Joint Expert Committee to Investigate Line, It Announced by Premier

Regarded As Major Step in Future of Government Railway and Development of Northern Part of British Columbia

VANCOUVER, Aug. 23 (CP)—Premier John Hart announced yesterday that four experts will be named to investigate the Pacific Great Eastern Railway and prepare a plan to be used as a basis for further discussion between the British Columbia government and the Canadian Pacific Railway for disposal of the government-owned line.

Charter To Be Ratified

San Francisco Document May Be Unanimously Approved—Atomic Bomb Discussed

HOUSE APPROVES LONDON, August 23—The House of Commons today approved the San Francisco Charter and the House of Lords is expected to do the same.

LONDON, August 23—An early and possibly unanimous ratification of the United Nations Charter was forecast today as the British Parliament prepared to resume a debate which has been punctuated with solemn warnings of the vast potentialities of the atomic bomb.

Some British members are advocating international control of the weapon. However, former Foreign Secretary Anthony Eden, now a member of the Opposition in the Commons, declared that he put it, "Perhaps we need not worry about the atomic bomb" if controversies can be solved amicably among nations through the world league.

Only a few speakers criticized the World Security League plan and none gave any indication that they intended to vote against it.

Britain is the last of the Big Five powers to take up ratification. Approval already has been given by the United States, Soviet Russia, China and France as well as by more than a half-dozen smaller nations.

Canada probably will bring up the charter for ratification in the House of Commons shortly after certain vital legislative measures are attended to at the forthcoming session slated for September 6.

PAYING CALL AT JAIL HERE

Executive Secretary of John Howard Society Combines Holidays With Official Duties

Rev. J. D. Hobden, executive secretary of the John Howard Society of British Columbia, and Mrs. Hobden, of Vancouver, who arrived in Prince Rupert this week on holidays, will pay what he describes as a "courtesy call" on police officials and the inmates at the city jail.

The visitors travelled from the south on the Thomas Crosby, United Church mission boat, with Rev. Peter Kelly in charge.

A member of the police commission for West Vancouver, Rev. Hobden represents a society interested in the welfare of prisoners and their rehabilitation after they are released. The society is also concerned with crime prevention measures among juveniles.

This is the first time Rev. and Mrs. Hobden have made a boat trip to this city and they were delighted with the scenery they saw while enroute.

The visitors expect to be sailing for Vancouver on Friday after a visit here with friends.

Miss Georgina Patterson, who won the title of "Miss Northern British Columbia" at the recent Civic Centre Carnival here, is arriving in the city on tonight's train from her home at Prince George to make final preparations for her trip to Atlantic City to take part in the "Miss America" beauty finals. She will be here until Saturday night when she leaves for Atlantic City with three days in Toronto enroute for fitting out. Her mother, Mrs. A. M. Patterson of Prince George, will go east with her.

DIRECTION TO BE DROPPED

OTTAWA, Aug. 23—According to an Ottawa report, the policy of directing army personnel into civilian work to relieve labor shortages may be discontinued shortly. This is indicated in a newspaper dispatch quoting Selective Service Director Arthur MacNamara. According to the newspaper article, the situation was discussed at a conference between Selective Service and Army authorities.

Signers Are Designated

Concluding Arrangements For Capitulation Formalities In Tokyo Bay August 31

MANILA, Aug. 23—Those signing the Japanese surrender papers next Friday will be General Douglas MacArthur and Admiral Chester Nimitz for the United States; Admiral Sir Bruce Fraser for Britain; General Sir Thomas Blamey for Australia; Lieutenant-General L. H. Van Oyen for the Netherlands East Indies; Lieutenant-General Kuzma Nikolaevich Derevyanko for Soviet Russia; General Hsu Yung-Chang for China; General Jacques Le Clerc for France with the Canadian and New Zealand signers remained to be designated.

PROPERTY IS REPORTED ON

Reports on a diamond drilling program which featured the season's development work on the Bob Creek low grade-big tonnage mining property south of Houston which it has under option were received at a meeting last night of the Prince Rupert Mining Syndicate. The syndicate was formed and financed locally about a year ago by local business men desirous of indicating enterprise in the development of resources of the district. As a result, useful work was done to increase interest in this well known property.

President W. M. Watts was in the chair at the meeting of the syndicate which was held in the office of the secretary, G. L. Rorie.

BRITISH GOVERNMENT TO RETAIN WARTIME EMERGENCY CONTROLS

LONDON, Aug. 23 (CP)—The government today introduced legislation seeking broad authority to retain for at least five years many of its wartime emergency controls including the right to peg prices and regulate service and supplies. Majority Leader Herbert Morrison, Chancellor of the Exchequer Hugh Dalton and Sir Stafford Cripps, president of the Board of Trade, presented the measure to the House.

Purposes of the measure are "to secure at fair price a sufficiently and equitable distribution of those supplies and services essential to the well-being of the community."

Parliament would have the power to annul any executive order within forty days of its promulgation.

A new emergency powers bill would prevent the government from exercising its wartime authority of detaining persons in the interests of public safety or for the defence of the realm and would ban trial of such persons by special courts.

The publication claims that one column of Chinese Communists has been sighted near two towns close to Peiping.

MANY WOUNDED RETURN HOME

Hospital Ship Lady Nelson Docked at Halifax Wednesday

MONTREAL, August 23—Nearly 500 wounded and sick service men who arrived in Halifax on the hospital ship Lady Nelson, former flagship of the Canadian National Steamships West Indies fleet, are enroute to their homes in all parts of the Dominion today on two special Canadian National Railways military hospital trains. At dockside for the arrival of the mercy ship, the two specials left Halifax Wednesday afternoon.

Since the beginning of the war all military hospital trains have been handled over C.N.R. lines from Halifax. The "hospitals on wheels" are operated on a slow schedule and special instructions are issued to all engineers for the smooth handling of the trains when starting and stopping and reducing speed on curves.

Going to Vancouver, the first train left dockside at 4 p.m. Wednesday. On this train are 21 members of the armed forces who will go to Winnipeg, 37 to Regina, 52 to Calgary and 42 to Vancouver.

Object Is Not Bomb

Fishing Float in False Creek First Believed to Be Enemy Missile

VANCOUVER, Aug. 23—The army has disclosed that a round wooden object fished from the water of False Creek in the heart of Vancouver's industrial section definitely was not a Japanese balloon bomb as previously reported. It proved to be merely some type of fishing float upon examination by a qualified bomb disposal officer.

A spokesman for the Ordnance Department says Japanese bombs—and indeed all bombs—are made of metal and do not float.

As described by Army officials, the supposed-bomb turned out to be a round piece of wood 18 inches long and 8 1/2 inches in diameter, crudely hollowed out. It was discovered floating near the wharf of the West Coast Shipyards.

However, the Army is reiterating a previous warning that all suspicious objects should be reported at once because genuine Japanese bombs may be discovered. Already some 150 of the enemy bombs have been picked up in Canada and many more were found in the United States. The bombs caused no deaths or injuries in Canada but killed six persons in the United States.

LONDON, August 23—Three Canadian soldiers have been sentenced to prison terms for their part in the Aldershot riots. Terms range from seven years' penal servitude to two years with hard labor. Corp. Emmanuel Schuler gets 7 years, Pte. Lloyd States five years and Pte. I. L. McIntyre, two years.

Canadian Scottish Veteran Is Visitor

Rev. and Mrs. Peter Kelly, who were visitors here this week with the United Church mission boat Thomas Crosby from Ocean Falls, had with them their son, Private H. L. G. Kelly, who is just home after three-and-a-half years overseas with the famous First Battalion, Canadian Scottish Regiment. The "Scottish" went through hard fighting from D-Day up to the occupation of Germany and Private Kelly was one of only 47 members of the unit who came through unhurt.

Crossing the Atlantic homeward bound on the New Amsterdam, he landed at Quebec.

The young Nanaimo-born soldier, whose missionary father is a native of the Queen Charlotte Islands, left yesterday with the Thomas Crosby when it pulled out for Ocean Falls by way of various coastal points on one of its periodical evangelical cruises.

INSTALLING OF BISHOP

New Diocesan Head of Catholic Church Coming Next Month

Installation of Father Anthony Jordan of Ottawa as the new Roman Catholic bishop of Northern British Columbia in succession to the late Rt. Rev. E. M. Bunoz will take place on September 12 at the Church of the Annunciation, the cathedral of the diocese. Archbishop W. M. Duke of Vancouver will conduct the installation in which Bishop Carroll of Calgary, Bishop J. L. Couderd of Yukon as well as four or five other bishops and 40 or 50 priests will participate. On the morning of September 13 there will be pontifical mass.

The new bishop will arrive here September 11 from Ottawa where for the past 5 years he has been superior of the scholasticate of Oblate Fathers. Prior to that he was 10 years in Vancouver.

Future of Hong Kong

Prime Minister Attlee Says British Will Take Surrender

LONDON, August 23 (CP)—Prime Minister Clement Attlee said in the House of Commons today that Japanese surrender in Hong Kong crown colony in China would be accepted by a British commander. He was replying to Former Prime Minister Churchill who wanted to know whether the government was taking steps to restore British administration in the colony.

(Generalissimo Chiang Kai-Shek had said in Chungking that Chinese forces would occupy Hong Kong, the future status of which he would consider).

Field Marshal Montgomery Not Badly Hurt When Plane Hits Tree

OLDENBURG, Germany, Aug. 23—Field Marshal Montgomery was slightly injured yesterday when his plane crashed into a tree at an airport near Oldenburg, Germany.

The plane was carrying the British occupation forces commander to his first formal inspection of the Third Canadian Infantry Division—Canada's contribution to the Allies' European occupation force.

However, the Field Marshal was delayed only by first aid measures, and he then continued his journey on to Oldenburg where he was greeted by a guard of honor consisting of 100 Canadians.

ARRANGEMENTS MADE FOR ROAD MAINTENANCE, ALSO GRAVELLING SKEENA CROSSING TO KITWANGA

Following the visit a few weeks ago of provincial department of public works officials to the area, plans have been prepared for the finishing of graveling of the northern transprovincial (Prince Rupert) highway between Skeena Crossing and Kitwanga, a section of the road which has long needed attention. Further the federal Department of Mines and Resources has granted the provincial public works department permission to use large graders which have been in storage at Terrace in grading and maintenance of the road between Terrace and Prince Rupert. Steps are already being taken to start the maintenance work which will create considerable employment.

Other improvements on the highway which are being planned include completion of Terrace bridge and fill, relocation of Lakelse road junction with Prince Rupert Highway, widening of the Copper River bluff, relocation of road at Porphyry Creek east of New Hazelton and relocation of the approach to Smithers.

HEAT WAVE IN RUPERT

Warmest Weather in Three Years Experienced Here

Citizens shed down to shirt sleeves and summer cottons but still sweltered yesterday in the warmest day Prince Rupert has experienced in three years. The Dominion Meteorological Station on Digby Island reported that the official thermometer rose to 80 degrees, the highest since August 7, 1942, and didn't drop below 50 for the second highest "low" since July, 1938. A blazing sun beat waves of warmth from a cloudless sky.

Last August the top low registered was 51.4 but the high for that period was only 61.3. The highest temperature previously during 1945 was 75 on May 27 while the highest low was 43 on July 5.

UNEMPLOYED ON INCREASE

Sixty-five Hundred Shipyard And Aircraft Workers Lose Their Jobs in South

VANCOUVER, Aug. 23—The total unemployed shipyard and aircraft workers here and at Victoria rose to 6,500 Wednesday with the announcement by Boeing Aircraft that 225 employees were given dismissal notices. Since V-J Day 1,100 personnel at Boeing's have been dismissed.

Terrace Asks Gov't Power

Prompt Action Hoped for in View of Emergency—Commission Officials Pay Visit

TERRACE, August 23—The village commissioners of Terrace have decided the time has come to make formal application to the provincial government to supply Terrace village and district with light and power in accordance with the act passed by the legislature a short time ago.

The government had already been asked to send their man to look the place over but, now that the local power supply has ceased owing to destruction of the power plant by fire, the commission decided to send a formal request. One of the speakers said that Terrace, like other small communities thought that the government's intention when passing the act was to string a power line through the country and the various localities could hook on to it.

The gathering felt well pleased with the prospects of some emergency move by the government to relieve the present situation which is handicapping local business.

S. R. Weston, chairman of the B. C. Power Commission, and Mr. Vandervoort, chief engineer, arrived here by car Monday afternoon. They were met by the village commissioners and representatives of the board of Trade and entertained at supper. Local citizens to the number of about 20 were present.

Afterwards the whole company gathered in the municipal office for an informal talk regarding the lack of electrical power in the village.

Rehabilitation Here . . .

While it may be late in the day, it is satisfactory to see the city council taking an interest in the matter of reorganizing locally for post-war rehabilitation. Certainly, there should be no time lost now in taking what steps we can as a community to meet the situation which is already arising with the return of the servicemen to civil life and the release of the war workers from their jobs, a situation of which some communities have already had an alarming foretaste.

One of the functions of the community organization is to make a survey of possible employment and opportunities and to have information readily available for the assistance of those who will need it. Some communities have already gone a long way along these lines.

A well functioning community rehabilitation organization might

very well do very much towards obviating a good deal of confusion, misunderstanding and even hardship. It would help many people individually as well as the community as a whole.

One Local Industry . . .

Difficulties in the matter of material and manpower shortage notwithstanding, there is even now a substantial and healthy activity at Prince Rupert in the industry of fishing craft building although a good many of the uptown people may not realize what is going on even now at Cow Bay in this regard—to say nothing of Seal Cove, Digby Island and elsewhere.

A situation whereby many fishermen are in need of new boats and are in a healthy position to finance them presents a rosy picture for the small boat building industry for some time to come.

Fortunately, Prince Rupert is fairly well equipped to carry out such work. They know how to build boats here at Prince Rupert and have the equipment to do the work. Now that the war is over, the boatbuilders will be soon in an even better position to meet requirements along this line which may well be quite substantial.

INDUSTRIES AT TERRACE

Board of Trade to Study Possibilities—Radio Booster Sought

TERRACE, Aug. 23—Formation of an industrial committee to follow up on the possibilities of a brick and other industries in the district was one of the results of the regular monthly meeting of the Terrace and District Board of Trade held in the Terrace Hotel recently. Will Robinson handed in a letter from Professor Worcester of Saskatchewan University who reported that the samples of clay taken from the airport road and made into brick provided good material for the making of brick and pottery. As a result of this report a committee consisting of W. Robinson, H. Bernhardt and W. A. Kirkpatrick was set up.

The proposal to use the post office hut as an emergency hospital for one month was postponed for a month.

The board decided to make application to the Canadian Broadcasting Corporation for the installation and establishing of a booster station in Terrace.

President King and D. Kerr gave a report on the meeting with members of the Provincial Public Works Department—A. L. Carruthers, H. C. Anderson, Victoria; J. C. Brady, Prince Rupert, and W. R. Workman, Smithers.

G. McAdams reported for the power committee on the visit of Col. Robertson of the power commission who visited Terrace recently when making a survey. The secretary was instructed to

write to the minister of lands asking that the hot springs near Lakelse Lake be officially named "Terrace Hot Springs."

Appointment of a fall fair committee was made by president King. The committee consists of Charles Adams, S. Campbell, J. Glen, D. Little and W. Robinson.

TWENTY-FIVE YEARS AGO

August 23, 1920

This morning quite a stir is being created in fishing circles by the arrival of the packer "Orient" here from Ketchikan to take back a cargo of salmon, chiefly humpbacks and pinks. The canneries at the mouth of the Skeena are beginning to close already and there is still a crying demand for fish in the Alaska markets.

The interest of the Prince Rupert Musical Society is being now centred in the bringing of Mrs. Winnifred Lugin Fahey to sing at a concert to be given here about the second week in September.

The Intermediate Baseball League race is now becoming decidedly interesting both from the point of view of players and fans. The Colts, Red Sox and Sawmill are running so close that a slight break means a great difference to one team or the other.

HAZELTON HAS FLOW OF TOURISTS

Already Hotels Kept Full of Tourists—Has Fine Attractions

HAZELTON, August 23 (Special to Daily News)—A mild preview of what residents of this picturesque town anticipate in the way of tourist patronage when peacetime ways return is keeping the Hazelton Hotel filled as travellers from Prince Rupert and from the east stop over on their motor journeys.

Coupled with the popular optimism is a fear that lack of a planned highway maintenance program will discourage the flow of tourists to the innumerable hunter's and fishermen's paradises which lie along the Prince Rupert highway. Complaints that tourist dollars will not roll in over a bumpy ill-kept highway are common, usually accompanied by dire political threats.

"Even if the highway is in fair shape at present, it won't be worth much after another winter if the present neglect continues. The government should settle the status of the western section, then embark on a real maintenance program—but fast" is the representative comment of Hazelton citizens.

In the meantime, those tourists who stop in Hazelton have the opportunity to enjoy sport fishing in the Bulkley and Skeena rivers to an extent which would satisfy even the most ardent rod-and-reel addict. Steelhead, coho, and humpback salmon are fighting their way against the swift currents of the two rivers to the spawning grounds in such numbers that in the Hagwilget canyon on the Bulkley river the water appears to be a solid brown with the backs of struggling fish.

Catches of more than 20 fish per fisherman are relatively common, some having landed cohoes weighing from 15 to 20 pounds. On some street corner at almost every hour of the day is a familiar pattern of sound, laid down by an exultant fisherman.

"This is heaven. I've never seen anything like it before," mused an American officer from Port Edward as his eyes ranged over his day's catch—a small mountain of steelhead, dominated by a 15 pound coho. He professed to have fished in many of the outstanding fishing spots in the United States.

Flower Show Being Held

Blessed by one of the mildest climates of any point in the central interior, Hazelton's gardens have a lush beauty at this time of year. Many householders grew their choicest blooms for the annual flower show being held today in the Horticultural Society's hall. Household gardens are richly colorful in spite of the fact that there has been no rain for the last six weeks.

The Hazelton flower show is a gratuitous display by flower lovers who receive no prizes for their entries but confess to a considerable amount of pleasure at seeing the cream of the district's horticultural beauty assembled in one hall. Quality of the exhibits is famous throughout central B.C.

COLLECTION OF CLOTHES

National Campaign is Being Organized in Prince Rupert

Setting up of a committee to take charge of the National Clothing Collection drive in Prince Rupert took place last night at a meeting of representatives of the various civic organizations called by Mayor Daggert.

Nomination of the committee's chairman was deferred with a view to having one of the aldermen fill the post but six members of the committee who were elected were Mrs. Doris E. Teng, of Queen Mary Chapter, I.O.D.E.; Mrs. C. H. Elkins, Red Cross; Mrs.

Flying Officer D. W. Burnip, who has been spending leave here with his parents, Mr. and Mrs. A. W. Burnip, following his recent return from operations overseas, is sailing tonight on the Prince Rupert for Vancouver.

Pilot Officer James Stuart, son of Mr. and Mrs. D. C. Stuart, will be leaving tomorrow night on the Cardena for Vancouver to receive his discharge from the Royal Canadian Air Force following his recent return from overseas.

Dr. A. L. Pritchard arrived in the city yesterday afternoon on the Prince Rupert from Vancouver to spend the coming six weeks inspecting salmon research work on the Skeena river watershed which he is directing for the Fisheries Research Board of Canada. He proceeds today to the mouth of the river when he will proceed to various interior points.

Trevor Hill Home From Navy Service

Now being discharged from the service after having been in the Canadian Navy since the beginning of the war, Petty Officer Trevor Hill returned to Prince Rupert yesterday, accompanied by Mrs. Hill. He is to resume his pre-war duties with his father in the shoe business here. Much of his time in the Navy was spent in convoy duty on corvettes in the Atlantic.

A. B. Armstrong, Baptist Ladies' Aid; Mrs. F. S. Walton, Anglican Women's Auxiliary; Miss Alvina Brewster, Business and Professional Women's Society, and Mrs. F. Ellison, Ladies' Orange Benevolent Association.

A chairman will be appointed very shortly so that the committee can make plans for the city's contribution to the nationwide campaign of clothes collection.

Purpose of the National Clothing Collection is to provide clothes for the men, women and children of liberated Europe. The Canadian United Allied Relief Fund is organizing the campaign and it is hoped that at least 10 million pounds of clothing will be secured, which will be Canada's contribution towards meeting the needs of 125 million people, including 30 million children.

Meanwhile the committee met last night after the general meeting and named Mrs. Doris Teng to act as chairman pro-tem and Miss Alvina Brewster as secretary pro-tem pending the permanent appointments.

Henry Friesen, who returned to the city at the first of the week from the interior, has requested that correction be made of an item appearing in the Daily News saying that he was accompanied by Mrs. Friesen. Mr. Friesen is not married.

PORT EDWARD WINS AGAIN

Handed Barrett 19-5 Defeat Softball Semi-Final Last Night

Port Edward Americans won their second straight game of the Senior Softball League's semi-finals by defeating Barrett with a score of 19 to 5 last night at Gyro Park. The third game of the series will be played Sunday on Acropolis Hill.

The Port Edward club's biggest inning was the fifth when they scored five runs on two singles, a walk, a triple by Ketchmark and a home run by Henson. The winners collected 14 hits and 11 walks off two Barrett pitchers while Coady hurled four-hit ball to insure their victory.

Two-base hits were made by Thompson and Horn of Port Edward and Grywinski of Barrett.

The score by innings follows: Barrett .001000121-5 Port Ed. 30153124x-19 Batteries: Barrett — Makison, Burman and Tonczyk. Port Edward — Coady and Thompson.

JIMMY BEVINS KAYOES MOORE

NEW YORK, August 23 — The so-called duration heavyweight champ, Jimmy Bevins of Cleveland, did not disappoint his backers last night as he beat Archie Moore of California. The up-and-coming Mr. Moore had won 27 straight ring contests up to last night when his string was broken in the sixth round by Bevins' savage onslaught. Actually, the husky Cleveland heavy knocked out the California hopeful twice—once in the second and finally in the sixth frame. The second stanza knockout was not counted because Bevins was judged to have fouled Moore.

TRACK TEAM GOING SOUTH

Fifteen Soldiers and Six C.W.A.C.'s Leaving for Pacific Command Tournament

A track team consisting of 15 soldiers from various Canadian Army units and six members of the C.W.A.C. from the Prince Rupert area will sail on the Cardena tomorrow night for Vancouver, where they will represent this district in the Pacific Command tournament. The team is being coached by "Monty" Montgomery, physical director of the Y.M.C.A. War Services here.

LOOKING OVER BALL LEAGUES

Detroit Tigers now have but a half-game lead over Washington in the American League pennant race. The Senators took both ends of a double-header from the Cleveland Indians yesterday by tallies of 3-0 and 6-5. The Tigers held a slim margin by whipping the Philadelphia Athletics 4-1. In an 11-inning effort the New York Yankees were beaten 6-5 by the Chicago White Sox while a twilight double-header saw the St. Louis Browns split with the Boston Red Sox. The Browns took the first game 4-2 but were downed 5-4 in the nightcap by the Sox.

There were no games scheduled in the National League. In the International League, the Montreal Royals split with the Buffalo Bisons with the Royals capturing the first half with a resounding 8-0 while the Bisons came back 6-4 in the tail-end. The Toronto Maple Leafs took a firmer grasp on the second spot in the league standings by thrashing the Rochester Red Wings 7-1 while the Baltimore Orioles were defeated 10-3 by the Jersey City Giants.

And here is today's schedule: National League—Brooklyn at New York, Cincinnati at Pittsburgh. Only games. American League—Philadelphia at Detroit. Only game. International League—Newark at Jersey City, double-header; Rochester at Buffalo, Montreal at Toronto, Syracuse at Baltimore, double-header.

HAZELTON MAKES SWIMMING POOL

Community Project Will Also Be Used as Skating Rink in Winter

HAZELTON, Aug. 23—Wedged on two sides by the rapid and treacherous Bulkley and Skeena rivers which join within a few hundreds yards of the town's centre, Hazelton citizens will soon have a safe swimming pool, the result of community effort.

It won't be an elaborate pool with tile surfacing but it will have a continuous flow of pure water and its natural sloping bottom will give it a depth of water ranging from a few inches to nine feet, making it safe for everyone from small children to expert swimmers.

By throwing an earth and rock dam across a narrow arm of the Bulkley just where it joins the Skeena, willing citizens have made a lagoon which, they point out proudly, will have an excellent ice surface in winter, suitable for skating and curling.

The dam, which is 150 feet long and 13 feet high, contains
