the excise act with being in unlawful possession of imported cigarettes, Hugh G. Stephenson appeared before Magistrate W. D. Vance in police court Wednesday. The case was remanded for eight days or earlier. Corporal J. R. Piper, of the Royal Canadian Mounted Police, prosecuted.

An application from W. N. R. Armstrong to rent the city's air compressor and jack hammer for a couple of days came up at the meeting of the city council Monday night, Mayor Dagggett asking for an expression of policy on the renting out of city equipment. Ald. Rudderham and Ald. Elliot questioned the advisability of renting out city equipment unless it was attended by a city employee as a safeguard of proper use. City Engineer G. S. Hanes agreed with such a provision. The matter was referred to the board of works.

**Moose Women Enjoy Social**

Following their regular monthly meeting in the Oddfellows' Hall last night, at which routine business claimed the attention of the members, Women of the Moose, Lodge 211, were treated to a very enjoyable social entertainment by members of the Loyal Orange Lodge.

The entertainment opened with three beautiful piano solos by Sergeant Earl Collins R.C.A.F., and was followed by a series of comic games which were played by all, being particularly enjoyed by the ladies.

At midnight refreshments were served by members of the men's lodge and, following the refreshment period, dancing was enjoyed until 1:30.

Mrs. W. H. Tolin, senior Regent, was in the chair at the meeting.

**Terrace**

An army show was put on Tuesday night to which the general public of Terrace was invited. A regimental band provided an excellent program of music which was much enjoyed by the large number of citizens who attended. Although the drill hall in which the concert was staged is a huge building, all available seating accommodation was filled.

Continuous rains have caused almost total disappearance of snow which for the past few weeks has covered the landscape, although the incessant rain is causing inconvenience by converting the roads into streaks of mud, people generally prefer this type of weather to the cold winds and blizzards which January usually brings.

The municipal office has been undergoing repairs and improvements thanks to the work of the air force police, who are sharing the building with the Village municipality. It is the hope of the Village Commissioners that funds will in the not distant future enable them to build a municipal office upon village property.

There has been a change in the personnel of the Board of Commissioners of the Village. W. E. Smith has resigned owing to pressure of other business and T. H. Walsh has been appointed to assume the office for the unexpired portion of the term. Mr. Walsh comes to the office as Commissioner with experience, having served in a similar capacity some years ago in Terrace.

### To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incurABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to cure again.

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not... NOW!

### FILM STAR PAYS ARMY HERE VISIT

Tops Fine Bill of Entertainment Presented to Service Men in Prince Rupert.

Lovely screen star Ingrid Bergman—she of "Intermezzo" and "Casablanca," whose latest picture is the great drama "For Whom the Bell Tolls" made three delightful personal appearances before service audiences—both American and Canadian yesterday afternoon and last evening and on each occasion the big naval drill hall was crowded to capacity. The talented 27-year-old Scandinavian actress, who is well known as one of the major luminaries in the contemporary screen firmament, was accorded a great ovation as she presented three dramatic sketches, the highlight of which was a poignant scene from "For Whom the Bell Tolls" in which she is co-starred with Gary Cooper. She was assisted by Neil Hamilton, who acted as master of ceremonies for the show in which Miss Bergman was the leading figure.

Miss Bergman proved as completely charming in person as she does on the screen and one could not help being agreeing in admiration with Mr. Hamilton who had said in his introduction that she was his own favorite actress, possessing as she did in full measure the prime requisites of beauty, personality and intelligence. In addition to the scene from "For Whom the Bell Tolls," Miss Bergman and Mr. Hamilton did an odd bit "The Gift of the Magi," depicting a poverty-stricken young couple in a quandry over buying each other a Christmas present which resulted in the girl selling her beautiful hair to buy her mate a chain for the watch he had pawned to buy her gift, and another original temperamental item "The Affairs of John and Mary Thorndyke." The numbers were well suited to the talents of the tall and willowy actress who appeared in a becoming afternoon costume consisting of full black skirt with black bolero, fine-checked black and white blouse with red belt.

Miss Bergman explained that she and her party had had a strenuous trip through the north and that she was feeling the effects of a cold so would not attempt to sing, as she had done in other places. Prince Rupert was their last stand in this tour for the entertainment of the troops she said.

To the older movie fans the presence of Neil Hamilton was possibly of equal interest to that of Miss Bergman. This veteran screen star of such great pictures as "The Patriot" and others and whose latest appearance is as Shirley Temple's father in "Since You Went Away," besides acting as Miss Bergman's sketch companion and carrying the program as master of ceremonies gave a remarkable exhibition

of dexterity in memory. Making a hit in lighter vein was pert little Joan Barton, formerly in the "Hour of Charm" radio program and now under moving picture contract to Paramount, who mingled with the boys in the audience, singing and reciting, her gesticulations with lips and eyes being a forte which kept them keenly interested and won vociferous applause for her efforts. One of the boys received a kiss and many others were envious.

Marvel Andre, interpreter of the Hawaiian dance, intrigued

the service men with her hula number and also got a great hand. Persuasion of Sergeant Gregg to come up from the audience and don a grass skirt to be hula dancer's willing pupil gave a turn of fun to Miss Andre's act.

Fifth member of the party was Nancy Barnes, a talented youngster, who played the accordion with skill and personality and who presided at the piano to give musical background to the entire show.

Commander Charles M. Cree, naval officer in charge here, conducted the opening of the show yesterday afternoon, expressing appreciation of the presence of the troupe here and then turning over to Neil Hamilton to carry on.
