Fierce Fight In Caen Defence

Two Crack Divisions Are Thrown Into Struggle to Retain Normandy Town

General Montgomery's Men Smash Counter-attacks Made Breach in Enemy's Lines

SHAEF, June 29 (CP) — Front line dispatches said today that the Germans have thrown the bulk of their Fifteenth and Seventeenth armies into the defence of Caen in an attempt to halt the British flanking thrust. The German High Command said that the British and Canadians are attacking on a

17-mile front in Normandy. A Berlin communique said the fighting was especially furious around Caen, British and Canadians having penetrated wooded country to reach points two and four miles from Caen.

General Montgomery's men have smashed nine Nazi counter-attacks in the past 24 hours and have widened the breach in the enemy lines.

Shaef announced that British and Canadian guns were streaming across the Odon river southwest of Caen in an ever-increasing bridgehead.

British and Canadian forces have taken a long line of strong positions on heights along the Odon river.

Two hundred and ninety-two German tanks have been destroyed since D-Day.

Finnish Crisis

Resignation of Pro-Nazi Government Being Widely Demanded

STOCKHOLM, June 29 (CP) — The Social Democratic Party of Finland has ordered its five cabinet ministers withdrawn from the government which plunged Finland into full collaboration with Germany and opened the doors of southern Finland to Nazi troops. Finance Minister Tanner is one of the party members ordered withdrawn and fear is expressed that his resignation might precipitate a collapse of Finnish troops' morale. The Progressive Party and Swedish People's Party have also expressed no confidence in the government.

INVASIONS COME HIGH

WASHINGTON, June 29 — Major General Broton T. Somerville, head of the U. S. Army Service Forces, said last night that supplies and equipment sent to Britain for the invasion of Europe totalled 16,000,000 tons, more than twice the amount sent overseas by the United States in the first World War.

Quebec Election Due on Aug. 9

QUEBEC, June 29 — Quebec's Liberal government will go to the people about August 8, Premier Godbout announces. The premier asked in the election for a campaign fought on provincial rather than federal matters. The legislature will be dissolved today. He accused the National and Bloc Populaire parties of trying in the past few months to "place me in a false position by dragging me into the federal field."

F. J. Dishman Dies Here

Frederick John Dishman, a resident of Prince Rupert for the past two years and an employee of the Imperial Oil Company, passed away last night in the Prince Rupert General Hospital following a stroke which he suffered while working on his boat a short time earlier. He was 58 years old.

A veteran of the First World War, the late Mr. Dishman served overseas with the 221st Battalion of Winnipeg, going abroad in 1915.

He was born in Chicago, but came to Canada while young. He grew up near St. Thomas, Ontario, and later lived for many years in Manitoba.

Surviving are his widow and one daughter, Mrs. R. Montgomery, and two grandchildren in this city. One son, Alfred, is overseas, and another son, Fred, in New Westminster.

PRAISE FOR CANADA

LONDON, — Describing his recent trip to Canada, the Archbishop of York, Dr. Cyril Garbett, wrote in his Diocesan magazine: "In Canada there is wholehearted loyalty to the British crown combined with a strong sense of national independence."

Her Majesty the Queen last week toured a Canadian Military Hospital in England as the King reviewed Canadian troops in France. Here she talks to a Canadian who was wounded in the battle for France.

BOMBING GERMANY

Another Big Attack Delivered by Americans Today After British Last Night

LONDON, June 29 — Upwards of 1,000 American bombers attacked Germany today hitting four aircraft producing centres, a synthetic oil refinery and a number of other military and industrial targets in the centre of the Reich.

Overnight the Royal Air Force and Royal Canadian Air Force hit railroad installations about the French town of Metz.

Farmers In War Effort

Have Big Job to Build up Bread Basket—Rains Prevent Drought

WINNIPEG, June 29 — As the Allied armies pound the enemy on European soil Canada's farmers, faced with manpower problems, struggle determinedly today to build up the breadbasket needed for European countries when peace comes.

Timely rains snatched many areas of western Canada's grain belt from the threshold of drought, turning spotty pastures into havens for livestock early in June. By mid-June crop growing conditions in all but isolated areas were ideal, crop surveys showed. Frequent showers, however, will be needed.

Meanwhile transportation and grain officials prepared a program for movement of more than 1,200 carloads of grain daily to lakehead terminals for immediate dispatch to eastern Canada, the United States and overseas.

The Canadian Wheat Board, for the first time since wartime conditions made restrictions necessary, lifted the delivery quota on wheat. A year ago it was 14 bushels per authorized acre.

High exports, including feed requirements in eastern Canada and the United States, following the below-average crop of 1943, combined to cut into the Dominion's surplus wheat supply. The carryover at the start of the next crop year was estimated in grain circles at some 300,000,000 bushels. A year ago it was 601,000,000 bushels.

Wheat exports since August, officially announced in February, were 168,000,000 bushels while grain shipments since then have not been disclosed because of wartime security reasons. From Aug. 1, 1942, until July, 1943, shipments of wheat to United States ports were placed at some 53,000,000 bushels.

Grain authorities placed Canadian consumption since last August at almost double pre-war needs. Feed requirements were placed at almost 100,000,000 bushels, seed 22,000,000, domestic requirements 50,000,000 and wheat used in making alcohol 6,000,000.

Besides exports to the United States, the United Kingdom, Eire, Portugal, Russia, Switzerland and the West Indies were buyers on the Winnipeg Grain Exchange. Other wheat, as a gift from Canada, went to Greece.

All grain futures, except rye, hung at their ceiling levels since the crop year began 11 months ago—wheat at \$1.25; oats 51½¢ and barley 64¼¢. Rye fluctuated widely, reaching \$1.35 a bushel in May and reacting to favorable crop conditions in Canada's spring wheat areas and the United States winter wheat crop.

By mid-June rye dipped to \$1.09 but was still 20 cents higher than a year ago. Wheat acreage, cut drastically during the war years as efforts were made to increase coarse grains for feed, jumped more than 3,000,000 acres this year to approximately 20,600,000 acres. Coarse grain acreages were about the same.

Canadians' Good Day

Shot Down Twenty-six Enemy Planes Over France Yesterday—Ten Planes Lost

LONDON, June 29 — Canadian fighter units, flying over the front line area in France, on Wednesday had their best day since the invasion started, destroying twenty-six of a total of 34 enemy aircraft shot down over Normandy between dawn and dusk. Overnight Canadian bombers attacked railway installations at Metz. From all operations, two Canadian fighters and eight bombers are missing. The days' achievement was one of the most brilliant in the history of the R.C.A.F.

ALLIES ARE ADVANCING

The Women's Hospital Auxiliary raised slightly more than \$200 in their tag day on Saturday, it was learned today. The money will be used to buy appointments and furniture for the public wards. Curtains and bedside tables are the main items considered.

CHERBOURG FACTORS — WASHINGTON — Secretary of War Stimson today named four factors in the fall of Cherbourg—German underestimation of the Allied capacity to land reinforcements, thinness of German air power, destruction of bridges and highways and fear of invasion elsewhere. It is expected that Cherbourg will be in shape for Allied shipping sooner than had been expected.

FLOWER SHOW AT CARNIVAL

A flower show, sponsored by the Prince Rupert Horticultural Society, will be a feature of the Civic Centre Carnival this year.

At a meeting of the society's executive Tuesday night, held at the home of President H. T. Lock, it was decided to display the community's most beautiful blooms in booths at the latter part of the carnival week. An interesting feature will be the children's section which will be given to the display of blossoms grown by junior garden lovers. Details of the entry list will be available soon.

The executive decided to make an effort to renew public interest in the Horticultural society, which during the war has been allowed to lapse.

Present at the meeting were H. T. Lock, president; Clifford Ham, secretary; Mrs. C. J. Norrington, Mrs. James Gillett and Mrs. R. M. Winslow.

## Election Coming Up...

The federal election campaign is all but joined with Prime Minister Mackenzie King's announcement that parliament will be dissolved before July 1, 1945, and the further statement that an election will be held either this year or next year. Of course, the remark of the premier to this effect involves no particular surprise since, at the utmost, the normal life of this parliament could not have been far beyond July 1, 1945, in any case. The statement of Mr. King may be taken by political observers as lending strength to the belief that an election may not be many months removed from now.

As a diversion from the war, political talk will for a time now become a more absorbing topic than it has been. Possibly the earlier the election the better so that the air may be settled.

It appears now that it may be a fight between the Liberal government, strong in experience of wartime administration but suffering from the political disadvantages that usually accrue from a long term of office under difficult conditions, and the rising Co-operative Commonwealth Federation, without record to either praise or condemn but offering blandishments which, even if inconsistent, may prove attractive to a large number of voters.

## Dangerous Streets...

An unfortunate traffic accident occurred in Prince Rupert yesterday resulting in the death of a 22-month-old child. Without implying any comment on the circumstances of this particular incident, it might not be out of place to use the occasion to allude to present conditions on city streets due to heavy traffic. There are greater dangers here today than ever before, dangers which make imperative the exercising of the utmost care and watchfulness by all who use the streets. Possibly, we are fortunate, under the conditions existing, that there have not been more serious accidents.

## LETTERBOX

### THE PIONEERS' HOME

Editor, Daily News:  
A campaign has been started to induce the citizens of this community to subscribe to the building of a Pioneers' Home immediately.

By all means let us eventually have a suitable building for old pioneers who have subscribed to the development of this city and who need our assistance but has any consideration been given to present day conditions? Have high building costs, lack of materials, labor shortage and increased maintenance costs ever been fully considered?

Have the Dominion or provincial Governments been approached, even for advice or suggestions, regarding such a building? Most buildings require a permit from the federal government when large expenditure is contemplated. Has such a permit been granted in this case or has any complete estimate of costs been obtained from a reputable contractor?

Recently the chairman of the civic health committee suggested that a suitable building for an isolation hospital might be obtained from the Department of National Defence after the war. Why was a similar suggestion offered some time ago regarding

a pioneers' home not accepted? No civic money is available towards building an isolation hospital, but apparently \$5000 has been found and allocated towards a new pioneers' home. Which is the most important?

Surely it would be good economy to explore the possibilities of spending a little money on the present premises to get by until after the war. Many buildings at present occupied by the armed forces will be available then and we feel could be obtained for a nominal sum.

With a limited expenditure any one of these buildings will make a better pioneers home than that which is contemplated.

Do our citizens know that a certain section of the Department of National Defence has not been consulted regarding the proposed site of this home? Advisedly they should. We believe there might be objections until the war is over in the Pacific. Certainly, if the time is opportune, let contributions towards the building of a home be obtained but contributors might well signify that their donations be utilized to purchase Victory Bonds thereby creating a trust fund for post-war work and post-war building.

Thank you, Mr. Editor, for the use of your columns.

### ACTIVITIES OF Y.M.C.A. and Y.W.C.A. (By Dorothy Garbutt)

What a grand picnic the Service Wives' Club had. The Soo Suds furnished us transportation and a very nice driver, Howard Doering. He didn't mind one bit being out for the day with 11 women and an equal number of children, and carried baskets and children and fetched wood and made fires. We went out to Prudhomme Lake where Mr. Ross, who lives there, very kindly gave us firewood and took us out on the lake in his boats. The girls went in swimming and sun bathed. The children ate too much and fell in the mud and got dirty and ate hot dogs and drank lemonade and had an elegant time. And believe it or not I wore slacks.

I hear that a lot more of the Home Defence boys are going active now and wearing the little "G.S." badge on their arms. Great stuff, boys! And by the way perhaps that's one of the things "G.S." stands for, too, as well as "General Service" and "Good Soldier." I shall have to compile a list of all those "G.S." phrases. Can you think of any more?

Tonight the Soo Suds are holding their regular Thursday dance and I hope junior hostesses will give them their best support.

Friday night the Acropolis boys are holding their monthly post dance to which all the services and their girl friends are invited. Last time I pulled a boner and said a company dance was open to all. But this time it's okayed by Special Services so everyone turn out. The big American post band, 13 pieces, will furnish the music.

Mrs. Brass is a happy person these days with both of her boys, Bill and Peter, stationed in Rupert once again. Bill was overseas for almost three years and returned several months ago and Peter is in the R.C.A.F. and now posted to Rupert after 18 months at other stations. Martin van Cooten, a third son, is overseas.

Save Food for Fighters!

Here are 10 FOOD-SAVING RULES For Wartime

1. PLAN FOOD BUYING CAREFULLY. Buy only the foods you know your family will eat. Calculate quantities so that there are no left-overs.
2. PLANT A VICTORY GARDEN. Help to increase Canada's food production by growing your own vegetables and fruits. Raise chickens and any other stock you can.
3. AVOID WASTE IN PREPARING. Measure all ingredients. Watch vegetable and fruit peelings—peel them thin. Cook potatoes in skins.
4. COOK FOODS PROPERLY. Follow your cook book carefully so as to avoid waste and retain maximum food values.
5. SERVE SMALLER PORTIONS. Start a Clean Plate Club in your home! Don't urge second helpings—let them ask for more.
6. SAVE LEFT-OVERS. When you do cook too much, save meat and vegetable remnants for stews, bones for soups, bread-crumbs for stuffings.
7. SAVE SURPLUS FATS. Use what you need in your own cooking. What's left over turn in with your other salvage.
8. DO NOT HOARD. Canada has a sufficiency of all the foods you need. Don't hoard or buy foods for the sake of using up your ration coupons.
9. ENCOURAGE OTHERS TO SAVE. Share with your friends any food saving tips you hear or read. Don't spread gossip about "shortages" or tips that may start runs on unrationed foods.
10. REDUCE YOUR FOOD BILL. Choose economical foods—those with concentrated nutrients. Try to keep down and reduce your total food bill.

HERE IS a way in which every housewife may help to speed the day when our boys come marching home. WATCH FOOD WASTE! Food is vital in winning this war and we on the home front must conserve it to the limit. Especially during warm weather, great care must be taken to avoid waste of fresh foods. Limit your purchases to daily needs. If you have vegetables and fruits in your home garden, be sure you do not pick too many at a time or leave surplus crops to rot. Share them with your neighbors. Serve smaller portions at all meals so there are no left-overs. Watch fruit and vegetable peelings—peel them thin. Save bones for soups. Save even bread-crumbs for stuffings. Remember that victory in this war depends upon the efforts of every one of us, every day.

### Stewart Moose Women Instal New Officers

STEWART, June 29 — The Portland Canal Chapter, Women of the Moose, installed their new officers for 1944 last week in the Moose Home. The hall was beautifully decorated with red and white flowers making a colorful background for the women in their white costumes. An added touch was given to the scene by the red capes and forage caps worn by the guides who conducted the following newly elected officers to their respective stations:

Senior Regent—Mrs. Catherine McLeod.  
Graduate Regent—Mrs. Veronica Fisher (Hyder).  
Junior Regent—Mrs. Catherine Gibson.  
Chaplain—Mrs. Ann Geddes.  
Recorder—Mrs. Gertrude McDonald.  
Treasurer — Mrs. Elizabeth Walker  
Guide—Mrs. Ruby Svedberg.  
Assistant Guide— Mrs. Elsie Kustas.

Argus—Mrs. Ila Kirkpatrick.  
Sentinel—Mrs. Angelina Manojlovich.  
Pianist — Mrs. Florence McMullen.  
Mrs. Hazel Tooth, past graduate regent, was the installing officer, Mrs. Etta Newell, installing chaplain, Mrs. Jean Stewart, installing pianist, Miss Ethel Hukkala, installing guide, and the entire ceremony functioned very smoothly under their efficient guidance. Miss Hukkala, who has now left the district, was presented with a beautiful bouquet of flowers.

Over sixty guests witnessed this beautiful ceremony and were entertained afterwards by the Women of the Moose at cards and supper.

### PIONEERS TO FOREGATHER

Some 200 Expected to Attend Lakes District Reunion at Burns Lake

BURNS LAKE, June 29—Andy Ruddy and Barney Mulvaney have returned from a tour of the Central Interior Lakes Districts where they had been rounding up the old timers of the Central Interior.

Some 200 pioneers, many of whom have been in the district for over forty years and who made their entry to Central and Northern British Columbia via the Bella Coola, the Blackwater or the Hazelton trails and part way by stern wheelers up the Skeena River, will attend a dinner under the auspices of the Old Timers Re-Union Organization to be served at the Community Hall at Burns Lake on July 3. Specially honored will be those whose entry was made by pack-train, dog-team and canoe, among them being Dick Sargent of Hazelton, Bill Karkworthy of New Hazelton, Charlie Barrett of the Diamond D Ranch and Archie and Neil McInnes of the Pioneer Ranch in North Bulkley whose arrival pre-dated that of the earliest of the G.T.P. preliminary surveys.

### TERRACE

J. K. Gordon is paying a visit to Terrace looking up old friends and the familiar places among which he lived for many years. Mr. Gordon has established a home in the State of Washington where he and Mrs. Gordon have been living during the past five years. Beginning with the pioneering days here he operated a farm and orchard in the vicinity and also the Terrace Hotel.

Mrs. R. D. Christy will shortly be leaving Terrace to take up residence at Vancouver where Mr. Christy has preceded her.

Mrs. Stanley Brookes plans to leave for the south in the near future where her husband, in the armed forces, is stationed.

Dr. and Mrs. S. G. Mills have purchased a home on Lazelle Avenue.

Mrs. Alex Olsen, who suffered a slight stroke a short time ago, has been placed in the care for a while of the hospital at Hazelton.

### Smithers Man Dies Suddenly

Ed. Harding, Assistant Locomotive Foreman, Dies While At Work

SMITHERS, June 29 — The community of Smithers was shocked on Saturday evening to learn of the sudden death of Ed. Harding, assistant locomotive foreman of the Canadian National Railways, while at his work.

Mr. Harding had not been well for a long time but had continued with his regular work. He was found dead on the floor of his office late Saturday afternoon.

Born at Shottersmill, Hants, England, Mr. Harding came to Canada many years ago and for the past twenty-five years has lived in Smithers where he raised his family.

He was fifty-one years of age, and besides his widow he leaves two sons, Edwin in the Canadian Armed forces now in the Maritime Provinces, Floyd at home, and one daughter, Nellie, at present in Vancouver. Funeral arrangements have not yet been completed.

### Burns Lake To Have Stampede

BURNS LAKE, June 29—Local Indians under the management of Paddy Isaac have rented the Burns Lake ball ground for July 1, and have arranged a thorough program of sports which should insure a perfect day. Some 1500 Indians from the country between Stuart Lake Portage and Babine Post will attend. Old Fort, at the mouth of Hagen Arm, will contribute most of the rough riders but Robert Skin is leading the betting in the bucking contests and fancy riding.

FOR RETURNING SOLDIERS DURNAN, South Africa — The city council has set aside 1,000 building sites for returned soldiers in one big estate alone.

## VACATIONAL SCHOOL IS BEING HELD

"If you can keep them busy doing interesting things you can keep them happy and out of mischief," is the well tested theory behind a new vacation school for children which will open on July 3 in St. Peter's Church Hall, Seal Cove. Moving spirit of the enterprise is the Rev. E. W. Scott, minister of St. Peter's, who with seven other community minded people, and two church of England mission caravan workers will be instructors during the ten day period that the school will be open.

"The idea is experimental here but it has been tested many times before in large cities and rural areas where there are groups of children who are unable to go on vacations and it has turned out very well indeed," Mr. Scott told an interviewer.

"It has been going on successfully for several summers in the Bulkley Valley."

Prime purpose of the vacation school appears to be to keep the children occupied constructively. Designed on much more informal lines than regular school curriculums, the course of instruction includes such items as worship periods, graded lessons, handicraft, interest, and music groups, supervised recreation, films and planned outings.

School hours will be from 9:30 to 11:45 every day except Saturday and Sunday, and arrangements will be made during the mornings for special outings and other activities in the afternoons. The course of studies is designed for the interest of children from four to fourteen years of age.

"When we get the school started we believe the children themselves will quickly realize its value," Mr. Scott said. Incidentally there are no tuition fees.

Assisting Mr. Scott in the new enterprise are the following ladies who will act as instructors and supervisors:

Mrs. Scott, Miss N. Bird, Mrs. Rose Craig, Mrs. Doreen Stewart, Miss Kerr and Miss Mund of the Church of England Mission Caravan, and Miss Mary Adeock, Miss Dorothy McLeod and Miss Loraine Barbe.

Arne Husoy, well known hall-boat skipper, for years resident of Prince Rupert and more recently making his home in Vancouver, was in port yesterday with his boat Fredelia III and told the latest news of his sailor sons. Lieut. Peter Husoy is in command of a Fairmile sub-chaser in the St. Lawrence River and was around Gaspe Peninsula when last heard from. Able Seaman Foster Husoy is further afield aboard the auxiliary cruiser Prince David, so took part in the invasion of France. His parents are anxiously awaiting word of him.

Word was received today by his mother, Mrs. C. E. Johnson, 719 Lotbiniere Street, of the safe arrival overseas of Corp. Clifford Johnson, who is with the Royal Canadian Army Medical Corps. Corp. Johnson, who is a very well known and popular local boy, was home on leave last March.

## Norwegian War Effort Screened

Fine pictures descriptive of many phases of the Norwegian war effort were shown at yesterday's regular weekly luncheon of the Prince Rupert Gyro Club by Dr. Jens Munthe, Norwegian vice-consul and a member of the club. Carlton Clay assisting with the projecting. Especially fine was a reel in natural color which after a prelude of scenes showing Norway in happier days, showed training of Norwegian fighting men in Canada at Little Norway and elsewhere as well as scenes with the Norwegian merchant marine. Another reel showed training of Norwegian troops in Britain.

President Frank Skinner was in the chair at yesterday's luncheon and guests were Reg Clute of Vancouver and Dr. J. J. Payne of Premier.

It was decided to hold the annual club picnic on July 16 aboard Dr. R. G. Large's power cruiser Soogwillis.

## RIOTOUS ROMANCE

"No Time for Love," with Colbert and MacMurray, at Capitol Theatre

The comedy "No Time for Love," is showing this Thursday, Friday and Saturday. It co-stars Claudette Colbert and Fred MacMurray.

The story concerns the romantic involvement of a highbrow woman photographer with a tunnel digger, technically known as a sandhog—over six feet tall and every inch the cave man. According to all the rules of society, they shouldn't have a thing in common; but according to the rules of nature, they've got plenty in common. The conflict between the two people and the two sets of rules is said to make one of the funniest pictures in a long time.

Others in the cast, contributing to its humor, are Ilka Chase, Richard Haydn, Paul McGrath and June Havoc. Ilka, who has won considerable renown as an author as well as an actress, is seen as Claudette's practical sister, with the kind of witty lines to speak that she is accustomed to writing. June Havoc, the curvaceous blonde sister of Gypsy Rose Lee, provides some eye-filling competition for Claudette.
