ALLIED SUPREME HEAD-QUARTERS, July 13 (CP)-The British Second Army has recaptured Maltot, five miles southwest of Caen, it was announced today.

The Americans in western Normandy pushed armored tentacles around the key German bastions of Saintle and Lessay after liberating three towns and several miles in the past 24 hours.

Heavy fighting has occurred in the area between Odon and Orne rivers where the Canadians have been righting alongside the British but, except for the recapture of Maltot, there were no appreciable changes in the battlelines.

The Nazis are now using robot bombing planes against the Allied ground forces in Normandy.

Not Much Question . . .

The big question in American politics-will Roosevelt seek re-election for a fourth term? - has been answered in the way which it was obvious it would be. Roosevelt has chosen to run so the air on that point was the fact of two of the par- Incidentally, the Port Edward is cleared if it was ever very obscure. Of course, the Democratic nominating convention about to be held in Chicago will now be nothing but a big hand. a gesture. It appears as certain that Henry Wallace, the present incumbent, will be the vice-presidential nominee as that Roosevelt will be the presidential choice.

Roosevelt will be faced with a youthful, vigorous and dynamic opponent in Thomas Dewey of New York. In normal times Dewey is the type of candidate that would stand a good chance of election but in critical days such as these they would appear to be little question as to another Roosevelt victory when the voting takes place next November.

Roosevelt is already on a clear-cut course as far as the pursuit of the war and the planning for postwar reconstruction is concerned. Dewey's platform, which he has taken pains to emphasize are not being dictated by his party, is somewhat nebulous to date. So far he shows no disposition to differ greatly from Roosevelt in the more important issues-either international or domestic.

Now that Roosevelt has definitely announced he will be in the field again, it would appear at this distance to be almost a certainty that he will be reelected.

Socialistic Satire . .

Arthur Lowe, well-known Canadian newspaperman and free-lance writer, in a satirical thesis, has published a small booklet outlining his thoughts perhaps better on the last page than anywhere else in his thesis, he concludes:

"Surely it is clear for even the blind to see! The time must come sooner or later-but probably sooner -when the number of those serving at good salaries in the various bureaus will exceed the number of those working in industry and agriculture. At once the problem of group pressure will vanish, for we shall be left with but one group of consequence—the skilled and able men working selflessly at the task of directing everything. Thus, while retaining democracy, we shall have achieved a situation where it will be unnecessary for farmers and workers to vote since their votes would be useless anyway. Free, democratic election will be held, as they should be, in order to give the government unanimous endorse-

POISON IVY

MEAL PLANNING AND MEAL BUYING will be a cheer instead of a chore when groceries on wheels rush fresh foods to the housewife's door! Spotless, glass-roofed giant trailers, stopping in every block, will open up one side, creating platform and steps . . . and madam's grocery and meat market is ready for business.

OUSEKEEPING will become a high and thriliing adventure when the time comes for turning airplanes back into refrigerators and kitchen sinks. You'll see food-mixers that almost "think", air conditioners that keep a house dust-free, and rugs cleaned in a jiffy by electronic "sweepers". These and a score of other household "miracles" are being planned for you by MEN WHO THINK OF TOMORROW!

- But only if we perform our appointed tasks today will there be a tomorrow to look forward to. There is a war to win first! . . .
- At no time in history have the people of a nation had so great a responsibility for the victory of their armies. It is everyone's war . . . everyone's job to keep up production, to cooperate in salvage and conservation programs, and above all, to help finance the war with their dollars by buying and keeping Victory Bonds and War Savings Certificates.
- Tomorrow is for us all! Let's work for it! Let us all be MEN WHO THINK OF TOMORROW!

PET PARADE AT CARNIVAL

A damp, drizzling rain did all but wash out the military band, carnival queen candidates and pet parade from the Court House grounds to the Seventh Street carnival park last evening but, in spite of the unauspicious condition of the weather, there was brave if small turn-out of participants who were duly honored with the presentation of prizes at the stage on the carnival grounds on conclusion of the procession.

The feature of the parade was surrey-topped miniature jeep in which little Gary Miller, aged 3, and Sharon Kruger, 4, dressed quaintly in character, rode as bride and groom. Decorated bicycles and scooters were also turned out and the pet parade consisted of four canine entries. The United States Army Port
