AIR FORCE, WITH RUPERT OFFICER IN CHARGE, SPEEDS ALGIERS MAIL

"A combination of missing persons bureau, beagle, and friend from home" is the way these hard-working R.C.A.F. and Canadian Army postal clerks have been described. With Flying Officer Al an Davies of Prince Rupert in charge, they work side by side in a section of the British Army base post office in Algiers and handle mountains of mail for Canadians in North Africa, Gibraltar, Italy, the Middle East, Iran and India. Their task is complicated by the frequent moves of men in the forces, but these men work all day and many nights till midnight, with grim determination to get every letter and parcel delivered in the shortest possib e time. To that end, they particularly welcomed the inauguration shortly before Christmas of the R.C.A.F.'s new overseas air mail service. The picture shows a corner of the busy sorting room (R.C.A.F. Photos) at Algiers.

Of San Juan Is Razed By Shock

ANDEAN COMMUNITY IS CUT AT ITS ROOTS AS IF BY SCYTHE — NATION IS MOBILIZ-ING AID.

BUENOS AIRES, Jan. 17 (CP) — Survivors of an earthquake which wiped out the Andean city of San Juan during the week-end, killing and injuring thousands of people, said today that the tremor struck one mighty blow, "cutting the city at its roots as if by a scythe." Troops and other rescue

workers dug bodies from the ruins today as the nation mobilized aid for the survivors of Argentina's worst earthquake in 83 years.

By official count five hundred have been recovered so far but estimates of the total number of dead mounted to between 1400 and 1600. Ninety per cent of the city has been destroyed and fires are raging out of control because water and all services have been put out of commission.

San Juan is a provincial capital city and is nearly four hundred years old.

The Argentine cabinet had an emergency session this morning to consider emergency relief measures and President Pedro Ramirez has left for the scene.

The area about San Juan is also hard hit.

HOME OF SAM

M. Pierce and his sixteen yearold granddaughter, Janet, lost their home yesterday shortly GREAT FRENCH before noon when a fire broke out and gutted their two-room TRAIN WRECK residence on Eleventh Avenue. causing them both to be sent Originating through faulty action of the kitchen stove, which one of the occupants had lighted and then gone back to bed, the fire spread with such speed that Janet, who was awakened by its crackling the kitchen, had difficulty in arousing her grandfather in time for them both to get to

Why Most Young Mothers Use this External Way Children's Colds To Relieve Miseries of Children's Colds

STARTS TO WORK RIGHT AWAY.. KEEPS ON WORKING FOR HOURS

Promptly Helps Relieve Coughing Spasms, Muscular Soreness or Tightness, Congestion and Irritation in Bronchial Tubes

It's really dangerous to neglect a child's cold! Most modern mothers know this.

That's why they turn to the time-tested home remedy for relieving miseries of children's colds -Vicks VapoRub. Experience has taught them what to expect when they rub VapoRub on throat, chest and back at bedtime.

Almost at once-in 3 minutes or less-the penetrating-stimulating action of VapoRil (explained above) starts bringing relief.

For hours this grand double-action keeps a

working: Invites restful, refreshing, strengthes ing sleep. And often by morning most of the misery of the cold is gone. Now when anyone in your family-child a grown-up-catches a

To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and, failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incur-ABILITY. Thus faith and belief hinders, and denies, the natural self-curABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his

As Mahomet would resolve: If Chiropractic eventually, why not . . . NOW!

DOUBLE NAVAL WEDDING HELD

Unique Event on Saturday Evening-Rites in Chapel and Reception in New Petty Officers

A double naval wedding took place in Prince Rupert Saturday evening and the occasion was further unique in that the reception which followed the nuptials took place at the new chief petty officers mess which was being officially opened the same evening at H.M.C.S. Chatham. Rev. A. M. McKitrick, naval pader officiated at both weddings. The ceremonies took place in the naval chapel.

The bride in one wedding was Miss Betty Giraud, youngest daughter of Mr. and Mrs. A. B. Giraud of Smithers, who was united in marriage to Petty Oificer Edward Lewis. The bride wore a floor length white satin gown with white veil and orange blossoms, carrying a pink and white carnations. Miss Betty Bracewell, the bridesmaid, wore a yellow net dress and carried a bouquet of white and pink carnations. Chief Petty Officer A. Gardiner R. C. N. was groomsman. Those in attendance included Mr. and Mrs. A.B. Giraud of Smitners, Mr and Mrs. Robert Gordon and Miss

OF NICKEL ORE...BUT

NO MARKETS

In 1919 the future looked black for the Canadian

Nickel industry. Because of the demand for tough

Nickel Steel for battleships and ordnance, its markets

had expanded during the first world war. Now these

war markets were gone. A few months later Canada's

Nickel plants had to close down, the mines ceased

Steps were taken to transform this war industry into

a great thriving peacetime industry. Scientists were

set to work developing new Nickel alloys. Engineers

were sent out to seek new uses for Canadian Nickel

in the automotive, chemical, electrical, radio and

numerous other industries. Step by step new world

markets were built up. Within ten years the produc-

tion of Nickel in Canada had far surpassed the

Today Canada's Nickel has again been diverted to

war purposes. But now this industry looks forward

with confidence to the return of peace. Plans are

ready to develop and expand old and new peacetime

markets so that the Nickel industry may continue,

through its own enterprise, to make substantial con-

previous peak of wartime production.

to operate.
