Others who had not seen brother for sixteen years and had not been in communication for over three years have been brought into contact again by means of a personal advertisement in the Daily News.

NATIVES AFFIRM ANTI-JAP STAND

KITWANGA, June 4.—The Native Brotherhood of B. C. against the return of Japanese to the coast re-affirmed by Harold Sinclair, president of the Kitwanga branch, at a meeting here.

INSPECTOR TO VISIT HERE

B. C. Bracewell, provincial inspector of municipalities is expected to arrive in the city on the 15 in the course of an inspection of cities and towns in the northern part of the province.

Those Who Shout "UNITY" Would Destroy It . . .

Throughout eight of the provinces of Canada the Progressive-Conservatives are in favor of conscription and are attacking the Liberal administration on its policy of partial compulsory service.

Jap Suicide Planes To Bomb United States

News Highlights

Eighteen More Jap Vessels Sunk Allied planes have sunk eighteen more Japanese vessels in operations in the southwest Pacific.

Mop Up On Okinawa Mopping up on Okinawa Island, United States forces are within sight of the southern beaches. They are drawing closer to Naha airfield.

Formosa Is Strafed United States bombers have dropped 370 tons of missiles on the capital of Formosa and extensive damage has been done.

Another Mindanao Landing American amphibious forces have made their sixth landing on Mindanao Island in the Philippines. The latest landing is seventy-five miles south of Davao.

British Subs in Pacific A BBC broadcast says that British submarines now are operating from bases in the Philippines. The British undersea craft are said to have been operating with American naval forces for the past eight months.

Applewhaite At Terrace

WARNS INTERIOR PEOPLE AGAINST DANGER OF CCF CENTRAL COMPACT

TERRACE, June 4—E. T. Applewhaite, Liberal candidate for Skeena in the coming federal election, and J. W. Heffernan, K.C., Vancouver, spoke to a large and enthusiastic audience in the Oddfellows' Hall on Friday evening. It was the best attended political meeting held in Terrace since the beginning of the campaign.

DEATH FROM SHOCK FOLLOWS WATER MISHAP

Abel Angus, age 36, a Naas River fisherman from Kincolith, died Friday as a result of shock after he had fallen from his trolling boat, the Silver City, and spent some time in the water before being rescued, a coroner's inquiry decided on Saturday.

and was unconscious for several hours before the end as clergy and special nurses stood by in attendance. Bishop Bunoz was the first and only Bishop of the Vicariate of Prince Rupert had. After being ordained Priest in Rome in 1891 at the age of twenty-two he came to British Columbia in the fall of that year and applied himself to the study of the Chinook language to be fitted for missionary work among the Indians. For over ten years he worked among the white settlers and Indian tribes of the New Westminster Diocese of which he later became Vicar General. In 1902 he was sent to Dawson and in 1903 was removed to Prince Rupert to become Prefect of the newly created Prefecture of Prince Rupert. On October 18, 1917, he was consecrated Bishop of Yukon and Prince Rupert. When the Vicariate was divided in two in 1944, Bunoz became Vicar Apostolic of Prince Rupert and Coudert Vicar Apostolic of Yukon. His Excellency was born at

Tokyo Broadcast Suggests TransPacific Air Attacks

Stratosphere Balloons to Be Used By Death-Defying Airmen in Large Scale Assaults On This Country

SAN FRANCISCO, June 4 (CP)—Japanese propagandists predicted today that the United States will be attacked in the "near future by bomb-carrying stratosphere balloons manned by death-defying Japanese pilots." The broadcast said that a spokesman of the Japanese armed services had disclosed that pilotless balloon attacks, recently admitted by the United States Army, were launched against America on June 10 last, Japanese Army Day, and hundreds of them had been released from Japan every day since. The spokesman pointed out that thus far these attacks have been on an experimental scale and he predicted that, when actual results of the experiment have been obtained, large scale attacks with death-defying airmen manning the balloons will be launched.

ONE DROP LESS WOULD SET MARK

New information on Prince Rupert's May-time drought, was revealed by the R.C.A.F. meteorological station at Seal Cove. One drop less would have set an all-time record. At Seal Cove 1.58 inches of rain fell during the month. Weather records at Victoria show that lowest rainfall listed in this district was 1.8 inches in 1935 and 1.5 inches in 1917.

Situation Is Critical

EISENHOWER IS COMING HOME

Allied Commander-in-Chief Returning From Overseas This Month

NEW YORK, June 4.—General Dwight P. Eisenhower, commander-in-chief of Allied forces in Europe, will arrive in New York June 18. Mayor Fiorella LaGuardia has ordered June 19 to be "Eisenhower Day" and a holiday. General Eisenhower will proceed June 21 to Kansas City, where his aged mother resides.

General Omar Bradley has arrived in New York from Philadelphia. General Mark Clark is in Washington.

Fire Breaks Out In Apartment Block

A fire of undetermined origin which broke out in a coal bin of the Aldine apartments, Third avenue and Sixth street, at 12:40 this morning resulted in some damage, mostly from water. Burning stubbornly, the blaze required considerable water to extinguish it but was confined to the area where it started. Residents of the building were prepared to move out their effects but found it unnecessary. The building is owned by former City Commissioner W. J. Alder.

"Miss Canada" Girls Sell War Stamps

Instituting a twice a month war savings stamp canvass, Job's Daughters were on the streets Saturday and sold stamps to the amount of \$203.75. Miss Stan Saville was in charge of the "Miss Canada" girls who were the Misses Mary Margaret Bulger, Joanne Langridge, Peggy Pullen, Solveig Mork, Betty Allen, Gwen McRae, Monica Holtby, Dorothy Kergin, Betty Pullen, Lorna Donaldson and Glenys Lashmar.

JOHN BRACKEN says . . .

"Our attitude towards Labor is the same as that enunciated by President Wm. Green of the American Federation of Labor and Philip Murray of the C.I.O." The fundamental rights of Labor to organize and to engage in collective bargaining with management shall be recognized and preserved free from legislative enactments which would interfere with or discourage these objectives. LABOR! . . . Don't be misled by C.C.F. and Labor-Progressive promises. VOTE HARVEY and a SQUARE DEAL for LABOR!

One of God's Good Men . . .

We can say as we mourn his passing that Rt. Rev. Emil Marie Bunoz, O.M.I., was one of God's grand and good gentlemen. As he moves on in the fullness of years, after a long life filled with fine and useful acts, to the reward which is promised to all true Christians, we join with the citizens of Prince Rupert and the people of the whole of northern British Columbia who these nearly fifty years were his very good friends and deep admirers in paying our word of tribute.

This past year or so while the onset of age kept him largely confined although far from inactive in the continued exercise of his eccle-

siastical administration, we missed his robust figure, his resonant voice and his cheery chuckle as he passed along the street among his friends who were unbowed by creed or domination. Now he is gone and we grieve that in this life he is with us no more.

It is believed that the good a man has done, the cheer he has spread, the inspiration and counsel he has given live after. If these are a measure of the duration of his living spirit among those who remain, we know that this holy man shall stay in the memory and hearts of all who knew him as long as they shall live and that, if we are Christians and believe in the promises of the beyond, we shall meet once more together in a place which shall know no distinctions of race, state or creed.

If all Christians were as Christ-like as the pioneer ecclesiastical leader who has passed away, if all men exemplified Christianity in as broad sense as he did, we would find it easier to unite ourselves in the pursuit and practice of the precepts of God's Kingdom on earth in its fullest measure.

WARNS INTERIOR PEOPLE

(Continued from Page 1)

the support of Terrace electors on two grounds—his own qualifications to represent the people of the Skeena and his support of the Liberal administration. He stressed the point that it was the prime duty of a member to learn to carry out the views and wishes of his constituency rather than to force his views on them. Referring to the other candidates, Mr. Applewhite assured his audience that his campaign would be fought on policies and platforms, not on personalities.

Mr. Applewhite outlined his stand on the Japanese question. His consistent efforts would be to see that no Japanese return to the coastal area of B.C., and that, as soon as possible, all persons of the Japanese race be repatriated. He found it impossible to understand how the C.C.F. party, which claimed to champion the cause of the workers, could support the return of the Jap and give them the vote, thus aligning themselves with those unscrupulous employers who would like to use Jap labor to reduce wages and standards of living.

Mr. Applewhite attacked the C.C.F. as a party incapable of giving to Canada democratic

and responsible government, citing various recent incidents in which the C.C.F. party machine had controlled the actions of members of parliament and candidates. He claimed that this machine, if it could contract one member, could contract them all and that the election of a C.C.F. government would result in giving to Canada a system under which the prime minister and his cabinet would be entirely controlled by and responsible to an executive committee which was not elected by the people of Canada nor responsible to anyone. This, he claimed, is exactly the system of government imposed upon Germany by the National Socialists. The candidate urged his audience not to let Canada's service men and women return to a country sold out to a "made-in-Germany totalitarianism."

Mr. Applewhite outlined the program of veterans' re-establishment which is admittedly the most comprehensive and generous in the world. He pointed out that this program is in effect, not a mere promise, and gives the veteran all those things which opposition parties are offering him. He urged that the party which put the legislation into effect be returned to

carry it out instead of allowing inexperienced and visionary parties to take office and wreck the good work already done.

COMMITTED TO LOCAL PROJECTS

In matters of local interest Mr. Applewhite assured his audience of his consistent interest and work for the improvement and maintenance of the Skeena Highway and also the utilization of the Terrace Military Hospital. He stated that it was a foregone conclusion that contributory old age pension would shortly be enforced in Canada and, in the meantime, he supported a minimum pension of \$50 per month at 65 for men and \$60 for women—also minimum pensions of \$50 per month for all blind persons irrespective of age.

Mr. Applewhite outlined Canada's war effort which, man for man and dollar for dollar, was the greatest proportionate contribution to the war effort of the United Nations made by any country in the world. For this, he said, the Liberal administration received an overwhelming mandate in 1940 and, on the strength of this accomplishment alone, the Liberals were fully entitled to ask for a renewal of the mandate. "But," said he, "we did not stop at the war effort. During the same five years, the most comprehensive

program of social legislation that the country has ever seen has been enacted." He briefly outlined such enactments as the Family Allowances Act, the National Housing Act, Unemployment Insurance, and the Veterans' Re-establishment Act. Referring to post-war problems, he referred to the Bank of Industrial Relations, foreign credits insurance, and legislation to put a floor under farm and fisheries prices. All these, he pointed out, were not promises but actual accomplishments and the electors would decide on June 11 whether Canada should have a government which would carry out or wreck this program of social and constructive legislation.

Turning to international affairs, the speaker said that, not only was the security of nations indivisible, their prosperity was also indivisible and that, in the interests of Canada and of the world as a whole, it was essential that a permanent, lasting and working organization for international co-operation be established. Canada could only contribute towards the successful formation of such an organization if she is represented by the only capable and experienced men the country had—the present Liberal government.

CROSS IS ONLY BALLOT SYMBOL

OTTAWA, June 4.—Little matter of picking a black lead pencil and putting a cross beside the name of the chosen candidate seems to be a thing chore to many people. Judging from past performances as many as 55,000 Canadian voters may bungle the job in the June 11 election.

A ballot is spoiled if it is marked for more than one candidate in a single-member electoral district; if it is marked with a colored pencil; if the elector made any mark on the ballot which it could afterwards be identified, or if it is marked with any symbol but a cross.

In the 1940 election 22,273 voters lost their votes when they failed to mark their ballots properly and, as the total vote has been increasing ever since, more spoiled ballots may be expected in this election.

The following figures, supplied by Jules Castonguay, electoral officer for Canada, show the total valid vote and the number of spoiled ballots in the last three elections:

1925	3,168,417	13,100
1926	3,273,962	14,000
1930	3,992,481	15,000

AMUSED

Editor, Daily News:
It surely amuses me to read these advertisements put out by the Public Informational Association, against the C.C.F.

If the rightists are so concerned about preserving the democratic way of life, why hadn't they done so decades past by having taken the initiative to provide the people with a more abundant material life which they very justly deserve and want.

The fact of the matter is, that the old order has been "weighed in the balance and found wanting."

Everyone, of course, admits that social progress has been made but let's not stop here. Let us go on. There is much ground to be covered yet and there are fairer horizons ahead.

"The Time and the Day is coming and Forth the Banners Go."

He peered into the Unknown

Galileo, (1564-1642) invented an improved telescope, carried on research in magnetism and gravitation, discovered the principle of the pendulum. Contrary to previous teaching, he maintained that bodies of different weights fall with the same velocity. When challenged to prove this theory, he dropped a ten-pound shot and a one-pound shot from the top of the Leaning Tower of Pisa. To the amazement of the University students and faculty gathered to see the experiment, both weights reached the ground at the same time.

In our own day, as in Galileo's time, research has opened the door to discoveries which have had far-reaching results.

In 1921, sales of Canadian Nickel were discouraging. Then the Nickel industry intensified its research endeavours. Year after year new ways were sought in which industry could use Nickel to make better products.

Sales of Canadian Nickel began to increase. They doubled . . . and trebled. Mines were enlarged. New plants were built. More men were employed. Great benefits came to Canada.

In the years after the war, Nickel research laboratories will push on their search for new uses for Nickel.

The information collected by International Nickel through years of metal research is available at all times to Canadian engineers, designers and metallurgists who need better materials for better products.

Thus will science and industry, working together, build a wider use of Canadian Nickel so that still more benefits will come to Canada.

BROWNS WIN BALL GAME

Bill White struck out 15 batters only to see his Watts & Nickerson team-mates go down to an 11 to 2 defeat at the hands of Acropolis Browns in an exhibition baseball game yesterday on Acropolis Hill.

During the nine inning White worked the Browns collected seven hits from his offerings, including a home run by Merv. Willoughby in the fourth with one on. By the end of the fourth the Acropolis club lead by a score of 8 to 2.

Although he fanned five men fewer than White, "Gill" Gilbert, the winning hurler, limited the city athletes to three hits.

The Watts & Nickerson club used such young players as Pete Pestuk and Bill Forman, members of Bo-Me-Hi's basketball team, interspersed with a number of veterans.

The line-ups follow:

Women's Softball League Opening

The Prince Rupert Area Women's Softball League is officially opening the current league on Tuesday. The Wrens will play the C.W.A.C.'s at Gyro Park and the Allies will play the Women of the Moose Club at Acropolis Hill. There are now 7 teams in the league, the entries in the last week being the High School, the Dry Dock and the Civilian Navy. The league committee is presided over by the President, Linda Erickson of the Moose Club, and the Secretary, Helen McMullen of the C.W.A.C. It consists of a representative from each team.

Acropolis Browns—Giblin, rf.; Lancaster, lf.; Willoughby, 2b.; Ofsonga, cf.; Hoppe, ss.; Bartlett, lb.; Kearney, 3b.; Kallinovich, c.; Randoff, c.; Gilbert, p. Watts & Nickerson—Postuk, c.; Santurbane, 3b.; Bill, 2b.; White, p.; McDonald, rf.; Forman, lf.; Dominato, lb.; Vuckovitch, ss.; Stokes, cf.

Softball Season Is Open Here

The 1945 softball season was officially inaugurated in Prince Rupert as a record crowd of 1,000 fans assembled at Gyro Park yesterday afternoon and watched Port Edward produce 12 runs in one inning to crush Fortress by a score of 17 to 5.

New bleachers helped to provide vantage points for half the crowd while the rest stood along the baselines as far as possible in front of the wall of the Masonic Temple in left field and behind the rock formations in centre and right fields.

Previous to the senior game, the H.M.C.S. Chatham band played marches on the diamond.

In a preliminary tilt, the Gyro and Kinsmen's Clubs battled to a four-all tie in four innings.

For the first five frames, Port Edward was leading by only 3 to 4 but in the sixth the Eddies rapped out four doubles and four singles and took advantage of their dozen runs and chase the opposing pitcher, Urquhart, from the game.

Although he was too late, Buda came in to the mound in the sixth to throttle the Port Edward hitters for the rest of the

Officers' Volley Ball Concludes

The Officers' Volleyball League came to a close last week with Acropolis Hill finishing the schedule without a loss. The close battle for second place ended with "B" Mess only one point ahead of R.C.A.F.

W	L	Pts.
Acropolis	42	0
"B" Mess	30	12
R.C.A.F.	29	13
Navy	23	19
P.R.D.	19	23
11th Bty.	11	31
Soo Suds	10	32
17th Coast	5	37

The League playoffs will commence this Tuesday with Acropolis Hill meeting R.C.A.F. and "B" Mess meeting Navy in 3 out of 5 series. Both series will be at the "Y" gym.

He fanned five of the last nine batsmen.

Platzler hurled the full distance for the winners and yielded ten hits.

Three-base hits were slugged out by Krupa, of Fortress, in the third, and Henson, of Port Edward, in the fourth.

Score by innings follows:

R	H	E
Port Edward—	220	10(12) 000—17 14 3
Fortress—	004	000 100—5 10 6

Batteries: Pt. Edward—Platzler and Thompson; Fortress—Urquhart, Buda and Martel. Umpires—Marshall and McWhinney.

Boston 2-1, Chicago 1-3.
Philadelphia 6-11, Pittsburgh 7-9.
New York 3-2, St. Louis 11-8.

American SATURDAY
Detroit 1, Boston 5.
St. Louis 9, Philadelphia 0.
Chicago 1, Washington 8.
Cleveland 4, New York 0.

SUNDAY
Detroit 3-4, Boston 4-3.
Chicago 1-5, Washington 3-1.
Cleveland 2-4, New York 8-1.
St. Louis 1-0, Philadelphia 3-0.

(Second game 13 innings broke up by Sunday surfer after three hours).

Sport Chat

Judging from the size of the crowd at the opening of the Area Softball League yesterday, it appears that the circuit will attract far more attention than it did last year.

In spite of threatening weather, 1,000 fans filled the bleachers and spilled out along the base-lines and into the outfield until the playing area was almost encircled by spectators.

Seating accommodation for 400 people in the bleachers will make the fans' lot a happier one, but, although the ground has been bulldozed, rock formations in the outer pasture continue to make outfielding an onerous task.

Port Edward's 17 to 5 triumph over Fortress showed that, even though they have lost a number of last year's stars, the Eddies are still powerful.

FULL EMPLOYMENT AT FAIR WAGES

is
the Foundation of all True Progress

"The people of this nation are tired of the delay in correcting the weaknesses that have developed in our system . . . We must correct these obvious weaknesses in the economy we have, by rationalizing it — not by wrecking it. We must maintain the system which gives full play to individual initiative, and a fair return to all legitimate enterprise which provides employment; and the State, by just laws relating to workers, must see to it that at no time shall there fail to be provided the opportunity for a fair day's pay for a fair day's work for every one of our fellow-citizens in this Dominion who is able and willing to work."

John Bracken

We mean to see that every Canadian citizen able to work has the opportunity to work at fair pay.

● RATIONAL REFORM
● MAXIMUM PRODUCTION THROUGH THE FULL DEVELOPMENT OF OUR NATURAL RESOURCES
● FULL EMPLOYMENT AT FAIR WAGES

These are the pledges of the Progressive Conservative Party.

For full employment embracing all Canadians of every Province,

WE WILL:

- Help individual and co-operative enterprise to increase employment by revising crippling tax systems, by removing controls and regulations which slow down the expansion of legitimate enterprise, and by improving relationships between the Government, Labour and Management;
- Establish a National Development Board responsible for plans for full production and employment, as well as the preservation of our natural resources;
- Increase our trade by establishing an Export Board, by aggressive salesmanship abroad, by continuation of mutual aid until no longer necessary and by provision of trade credits to economically backward countries;
- See that the powers of the Bank of Canada are used to supply ample credit for an expanding economy;
- Undertake a carefully planned programme of socially desirable projects, such as low-cost rural and urban housing, rural electrification, conservation and reforestation, the development of natural resources — all on a national basis.

These Progressive Conservative policies are carefully and confidently pointed at a practical national objective — the realization in our time of an age of plenty.

Only the Progressive Conservative Party, with its far-sighted policies for the co-operative development of every part of Canada to new heights of prosperity — a prosperity in which ALL Canadians shall share fairly and honorably — only this Party faces the challenge of the future with abiding confidence in the ultimate realization of the practical objectives embodied in its practical policies for full employment at fair wages.

MIDDLE EAST STILL QUIET
LONDON, June 4.—The situation in Syria and Lebanon is still quiet following British intervention although General Charles DeGaulle still declines to meet the British and United States request to withdraw his troops to barracks. The general has also declined to confer with British and United States representatives.

LOG SCALE IS HIGHER
Log scaling Prince Rupert forestry district for May this year amounted to 21,802,248 board feet compared with 19,241,942 board feet in the same month last year. Spruce, with 11,627,503, was still the principal variety in production. Poles and piling for the month amounted to 92,048 lineal feet compared with 24,109 lineal feet in the same month last year.

Nature Creates Pacific Milk

Basically the goodness of Pacific Milk is due to its natural richness and fine flavor. In canning it then the problem is to retain its purity and quality. Vacuum packing is most important. No solder is used because that might taint the taste.

By MARGARET WOODWARD

Once again the Sunday night "Music and Magic" show pleased a large crowd from the stage of the "Y" Auditorium. Saturday the concert party had an eventful day. Pianist Phoebe MacKinnon took sick and a hurried call was put out to Bob Fleming, who came through with a grand job. Without a look at the show or the music, Bob took over and carried on without a miss. It was a grand performance, Bob. Then we really had our troubles. The tide had beached our barge and we had to call Water Transport to our aid. Out we went scrambling over rocks and this and that and finally the boat came as close as it dared. Nobly the fellows, including Magician Roy, waded in and put the ladies and all else on board. What a wet and cold ride home, for by this time it was pouring rain. We arrived home very late and very wet. Let anyone try to tell us life here is routine! Again sincerest thanks to the troupe for their super job in the Rupert Area.

Tuesday the Music Hour will meet in the Common Lounge with Bob Fleming in charge. Program will be announced tomorrow.

LIGHT KEEPER PASSES AWAY

Joseph Schneider, a former employee of the Department of Transport here, died this morning in the Prince Rupert General Hospital. He was 26 years old and had worked for the Department of Transport for the last two years. He recently was temporary light keeper of the Green Island lighthouse and shortly before he entered hospital on May 29 had left his employment intending to go to Kamloops. He lived in the Commodore apartments. He came here from Winnipeg where his parents reside. He was unmarried.

THEY KEPT THE PEACE
LAGOS, Nigeria, (C)—The Oyo chiefs of Nigeria have been paid the \$50,590 promised by the British government in 1892 if the heirs and successors of Chief Jaja kept the peace. Jaja was deported in that year for acts of oppression against his own people.

REGULATED CROPS
BOMBAY, (C)—Apart from measures taken under the "Grow More Food" campaign, such as placing waste lands under the plow, extending irrigation and increasing crop yields, the Bombay government in 1944-45 passed an act to regulate the proportions of each cultivable holding to be put under the food and non-food crops.

ECTORS . . .

Herewith is an overwhelming reason why we should re-elect the King administration.

Let me put it this way:

On June 11 it is necessary for me to have my Power-of-Attorney to someone to represent me in negotiations with very clever and astute representatives of the United States, Great Britain, Russia, France, China and more than two score other nations on matters of greater importance than have ever before faced our country. In plain, everyday language, let me tell you what I am going to do, and why. I want someone of experience who already knows the ropes and who can handle his own in any company to represent me and not someone inexperienced, untried, and who has yet to find out. Hence, MY Power-of-Attorney goes to you.

What are YOU going to do?

"MABEL'S ROOM" SHOWING HERE

Picturization of famous French Farce Coming to Capitol at First of Week

"Up in Mabel's Room," the famous French farce which caused such a sensation when it was produced as a stage play many years ago, has been revived and streamlined into a hilarious moving picture which is showing at the Capitol Theatre this Monday and Tuesday. The cast is headed by Gail Patrick, Marjorie Reynolds, Dennis O'Keefe, Charlotte Greenwood, Mischa Auer, Lee Bowman, Binnie Barnes, John Hubbard and Janet Lambert.

The comedy revolves around the trials of a young bridegroom trying to hide his past indiscretions from his new wife. The major blot on his past is a flimsy slip which he had bestowed on the Mabel in question in a moment of ardor. His attempts to get back the slip with the aid of his Russian butler provide the basis for the mirthful plot.

Special music includes a new song, "Oh, Mabel."

FERMENTS AFTER BOTTLING
Champagne, unlike claret or burgandy, is bottled early and then ferments.

CRICKET GOLD

BALLARAT, Australia. Boys playing cricket used a piece of an old earthenware pipe as a wicket, but it was smashed. A dairyman on his round cleared the broken pieces from the road and in one of them saw a yellow gleam. It was a nugget worth \$25.

BISHOP BUNOZ DIES

(Continued from Page 1)

per was built in the fall of 1908. The next year he blessed the Church of the Annunciation which has since been his actual cathedral.

Milestones in Bishop's Career

Other milestones in the Bishop's career as head of this diocese were:

1916—Inviting the Sisters of St. Joseph of Toronto to come and open a convent and parochial school in Prince Rupert.

1917—Inviting Sisters of the Holy Child to come and open a boarding school for Indian children at Fort St. James.

1922—Building of fine new residential school for Indian children at Lejac, Fraser Lake, to which Sisters of the Holy Child moved from Fort St. James.

1933—Obtaining the services of the Sisters of St. Ann for the new Bulkley Valley District Hospital at Smithers.

1940—Inviting the Sisters of Providence from St. Paul's Hospital in Vancouver to come and build a hospital in Vanderhoof which hospital was soon constructed and in operation.

Advancement naturally came to Father Bunoz and on June 13, 1917, he was appointed by the Holy See as titular Bishop of Tentyris and the first Vicar Apostolic of the Yukon and Prince Rupert, the consecration by Archbishop Timothy Casey taking place in Vancouver in the fall.

In 1936 Bishop Bunoz was given a coadjutor in the person of Bishop J. L. Coudert. In February 1944, the vicariate of the Yukon and Prince Rupert was divided in two and the Fort St. John and Dawson Creek sections of the Peace River Block were added to the southern or Prince Rupert vicariate over which Bishop Bunoz presided.

On two occasions in recent years Bishop Bunoz' parishioners paid him high honor of esteem and affection with the celebration in April, 1941, of the golden jubilee of his ordination and the observance in October, 1942, of the twenty-fifth anniversary of his consecration as bishop.

Bishop Bunoz was the real ecclesiastical pioneer of the vast wildernesses of Northern B.C. and the Yukon, was a familiar figure for nearly half a century along the trails and streams. There were no facilities of modern travel—rail, road, steamer or aircraft—in those early days but, a man of great vigor, physique, energy and Godly spirit, he carried the message of Christ to the outposts of civilization by the primitive methods of canoe, horseback,

dog sled and snowshoe, in the handling of all of which he was adept himself.

The hazardous risks of some of these journeys was illustrated some twelve or fifteen years ago when his own life was endangered and his travelling companion, Father E. Allard, was drowned in the capsizing of an Indian canoe in flood waters of the Dease River. This was but one of many exciting experiences which Bishop Bunoz had as a missionary priest in his visitations to the remote Indian settlements, the lonely trappers and the isolated prospectors.

Bishop Bunoz is survived by an older brother, Francois Bunoz, who is a teacher in Paris. A distinguished younger brother Pierre Bunoz, a priest, died sixteen years ago in Corsica where he was vicar-general and Monsignor of the Bishop of Ajaccio and president of the theological seminary of Corsica.

Bishop Bunoz had expressed the wish that, when his time came, he would be laid among his flock in Prince Rupert. Accordingly, after rites of the church which will be led by Bishop J. L. Coudert of Yukon and which will be attended by Roman Catholic dignitaries from

various parts of British Columbia and Alaska and by the clergy of the Vicariate of Prince Rupert, interment will take place on Thursday in the Catholic section of Fairview cemetery here. Commencing today at noon, the body will lie in state in episcopal robes in the chapel of the rectory where the people may go to view the remains. On Wednesday afternoon there will be solemn office for the dead in the Church of the Annunciation, which was Bishop Bunoz cathedral. On Thursday morning the solemn requiem funeral mass will take place prior to interment.

Bishop Coudert, now in Vancouver, will arrive here Wednesday morning. Archbishop W. M. Duke of Vancouver has also been sent for and other bishops who may come include Cody of Victoria, Jennings of Kamloops and Fitzgerald of Alaska.

The clergy of the vicariate who will be here to participate in the final rite will include Fathers Godfrey and Leray of Smithers, Frey of Terrace, Donze of New Hazelton, Murie of Burns Lake, Simpson and Doherty of Lejac, Marsigny of Babine, Pagnon of Vanderhoof, Gilhooly of Prince George, Bossi of McBride, Hattrick of Fort St. James and Langtagne, Carroll and Racette of Prince Rupert, Father Fleming, United States Army; Father DeKayser, Canadian Army, and Lockwood, Canadian Navy, will also attend.

AN OPEN LETTER TO CANADIAN EMPLOYERS . . .

PUBLIC INTERNATIONAL ASSOCIATION
TORONTO, ONT.
P.O. BOX 178

On Election Day, Canadian voters will be called upon to decide not merely what party they want in office but whether to change our entire system of Government. The decision will be tremendously far reaching and will affect the destiny of this country for years . . . if not for generations.

Employers have the opportunity, if not the actual responsibility, of helping their employees to post themselves on this issue of "State Socialism" . . . so that their verdict at the polls will be based on knowledge and conviction, rather than prejudice or mere discontent.

Someone has said: "We greatly overestimate the knowledge of the masses, but greatly underestimate their intelligence." We assume that people know what it is all about when they do not. Then we condemn them for their decisions, although we did nothing to help them reach those decisions intelligently. Surveys show that the people of Canada do NOT know what State Socialism stands for.

Here are some of the things which you, as an employer can do to stimulate their interest.

1. Assist employees to get the facts about State Socialism, so that they will appreciate just how . . . if it became our system of government . . . it would affect their own future.
2. Encourage discussion groups . . . distribute literature and bulletins as a basis for discussion.
3. Make sure employees are given sufficient time off to vote on Election Day and urge them to exercise their franchise.
4. Impress upon every individual that it is more important to know for WHAT they are voting than for WHOM.

The advocates of State Socialism are conducting an intensive campaign to influence voters. It is in your own interest as well as the interest of the country to make sure that your employees get both sides of the story BEFORE Election Day and then have every chance to vote ON Election Day.

B. A. TRESTRAIL,
National Director.
