# More U.S. Navy Attacks On Japan

## South Nipponese Home Islands Latest Targets

GUAM, March 29 (CP)—There are indications from the Tokyo radio that Vice-Admiral Marc Mitscher's carrier task force has made its third close-in attack against Japan. Radio Tokyo says carrier-based aircraft have raided the Japanese home islands of Kyushu and Shikoku. One attack is said to have occurred Sunday, Japanese Time, and the unconfirmed enemy broadcast conceded that the attack still was in progress five hours after the first carrier planes roared in over the target area. It was repeated today as well as a second devastating attack on the city of Nagoya.

The Japanese radio claims that one American battleship, a converted carrier and a cruiser have been sunk in the action. Another American carrier is reported by the enemy to have been set afire. There is no Allied confirmation of these Japanese reports.

The announcement, which merely added official character to previous statements to the same effect, provided the theme for one of the shortest Throne speeches on record, occupying only one page of type and totalling approximately 325 words.

Mendels had previously been reported missing but later was reported a prisoner of war. He was captured at Arnheim where he was wounded in the shoulder. "I am doing fine," writes Lieut. Mendels, "except that I still have had no mail. I am going to frame my first letter."

Lieut. Mendels enlisted from Brandon and visited here last year after receiving his commission at Gordon Head. He went overseas from here and was married in England. Thirteen days after arriving in France he was wounded and captured.

## War News Highlights

### Ludendorff Bridge Collapses

The Ludendorff Bridge across the Rhine River at Remagen over which the First American Army established their bridgehead recently suddenly collapsed and fell into the river Sunday. An undetermined number of American engineers lost their lives when they dropped into the swift flowing river. The exact cause was not at first indicated although the bridge was known to have been damaged. Other bridges have since been established across the Rhine River and the loss of the Remagen bridge may not seriously affect the campaign.

### Closing Saar Pincers

The American Third and Seventh Armies are executing a great pincers movement on the Saar Basin and are only 15 miles from a juncture. The Germans are carrying out a large scale withdrawal backwards from the Rhine in the effort to escape the trap. General Eisenhower has warned the people of the large German cities of Mannheim, Ludwigshafen and Frankfurt that they are due for large scale air and artillery bombardment.

### German Officers Executed

It was learned yesterday that four German officers were executed for their failure to destroy the Ludendorff Bridge before the Americans established their Rhine River bridgehead.

### Berlin's Worst Raid

Berlin had its most devastating daylight pounding of the war yesterday when more than 1300 American bombers and 700 fighters were used in dropping 3000 tons of incendiary and demolition bombs principally on railway stations and war industry plants. British Mosquitos were over Berlin again last night.

### Allies Sink Spanish Ships

A United States correspondent yesterday disclosed that American planes had sunk six Spanish ships which were trying to get supplies to trapped Germans along the coast of western Europe.

### Reds Take Baltic Port

The Russians have captured the Baltic port of Kolberg in Pomerania and are threatening to overrun the naval base of Swinemunde. Brandenburg, south of Koenigsburg, has been captured and the Reds are steadily drawing nearer to Stettin.

## LOCAL BOY IS MISSING

Flight Sergeant Robert Henderson Reported Casualty on Saturday

Flight Sergeant Robert James Murray Henderson, younger son of Mr. and Mrs. David Henderson of this city, is reported missing after air operations overseas March 17, his parents were officially advised today. They and their friends are hoping that better news may be received later.

Flight Sergeant Henderson is 23 years of age and was born in Manitoba. He came here with his parents about four years ago and was in the employ of Barr & Anderson before enlisting in the R.C.A.F. in 1942. He won his wings at Portage la Prairie last May and went overseas.

## MAN IN NIGHTMARE CAPTURE

## DREAM CASTLE ON RHINE FRONT

Capturing a genuine Rhine castle was an unpleasant job for Lieut. Peter Fisher, son of Judge and Mrs. W. E. of Prince Rupert, although it did have some rewards. Another officer and two enlisted men from his regiment, the Essex Scottish regiment, of Windsor, Ontario, Lieut. started out on an early morning patrol near Xanten. He knew that they were going to tangle with a castle, with moat, causeway, portecullis and barred windows. Although it was just a big building, and they swam the river and crossed 50 yards of open ground under fire to get near it.

Lieut. Fisher, on the way, shot six Germans with his rifle and more with hand grenades, helped to round up 40 prisoners and then held the castle's outbuildings while the castle was eventually taken with the assistance of British flame throwing tanks.

It was the kind of thing that makes a dream castle into a nightmare house, "But," mused Lieut. Fisher, "the boys got 10 cases of fine old Cognac in that castle."

The other bag was 100 German soldiers, six German civilians and 50 cases of Cognac.

## Mining At Usk—Prospects For Gold Improved

Bright prospects for the future of gold mining in British Columbia resulting from the high prices which the yellow metal is bringing on world markets is foreseen by S. J. McClay who has taken over the claims near Usk with the intention of doing considerable exploration work.

At present Mr. McClay is organizing the Northwest Exploration Company to investigate the prospects of the Lucky Luke and Grotto mine properties 17 miles east of Terrace. Both are hard rock mines with some tunnelling work already done.

The Grotto property has been taken over from Joe Bell who has been working the mine and shipping ore continuously since it was discovered. The ore has a gold, copper, telluride content and has been showing 78 of an ounce of gold to the ton.

The Lucky Luke mine has not been worked since 1936. Its ore has produced gold in copper in promising proportion.

The demand for gold by practically every government in the world is already inspiring a front of optimism to sweep through mining circles in the province and Mr. McClay foresees an increase in the set price of gold.

"Gold is bringing as high as \$70 an ounce in India, and undoubtedly the established price will increase well above the present \$35 an ounce," he said. "Good mine properties will be valuable."

A proposal has already been placed before the United States House of Representatives that the present price of gold be increased to \$54 an ounce.

Mr. McClay is also interested in the Silver Leaf property at the headwaters of the Nanaimo River on Vancouver Island.

A local syndicate has been organized to develop a group of claims at Houston, west of Burns Lake.

## CABINET MEETS

OTTAWA—The federal cabinet met at the week-end for the first time since Prime Minister King returned from Washington. The ministers discussed arrangements for the parliamentary session opening next Monday.

## SHARP CUT IN MEAT RATION FORESEEN SOON

VANCOUVER, March 19 (CP)—A return to meat rationing in Canada with a drastic cut in the value of meat coupons was predicted by Vancouver meat packers Sunday night. Describing the supply situation as critical, a spokesman looked for rationing by April 1, at least.

The reason given for the short supply is the huge amount of food going to Europe.

In Ottawa, a Department of Agriculture official said that Canada may increase her beef commitment to Britain.

## Refuses to Predict When War Will End

LONDON, Ont., March 19—General A. G. L. McNaughton, minister of national defence, declined, when speaking, to forecast when the war might end. Such predictions were dangerous, he felt, for their possible retarding effect on war production.

### Family Allowances . . .

Canada's future depends on its children. They are the country's greatest asset. Healthy and happy children, reared in an atmosphere of security, take their place as active and productive members of society.

Yet under present conditions, the major burden of raising the nation's children falls on less than one-fifth of the working population. The value of the child to the community bears no relation to the father's work or income. Each child in the family means increased expenses without providing additional funds whereby the expenses can be met.

Family allowances are going to help Canadian parents meet this financial burden. Money for the child will go directly into the home, the centre of the child's life, where he is fed, clothed, sheltered and cared for. It will go to the mother and father who

know the individual needs of their family better than anyone else.

As the years go by, family allowances can help to reduce sickness, disease, crime, illiteracy, inefficiency, and other social ills that have their roots in child upbringing. Since they are given to people who will spend the money, they will create a continuous demand for necessities which will result in increased production and employment.

Family allowances are a simple, fair and effective way to ensure a greater measure of well-being to Canadian citizens of the future. Family allowances are an instalment in social security.

### Britons Stay Healthy . . .

British doctors have said that the reason there has been no serious epidemic in Britain, such as the 'flu epidemic of the latter days of the First Great War which killed more people than four years of fighting, has been the food rationing. Heavy and monotonous as the food rationing has been, they say that the scale of rations has ensured that everybody got enough and the diet was well-balanced. Certainly, there is no doubt about the fact that in peacetime a lot of Britons used to eat too much. On the other hand, some of them who ate too little are now eating on a better scale.

# FAMILY ALLOWANCES

which will be paid for EVERY ELIGIBLE CHILD UNDER 16 in Canada

The payment of these allowances to parents or other persons who are maintaining children will commence in July, 1945, and the registration of children for this purpose is to begin immediately.

To help provide better **FOOD**

To help provide adequate **CLOTHING**

TO aid parents in the raising of their children, the Family Allowances Act was passed at the last session of Parliament. Under the Family Allowances Act each eligible family in Canada will receive a monthly cheque beginning July, 1945. These monthly payments are to help provide children with medical, dental and nursing services, more nourishing food, adequate clothing and shelter, and to give parents of Canada a chance to equalize the opportunities for their children.

**WHEN PAID?** Family Allowance cheques will be mailed out to parents each month beginning July, 1945.

**TO WHOM PAID?** Allowances will be paid to the parents, or to any person who maintains a child.

**INCOME TAX:** No one will benefit from both Family Allowances and a full income tax deduction for their children. Parents have the choice of applying for their Family Allowances or not claiming the allowance and claiming the full deduction for their children under Income Tax. If they claim the Family Allowance, the amount of deduction from tax allowed for children under the Income Tax Act will be reduced by the amount of any Family Allowance received.

Anyone who is uncertain whether or not he or she will benefit from Family Allowances more than from Tax Deduction should register for the Family Allowance and in this way be on the safe side. Incomes may change during the course of a year.

Funeral services for Marlene Shirley Gruenke, six and a half months old daughter of Mr. and Mrs. R. Gruenke, Beach Place, was held from St. Paul's Lutheran Church Friday afternoon. Rev. Magnus Anderson officiated. The chapel choir was in attendance and sang the anthem "Children of the Heavenly Father." The congregation joined in singing "Jesus, Jesus Only Jesus," and "Praise God This Hour of Sorrow." Two young boys acted as pallbearers. They were Odd Eidsuik and Richard Giske. ## FORTRESS WINS HOCKEY GAME

Defeated Twenty-Ninth 3 to 0 Friday Night

Fortress floor hockey team vaulted into a second place tie with Navy Friday night by defeating Twenty-Ninth 3 to 0. Both teams fought a tough battle trying to gain the four points at stake due to a postponed game early in the season. Fortress played a fine game but had Ross Auger in goal to thank for their win by a shutout. Twenty-Ninth missed their all-star player, Carlo, who has been posted from the area, as well as three other regulars.

However, the new recruits should fill in well judging from their performance in Friday's game.

## CONCERT BY BAND

By MARGARET WOODWARD

Last night from the stage of the "Y" auditorium under the direction of Guy Noakes one of the highlight concerts of the season was presented by H.M.C.S. Chatham Band.

A stirring opening was "The Passing of the Regiments," an arrangement of regimental marches by Aubrey Winter. In a different mood followed the William Teague arrangement of Josef Mybrow's lovely composition "Autumn Nocturne." Sigmund Romberg's music is ever popular and none more so than "The Overture to the Student Prince" which last night was particularly well presented in a beautiful treatment of the Serenade theme. In a sympathetic mood with the outdoor tempest was David Bennett's descriptive arrangement of "Stormy Weather" with cornet solo by John Lamb.

The lovely and timely "Sanctuary of the Heart" was preceded by a reading of the poem by Lloyd Morris who announced the program. Solo work in this beautiful number was ably handled by Boom Taylor. Conducted by Larry France music in Tango time brought "Jalousie," a Jacob Gade composition.

Transcribed especially for this program by Larry and conducted by him was the second movement of Beethoven's First Symphony.

Guy Noakes returned to the conductor's stand to conduct the next number which was in direct contrast to the quiet of Beethoven. The novelty number "Circus Parade" from the trumpeters leading the parade, followed by the noisy minstrel band with the callopo wheezing along behind in competition to the individual clown band to the last picture of the circus band heralding the main tent this whole number was a delightful musical depiction of a real old time circus parade, a favorite of all whether young or old.

In a sentimental mood the band next played Rudolf Friml's tender love song "L'Amour, Toujours L'Amour." A novelty number was the final selection of the program the well known "Whistler and His Dog" which allowed the band to follow the composers' free mood and bring a gay and delightful picture of a happy scene of a man and a dog.

Some time must elapse before the band, under Guy Noakes, will again come as a feature of our Sunday night program. But after the program of last night their next will be greatly anticipated.
