Factory Agreement Is Yet Reached
 Hundreds of sockeye salmon fishermen from the Naas to the Skeena remained in port for the week-end because B.C. fishermen failed to obtain a satisfactory agreement with cannery operators in the northern districts. The sockeye season opened at the Skeena Sunday night but no fishing along the coast has been made any attempt to be negotiations pending the completion of negotiations between representatives and those cannery operators.
 The Skeena river fishermen are today awaiting results of a conference which is scheduled to be held between the representatives in Vancouver this afternoon, and which is expected to resolve the difficulties. In the meantime fishermen here are waiting for an acceptable agreement to have been arrived at for the week-end. No price schedule has been reached for pink salmon, and fishermen's representatives are holding out for a pact which will cover all of the sockeye season.
 William Rigby, secretary of the United Fishermen and Allied Workers Union said in Vancouver today that "the price for sockeye is satisfactory but the fishermen want a complete agreement on all prices before fishing starts."
 The Native Brotherhood of British Columbia is standing with the Allied Workers Union in the negotiations.

CHARGING THROUGH VALLEY OF DEATH—A marine charges right into the teeth of Japanese machine-gun fire as he races across a draw on Okinawa, called "Death Valley." The spot was so named after the marines had sustained 125 casualties in eight hours of fighting there. Savage fighting continues on this island as fanatical Japs try to prevent its use as a base that will bring U.S. forces within 500 miles of the main Jap islands.

MUST HAVE GREAT MAJORITY IN HOUSE, CHURCHILL TELLS PEOPLE

LONDON, June 25 (CP)—Prime Minister Winston Churchill, beginning a tour of one thousand miles through England and Scotland to plead the cause of Conservatism, declared in a campaign address Monday that "it is no use the people thinking I can continue to serve unless I have a great majority when I return to the House."

Mr. Churchill declared that this election is of great importance because it comes at a moment when the future of our country is at stake. "We can only preserve our place in the world by being united. We had to have the election because this Parliament had lasted so long," Parliament was just under ten years old.

During a four-day trip Mr. Churchill will make fifty or more speeches.

HE WORKED ON ALASKA ROAD

Walter Wilson Resigns as Secretary of Burns Lake Board of Trade

(By Barney Mulvaney)

BURNS LAKE, June 25—People of the central interior and the westerly portion of Northern British Columbia will regret to hear of the retirement of Walter Wilson, M. E., as secretary of the Burns Lake and District Board of Trade. During his long secretarialship his time has been almost fully occupied by a thorough investigation of the most feasible route for the final location of the promised highway to Alaska which his local knowledge and the fact that he is an engineer of proven ability fully qualified him.

A comprehensive article on the subject, accompanied by a map of great clarity, has been published in the "Alaska Life" of Seattle, the issue of which containing the article will be submitted to the highway convention to be held shortly at Spokane, Washington.

Although compelled to retire as secretary of the Burns Lake and District Board of Trade on account of health reasons, Mr. Wilson will still maintain his interest in the construction of the Alaska Highway and eventually a railroad over the route as suggested, considering it from the viewpoint of economy and service to the people of British Columbia.

It is locally acknowledged by all the people of the north that the development of the Peace River and all the empire lying northeast of Prince George belongs to that thriving city, but the vast area lying north of Quessnel and continuing westerly via Hazelton to Alaska requires one direct road which would render the vast resources known to exist easily accessible by separate spurs which the main road would not touch in following the most direct route. And so the local slogan is "Westerly to Alaska."

Pr. Rupert In Pacific

Namesake Frigate Comes Out From Atlantic for War Against Japan

The frigate H.M.C.S. Prince Rupert has arrived at Esquimalt from the Atlantic and will be reconitioned for service against Japan in the Pacific.
 H.M.C.S. Prince Rupert, which was constructed at Yarrows Ltd., Esquimalt, was commissioned there in August, 1943. She proceeded to Halifax through the Halifax Canal under command of Lt.-Cmdr. Robert Draney, D.S.C., R.C.N.V.R., of New Westminster. Lt.-Cmdr. Draney remained with Prince Rupert throughout her service in the Atlantic and brought her back to Esquimalt.

Prince Rupert has a German submarine to her credit. In March, 1944, when escorting a westbound convoy an R.A.F. patrol plane reported the sub. A U. S. destroyer was the first to reach the scene but Prince Rupert came up fast and was the first ship to open fire on the U-boat and was officially recorded with the "kill." A second U. S. destroyer also closed in. Prince Rupert and one of the U. S. ships picked up German seamen. The action lasted five hours.

Prince Rupert's last operation before V-E Day was as a support force out of Halifax. Forty per cent of Prince Rupert's crew, which left this coast in her in 1943, made the return trip to Esquimalt.

The Prince Rupert is demounting at Esquimalt and is being dismantled at Vancouver. She will have her refitting work done at Yarrows.

IRE TO HELP FEED EUROPE

Plans to Send Generous Supplies Will Mean Sacrifices at Home

DUBLIN, June 25 (Reuters)—Eire's plans to send about £3,000,000 (\$13,500,000) worth of food, clothing and livestock for the relief of war-ravaged Europe will mean ration cuts at home, Prime Minister de Valera said in the Dail.

Britain, the United States and other United Nations were putting large-scale relief plans into operation, he said, and Sweden and Switzerland among the neutral states were taking a large part in relieving the people of stricken countries.

Eire had made several efforts to help, but transport difficulties had interfered. Now an Irish hospital unit was about to be established in France and the transportation situation was easing.

"Some countries may prefer to purchase food," said Mr. de Valera, "but I should like in the name of the Dail to have it understood that our people are ready to provide those necessities of life (to an amount of £3,000,000)."

"It will involve a reduction in our rations of some commodities but the sacrifice involved will, I am sure, be readily accepted by our people to help fellow beings in dire distress."

Projected bacon shipments would involve some reduction in home supplies. Butter shipments could be met by maintaining the domestic ration at six ounces weekly instead of increasing it to eight ounces as was done last summer.

There would be less condensed milk for home use, and less cheese. The sugar ration would be cut from three-quarters of a pound weekly to one-half pound.

BIG SERVICE MEN TRAFFIC

MONTREAL, June 25—Since the commencement of the present large scale movement of returning active personnel from Europe on June 15, forty-nine special trains carrying a total of 15,293 passengers, have left Halifax over lines of the Canadian National Railway, bound for all parts of the Dominion. The peak of the movement came with the arrival of the Ile de France last week. Twenty-one specials were required to handle the 9,026 repatriated soldiers coming on the huge troop ship. Two of these specials left Halifax on June 20. The next day was the heaviest of the movement, when 126 specials left the Atlantic seaport while the remaining three left on June 22.

During the period of this movement, two hospital ships arrived at Halifax, the Letitia and the Llandoverly Castle. Returning wounded from the Letitia travelled on three C.N.R. hospital trains, while two trains brought the invalided personnel from the Llandoverly Castle.

In addition to the special trains leaving the Atlantic seaport, a third section of the "Ocean Limited" has been in operation daily for the past two weeks, Canadian National passenger officials say, and will continue until further notice. These extra sections accommodate personnel of the Royal Canadian Navy. Approximately 240 returning sailors are handled daily by this means.

INTERIOR NEEDS DRY WEATHER

SMITHERS, June 25—For the past two weeks the weather locally has been dull and cloudy with frequent light squalls of rain. It has been a little too cool for good growing weather but the hay crop has been doing very well and it is expected that there will be a good crop of timothy hay and timothy seed in the Bulkley Valley this year. Some good warm weather would bring everything along well as there is more moisture than usual in the ground at this time of the year. The weather now gives signs of clearing and promise of more reasonable conditions in the near future.

Toward Singapore . . .

The move on Singapore and the Dutch East Indies is under way. When battle-hardened Australian veterans leap ashore on the beaches of Borneo not only the oil and rubber is the prize ahead. Of even more immediate concern are control of the sea lanes to Japan's outposts in the Indies and steppingstones westward along the north coast of the huge island.

It should not be long before companion moves begin down the west Malayan coast from Rangoon, the British closing in on Singapore from the Indian Ocean side. It is both expected and proper that the Australians should undertake the approach from northwest Borneo. The retaking of the Indies will be a Dutch-British Commonwealth show.

The Aussies rate a round of ap-

plause as they move from the obscure though tough and necessary job of mopping up by-passed islands and again take their place in the forefront of the advance.

The Late Dr. Fred Kerr . . .

Pioneers of Prince Rupert will recall the late Dr. F. W. Kerr as a fiery young preacher who was sensational and hard hitting enough to fill the old Empress Theatre every Sunday night.

Dr. Kerr came to Prince Rupert as a young man in 1912 and a year later brought his bride here. In 1915 he was called to St. Andrew's Church, New Westminster. He left British Columbia in 1924 and for six years was a professor in Manitoba College and preacher in Knox Church, Winnipeg. Later he moved to Montreal and a year or so ago failing health made it necessary for him to give up the pastorage of a metropolitan church. Later he returned to Winnipeg.

Dr. Kerr became an authority on international affairs and attended a conference in Geneva. He was of the big city type of pastor and of recent years had distinguished himself as the pastor of metropolitan congregations.

Dr. Matthews—

Sees Christ Major Peace Factor Today

World peace plans for the future must be based on the teachings of Christ and His spirit must pervade all international agreements, Rev. Dr. Basil Matthews, director of the Union Theological Seminary, Vancouver, told a combined congregation of Anglican, Presbyterian, Lutheran and United Church members at a joint service in St. Andrew's Cathedral Sunday night. The renowned church traveller and missionary worker delivered his sermon to a church filled to capacity.

Dr. Matthews took as his text a portion of the Gospel of St. Luke in which Christ spoke of freeing the prisoners of war and making the blind see, finding modern applications for Christ's words.

Without Christian understanding and the true desire for peace, the modern international machinery being set up to maintain peace loses a great part of its strength, Dr. Matthews said. With it, the world stands an excellent chance of entering a warless era, because it has a background of peace planning in the League of Nations.

Although the league was unsuccessful in maintaining peace, its economic agencies have made comprehensive studies of the economic causes of the Second World War and are able to advise the world leaders on ways of avoiding earlier mistakes.

He urged the whole world-wide Christian community to assist by prayer the world leaders who are charged with the task of establishing a warless world.

Intimately acquainted with the world's largest and most backward countries, China and India, Dr. Matthews saw the work of assisting them to emerge into enlightenment and self-government as a responsibility of the Christian nations.

"It was not the Confucionists, Buddhists or Moslems, nor even the western governments which have guided those nations in the great strides they have already taken," Dr. Matthews said. "It was largely the Christian missionary and medical worker."

Dr. Matthews likened the world peace organizations to the plumbing which channels the spirit of understanding, but which, of itself, does not inspire it.

"The source of that spirit is in the Christian idea, and it must flow through man-made agencies to be of value. But those agencies are merely the plumbing through which it flows, not the source of it."

The service was led by Very Rev. J. B. Gibson, dean of St. Andrew's and bishop-elect of Caledonia, and the cathedral choir, conducted by Peter Lien, led the singing.

Dr. Matthews, who was at First United Church yesterday morning, is to speak at a meeting in First Presbyterian Church tonight.

The branch now has a membership of more than 100 and it is growing steadily as the new veterans continue to join. It has been very active in the matter of adjustments of complaints or other requirements of veterans in dealing with the administrative authorities.

Smithers District Farmer Is Injured

SMITHERS, June 25 — Paul Sturzenegger, a farmer in the Glentanna district, met with an accident Thursday morning while riding his bicycle on the road near the Carl Mortensen farm. Coming around a very sharp turn in the road he collided with a light delivery car driven by Carl Nordin. The bicycle was demolished and Mr. Sturzenegger suffered a bad cut on his upper left arm. Mr. Nordin brought him in to Dr. Greene who attended to his injury. The car had a broken headlight and damaged radiator grill. Mr. Sturzenegger came to Smithers from Switzerland about six years ago and is an industrious and progressive farmer of the Glentanna district.

"DEAD END" IS DRAMA

"Dead End," dramatic picture based on the stage play of street life in a great city, shows this Monday and Tuesday at the Capitol Theatre with Sylvia Sidney, Joel McCrea and Humphrey Bogart heading the cast. Sylvia Sidney gives a great performance as the little slum girl who fights a valiant but losing battle to save her small motherless brother, Tommy, from the gangster's fate she has seen the slum mete out to so many of its sons. Joel McCrea is the penniless young architect she loves and who, in turn, is loved by Kay (Wendy Barrie) the girl who has found a dubious route out of the slum into a penthouse in the fashionable apartment next door.

Humphrey Bogart is the gangster and killer, who crawls back to the slum to see his mother and boyhood sweetheart Franey, once more — and for his trouble receives from his mother stinging recriminations and hatred; from Franey the bitter knowledge that she has taken

FORMER U.S.O. LEADER RETURNS

Frank Finnerty, USO director, has announced that Bob Herrick has arrived in Prince Rupert to replace Peter C. Wambach as program director of the club. Wambach recently returned to the United States to take up other duties.

This is the second visit to Prince Rupert for Mr. Herrick. From February, 1943, to February, 1944, he was attached to the sub-port of embarkation as recreational director of the American Red Cross. During this time he became one of the originators of the Acropolis News, a camp newspaper of Acropolis Hill, and the Port Post, of Port Edward.

"It certainly is great to get back to friendly Prince Rupert and renew old acquaintances. I am looking forward with pleasure to my present stay here," Mr. Herrick said.

Herrick, a graduate of the University of Missouri School of Journalism, has been engaged in radio work for several years, having had his own program over a Los Angeles station for more than three years. He has also directed several of the "big name" shows. It is believed Mr. Herrick is planning to conduct classes for interested service personnel in this subject.

TERRACE WEDDING

TERRACE, June 25—St. Matthew's Anglican Church was the scene of a wedding of wide interest on Thursday afternoon when Rev. R. Hills united in marriage Miss Audrey Sessions, daughter of Mr. and Mrs. G. C. Sessions of Terrace, and James Bremner, son of Mr. and Mrs. John Bremner of Prince Rupert. It was a double ring ceremony. The Wedding March was played by Mrs. Dan MacMillan, the organ accompanist.

The bride looked very pretty in a blue silk afternoon dress with white accessories. She wore a corsage of pink carnations and carried a white prayer book. A necklace of beautiful pink pearls, the groom's gift to the bride, adorned her neck. Matron of honor was Mrs. Al Gauthier of Jasper, who was attractive in a rose silk dress. Albert Haugland, R.C.A.F., of Prince George was best man.

Following the ceremony, there was a reception at the Terrace Hotel. The guests were received by the bride's mother who was charming in a grey-blue dress with navy blue accessories and by the groom's mother who was tastefully attired in a rose ensemble.

The main table was centred by a beautiful three-tiered wedding cake embedded in American Beauty roses. The room was tastefully decorated with pink and white streamers, artistically arranged to come together in a pleasing centre design. Carnations were on the tables. Caterers for the occasion was Mrs. Curly Bailey. Albert Haugland proposed the toast to the bride to which the groom responded.

In addition to the principals, their attendants and the parents of the bride and groom, those present were Miss Betty Bremner, Mr. and Mrs. Chris Haugland, Mrs. Albert Haugland, Mrs. Corlett, Mrs. Dan MacMillan, Rev. R. Hills, A. Attree and Mr. Billy Donald.

The happy couple left for Prince Rupert by car and, in the evening, took the boat for the south. After a honeymoon in Vancouver and Victoria, they will return to take up residence in Prince Rupert.

MASSETT JUNIOR RED CROSS SALE

MASSETT, June 25—A very successful tea, raffle and white elephant sale was held in the Massett Community Hall by the Junior Red Cross under the supervision of Mrs. Jean Singer.

A beautiful crocheted wool afghan made by the pupils of grades four, five and six was raffled and was won by Mrs. Christensen of Queen Charlotte City. A crocheted wool cushion made by Ann Burton was won by Jerry McGrath at the local naval station. The grade pupils made many other articles for the sale including stuffed calico animals, wooden trucks, vases and ashtrays.

The hall was nicely decorated and the tea tables were gay with flowers. A fish pond in one corner was a great attraction.

The tea tables were under the supervision of Mrs. Irene Sutherland, teacher at the Junior High School, assisted by her pupils who waited on the tables. Mrs. Bessie Minaker read the tea cups.

The proceeds for the afternoon were \$114.

STRAWBERRIES APPEAR BRIEFLY

Strawberries made a brief appearance at local grocery stores at the week-end, disappearing quickly as fruit-hungry housewives bought them up. They were the first of the southern strawberries to arrive in Prince Rupert this year and sold at prices around two boxes for 59 cents. More are expected to arrive Wednesday.

Cherries are on the market now, selling at 47 cents a pound, along with red plums at 25 cents, apricots at two pounds for 55 cents, and watermelons at nine and a half cents a pound.

Among those who left Saturday night on a trip to Vancouver were Mrs. J. Hoskins and son.

Among those who waited on the tables, Mrs. Bessie Minaker read the tea cups.

The proceeds for the afternoon were \$114.
