PRICE FIVE CENTS

C.N.R. TELLS OF GREATEST TASK YET IN FIFTH YEAR OF WAR

Service Standards Maintained in Face of New Records in Tonnage and Passenger Traffic

(By R. C. VAUGHAN, Chairman and President)

In the fifth full year of war, which brought with it the invasion and liberation of much of Nazi-occupied Europe, which saw the Soviet advance continuing triumphantly and saw, in the Pacific, new and severe blows against Japan, the Allied Nations made great strides toward victory. On the home front in Canada, the people continued to meet the demands of their war effort with that vigor and resourcefulness which have won them an honored place among the nations. Their magnificent support of the Seventh Victory Loan in November was but one example of their energy and seriousness.

Bulletins

POPE'S MESSAGE

ROME—Pope Pius, in his annual Christmas Eve message, called the world to again dedicate itself to peace based on respect of the sovereignty of each nation. Aggression should be stopped wherever it had occurred. Democracy, asserted the Pontiff, was still the best form of government. While the war must be heavily punished, they must also be accepted back into the family of nations.

GLENN MILLER MISSING

LONDON—Major Glenn Miller, celebrated American orchestra leader, on an entertainment tour for the overseas forces, is missing on a flight from London to Paris.

LIQUOR RATION CUT

HALIFAX—The liquor ration in Nova Scotia has been cut from one quart per fortnight to one every four weeks. The cut goes into effect when liquor stores reopen after New Year's. Maritimers will still get the same alternative beer and wine rations each month.

ST. JOHN SCHOOL BURNS

ST. JOHN, New Brunswick—A Christmas day fire caused one hundred thousand dollars worth of damage in Saint John when the King Edward School burned. Officials say it would cost two hundred thousand dollars to replace the three-story building. Accommodations for the 400 pupils of the school will be difficult in crowded Saint John.

THREE DIE IN CRASH

VANCOUVER—Three R.C.A.F. fliers are dead and one is in hospital in Vancouver recovering after a plane crash at Boundary Bay, near Vancouver yesterday. Two of the air-men were killed instantly and the third died in hospital six hours after the accident. The plane crashed on a take-off on a training flight.

"JAFSIE" CONDON ILL

NEW YORK—One of the most colorful figures in the Lindbergh kidnapping case is ill at his home in New York. He is Dr. John F. Condon, the "Jafsie" of the famous case. Condon has been confined to his home for 30 days with pneumonia.

AL JOLSON "PRETTY SICK"

BEVERLY HILLS, Calif.—Al Jolson is under a physician's care in Beverly Hills, California, after a recurrence of malaria. The attack is described as serious. Jolson contracted the fever last year during an overseas tour. His nurse describes the actor as "pretty sick."

RANGERS ESCAPE CELLAR

NEW YORK—New York Rangers escaped falling into the National Hockey League cellar Monday night by coming from behind to earn a three-all tie with Chicago Black Hawks in New York. The win enables the Rangers to maintain their two point margin over the Chicago outfit.

PR. GEORGE MERCY FLIGHT

PRINCE GEORGE—A plane left Prince George Sunday on a Mercy flight to Takla Landing in Northern British Columbia. The aircraft, a Canadian Air Lines plane, took off following receipt of word that Jack Roberts, the caretaker for Bralorne Mines at Takla Landing, was dying of acute appendicitis.

HARDENS COPPER

Addition of two percent beryllium to copper hardens the metal and increases its tensile strength.

Germany Is Staking Its Best

PROVINCIAL GOVERNMENT

PROVINCIAL GOVERNMENT

WAR NEWS

Tokyo Is Raided Again

SAIPAN—The target is Tokyo again. Another B-29 assault has been carried out over the Japanese capital. Radio Tokyo admits the raid, but as usual claims only slight damage was done. No details are yet available on the raid from Allied headquarters. The record shows that in one month, the super-forts have dropped more than three million pounds of bombs on the main island of the Japanese chain—Honshu. On this island is situated Tokyo, and there, too, the B-29's have completely knocked out Japan's twin-engine bomber plant.

Nazis Raid Paris

LONDON—The French capital was raided by airplanes, presumably German, last night. The raid, carried out by only a small force, was the first air raid for Paris since Allied planes scattered a few bombs on the French capital in error just after its liberation in August.

Nazis Approach Meuse River

LONDON—It was officially disclosed that the German offensive on the western front had advanced fifty miles to a point four miles from the Meuse River. This represented another eleven-mile gain by the enemy since the last official report, giving the Germans a solid front on a width of thirty-five miles. Further German gains must be expected, it was stated today as battle raged near the Meuse River. Leige and Namur appear to be the objectives of the enemy. There was no immediate danger of a breakthrough across the Meuse River, it was stated.

Churchill in Athens

ATHENS—Prime Minister Winston Churchill and Foreign Secretary Anthony Eden are in Athens for a conference with representatives of the Greek government and the leftist insurgent forces. There has been spasmodic fighting in Athens and Piraeus but the docks of Piraeus are in British control and communication with Athens is restored. A ton of German dynamite was found near the hotel in Athens which is being used as British headquarters.

Reds Enter Budapest

MOSCOW—The Russians have completed the encirclement of Budapest, Hungarian capital, after a five-day siege and the Soviet forces are now swarming into the city where thousands of the enemy are facing annihilation or capture. The Russians are now two miles within the city.

Canadians Take Town

ROME—After savage fighting on Christmas Day, Canadian forces of the Eighth Army captured the town of Rosetta, ten miles northwest of Ravenna, and have advanced further. Fighting on the Fifth Army end of the front has been held by snow and sub-zero weather.

Allied Bombers Busy

LONDON—For the fourth straight day United States bombers and fighters were out over supply lines and centres back of the western front. One hundred and fifty bombers and fighters attacked the Coblentz area yesterday after exceedingly heavy attacks over Christmas week-end.

Cleaning Up On Leyte

PEARL HARBOR—United States forces are now cleaning out the few enemy stragglers left on Leyte Island in the Philippines where there have been 113,000 casualties since the campaign began to constitute the greatest defeat in the annals of Japanese military history. Emperor Hirohito told the Japanese Diet yesterday that the situation was becoming more serious for Japan.

Robots For Manchester

LONDON—Nazi robot bombs have been directed for the first time against northern England, Berlin claiming that Manchester was a target. There has been some damage but no casualties.

U.S. Subs Sink More Japs

WASHINGTON—The Navy Department announces that American submarines have sunk a large Japanese aircraft carrier and six other Japanese warships. This makes the toll of Japanese craft sunk since the war 1090 including 99 warships definitely sunk.

DECORATIONS ARE AWARDED

Thirty-eight Canadian Officers and Soldiers are Rewarded

OTTAWA, Dec. 27.—Thirty-eight Canadian officers and soldiers have been decorated for service with the army overseas. Several men got the Distinguished Service Order, among them Major C. R. H. Porteous of Montreal; Major J. A. Dextraze, Montreal; Acting Lieutenant Colonel D. F. Forbes, Sydney, Nova Scotia; Lieutenant Colonel Roger Rowley, Ottawa; Major J. G. Stothart of Ottawa and Major J. M. Pigott of Hamilton.

The Distinguished Conduct Medal went to Corporal Robert Richards, of Ia Taque, Quebec, while seven lieutenants and one captain got the Military Cross.

Eleven non-commissioned officers and men got the military medal.

SERVICEMEN'S PRIORITY HAS BEEN LIMITED

OTTAWA, Dec. 27.—The Defence Department has announced that service personnel going on ordinary leave will have to run the same chance of getting transportation as civilian travellers during the holiday season. Previously, Canadian railway officials had appealed to civilians to give servicemen and women priorities in the railway accommodation. The Defence Department announcement says that only service personnel proceeding on duty or on embarkation or disembarkation leave will get priority.

Nazi Prisoners Still At Large

PHOENIX, Arizona, Dec. 27.—Nineteen of twenty-five Nazi prisoners who escaped from camp Sunday night were still at large today. None have been apprehended since six were caught soon after the break was discovered.

AIR TRAFFIC ON INCREASE

Loads of T.C.A. Across Atlantic Get Bigger and Bigger

MONTREAL, Dec. 27.—Christmas for the men and women on active service overseas and for prisoners of war added to the mail loads carried by the big converted Lancasters operated across the Atlantic by Trans-Canada Air Lines. It is estimated that since the beginning of December nearly 65,000 pounds of mail have been transported. Averaging 50 letters to the pound, this means three and a quarter million letters. The heaviest load, early in the month, weighed 8,636 pounds and a number of trips carried more than 8,000 pounds. In addition, priority freight is carried.

The crossing from Montreal to Scotland is accomplished in 12 hours, sometimes less. The record, which T.C.A. holds, is 10 hours and 15 minutes.

Westbound loads have been heavier in the past few weeks, running to as much as 6,500 pounds with freight and priority passengers on war business.

Darrow Casey Returns Home From Overseas

After spending three years overseas as a section leader in the fire fighter corps which Canada sent to the Old Country to aid in civilian defence organization in London, Darrow Casey, son of Mr. and Mrs. George B. Casey of this city, returned to his home in Trail on Christmas Day. Darrow, who was raised in Prince Rupert, is regularly with the Consolidated Mining & Smelting Co. at Trail as a fire chief.

Passing of Sen. Logan

Was Well Known as Champion of Maritime Rights

OTTAWA, Dec. 27.—A Liberal senator from Nova Scotia is dead. He is Senator H. J. Logan, who was a member of the Upper Chamber for 15 years and was known as a parliamentary champion of Maritime rights for nearly 50 years.

Senator Logan was born in Amherst, Nova Scotia, and practised law there for many years. He was admitted to the Nova Scotia bar in 1892 when only 23 and read law with the Honorable W. T. Pipes, one-time premier of Nova Scotia.

The Maritimer was first elected to the Dominion House of Commons in 1896 from the Nova Scotia riding of Cumberland. He was the first Liberal sent to Ottawa from that riding since Confederation, and he was returned in 1900 and 1904, but suffered defeat in 1908 when Cumberland returned a Conservative member, E. N. Rhodes, who later became finance minister. However, Mr. Logan was elected in 1921 with the largest majority ever given any federal candidate in the riding.

Mr. Logan presided in 1924 at a conference which resulted in a long-term trade agreement between Canada and the British West Indies.

Two - Three Nazi Armies Put In Counter-Offensive

Situation Fairly Quiet Today, Although Ominous and Uneasy, After Continued Enemy Advance Toward Meuse River

NAZIS SUFFER REVERSE

Wes Gallagher, Associated Press war correspondent, said today that Field Marshal von Rundstedt, had suffered the first serious setback in the big Nazi counter-offensive. No details were given although it was stated that the Americans had regained the initiative. Enemy spearheads have been forced back a mile and more.

PARIS, Dec. 27 (CP)—It is becoming more and more evident that German Field Marshal Von Rundstedt is determined to risk the very heart of the German Army in his newest thrust into Allied western front lines. Estimates of the strength of the German forces driving into Luxembourg and Belgium have been revised and now it is believed the German High Command has committed two or three armies in the counter-offensive.

Leftists Fired On Warship

ATHENS, Dec. 27 (CP)—A dispatch from the Greek capital says the Left Wing E.L.A.S. forces have broken the conference truce. A statement from British headquarters says Left Wing artillery yesterday fired on a British warship. The statement adds that as a result, offensive aerial operations against the E.L.A.S. forces will be resumed.

However the British said another forty-five minute truce would be arranged to-day for leftist delegates attending a second session. Later it was announced that the second conference had also failed to bring a settlement.

BUDAPEST IS NEAR GONE

Soviet Forces Are Now Storming Into Capital of Hungary

MOSCOW, Dec. 27.—The Nazi garrison at Budapest demolished their supplies and public utilities today as the Russians charged upon the city. All German escape routes have been cut off. Six Soviet spearheads were reported nearing the western half of Budapest.

Transportation Tie-Up in South

VANCOUVER, Dec. 27.—Vancouver, Victoria and New Westminster are threatened with a transportation tie-up January 6 unless the National War Labor Board by the end of this month delivers a decision on a wage increase appeal. Employees of the B.C. Electric Co. have voted by a large majority to go on strike.

SALARIES MAY BE ADJUSTED

OTTAWA, Dec. 27.—An effort has been made to correct what are termed gross inequalities in certain cases coming under the Wartime Salaries Order. The government has amended the order in five important particulars. The changes give the Revenue Minister authority, subject to certain conditions to permit adjustments in salaries paid officials supervising employees who have received a general wage increase, the latter often receiving more than the former.

BIG COFFEE PRODUCER

El Salvador has about 12,000 coffee plantations, or fincas, with a total of about 140,000,000 trees.

Incidentally, the American Army newspaper, Stars and Stripes, tells of German parachutists in American uniforms who are dropped behind Allied lines in France with orders to kill high ranking Allied officers. The paper says these Nazis carry small bottles of sulphuric acid to throw in the face of any person who stops them from American war prisoners who were later shot.

Americans, in Christmas Day counter-attack, slammed back German armor that had reached to Celles, only four miles from the Meuse River and fifty miles from Brussels, Allied Supreme headquarters disclosed today. Later developments since this check two days ago of the enemy thrust fifty miles into Belgium were not disclosed. A German communique today reported that the battle in southwestern Belgium and Luxembourg is increasing in violence.

Meanwhile First Canadian Army units in the Netherlands have continued to encounter enemy patrols along the Meuse River north of Tilburg. Hundreds of tons of supplies, mainly ammunition, were parachuted today to American troops cut off in the Bastogne area. Encircled infantry have repulsed Nazi tank attacks while waiting for relief columns last reported four-and-a-half miles away.

An Allied communique covering actions two days old said the Germans were pushing hard towards Antwerp supply route but he Allied positions were being maintained along the northern rim of the Nazi bulge. The Germans captured Manhay, ten miles southwest of Stavelot.

Kenneth Dixon, Associated Press war correspondent, reported in a front line dispatch an atmosphere of comparative quiet—uneasy and almost ominous—hung over the western front today. Each side probed tentatively and ineffectually at the other's defences. Dixon said the Allied position seemed to be the most cheerful since the Germans uncorked their offensive ten days ago.

JOHN BRACKEN IS OVERSEAS

LONDON, Dec. 27.—John Bracken, Progressive Conservative leader, arrived by plane today in the United Kingdom. He expects to visit northwestern European fighting zones.

Published every afternoon except Sunday by Prince Rupert Daily News Limited, Third Avenue, Prince Rupert, British Columbia.
G. A. HUNTER, Managing Editor.

MEMBER A.B.C.

The German Counterattack...

The great difference between the present situation on the Western Front and that which prevailed in the Battle of Normandy, whereas in Normandy the Germans had no tactical reserve, now they have one. It is reasonable to assume that it is this reserve which is now being employed for the counter-offensive.

The Eifel country is suitable for forming up troops, since it provides good cover from air reconnaissance. On the other hand, it is not good terrain for an advance on our part and the area has been relatively lightly held by us, as compared with the concentration of forces on the Saar and Roer Fronts.

This latter Front is vital because it covers Cologne and the industrial Ruhr, and it has lately caused the Germans heavy casualties. It may well be that Rundstedt came to the conclusion that he could not afford to hold on indefinitely to his defensive zone along the Roer at the present rate of losing men and equipment, and that therefore he staged a counter-offensive in order to relieve pressure. He may also have hoped to reduce our pressure on the Saar Front, an area where the Germans have lately been very sensitive. This reasoning, however, cannot lead commentators to minimise the seriousness of Rundstedt's attack.

The Burma Front...

During the few weeks the Japanese withdrawal under Allied pressure in Northern Burma has continued and we have made considerable gains of territory. Few appear to be familiar with the battlefield there so a brief survey of the front running from east to west is given. On the left flank of the "Northern Combat Area" (Lt-General Sultan's Command), the Chinese forces have captured Bhamo, and are halfway along the road from Bhamo running south east to Namhkam, and have reached points about fifty miles due south to Bhamo. On the right flank of the "Northern Combat Area" Command, the thirty-sixth British Division has occupied Idaw, Katha, and Nabalands, advancing south. We have secured possession of the railway from Myitkyna to Indaw, together with the branch line which runs from Naba to Katha on the Irrawaddy. Pushing eastwards from Chindwin, troops of the fourteenth army are now in contact with the thirty-sixth Division and have captured Pinlebu oilfields at Indaw (a town 50 miles northeast of Kalewa, and not to be confused with Indaw near Katha), and an advance has also been made on the west bank of the Chindwin, south of Kalewa. Advances have also been made in Arakan, where troops advancing down the east bank of Kalapanzin River are now four miles southeast of Buthidaung. It will be seen that our situation in northern Burma is thus greatly improved. West of the Irrawaddy the Japanese are falling back from Indaw along the Indaw Mandalay Railway, and are obviously menaced by the advance of the Fourteenth Army via Pinlebu, and they may be compelled to evacuate Wuntho, about fifty miles southeast of Indaw.

CANADIAN NATIONAL Continued from Page 1

the tremendous job while maintaining its standards of service is due to a number of factors. Over the years, the railway industry has not stood still. It has developed in efficiency and flexibility, continuously seeking to improve both its equipment and its methods. The Canadian National has been well to the front in these developments, and when the war came we were able to take advantage of them, to practice an economy in material and effort which enables us to make the fullest possible use of available equipment and supplies. At all times, we have had the loyal and efficient cooperation of our staffs and we owe a real debt of gratitude to the shipping and travelling public. The active collaboration of the shippers has made it possible to take on heavier loads in our cars and to avoid unduly long delays in loading and unloading. The assistance of the Transport Controller and his staff and the admirable response of the public to his appeals and ours has brought about a better distribution, insofar as the time factor is concerned, of passenger traffic.

It is estimated that 82,000,000 tons of revenue freight were handled in 1944 as compared with 80,427,000 tons in 1943, an increase of 2%. The number of passengers carried in 1944 was 36,000,000 as compared with 34,501,000, an increase of 4%.

Gross revenues for 1944 will be on a level with 1943, although with heavy increased expense due to wage increases and a rise in the cost of materials, the net revenue is not as great as it was in 1943. The system is still in a position to turn over a cash surplus to the federal treasury after the payment of interest due to the public and the government.

The cost of living bonus and increases in basic wage rates following National War Labor Board awards since the beginning of the war, including the award of last August granting still further increases, some of which were made retroactive, adds approximately \$40,000,000 to our payroll as compared with 1939. In addition, materials have cost us over \$20,000,000 more in 1944 as compared with 1939 prices.

Realizing that serious economic repercussions might result, no application has been made for increases in freight rates or passenger fares.

TIMBER SALE X36048

Sealed tenders will be received by the Minister of Lands at Victoria, B.C., not later than 11 a.m. on the 3rd day of January, 1945, for the purchase of Licence X36048, to cut 4,225,000 feet of Spruce, Cedar and Hemlock on an area situated at Bejlay Bay, Lyell Island, Queen Charlotte Islands Land District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X36076

Sealed tenders will be received by the Minister of Lands at Victoria, B.C., not later than 11 a.m. on the 3rd day of January, 1945, for the purchase of Licence X36076, to cut 2,695,000 feet of Spruce, Cedar and Hemlock on an area situated on the East side of Povung Bay, Lyell Island, Queen Charlotte Islands Land District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

STORK, REAPER IDLE DURING YULE HOLIDAY

For the second straight year the symbol of the manger went unfulfilled here at Christmas time as the Prince Rupert General Hospital reported that there had been no births on Christmas Day.

It may have been that the stork and the man with the scythe had compacted to remain idle over the holiday for there were no deaths reported either.

In spite of dangerously icy streets resulting from rain which later froze, there were no serious traffic accidents although wrecking trucks were busy since Sunday night rescuing vehicles which had slid into streetside ditches.

Pedestrian casualties were also negligible. Although many people fell down while walking on the icy streets and sidewalks, none were reported severely hurt.

The fire department reported no alarms on Christmas day and only two minor calls on Boxing day.

Crime also took a holiday according to complaints on the police blotter during the Christmas season. E. Pettenuzzo, 7th Ave. W., told police that he believed someone entered his house Sunday night and took a sum of money. Roistering was not excessive over the week-end, police said.

Civilian Aviation Talks Continuing

LONDON, Dec. 27—A Reuters dispatch says that the civil aviation talks between British Commonwealth representatives are going on in London as a continuation of the Chicago and Montreal conversations. The new British aviation minister, Viscount Swinton, is presiding.

Leading Italian Fascist Is Dead

LONDON, Dec. 27—The Berlin radio has announced the death of Roberto Farinacci, a man once prominent in the Italian Fascist government. Berlin says that Farinacci was killed in an "accident." Farinacci was a member of the Fascist grand council and editor of a Fascist newspaper.

TRADITION OBSERVED

Eighteen Year Old Stoker Captain for a Day at H.M.C.S. Chatham

Preserving the spirit of the naval tradition that the youngest member of a ship's crew should become captain for Christmas day, 18-year old Stoker John Virgin, swinging in Lt. Commander Astbury's uniform, made the rounds of H.M.C.S. Chatham Monday morning.

Although Stoker Virgin acted only as the executive officer, he had the usual skipper's entourage. Two of the three "officers" in his retinue came from Ontario, incidentally.

The Ontarians were, besides Stoker Virgin of Bowmanville, A. B. Russell of Hamilton, acting as first lieutenant, and Stoker Owens of St. Thomas, as divisional officer. A.B. Mercer of New Westminster was chief skipper and A.B. Montgomery of Toronto was the master-at-arms.

Clad in the uniform of a stoker, Lt. Comdr. Astbury served as Quartermaster. Lt. McKay was the regulating petty officer. WO. Beale was Chief Bo's'n's Mate, and Mate Pearson was dressed as a seaman.

The entourage's approach at various buildings was heralded by Bandsman W. E. Reid of Toronto.

This ancient custom was not followed here last Christmas but this year it gave Chatham a refreshing change from the routine of the base.

Caterers Praise English Cooking

LONDON, Dec. 27 (C)—English country hotels will drop their continental male chefs after the war and employ English women cooks to give their guests honest-to-goodness English food if a report prepared by British catering experts finds favor among hotel proprietors. "The highly-flavored continental sauces are right for continental meat and fish, which lack flavor and would otherwise be tasteless," says the report. "This island produces the finest cooking material in the world, and needs no sauces to camouflage its quality. Our roast and grill is the envy of European countries. We produce vegetables and fruit of better quality. The post-war aim of our country hotels should be to foster the individuality of good, old-fashioned English cooking before it becomes a lost art."

AUSSIES RETURN INDIANS' VISIT

CALCUTTA (C)—Twenty Australian army officers have been visiting India, a reciprocal party to the 49 Indian army officers who went to Australia and New Guinea some months ago. The officers, representing infantry, artillery, signals and medical units, are seeing factories engaged on war work and military establishments.

CHATHAM HAS XMAS PARTY

Children of Navy Entertained on Saturday Afternoon

A large number of servicemen's wives and children attended H.M.C.S. Chatham's Christmas party held specially for them in the Naval Drill Hall Saturday afternoon.

During the course of the pro-

MOTHER AND SON THEME

Cary Grant and Ethel Barrymore in "None But the Lonely Heart"

Bred of poverty, the enmity between a mother and son motivates the action in "None But the Lonely Heart," starring Cary Grant and featuring Ethel Barrymore, showing today and Thursday at the Capitol Theatre.

The misery and poverty which surround them in their dingy home in one of the meanest sections of London's East End, embitters them to such an extent that they can hardly bear the sight of each other, and life becomes one long quarrel.

A tragic revelation draws them closer together, but brings in its wake desperate need of money, which turns them both outside the law.

Cary Grant plays the role of the son and Miss Barrymore that of the mother. The settings are drab but picturesque and a long cast of colorful East End characters keep the thrilling drama moving at an exciting pace.

Prominent in the supporting cast are Barry Fitzgerald, June Duprez, Jane Wyatt, George Coulouris, Roman Bohnen and Konstantin Shayne.

gram the Royal Canadian Navy band, directed by Chief Petty Officer Noakes, played appropriate music, while another feature of the afternoon was the showing of movies.

At the conclusion of the party all the children were presented with gifts by Santa Claus and were served ice cream and cookies by the Wrens.

Chief Telegrapher Norman acted as master of ceremonies.

In the evening the band played a concert for servicemen and civilians alike, at which time Lloyd Morris was master of ceremonies.

No more privacy
than a goldfish

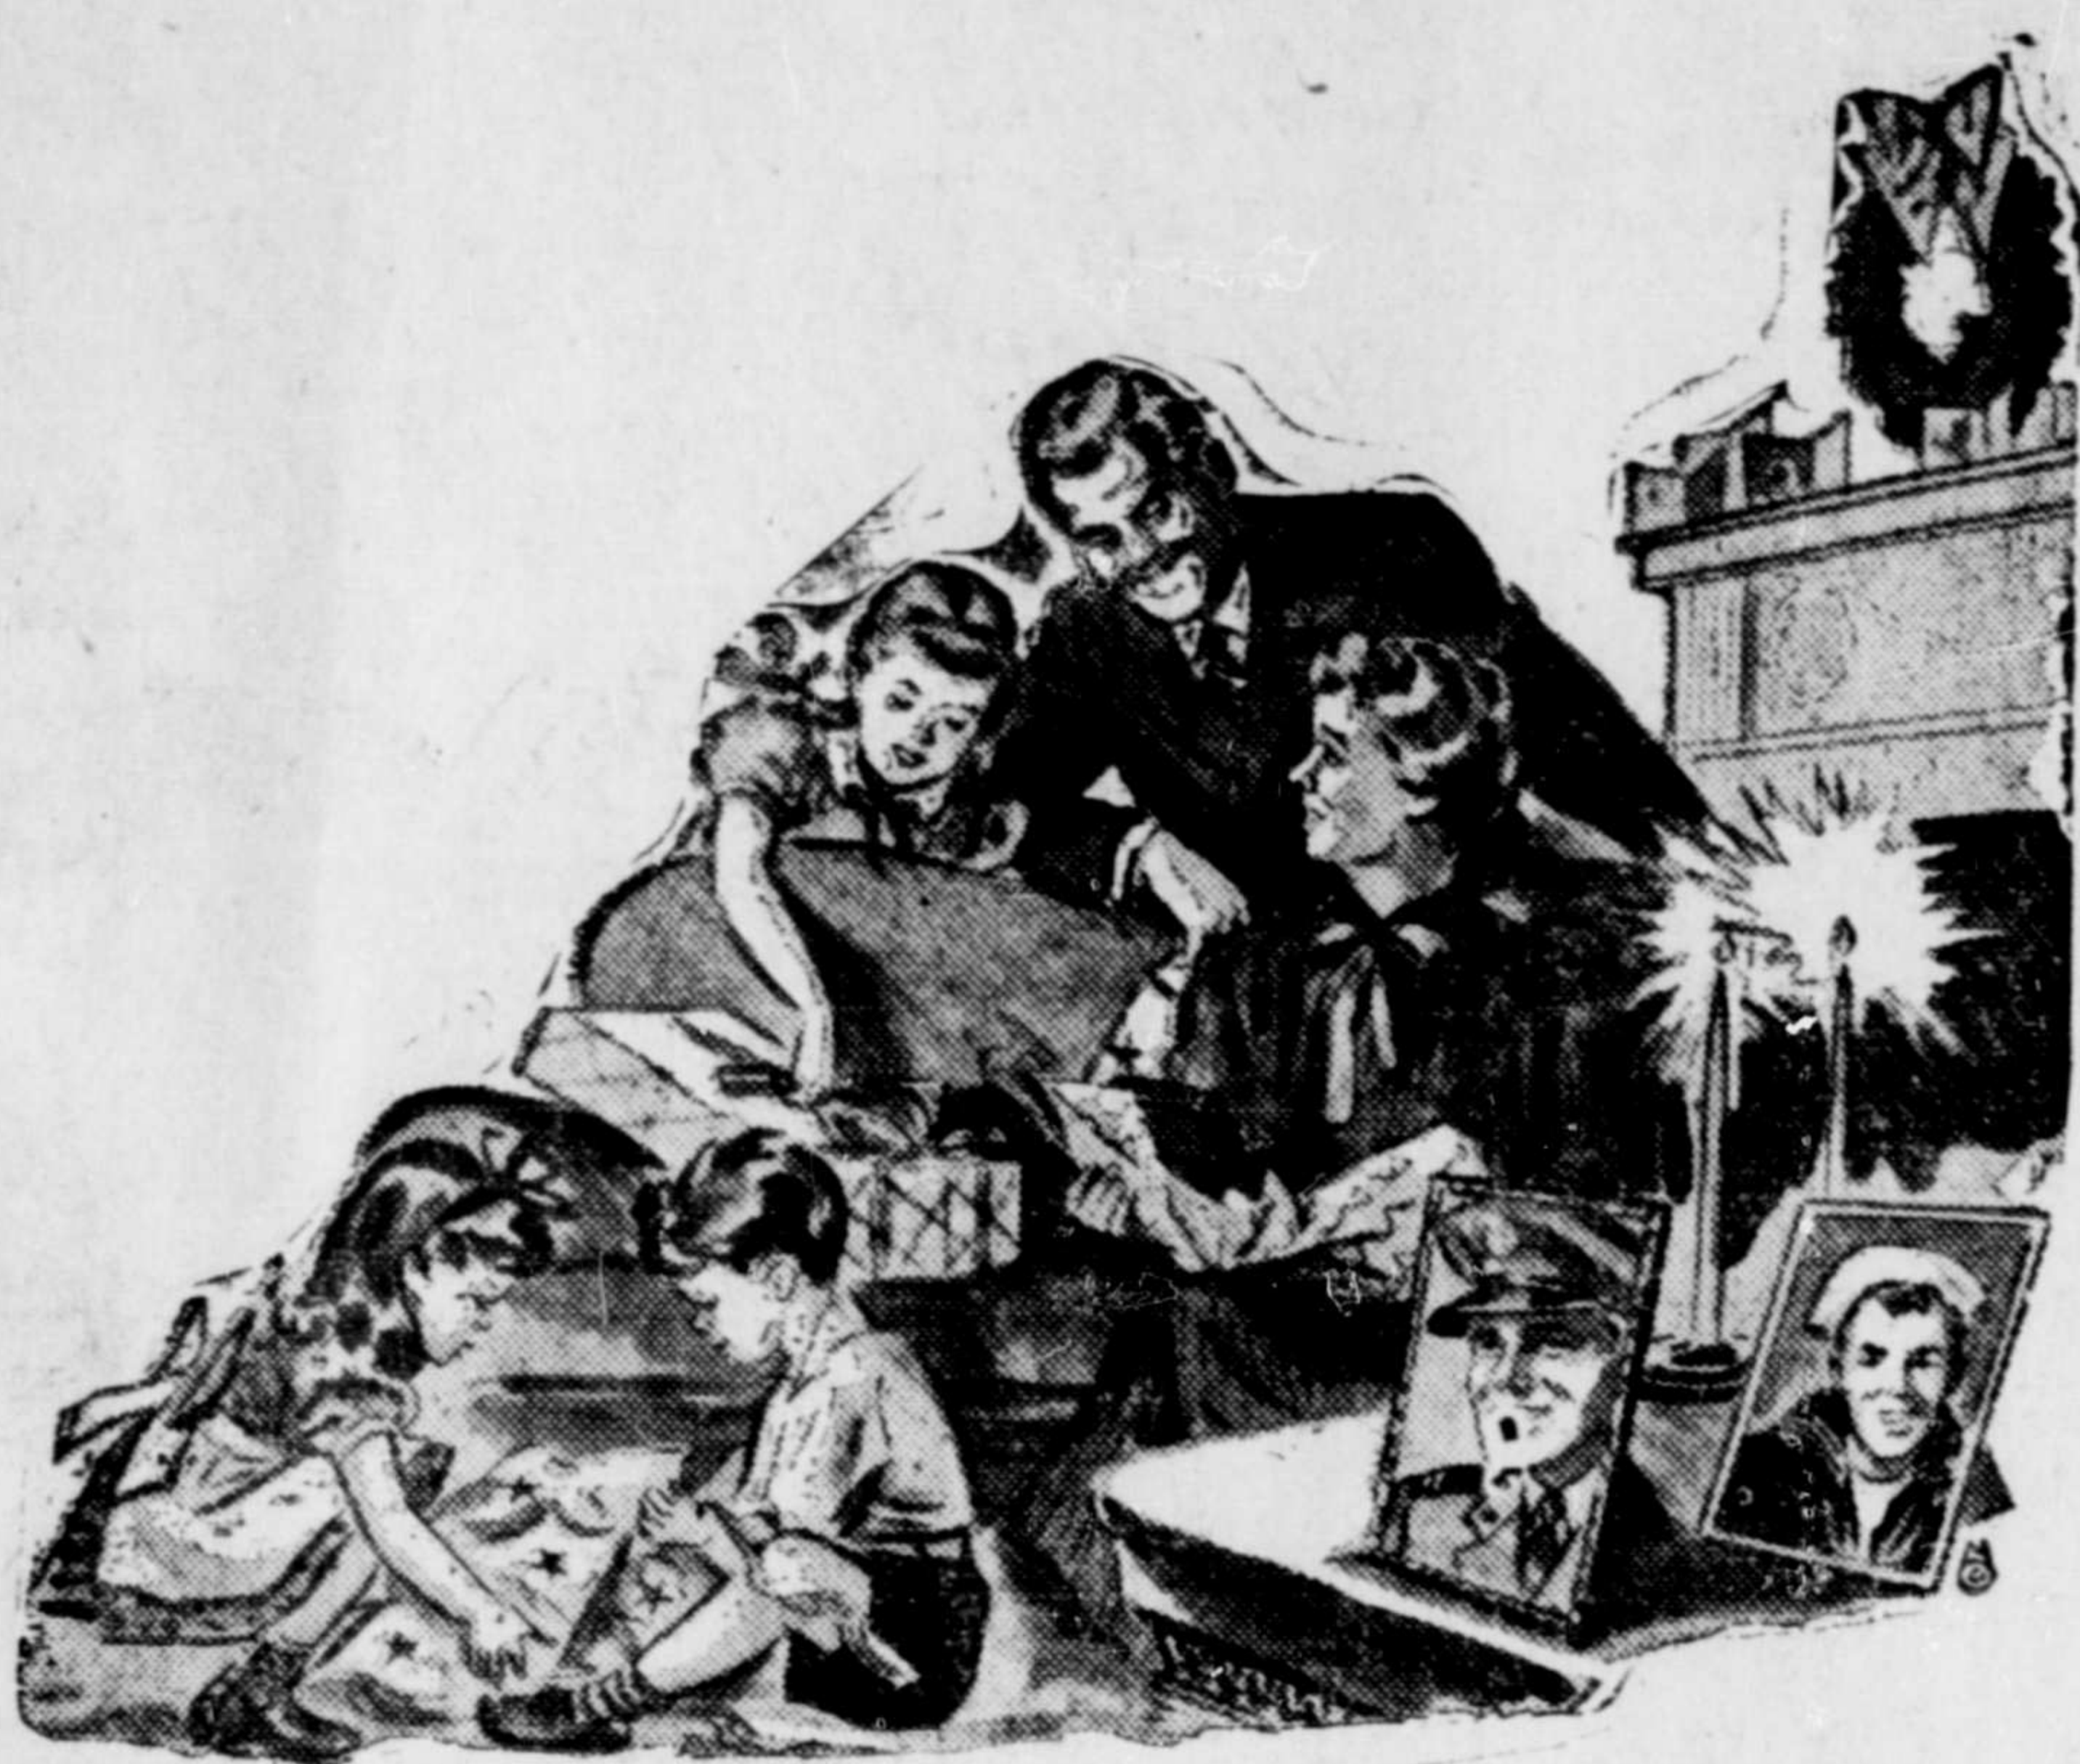

It is good citizenship to own LIFE INSURANCE

A Message from the Life Insurance Companies in Canada

While bringing its policyholders all the advantages of competitive business, life insurance "lives in a glass house". It has no more privacy than a goldfish. Complete details of its operations are available to policyholders and the public at large, in the 700-page Annual Report of the Dominion Superintendent of Insurance, and in Provincial Reports.

Under the laws enacted at Confederation and constantly broadened and improved during the past 75 years, policyholders enjoy the double protection of both Dominion and Provincial supervision. They receive full information about the life insurance business in Canada: its investments, its policy funds, its contingency reserves, the volume of protection which it provides and, in fact, the whole detail of its operations. No other industry in Canada is under such continuous and experienced supervision.

Life insurance is the outstanding business example of private management under government supervision in the public interest. Within this democratic pattern, the faith that Canadians have in their life insurance has been vindicated through wars, epidemics, panics and depressions. Within this pattern, the interests of four million Canadian policyholders are safeguarded.

A New Year's Confession

From a store's point of view and from a customer's point of view, these are trying times. In spite of the fact that business is still more plentiful than supplies, we want you to know that we appreciate your business very much at all times. We know that at times, with some, we have not pleased 100%. We hope you'll forgive and try us again.

Boilermakers' Card—

WALLACE WINS BY TECHNICAL KAYO ROUTE

Bill Porayko Quickly Subdued in Main Event Last Night

Private Wellman Wallace, 164-pound Acropolis fistic sharpshooter, qualified for another notch on his musket when he scored a technical knockout over Bill Porayko in a brief encounter which was the feature bout of the Boilermakers' Athletic Club boxing card in the staff house dining hall last night.

Towels and seconds began to pile into the ring from Porayko's corner after less than 30 seconds of the second round after the 168-pound Boilermakers' fighter had held his face a fleet second too long in the orbit of Wallace's tank-busting right. The blow, which Porayko had already sampled in the first round, put him out on his feet.

After 80 seconds of the first round Wallace sent over his first right to Porayko's jaw. It was a masterpiece of timing and solid delivery which jolted not only Porayko but the fans as well. Both had, apparently, been fascinated by the manoeuvres of Wallace's left, which seemed to be opening the way for a body blow.

The bell saved Porayko in the initial round and he had not recovered when he went in for the second round.

Wallace's final right sent Porayko to the canvas and he arose, clinging to the ropes, when the seconds cried halt.

The fight had been scheduled for five two-minute rounds.

In the semi-windup, Lloyd Shier of B.A.C. and Al La Rose,

Hockey Scores

 Montreal 2, Chicago 1.

SUNDAY

Detroit 6, Toronto 4.
 New York 3, Chicago 3.

Canadian Army, both in the 140 pound class, waited four rounds to a draw. Neither showed much hitting ability. Shier carried the initiative throughout the fight but failed to take decisive advantage of it.

Percy Welter, 136-pounder, showed indications of genuine quality when he won a decision in three rounds from Harry Williams, 135 pounds, in the first of the decision fights. Welter made good use of his left hand in the second round, and exploited it even more fully in the third. Williams, who relied on a bouncing style of footwork, was effectively parried when he took the initiative.

The young contestants of the four earlier non-decision bouts shed credit on the work being done out at the Boilermakers' gym among the younger boys. The youngsters take their fighting seriously and some of the boys who have been in the ring before showed definite improvement in technique which reflects creditably on both the boys and their instructors.

Featured in the non-decision fights were: Jim McDougal, 118 vs. Al McFadden, 115; Barry Wilson, 110, vs. Dave Smith, 100; Jerry Perreault, 118, vs. Gordin Shier, 116; Jordan Smith, 90, vs. Mondred Olsen, 90; Norman Sather, 110, vs. George Marshall, 110.

Two scheduled bouts failed to materialize after the contestant of one fractured his thumb in training, and another failed to show up.

There were two battle-royals involving young fighters, during the show.

Gymnastic Show Pleasing To Fight Audience

Not since the old Pro-Rec days has gymnastics received much recognition in Prince Rupert but, happily, the difficult art is undergoing a revival.

Leading off last night's Boilermakers' boxing card at the staff house dining hall was a gymnastic display presented by eight boys under George Ferguson and Johnny Collingwood which caught the fancy of the fans because it was well down and unusual.

The display of pyramid building and tumbling was brief but it was also filled with the promise of what may be expected of the gymnasts given more time for training. At the conclusion of the display Boilermakers' President George Stanton revealed to the fans that the participants had been training only two months.

Leader of the exercises was George Ferguson, the instructor, who finished off with a series of difficult tumbling routines.

ATHLETIC CLUB GRATEFUL FOR ASSISTANCE

Recognition of the assistance given the Boilermakers' Athletic Club by local service clubs and other organizations was expressed by Boilermakers' President George Stanton before the audience at last night's boxing card.

"We need help to keep the gymnasium operating and I thank the service clubs and others who have given us financial assistance. This work is helping to keep the youngsters off the streets and is giving them valuable athletic experience."

Mr. Stanton particularly thanked the local Gyro club which contributed boxing gloves for the fights and which was represented by W. D. Lambie.

APPLICATION FOR A WATER LICENSE

STORAGE RAINBOW LAKE
 I, Arnt Jacobson, of Shirley, in the Province of British Columbia, hereby apply to the Comptroller of Water Rights for a license to store water out of Rainbow Lake which flows southerly into Boneyard Creek and discharges into the Skeena River and give notice of my application to all persons affected thereby.

The storage dam will be located at the outlet of the Lake into Boneyard Creek near easterly boundary of Lot 4010 Range 5.
 The quantity of water to be diverted or stored is 126 acre feet per annum.
 The purpose for which the water will be used is for power (sawmill). The land or mine on which the water will be used is Lot 5462, Range 5, Coast District.

A copy of this application was posted at the proposed point of diversion or site of the dam and on the land or mine where the water is to be used on the 5th day of December, A.D. 1944, and two copies will be filed in the office of the Water Recorder at Prince Rupert, British Columbia.

Objections to this application may be filed with the said Water Recorder or with the Comptroller of Water Rights at Victoria, B.C., within thirty days of the date of the posting on the ground.

ARNT JACOBSON, Applicant.

Tank-Hunting Expedition in Which "Smoky" Smith Won V.C. Was Bell-Irving's Conception

VANCOUVER, Dec. 27 (P) — A letter received here reveals that the tank-hunting expedition in which Private Ernest (Smoky) Smith of New Westminster won the Victoria Cross was the result of an idea conceived and put into operation by Lieut. Col. Henry Bell-Irving, D.S.O. of Vancouver. The letter was written by Armorer Sergeant Bob Hewell of Winnipeg who said praise for the tank-hunting expedition has originated from all quarters as high as Army headquarters.

Bell-Irving was with the Seaforth Highlanders of Vancouver when the action occurred in October but since has been appointed officer commanding the Loyal Edmonton Regiment.
