Canadian-Born Dutch Princess Now Home

Returning to Holland after nearly five years of exile, Crown Princess Juliana of Holland is shown holding up her daughter, Princess Margriet, to permit her father, Prince Bernhard, to take a picture. The little princess was setting foot on Dutch soil for the first time. She was born in Canada during her mother's exile. The plane that landed the royal party at Amsterdam is in background.

PRINCE RUPERT AND HINTERLAND IS EXTOLLED IN GOVERNMENT BOOKLET

Local Publicity Organization and British Columbia Travel Bureau to Co-operate—Official From Victoria Well Impressed

In connection with the forthcoming publication of a fine new and up-to-date booklet presenting the attractions of the whole central interior country and prominently featuring Prince Rupert as well as various other centres between here and Prince George, H. Currie, assistant commissioner of the British Columbia Travel Bureau, was in the city over the week-end.

Mr. Currie submitted a rough draft of the new booklet to members of the Prince Rupert Public Relations Council and to the Prince Rupert Daily News. He received complete approval and commendation as well as many suggestions regarding further up-to-date material and illustrations.

EXPLANATION BY PREMIER

Tells Why It Was Impossible to Arrange For Vote in Europe

VICTORIA, Sept. 17 (CP)—Premier John Hart of British Columbia says it was impossible to arrange for B.C. servicemen in Europe to vote in the October twenty-fifth provincial elections. He was replying to criticism in the Canadian People Leaf, the overseas servicemen's newspaper, that no provision has been made for soldiers on the continent to vote.

NOTICE Provincial Election

The Office of the Registrar of Voters, Room 13, Court House, Prince Rupert, will be open today, Monday, September 17th, 1945, until 12 Mid. night, for the purpose of receiving applications for registration of Provincial Voters. No applications will be received by me after this date. NORMAN A. WATT, Registrar of Voters, Prince Rupert Electoral District. September 17, 1945.

Great Military Gamble Succeeds

Occupation Force For Japan Greatly Reduced

American Troops to be Returned Home As Rapidly As Shipping Is Available—Propaganda Campaign For Japanese

TOKYO, Sept. 17 (CP)—History's greatest military gamble, the Americans landing in armed Japan, has paid off so handsomely that occupation forces probably will be cut to not more than 200,000 within six months, General Douglas MacArthur said today. As a result of successful penetration of conquered country, he said in a statement, troops will be returned home as rapidly as ships are made available.

Farewell To Good Friends

Alberta Premier Sees Parallel Between Edmonton and Prince Rupert. By ERNEST C. MANNING, Premier, Province of Alberta. EDMONTON, Sept. 17—It is indeed a pleasure, on behalf of the people of Alberta, to join with others in extending to members of the United States Armed Services an expression of goodwill and friendship. We have enjoyed having these splendid men among us. We have admired them for their gentlemanly conduct and discipline as well as for their splendid achievements. We have numbered many of them among our most congenial friends.

EXTEND POST OFFICE SPACE

The downtown post office is in process of gaining extended floor space today as a result of the removal of the tile partition which formed two offices in the east end of the building formerly occupied by headquarters offices of Prince Rupert defences. Co-incident with the "back-stage" changes will be alterations which will allow more wicket space at the west end of the building. The space now occupied by the office of Postmaster J. R. Morison will be screened off to allow two extra wickets which will be used mainly during rush periods.

RUSSIANS GAVE BAD TREATMENT

R.C.A.F. Gunner Complains of How Reds Handled Him. TORONTO, Sept. 17 (CP)—An R.C.A.F. air gunner who spent three and a half years as a German prisoner of war, Pilot Bob Bestel, says he was kept under armed guard following his liberation by the Russians and that he was fired upon when he made a break to reach American forces. Bestel is receiving treatment in a Toronto hospital for arthritis resulting from a 200 mile winter march while in German hands. He says that Russians who freed him from the Germans gave him less to eat than had the Germans.

Provincial Election VOTERS' LISTS

IS YOUR NAME on the Provincial Voters' List? It is your duty to register. Take no chances. Do not depend on anyone else. You cannot vote unless registered on the PROVINCIAL list. Being on the Civic, Municipal or Federal lists positively does not put you on the Provincial list.

THE LIST CLOSES on the 17th day of September, 1945, after which date positively no applications will be received by me.

- Qualifications for Registration: 1. British subject by birth or naturalization. 2. Twenty-one years of age. 3. Residence six months in Province of British Columbia; one month in Electoral District. NORMAN A. WATT, Registrar of Voters, Prince Rupert Electoral District.

FORMER CABINET MINISTER DIES

Hon. Norman McLarty Succumbs to Heart Attack

OTTAWA, Sept. 17—Hon. Norman McLarty, former federal cabinet minister, died suddenly yesterday of a heart attack. He was 56 years of age.

Mr. McLarty, who had served as minister of labor, postmaster general and secretary of state, resigned from the Mackenzie King government last fall. He was Member of Parliament for Essex West.

Only Saturday he had attended the wedding of his daughter. The funeral will take place in Toronto.

BRIG. WYMAN IS INDUSTRIAL AGENT OF C.N.R.

VANCOUVER, Sept. 17—Brigadier Robert A. Wyman, C.B.E., D.S.O., E.D., who commanded the Second Canadian Armoured Brigade in the recapture of France and retained that command until badly wounded, has been appointed Industrial Agent of the Canadian National Railways for British Columbia, according to an announcement made today by W. T. Moodie, general superintendent of the B.C. district. Brigadier Wyman will make his headquarters in Vancouver and it is expected he will arrive here by the end of September to take up his new duties.

The establishment of an industrial office in Vancouver is a recognition by the company of the growing industrial activity and expansion British Columbia will participate in following return from war to normal business conditions, stated Mr. Moodie.

Brigadier Wyman has had a lengthy service with the Canadian National as he started in Edmonton as a call boy in June, 1918, at the age of 14. He worked at this job for a few years and looking over his record it is interesting to note that three times during the first three years of service he "resigned to return to school."

He returned permanently to the company and for two years was a checker. In 1924 he became a clerk in the office of the superintendent of transportation and in 1928 he was appointed timekeeper. On November 7, 1939, he took leave of absence to take up active service duties with the Royal Canadian Artillery and remained in service until August of this year.

REINSTATEMENT IS OBLIGATORY

OTTAWA, Sept. 17 (CP)—The Department of Labor is running a large advertisement in daily newspapers across Canada, reminding employers of the reinstatement in Civil Employment Act under which they are obliged to reinstate discharged service personnel in pre-war jobs. It says veterans and employers are co-operating most effectively to carry out the intent of this legislation.

WINDSOR STRIKE BECOMING TENSE

WINDSOR, Ont., Sept. 17 (CP)—Tension continues to mount at Windsor, Ontario, where 10,000 workers of the Ford Motor Company of Canada are on strike. Company executives and office employees were barred yesterday from the Ford property by pickets for the second day in succession. The mayor of Windsor has warned the provincial police against interfering, saying the city police have the situation in hand.

Deceased gave as his next-of-kin Miss Mary Jones, daughter, 199 Seventeenth Avenue East, Vancouver.

JUROR LACK HOLDS COURT

Search for a panel of jurors for the fall sitting of Assize court which began here today weighed heavily on the shoulders of Sheriff M. M. Stephens. Wartime unsettlement and occupational urgency complicated the job no end. There was another grim factor, too. Having prepared a list of 79 names from residents of the county, Sheriff Stephens sent out his call for jurors. Fifty-two indicated their inability to be present for jury duty.

Big Storm Blows Out

Sixty Million Dollars Damage Done By Hurricane Over Florida and Carolines

MIAMI, Florida, Sept. 17 (CP)—The tropical hurricane which has lashed southern Florida apparently is wearing itself out in the Carolines today. The weather Bureau in Miami reports that early this morning the winds had dropped to gale force—sixty to seventy miles an hour. Yesterday, the winds had reached a peak of 143 miles an hour. Two persons are known killed, 65 injured with \$60,000,000 damage and 1000 left homeless. Six-and-a-half inches of rain fell in Charleston this morning.

During the height of the storm, a raging fire swept through the huge Richmond, Florida, United States Naval blimp base, thirty miles south of Miami. Fifty persons were injured in the fire which was touched off by an explosion. Three hangars were destroyed along with 336 planes and twenty-five Navy blimps.

DELEGATION IN 'PEG TOMORROW

Will Meet Railway Vice-President to Discuss Ship-Building and Shipping

Prince Rupert's delegation on post-war employment, port development, shipbuilding and municipal rehabilitation will arrive in Winnipeg tonight and tomorrow will meet W. R. Devensh, vice-president of the Canadian National Railways in charge of the western region. While the delegation's primary object in meeting with Mr. Devensh is to urge the building of new coastal passenger liners at the company's local dry dock, the railway vice-president's views on encouragement of ocean shipping out of here through amendment of the international load line, aids to navigation, improved marine insurance rates and other matters will be sought.

Tomorrow night the delegation consisting of Mayor H. M. Daggett, W. M. Watts and James Nicoll will resume its journey eastward, being due in Montreal Thursday morning and Ottawa next Monday.

**Southeast Asia's Future . . .**

With the surrender of Japan, the tasks that lie ahead of the Southeast Asia Command in the huge area in which it must operate are legion and heavy. The problems are very much greater in some ways than the problems which the Allies had to face in occupied Europe, mainly because longer distances are involved and practically everything must go by sea. Instead Southeast Asia there are several hundred thousand Japanese scattered over thousands of miles, all of whom have got to be disarmed and shipped back to Japan. At the same time there are tens of thousands of Allied prisoners of war and civilian internees who have all to be got out and repatriated as soon as possible. The Japanese over-ran thousands of square miles of country, some of it British and some belonging to other nations. All must be recovered and taken over by some administration — military at first, civil later — to ensure that

famine and disease do not break out and also ensure that public services get started again. It is not just a case of entering such territories as Malaya or Sumatra; they must be occupied and re-organized until they are a going concern and civil government can take over.

**Broader Coalition . . .**

The question of coalition not only in the provincial but in the federal field in Skeena is to be brought to a head at the provincial nominating convention for Skeena to be held at Hazelton tomorrow. Since the recent federal election, there is no doubt that the feeling has been gaining ground among many Liberals and Conservatives that, if the federal seat is to be regained from the Socialists at a later date, there will have to be a merger of the progressive elements of forces who are opposed to the socialistic form of government. The results not only in Skeena but throughout the country appear in the minds of many to have clearly developed this new political assumption. The Smithers Liberals and Conservatives, in taking to the Hazelton convention their proposal for coalition would appear to have a good deal of warranty and are but expressing the feeling that is in the minds of many members of the old line parties. Of course, there are still many diehards who still cannot see things that way.

**NEW PASTOR INSTALLED AT FIRST UNITED**

Induction of Rev. Reginald A. Wilson as pastor of First United Church took place at the evening service on Sunday with three ministers from outside points taking part before a congregation that filled the church. Following the induction service, congregation members had the opportunity to meet their new pastor and his wife informally at a fellowship gathering in the church hall.

The service was led by Rev. T. C. Colwell of Terrace, with Rev. W. P. Bunt, secretary of missions for British Columbia, and Rev. Peter Kelly of the mission boat Thomas Crosby sharing in the induction ceremony.

Rev. Mr. Bunt delivered the address to the congregation in which he emphasized the need for church members to actively support their pastor to continue the work and progress of the church. At no time in history has there been a greater need for the church to make its influence felt, and ministers alone, without the active help of their congregations, cannot carry the church in its important task, Rev. Mr. Bunt declared.

"The greatness of a minister is largely determined by the support and loyalty of his congregation," he asserted.

Delivering the address to the new minister, Rev. Peter Kelly pointed out the certainties of Christian faith and the examples of Christ's life which were the keystone of church leadership.

The actual induction was brief, with the congregation rising to indicate its acceptance of Rev. Mr. Wilson as its new pastor and Mr. Wilson affirming the required vows read by Rev. Mr. Colwell. It concluded with a prayer by Rev. Mr. Kelly.

**Reception Held After Service**  
At the fellowship meeting which followed the service, Mr. Wilson expressed the pleasure of himself and his wife at being called to take leadership of First United congregation here.

"In the time we have been here we have been made to feel more than welcome," said the new pastor, who was called to Prince Rupert from Vanderhoof.

An attractive part of the informal program was a piano solo by Miss Peggy Large and a vocal solo by Miss Ruth Payne. Mrs. Wilson was presented with a corsage by the ladies of the congregation. Chairman of the meeting was Ken Harding.

Rev. Mr. Bunt and Rev. Mr. Kelly will remain in the city to attend the conference of the Prince Rupert presbytery which will be held on Wednesday and Thursday.

**Nominated In Skeena**

Floyd Frank of Terrace Is C.C.F. Candidate

HAZELTON, Sept. 17—At the C.C.F. nominating convention held here on Friday evening, Floyd Frank, 41-year old Terrace dairyman, was unanimously chosen C.C.F. candidate for Skeena in the forthcoming provincial election. He is, therefore, the opponent for Hon. E. T. Kenney.

Mr. Frank was born at Port Essington and spent practically all his life in Terrace, his family having moved there in 1908. His father, Harry Frank, one of the first white men along the river, came up the Skeena in 1896 and wintered at Little Canyon, just above Terrace.

Floyd and his brother, Ivan, manage a dairy farm which they have developed into one of the finest farms in the Terrace district. A few years back Lloyd took a short course in agriculture at the University of B.C. and has successfully applied many of the more up-to-

date methods learned there in improving and administering the farm. He is very interested in co-operatives and has taken an active part in furthering the co-operative movement around Terrace. For the past 15 years he has been either president or secretary of the Farmers' Institute, one of the oldest organizations in the district, having been formed in 1911.

The Terrace party which attended the convention here consisted of Mr. and Mrs. Floyd Frank, Mrs. Harold Smith, Mrs. Jack Harris, Mrs. Anna Benoit, W. A. Kirkpatrick. They motored to Hazelton and, with the exception of a few short sections, found the highway in splendid condition. The Hazelton people they found very hospitable.

The meeting, which was held in the fine Horticultural Hall in Hazelton, was presided over by Mr. Patter. A. W. Kirkpatrick was chairman of the delegates' convention and Mr. Love acting secretary. Over 30 people were present and the following were some of the delegates: Mrs. Harold Smith and W. A. Kirkpatrick Terrace; Mrs. Anna Benoit, Lakelse Valley; Ben Muller and Neal MacDonald, Smithers; Wil-

fred Love and Mr. H. H. Hazelton. After Floyd Frank had been chosen as candidate, the business received attention. Briggs of Smithers was appointed campaign manager. Among other things a discussion of financing took place. Expenses being met through donations, the rank and file of the party and by collections taken at meetings.

Following the meeting, the C.F. club at Hazelton entertained the visiting delegates with a very enjoyable party. The music was especially fine. Early Saturday morning Terrace party started back. Mr. Frank will adhere to C.C.F. platform. He is starting his campaign early. Next Tuesday, Mr. Buchanan, M.P. for Saskatchewan, is holding a meeting in his behalf at Oddfellows' Hall at Terrace. A number of visiting speakers to be brought in from various points.

**POISON?**  
Editor, Daily News:  
May I through your newspaper register a protest against the over-dosing of chlorination we are being subjected to. And may I enquire if in the indelectible concoction being supplied as drinking water, in anticipation of a cessation of the outrage imposed upon us, increasing quantities of the poison are being mixed into it in an attempt to use it all up in order to avoid removal of any?  
If such is the case, I would suggest that instead it be distributed amongst the laundries, dry-cleaners and sewage departments where it more properly belongs rather than be used to slowly rot our intestines and vitals as quite sufficient bad whiskey is available for that purpose.

**A. BROOKSBANK**  
**QUESTION OF LEADERSHIP**  
Editor, Daily News:  
No doubt now that the results of the federal election are known there are many who feel that, instead of the hope of a new world after the war, all we have to look forward to is four or five more years of the same unless something is done about it, and I propose to try. I suggest that Mr. King hold a plebiscite to see if the Canadian people as a whole really want him for government leader. There has been no national Liberal convention since 1932 to enable the party to decide whether to retain him as leader or choose another. Also there were more people in Canada who voted against the Liberal party than for it. Each member of Parliament belongs particularly to the riding which elects him but the Prime Minister belongs to the whole country and we should all have a voice as to who shall lead our government, particularly the soldiers who were denied a vote in the by-election which returned him.  
If Mr. King won the plebiscite he would have the satisfaction of knowing that the people of Canada wanted him for leader not a specially selected section of it. If he lost and actually believed in democracy he would step aside and let his party choose another leader.  
The British had the courage to turn out a government they did not want, even although it meant disappointing the man for whom they had the greatest respect and admiration. Why should the Canadians lack that kind of courage?

Prince Rupert Problems Dealt With in Vancouver — Icing and Salting of Fish May Be Eliminated

Though the Pacific Fisheries Experimental station was moved to Vancouver early in the war the navy crowded it off the local waterfront taking over of its buildings, much of the work of the station still has to do with problems of the fisheries on that portion of the coast

contiguous to Prince Rupert. This was disclosed by the station, Dr. Neal on a recent visit to Prince

of the most interesting of investigatory projects and which Otto C. Young, research engineer of the station, has made definite progress to do with a new type of refrigerating unit which operates on the principle of car

ve. Adoption of the unit will have the drastic effect of eliminating the need for icing or salting of fish for shipment and would reduce the handling of fresh fish in the eastern markets by an emergency auxiliary generator for use in case of power failure. It will be ready for use in a few months, under Mr.

A new program designed to

determine the relative nutritive value of the proteins of certain British Columbia coast fish has been the task of Dr. J. M. R. Beverage who a year ago replaced Dr. B. E. Bailey as biochemist of the station. The flesh of spring salmon, halibut, flounder and ling cod was found to be of about equal value in proteins. There were also experiments with beef, milk and egg albumen for protein value and it was found that fish was slightly better than meat and considerably better than eggs and milk. However, experiments for vitamin B content of flesh of the four fish and pork reacted definitely in favor of the pork. These protein experiments were carried out with the use of rats and mice.

The Pacific Fisheries Experimental Station has been collaborating with the British Columbia Council for Industrial and Scientific Research in surveying the sea weeds of the coast and, as a result, there have been found considerable quantities of a certain species of seaweed from which can be produced agar, a thickening material which is widely used and which was formerly imported from Japan. This opens up the possibility of a new industry of sizeable proportions on this coast. This district is also to be surveyed.

New problems in connection with kelp have also been under investigation. War has shown that such things as jute and camouflage nets can be made from kelp which also yields

alginate acid, raw material for a number of useful products.

Personnel matters may prove of interest to many friends of the station staff.

Dr. Carter, of course, continues as director.

Dr. H. N. Brocklesby, who was associate director here, is now in New York in charge of the eastern research branch for the Borden Co. Miss Norma Rogers is also there as a laboratory technician.

Dr. B. E. Bailey is now in charge of research for the Canadian Fishing Co. at Vancouver. Otto C. Young continues as chief research engineer for the station, having a new assistant in the person of W. Lantz in addition to E. R. Sidaway who was a research engineer here and moved south with the station. Paul Frost is another research engineer who joined the staff.

Dr. H. L. A. Tarr continues as bacteriologist since the station left here. Dr. Lyle A. Swain is one of the biochemists still. Miss Betty Morton is the first woman member of the scientific staff of the station but she will soon be leaving to be married.

George Baker, now discharged from the Royal Canadian Air Force after a tour of operations, is back as senior technician of the station. Other technicians are Mrs. Fern Kwong, a Chinese-girl graduate of the University of British Columbia, Miss Lucille Gardner and Miss Phyllis Boyce.

Prince Rupert People Among Those Who Made Ascent

TERRACE, Sept. 17—Near the top of Thornhill Mountain the B.C. Forestry Service has a cabin called the "Lookout" which can be reached by a trail beginning near the base of the mountain at a point about 6 miles from Terrace along the Lakelse Road.

During the months of July and August a man is posted there to keep a sharp look-out for fires. Pat McNeil of Smithers was the watchman this summer.

The mountain is 4870 feet high, but it is about 8 miles by trail to the cabin and it takes 3 hours of steady climbing to reach it. However, the scenery near the mountain top and the magnificent view from this vantage point make the climb well worth the effort.

Through the courtesy of S. G. Cooper, forest ranger, the names of a number who made the climb this summer have been obtained and they include the following:

Mrs. Phyllis (Hill-Tout) Cloke, married here recently, remains on the office staff.

## Game Warden and Black Bear Meet

BURNS LAKE, Sept. 17—When Dave Roumie, Burns Lake district game warden, was driving his car from Francois Lake to Ootsa Lake he met a large black bear coming along the highway to meet him. He swerved to try and miss the bear but side-swiped him and the bear made off to the woods.

"Some day we'll own a General Motors car"

**THAT WILL BE THE DAY!** The day when cumbersome bundle-carrying will be a thing of the past. The day when all the inconvenience and discomfort occasioned by transportation shortages will be just something to remember—and laugh about.

The day when every ounce of General Motors' energy, skill, and long experience, directed toward your peace-time well-being, will bring you the opportunity to own that General Motors car of your dreams.

Such a car it will be! Newer, smarter, more distinctive, and as always, thrifty, powerful, and dependable in the General Motors tradition... a car easy to handle, easy to drive, built for convenient, carefree living.

**Smithers Liberals and  
Conservatives Advocate  
Merger in Federal Field**

SMITHERS, Sept. 17 — Coalitionists of Skeena provincial riding, at their convention at Hazelton tomorrow, in addition to nominating their candidate for the forthcoming provincial election, will hear a proposal from Smithers delegates that Liberals and Conservatives of Skeena federal riding, which includes Prince Rupert city, get together with a minimum of delay with the ultimate object of winning back the constituency from the C.C.F. at the next federal election. "If it is going to be a fight in the future between free enterprise and socialism, then the people of the country had better realize that their personal freedom is virtually at stake and make ready to fight it out with socialism," said a spokesman at a well-attended and enthusiastic meeting held here last Friday night for the purpose of organizing

a committee to take charge of the campaign for the coalition candidate in this district at the forthcoming provincial election. There is no doubt but that Hon. E. T. Kenney, minister of lands, will be renominated at the Hazelton convention tomorrow.

A number of ideas were put forward by those in attendance and it was decided to form a permanent coalition organization. This was immediately proceeded with and officers were elected as follows:

President, W. J. O'Neill.  
Vice-President, E. Hann.  
Secretary, Ken Warner.  
Treasurer, Len Evans.

Executive Committee—Dr. L. M. Greene, L. H. Kenney, Peter Eby, Charles Morris and Joseph Watson.

A membership committee was appointed by the chair to canvass for membership in the organization.

Delegates were elected to go to the nominating convention at Hazelton. The following were elected as delegates and alternates: Dr. Green, W. J. O'Neill, L. H. Kenney, Len Evans, Olof Hanson, Charles Morris, Mrs. W. J. O'Neill, W. T. Mark, Reg. Colison, Frank Foster, Mrs. Olof Hanson, Ken Warner and W. Grant.

The delegates were instructed to bring up the matter of organizing a permanent coalition

**NEW POWER  
AT TERRACE**

**Start Being Made on Rural  
Electrification of District**

TERRACE, Sept. 17 — G. A. Vandervoort, engineer with the B.C. Power Commission, has been in Terrace during the past week in connection with the installation of the new power plant for Terrace and district. Due in part to his efforts, the people whose electricity was cut off by the burning of Gordon Kerr's plant a month ago, will once more have electric lights. Under his supervision, a temporary plant is being erected and is in charge of Mr. Kerr. Two diesel units are being installed.

The Power Commission is to build a much larger permanent

committee for the whole district and to go into the matter with the Liberal and Conservative organizations at Prince Rupert and other places with a view to having such an organization for the federal district of Skeena.

The feeling was expressed that lack of active interest on the part of Liberals and Conservatives and splitting the vote between the two parties was the cause of the loss of this seat in the recent Dominion election and that, with proper organization and co-operation, there would be no difficulty in regaining the seat.

power house and will extend distribution completely over the Terrace area. Electricity will thus be made available to about 325 homes and establishments. Work on the permanent installations is not scheduled to begin until next spring. A few skilled workers are to be brought in from the outside but as many local people as possible will be employed. Wherever possible, local material is to be used.

The Power Commission has been formed along lines similar to those in other provinces of Canada. The purpose is to provide power cheaply and economically and thus enable people in rural districts to raise their standard of living so that it will compare more favorably with that of city dwellers. Within a few years there is a possibility that a provincial commission will be set up to see that all people in rural areas are provided with running water.

**DOCTOR ALAIR LIPS REVISITS HOME;  
ARMY HUTS ARE BEING DEMOLISHED**

On Friday night Doctor Alair Lips, who has been spending a holiday with his family, left for Ottawa to resume work at the National Research Council where he has been employed for the last two years on wartime food investigations. Alair is a local boy who received his elementary and secondary schooling

here, his B.A. and M.A. from the University of British Columbia and his Ph. D. from McGill University. This holiday has been his first since 1943 and he spent it enjoying the good B.C. fresh air and sunshine on his parent's farm and in the surrounding country. He has expressed keen satisfaction in being able to see all the interesting changes that have been made in the past few years.

Mr. and Mrs. Wilfred Gardner and Mr. and Mrs. Louise Wide of Prince Rupert were in Terrace for a few days' holiday during the week.

Bruce Stevens of Prince Rupert and Len Griffiths of Shames motored through Terrace Thursday enroute to Prince George.

Charles Rimmer of the War-time Prices and Trades Board has been spending a few days in Terrace.

Joe Schultz, who recently received his discharge from the Air Force, has joined the staff of Michiel and Johnstone's Hardware Store.

Sergeant-Major Bob Brett of Prince Rupert spent a few days in Terrace at the beginning of the week. He reports that he enjoyed the fishing, invigorating climate and charming scenery.

Art Shaw and George Turner left for Hazelton by car on Saturday evening.

Miss Dorothy Hill rejoined her brother at Terrace on Friday evening.

R. W. Martin of Prince Rupert was a guest of C. Adam during the week.

George McAdams of the Skeena Mercantile has purchased the building adjoining his store. The building was the Royal Lunch, owned and operated by Mrs. Pearson. Mr. McAdams plans to convert the top part of his present store into a style shop which will feature clothing of all kinds. Later, he will expand his business into the newly-purchased property.

Percy Foster left on Saturday night's train for Prince Rupert.

Induced, no doubt, by a taste for juicy apples, bears have become very daring of late weeks. They have been entering and helping themselves to the products of local orchards.

On Thursday evening, Miss Amy G. Little, whose marriage to George Beste of McDowell, Alta., is to take place this month, was honored with a shower given for her at the home of Mrs. G. Glass by Mrs. Glass, Mrs. Smith and Mrs. F. Gibbs. The room was tastefully decorated with gladioli and pink and white streamers and the bride-to-be received many attractive gifts. Delicious refreshments were served during the evening. Those present included Mrs. G. Dover, Mrs. Maxsted, Mrs. Pohle, Mrs. E. Brooks, Mrs. A. Brooks, Mrs. Casey, Mrs. I. Clarkson, Mrs. Jackson, Mrs. W. Little, Mrs. Oliver and the Misses Elsie and Grace Molitor, Celia Neuhauser, Dorothy Cole, Mary and Phyllis Little, June Warner, Noreen Oliver.

Miss Simpkins of Vancouver is spending a few days in Terrace as the guest of Mrs. Ivan Frank. For some time her brother, Alex, was stationed here and she reports that he is now in Holland.

**He weighed Atoms**

Born to a Quaker family in a little thatched cottage in England in 1766, John Dalton acquired enough education at twelve years of age to start a school of his own. He began to take regular weather readings and was noted for his ability to predict the weather. He studied flowers and insects, optics and color-blindness, and finally decided to make chemistry his life work. He noted the constant proportions in which different elements combine with one another, and finally established the atomic theory in chemistry.

JUST as Dalton's research paved the way for the development of many new and improved materials and products, so research carried out by the Canadian Nickel industry has played its part in developing better materials and products.

Sixty years ago there were practically no uses for Nickel except for Nickel plating, for coinage and for Nickel silver. Today Nickel is required in nearly every industry for making top quality products or for keeping production costs down. The re-

search that has helped to bring this about will be continued in the years to come.

The information collected from the field of metal research by International Nickel scientists is available to Canadian engineers, designers and metallurgists seeking better materials for any product or process.

Research reveals new uses for Nickel. Increased use of Nickel from Canadian mines and plants means employment for Canadians and brings many benefits to Canada.

## SIBERIAN LUMBER TO AID AUSTRALIA

CANBERRA, Sept. 17 (AP)—Australian hopes to eke out its local timber supplies and what it can import from British Columbia by bringing 100,000,000 feet of lumber from East Siberia in 1946. The Australian cabinet will ask the Soviet to do a deal for this.

Before the Pacific War some shipments of Siberian lumber reached Australia. It included

both soft woods (pine) and hardwood, known in the trade as Manchurian oak, from the lower valley of the Amur River.

This Siberian lumber will not go far toward Australia's needs which are expected to reach a minimum of 1,200,000,000 feet a year for a long time after the war. It is expected that there will be some heavy shipments from Canada's Pacific coast.

The timber resources of New Guinea will also be used. New Britain has hardwood (eucalyptus) forests.

## Aged Couple Learn Son Safe In East

LONDON, Sept. 17 (AP)—Charles Heather, 72, of Ladbroke Grove, playing patience with his crippled wife, turned on the radio for the 9 o'clock news broadcast.

"Not much news tonight, mum," he said as he started to switch the radio off.

... and the first British prisoner to be released from a Japanese camp is Sgt. Charles Heather," the announcer was saying.

"That's our boy, mum," said Charles senior.

And now the basement flat is decorated to welcome a son the couple have not seen for ten

years. Sgt. Heather, a regular soldier, was captured at Hong Kong in December, 1941. Two years later the War Office reported he had drowned when the Japanese prison ship *Lisbon Maries* was sunk by Allied warships. Six months later a card from their son told Mr. and Mrs. Heather he was alive and well after spending a week on a raft and then being recaptured.

### Vet Hoopsters— LEGION TAKES LEAD IN HOOP ORGANIZATION

With the organizing of returned men into one and possibly two teams, the Canadian Legion is playing a leading part already in lining up of basketball talent for the forthcoming Senior League season in Prince Rupert. The Legion now has plenty of talent in sight for one team and may possibly be able to get a second organized. S. P. Woodsire is the moving spirit in the organizing of the veterans for hoop play and is lining up several of the former local men tossing stars who are returning from war.

The Y.M.C.A. gymnasium has been obtained Monday evenings for practices and ex-service men basketball players are being invited to turn out.

### LOCAL TEAM GOING NORTH

An invitation has been extended by Walter Becker of Ketchikan to Fortress softball team of Prince Rupert to play his all-star team at Ketchikan this week-end. It is expected that the teams will play a double-header on Saturday and possibly one on Sunday. Fortress, although losing the Prince Rupert championship to Port Edward, feels confident of bringing back a victory.

Fortress will be minus their regular pitcher, Rube Sher, who is leaving this week on discharge but will have Hank Burman, ace hurler from the Barrett Port.

It is expected that the Ketchikan All-Stars will visit Prince Rupert for a return series the following week-end.

### SHORT SPORT

David Cochrane, Irish international outside-right, who has been playing soccer in Northern Ireland during the war, has signed for Shamrock Rovers, of Dublin, and will not return to Leeds United, the club was informed. Leeds paid a high price for Cochrane when it obtained his transfer from Portadown, Northern Ireland, in 1937. It is unlikely they will receive anything from Shamrock Rovers.

George James Ross, 67, former Olympic gymnast, international tennis table player and rifle shot, died suddenly at Slough, Berkshire, from heart disease. He was a member of the all-English Table Tennis Association and captained several winning teams on the continent.

He represented England as a gymnast at the 1908 Olympic games in London and the 1912 games at Stockholm. In addition, he won several honors at Bisley with the City of London Special Constabulary team.

Willie Hall, former England and Tottenham Hotspur inside forward, has been named official coach of the Clapton Orient football team. Foot trouble caused his retirement in 1944. In his heyday Hall was valued at £10,000 (\$44,500). In an England-Ireland match at Manchester in 1938 he scored five goals, three of them within three minutes—the fastest feat in an international match.

Chelsea football club has signed John Harris, Wolverhampton and Scottish war-time international centre half. He is a son of the late Neil Harris, who managed Swansea and Newcastle and won a Scottish cap. John Harris started playing league soccer with Swansea, had a year's trial with Tottenham and later with Wolverhampton. He did not come before the football public's eye until Chelsea played him as a war-time guest. He leaves Wolverhampton at his own request.

### Badminton Is Started

Y.M.C.A. Season Off to Good Start

Last Friday night marked the commencement of the winter badminton season in the Y.M.C.A. gym and there was a good turnout of enthusiasts who batted the birds for three hours. The brand of badminton was above average.

Sid Woodside was in good form and so were Frank Watson of the "Y", Hank Hanson, United States Army, "Red" and Elsie Stewart, and many others.

The last-mentioned plays with the Service Wives' Club on Tuesday mornings and is pretty handy with a racquet.

The "Y" sports department is welcoming all service men and ex-service men and women to come to these Friday night badminton sessions and hopes, later on, to get a tournament under way.

Shoes, racquets and birds are obtained from Gordon Vickers and Marg. Dixon will give instruction to beginners on request.

Badminton is good fun and good exercise, so get your work-out the painless way.

### Doc. Weds Doc. In Medical Marriage

NOTTINGHAM, Eng., Sept. 17 (AP)—An all-doctor wedding was held recently at a church here.

The bride was Dr. Mary Burke, assistant county medical officer, and the bridegroom Dr. Maurice D. Hickey, assistant thoracic surgeon at Nottingham city hospital. Both are from Cork, Eire.

Dr. T. Kelleher of Nottingham gave the bride away and Dr. P. Rhodes was the best man. Dr. Marie O'Callaghan was bridesmaid.
