GREAT MOTOR TOURIST TRAFFIC FORESEEN FOR PRINCE RUPERT

Highway Improvements and Better Accommodation Here Are, However, Required—Auto Club Organizer in City

The Prince Rupert Highway cannot be fully recommended as a tourist route and this city cannot completely enjoy its benefits until the present unsatisfactory link between Kitwanga and Hazelton is widened and put in proper shape, says Frank Bird, organizing secretary of the British Columbia Automobile Association, who is here to assist in the forming of a branch of the Association here. "This should certainly be taken care of as one of the first rehabilitation projects. It is part and parcel of the provincial highway system. It does not seem reasonable that you should have a fine highway between Prince Rupert and Terrace and a weak section connecting it with the rest of the province.

There should also be better surfacing of the Prince Rupert-Terrace portion to eliminate loose and flying gravel.

ALLIED OFFICER IS DISCIPLINED

SINGAPORE, Sept. 18 (CP)—The Supreme Allied Commander of Southeast Asia, Admiral Lord Louis Mountbatten, has ordered disciplinary action taken against an Allied officer accused of bullying Japanese prisoners of war in Singapore. It is reported that the Japanese were forced to touch their foreheads to the ground.

TAXIS UNDER OFFICIAL EYE OF ALDERMEN

Possibility of an investigation into the number of taxicab businesses which are flourishing in the city was indicated by Alderman Robert McKay at last night's city council meeting when he questioned the policy of the licensing committee in granting operators' permits.

"I see we have just granted three new taxi operators licenses. At the last meeting we approved the granting of four," he said. "It seems to me that Third Ave. will soon be a solid area of taxi stands."

He asked if the city had authority to spread the taxi operators over a wider area of the city so that the threat to Third Ave. could be avoided. If it kept up, he forecast, there would be no parking space for private drivers on the street.

City Clerk H. D. Thain pointed out that taxi operators have no more right than anyone else to park in front of their taxi stands.

"Even if they own the buildings they have no prior claim to the parking rights in front of them," he said.

Alderman Black agreed that the city should take steps to distribute the taxi stands throughout the city.

Alderman Arnold could see the time coming "when we should have proper taxi stands."

The increasing number of taxi business coupled with the decreasing population might create a situation with which the city might eventually have to cope, Alderman McKay felt.

WANT STATION BROUGHT BACK

Fisheries Experimental Establishment Should Be Logically Here

The incogruity of Prince Rupert, centre of the largest fishing area in the province, being permanently deprived of the fisheries biological station which was situated here before the war roused Alderman T. B. Black to urge that it be brought "home."

"Dr. Neal Carter says that it is being kept in the south so that it will be near the offices of the fishing companies, I say that it should be here—in the centre of the fishing industry," Alderman Black asserted.

He piloted a motion that the city take steps to try and have it brought back.

Alderman Arnold thought that a large part of the difficulty is that the staff members prefer living in the south.

"They want to be in Vancouver where they can get cheaper schooling for their children and be in the centre of things," she said.

"It's a point that we should press. The experimental station should be brought back." Acting Mayor Brett agreed.

WEATHER FORECAST

Cloudy and mild with occasional light rain, light winds becoming moderate to fresh during Tuesday evening.

City Council Would Retain Navy and Air Force Bases

Alarmed at the apparent finality of the actions of the Royal Canadian Navy and the Royal Canadian Air Force in closing their bases at Prince Rupert, City Council last night went on record as urging the government that those two service branches maintain at least auxiliary bases in the city.

On motion of Alderman T. B. Black, the city delegation now on its way to Ottawa will be asked by council to present a case for the maintenance of Navy and Air Force bases here.

"Particularly when Canada is going to have an enlarged Navy, I think that this city should be used as an auxiliary base at least," Alderman Black declared. "The R.C.A.F., too, has made large expenditures here. It should continue to use it."

Council was unanimous in its approval of Alderman Black's motion.

Complete Sell-Out Of "Yank" Special

The Daily News regrets to announce that there are no further extra copies of Saturday's "Farewell to Yanks" extra available at the office. So popular has the issue proven that all copies were completely sold out by yesterday and people were clamoring for more. It is possible that Americans may be able to obtain some from the various unit canteens which had their blanket orders in days before the time of publication.

SURVEY OF GRENVILLE CHANNEL

The first thorough hydrographic survey which has been ever made of narrow and tortuous Grenville Channel, on the main "Inside Passage" between Prince Rupert and Vancouver, is nearing completion. The government hydrographic survey steamer William J. Stewart, which has been carrying out the survey during the past six weeks, was in port over the week-end for outfitting. Chief Hydrographer W. K. Willis stated that by the end of this month the survey should be finished and the Stewart will proceed south for the winter.

In Mr. Willis' words, there has never been a "decent" chart of Grenville Channel but this will now be rectified as a result of the survey. Through local knowledge and straight keeping to the middle of the channel which has deep water, rocky shores and few mid-channel obstructions, coast navigators have had a minimum of accidents.

Capt. George Billard, formerly with the Navy here, is master of the William J. Stewart.

EQUIPMENT IS SMASHED

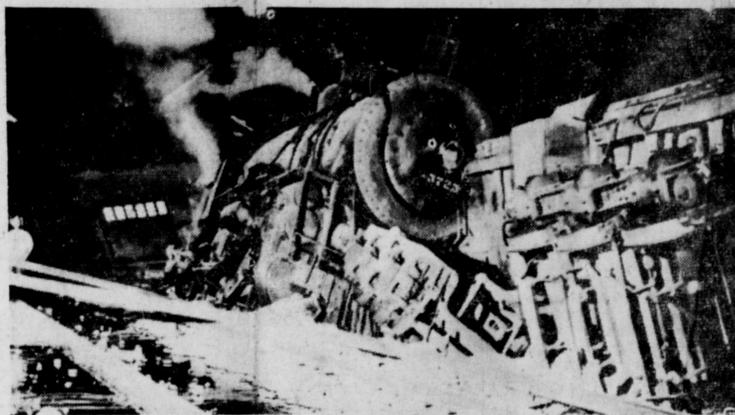

Radio Gear Worth \$200,000 Deliberately Destroyed, Says Union Man

TORONTO, Sept. 18 (CP)—An official of the C.I.O. United Steelworkers Union has charged that \$200,000 worth of radar equipment was destroyed last week at the Toronto plant of Research Enterprises Limited.

The charge was made by Howard Conquergood of the Steelworkers Union in a telegram to Prime Minister Mackenzie King and Reconstruction Minister Howe. He said that this equipment was deliberately smashed and scrapped although it could have been used for peacetime activities.

Equipment Is Being Inventoried

OTTAWA, Sept. 18 (CP)—Reconstruction Minister Howe said in the Commons last night that an inventory is being kept of all surplus or obsolete equipment being destroyed or disposed of in Canada. He said these inventories will be available for inspection by Parliament committees.

CHICAGO-BOUND CALIFORNIA LIMITED IS WRECKED—Wrecked engine and baggage car of the Chicago-bound California Limited, Santa Fe passenger train No. 4, are shown piled across the tracks near Santa Anita racetrack, Los Angeles, Cal. There were many casualties.

COUNCIL RELAXES; ALLOWS SCHOOL BOARD TO APPOINT NEW TRUSTEE

There are times for action and, again, there may be times when inaction is more prudent. City council last night had an opportunity to make inaction pay. By doing nothing, they were able to escape responsibility for burdening the city with the cost of a by-election for a new school trustee since Trustee S. L. Peachey has resigned.

School board chairman Dr. R. G. Large appeared before council last night to inform its members that Trustee Peachey had accepted a position as janitor-engineer of Booth Memorial High School and that, being an employee of the school board, he cannot remain a member of it.

The school board chairman read an excerpt from the Schools Act which outlined the course of action to be taken in the matter.

According to the Act, he said, council should give notice of a by-election within a month. Failing such action, the school board has power to appoint a trustee to fill the vacancy. Tenure of the trusteeship would run until the annual civic elections in December.

"I don't see why we should put the city to the cost of a by-election just to supply a trustee for the next two months," Alderman Rudderham said. "We have had too many elections and by-elections this year already."

None of the other aldermen could, either. So they decided to do nothing in the matter, thus allowing the school board to appoint its own trustee.

Hirohito's Head—U.S. Senator Asks Arrest

WASHINGTON, D.C., Sept. 18 (CP)—Smouldering congressional dissatisfaction with peace terms imposed upon Japan flamed today with the demand by Senator Russell, Georgia Democrat, for the arrest of Emperor Hirohito as a war criminal. Russell declared that what he described as a soft peace was developing for Japan. He said that, if present policies are continued, "we are headed for complete failure and another war in the Orient."

Russell asserted that "Hirohito is head of Japanese imperialism. He is one of the greatest aggressors in history."

JAPS ARE AT LARGE

TOKYO, Sept. 18 (CP)—Fifteen of the suspected Japanese war criminals on General MacArthur's wanted list are still at large. Twenty-nine of the Japanese on the list are in military custody and two are suicides. Of those 15 still at large at least one is where the Allies can get him whenever they choose. Two others are listed by the Japanese as dead.

Mine Clearance Hazardous Work

GUERNSEY, Channel Islands, Sept. 17 (CP)—During a 90-day program to clear 76,000 German mines from the coastal regions of Guernsey, four British troops and nine German prisoners of war were killed, and five British and 15 German soldiers were injured.

Since May 11 large numbers of British troops, helped by war prisoners, have been engaged in reconstruction, and 96 per cent of the underwater obstacles around the coast have been rendered harmless, and 84 per cent of the anti-landing fortifications, such as large wooden stakes set up in the fields, have been removed.

One thousand of the 3,000 damaged houses in Guernsey have been restored along with 11 of the island's hotels.

TO QUIZ HIROHITO

TOKYO — The Premier of Japan said today that his government would conduct an investigation to determine the responsibility for plunging Japan into war. Emperor Hirohito will himself be asked the direct question if he knew in advance of the plan to attack Pearl Harbor.

Flying Officer Murray Henderson, son of Mr. and Mrs. David Henderson of this city, returned Sunday night from Vancouver where he obtained his discharge from the Royal Canadian Air Force in which he served overseas.

Shocking Discovery In Shallow Grave Brings Great Search To Close

Twelve-Year-Old High School Student Is Being Held For Further Investigation and For His Own Protection

VANCOUVER, Sept. 18 (CP)—Walter Mulligan, superintendent of criminal investigation branch of the Vancouver police force, said today that a 12-year-old boy is being held "for further investigation and for his own protection" in connection with the discovery last night of the body of four-year-old Dianne Blunt.

The child's body was found buried under three inches of dirt in an unused garage twenty-five yards from her East Hastings Street home. She had been missing since September 11.

Superintendent Mulligan said last night while searchers scoured South Vancouver area in a hunt for the missing tot he had received a telephone call from E. F. Arnatt, employer of Dianne's father, E. J. Blunt. Mr. Arnatt, who had led in the search for the child, said that, while coming down a lane at the rear of the Blunt home, he met a 12-year-old boy who said he had discovered "something suspicious in a garage near the Blunt residence." Mr. Arnatt said he accompanied the boy to the garage where he found signs of freshly turned earth and what appeared to be a shallow grave.

The greatest search in the history of Vancouver then ended last night with the finding of the battered body of the little girl. The search had spread over the entire city. The first police statement was that they had received a "tip" from a civilian early Monday night and had dug up the body. The skull was crushed. The police then said they were searching for a "murder suspect."

The 12-year-old boy goes to Junior High School and is a friend of the family. He has not yet been questioned by the police, Mulligan said.

An autopsy is being held to determine how long the child has been dead.

ACID-DAMAGED CLOTHING IS CROWN EVIDENCE

Clothing alleged to have been damaged by acid was presented as evidence against Boyd Telford, defendant in a breaking and entering with mischief case heard yesterday and today before Mr. Justice J. M. Coady in Assize court here.

The clothing, belonging to Miss Liberty Giacinti, waitress, is claimed by Crown Prosecutor W. O. Fulton to have been sprinkled with acid by Telford last May after he had moved out of an apartment at 623 Sixth Avenue West.

Last March there had been a dispute concerning the ownership of household furniture, Miss Giacinti told the court. Telford, she said, had possession of a key to the apartment.

A maroon-colored chesterfield bought by Miss Giacinti had been "completely destroyed" by having acid poured on it, she testified. Clothing in two closets was also damaged.

George Viers, occupant of the apartment adjoining Miss Giacinti's, told the court that he heard a man's voice which he positively identified as that of Telford in Miss Giacinti's apartment about 10 o'clock on the night of May 10 shortly before Miss Giacinti returned to discover the damage in her apartment.

He testified that he had known Telford for some time before the incident, having met him on several occasions while he (Viers) was a waiter in a beer parlor.

"Have you ever held a face-to-face conversation of any length with Telford," Defence counsel T. W. Brown asked Viers.

"No, I guess I haven't," the witness replied.

The case was adjourned Monday afternoon, and was continuing this morning.

Jurors hearing the case are: Robert H. Parker, foreman, Robert A. Beatty, John Odowes, William S. Bree, Paul Gaudette, Walter E. Allen, Wesley Banta, James Hogg, Henry L. Quick, David Owens, Fred M. Bennett, James Bremner.

LITTLE GIRL MURDERED

VANCOUVER—After a search by more than 3000 Vancouver citizens, including several hundred women, over the entire city, the battered body of four-year-old Dianne Blunt was found buried in an unused garage near her home. She had been murdered.

RUSSIA AND AFRICA

LONDON—Russia announced today that it desired exclusive trusteeship of the former Italian North Africa colony of Tripolitania. Foreign Commissar Molotov said that Russia was "anxious to secure a foothold in the Mediterranean."

NEWSPAPER SUSPENDED

TOKYO—The leading Tokyo newspaper Asahi has been suspended for 48 hours by General MacArthur for saying that the United States violated international law by using the atomic bomb.

VICTORIA MEAT STRIKE

VICTORIA — Retail meat dealers of Victoria decided at a meeting of the Vancouver Island Meat Dealers' Association last night to close their shops this Saturday unless the government rescinds its order introducing meat rationing.

HITLER IN JAPAN

WASHINGTON — Reports that Adolf Hitler may be in Japan are to be investigated. It had been said that Hitler was seen to have landed from a submarine in Tokyo Bay, being whisked off to an interior village.

QUEBEC — The troopship Scythia, with 1989 returning servicemen aboard, is due to arrive at Quebec tomorrow morning. Previously, the ship's arrival had been set for today.

LORD HAW HAW AWAITING FATE

Two Counts Are Thrown Out, Leaving Only One—Defence Based On Brooklyn Birth

LONDON, Sept. 18 (CP)—The British court today reduced the treason indictment against William Joyce to a single count—that he broadcast German propaganda as "Lord Haw Haw" for nine-and-a-half months while holding a British passport. Mr. Justice Tucker, presiding in Old Bailey, threw out two counts based on assertions that Joyce is a British subject.

The defence, which rested without calling Joyce to the stand, held that he is a citizen of the United States—born in Brooklyn.

Bunoz Memorial—To Assist Religious Education

New Bishop Turns Over Gift To Finance Prospective Young Priests and Nuns

The Bishop Bunoz Memorial Fund for Education is to be set up to assist the training of young boys of this Roman Catholic vicariate for the priesthood and girls who may dedicate their lives to the work of the church. This announcement was made Sunday night by Bishop Anthony Jordan as the disposition of a substantial purse which was presented to him at a parochial reception following benediction at the Pro-cathedral of the Annunciation. The presentation was from the people of the parish and outlying points in the vicariate as well as from Roman Catholic members of the American forces at Prince Rupert.

The reception in honor of Bishop Jordan was the culminating event in a week of ceremonies and festivities marking the installation of the new chief priest of the vicariate. There was a large gathering consisting practically entirely of Roman Catholic people who were thus given the opportunity of being presented formally to their new bishop.

The parish priest, Father W. F. Lantagne, presided and the program included speeches of welcome by Mrs. J. J. Gillis, on behalf of the Catholic Women's League, of which she is president; Charles Rimmer, on behalf of the men of the parish, and Father J. A. Carroll, a recitation in French by Mrs. J. L. Blain, and piano solo by Miss Frances Moore.

Following the proceedings delicious refreshments were served, the refreshment feature being the bishop's cake.

POLICE HONOR INSP. GAMMON

Inspector Ernest Gammon, who has been transferred as officer in charge of "D" division of the B.C. Police here to Kamloops where he will take charge of "C" division, was central figure at a presentation ceremony in the office of Staff Sergeant G. A. Johnson this morning.

In the presence of several members of the force here, Inspector Gammon was presented with a heavy, inscribed silver tray along with the best wishes of the non-commissioned officers and men of "D" division. The presentation was made by Staff Sergeant G. H. Johnson.

"This northern country is a good country to live in," said Inspector Gammon in receiving the presentation. "There are a fine bunch of men in "D" division and you can go far in police work. As we older men leave the force there will be opportunities for advancement by younger men.

"I have found that there are two important things in life—one's friends and one's health. We should look after them both."

The inscribed silver tray carried a message of respect and friendship for both Inspector and Mrs. Gammon. They leave Thursday night to take up residence at Kamloops.

What City Council Did

Purchase of 72 new telephone instruments was recommended by utilities committee to council last night. Committee also reported that it had made a survey of the U. S. Army telephone equipment here, recommending that it not be purchased at the present time. It reported its decision to check and revise present telephone by-law.

The following new business licenses were granted by the licensing committee, according to a committee report approved by city council last night: Murray Oliver, taxi operator; H. T. Harvey, taxi operator; H. M. Stanley, taxi operator; W. B. Edmondson, tent and awning manufacturer; N. T. Hanson, handyman.

A request from Agnes C. Woods and R. L. Woods for an increase in the contract price of operating the city ambulance and rest room was considered and referred to the health committee reported to council. The report was approved.

Interdenominational C.G.I.T. Is Organized

The interdenominational group of Canadian Girls in Training held a meeting last night under the leadership of Mrs. Thornton Hay in the United Church for the election of officers. The following girls were elected: President—Miss Dorothy Hutchinson. Vice-President—Miss Rosemary Hartwig. Secretary—Miss Esther Harrison. Treasurer—Miss Joyce Young. The various committees are to be elected at the next meeting.

BLACKHEADS

Get two ounces of peroxide powder from your druggist. Sprinkle on a hot, wet cloth and apply to the face gently. Every blackhead will be dissolved. The one safe, sure and simple way to remove blackheads.

A recommendation by the finance committee that accounts totalling \$26,893 for the month of August be paid was approved by council.

Board of works committee reported that the purchase of a small pump had been authorized and the pump ordered. Confirmation was requested of their action in purchasing a diesel engine at a cost of \$900. The report was approved by council.

A request by Mrs. Annette Woods to have a sidewalk built at the side of her building, the Stone Block, was referred to the city engineer and the board of works committee by council last night.

LETTERBOX

WEST END VANDALISM

Editor, Daily News: A short time ago there was a letter in the paper about vandalism in the East end of the city. Now it has reached the West end. On the evening of September 12 a number of boys came down Second Ave. and saw a nicely trimmed hedge. They immediately jumped into it, doing more damage in two minutes than I can hope to repair in a year.

It took eight years to get this hedge to the condition it was in. If too much of it is not killed it will take two years to grow it back in again.

These were not young irresponsible boys but were of High School age and knew quite well the damage they were doing.

It takes a lot of hard work and patience to make a garden here and to have it spoiled in this way is exceedingly annoying.

Whifflets From The Waterfront

Armour Salvage Co., now being operated by Max Asemissen, Reg Green and Henry Hansen, is now engaged in installing new fender piles at the government wharf for the provincial department of public works. Dolphins are also being installed by the company at the wireless station landing on Digby Island. At Port Simpson the company has under way the work of installing a second oil tank for the Home Oil Distributors Ltd. and renewing the platform of the old tank. In addition, the company is carrying out rebuilding work on its own floats.

Armour Salvage Co.'s service boat F. H. Phippen, Capt. Henry Hansen, has been relieving the snagboat Essington on the Skeena river. The snagboat has been undergoing repairs at the local dry dock after having sustained extensive damage in a fire some months ago.

BRITAIN TRAINS POLICE CADETS

LONDON, Sept. 16 — Boys who dream of becoming policemen may soon have their ambitions fulfilled for a scheme to train police cadets has been announced which, it is hoped, will solve the manpower shortage in the police force.

Under the scheme boys will be employed as clerks in the police administration in various cities and towns. They will be paid clerical rates and will not wear uniforms, but they will receive special training in police work and at the age of 20 become policemen.

Only boys with suitable educational qualifications and physique will be accepted.

MIRACLES of MAKE-DO

If there's a new baby in your house, next door or at a friend's house up the street, you'll be busy these days thinking of baby clothes.

But there will not be enough textiles in Canada for many months to come. You may find it difficult at times to buy just the right thing.

What could be better than a home-made and truly personal gift? You can make scores of warm, comfortable and attractive babies' garments and accessories from discarded underwear and other woollen clothing lying in your cupboards.

To give you a hint of the tremendous possibilities within call of your sewing materials, here are just a few practical suggestions. Patterns are available at the stores.

TODAY'S MENDING HINT
Reinforce underwear at the knees and elbows after it has been washed several times or is beginning to show signs of wear. Put a small piece of cotton behind the buttons as reinforcement.

A plain weave, hand darn is the best way to mend most small tears in wool material. For a large hole, use a darned-in patch or an inset patch. The darned-in patch is better for thick wools, the inset patch for thinner ones.

TERRACE SOFTBALL

By RUBE SHER
Brett Beggs' and Pat Forman's Wartime Housing Junior Softball Leaguers suffered a setback from Terrace Juniors in the opener of a home-and-home series at Terrace Sunday. The Rupert nine, despite threatening weather here, made the trip to Terrace and were completely showered by a score of 18-9. "Chicken," pitcher for Terrace, held the Rupert squad in check from start to finish, scattering his hits throughout the nine innings and bearing down well in the pinches. As small as he is, "Chicken" has all the earmarks of a senior hurler in the coming years.

Jimmy Flaten started on the mound for Rupert but gave ground after a barrage of walks and hits that netted Terrace four runs in the first inning. Jimmy McDougall took over the hurling duties only after Rupert was on the losing end 9-5 at the end of the third inning. The first half of the fourth saw Rupert rally for a four count to tie up the ball game. McDougall singled and Sparky homered scoring both runs. Greenway flied out and Owens grounded out to third. A smashing double and single by Skippy and Jones respectively were good for two more runs.

Terrace retaliated in the latter part of the inning but to no avail. Carl, first up, grounded out to third while Ron advanced to first on an error by Greenway. Turkey drove for a double. Bush struck out as Turkey was called out for a lead-off, retiring the side.

The fifth saw Rupert once more try to weaken the little "Chicken." McDougall flied out and Sparky collected his second big hit of the game. Greenway singled, advancing Sparky to third. Owens flied out leaving his buddies stranded on bases.

Terrace had a big inning in the sixth. Bush doubled and Pratt lined a smashing single. Hipp flied out and "Chicken" walked, filling the bases. Bush scored on a passed ball as Pratt was nipped stealing third. Moon reached first on an error and Paul walked, filling the bases for the second time. Carl was walked scoring "Chicken." Ron playing spectacularly at short-stop for Terrace connected for a long homer between left and centre. Turkey grounded out, retiring the side.

For the next three innings, "Chicken" held the opposition well in hand by shutting out the Rupert squad. Bouvet, at right field for Rupert, robbed Ron of his second homer with a beautiful one-hand catch that was well applauded by the spectators. As the game ended Prince Rupert were trailing Terrace 18-9. After the game the boys were

INTERNATIONAL BALL PLAY-OFFS

MONTREAL, Sept. 18—In the International League semi-finals, the champion Montreal Royals defeated the Baltimore Orioles 8 to 1 and thus took a two to one lead in their play-off series Sunday. Play was close until the ninth when the Royals broke out with plays topped off by a homer hit by Roy Nichols. Roy Hathaway was the winning pitcher, but he had to have help from Johnny Gabbard in the seventh. The teams play again tonight.

In an afternoon game, the Newark Bears came from behind to nose out the Toronto Maple Leafs 5 to 4 and even their International League semi-final series for the Governor's Cup at two games each. Mike Portner won the game for the Bears with a two-run homer in the seventh inning. Yesterday Newark won 8 to 3 to move ahead.

FORTRESS WINS SOFTBALL GAME

In an exhibition softball game at Acropolis Hill, Fortress senior team defeated the intermediate champions, Acropolis M.P.'s, 9-6 in an exciting 10-inning game Monday night.

Burman and Urquhart shared the pitching duties for the winners, the former allowing only 3 hits and striking out 10 batters in 6 innings, while Rostachak went the distance for the losers, yielding 11 hits and striking out 7 men. The leading hitters were Martell for Fortress, with 3 for 5, and Breyer for the M.P.'s with the same average.

The game was a preliminary warm-up for Fortress' journey to Ketchikan this week-end and the same two teams will meet again on Wednesday night at Acropolis Hill.

Score by innings:
Fortress—

LOOKING OVER BALL LEAGUES

In the American League on Sunday Detroit took both ends of a double-header from Washington, winning 7-4 and 7-3. New York split a twin bill, the Yankees winning 7-4 and the Browns taking the nightcap 8-3. Philadelphia downed Cleveland 6-2. The second game of their scheduled double-header was rained out. Chicago and Boston were also rained out.

In the National League, St. Louis defeated Philadelphia 3-1. Chicago won out over Brooklyn 7-6, while Brooklyn won the play-off of a suspended game of July 28 with the Cubs, 12 to 5. New York defeated Pittsburgh 9 to 5 and Cincinnati defeated Boston 2-10.

Here are today's games:
American League—Detroit at Washington; St. Louis at New York (double-header); Cleveland at Philadelphia (double-header).
National League—Chicago at St. Louis; Boston at Cincinnati (double-header).

THE ONLY SYNTHETIC TIRE
Proved on the Speedway
AT 100 MILES PER HOUR!

No need to wonder about synthetic tires standing up—not when you can buy Firestone DeLuxe Champions—the tires that were used on the famous speedway test supervised by officials of the American Automobile Association.

Imagine the punishment those tires took as Wilbur Shaw, the famous race driver, streaked over the 500-mile course to average 100.34 miles per hour . . . equal to 50,000 miles of ordinary driving. Not a skid or blowout occurred even when he stepped up to 135 miles on the straightaways!

Be sure to have Firestone DeLuxe Champions on your car. See the nearest Firestone Dealer.
