

Best Raid on Reich

LONDON — Germany is under its greatest daylight air attack today. During the night an estimated one-thousand heavy bombers hit Berlin for the third time in 24 hours as well as the Reich cities of Döberitz, Magdeburg, and Schwerin. Preliminary dispatches say that the German government has suffered great destruction in the German capital. The wreckage left by yesterday's daylight night assault.

Germans' Biggest Attack

LONDON — Halifax and Lancaster bombers of the Royal Canadian Air Force bomber group flew over the city last night in the attack. More than 200 bombers from all squadrons of the group participated in what was described as the heaviest attack on the German capital since its inception.

Moves to Pacific

LONDON — The First Lord of the Admiralty, Rt. Hon. Alexander, has disclosed that the Royal Navy already has a formidable fleet in the Indian ocean and that plans are being forward rapidly to send still more British warships to the Pacific. Alexander told a meeting of seamen that the Home Fleet is constantly on guard against any activity that might remain of the German fleet. He added that the German sea power still must be considered seriously.

Vignola Under Fire

ROME — In Italy, troops of the British-American Fifth Army have moved to within 12 miles of Bologna which is under attack. Latest reports from the Canadian sector says that the weather has prevented ground operations and that the Canadians are limited to patrol activity. Indian troops of the Eighth Army have taken Vignola on high ground to the west of Rimini.

Advance in Greece

ATHENS, Italy — On the newly-established Allied front in Greece, British liberation forces and patriot groups have won more than half of the Peloponnese Peninsula. The Allied forces are driving towards the Isthmus of Corinth, gateway to the capital at Athens.

Pushing Into Hungary

LONDON — Russian troops thrusting into Hungary have pushed more than 100 communities inside that last big puppet nation. Other Russian forces have virtually laid siege to the Yugoslav capital of Belgrade. There is reason to believe that the Russians and partisan units are almost everywhere in the Lowland suburbs across the Danube river—if not actually in them. The Algers radio says the Germans are evacuating troops from Belgrade with the use of big transport planes.

Sinking Jap Fleet

MELBOURNE — In the war with Japan, Southwest Pacific forces have whittled four more ships from the Japanese fleet in East Indies raids. October's Shipping toll thus has been enlarged to 23 ocean-going Japanese vessels sunk or damaged by Allied aircraft.

Japan Claims Foochow

MELBOURNE — The Tokyo radio has been heard claiming capture of the port city of Foochow, capital of China's Anhwei Province. If true, the Japanese have secured the last major East China coast port in Chinese hands.

Deaths Take Toll

OTTAWA — Canadian fighter pilots have piled up a total of at least 34 enemy aircraft destroyed during the past week. Twenty-nine of the enemy aircraft were destroyed on October 6 when the air battle of the Nijmegen bridge was resumed. At least three other German planes went down during Canadian attacks on road, rail and canal traffic over a large area of enemy territory.

Refugees Leave Germany

A MOBILE R.C.A.F. AIRFIELD IN BELGIUM — Canadian troops operating from a base in a Belgium report that they have seen streams of refugees moving from Germany. The Canadians have expressed ignorance of the goal of the refugees, but say that they are trudging down the road towards Holland.

Restigouche Lucky Ship

HALIFAX — Crew members of the Canadian destroyer Restigouche have returned to Canada, and one and all they say their ship is the luckiest vessel in the Canadian navy. The tales they tell the Restigouche has had several narrow escapes. The vessel has been on the high seas performing duties including both the evacuation from and the invasion of France.

SCHOOL BOY'S HEAD BROKEN

Today at Borden Street, Delton Guss, a Grade IV boy, was playing in the schoolyard before the 1:15 bell rang and broke his head.

Dr. J. J. Gibson resuscitated the boy immediately and the boy was taken to the hospital by Principal S. A. Guss.

The boy was taken to the hospital where it was reported this morning that he was doing nicely.

C.C.F. To Open New Hall Here

A committee of the local C.C.F. clubs consisting of Nick Bird, Mrs. J. S. Holt and E. A. Evans is proceeding with arrangements for the formal opening at an early date of the party headquarters in the recently acquired Metropole Hall.

The C. C. F. will have two prominent visitors here about the middle of the month in the persons of William Irvine of Alberta, candidate for Cariboo in the forthcoming federal election, and Vincent Segur, M.L.A. for Revelstoke.

35,000 FANS SERIES GAME

ST. LOUIS, Oct. 7 (CP)—A crowd of close to 35,000 fans saw the St. Louis Browns take a two to one game lead in the World Series yesterday by scoring four runs in the third and adding two more in the seventh inning to defeat the St. Louis Cardinals 6 to 2.

Jack Kramer held the Cardinals to seven hits and struck out ten in his World Series debut.

Ted Wilks, rookie right-hander, was charged with the defeat.

Of the eight hits made by the Browns five were singles in the third inning.

ONTARIO REHABILITATION
HAMILTON, Ont. — Premier George Drew of Ontario has announced extensive plans for education and rehabilitation of the armed forces. Part of the scheme is a forest development project to be known as the "Nipigon Forest Settlement Plan." It is proposed to set up a model forest village on the south shore of Lake Nipigon. Those settling in the community will work a forest lot under the best forestry practice, so that the forest stand in the designated area will be maintained in perpetuity. A model hunting and fishing lodge with cabins will be part of the development plan.

CANADIAN MARCHING SONG
TORONTO — The song "A Patch of Red" has been adopted officially by Major-General Chris Vokes as the marching song of the Canadian First Division. The lyrics and music are by Signalman Brian Manley of Toronto, who wrote them while on front line duty in Sicily and Italy. It was sung at first by Manley's group of signallers, but later was adopted throughout the division. The original manuscript is to be included in the division's official war diary.

TO RE-AWAKEN INTEREST IN CIVIC AFFAIRS

Non-Partizan Association Goes Into Action—To Get Voters

An energetic campaign to re-awaken interest in civic affairs in Prince Rupert with a view to putting into office the best possible civic administration was decided upon at a general meeting of the Prince Rupert Non-Partizan Association in the Eagles' Hall last night with President W. M. Watts in the chair. The association, which intends to run candidates for every vacancy in civic offices at the next election, formed two new committees — one to secure new members and see that they are registered as voters and another to carry out a publicity drive in

the interests of good civic government and ways and means of obtaining it.

"Every citizen should take a real interest in civic affairs and his first step should be to see that he is on the voters' list. He should do this before the end of the month." So said a speaker at the meeting.

Various reports were read by the Secretary, A. J. Dominato, who was also able to report an increase in membership, indicating that more general interest was being shown by many citizens in the affairs of the city. It was felt that it was not enough to leave matters to a city council and then blame them for not doing things. This was the responsibility of every citizen. Representatives on the

Thirty-one Fundamentalists are Convicted—To Appeal

SALT LAKE CITY, Oct. 7 (CP)—Thirty-one Fundamentalist members—20 men and 11 women—convicted of conspiring to preach and practice polygamy, had October 13 set as the date for sentencing with a maximum penalty of one year's imprisonment or fine of \$1000. The defence said an appeal would be made to the state supreme court.

INDUSTRIES AFTER WAR

Local Rehabilitation Council to Consider Possibilities

The possibility of establishment of postwar industries in and around Prince Rupert will be one of the matters to be considered by the new joint post-war rehabilitation council which is being organized here. Possible industries, both large and small will be discussed.

There is no indication of what disposition will be made after the war of the base which has been established at Port Edward but it is suggested that this might be an admirable site for a heavy industry.

With a large supply of clay at Ambury up the Skeena River, Theo Collart is of the opinion that a brick plant might be established here.

Other suggestions are that the city council might emulate other cities in making concessions to possible industries and that local people might well invest some of their own money.

There has been no United States confirmation of an enemy broadcast that 12 bombers raided Kita Island in the Kuriles 310 miles northeast of the Japanese homeland.

Shipyard Workers—

Views at Variance

B.C. Workers' Federation Not in Accord With C.C.L.

VICTORIA, Oct. 7 (CP)—Malcolm McLeod, president of the British Columbia Shipyard General Workers' Federation, told the annual convention today that the only road for organized labor to travel is an independent political policy.

The President's report was at variance with the policy adopted by the Canadian Congress of Labor at the annual convention when delegates urged union affiliates to support the Co-operative Commonwealth Federation.

G. S. Culhane, federation executive, said the latter policy had led to dissension in union locals.

McLeod announced unionization of clerical workers in shipyards would be renewed as soon as possible.

ROYAL CANADIAN AIR FORCE . . .

With the Royal Canadian Air Force discontinuing recruiting due, of course, to the fact that it is considered there are already sufficient trained men or in training on hand to meet the further requirements of the war as far as Canada is concerned, it is interesting to review the great accomplishments of the Commonwealth Air Training plan in Canada since the emergency of impending and later actual war brought it into being. It represents one of the major phases of Canada's war effort, the great extent of which even few Canadians at all realize. Incidentally, it might be noted that the Minister for Air, Mr. Power, has said that "so long as trained airmen are required to accomplish the defeat of our enemies so long will the plan continue to operate."

Up to August 25 of this year the Commonwealth Air Training Plan had graduated 114,253 air crew members, graduates including 60,503 Royal Canadian Air Force, 39,657 Royal Air Force, 8,067 Royal Australian Air Force and 6,026 Royal New Zealand Air Force.

Both Australia and New Zealand have discontinued sending men to Canada but there is still a considerable number of men from these two Dominions still in training here. The Royal Air Force has decreased the number sent to the restricted classifications.

The total cost of the Commonwealth Air Training Plan was \$2,304,000,000 of which Canada paid \$1,631,000,000 in cash, of this amount \$442,500,000 being recoverable from Great Britain. Negotiations are now under way designed to provide the United Kingdom government means of liquidating this account. Australia and New Zealand made total cash contributions of \$207,000,000.

THAN BEFORE

With the war at the peak of intensity, Canada this year must raise an additional \$320,000,000 by borrowing. Only \$70,000,000 of this extra need is due to cancellation of compulsory savings. This means that the approximately 3,000,000 buyers of Victory Bonds, who receive the bulk of the national income, must buy MORE bonds than before. Consider the need. Consider the fact that Victory Bonds are the best way for YOU to help win the war and at the same time build a backlog for peacetime. Then decide that, this time, you'll BUY ONE MORE THAN BEFORE!

LETTERBOX

FIRE PREVENTION WEEK

Editor, Daily News:

Monday, October 9, opens a week devoted to fire prevention—an effort by all those organizations in the North American continent responsible for public safety to educate our people to an awareness of the fire damage which yearly takes a terrible toll in lives and property.

Last year British Columbia alone suffered 29 deaths by fire—24 adults and five children. Property loss from the 4073 fires was just over four million dollars. That is an all time high in per capita loss.

To date, this department this year has received 81 calls. A few were false alarms. But none of them could be attributed to "an act of God." All were due to human carelessness.

Always there seems to be someone willing to take a chance with cleaning clothes with gasoline or some equally flammable solvent—to rekindle a fire with kerosene—to disregard the warning given by blowing fuses in an overloaded electrical circuit.

And all the while, fire losses attributable to smokers' carelessness are on the increase. Our experience is that any form of fire in the hands of intoxicated people presents an extremely high fire hazard to any community. Yet many people of quite excellent standing have been very embarrassed by a fire

caused by the careless use of a cigarette for which their neglect of very simple laws of safety were responsible.

True, the individual gets away with these things perhaps time after time. But someday the law of averages catches up with him, often painfully so. And year after year fire statistics prove just that.

On Monday evening, 8:30 p.m., the organized fire departments of this area will stage a torch light parade along the full length of Third ave. through the American camp and returning to the City Fire Hall.

We ask the people of our city as they watch the red glare of its progress through our streets to accept this parade as our visible protest to the fires which have been and will inevitably follow the actions of careless, indifferent and gambling citizens.

H. T. LOCK,
Chief of Fire Department.

Card of Thanks

We wish to thank all our friends for their kindnesses and expressions of sympathy extended to us during our recent sad bereavement in the loss of a loving husband and father.

—MRS. E. LESIEUR AND FAMILY.

In Memoriam

In loving memory of Mrs. Lily Preece who passed away October 7, 1942.

Gone from our home,
Oh, how we miss her,
Loving her deeply,
Her memory will keep,
Nor till life ends
Shall we forget her,
Sacred to us is the place
Where she sleeps.

—Always loved and missed by her loving sister Edith, and husband.

CHOICE TIMBERLANDS FOR SALE

THE Secretary of State of Canada, acting in his capacity as Custodian under or by virtue of the Revised Regulations Respecting Trading with the Enemy (1943), has appointed the undersigned controller to carry out his order requiring the winding-up of the business of

N. S. McNEIL TRADING COMPANY LIMITED

which has been operated continuously under the control of Messrs. P. S. Ross & Sons on behalf of the Custodian since December, 1941, and it is the desire of the Custodian that the undermentioned assets be sold on a going concern basis.

The company is the registered owner of 35 sections of old Crown Grant land, containing approximately 22,000 acres and situated in Rupert District, Vancouver Island, and adjacent to Port McNeill on the East Coast.

According to a cruise made in 1943 by Eustace Smith, Timber Estimator and Forest Engineer, the Company's holdings are said to contain between 375 and 400 million feet of timber. Of this approximately 50% is listed as Cedar and the balance principally Hemlock and Balsam with a small quantity of Spruce, of good quality and on accessible logging ground. The Company's title is such that there is a Royalty payable to the Province of British Columbia of fifty cents per thousand feet, British Columbia Log Scale, on all logs when cut and removed from the timber tract and such logs are exportable subject only to war restrictions.

The Company also owns a log dump, freight wharf, two foreshore leases from the Crown and a Diesel-engined boat used for booming purposes. Assignment of the foreshore leases is subject to the consent of the Crown.

The Company has existing contracts including contracts relating to logging, rights of way, water supply and freight wharf. The Company has entered into contracts with the C. & A. Logging Company Limited covering logging operations for the years 1944 and 1945.

In addition to the above, the Title to the land includes the right to any coal there may be under the surface of a substantial part thereof.

THE CONTROLLER HAS PREPARED A BROCHURE CONTAINING INFORMATION RELATIVE TO THE ASSETS OFFERED FOR SALE AND THE VARIOUS AGREEMENTS AND CONTRACTS PERTAINING THERETO AND THIS WILL BE FURNISHED TO INTERESTED PERSONS MAKING APPLICATION AND SUPPLYING BANK REFERENCES.

The Controller offers the said assets for sale and tenders will be received by the Controller at his office up to noon (Pacific Daylight Saving Time) the 11th day of December, 1944, upon the following terms and conditions:

- (a) Tenders shall be made for cash and for the assets as a whole and must be made subject, EXPRESSLY, to the terms and conditions herein set out.
- (b) A certified cheque to the order of the Controller for the sum of \$25,000.00 must accompany each tender; the balance of the tender price to be paid to the Controller on his acceptance of the tender; subject to the condition that should the tenderer not fulfill the terms of his offer and the conditions herein set out the contract may be cancelled by the Controller and the amount deposited by the tenderer forfeited to the Controller as liquidated damages. Cheques in respect of unaccepted bids will be returned in due course.
- (c) The assets are offered for sale without any representation or warranty whatsoever on the part of the Controller as to surveys, boundaries or area of the lands, or as to quantity, quality, condition or state of repair of such assets, and while the general idea thereof may be obtained from this advertisement, the brochure and the inventories in the office of the Controller, the sale shall be made subject to shortages and overages, the shortages to be at the charge of and the overages for the benefit of the successful tenderer.
- (d) The assets are offered for sale subject to all existing leases and contracts to which the Company is a party and to all rights of way, easements and encumbrances. The Purchaser shall enter into a covenant with the Controller and the N. S. McNeil Trading Company Limited duly to observe and perform all the covenants and agreements on the part of the Controller or the said Company contained in the said leases and contracts and to indemnify the Controller and the said Company in respect of any breach thereof.
- (e) Neither the highest nor any tender will necessarily be accepted.
- (f) The Purchaser shall pay all transfer dues and transfer taxes, if any, payable to the Crown.
- (g) The Controller will account to the Purchaser for all logs removed from the property after the 31st October, 1944, at the rate of \$3.00 per thousand feet British Columbia Log Scale and all other adjustments shall be determined as at the date of transfer and delivery of the assets when possession will be given and responsibility of ownership will pass.
- (h) The envelopes enclosing offers must be marked "Tender McNeil Trading Co. Ltd." and addressed as follows:
Frederick Field, C.A.,
Controller of N. S. McNeil Trading Co. Ltd.,
675 West Hastings Street,
Vancouver, B.C., Canada.

No commission will be paid by the Controller.

THE CONTROLLER BELIEVES THE STATEMENTS MADE IN THIS ADVERTISEMENT TO BE CORRECT, BUT ASSUMES NO RESPONSIBILITY THEREFOR, AND INTENDING PURCHASERS SHOULD MAKE SUCH INVESTIGATIONS AS THEY DEEM NECESSARY.

Inspection of the properties may be arranged on application to the office of the Controller, c/o P. S. Ross & Sons, 675 West Hastings Street, Vancouver, B.C. Arrangements may also be made to inspect detailed cruise reports and copies of the various agreements and contracts in force affecting the property.

Frederick Field, C.A.,
Controller of
N. S. McNeil Trading Company Ltd.

TARZAN FILM
COMING HEREJungle Hero Outsmarts Desert
Renegades in Latest Picture

A clash between sinister, enemy agents and Tarzan, provides the theme of "Tarzan's Desert Mystery" at the Capitol on Monday and Tuesday.

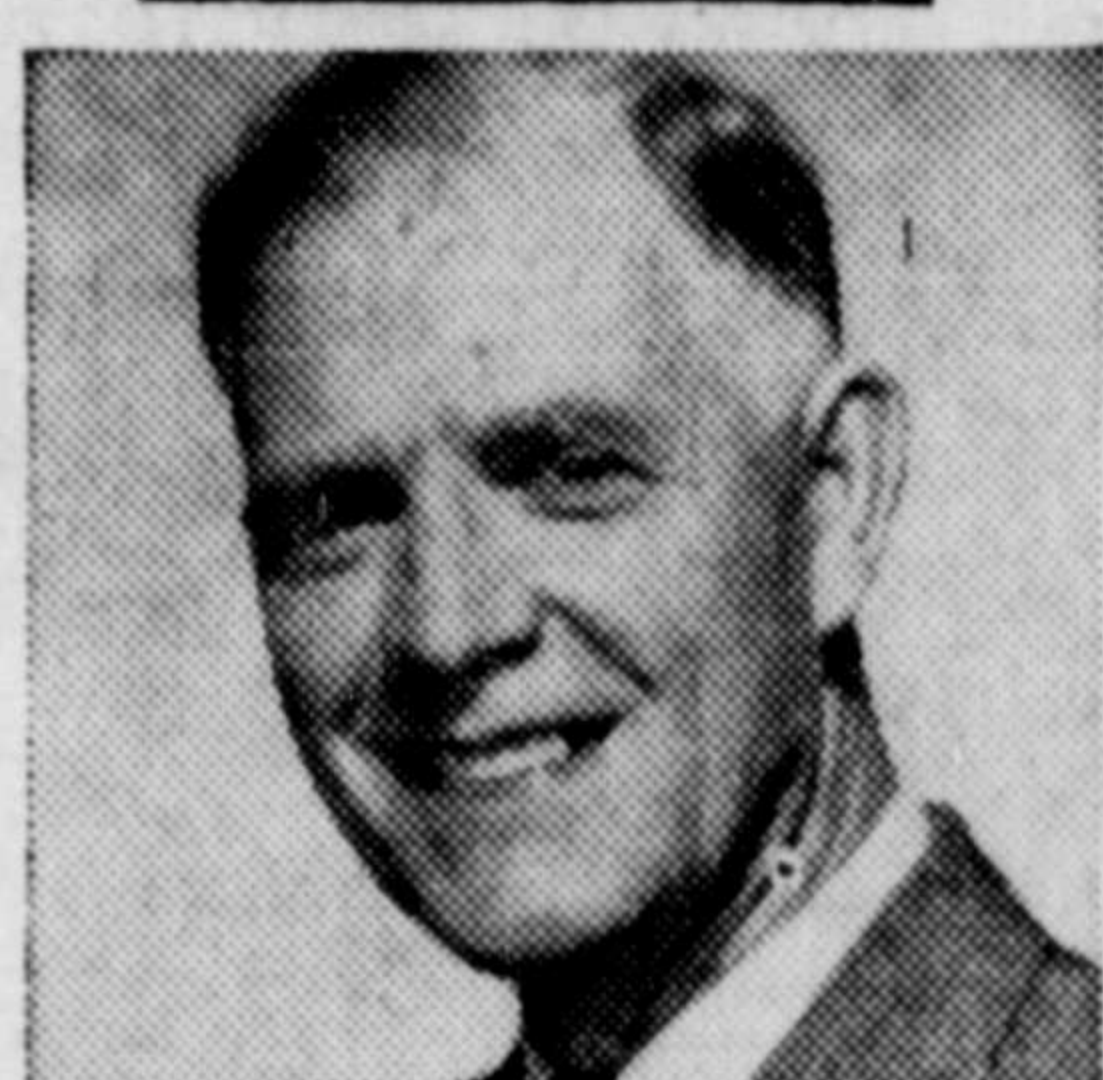

Johnny Weissmuller and young Johnny Sheffield with Cheta, the chimpanzee and a new animal actor, a beautiful Arab stallion, plunge into this perilous web of intrigue, deceit and murder when they come out of the jungle to a city on the fringe of the desert. Their simple mission of obtaining some medicinal herbs has to be postponed in favor of effort in a new and desperate cause.

Until mighty Tarzan and his helpers join her, this cause has been carried alone by a lovely American girl played by Nancy Kelly. Posing as a dancer and a showgirl stranded in the remote Arab town, she strives to convey a message of warning to the sheik, but enemy agents intercept her. They succeed in having her charged with the murder of the sheik's son.

She is condemned to death, but Tarzan saves her. There follows a thrilling sequence in which Tarzan and the girl dodge the combined forces of the sheik and the enemy agents; when each in turn is captured, and breath-taking escapes are staged. The climax is a battle between the sheik's forces and border renegades under Nazi influence.
