Murder, Slavery, Arson and Kidnapping Practised By Nazis On Slave Labor

NUERNBERG, Germany—More than four million conquered laborers were forced into virtual slavery in Germany by murder, starvation, arson and kidnaping. Allied prosecutors disclosed today at the war crimes trial of Nazi war leaders.

The slave system to provide workers for German war plants and farms was described as "wild and ruthless manhunt" carried on everywhere. This was the Nazi labor commissioner's own words presented as evidence before the international military tribunal.

BOY CRAWLS UNDER TRUCK

Four-year-old Gerry Jensen narrowly escaped serious injury when the driver of a Valentin Dairy light delivery truck became aware that the child had crawled under his vehicle as the driver started near the home of the boy's parents, Mr. and Mrs. Alf Jensen, 141 Fifth Avenue East, at noon Tuesday.

The boy received light bruises and was released from hospital after examination by Dr. J. A. Macdonald revealed that his injuries were minor.

HIGHWAY IS SNOWBOUND

Public Works Officials Not Very Hopeful About Early Re-opening—Have Not Yet Reached Shames Bridge

Public works department officials here do not appear to be too hopeful about an early re-opening of the Prince Rupert Highway between this city and Terrace owing to heavy snow conditions hampering the work of clearing up damage done by road conditions several weeks ago.

"We have not even been able to reach Shames yet," said Road Superintendent E. J. Fitzpatrick this morning. It is at Shames River where the highway bridge was badly twisted by flood waters and will require partial rebuilding of approaches before it can be used for traffic again. Work has started on the Shames bridge from the Terrace end, however, it is understood.

There has been a foot of new snow at the summit beyond Rainbow Lake this side of Tye since the first of the week and three feet of new snow around Salvas further up the Skeena River. To date there has been about three feet of snow in the Rainbow Lake-Tye area and possibly seven feet around Salvas.

Converted bulldozers are being used as snow plows, one on this side of Shames and the other from the Terrace end.

GENERAL STEEL STRIKE CALLED

January 14 Is Set as Date For Great Walk-out in States

PITTSBURGH—At a conference of 175 labor leaders here yesterday January 14 was set as the date for a general steel workers' strike. A \$2 per day increase in wages is sought but it was pointed out this was open to negotiation.

The conference also rejected President Truman's plan for a labor fact-finding board as a means of "undermining labor."

J. D. Dutchie and L. Gelfond arrived in the city today to take positions in the Canadian National ticket office here. Recently released from the Air Force, both were formerly in the C. N. ticket office in Vancouver.

HESS READS NOVEL DURING NUREMBERG TRIALS—While his co-defendants listen carefully to the evidence, as heard through translating system headphones, Rudolf Hess, who was once Hitler's heir apparent, reads "Der Lisl" by Hanz Fritz, in the prisoner's dock at Nuremberg. Left to right in the group of Nazis are Herman Goering, Hess, Joachim von Ribbentrop and Gen. Wilhelm Keitel. Hess' counsel asked that the Duke of Hamilton, near whose estate Hess parachuted into Scotland in 1941, be called as a witness.

Sing It, Joe?— CITIZENS' TALENTS BRING PRICE AT JUNIOR CHAMBER'S RADIO AUCTION

At least half a dozen Prince Rupert people were surprised today to learn that their talents have already brought a price on the Junior Chamber of Commerce radio auction. "Friends" have bid in each case \$1 to hear them perform before the microphone during the first broadcast of the show next Monday night.

Any who are dominated by modesty, according to the rules, will have to bid a higher price, say \$1.50, for the privilege of not performing. The money will be collected by the Junior Chamber of Commerce and will be turned over to the Salvation Army here to assist in the dispensation of Christmas Cheer locally.

Hugo Kraupner, chairman of the junior chamber's radio auction committee, forecasts that the program this year will have as great, or possibly a greater popularity than it had before the war. It was discontinued during the war years.

"We plan to hold the program in the military post office next Monday, Wednesday and Saturday nights," he said. "It will be broadcast for an hour over CFPR on Monday and Wednesday nights and for an hour on Saturday nights."

Conducted with all the verve of a big-time radio variety show, the programs will feature such local talent as any entertainment-hungry citizen may want to pay to hear. For instance, R. G. Birch has bid \$1 to hear Dr. J. J. Gibson play a violin selection on Monday night's program. If Dr. Gibson believes that the strain on his virtuosity would be too great he can relieve himself of the musical chore by bidding a higher sum not to hear himself play. Eventually, if the bidding continues, Dr. Gibson's talent, whether he plays or not, may bring the Christmas Cheer fund a substantial sum of his

or Mr. Birch's money.

In the past, such bidding and performances have provided interludes of unblemished entertainment during radio auction week.

J. Harry Black, renowned somewhat for his ability to turn out a tune on the "whistling nose," has commanded \$1 of Walter Smith's money. Mr. Black's proboscis talent has the capacity to charm both an audience and the radio auction cash register.

Other bids received so far by the committee are:

A. J. Dominato has bid \$1 to hear W. J. Scott and W. F. Stone, sing in duet form "She'll Be Coming Round the Mountain."

Hugo Kraupner has bid \$1 to hear G. R. S. Blackaby recite a short poem.

Duncan McRae has bid \$1 to hear Bob Eby play the "Hawaiian War Chant" on his flutina.

To hear W. M. Watts sing "Keep That Bottle Quiet," Ray Allen has offered a dollar.

Bill Bremner has bid \$1 to hear Joe McKay and Bob Elkins sing "Show Me the Way to Go Home."

The bids are being accepted at present by Duncan McRae at McRae Bros. store, and later will be taken at the military post office where a battery of telephones will be installed following the civic election.

In addition to auctioning off the talents of otherwise harmless citizens, the committee has been donated a ton of coal and a box of kippers which will be put on the block and will go to the highest bidder.

Direct wire connections are being made between the military post office and CFPR, over which the program will be carried during the three programs.

Forty Are Convicted

Notorious Dachau Concentration Trials Come to Conclusion Today

DACHAU, Germany—All forty defendants in the Dachau atrocity trial were convicted by a United States military government court today of participation in cruelties which made this one of the Nazis' most notorious concentration camps. The convicted men will be sentenced later. The court deliberated 90 minutes after a twenty-four day trial. The defendants face a maximum penalty of death.

Among the convicted are five doctors, one of whom conducted inhuman malaria bacteriological experiments upon humans.

Col. J. W. Nicholls, former general manager of the Canadian Fish and Cold Storage Co. Ltd., arrived in the city this afternoon on the Prince Rupert from Vancouver on a business trip.

1945 In Industry— HOPE SHARPEST RECONVERSIONS IMPACT IS ABOUT TO BE PASSED

Canadian Industry and Workers Look to 1946 For Smooth Shift Back to Peacetime Production

By JACK WILLIAMS
Canadian Press Staff Writer

OTTAWA (CP)—Canadian industry will chalk down 1945 as the year of reconversion headaches. As the year ends those headaches are by no means over but there is at least hope in the minds of both employers and employees that the sharpest impact had passed. Admittedly there is a difficult winter ahead. In industry as a whole went through most of 1945 geared to intensive war production, able to give only limited attention to the problems that would be inevitable when the war ended.

That end came more suddenly than industrialists, in common with others, had anticipated. It came, too, well toward the end of the year at a time when employment normally drops off and that added a further complication.

The lapse between V-E Day May 8, and V-J Day, August 15, provided a limited cushion in the reconversion of industry to a peacetime basis.

Direct war employment had touched its peak of 860,000 in September, 1943. By January 1, 1945, it was down to 675,000, after V-E Day the trend turned more sharply downward and from V-J Day on the line became almost vertical until, it was estimated unofficially, there were fewer than 100,000 in war jobs at the end of November.

Augmenting this flow of war workers on to the labor market are the veterans being discharged from the forces, more than

First Baby Here To British Bride

What is believed to be the first baby to be born in Prince Rupert to a British World War II bride arrived a few days ago. The father is Cpl. Harold Helgeson, son of Mr. and Mrs. E. Helgeson, 1060 Eighth Avenue East. The mother is the former Joyce Weekly of Grulford, Surrey, England. The couple met while Cpl. Helgeson was serving overseas with the Royal Canadian Air Force. They were married November 27, 1943, in London. Just over a year ago they moved to Canada. The baby, a five year old girl, was born at the Prince Rupert General Hospital December 1. The father is at present stationed at Abbotsford.

REDUCTION OF HOURS

Packing House Workers of Vancouver Would Thereby Help Relieve Unemployment

VANCOUVER (CP)—Members of Local 249, International Packing House Workers, went on record yesterday as favoring the reduction of their hours of work from 45 to 40 hours per week in order to give employment to veterans and help relieve the unemployment situation here.

The local is composed of 300 employees of Burns & Co.

Reduction in hours would provide jobs for 33 veterans.

COOL, CLOUDY IS PREDICTION

Prince Rupert had one of the coolest 24-hour periods of the season yesterday when the average temperature was 31.5 degrees with the maximum being 35 degrees and the minimum 23. The Weather Man predicts moderately low temperatures for tonight. The overcast, which yesterday hung so low that it was actually fog in the city's higher levels at times, has raised only slightly today. No rainfall is predicted for today but the Weather Man says that it will be cloudy and cold tonight.

Col. J. W. Nicholls, former general manager of the Canadian Fish and Cold Storage Co. Ltd., arrived in the city this afternoon on the Prince Rupert from Vancouver on a business trip.

MINISTER OF PUBLIC WORKS MAKES STATEMENT ON ROAD TO TERRACE

Nothing Can Be Settled About Ownership While C. N. R. Holds Right-of-Way — Two Governments Considering Question of Costly Upkeep

VICTORIA (CP)—Hon. Herbert Anscomb, minister of public works, said today that he had discussed while in Ottawa the question of the province taking over the Prince Rupert-Terrace Highway but nothing was settled about ownership of the road constructed by the Dominion government as a war measure following Pearl Harbor.

The province made no offer to accept the road on which maintenance costs will be high, Mr. Anscomb said.

With the Canadian National Railways holding part of the right-of-way of the road, the Dominion was not in a position to put through a deal with the province.

The question of upkeep of the road is under consideration by the two governments.

Union Plan Is Rejected

Ford Motor Co. Strike Dispute at Windsor Is Still Unsettled

Company Wants Men Back in Arbitration

Workers' Idea Is That They Should Remain Out While Bargaining Goes On

WINDSOR, Ont. (CP)—The Ford Motor Co. of Canada Ltd. announced today it has rejected the proposal of the United Automobile Workers of America (U.A.W.) to negotiate and arbitrate all differences in the union security strike that shut down the huge plant September 12.

The proposal of the Union Local 209 asked that arbitration to end the strike affecting 10,000 production workers be started on the union security issue within 24 hours of acceptance of the plan by the company. It also proposed that the men remain on strike while the issue was under arbitration.

In rejecting the offer the company said the proposal is impracticable and added that it prefers to have the strike end while points in dispute are negotiated.

At Ottawa today Minister of Labor Humphrey Mitchell proposed that another vote of the workers on a strike settlement formula be taken.

PATTON IN BAD SHAPE

FRANKFURT—General George Patton, partially paralyzed as a result of spinal injuries suffered in an automobile accident Sunday, had a restless night and showed no improvement. An Army medical bulletin from Heidelberg said his condition was grave although he was conscious, rational and able to take nourishment.

Mrs. Patton arrived at Heidelberg yesterday. "George" has been in such scrapes before," she said hopefully, "and has always pulled through." The general seemed cheered over her arrival.

TEST BOAT FOR CHILE

VANCOUVER (CP)—Construction is progressing here on a British Columbia style fish boat which will be sent to Chile for a test display of quantity style fishing in that area.

William Vivian of the Vivian Engine Works, the builders, said the object of the test was to open a market in South America for fishing vessels, equipment and engines as well as for his firm's products.

\$1,500 BAIL SET IN THEFT CASE

Bail of \$1,500 was set by Judge W. E. Fisher in County Court Tuesday afternoon in the case of Stanley E. Mockford, when Mockford elected jury trial on a charge of breaking and entering with theft. The court would accept two sureties of \$750 each, Judge Fisher ruled. Mockford is charged with entering the property of Ling, tailor, on Sixth Street and taking a cash register on September 28. T. W. Brown appeared for the Crown and Mockford acted on his own behalf.

A Pressing Problem . . .

The problem of the youth who enlisted from school and, after serving in the forces, is discharged with no job to return to and no training for any particular line of work, yet desires and needs employment, is a national responsibility of pressing necessity for immediate action. Had the war gone on indefinitely this boy, as a fighting man, would have been considered worth feeding, lodging, paying, training and honoring. The money would be found by his country for all this and also to arm him and provide him with the equipment for destruction. Today it does not seem to be accepted that he is just as much an asset to his country as a potentially useful and valuable man in the pursuits of peace and equally worthy of training and using. If something is not done about providing him with the privilege and his right of making a living and enjoying a normal and honest existence, he is a potential menace and the reflection of the statement would be on the country whose responsibility he is.

Yes, the case of this young veteran, and all the veterans indeed, is a national problem and the sooner it is accepted and acted upon as such the better. It is not time for dallying. It is not good enough for the federal government to demobilize these young men and dump them on the country with the Micawber-like supposition that something will turn up, the complacent assumption that industry or business will absorb him. Industry and business may have the best of intentions in the matter and may try their best to take care of him. But the whole matter is too large to be handled in any such haphazard manner.

Neither the young men themselves nor the people will be inclined to tolerate much longer the attitude of dalliance which is now apparent in dealing with the case of the young veteran. He is entitled to a

better deal than he is getting now with almost every community in the whole country having such young men seeking and not finding employment.

The least the federal government can do is to devise a national plan for taking care of these young men until they are fit to take their place in industry and business and industry and business are ready to absorb them. There is a situation fast developing which has the possibility, indeed the danger, of getting out of hand. The time for action is now. Time is fleeting and the situation is hourly becoming more serious.

We rejoice at the boys returning but we also feel concerned about their immediate future. The prospect is far from satisfactory and it is reasonable for every responsible citizen to insist that the obligation be taken up with necessary action by the federal government at once. We have paid tribute to this government's fine record. May that record be continued by an assumption of duty and responsibility now!

Support Legion Bylaws . . .

Gladly we put in a word of recommendation to the ratepayers at the civic election this week to support the two bylaws providing for the ceding of property to the Canadian Legion for its building extension project on Third Avenue adjoining the present club. We have no doubt the taxpayers will approve by large margin the one bylaw whereby the Legion obtains by the payment of a token fee the lot desired and the other by which it is accorded freedom of general taxation although there is not exemption on this occasion from local improvement taxes.

The need of the Legion for greater accommodation is evident through the fact that, to large extent because of the large number of new war veterans now home from the wars, the membership has increased from 250 to 580. It is, indeed, cheap enough appreciation if we can help in a small way to facilitate the Legion functions and facilities on their behalf.

It might also be remembered that the Legion has always been generous and often active itself in the support of worthy local community enterprises.

LANDLORDS
Give the Veteran a Break!

THIS is frankly a patriotic appeal to all who have living quarters for rent—in apartment blocks, rooming houses and hotels. You are asked to give returning veterans and their families, not only an equal chance but a preference, when they enquire about accommodations . . . BECAUSE THEY DESERVE IT! They've done plenty for all of us at home, in protecting our country and our homes. Now it's our turn. These typical young Canadians had homes when they went away.

There have been great movements of population during the war. Many members of the forces have married since enlisting and face the problem of home-making under new and difficult conditions. Their ambition is to settle down, get to work and establish their homes. GIVE THEM A BREAK! You are not asked to give this accommodation, just to rent it, at rates approved by the Wartime Prices and Trade Board.

MRS. HOUSEHOLDER!
You, too, may help by renting unoccupied space in your home. One, two or three rooms made available to a veteran and his wife, will assist greatly in the veteran's rehabilitation and re-establishment in civilian life.

IT DIDN'T HAPPEN HERE!
This might have been your home, but for our gallant service men. Now that they're returning, let's show them and their families every consideration. Rent a part of your home. Give veterans priority!

If you have space which you can make available, list it with the Citizens' Rehabilitation Committee, or the local branch of the Canadian Legion; advertise it in the newspapers or list it with a real estate agent. Inquire at the nearest Rentals Office of the Wartime

Prices and Trade Board about five months or less rental agreements. These are exempt from normal Wartime Prices and Trade Board non-eviction regulations, and five months tenancy will help many veterans through the winter.

I.O.D.E. Chapter Meets at
Home of Mrs. William McLeod
Activities of Hill 60 Chapter,
Imperial Order Daughters of the
Empire, were reviewed at the
regular monthly meeting held
at the home of Mrs. William Mc-
Leod, Summit Avenue, on Mon-
day. The regent, Mrs. D. Or-
chard McLeod, presided. Mrs.
Rosser was welcomed as a new
member.
Twelve women's service bags
had been made and filled with
many useful articles, it was re-
ported.
The following articles were
made by the members and ship-
ped overseas recently: 11 sets
babywear, five ladies' night-
gowns, 22 children's nightgowns,
10 children's dresses, six chil-
dren's sweaters, three babies'
flannelette jackets, 20 pairs
socks. (Total value, \$130.75.)
The regent, as delegate from
Hill 60 Chapter, gave a very in-
teresting account of the work of
the Women's Co-ordinating
Council and it was decided to
donate \$10.
The usual monthly donation of
\$5 was ordered to the Rup-Rec.
For "Empire Study" an article
on "Radar Girl" proved instruct-
ive and entertaining.
The January meeting will be
held at the home of Mrs. G. E.
Moore.

in 55 years?**
Here's a fight that's far from over—against
tuberculosis, the dread plague that still kills
more Canadians between 15 and 45 than
any other disease.
Your annual purchase of Christmas Seals
since 1900 has helped cut the TB death rate
75%! And TB can be wiped out—some
authorities say by the year 2000.
Yet wartime conditions give TB a new lease
on life—human life.
So please, help us bring up the reserves.
This year, buy extra Christmas Seals. Re-

The Experts Say...

CHRISTMAS CANDIES—When you thought of gathering a supply of Christmas goodies this year you may have decided that candy was still out of the question, that while the present sugar ration was maintained the family would have to make do with the small quantities of commercial sweets available. But the children especially love their Christmas candy and varieties which make large use of popcorn are a treat—as well as being easy on small digestions and also on the sugar and butter supply. Popcorn balls, made with molasses, require 1/2 cup of light molasses, 3/4 cup of sugar, 1/4 cup of water, 1/4 teaspoon of vinegar, 1/4 teaspoon salt, 1 1/2 tablespoons of butter and six cups of popped corn. Combine molasses, sugar, water, vinegar and salt. Cook slowly while stirring until a small quantity will separate into heavy threads when dropped into cold water. Remove from heat and add butter, stirring only enough to mix. Pour over the popped corn, stirring constantly and shape quickly into balls. Butterscotch may be used instead of the molasses taffy recipe but it requires more sugar. For butterscotch balls, yielding about twice as much as the previous recipe, you need one cup of sugar, 1/4 cup of firmly packed brown sugar, 1/2 cup of butter, 1 tablespoon of vinegar, 2 tablespoons of boiling water, a pinch of salt and 10 to 12 cups of popped corn. Combine the sugars, butter, vinegar, water and salt. Cook slowly stirring constantly, until the mixture boils, then boil slowly, stirring until heavy threads will form when a small quantity is drop-

ped into cold water. Pour over the popped corn and form into balls. Commercially prepared puffed cereals may be used in these recipes instead of popped corn.

PEANUTS NUTRITIOUS—When you are shopping around for Christmas confections keep your eye out for peanuts. The nuts take high marks as providers of protein and niacin, the anti-peellagra vitamin. A round tablespoon of peanut butter contains a third of the protein contained in an average serving of meat, and the regular 1 1/2-ounce package of roasted peanuts contains one half. Peanuts are listed in Canada's Food Rules as a meat alternate for this reason.

After the paper doll fanciers have finished with your scissors they are bound to be pretty dull so keep a piece of sandpaper in your sewing basket to tide you over this emergency. To sharpen the scissors cut through the sandpaper several times—and sew through it too if the needle on your machine seems blunt.

TWENTY-FIVE YEARS AGO

December 12, 1920

A firm of Toledo brokers took up their option on \$150,000 worth of City of Prince Rupert bonds issued for construction of Booth Memorial High School. The same firm had an option for \$180,000 more of the same bonds, the only City of Prince Rupert bonds remaining unsold at that time.

Money to pay wages of the employees at the Prince Rupert Dry Dock and Engineering Co. had been banked in Ottawa for transmission to Prince Rupert, Col. C. W. Peck, M.P., wired S. E. Parker, president of the Board of Trade.

County court opened before Judge F. McB. Young with seven civil cases on the docket.

Keep a clothes pin or a marble in the sewing catch-all for mending holes in the fingers of gloves. Sew jersey seams with tissue paper backing to prevent puckering or stretching—you can pull the paper away easily afterward.

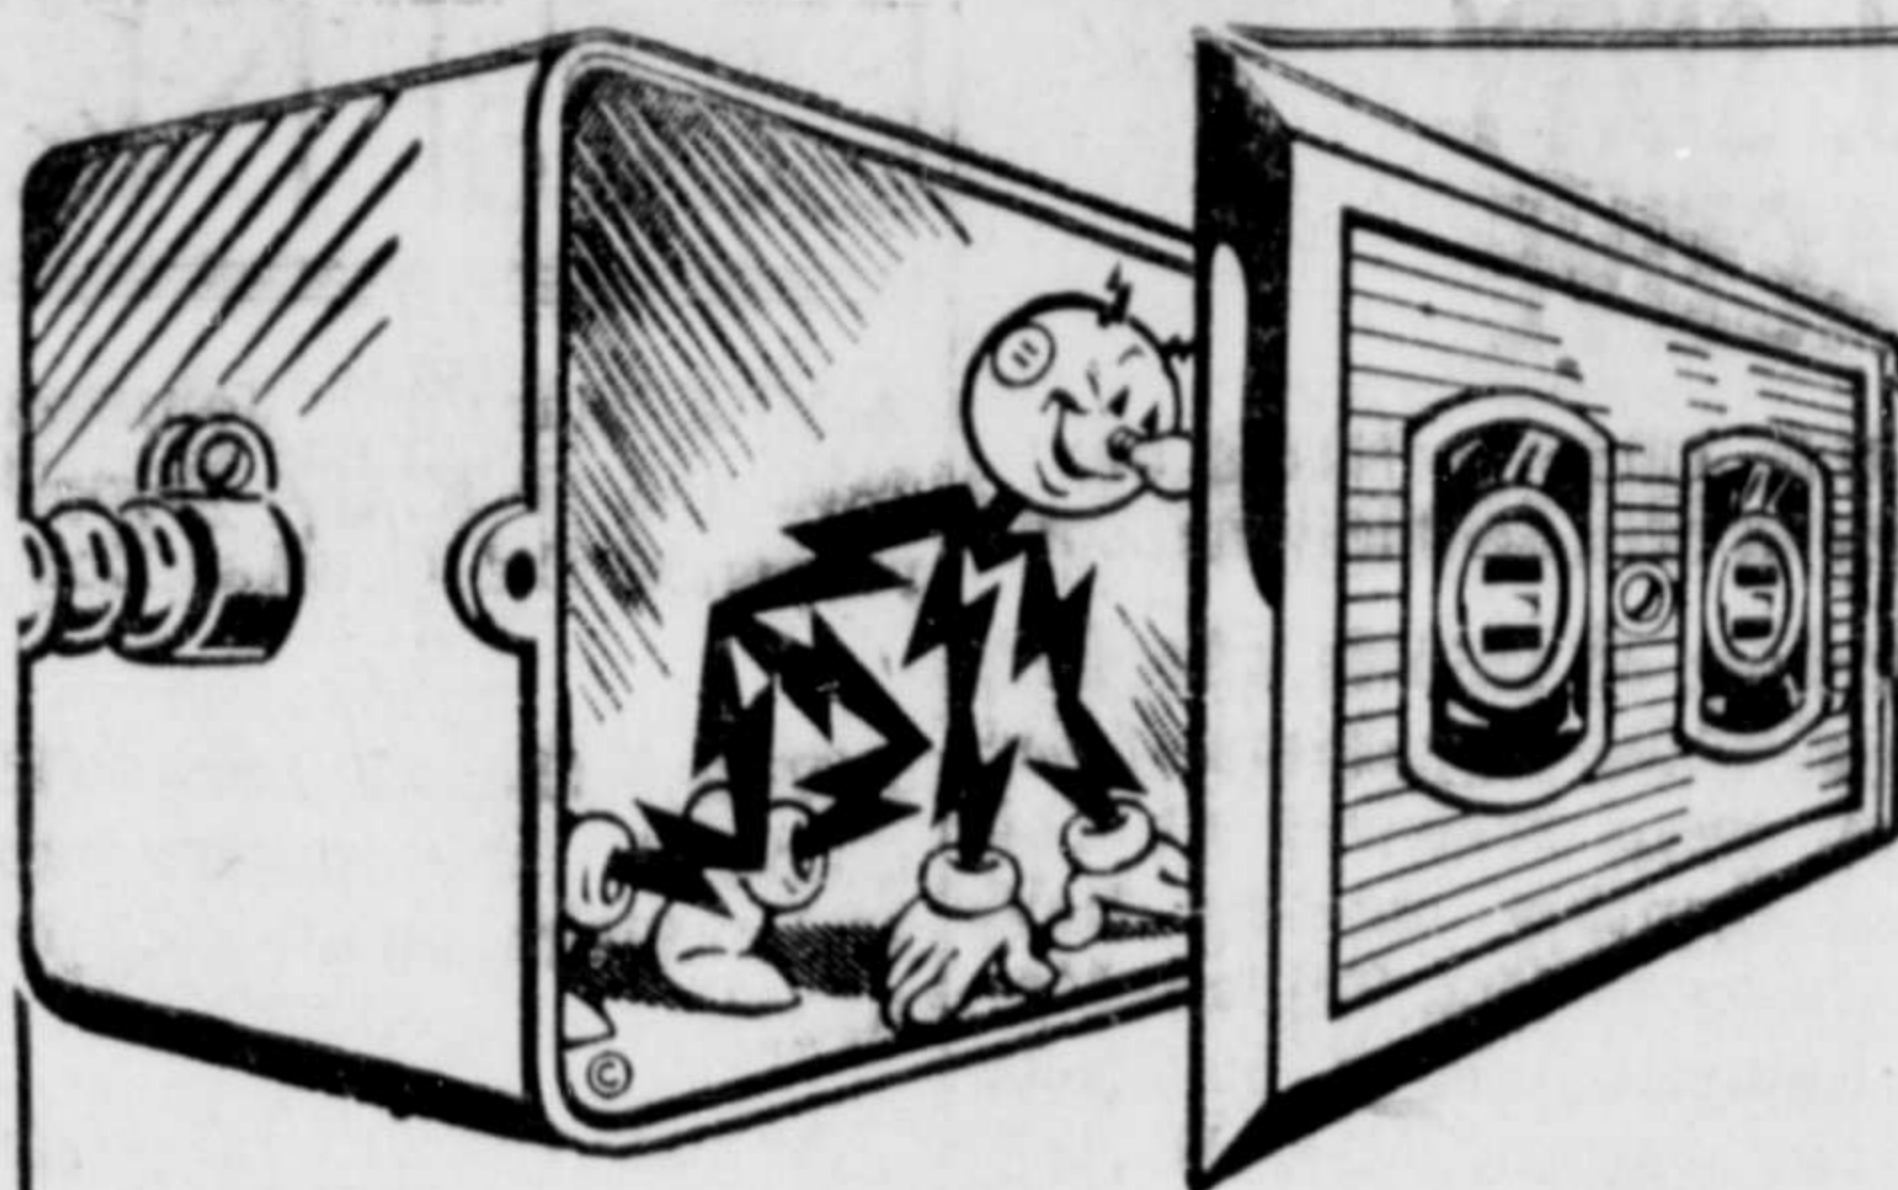

1945 IN INDUSTRY

(Continued from Page 1)
lines on employment graphs are reflecting a sudden change. The employment line goes down while the line showing the number of unemployed rises abruptly. In mid-autumn the two lines crossed and for the first time since the early stages of the war Canada had more people looking for jobs than it had unfilled jobs.

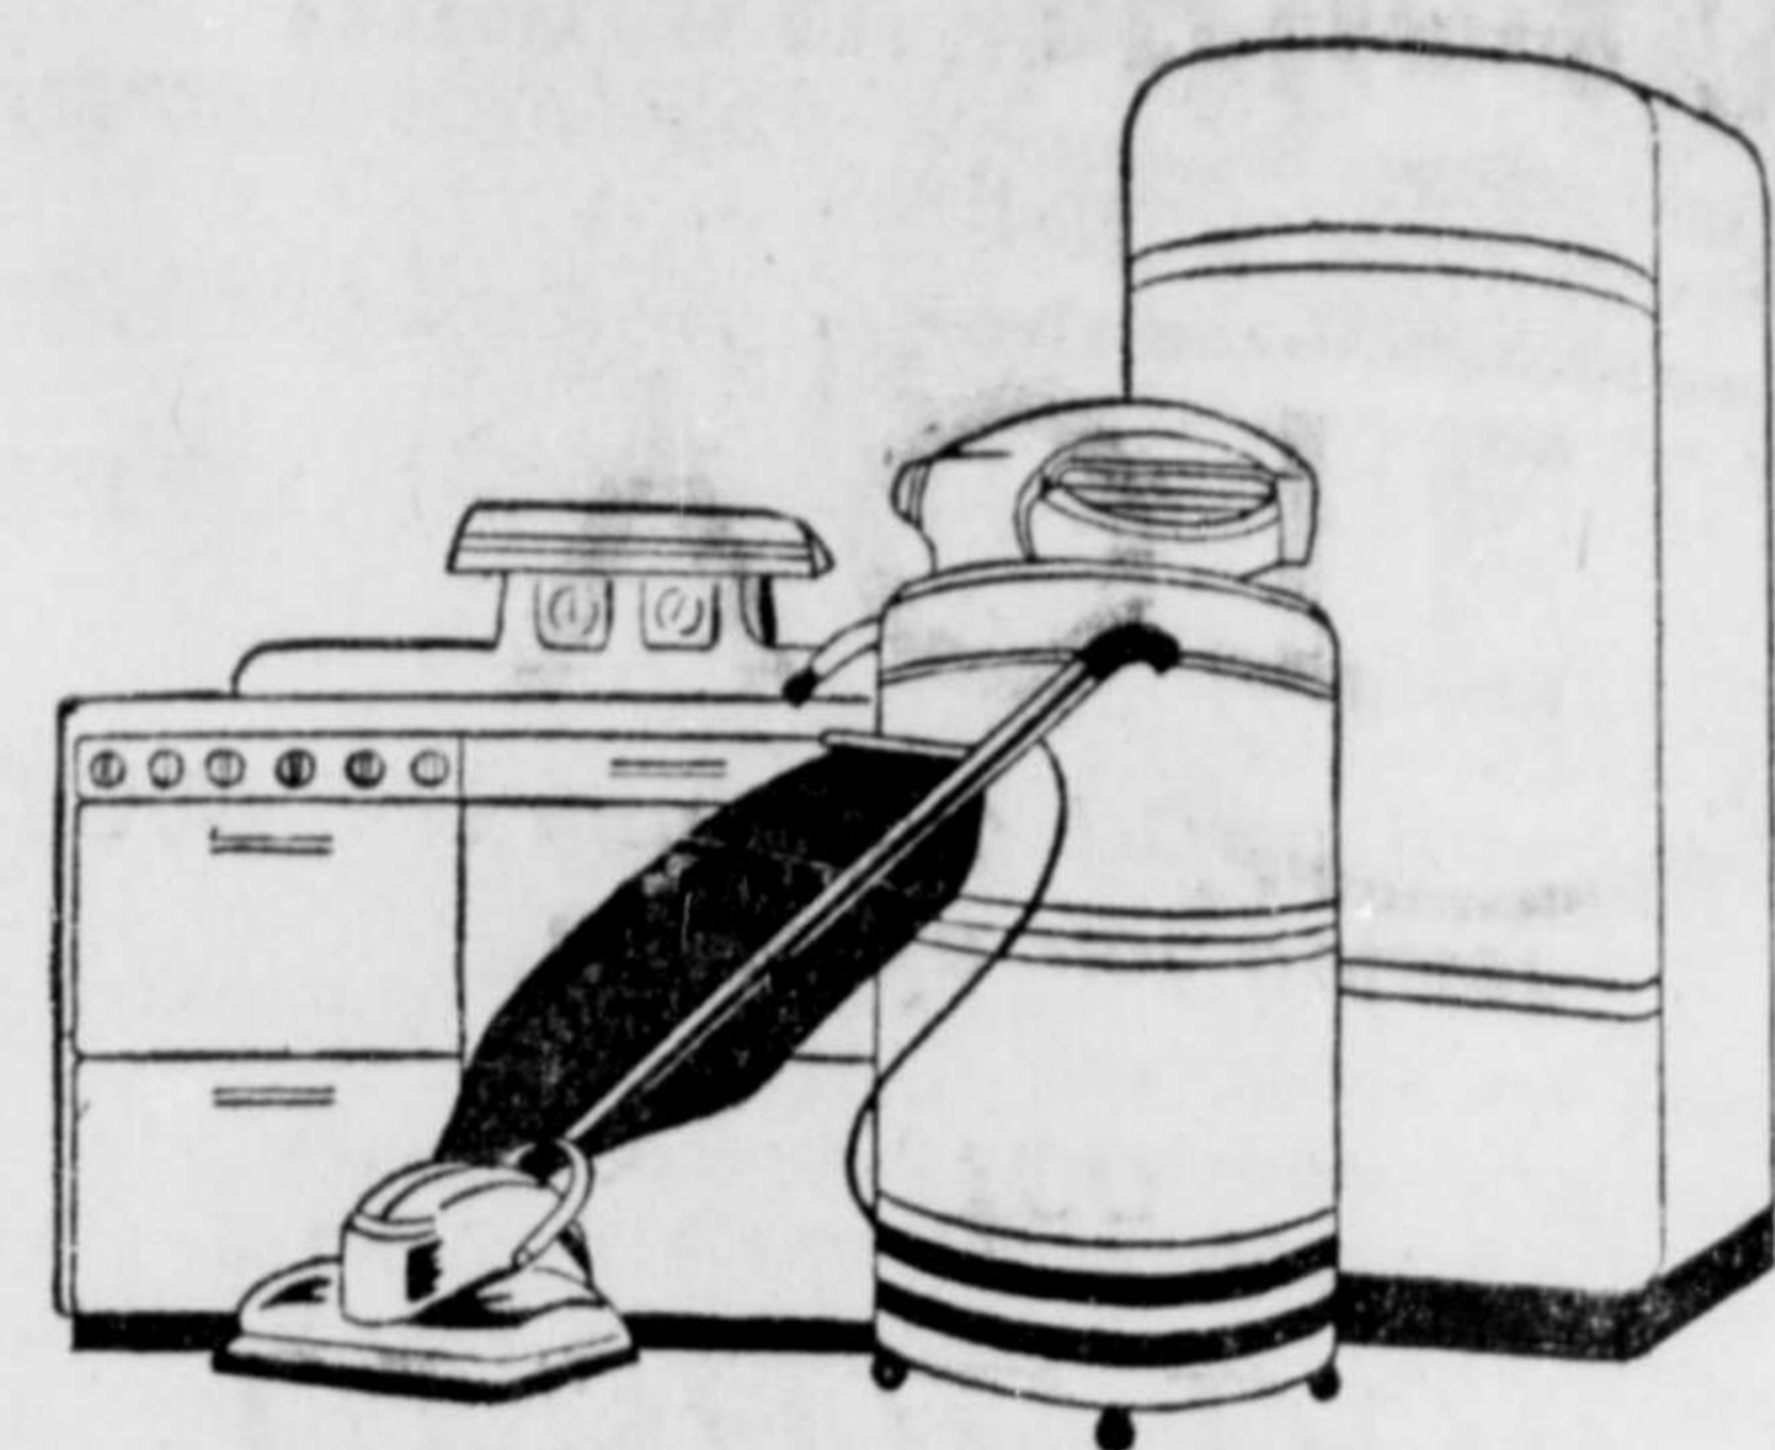

There is still a lot of work to be done. Men are needed in the mines; but they are largely skilled men. Men are needed in forest operations; but former factory workers are hesitant to leave city homes for distant lumber camps. Men are needed for housing; but many of those required were experienced tradesmen and construction is delayed by material shortages.

Those with their finger on the pulse of business and employment conditions believe it will be spring before reconversion troubles will end and Canada be in the full swing of post-war production.

MAJOR LEAGUE STATUS DENIED

National and American Executive Rejects Pacific Coast Request
CHICAGO—National and American League executives, in a meeting here yesterday, turned down a plea of the Pacific Coast League to become the third major baseball league. It was suggested by the majors in a statement that application be made again next year. They recognized the Pacific Coast League as "potential major league territory" and offered the Coast League services, if desired, "of a co-operating committee."

Modern Etiquette
By ROBERTA LEE

Q. How far in advance of the wedding day should the announcements be mailed?
A. The announcements should not be placed in the mail until the day of the wedding. Some member of the family usually attends to this.
Q. Is it all right to use the phrase, "Let me make you acquainted with," when introducing two persons?
A. One should avoid this phrase.
Q. Is an engraved card of thanks in good taste, following a bereavement?
A. It is often used, but a few words in one's own handwriting is preferable.

Today in Sports

The veteran first-base slugger of Cincinnati Reds—Frank "Buck" McCormick—has been sold to the Philadelphia Phillies. The transaction was completed Monday at the meeting of the major league representatives in Chicago. The Phillies are laying on the line \$30,000 plus one player yet to be named for the services of McCormick, who was chosen the National League's most valuable player in 1940. Meantime, the big league officials have decided to delay until today a decision on the Pacific Coast League's plea to become a major circuit. In other Chicago deals, the Hollywood Cubs of the Pacific Coast League bought Second Baseman Woody Williams from the Cincinnati club and Catcher Stan Andrews and Pitcher Jim Estock from the Phillies. Williams has been with the Reds for the last three years.

Winnipeg the Brandon Elks routed the St. James Orioles, 14-4, in a Manitoba Junior "A" Hockey Association game. But the club was suspended by the Manitoba Amateur Hockey Association. President Jimmy Dunn said the suspension will remain in force until such time as the Brown Elks hockey club executive sees fit to abide by the rules of the constitution and the decisions of the M.A.H.A. The suspension came after the Elks used Bill Johnson and Hector Bourgeois in the first period of the game. Brandon's application for transfers for the players had been refused and they were ordered to return to the Winnipeg Rangers and the Orioles, respectively. In the Ontario Hockey League senior "A" circuit Monday night, Hamilton Patricia defeated Owen Sound, 7-4. In the junior "A" series,

Mariboros trounced Barrie, 6-1, and Toronto Young Rangers defeated Hamilton Lloyds, 5-3.

The Manitoba schoolboy football champions, St. Paul's College, have received an invitation to meet a team from Vancouver College in Vancouver on January 1. This may be the start of a Canadian New Year's Day bowl game, now common in the United States. If the game comes off as scheduled, it will be the first match of its kind in Canada.
The U.S.A. Sports Federation—formerly the American Olympic Association—has changed its name again. Now it is the United States Olympic Association. With the name change came a revamping of its list of officers. Avery Bundage was re-elected president, but new men were named to other posts.

Shrinkage of Population Has Done Little to Relieve Department's Problems

Such shrinkage as there may have been in Prince Rupert's population during recent months has not eased the problems of the city telephone department in meeting the demand for service. Indeed, the department has been busier than ever of late making transfers as a result of much shifting in house tenancies. People leaving the city have been to large extent those who had no telephones anyway.

There are still upwards of 2000 telephones in service and there is yet a long list of people desiring installations but unable to be satisfied.

**Whifflets
From The Waterfront**

A unique marine rendezvous occurred late yesterday afternoon at Cardena Bay at the south end of Kennedy Island off the lower entrance to the Skeena River when the Union steamers Catala, Capt. Ernest Sheppard, and Cassiar, Capt. Lorne Godfrey, made an appointment which saved valuable shipping time and facilitated the movement of a large party of passengers bound from the Queen Charlotte Islands to Vancouver. The Cassiar was coming in from a special voyage to the Islands with some fifty loggers to the Catala for Vancouver. She became late and would not have arrived until evening whereas the Catala was to leave at 1:30 p.m. The local agent, Frank Skinner, seized on the idea of having the two ships meet and effect the transfer. Accordingly the Catala sailed on schedule at 1:30 p.m., reached Cardena Bay and anchored there. Soon the Cassiar came along and tied up to the Catala. The plank was run out from deck to deck and passengers and effects transferred with dispatch from one ship to the other. Then the Cassiar cast off and came on into Prince Rupert and the Catala continued on her way to Vancouver. The Cassiar sailed from here at midnight last night for Vancouver via lower Queen Charlotte Islands, an even two days behind schedule.

Fog which created navigational hazards along the coast yesterday and today caused a delay in the arrival of the steamer Prince Rupert. She docked here at 1:30 this afternoon with Capt. E. B. Caldwell in command.

LONDON (Reuters)—Lt.-Gen. Desmond Francis Anderson has been made a trustee of the Imperial War Museum in succession to Maj.-Gen. Sir Frederick Maurice who has resigned.

Lorne Thomson Served Five Years With Government During War

MONTREAL, Dec. 12—The return of Lorne Cameron Thomson as manager of stores, Canadian National Railways, effective December 1, after more than five years of service with the Canadian government at Ottawa is announced by D. McK. Ford, vice-president of purchases and stores. With his return to the C.N.R. Mr. Thomson resumes a railway career that began in 1897.

In May, 1943, Mr. Thomson was loaned to the staff of the Minister of National Defence, Ottawa, and in August of that year transferred to the Naval department for the purposes of accelerating certain supplies in that department. He became manager of stores, Naval service, in February 1941 and two years later was made director general of Naval stores, then deputy chief, Naval equipment and supplies, six months later.

This was Mr. Thomson's second period of war service to the government as he served as superintendent of transportation for the Imperial Munition Board in the First World War from February 1916 to December 1918 during which time he was also engaged in special work for the British war mission in New York.

**Patrick Gillis to
South America**

Chief Petty Officer Patrick M. Gillis, son of Mr. and Mrs. J. J. Gillis, who served in the Navy throughout the war at Newfoundland, in Nova Scotia and on the Atlantic Ocean in rescue barge service, arrived in the city on the Prince Rupert today after having received his final discharge in Vancouver. His wife having been here for the past three weeks, they will leave in a few days to visit in Calgary and Winnipeg before proceeding to Peru in South America where Mr. Gillis has accepted a position. A well-known local boy, he was at one time located at Hazelton in charge of an electric plant and enlisted from Trail.
