In due course, there will be further development.

MIDGET SUBS CAUSED PLENTY OF TROUBLE FOR JAPS—New pictures, just released, tell the story of the part played by Britain's midget submarines in the British navy's war against Japan. The subs, varying in length from 30 to 50 feet, with crews of three to four, unable to travel more than 10 to 12 feet below the surface, they arrived in far eastern waters with an enviable European war record that included the striking and crippling of the German battleship Tirpitz (later sunk by the R.A.F.). Here is a Royal Navy midget submarine at full speed in Sydney Harbor, Australia, base of the British Pacific fleet.

NEW VOTERS ARE LISTED

Expected That 100 More Will Be Added to City List. Prince Rupert civic voters' list had 96 new names added to it up to 10 o'clock this morning and the expectation was expressed at the City Hall that the total of new names would reach 100 before the registry period closed at 5 o'clock tonight. Of the new registrants, 20 were women and 76 were men. All were either householders or, in the case of the women, persons who had paid a minimum of \$2 to the city during the year in addition to other ordinary qualifications. Property owners are placed on the voters' list automatically and need not register. Last year's voters' list contained 2,037 names and until it is revised for this year's voting the net increase in the number of voters will not be known. However, an increase is expected. The revision is expected to place a substantial number of newly registered property owners on the list. The court of revision will sit on November 15. Nomination day is December 10, and election day December 13.

Repatriates At Macaulay Camp Are Free Again

VICTORIA, Oct. 31 (CP)—Eleven hundred British repatriates, waiting to continue their journey homeward after having arrived from Japanese prisoner of war camps, are able to move freely again from Macaulay Camp which had been placed under a brief quarantine for health reasons Monday. Officials at first refused to comment but, when the "confined to barracks" order was lifted, they revealed that a final medical report indicated that what was at first believed to be a smallpox case was negative.

NO END TO CIVIL WAR

Deadlock As War Between Chinese Communists and Nationalists Continues. CHUNGKING, Oct. 31 (CP)—General Yen, governor of Shensi province, charged today that 100,000 Chinese communist troops are attacking the important rail junction city of Tatung in northern Shansi. The Nationalist Shansi governor claimed he had received reports that "unidentified aircraft have been landing behind communist lines" but he refused to elaborate.

CHUNGKING, Oct. 31—Both sides admit there appears to be little hope of an early end of the civil war in China. Chinese communists and nationalists are still opposing each other at arms in eleven provinces and the conflict is spreading. Deadlock continues as the communists insist upon a political settlement and the nationalists demand a liquidation of the military issue.

The President said he had received a satisfactory reply from Stalin to a letter recently delivered but he did not disclose contents of the reply. The public total in British Columbia-Yukon, which is leading all Canadian provinces, on Tuesday at noon was \$44,129,650 for 62 percent of quota.

Hallowe'en . . .

This evening the most frightening apparition Prince Rupert people will encounter on the streets and at the doorsteps will be very young goblins with fantastic masks, witches carrying mother's broom for realistic effect and spritely ghosts garbed in a discarded sheet or two.

Disguised children, stumbling on their flowing apparel and clutching weird masks to their faces, will stump genial householders with gruff and squeaky "guess who's" and then hold out bulging pillow-cases or overflowing baskets for handouts of fruit, candy, coins and, of course, Kinsmen's "shell-out" coupons. Weeks from now parents will be wondering what to do with remains of tonight's loot that will be tucked away and forgotten.

That is all we expect of Hallowe'en now. Not long ago it was the night that the spirits of the dead were supposed to wander abroad. Known as the vigil of All Saints' Day of Hallowmas, the Christian festival was once much more than a night of gaiety for children and young people. In the earlier periods of Britain bonfires were lit as part of the celebration and the supernatural influence of the festival is kept alive by the continuance of ancient names for the day, as in parts of Ireland where it is still called the "Vigil of Saman" (the lord of death).

Before the rise of Christianity there were Druidic ceremonies and Roman festivals celebrating the harvest that have lent many customs and symbols to the present day Hallowe'en. The modern version of the autumn vegetable is the colorful Jack o' Lantern and costumed symbols representing the winter store of fruits in the ancient Roman harvest celebration. The belief that material objects were displaced by malicious spirits resembling "poltergeists," rumored to be still going strong in certain parts of Canada, is perpetuated

by mischievous juveniles who take the opportunity on Hallowe'en to remove the neighbor's gate and hang it on the nearest telephone pole.

Because of its supernatural atmosphere, Hallowe'en is supposed to be an excellent time for peering into the future. Instead of prophecies of death and disaster by witches, the hopeful miss of today indulges in crystal gazing and prophetic games in order to determine the characteristics and personality of her true love.

War Assets Here . . .

Evidently War Assets Corporation, employing 100 persons and expected to keep the large warehouse on the waterfront, main new installation which the war brought to Prince Rupert, busy for the next two years, is going to be quite a substantial business for this city. All kinds of stable goods and supplies accumulated throughout northern British Columbia and the Yukon during the war are to be assembled here and distributed. It is an undertaking the size of which few of us might have realized.

While it is contrary to War Assets policy to distribute goods in any way which would be prejudicial to the regular business of the country, the operation and assembly at Prince Rupert will make more readily available to meet the needs of this city and district goods which might otherwise have been difficult to obtain. The establishment of War Assets at Prince Rupert should be beneficial all around.

The Esthetic Arts . . .

In these days of alternate hard work and pleasure seeking, there is definitely a tendency to lose interest in things cultural and that is a pity for the esthetic arts should form quite as important a part of community life as purely physical reaction and entertainment.

Such organizations as those engaged in music and dramatics are to be welcomed and are worthy of support. They are appreciated not only by the people who participate but by those whose principal joy from music is in the listening to it.

Now that the community is settling down again after the rush and confusion of war activities, it is to be hoped there will be a return along organized community lines to these arts.

LETTERBOX

BRASS TACKS
Editor, Daily News.—
I am not interested in any political party but just in a square deal for all the people. I will give you my personal views of them. I may be wrong but that is my privilege. I am willing to learn, however, and it is only the fundamental truths I am interested in learning. I give you a few thoughts on things in general.

In the first place, why is there a C.C.F.? Evidently the people are not satisfied with the sort of mis-government they have been getting for a long, long time. All one has to do is to figure out the record of our Canadian Parliament for many years, and it will sicken one. Just sit down and figure it out for yourself and see what you conclude.

If the old parties would get busy and clean up their own dirty back yards instead of ganging up on the C.C.F., they might find it was not necessary to gang up with a Coalition to beat a few poor people who have no political experience or well-oiled machinery or the backing of capital, etc.

Assuming that Coalition governments have beaten the C.C.F., it is nothing for them to crow about. For instance, in one case a C.C.F. candidate receives 167 votes, whereas the Coalition candidate, and a good man too, receives only 288 votes. If you split the 288 votes in half and give them equally to the Conservative and Liberal candidates—you have the answer. It is really like two men ganging up on a poor little kid and not to be proud about in any case.

Here in B. C. we have been told about the wonderful record of Mr. Hart. Now we will wait to see how he comes out in getting back those taxes he conceded to the Dominion. We will also like to call attention to the fact that possibly Mr. Hart would not have done quite so well had he been in office during the depression instead of these days of dizzy taxation rackets.

Apparently the south has gone Coalition whereas the north has gone C.C.F. There must be a reason—and the reason is that the north has been robbed and swindled for years, starting with our G. T. P. Railway.

I am told that old gag about "What can you expect. The south has the votes." Very true—just like Hitler. "Might makes right." Nasty dig, but true.

Great life, isn't it?
D. T. GREENE.

Tribute To "Duff"

Will Be Remembered Affectionately for All His Good and Useful Works

The Vancouver Province pays editorial tribute to former Prime Minister T. D. Pattullo as follows:

"Dufferin Pattullo has been called 'the Ripple Rock in the political narrows.' The tides of politics have worn him down and he has taken defeat in his first and last constituency of Prince Rupert after 29 years of continuous service in the Legislature.

"His doughty and dapper figure will be missed in Victoria. He will be remembered not as the stubborn man who chose to end his career as a one-man party opposing the tides of inevitable change. There are so many other things to remember him by. His long and effective leadership of the opposition; his premierships through two provincial Parliaments; his useful contribution to the development of industry and transportation in British Columbia; his untiring energy in all that he undertook to do.

"He made many enemies, but their number is little compared with his friendships. He inspired the loyalty of strong men who now control the political life of the province. He built up the coterie of good administrators which was at last reluctant to leave him behind at the parting of the ways.

"His friends and opponents alike will remember him affectionately and wish him many quiet and happy years as a private citizen in B. C."

MALE CHOIR TO RESUME

Popular Local Vocal Organization to be Active This Winter

The Prince Rupert Male Choir, which achieved a popular niche for itself in local musical activities during the past few years, is about to reorganize for the coming winter season, the weekly rehearsals to be commenced on Monday evening next. While the choir still retains the most of its 28 or so members from last year, it will be welcoming every male singer who may be available. There is known to be more suitable talent in the city than is already enlisted in the organization whose membership is open to all.

Remembering the many fine programs which the choir has provided in past seasons, music lovers generally will welcome the announcement that it is to be active again this winter.

The principal officers are: President, S. L. Peachey. Secretary, Louis Arroll. Conductor, C. A. Davis. Accompanist, Allan Crawford

It has been estimated that advertising in daily newspapers giving information about business and industry increased 1600% during the war.

TURNING OUT FINE LEADERS

Prince Rupert Recreational Council Gets Gratifying Results in Training

The statement that the Recreational leaders in Prince Rupert will be on a par with those of any other community in British Columbia has proven no idle boast.

Now that leader training is approaching completion, this prediction has become a reality. In the girls' leaders' classes the latest addition to the training syllabus has been folk dancing. With the girls' fundamental gymnastics table, the ladies' Keep Fit table and the elementary apparatus work having been mastered, there should be plenty of material for ladies' gym classes this winter.

All that impedes the opening of these classes is the use of a large gymnasium. It is expected that this will be available shortly.

All Junior and Intermediate classes of the Recreational Council will be cancelled for the Hallowe'en festivities. Leader training will go on as usual.

SMITHERS

Mr. and Mrs. Olof Hanson left Smithers on Sunday morning to drive to Vancouver. They were accompanied by Hon. E. T. Kenney, minister of lands, who expected to take a plane from Prince George to Vancouver enroute to Victoria. Mr. Kenney arrived in Smithers by car from Terrace on Friday evening to thank his supporters and workers here for the magnificent vote he received at this point in Thursday's election.

Fairly cold and wintery weather is being experienced in the Bulkley Valley. The snow that fell on election day still remains and some more has been added and the ground has now become frozen.

Pte. William McMillan of Smithers arrived home after several years overseas and is being welcomed by his many friends. Pte. McMillan came home on the recent trip of the Ile de France and reached Smithers on the late train Friday night.

Among the names of those to reach Halifax on Thursday on the Queen Elizabeth were Bruce Bateson, son of Mr. and Mrs. John Bateson of Driftwood district, and John Skuba, son of Mr. and Mrs. Pete Skuba of the Glentanna district near Smithers. Ketchikan to Build Hotel

Half Million Dollar Hostelry and \$65,000 Theatre to Be Erected

KETCHIKAN, Oct. 31 — Construction of two fireproof buildings in Ketchikan, Alaska, involving an estimated cost of over half a million dollars, is planned by J. R. Heckman & Co.

One of the new buildings will be a five-storey hotel with a penthouse, the other a three-storey theatre.

The steel-reinforced hotel building, to cost \$500,000, will be constructed on the site of the present wood frame building now occupied by the Tongass furniture department, Billingsley's jewelry store, Charles Insurance Agency and Service Electric Co.

Plans provide for a full basement which will house a heating plant for all buildings owned by the Heckman company in the block, ample cold storage space for the food departments of a coffee shop and dining room; two large sample-rooms for salesmen, permanent offices for sales brokers, and a modern laundry for the hotel. The sales

call for shutting off regular street lights and allowing the decorative fixtures to light the streets presumably at decreased cost.

As an alternative to the proposed 60-bed hospital for Prince George, which might cost as much as \$500,000, city council has considered the feasibility of acquiring the idle military hospital here and reconverting a section of it.

brokers' offices will be glass-enclosed and face the basement lobby.

The five-storey building will have a capacity for 100 rooms which with the present 60 in the Ingersoll Hotel will make 160 rooms available.

Three-Storey Theatre Plan

The theatre will be on the site of the two frame buildings now occupied by the Revilla Theatre and Harold's Place, which were recently purchased by J. R. Heckman & Co.

The three-storey theatre building, of reinforced concrete, will have a seating capacity of approximately 800. Estimated to cost \$65,000, it will be leased to the B. F. Shearer Theatres Corp. of Seattle, owners of the Revilla. The Shearer Corporation will equip and decorate the theatre.

Present plans provide for construction to begin early next spring. The plans for the two buildings were designed by the Seattle architectural firm of Naramore, Bain, Brady and Johannesen.

DARROW GETS WARM WELCOME

Even His Canine Pet Turned Out to Greet Sgt. Gomez Today

A clamorous welcome by his dog Duke was part of the greeting which Sgt. Darrow Gomez, son of Mr. and Mrs. Alex Gomez, received when he disembarked from the steamer Prince Rupert at noon today home after more than four years overseas.

Duke, a large Alsatian, recognized his soldier-master when Sgt. Gomez called his name from the boat as it came along the

Accompanying Sgt. Gomez, who served in France, Belgium and Germany with the Third Anti-Tank Battery, was his wife and small daughter, who met him in Vancouver. His parents and several friends were at the dock to give him a warm welcome.

"Sonny" Stiles Is Also Home

Also aboard the Prince Rupert, returning from service with the Royal Canadian Artillery in England was Sgt. A. L. Stiles, who went overseas last December. He returned to Canada aboard the Ile de France.

Gunner H. J. Peters, of Fraser Lake arrived today, and will proceed to his home after a visit with his sister here. He formerly served here with the 102nd Battery.

Trooper C. B. Lovin, son of B. F. Lovin, Second Avenue West, returned last night, as did Pte. Robert Taylor, son of Mr. and Mrs. James Taylor.

Now What?

He's Back . . .

As a fighting man he did more for us than we can ever hope to repay. Yet all he asks in return is a fair chance to find and fill the right civilian job.

The least we can do is to see that he gets this help . . . see that every young veteran is fitted for the future through the Government's Rehabilitation Program.

Under this program returned men and women are trained, equipped, and directed into farming, factories, business or professions according to their ambition and ability. Some need hospitalization, some pensions—all get gratuities and re-establishment credits.

It's going to take a lot of money to carry to completion such a vital and comprehensive plan. Every Canadian will have to dig deep to raise the sum that's needed.

Now that the shooting and shouting are over, let's tell these fellows that we are still interested! Let's come through and make their training for the future our first and most important job!

Get behind the 9th Victory Loan!

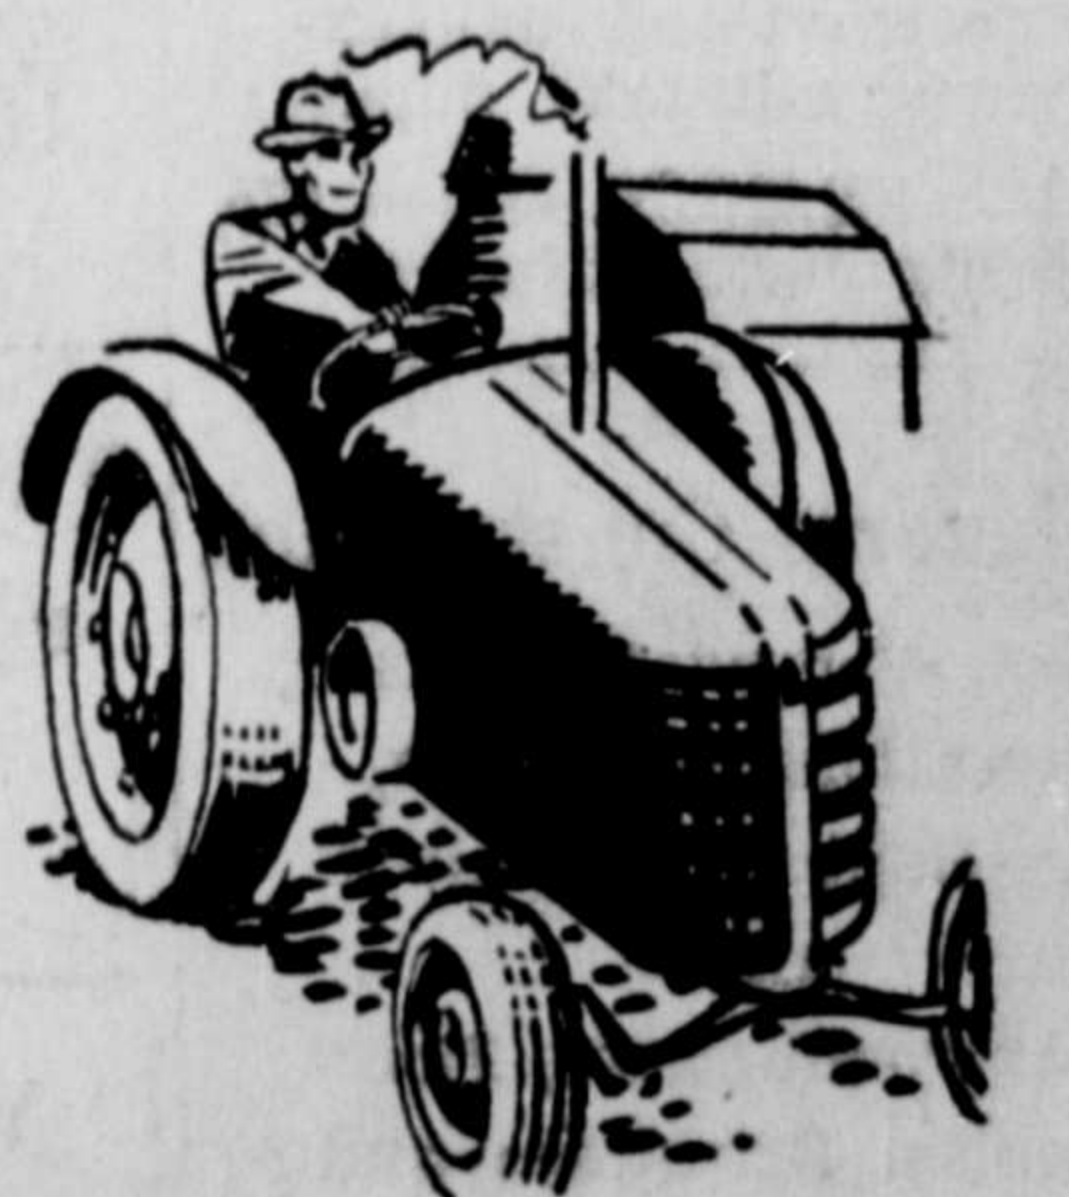

HERE'S A YOUNG MECHANIC who learned his trade under Post Discharge Re-Establishment, and is now a skilled operator. The dollars you invest in the 9th Victory Loan will help others to become as happily re-established.

THIS DISABLED LAD is getting the very best of care. Your 9th Victory Loan dollars will make it possible for all such cases to carry on until they can get back on their feet again. Everyone must help. It is the least we can do.

BY SUPPORTING THE 9TH VICTORY LOAN you help young veterans to take up their studies where they left off. Canada recognizes the need to give such returning men and women every opportunity to complete their education.

THIS "VETERAN" FARMER was once a bomb aimer and he planted bombs for victory. What he sows today will add to the growth of Canada. You can help many young farmers like this by backing the 9th Victory Loan.

FINAL CLOTHING SHIPMENT SENT

Final shipment of clothing contributed by Prince Rupert citizens to the National Clothing Drive—2,430 pounds bound in 42 packing cases—was sent to United Allied Relief headquarters Tuesday afternoon, Mrs. J. A. Teng, local chairman, announced. Yesterday's shipment brought to 12,839 pounds the total of used clothing shipped from Prince Rupert during the drive.

Commenting on the success of the drive, which closed Saturday after Prince Rupert people had made contributions more than 2,000 pounds in excess of the 10,000-pound quota, Mrs. Teng expressed thanks to those who had given the used clothing and to those who had voluntarily given their time in sorting and packing it for shipment.

The 12,839 pounds of clothing was shipped in 244 packing cases.

Q. How can I tighten the screws in eyeglasses?
A. When the tiny screws in your eyeglasses have become loose, try using a small steel pen as a screw-driver.

Q. How can I clean crystal beads?
A. Probably the easiest way to clean crystal beads is with soap and water, applied with a soft brush. After they are dry, polish with a chamois.

Employment

Workers Are Needed Here

Approximately 150 Jobs Are Unfilled in Prince Rupert

Approximately 150 jobs exist unfilled in the Prince Rupert district at the present time, according to figures released by the Selective Service office. These vacancies include 107 for male workers and 36 for women. Lay-offs of American civilian workers, totalling several hundred since the end of the war, have made only a slight difference in the normal employment field, possibly because the majority of the American workers who came from other parts of the country left the city at the termination of their employment here.

According to Selective Service figures, 220 men and 117 women were laid off by the American authorities up to October 13 and more have been laid off since that time. Lay-offs during the

month have been averaging 40 to 50 a week.

Indications that the reduction of civilian workers by the Americans has not relieved the need for workers in other fields here are contained in the following lists of existing vacancies:

Male Requirements	
Bakers	2
Printers	2
Hard Rock Miners	10
Mining and Quarrying Helpers	17
Carpenters	15
Motor Mechanics	3
Heavy Laborers	58
Female Requirements	
Bookkeepers	1
Cashiers	1
Stenographers and Typists	4
Telephone Operators	2
Household Workers	12
Laundry and Dry Cleaning	4
Finishers	4

Only actual unemployment that exists, according to Selective Service Officer E. V. Whiting, is among over-age people who have been laid off jobs as guards and watchmen for the various services and who are now having difficulty finding other work.

HOSPITAL MAY BE OPENED BY END OF YEAR

The Miller Bay Hospital, being remodelled for use as an Indian tuberculosis hospital, may be opened for use by the end of the year, Dr. J. D. Galbraith, director of the institution, said yesterday. Difficulties in getting equipment and material to remodel the 150-bed structure from its original purpose of an R.C. A.F. casualty hospital have been responsible for a series of delays.

One of the outstanding difficulties at present is inability to get kitchen equipment in the quantity required, Dr. Galbraith said, although there were also other items at present unavailable.

Dr. Galbraith would not state definitely that the hospital, being remodelled as a treatment centre for Indians suffering from tuberculosis, would be

ready by the end of the year. However, he said that he was hopeful that it would be opened by that time.

Questioned on a report that the Port Simpson Indian hospital might be reduced to the status of a first aid station, Dr. Galbraith said that, if such a plan were intended, it probably would not be put into effect for at least six months.

"The Port Simpson hospital does not come under the Indian Department but is operated by the United Church. It is well filled at present and no plans for changing its status have been settled. Its future might not be clarified for six months," he said. Dr. Galbraith said that he did not know what decisions had resulted from a conference between Dr. George Dorey, secretary of the United Church Board of Home Missions, and coast Indian hospital workers here last week.

"The final answer rests with the United Church," he said. Opening of the Miller Bay hos-

pital would not eliminate the need for the Port Simpson native hospital, Dr. Galbraith declared, because the Miller Bay hospital will be primarily for the treatment of tuberculosis while the Port Simpson institution is a general hospital.

RE-ESTABLISHMENT

Now that Victory is ours and peace has returned to the world, all of us have an immediate obligation to our service men and women.

Our Victory is not complete until we have provided all our wounded sailors, soldiers and airmen and those who have been prisoners-of-war with the best medical care and attention. There are over 62,000 service men and women who were either wounded or prisoners-of-war.

Our Victory is not complete until every mother, wife and other dependents of those who made the supreme sacrifice, are given adequate pensions. Over 38,000 Canadians died for us.

Our Victory is not complete until the thousands of young Canadians who went direct from school into the forces are trained and equipped to open the doors of opportunity in a world at peace.

Our Victory is not complete until we fulfil our obligations to every service man and woman who unselfishly gave the best years of their lives that we might continue to live in freedom. Over 800,000 wore the Canadian Uniform.

Help make our Victory complete! Support Canada's Ninth Victory Loan to the utmost and buy bonds to give all Canadian service men and women their opportunity in a peacetime world. Help them bridge the gap in the period of re-adjustment from service to civilian life.

When you buy Victory Bonds you help to insure your future, the future of those near and dear to you and the future of Canada. There will be but one Victory Loan in the next 12 months—the same rate of saving will buy twice as many Victory Bonds in the 9th Loan as compared to previous loans.

Prince Rupert All Stars vs. U. S. Army to Top Bill Tomorrow Night
Local basketball will get under way Thursday night at the Y.M.C.A. gymnasium with three games scheduled for the sports-hungry fans of Prince Rupert. Because the Prince Rupert Basketball Association has not yet been fully organized, it is proposed to have a team composed of local United States Army personnel picked by Lieut. Farmer, U. S. Army sports officer, oppose a local all-star team coached by Angus McPhee, Prince Rupert basketball mentor.

The first game of the evening will see the High School boys clash with the Macey melon tossers in an Intermediate tussle. This should prove an exciting affair since the two teams have built up quite a rivalry and have been practising for the past month. Arthur Murray, well-known local basketball promoter, will coach the Macey gang.

The High School girls will tangle with the Kinsmen-sponsored girls for the second time. The students, though all youngsters and just started at the game, should give the Kinsmen team a real battle. The Kinsmen team is composed mostly of High School grads, some of whom were on the High School champion team of 1944-45. Eddie Glad-

TWO HOCKEY GAMES ARE ON SCHEDULE

TORONTO, Oct. 31.—There are only two mid-week games in the National Hockey League this week. New York Rangers will play their first game of the season tonight at Chicago when they meet the Hawks. The Hawks themselves have already played two games one of which they won over Boston and the other which they lost to Montreal.

The other mid-week game is between the Leafs and the Canadiens at Montreal. The Leafs have played only one game so far. That ended in a tie with Boston at Toronto.

When the Leafs go to Montreal for Thursday night's match, their captain, Syl Apps, may be only a spectator. Apps was ordered, coach of the Kinsmen girls, is quite confident of his team.

The third game will be booked as the main attraction and will be between a local all-star aggregation and local U. S. Army players. Most of the local players are not yet settled because of travelling back and forth from Vancouver for discharge from the services, so it will not necessarily be the best Rupert could put on the hardwood. Sid Woodside, however, has picked a squad that should put up a good game. Lieut. Farmer of the U. S. Army Forces was not given sufficient time to floor his best but he has sportingly offered a team for this occasion and his teams have always been tops.

dered from the ice at work-outs in the Maple Leaf Gardens yesterday by the team physicians. It seems that Apps was hurt in an exhibition game in Hamilton last week. He has a broken nose, a badly swollen right eye and a cut in the cheek. But since then he has managed to get in three work-outs before the doctors got to him. Yesterday the medics decided that he had better stay off the ice for at least three more days. But there is still a chance he may go back to his spot at centre when the Leafs meet New York Rangers at Toronto Saturday night.
Coach Hap Day may take Bill Ezinicki to Montreal and drop one of his other right-wingers. Ezinicki was late joining the Leafs and Day says he can't get into shape playing on the bench.

COLORFUL, ROMANTIC

"Diamond Horseshoe," With Betty Grable and Dick Haymes, at Capitol This Thursday, Friday, Saturday

Packed with song hits, hilarious dialogue, colorful dance routines and beautiful girls, a spectacular musical picture in technicolor, Billy Rose's "Diamond Horseshoe," comes for a three-day engagement at the Capitol. Theatre this Thursday, Friday and Saturday.

The picture, as the name suggests, is set against the background of the world famous night spot just off Times Square in New York. It takes movie audiences behind the scenes and into the lives of people who make Broadway entertainment history.

Betty Grable is seen as the girl with the most beautiful legs on Broadway, a headliner in the show and hardened to everything but her own success. But fate spins a romantic web and Betty falls head over heels in love with Dick Haymes, son of her bitterest rival, William Gaxton. Betty is faced with a challenge which serves as the basis for an intriguing love story.

Scintillating song hits are highlighted by the spectacular "Acapulco" number. Other hits are "I Wish I Knew" and "The More I See You."

Other top-ranking stars in "Diamond Horseshoe" include Phil Silvers, Beatrice Kay, Carmen Cavallaro and William So-lar.
