ALLIES ARE MARKING UP NEW GAINS

MANILA, May 23 (CP)—The latest word from Okinawa tells how American troops fought off a large force of Japs which had counter-attacked in the Naha sector. Half of the Japs were killed. Some of the fiercest fighting of the long southern Okinawa campaign still rages along the Naha-Shuri-Yonabaru Line.

In the air over Okinawa, 26 of 35 Jap planes which made their first strong attack on American shipping off the island in several days were downed. Five light American vessels were damaged.

In the Philippines, two-thirds of a big Jap force trapped in central Luzon have been liquidated by American soldiers and native guerrillas.

On New Guinea the Australians have taken Wewak air field.

In Burma, British troops have gained a further three miles against strongly resisting Jap rearguards screening an enemy withdrawal into Thailand. The British have reached a point nine and a half miles east of Toungoo and possibly within 50 miles of the Thailand border.

TOM REID SEES LIBERALS BACK

Government Record and Program Appreciated By People, Declares Westminster Member

"The election tide is swinging definitely in favor of the Liberals," said Tom Reid, veteran Member of Parliament for New Westminster, who was in the city on Monday.

Mr. Reid said that the reason for this was that the voters were beginning to really realize the great war record of the Mackenzie King government and the fact that it alone is competent to handle affairs in the crucial days between war and peace.

The New Westminster member expressed confidence that the Liberals would retain strength in British Columbia at least equal to that which it enjoyed in the last House.

BLACKPOOL, Eng., May 23 (CP)—The prediction is made here that Prime Minister Churchill will announce in Commons some time today that King George intends to dissolve Parliament in three weeks and that Britain's first general election in 10 years will be held July 5.

The date is the consensus of informed British political writers who are attending the British Labor Party's national convention at Blackpool.

Glad Victoria Day . . .

It is significant that Canada's first annual holiday after victory celebrations should be Queen Victoria's birthday. Her reign was marked by the development and extension in the Empire of the democratic institutions and ideals whose defence called forth unparalleled exertions for the war against Germany and the yet unfinished war against Japan.

The celebration of Victoria Day in the Dominion is brightened by the end of the war in Europe and by the prospect of the early return of thousands of her fighting men from overseas. On many battle fronts these men have been drawn closer to the empire's peoples in their common defence of freedom during the years of war.

Sovereign for 63 years, longer than any other British ruler, Victoria as her reign went on became

the object of ever increasing loyalty and love. With her great grandson, George VI on the throne, Canada this year celebrates the 126th anniversary of her birth.

Born at Kensington Palace, London, May 24, 1819, daughter of Edward, Duke of Kent, son of George III, Victoria succeeded her uncle, William IV, to the throne 18 years later.

In the United Kingdom and other dominions and colonies Victoria Day celebrations have been merged with those of Empire Day. In Canada, however, Empire Day is celebrated on the school day immediately preceding May 24.

Incidentally the idea of Empire Day is ascribed to a Canadian, Mrs. Clementina Fessenden, a member of the Wentworth Historical Association, Hamilton, suggested patriotic ceremonies in the schools of the city. The Dominion Educational Association took up the idea and in 1899 the observance of Empire Day began in Canada.

The late Earl of Meath developed the idea of Empire Day in the United Kingdom, the first celebration being held there in 1902. School children around the world now participate in annual Empire Day festivities, but only Canadian school children mark Queen Victoria's birthday with a whole and separate holiday.

HERITAGE OF CULTURE SAFE

VATICAN CITY, May 23 (C)—Several million books, manuscripts, scrolls and codices belonging to some of the oldest and richest collections in the world have been deposited for safekeeping in the Vatican during the war.

This huge cultural patrimony includes a book of laws dating back to the sixth century; three law decrees of the 10th century; a treatise on religion by St. Thomas Aquinas written in his own hand, and a prayer book donated by Pope Alexander VI to Christopher Columbus, with a note believed written by Columbus himself.

The first library to be removed to the Vatican was that of the Polish Academy of Cracow in Rome, shortly after the outbreak of the war in 1940. The last was the Chigi Archives, which were removed from the 17th century Chigi Palace in Ariccia, near Rome, while the battle of the Italian capital was in full swing towards the end of May, 1944.

The collection of Mount Cassino Abbey was removed by men of the Herman Goering Division in October, 1943, taken to the fortress of Spoleto in central Italy, and later brought to Rome.

As for the Vatican library, containing some of the rarest collections of Greek and Roman clas-

sics in the world, it was felt that, owing to the neutral status of the Vatican and its sacred character as personal residence of the Pontiff, the possibility of an international bombing was to be discarded. Fear of damage from anti-aircraft shells, however, prompted the removal of the most important collections from the top floors to a safer place, and in 1942 a special shelter was built, its whereabouts a closely guarded secret.

LETTERBOX

MACHINISTS' STATEMENT

Editor, Daily News:
At the last meeting of the National Union of Machinists, Fitters and Helpers, Local No. 1, it was unanimously agreed that it be brought to the public's attention through the medium of the press that we emphatically deny that there was any foundation for the statement made in the broadcast of April 27 made by Mr. Bruce Mickleburgh L.P.P. wherein he stated—"while Rupert shipyard workers are fighting to free their unions of Trotskyite C.C.F. domination so they can win wages, conditions and continued employment."

We do not think that one of your readers has ever heard of wage dispute since the yard went into production for the simple reason that wages have been frozen.

When Mr. Mickleburgh talks of continued employment there was only for one short period some time ago the danger of a serious let down and we do not think for one moment that a Trotskyite C.C.F. combination was the cause of it. Rather it looked to us as if there was a "come together-ism" of all the elements necessary to keep the yard at full strength—the management giving us the straight facts at the time, the townspeople who would be most

affected by a shut-down and the unions showing their strength to keep the ball rolling.

We are sure that if Mr. Mickleburgh had done a little more thinking it would have been impossible for him to overlook the co-operation of all the groups concerned in their endeavour to obtain orders for the yard.

We are also very sure that if a Trotskyite C.C.F. group had tried to wreck the endeavours of the able committee appointed in this respect it would have been made an issue of in the press.

Thanking you, Mr. Editor, for the space granted in the publishing of this letter.

CREATION OF PARLIAMENT

Bill of 1867 Outlined Constitution for Dominion's Law-makers

OTTAWA, May 23 (C)—Canada's parliament, for which a new House of Commons will be elected June 11 by Canadians of voting age, was created by the British North America Act of 1867 according to established principles of the British constitution.

Thus, it consists of the King, represented by the Governor-General, the Senate and the Commons, each with responsibilities and privileges.

The 245 members of the Commons must be elected at least every five years. The 96 senators are appointed by the government of the day and hold office for life unless their terms are ended by resignation or dismissal for well-defined causes.

Members of the Commons and the Senate receive a sessional indemnity of \$4,000 for each regular session.

Leader of the majority of members elected to the Commons by custom is called by the Governor-General, in the name of the King, to form the new administration and that leader becomes prime minister. This year the swearing in of a new government may be one of the last official functions of the Governor-General, the Earl of Athlone, before he returns to Britain later in the summer.

Choice of cabinet ministers is not restricted to those of the leader's followers who were elected with him. Outsiders may be chosen, although in practice they rarely are—but they must obtain seats in the Commons as soon as possible.

Administration is in the hands of the prime minister and the cabinet—those he chooses for the portfolios representing the various departments of government and ministers without portfolio.

LIBERAL POLICIES MAKE JOBS

The Liberal Working Plan
for Full Post-War Employment . . .

For Veterans—\$750,000,000 to get them started in good paying jobs in industry, on the land or in business for themselves as each of them chooses.

Housing—\$400,000,000 to finance the biggest building scheme this country has ever known.

Family Allowances—\$250,000,000 a year to lessen the burdens of parenthood and to equalize the opportunities of young Canadians for success and happiness.

Export Credits—We've got to have exports if we're going to have jobs. Your Liberal Government has arranged to finance war-wrecked countries who will be our good customers later on.

Industrial Development Bank—Your Liberal Government has set up machinery to help enterprising Canadians develop new business.

Farm Loans—One man in every three in Canada works on the farm. To help them get better equipment, your Liberal Government has arranged that they can borrow the money they need for better working and living conditions.

Floor Prices—The Liberal Government's policy is that when farmers and fishermen prosper, so do other Canadians. It has therefore taken action to put a floor under the prices of farm and fishery products.

Reduction of Taxes—Your Liberal Government believes in jobs first. To this end, taxes will come down to free spending power.

These are just some of many steps in your Liberal Government's Working Plan to ensure full employment after the war. In addition it has stimulated tremendous private savings in Victory Bonds and War Savings Certificates. It has put through Unemployment Insurance. It has set up a special Department of Reconstruction staffed by experts. In fact all its policies are directed to the same end—a "high and stable level of employment and income"—and each contributes to the success of the others. The Liberal Party offers you a complete and well co-ordinated working plan!

JOBS! Jobs with bright futures for the young men and women coming out of the Armed Services with the best part of their lives before them! Jobs for all! Jobs with big prospects and good, reliable money that will keep its buying power! After all the hard work, sacrifice and self-discipline which has brought us through the war, the people of this country have earned a brighter future in a better, juster, grander Canada than we have ever known!

LOOK how much Canadians have accomplished, here on the home front, even without the energy and initiative of all the vigorous young people now in uniform, and their zest for daring! What is there Canada can't do with them back on the home team? Why, with their help, we Canadians are headed full speed for the greatest period in our history!

THE all-important question today is the civilian staff-work and leadership which we call "government." The Liberals have a working plan. It's big and bold! Parts of it are outlined for your judgment in the left-hand column. It has been designed with the aid of the keenest minds in every phase of industry, agriculture, labour and learning. The plan will work. In fact it is already bringing results. It will continue to do so! The Liberals can tell you this with confidence because they have had successful experience in operating nationwide plans.

VOTE for your Liberal candidate. Make sure the team which made this plan for full employment shall see it through—and win the peace!

WILL NAME CARDINALS

Death Reduces Numbers of Princes of the Church from 69 To 41

By LOUIS ZACCARDI
Associated Press Writer

VATICAN CITY, May 23 (AP)—The cardinals of the Roman Catholic Church — advisers of the Supreme Pontiff and, at his death, electors of his successor—now number only 41 out of a normal 70, a new low for modern times that raises the question of holding a consistory. Well informed Vatican circles expect this to take place soon now that the war in Europe has ended.

Despite the fact that Pius XII has been Pope for more than six years, this would be the first consistory under his pontificate. Several times the number of cardinals fell even lower, but no other Pontiff has allowed such a long period to elapse without creating new ones.

The Popes have generally followed the custom of leaving one or two seats vacant, but in 1517 the number of cardinals had dropped to 18. Pope Leo X called a consistory and created 31 new cardinals, the most ever created at one time.

In December, 1935, Pius XI created 19 new cardinals, bringing the total up to 69. Since then there have been no proclamations and the death of 28 men has accounted for the present low figure.

Of the 69 cardinals in 1935, 39 were Italian, three German, four American, six French, three Spanish, two Polish, two Czech, and Belgium, Hungary, Portugal, Ireland, Brazil, Canada, Austria, the Middle East, Argentina and Great Britain each had one.

Deaths Since 1935

Of the 28 that have died since 1935, 14 were Italian and 14 non-Italian, including three Americans, two French, two Spanish, one Portuguese, one Brazilian and one British. This leaves Portugal, Brazil and Britain without a cardinal, while the United States has lost three of its four.

It is generally believed that the vacant seats will be filled the way they were in 1935, although some Vatican sources believe the number of seats—70—fixed by Sixtus V in 1568—may

Kinsmen's Boxing At "Y" Tonight

Two feature bouts and eight schoolboy fights will be the events of the Kinsmen's boxing tournament to be held in the YMCA gymnasium tonight as initial feature of their May 24 celebration. The principal bout will be between Garth Elder, Soo Suds, 127-ponder, and Billy Anderson, 125 pounds. The fight will be for a decision in four two-minute rounds. Garth was awarded the best sportsman's trophy at the Northwest Service Command boxing tournament early in April, and Billy Anderson was also a popular contender in the tournament. A non-decision exhibition bout between Benny Windle, 145 pounds, and Leo Adolph will also be an outstanding feature.

be increased. Some think less important cardinal sees may be abolished and new ones created.

It is here pointed out that the greater part of the voluntary aid for Italian relief has been supplied by American Catholics, wherefore the Pope may be induced to consider creating new sees in the United States. The same can be said for South America, which, though predominantly Catholic, has only two cardinal sees.

Pope Pius XII's reluctance to call a consistory has not come as a surprise to students of Vatican affairs, for the war came shortly after his coronation. A consistory is generally an occasion for festive rejoicing in the church, and this would have violated the austere atmosphere of mourning maintained in the Vatican because of the Pontiff's repeated denunciation of the war.

Furthermore, the creation of

Q. How can I take proper care of the piano?

A. If the piano is near a heat register or radiator, keep a pan of water under it. When the pan dries out refill it. This will give the piano the necessary moisture it requires.

A. The cork of a glue or mullage bottle can be removed without the least difficulty the next time wanted if it is rubbed with a little lard.

new cardinals would involve certain questions of policy inconvenient to raise now. Consequently the Pope has deemed it advisable to postpone such action until the end of hostilities.

"V-E DAY" DOES NOT MEAN MORE CARS

That peace in Europe will not immediately bring new automobiles in Canada is the pertinent reminder from the Department of Munitions and Supply. Meanwhile cars are slowly wearing out, and it will be at least a year—a year from V-E Day—before passenger car production will be sufficient to replace daily losses due to old age and accident. Repair men are scarce, and will be until the veterans find their way back to their former jobs. Improvement in the supply of tires will be slow.

On the other hand, the motoring public has responded admirably to meet the emergency. In peace-time Canada had about 1-

NO CHARGE FOR TRAINING

LONDON, (C)—Selected women are to receive training as teachers of domestic science at no cost to themselves, under a special emergency scheme just announced by the education ministry to meet an acute teacher shortage.

500,000 motor vehicles, but since production stopped in 1942 about 100,000 cars have gone off the roads. Before the war the average age of a Canadian car was 10 years. Today it is about 13 years, and these old timers will have to go on probably for another two years. Meanwhile Munitions and Supply advises sharing rides with friends and keeping the old jalopy in as good condition as possible.

Want to Bet On Another Shell Game?

In the well-known shell game, three half shells are used and a pea is placed under one of them. After swiftly moving the half shells about on his table the operator offers the bystanders a bet on the location of the pea.

All the time it is in the curved little finger of the operator's hand.

In the political arena, Prime Minister Mackenzie King has achieved an unenviable position as the most adept shell game operator in Canadian history.

Time after time Canadians have voted for one thing and have found they really got something else—or in most cases nothing.

On June 11, Mr. King and what remains of his following are going to invite you to make another bet.

A Solemn Warning... To All Voters

TO CANADIANS who are being attracted by the pleasing promises of the C.C.F. Socialists, we extend a very solemn word of warning—a warning that you will some day recall. And that warning is this:

The people who are preaching State Socialism for Canada (C.C.F.) are largely theorists—visionaries with no practical experience. The honesty or sincerity of these people is not at issue—it is their objective. It is important to recall that it was the same type of "thinkers" who started Italy on the road to dictatorship—and destruction. Mussolini, Laval, Quisling and other dictators all started as Socialists—posing as the friend and saviour of the so-called "common people". Their promises ran parallel with the present C.C.F. program. The "State" would take over everything; the profits would go to the "people"; everybody would be fully employed; everyone would have a "minimum standard of living" etc., etc.—and the goose hangs high!

Remember Italy!

We all know what happened in Italy. The more power they got, the more they took—and the voice of the "people" faded out. The sincere social reformers who had supported the movement in a genuine desire to improve the welfare of the people were brushed off—or rubbed out. Starting as a Utopian dream, the scheme soon became a gigantic nightmare that ended in complete disillusionment and disaster.

And now, unbelievable as it may seem, many Canadians are falling for the same type of promises that Mussolini handed out. After spending five years, billions of dollars and thousands of lives in destroying dictatorship abroad, we are actually coddling, if not cultivating the same seeds of one-man power right here in Canada.

So remember this: Your vote in this election is tremendously important. It will help decide an issue that ranks second only to victory in the war. The verdict will effect the life and future of every man, woman and child in Canada. Hence, before you decide who to vote for, you should post yourself on just what State Socialism stands for—and what the ultimate consequences will be to you and yours.

Good-bye Freedom!

Briefly the Socialists propose that we turn over to the C.C.F. politicians not merely the running of our government, but complete and permanent control of our everyday lives. They would control and regulate all production of farm products; all manufacture of goods; all distribution and pricing; all placing of employment, wages, etc. They propose to do this gradually, starting with banks, insurance companies, and "Big Business", but eventually the "State" (which are the present C.C.F. candidates) would regulate everything to fit into their so-called "National Plan".

Any such plan could only be carried out under an absolute dictatorship—either by one man or a small group (as in Italy, Germany and Russia). In its execution three out of every five citizens would probably end up working for the government, and one in every five would be a government "cop" checking up on us to be sure we stayed in line. That's what "State Socialism" means.

So, Vote AGAINST C.C.F.!

Hence, if you want to preserve your liberty of action—your individual freedom—where to work—where to live—where and how to spend your money, you simply cannot vote for ANY C.C.F. candidate—even though he be your personal friend—because every C.C.F. candidate is definitely committed to that program. If he falters or wavers in his support of it he is expelled—as has happened already. So get out and vote—against the C.C.F. candidates, and urge everyone you know to do the same. Let's completely destroy this threat of dictatorship once and for all.

RED CROSS AT TERRACE HOLDS AFFAIR

TERRACE, May 23—Last Saturday, bright and clear, was the day of the Junior Red Cross Fair sponsored by the teachers and pupils of the Terrace Elementary School. The Orange Lodge hall, donated for the afternoon, was a hive of activity with a record crowd in attendance.

Under Miss Riley's direction, the hall had been tastefully decorated with streamers in spring colors, gamboling lambs and daisy cut-outs. Down the centre of the hall were the stalls showing the sale of work, samples of which had been displayed in a special Red Cross window at the Skene Mercantile through the courtesy of Mrs. G. MacAdams. Those working at the stalls were Lois Titcomb, Theresa Johnston, Patsy Poole, Yvonne Norman-Jeau, Islay McMillan, Margaret Hunter, June Sekora, Joan Brookes, Clara Warner and Frances Pearson.

Tea tables and chairs were arranged under the windows of the hall. The bouquets were supplied by the serviteurs who were becomingly uniformed in blue with a red cross apron and cap. The serviteurs were Bernice Matthews, Margaret Mile, Sarah Mile, Colleen Whalen, Maryanne Benoit and Helen Prestay. Helen Ruckle and Pearl Sekora, also in Red Cross uniform, acted as ushers.

Grace Molitor and Marjorie Honke supervised the sale of brooches donated by the Terrace Drug Store.

Mrs. Hubble and Miss A. Haugland served tea and coffee. Miss Lips was cashier. Mrs. R. Matthews and her two daughters, Mrs. Baranleski and Mrs. Merckx, supervised in the kitchen. Mrs. Harris assisted with the serving of refreshments. John

anne Kofoed, Marguerite Paquette, Joyce Cote and Delphine Johnston sold lemonade and cookies at a stand outside.

In the absence of R. M. Cory, president of the Terrace and district Red Cross, Mrs. Dudley Little officially opened the fair. From then on tea was served and a varied program of music supplied by G. L. Brookes' wurlitzer, donated for the purpose. The highlights of the afternoon's entertainment were the appearance of Shirley Cole and Kent Hubble as midgets, folk dancing under Miss Riley's direction with Joan Atwood, Theresa Johnston, Patsy Poole, Islay McMillan, Lois Titcomb and Margaret Hunter attractively dressed to take part, and the white elephant auction with Miss A. Denham, enthusiastic and energetic school representative on the Red Cross executive, attired in peasant garb as the auctioneer and assisted by Joan Atwood as her daughter.

The Boy Scouts with Rev. R. Hills, their scoutmaster, were also in attendance and added another colorful note to the scene.

Over \$75 was realized after all expenses had been deducted and this amount is to be forwarded to Red Cross headquarters.

Young Paul Paulson, at present in the Prince Rupert Hospital is reported improving. He had an attack of appendicitis.

TERRACE C.G.I.T. HOLDS CONCERT

Excellent Entertainment Presented in Oddfellows' Hall

TERRACE, May 23—On Friday evening, the Canadian Girls-in-Training, under the leadership of Mrs. T. Colwell, wife of Rev. T. Colwell, pastor of the First United Church, held a well-attended concert in the Oddfellows' Hall.

The concert opened with the singing of "O Canada" followed immediately by the general opening of a C.G.I.T. meeting. As each girl's name was called she stood up and recited the motto for life. This was followed by some songs. Then Jean Kirkaldy, Betty and Janet Colwell performed some rather intricate exercises by swinging Indian clubs.

A short play, an Irish fantasy called "Pratie Pot" came next on the program. Janet Colwell, Josephine Jordan, Lloyd Llewellyn, Selma Farquhar, Marjorie Thomas, Lenora Loveless, Pearl Haugland and Ethel Loveless took part in its presentation.

Then Jean Kirkaldy, Dolly Haugland, Irene Haugland, Edna Toop, Joyce Poole, Helen Sommerville, Janet Colwell, Josephine Jordan, Pat Thomas and Colleen Whalen sang "Night" and "The Big Brown Bear."

The songs were followed with a dance, the Highland Fling, by Jean Kirkaldy; a piano duet by Janet and Betty Colwell; the Sword Dance by Jean Kirkaldy and a vocal duet, "O No John" by Betty Colwell and Edna Toop.

Mrs. Colwell then gave a very well received recitation, "Epaminondas."

"Lazy Bones," a negro melody, was next on the program. The players were Edna Toop, Jean Kirkaldy, Irene Haugland, Josephine Jordan, Pat Thomas, Dolly Haugland, Betty Colwell and Colleen Whalen.

The final feature was a play, "Our Cousin From Sweden," with Dolly Haugland, Jean Kirkaldy, Irene Haugland and Helen Sommerville taking the character parts.

The program was brought to a close by the C.G.I.T. repeating their purpose, singing "Taps" then "God Save The King."

It was an excellent concert and greatly enjoyed by all in attendance.

FAMILY IGNORES DEATH BED WISH

LONDON, May 23—A combination of British double summer time and family pride ignored the dying wish of Sir Hickman Becket Bacon, 11th baronet of Redgrave, 12th baronet of Mildenhall and premier baronet of England. Years ago the baron, noted for his frugality, had a village carpenter near his estate at Thonock Hall, Gainsborough, Lincolnshire, make him a coffin for 35 shillings (about \$8.40) and said he wished to be buried in it at six o'clock in the morning. But in England it is forbidden to hold a burial in the dark, and with double summer time there is no light at that hour. His family, too, believed unfitting to bury a man in his position in a 35-shilling coffin. So he was buried at 10 a.m. in a coffin made of oak.

BUSINESS AND PROFESSIONAL WOMEN MEET

The first meeting of the newly formed Prince Rupert Business and Professional Women's Club took form of a dinner at the "Old Landmark" last night. Mrs. Nora E. Arnold was in the chair and 24 members attended.

Constitution as drafted by Board of Directors, was read and adopted by the meeting.

Chairman of various standing committees were introduced and plans discussed for future meetings and activities.

Miss Bessie Snyder will represent the Club at a regional convention in Vernon early in June.

It is felt that the Club will be a definite asset to Prince Rupert especially in view of the drive to publicize and expand Prince Rupert.

Meetings will be held the third Tuesday each month and will take the form of dinner meetings, the next to be held June 19.

Interested business women of Prince Rupert are being invited to contact the conveners of membership committee—Miss Leah Basso-Bert, Miss Muriel Vance or Miss Joan Cross.

"DRUNKARDS MATCH"

The "Drunkard's Match" of 1832 was so called because the hiding end of the pint was treated with a fire-proofing chemical to prevent burning beyond mid-point, thus saving scorched fingers if the user's attention was distracted.

CUT SUPPLY LINES

A lesson from tactical bombing is being applied in warfare against disease of plants, as fruit growers adopt the practice of cutting the supply lines of plant disease pests by spraying the ground as well as the trees.

IRREGULAR RAINFALL

Rainfall in the Hawaiian Islands ranges from less than 20 inches to almost 500 inches annually.

THE day Aunt Agatha said, "No more tea and coffee until your disposition improves... you'll drink Postum instead"—Uncle Jack almost decided to go back to sea.

But Aunt Agatha can be persuasive, and Uncle Jack actually tried Postum. "Shiver my timbers if it isn't all right", he said. "It's not like tea and it's not like coffee. But it's mighty good just the same". And that night he slept like a baby.

Postum is free of caffeine, or any other drug that might affect nerves or heart or digestion. It is made right in the cup, just by adding hot milk or boiling water. Try Postum! You'll like it too!

Hazelton Sprinter Defends His Title

HAZELTON, May 23 (Special)—Seventeen-year old Howard Wales, holder of the Hazelton Sport Club's title for the 100-yard dash, successfully defended his title in a sports meet here last week and is rated as a likely winner for the New Hazelton sports meet on May 24 and the Kitwanga sports day on May 25. Wales outran Simon Muldoe, a former title holder, in the recent race. Wales has held the title in the 100-yard dash since the spring of 1943.

Ted Lyons, Chicago righthander, scored his 200th American League victory when the White Sox defeated Washington 9-2 seven years ago yesterday. One of the best American League pitchers, Lyons was a rookie star with Chicago in 1919 at the time of the "Black Sox" scandal. For more than 20 years he was mainstay of the White Sox mound staff until he enlisted with the U. S. armed forces in 1941.

Harry Giddings' big gingerbread coil, Ten To Ace, shot through a sea of mud at Woodbine Race Track in Toronto three years ago today to become the 83rd winner of the King's Plate. Ten To Ace was all by himself within 25 strides from the start and finished 10 lengths in front of the field.

NAVY TAKES HOCKEY LEAD

Won First Game of Area Finals Last Night

Navy got the jump on Air Force in the Area Floor Hockey League finals by scoring a 6 to 2 victory last night in the first of the best-of-three games series.

Dennison and Harvey countered two goals each for the winners while Astle and Oliver secured one apiece. Woodley and Brophy were the Air Force scorers.

Air Force— Sansbury, Court, Junop, Dorland, Arnold, Woodley, Ford, Yelles, Brophy, Ryland, Flasch, Dixon, Hughes.

FINE PICTURE FOR HOLIDAY

"Can't Help Singing," with Deanna Durbin, at Capitol Wednesday and Thursday

Deanna Durbin's latest picture "Can't Help Singing," is a happy choice for the Empire and Victoria Day holiday season this Wednesday and Thursday at the Capitol Theatre. It is the first technicolor film for this popular Canadian singing star who sings tunesome Jerome Kern songs written especially for the picture.

The story, laid in 1849, opens in Washington, D. C. Deanna, in love with a young army officer, played by David Bruce, sets out to follow him to the west coast. Enroute she meets Robert Paige, a gambler whom she engages to drive her covered wagon. She falls in love with him. There's a mix-up when the three come together in Sonora but it all comes out all right for Deanna in the end.

Most of the picture was filmed out of doors.

In direct contrast to her preceding dramatic role in "Christmas Holiday," Deanna is light and gay throughout this film, which leans heavily toward comedy.

Akim Tamiroff and Leonid Kinskey are funny as a pair of petty crooks. Ray Collins is Deanna's pompous father.

Dear Consolidated - I want to be an Anode Easter-

Some months ago this Company sent a questionnaire to each of its 2400 former employees who have joined the armed forces. The men were asked whether they intended to return to Consolidated after the war, what kind of work they would like best to do, what technical training gained in the service they would like to use in peacetime, and other personal questions. Here are some interesting facts resulting from the questionnaire:

62.5 PER CENT replied—an excellent response under war conditions.

97.3 PER CENT of those who replied wished to return to their employment with the Company.

62.8 PER CENT of these wished to come back to the same job.

29.4 PER CENT stated their desire to try a different kind of work with the Company.

These figures will prove of utmost value to the Company in its plans to aid returning employees. Every effort will be made to establish each man in the type of work he prefers, with placement in a position equivalent to that which he would have attained if he had remained at home.

The problems of caring for returned veterans, including those disabled, will be complex and difficult, but Consolidated willingly accepts its full share of this burden, realizing that industry must co-operate with the Government to ensure the success of Canada's rehabilitation programme.
